OPINION ON WHEAT MARKETING

With attention fo... of the drastic wheat marketing conditions of the day, [illegible] being put rushed on many levels, no reprodance knowhits at ... ation by a farming lady, Mrs. A. L. O'Farrell of the Regina Leader Post.

Please may I speak?

I am a farmer's wife. I am also a farmer in my own right. I am experienced in marketing all kinds of farm produce under all kinds of conditions. I have spent many years in the study of farm marketing problems. For time to time I have been granted special privileges to aid me in that study, and farm people have always given me any information they could.

What I am about to say is based on experience, study and information obtained from farm records and farm people. I take full responsibility for every word of it because I am able to substantiate my statements.

The present situation as regards grain marketing should be of deep concern to all Canada. To me, the most amazing factor is the fear that attention is generating, particularly the fear of speaking baldly about it if one does not subscribe to the theory of board marketing. Fear of divulging true facts. Fear of damaging political parties. Fear of being ridiculed. And the fears of the press.

I have observed that almost all the talking and writing about grain marketing are being done by other than practical farmers. As one farmer has remarked, "We get plenty from government officials and politicians, and from farm leaders and directors. We get a great deal from press and radio. But apparently the average farmer is too insignificant.

I think the average farmer's opinion might be important and even helpful. I wish, therefore, to analyze statements made by various public figures in the light of the average farmer's opinion.

Now, 50 people, dedicated to the proposition of exploiting farmers in the cause of orderly marketing, held a conference about it in Saskatoon lately. Strange things were said and resolutions were passed. But whatever is done as a result of that conference, the farmers will foot the bill. Either we will borrow ourselves rich at interest, or we'll be given an advance on initial payment — at some more interest. And we'll pay for some more storage space.

Unfortunately the Saskatoon conference seemed very short of practical farmers. But there were many spokesmen. There was no indication that these "representatives" of the farmers had done any sampling of opinion back on the farms. Chief of these spokesmen was Mr. Wesson, head of the Saskatchewan Wheat Pool. Some of his statements require attention.

He claimed that in 1920 to 1943, before the Wheat Board, farmers received an average price of 96 cents a bushel for wheat. But during the years since, under Board operation the average has been $1.68.

During that period the farmers received, not 96 cents but 68.3 cents on an average for wheat with 30 cents as an average at Saskatchewan farms.

Further, Mr Wesson should know that a bushel of grain now buys far less than it did in the 1920-43 period.

He should remember, too, that production costs have been increased by storage problems. Formerly a farmer could harvest his grain and sell any quantity of it. Now he is put to the additional expense of providing storage, not to mention the cost of extra handling.

For Mr. Wesson to say that storage and interest costs of approximately six and a half cents per bushel were almost taken care of in previous years by the carrying charges collected from exporters, is very misleading. For that was true only when the world price was above the ceiling price under I.W.A. The world price has been lower for some time.

Incidently, it is Mr. Wesson who contends there is less grain on the farms than estimated by the Bureau of statistics. It is a habit of the wishful thinkers to make out we have less on the farms than we really do. All last winter they were contending that our bins were empty. Some were. But the prairie is a big country and you can't make estimations on the local level only, as was found when we came to deliver the eight bushel quota. Proof lay in the long queues at all elevators.

Yet nothing came out of the Saskatoon conference to indicate that any of the participants have any new ideas on marketing to rub together. So they unanimously voiced confidence in the principle of orderly marketing by the wheat board. As usual, they framed a resolution for more trade delegations to go abroad. Being the "revolutionary" people in Canada, they always hopefully pass a resolution to send a delegation somewhere.

In the words of the U.S. Under Secretary of Agriculture, Lattensby needs to admit failure, in the event that it has not successfully [illegible] protection from the [illegible]

Red In St. Brides' R.C. Church

Of interest to the St Bride's district was the wedding, on Nov. 10th, of Miss Rosaline Quinn to Mr. Laurence Sutherland of Edmonton. The bride is the daughter of Mr and Mrs. Hugh Quinn of St Brides, the groom, son of Mr and Mrs. Jack Sutherland, Fort McMurray.

Wedding took place in the St Bride's Church at 10:00 a.m.

Rev Father Young officiated.

The bride, given away by her father, wore a semi-formal of lace and net over taffeta and a short veil. She carried a bouquet of red and white roses.

The bride's maid-of-honour was Miss Judy Quinn, sister of the bride, wearing an aqua blue nylon over taffeta dress and Evelyn Thevenot, with matching blue dress of net over taffeta. Dorothy Mellon and Hugh Quinn were best men.

During the ceremonies Sister of St. Joseph played at the organ to accompany the High School Girls.

Wedding reception was held at the home of Mr and Mrs Hugh Quinn. A dinner was held in the evening at the Orange Hall.

The couple left for a honeymoon to Banff at Jasper and will reside in Edmonton upon their return.

Insurgent Bandits On Highways During October

Motor vehicle accidents have taken 187 lives in Alberta during the ten months ended October 31st., according to a summary of reports issued by the Alberta Safety Council. This is fourteen more than the number reported of last year.

During October alone, there were twenty-five fatalities, of which 23 were reported by the RCMP at rural points, while there was one in Edmonton and one in Calgary. The total for October 1954, was nineteen, made up of seventeen at rural centres and two in Calgary.

The summary reveals that while there has been an upward trend of fatalities and physical injuries, the number of motor vehicle accidents has decreased.

For the ten months, accidents numbered 13,854, compared to 14,712 in 1954, though there was an increase of 84 in October when 1,559 were reported, compared with 1,475 a year ago.

Last month, the RCMP reported 751 accidents in addition to those were fatal. In Edmonton 220 in Calgary 78 - Montreal 44 in Lethbridge, 21 in Medicine Hat and 24 in Jasper. In October 1954 there were 676 reported by the RCMP, 262 in Edmonton, 265 in Calgary 16 in Medicine Hat, 20 in Lethbridge, 11 in Jasper Place and 16 in other towns.

Since the beginning of the year 3,942 persons have been injured in motor vehicle accidents in Alberta. The number for the corresponding period of 1954 was 5,132.

Of the October total of 318 injured, Edmonton had 80, Calgary 41, Medicine Hat 5, Lethbridge 2, Jasper Place 1, other towns 8, while the RCMP reported 207 in rural districts.

The [illegible] of 274 for October, compared 148 at rural points with 73 in Edmonton, 46 in Calgary, 10 in Medicine Hat, four in Lethbridge and four in Jasper Place.

The report disclosed that for October alone there were nineteen in all, three categories, deaths, physical injuries and number of accidents.

The general account showing so far this year is expected to give fresh impetus to the campaign for an accident-free Safe Driving Day, December 1st.

Here's a job for the active men who uses his head, likes the feel of action and working in the open air.

Today's infantry soldier, recognized as the most important man in the Army, has the best — in training, weapons and care. His chances for specialized training and promotion are almost unlimited.

Infantry and the other special branches of the Army offer hundreds of good-paying, lifetime careers. To see where you fit, visit your nearest recruiting office. No obligation, of course.

Remember, in the Army you team up with men and leaders you can rely on — right down the line.

Serve Canada and Yourself in the Army

The Army requires men of suitable character and stability—able to pass special Army tests. To be eligible you must be 17 to 46 years of age, medical examination at 46. When applying bring birth certificate or other proof of age.

BOYS TEAM ELIMINATED, SO GIRLS CARRY ON SCHOOL SPIRIT

When the boys' rugby football team of the New Toronto high school was eliminated in the school league, the girls decided they would do something about it. They borrowed the boys' uniforms, made up two teams, then charged admission, with the proceeds going to the Junior Red Cross and B.Y. Everything went just fine and, contrary to rumor, they did not wear their noses in the bonfire. The boys borrowed shirts and played an exhibition game. Left to right: Fran Heard, Barbara Bailey and Peggy Davis.

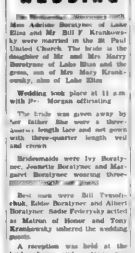
Health Thru Chiropractic
St. Paul
Dr. M. E. W. TENOVE
Head Health Is The
Bone people are constantly looking back over the years, thinking and talking about what might have been. They have little foresight or they enlarge upon their knowledge.
This is the wrong thing to do. Locomotive engines and automobiles have strong headlights because they go in that direction. Their south tail lights merely indicate that they have gone by. Just so it is with human beings. Looking into them.
You should conduct your life upon a similar principle. Look ahead! Visualize the future. Waste no time on hindsight. Let the things that have gone by fade from your Look Ahead!
People who are ill often appreciate their troubles by dwelling upon them. They talk about their operations, their sufferings and their worries. Instead of fear until these things become a reality.
About face! Forget the fears, pains and worries of the past. Look to the future with faith and confidence, truly expecting your share of good health.
If you continue to suffer, remain tired and depressed, have headaches & other troubles, there is a definite cause for it that should be located and adjusted.
Chiropractors point out that all the functions of the body are directed and controlled by the nerve system. For that reason the nerve trunks must be free from interference or else they cannot carry sensations to the brain, nor bring back the impulses of energy that drive the muscles in action, and set the glands to work doing the tasks assigned to them.
Chiropractors also remind you that all nerve trunks exit from the spinal cord through grooves between the vertebrae of the spinal column. When bills or other mishaps displace a vertebra, and it looks as an unnecessary fact, nerve channels are modified and the flow of life forces is restricted. The result is lowered resistance and bodily discomfort, with a depressed feeling that sometimes give you a clouded look on the future.
Regardless of that your present state of health may be, look ahead to better things. Learn to adopt a cheerful attitude. Have a Chiropractor adjust the spinal cause of your trouble, and good health will then be within your grasp

TO MAKE AERIAL MAP OF ANTARCTIC

Map of Antarctic they are studying will now be the on-the-spot director for Captain Jim Cornelius, Toronto, and Christopher Craven-Robinson, London, England. They are two pilots for Photographic Survey Corp., Toronto, which has been hired by the British government to survey Grahamland, a 80,000 square-mile dependency in the Antarctic. There are 19 men in the survey party, using two Canso flying boats chosen for their size and their low landing speed. They will be in the Antarctic from November until April.

WEDDING



Miss Adeline Boratynec of Lake Eliza and Mr Bill F. Krushowitz were married in the St Paul United Church. The bride is the daughter of Mr and Mrs Harry Boratynec of Lake Eliza and the groom, son of Mrs Mary Krushowitz, also of Lake Eliza.
Wedding took place at 11 a.m. with Dr. Morgan officiating.
The bride was given away by her father. She wore a three-quarter length lace and net gown with three-quarter length veil and crown.
Bridesmaids were Ivy Boratynec, Jeanette Boratynec and Margaret Boratynec wearing three-quarter length net gowns.
Best man were Bill Trushchuk, Eddie Boratynec and Albert Boratynec. Sadie Fedorysky acted as Matron of Honor and Tony Krushowitz ushered the wedding guests.
A reception was held at the bride's home and a dinner was held in the evening at the Lake Eliza Hall.
The couple will reside in Lac Bellevue

Canadian Legion Celebrates 25th Anniversary Of Its Foundation With Banquet and Social Evening

Memorial Hall Mortgage Burnt By Five Life Members Who Are Honored

Twenty-five years — a quarter century in which members of the St Paul Legion dedicated themselves to the memory and cause of their fallen comrades by organizing to promote the welfare of veterans and their dependents was commemorated Tuesday night at a banquet and social evening

Burning of the Memorial Hall mortgage by five life members — all veterans of the First World War — highlighted the history of the Legion and the program accomplished since its inception in 1930.

First President of the Branch, Mr J. A. Tasseron spoke of the united effort of the early members, of a membership committed on the battlefields of the world; how the Legion had grown out of a feeling of compassion to the memory of fallen heroes and the suffering need in those early days for assistance to war widows and orphans.

Mr Maslieux, president, traced the origin of the Legion, starting in 1920 when a few vets banded together in an Association called the "Great War Veterans." In 1930 it was changed to the Canadian Legion and presentation of an official charter marked the organization of the St. Paul Branch No 100

In 1946, after the Second World War, veterans flocked to the active duty boosted the membership of the branch to over 180 and the necessity for permanent quarters was felt. When Mr Jack Bouvier, a veteran of the first war, signified intention to build a new modern picture theatre, possibilities zine raising money to purchase the hall, part of which was being used by the Legion, was studied by Legionnaires.

A drive for funds was organized and through public subscriptions, loans from the bank and personal guarantees, the Branch came in possession of the hall

Through the years, by dedicated groups of the Legion enough money was raised to meet current expenses and payments of the debt with the ultimate result coinciding with the 25th anniversary celebration.

A special "Burning of the Mortgage Ceremony" was part of the program at the hall Amund Lord, Secretary of Ceremonies, called upon five life members — Tom Mitchell, Norman Slater, James Mury, J. A. Talbourdet, Ted Skirth and Bill Gardiner to reminisce on the more intimate side of the Legion before jointly tossing up the mortgage and burning it before a large attendance of happy Legionnaires.

Special mention was made on the part the Ladies' Auxiliary to the Legion played in supporting the men and raising funds which greatly helped to relieve the financial burden over the years.

On behalf of the auxiliary President Mrs. Henry Trottier expressed the pleasure of the auxiliary to have had the opportunity to lend a hand to the Legion and in a few words paid high tribute of the organization's early storted Zone Commander, Mrs. Bouvier also extended regret tributes to the Ladies.

Mr. Norman Hales, District Commander from region 3, representing the Provincial Command, offered congratulations to the St. Paul Branch on their anniversary and accomplishments over the past 25 years. He said that beneath its quiet crust, the St. Paul Legion, in co-operation with the Dominion and Provincial Commands has won to the ranks of many war veterans and their dependents and has faithfully upheld the traditions of the organization, founded by comrades who fell.

Mayor Jules Van Brabant congratulated the Legion on having this attained maturity in St. Paul and while doing so was also extolling its experience in community work in addition to its specific interest in veteran's affairs.

Rev. Fr. G. Tardif, Parish Priest and Rev. Wm. Morgan of the United Church were special guests at the banquet.

ED'S NOTE: Being a Legionnaire, we should get a Victoria Cross for writing this up the morning after the night before.

CANADIAN-AMERICAN WEDDING

Romance bloomed across the International border for Miss Paul Pocsenzki (Annie) The bride is the former Miss Anne Sidlauskas, daughter of Mr and Mrs. Alex Sidlauskas of St. Paul and the groom, Mr. Fred Rawenbolt of Bellmoore, Minn. USA. Is the son of Mr. and Mrs. William Rawenbolt of Bellmoore. They will take up residence in the States. (Story on inside page).

Jaycee Vice-Pres. Visits Local Unit Wednesday

Says St. Paul Third Largest In Region

Mr G D (Flip) Pinsonlt, National Junior Chamber of Commerce Vice-President from Trail, B.C., on a goodwill tour of units in western Canada was guest of honor at a luncheon held at the rooming hotel in St Paul on Wednesday

He was met by President Ted Parish of the local unit and entertained at the banquet on the Donald dining room where members of the executive and past presidents of St. Paul Jaycees such in turn gave a chronological history of the birth of the local organization here and its achievements over the past seven years of inception in 1957.

Summarizing the history were Robert Drouin, Roland Beisert, L. H Drouin, Mike Pawlyk and Ted Pisarek.

After the supper and adjournment to the Jaycee Hall, Mr Pinsonlt brought greetings and objectives for the coming year, adding all levels of government in the promotion of Jaycee work throughout the nation with the common purpose of training young men for administration and upholding the traditions of democracy.

Mr. Pilipenlt remarked that the St. Paul unit is regarded amongst one of the most active by national, that it is the third largest club in Region 3 counsel consisting of Alberta.

He suggested that Jaycees unite should not limit themselves with service club work but devote their time to civic educational activities which may in turn link with objectives of the organizations.

Firemen Accept Jaycee Challenge

Burnt up at the insolent challenge flung at them by presumptuous Jaycee hot-heads, St. Paul Firemen are all hot and bothered, ready to turn on the full heat of the smoky power to have the pants off these insolent youths in a grudge hockey game scheduled at the arena for Sunday afternoon.

The management of the arena has informed us that a collection will be taken from the proceeds of which will be donated to the Junior Hockey players and the Minor Club.

In addition to the above entertainment, Paul Dion, Coach of the Harvard, is handing it out to all interested players who want to try out for the team to be on hand Sunday Afternoon. An exhibition game-practice of the hopefuls will be staged. It's a good chance for hockey fans to meet and get acquainted with St. Paul's new hockey material and start out early with the moral support.

Home And School Association Meets To Elect New Executive Council

Principal Asks For Good Public Relations Co-operation Between Teachers and Parents

A large representative crowd of St. Paul Parents and Teachers met Thursday night to elect a new executive for the Home and School Association and to discuss educational policies in the interests of students for the current academic term.

Mr. Steven Campeau was elected President of the Association to replace Dr L. G. Sabatin who served as the capacity the past year. Mr. Philipe Lefebvre was elected Vice President and Miss Colonel Dumais, Secretary-Treasurer. On the Board of Governors are: Mrs. Hector Pinnin, Mrs. Lucien Pinnin, Mrs. Gabriel Pruneau, Mr. Lucien Landry, Mr. C. Gingras, Mr. Albert Beveridge.

A vote of thanks was tendered the retiring executive and Mrs. Hector Brosseau, Secretary-Treas for a job well done.

Mr Sylvain Lefebvre, new principal of the school was present and in most personnally, parents of the children, to introduce officially the staff, and enlighten broadly on the policies of the school.

Mr Lefebvre said that the whole system of education is based on three ideals — honesty, truth and good. The good is found in moral teachings, highly important in our society; Intellectual pursuits for academic progress.

Development to compliment a healthy mind, and social relations. Personal feelings of parents and teachers should be sacrificed in favor of general good for the school.

Beauty of schoolmen can be found in arts and culture and the study of languages. Truth will manifest itself in recognition of spiritual values which are too often forgotten in this world

The principal said that good public relations are necessary between parents, school and teachers. Each section, by helping accept the problems of the school, will become concerned with the real issues and subsequently be more

Worthiness Approved, But Law Rules Against Council Has No Authority To Grant Secretary $1,000 Annuity

By-Law No. 214 passed by the Town of St. Paul on September 26th by which Secretary-Treasurer, Mr. L. P. Fraser gratuity on resignation from office after nineteen years of service was quashed by ruling of His Honor Judge J. H. Fraser

The By-Law was questioned in court recently upon application of 10 Ratepayers, Councillor, who claimed that the Town Council has no authority under the Town and Village Act to grant the annuity to an employee.

Mr W G Fuller acted for the applicant, Mr George Perry, and Mr Joseph Lamarche counsel for the Respondent, the Town of St. Paul.

• • •

We publish below, in part, the text and the reasons on which the Judge based his decision:

"The governing statute here is the Town and Village Act, 1952 Section 95-2) of this act is the only section under which the gratuity was given to Louis Philip Mannerey by the Town of St. Paul, respondent It reads as follows:

(2) Notwithstanding the provisions of subsection (1), the council, by by-law, may grant to an employee who has been in the service of the town or village for a definite term and who, while in such service, has become incapable through age or infirmity or otherwise physically disqualifying his duties, or has reached an age to be specified in the by-law, a sum not exceeding the total of his aggregate salary for the last two years of his service as a gratuity upon the termination of his service or his resignation, which gratuity in the discretion of the council may be in lieu of or in addition to any annuity that may be paid to him under the provisions of subsection (1)."

The grant to Mr Mannerey was

(continued on back page)

Bert Camire Is Elected Curling Club President

Hope To Recruit Thirty-five Rinks

Mr Bert Camire long-time curling enthusiast and supporter of the St Paul Club was chosen by the Curling executive to fill the important post of President for the coming year

The executive was named last week when it was agreed the chairman, Vice Presidents and Secretary would be named from within this zone.

Mr. J. A. Beauregard will be Vice-President and Ray Pelletier has taken over the duties of Secretary-Treasurer. Executive members are Ken Wolfenberger, Arthur Bellerose, Wilf Arsenault, Ted Genereux.

The meeting selected 35 ships to compete in the annual membership into the club. Ships will be responsible for recruiting their players and collecting dues from each in each case by January

A special drive is on motion this year to increase the membership in order to place luchtons at St. Paul's modern 2-sheet rink at the disposal of as many curlers as possible Fees are $13.50 for men and $7.00 for wives, but in the case where the husband has paid the man must pay the full fee Bonspiel girls are exempt from the full fee.

Membership fees, if not paid by the head of rinks may be turned in to either Bert Camire, Ken Wolfenbehmer or Ray Pelletier.

Seed Cleaning Plant Report

At a recent meeting of the St. Paul Municipal Seed Cleaning Association the members were informed on progress of the sale of shares to date which indicated that nearly enough shares had been sold. It already been said This leaves only $4,000 to be raised before final arrangements can be made to build the plant

The directors decided to make a canvass of all farmers within a radius of ten days so that financing arrangements will be completed as soon as possible. All directors are confident that the drive would be over the top before the first of December if all canvassers made a sincere effort to contact everyone in their district.

If this drive produces the desired results then will be the first Association in the Province which will have been formed, and completely financed within one year This speaks well for the enthusiasm of this district, all of whom recognize the dire need for such a plant in this district.

Canvassers are again reminded to make their returns to Mr. Arthur Bellerose at the Canadian Bank of Commerce as soon as completed and those farmers who purchased shares on the deferred payment plan should arrange with their bank manager for the payment of the deferred portion of the shares.

Piece française 27 novembre

salle paroissiale

A la demande de M. Eugène Trottier, secrétaire de l'ACFA, le 13 octobre dernier un groupe de personnes se réunissaient à la demeure de Monsieur le Maire et Madame Van Brabant dans le but de former un cercle dramatique.

Le conseil suivant fut élu: Monsieur Cassel, honorable Maire, président actif et directeur artistique; Mr. Eugène Trottier, président honoraire; Mr. Van Brabant vice président, et Madame J M Drouin secrétaire-trésorière

Il fut décidé soumettre annuelle de mettre à l'étude une pièce française devant être représentée le 27 novembre et le choix se fixa sur la sportissante comédie "Les dames aux chapeaux verts" type du roman de Germaine Kerouzet laquelle a été représentée avec grand succès sur la scène et sur l'écran

Quatre soirées demandées maintenant par le public et disponibles dans une petite ville de province, lorsque ces circonstances l'y obligent de recruter à sa bref leur une comédie Parisienne orpheline et numéro Elles redonnent une pure catastrophique de la première de cette jeune paroisse qu'elles auront méritées et remporter Leur rire et leurs trambleuses en effet mais pour leur bonheur

Après des années très amusantes la comédie se termine par une double mariage relie de la jeune paroisse et l'une des jeunes vieilles filles Tous sont assurés d'une soirée recréatives Les personnages sont bien choisis et le metteur leur assurer pour l'interprétation Monsieur et Madame O'Donnell, Adèle Van Brabant, Mesdemoiselles Carmen Dupuis, Lorraine LeVasseur, Noella Cronier et Louise Lambert, Messieurs Jules Van Brabant, Germain Daly, Laurent Richard, Raymond Bouchard et Paul Dumas

Football Fans On Way To Grey Cup Classic

The football fever always at a high temperature here, has intensified the following week by taking the cure and boosting pesetals to Vancouver for the Grey Cup classic These lucky people are Marcel Joly, Aimee Richard, Gabe McQuire, Miss Lovette Cauchi, Dr and Mrs Desmeules, Gerry Lamothe, Trent Mallaig Mr and Mrs Henry Magnus will lend support to the Eskimos.

Barrister, St. Paul
—1 Solicitor for the Administrator

HORNETS HOLD FIRST PRACTISE

First practise of the season drew fifteen players to the arena on Sunday Many new faces were noted on the line up

Assistant Coach Bill Shalen in the absence of the coach, Lorne Dion, who arrived Tuesday put the boys through their paces and started to condition and lumber up muscles in preparation of the tough competition other scheduled players will be having in the Eastern Alberta League.

Being prepared and ready for the worst from the other five entries in the league — Vegreville, Lloydminster, Vermilion, Viking and Wainwright — is the new motto of the club management and coach Every game counts when it comes to the finals and the boys are striving the stage to get in on the early games Drop practise on Sunday and close the days along at a preview practise of what is in store

Feeling out the ice were Chuck Kendel, Rene Rotschaud, Hector Auyeau, Sonny Fullerton, Garth Roberts, Walter Smith, Art Chartrand, Ed Zubkowski, Marshall Dubal, George Pundich, Leroy Kist, Clarence Richard, Dan Dubick, Terry Lukenchuk, Pete Nevin, Paul Wacko, Ervin Joly, George Wallace has signed on but will arrive next week.

Mr. Ordener Lemay has been named chairman of the executive committee men, responsible for the business end and also meets again.

Don't forget the sportsmen's dinner coming up next Wednesday, November 30th. Tickets will be in attendance This meeting, a communication from Phil Ivy, coach of the Edmonton Eskimos, guaranteed that one or two players will be in St Paul

Paul Trombley Reports On United Grain Growers Recent Convention

Paul Trombley, delegate to the United Grain Growers Convention at Winnipeg, returned recently with his report covering many from the meeting and decisions.

The 45th Annual Report of United Grain Growers Limited for the year ended July 31st, 1958, was presented to the delegates attending the annual meeting of the Company at Winnipeg on November 2nd, 1958, by Mr. J. E. Brownlee, Q.C. President and General Manager.

This report showed the Company made a satisfactory financial showing during the crop year 1958-58 The earnings for the year amounted to $3,385,020 after charging $675,000 for patronage dividends on grain delivered Net earnings were $738,521 as against the comparable figure of $784,576 for last year After deduction of $248,413 for 5 per cent dividend on Capital Stock, consolidated earned surplus at the close of the year amounted to $3,946,987 against $3,677,413 a year ago Working capital was increased to $4,839,439 from $4,062,301 Shareholders' equity stands at $8,815,305, somewhat more than twice the paid up capital stock of $4,004,220

The company operates the elevators in the Prairie Provinces, a terminal elevator at Port Arthur and a terminal at Vancouver which is leased from the National Harbours Board

The report dealt with a program still in progress, of enlarging and improving country elevator system During the last five years the value of Capital Assets has increased from $15,-949,338 to $25,970,751

ELEVATOR BUYER

The Company's principal purpose is the operation of an elevator system, comprising 462 country elevators in the Prairie Provinces and terminals at Port Arthur and Vancouver. As at July 31st, 1958, there were 114 elevators operated in Manitoba, 180 in Saskatchewan, 168 in Alberta and the Peace River Block in British Columbia

The average age of these elevators was supplemented by 670 annexes. Other buildings associated with the business include 1,-0.0 cattle sheds, 369 warehouses and 647 dwellings for agents

DIRECTORS REPORT

The Director's Report called attention to a developing trend in Canadian producers from the practice of submitting grain exports by the Government of the United States of America The practice amounting as it is to other countries has now become a among farmers in international markets. The report expressed the hope that these measures would recognize the dangers of export subsidies and that the International Wheat Conference at Geneva should deal with this matter in an effective manner

It was also hoped that every effort would be made during the current crop year to utilize terminal and elevator space in the best manner possible It was pointed out that the quota policy as administered by the Canadian Wheat Board in 1954-55 had resulted in considerable quantities of low grade grains being moved to terminals and this space as well as space at elevators was now occupied by grain that at present is not readily marketable

The delegates approved of the stand taken by the Directors of the Company in respect to box car distribution they agreed that ultimate control of car distribution should be left with the Canadian Wheat Board and that grain can be moved only when

CLERDON NEWS

The November meeting of the Women's Institute was held in the home of Mrs. T A. Bodnar as hostess The roll call was answered by each member bringing a friend Further discussion took place regarding the booth at the Jubilee Grand. The prize winners of the embroidery class which were exhibited at the constituency conference and judged by Miss Elsie Kobzak were as follows 1st prize, Mrs A J Shandro, 2nd prize, Mrs A A Erickson and 3rd prize Mrs A J Lukhan. The guest speaker of the evening was Mrs. A. A Erickson, convenor for United Nations who gave an interesting paper entitled "There Shall Be Peace"

Word was recently received at Glendon of the death of a former resident, Mr Edward Dmitz, who passed away in the Chelmsack hospital on Nov 9th Mr Duffy was one of the pioneers of the Glendon district and the present site of the hamlet was at one time part of his homestead For several years he was owner and manager of the hotel, which he afterwards sold to Wintrole Bros Mr Peter Bayuk moved from B.C For the past several years he has been living in Chilliwack where his funeral was held on November 16th His death removes one of the old timers of the district, and his passing will be learned with regret and a host of friends

COCKBURN NEWS

Miss Ruth Christenson was a home visitor recently

Saturday evening was the night of the chicken supper of the Goodridge local of the PTA. The supper was the usual Goodridge standard and was fairly well attended despite the wind and blowing snow. The dance in the evening was also well attended, over 200 were present with the results A group of young folk from Edmonton mastered out for the dance and to spend the week-end We noticed Ann and Teddy Smigielski in the group

Old timers of the district will be sorry to learn of the death of Mrs Winnifred Warren recently Mrs Warren moved from Goodridge about twenty years ago to make their home at Vanscoy Island There are three girls Helena and Wilmifred and one son, Charles, surviving The second son Norman was killed overseas

There will be an PTA meeting at Goodridge Hall Saturday evening, November 28th. The meeting is for the purpose of electing delegates to the convention

Cecil Griffith has gone to chief's Lake Mr. Mrs Griffith accompanied her son as far as Edmonton where she will stay for a week or more visiting relatives and friends

Word has been received in the district that Mr and Mrs Buford Palmer are the proud parents of a baby daughter We understand she will answer to Debbie Lynn

Mrs Douglas Cameron of Edmonton was her sister's guest at the dance She is visiting at her parent's home and Mr and Mrs Lundgren and the home of her sister, Mr and Mrs Kooper

Mr Daniel Ewanuk, one of our former teachers was a guest at the PTA supper and dance He is now at Grande Cowrie

WEDDING

A recent wedding of interest to the St. Paul district was that of Miss Anne Helena Holowka to Mr Fred Krawchuk of Glendon

The bride is the daughter of and Mrs Max Holowka and son groom, son of Mr and Mrs Abraham Krawchuk

Wedding took place in the Ruthenian Catholic Church, St. Paul on Saturday, November 8th Rev Wilmon Medwydyuk of Mundare officiated

For her wedding the bride wore a three-skirt net over taffeta dress with lace bodice ruffled at the top line Her bouffant veil with lily shaped sleeves was covered with net and she wore a pearl and net headpiece Her bouquet consisted of red and white roses with sweetheats on streamers Her only jewelry was a pearl necklace

The bride's mother wore a grey suit with black accessories and corsage of pink roses.

Bridesmaids were Miss Anne Krawchuk, sister of the groom, and Miss Thelma Ealli Maid of honor was Miss Nida Holowka They all wore full length gowns with flowered hat scarves to match Nida wore a blue gown, Anne a yellow gown and Thelma a blue gown Each carried a bouquet of flowers

Best man were Mr Harry Krawchuk, the groom's brother, Mr Glen Holowka, the bride's brother and Mr Harry Macharuk

Mr Alfred Forsythe sang to the accompaniment of Miss Josephine Antichowski on the piano.

Reception was held in the Parish Hall at 6 00 p m

The couple reside in Billwater, U.S.A. upon completing a honeymoon trip to the West Coast and California.

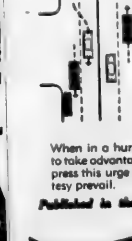
Safety Sam Says...



Watch how you pass other cars when in a hurry

How often have you seen a car suddenly try to pass on the right — squeezing through at an intersection, possibly forcing you to take evasive action to avoid being sideswiped.

It's trying on the nerves to say the least – it can cause a serious accident.

When in a hurry, there is always a strong temptation to take advantage of the other driver to make time. Suppress this urge and let your sense of fair play and courtesy prevail.

Game Branch Sponsors Friendship Campaign For Hunters & Hardsos

By REN MASON
EDMONTON — The big game season has opened in Alberta, and officials of the game branch are conducting a campaign of public relations aimed at building friendship between hunters and residents.

There's a good reason behind it, too. If hunters and game officers learn to become good friends and co-operate, conditions will be better for everyone. A hunter is mistaken if he thinks he has to smash almost like the top man on the McNEIP most-wanted list and regard the game officer as a mortal enemy.

The game officer's work is directed toward assuring that there is always an abundance of game in Alberta's plains and forests, for the sportsman of this and future generations. And if hunters co-operate, the game warden's job is that much easier.

The public relations program is being carried out mainly through big game checking stations throughout the province, where officials in charge exert a special effort to make a hit with hunters.

Sportsmen on their way out after game are issued a cordial invitation to stop in at the station for the latest information on areas where game is abundant, and on the condition of roads for getting there. In return, the hunters are asked to check on their way back and report what luck they had. It works both ways.

John Skelton, government game biologist, explains it this way: "If the hunter can become acquainted with our game management problems through meeting game officials at the checking stations, he will become more conservation minded. And whenever problems arise during hunting, he will go immediately to a game official instead of shying away as if the officer were a cop waiting to prosecute him."

Hunters can actually be of great assistance to game officers. They see many game and crown more area than the officers can, and the information they provide can help game officials in developing the province's wildlife resources to supply future sport.

There are problems in wildlife management which must be solved if the game animal population is to flourish. Contrary to the belief of many, wildlife doesn't thrive if left to its own resources and not destroyed by man.

It may seem hard to believe, but there are actually many game animals in Alberta now than there were before the white man took over this part of the country. The population has increased through good management, but the problem — an interesting and combat conditions which could cause a decline.

In some ways, game animals such as elk and deer are their own worst enemies. For example, when they are undisturbed, their population grows so large that the food supply is wiped out. As a result, the animals are forced to exist on food of poorer quality, which in turn lowers the general health of the animals.

A weakened condition makes the animals susceptible to disease, which kills many. Other weaker ones starve to death in the stiff competition for food with healthier members of the herd. Once the herd is thinned out this way, the supply of food again is re-established itself, but in the meantime undesirable regulation has developed on the range, so it will never be able to support the animal population it did before.

Through good management, the large number of animals lost to disease and starvation can just as easily be taken by hunters. Oil exploration roads are opening up vast new areas of the province and the government game branch wants to make available to hunters the many big game animals in these areas.

The solution, according to Mr. Skelton, is in range management. The food supply must be kept healthy and vigorous. Hunting pressure on the animals must be regulated so that the herds are culled continuously, in much the same way ranchers cull their herds of cattle to obtain maximum returns.

If everyone co-operates, Alberta can continue to be a paradise for big game hunters indefinitely. Wildlife management is a relatively new science which has had to fight for recognition, and in Alberta game branch officials are making big strides.

They receive support from sportsmen.

Incidentally, the current big game season is shaping up as one of the best in years, and according to all reports the season was closed on deer and moose for the last two years, and hunters are finding them in great numbers. From reports received at checking stations to date, Alberta may even produce a record trophy head before the season is over.

Following the fairly extensive outbreak of aphids during the past season, several observers in Western Canada have suggested that certain varieties of oats and barley appear to be less affected by this insect than others. Whether or not this has been a common experience, it is not known but entomologists agree that it is quite possible that aphids do show a preference for certain varieties, some of which may be more palatable to them than others. They point out too that the stage of maturity of the plant has a good deal to do with how vulnerable it may be at the time an outbreak occurs.

In the past, quite long intervals have occurred during which aphids did not appear and were not a problem; thus it has not been possible to follow their habits closely enough by season. However, should this insect show a tendency to occur more frequently, it is likely that a good deal more attention will be paid to a study of its feeding habits and preferences, if any; and it is conceivable that plant breeders might some day be forced to investigate the possibility of breeding for resistance to this insect.

A good deal of work has already been done on the feeding habits of grasshoppers and here it has been definitely established that certain species of grasshoppers prefer certain types of plants or varieties and that their ability or inability to obtain food will significantly affect their "preferred diet" does influence his manner in which they thrive as well as the amount of crop which they lay. This whole field, therefore, provides an interesting opportunity for further observation and study.

Bob's extra profit was just one of the many "bonuses" farmers get from fertilizing. When you fertilize your crops you can harvest up to two weeks earlier avoiding frost, hail and other damage. Better grades, bigger yields, weed control and keeping your land fertile are additional advantages—reasons why more and more farmers are fertilizing each year. See your Elephant Brand agent about the right fertilizer for you.

FACTS ON "SAFE DRIVING DAY"
Issued by The St. Paul Junior Chamber of Commerce

WHAT IT IS

"S-D Day" (Safe Driving Day) is Thursday, December 1st, 1955. It is being observed simultaneously in Canada and all 48 states of the United States. Sponsored in Canada by the Canadian Highway Conference, aided by various public-spirited organizations across the country, it is a day to demonstrate that traffic accidents can be reduced materially when all motorists and pedestrians do their part.

The best confronting every community will be to remain completely free of traffic accidents for 24-hour period.

S-D Day will be preceded by ten days of intensive public education beginning on November 20th.

WHY IT IS

The purpose of S-D Day is to show that motorists and pedestrians can eliminate traffic accidents by their own actions. By asking everyone in every community to join in a 24-hour demonstration, dramatic and convincing results can be achieved.

S-D Day will demonstrate that the place to attack the traffic safety problem is in the community itself and that the responsibility rests upon each individual. It will implant in the minds of all motorists and pedestrians the realization that, if they can greatly reduce accidents on S-D Day they can do so every day in the year.

The preparatory period of ten days of intensive education, through all channels of communication, will serve to alert the public to S-D Day, to direct attention to the urgency of the traffic safety problem, and to emphasize the importance of support by every individual for proven programs and methods of traffic accident prevention.

This intensive public education program, combined with the mass polling of effort by many organizations in all parts of the country, will give great stimulus to existing safety programs and foster a year-round attention to the necessity for safe driving and safe walking.

TIME TABLE FOR S-D DAY

The traffic accident problem is a national one, a community one, and one that concerns each individual.

Almost every person has a relative, friend or a member of the family who was injured in a traffic accident at some time.

The traffic problem is with us every hour of the day so that each individual is exposed to it many times during each day, with complete or even partial isolation impossible, pressure being virtually impossible for the normal person to achieve.

The following facts give some indication of its extensiveness:

The Death Toll — In 1954 2,986 persons were killed in traffic accidents across Canada and 38,200 were killed in the USA — One death every 13 and ¾ minutes.

The Injury Toll — Last year, there were 50,736 persons injured in traffic accidents in Canada, United States injuries amounted to 1,360,000 — One injury every 22 seconds.

For every fatality, one or more persons were totally and permanently disabled thereby becoming a financial burden either to his family, or to the community or both.

The Economic Cost — The economic loss in connection with traffic accidents in Canada in 1954 is estimated at approximately 750 million dollars. The full cost of traffic accidents each year, in Canada and the United States, is considered to be almost five times as great as the annual total of new issues in those countries.

The Killer — Traffic accidents last year were the greatest single killer of persons between the ages of 5—50. They were a big killer of children in early school years and of young people between the ages of 15 and 24. They killed almost twice as many workers as were killed in occupational accidents not involving vehicles.

How many are doomed? . . . Approximately 38,000 persons were killed in traffic accidents in Canada in the past 20 years. At the present rate, less than half as long will be required to kill the next 38,000.

U.S.-Canada Comparison — Because the traffic casualties for the United States exceed those of Canada, it is not generally realized that the driving record of Canadians is worse than that of U.S. drivers. The incidence of highway fatalities for every hundred million car miles driven, for example, is nearly 25 per cent greater in Canada than in the United States.

THE JOB AHEAD

Every year there is a substantial increase in the number of motor vehicles and drivers on the streets and highways of this country. Experts predict that this increase will continue fairly consistently for at least the next twenty years. So, in order simply to hold our own — to keep traffic fatalities in Canada at approximately their present number — we shall have to cut our mileage-death rate substantially in the coming year.

This can be done, as has been proved in several areas — but it cannot be achieved unless the individual citizens of the country recognize that it must be done and are willing to take, as individuals and as members of various organizations, in a wholehearted and united effort to apply the tested and proven methods of traffic (continued on next page)

Elmer Kreller Still Goaches

Elmer "the Shadow" Kreller will again coach the Vermilion Tigers hockey club in the Eastern Alberta hockey league Elmer has met with remarkable success in keeping the local Tigers in the league finals year after year. Last spring at the banquet which wound up the hockey season, Elmer announced that he was retiring from active participation in the game.

Last week President Hal Mortenson and Secretary Mabel Taylor hoped Kreller away from retirement and both men turned on appeal. After considerable coaxing, he agreed to once again coach the Tigers.

This will be good news to hockey clubs and fans all over the league circuit as Kreller is a great attraction, with his fine hockey playing and outstanding gentlemanship.

Loan Guarantee Admitted

Lloydminster has now secured a franchise in the league on a one year's trial basis. Application was made at the regular annual meeting but was turned down on that occasion. An appeal was made by border city officials and the latter took a telegraphic vote. The resultant 5-4 vote in favor of admitting Lloydminster team being included for this season, with the possibility that a permanent franchise will be granted if all works out satisfactorily this year. All their play on the league this winter.

It is several years since a Lloydminster team has played in the Eastern Alberta League.

—Vermilion Standard

Observe Safe Driving Day

Through the efforts of the Canadian Highway Safety Conference, Safe Driving Day will be proclaimed this year by Prime Minister Louis St Laurent, who will be joined by Provincial Premiers with statements supporting the objective of the day.

That objective is that every community shall avoid all traffic accidents for the 24 hour period.

In Alberta, Premier E. C. Manning has named Deputy Minister Gordon E. Taylor S-D Day Director for the Province. It is expected that Mr. Taylor will appoint local S-D Day Directors or will name Municipal Officials.

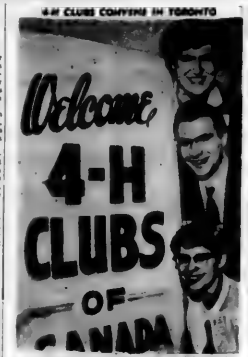
Canadian Safe Driving Day is coincident with a similar effort in the USA proclaimed by The President.

Alberta was the only Province to join with the USE last year in the first S-D Day promotion. Our efforts met with great success than was anticipated when 36 per cent less accidents occurred that day than the average 13 days preceding.

The danger of traffic accidents confronts everyone. The problem is a National one, a Community one, and one that concerns each individual. It confronts us every hours, with even partial isolation being virtually impossible for the normally active person to observe.

In Canada last year Traffic Accidents killed 2,504 persons and injured 36,738. The economic loss was estimated at 160 million dollars. The full cost of traffic accidents each year in Canada and the United States is considered to be almost five times as great as the annual total of fire losses in

4-H CLUBS CONVENE IN TORONTO



All 10 provinces are represented at the 4-H Club convention in Toronto, where 118 delegates are attending the Royal Winter Fair and competing in the various contests. Three western delegates shown are Barbara Thomas, Alta., John McFaul, B.C., and Penny Treasure, Man. The clubs — 5,000 of them across the Dominion — have an enrolment of 75,000.

Facts On Safe Driving Day

(continued from Editorial Page)

accident prevention.

What individuals will be asked to do on S-D Day:

Motorists and pedestrians will be urged to accept full personal responsibility for complete adherence to these basic safety measures.

1. Observe the letter and spirit of all traffic regulations.

2. Be courteous to every driver and pedestrian. Practice sports manship.

3. Give full attention in driving and walking.

In short: DRIVE AND WALK as you would have others drive and walk! Specific driving and walking rules which are considered most important in applying these fundamental principles will be made available in the "How To

Two New Square Dance Clubs Are Formed In The District

Once again the St Paul Square Dancers were pleased with the great turnout at their Square Dance held in the Legion Hall last Friday night. Some twenty squares of happy faces were on the floor, dancing to the rhythm of Alex Belhumeur's calling.

The President of the Square Dancers, in a few well spoken words, welcomed the visitors from new club the Elk Point Travellers" from High School were present and joined in the fun. Along with these were guests from Bonnyville, Glendon, Brosseau, Mallaig, Lafond, Ft Vermilion, Edgerton, St Edouard, Fort Saskatchewan and three different parts of B.C. We thank you all for coming — come again Sally.

The applause was great for the square of tiny tots. The Belin and their mother entertained to ragtime call and a Hash at the first intermission. At the second intermission, the hall was filled with peals of laughter and applause when four of our local boys dressed in real western fashion, strutted onto the floor with their "gals" (another four of our local boys) and gracefully squared off two more hum bers.

Those "gals" really made use of their shirts. Our good friend, Bill Stickle took revenge of it boys so you'll be able to see yourself doing it some day. Lunch was donated and served by a number of our ladies.

We are also happy to announce that a good number have signed up to take dance lessons so to be taught some time after Christmas.

An appreciated gift of a cash box was recently donated to the Club by our President Adrien Semenin. Thanks Adrien.

Dances of interest this week are Wednesday at Mallaig, Thursday at Bonnyville, Friday at Lloydminster, Saturday at Flat Lake.

The Square Busters are having a Barn Dance Sale next Saturday the 26th. at the Co-op Store. There will be a raffle of a Sunbeam Electric Frying Pan

The Traffic Safety Law
By J. W. McKAY
Inspector Highway Traffic Board, Edmonton

During the sittings of the legislature this past July, amendments to the Vehicles and Highway Traffic Act were approved. Among them was an amendment dealing with Headlamps and Other Lights. Judging by the amount of correspondence coming in dealing about lights, I feel it will be to public advantage to deal with this particular section of the matter.

Section 32 (1) Except motor vehicles other than a motor cycle or motor-driven cycle, shall be equipped with at least two headlamps that conform with the requirements and limitations set forth in section 33.

(2) At least one such headlamp shall be mounted on each side of the front of the motor vehicle.

32a (1) Every motor cycle and motor-driven cycle shall be equipped with at least one headlamp that conforms with the requirements and limitations set forth in section 33a.

(2) The uppermost distribution of light or composite beam, specified in subsection (4) of section 33 shall be deemed to avoid glare regardless of how mounted on the motor vehicle.

(4) When the driver of a motor vehicle is within 300 feet of the rear of another vehicle he shall not, except when overtaking or passing, use the uppermost distribution of light referred to in subsection (1).

33 (1) Headlamps arranged to provide a single distribution of light shall be so aimed that when the motor vehicle is unloaded the high intensity portion of the light will not, at a distance of twenty-five feet ahead, be directed higher than a level of five inches below the level of the centre of the lamp from which it comes and in no case higher, at a distance of seventy-five feet ahead, than forty-two inches above the level on which the motor vehicle stands.

(2) The intensity of the light shall be sufficient to reveal persons and vehicles at a distance of at least two hundred feet.

33a (1) Any headlamps upon a motor cycle or motor-driven cycle may be of the single beam or multiple beam type but in either case the headlamps shall conform with the requirements and limitations of this section.

(2) The headlamps shall be of sufficient intensity to reveal a person or vehicle

(a) at a distance of not less than one hundred feet ahead when the motor cycle or motor-driven cycle is operated at any speed of less than twenty-five miles per hour,

(b) at a distance of not less than two hundred feet ahead when the motor cycle or motor-driven cycle is operated at a speed of twenty-five to thirty-five miles per hour, and

(c) at a distance of not less than three hundred feet ahead when the motor cycle or motor-driven cycle is operated at a speed of more than thirty-five miles per hour

(3) When the motor cycle or motor-driven cycle is equipped with a multiple beam headlamps, one shall be mounted on the rear of the vehicle to illuminate

Better days are here for Phil Fraser!

In all his years of railroading, Engineer Phillip Fraser has seen some big changes.

"Rolling along in the smooth diesel locomotive," says Mr. Fraser, "is a real thrill — a far cry from driving the old steam jobs. Its more power gives it quicker pick-up and more speed on the grade. Besides, it can run from coast to coast without a change. That's what I call progress!"

Phil has seen progress in the life insurance business too. As a family man, he knows that this business offers better service today than ever before.

Take life underwriters, for instance. Modern training makes these men better qualified to guide people through the complex problems of planning for future security.

Today, too, life assurance is more flexible. There's a wider range of plans — allowing people to meet their own individual needs.

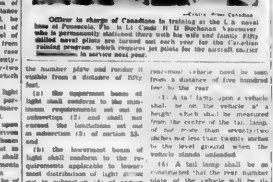
Moreover, people with certain physical handicaps, can now enjoy the protection of life assurance.

In short and short with, the life assurance companies in Canada have progressed with the times to meet the changing needs of people in all walks of life!

THE LIFE INSURANCE COMPANIES IN CANADA

CANADA'S NAVY PILOTS TRAIN IN U.S.

Officer in charge of Canadians in training at the U.S. naval base at Pensacola, Fla. is Lt. Cmdr. D. D. Barbeau, Vancouver who is permanently stationed there with his wife and family. Fifty skilled naval pilots are turned out each year for the Canadian training program, which requires jet pilots for the aircraft carrier



Cmdr. Fred Cavadas

the number plate and render it visible from a distance of fifty feet.

(a) the uppermost beam of light shall conform to the requirements applicable to the composite (2) and shall not exceed the limitations set out in subsection (3) of section 33, and

(b) the lowermost beam of light shall conform to the requirements applicable to the lowermost distribution of light given out in subsection (4) of section 33c

(4) When a motor cycle or motor-driven cycle is equipped with a single beam headlamp, the headlamp shall be so aimed that when the cycle is loaded none of the high intensity portion of the light shall be directed higher at a distance of twenty-five feet ahead, than the level of the centre of the headlamp from which the light emerges.

33b (1) A motor vehicle, motor trailer and any vehicle being drawn at the end of a train of vehicles, shall be equipped with at least one tail lamp mounted on the rear and capable, when lighted as required by this Act or of emitting a red light plainly visible from a distance of five hundred feet to the rear

(2) Notwithstanding subsection (1) in the case of a train of vehicles, only the tail lamp on the rear-most vehicle need be seen from a distance of five hundred feet to the rear

(3) Any lamp upon a vehicle shall be on the vehicle or a height which shall be measured from the centre of the tai lamp, of not more than seventy-two inches and not less than twenty inches to the level ground when the vehicle stands unloaded

(4) A tail lamp shall be so constructed that the rear number plate of the vehicle will be illuminated and rendered clearly visible from a distance of fifty feet to the rear, or a separate feet to the rear.

(5) All tail lamps, and, if any, separate lamps for illuminating the rear number plates shall be so wired that they will light up when a lighted a better of the head lamps are alight

32. Every cycle whilst in operation on a highway at night shall be equipped with one headlamp at the front and one reflector at the rear of the bicycle

32) A police constable or official, or any inspector appointed under this Act or The Public Service Vehicles Act, may stop a vehicle when the driver of the vehicle has failed to license the lamps of his headlamps, or to direct a beam, as required by this Act.

Health Thru Chiropractic
St. Paul
By Dr. E. W. TENOYE

EPILEPSY

Epilepsy is a lack of co-ordination of the voluntary brain centres, characterized by convulsions. There are two types of epilepsy, Petit Mal and Grand Mal

Petit Mal is characterized by momentary unconsciousness, lasting from a few seconds to three or four minutes. The type of patient may carry on with what he was doing before an attack, and be momentarily unaware of his unconsciousness.

Grand Mal is characterized by a warning signal which may take the form of a queer sensation — a premonition of the approaches; attack. Quite often there is gastric distress ascending up into the chest and feelings of numbness and fear, followed by the epileptic cry and a fall. The fall is usually followed by convulsions, heavy breathing, rolling eyes and muscular spasms. A churning motion of the jaws and frothing at the mouth.

There are many causes of epilepsy such as brain tumors and hemorrhage of the brain. Heredity also plays a part. In a great number of cases epileptic conditions are due to a pathological blocking of the nerves which supply the brain, usually caused by a misaligned vertebra in the spinal column.

Such cases are the special concern of the Chiropractor. By scientific Chiropractic analysis he locates the misalignment, and adjusts the vertebra causing the pressure. This results in a normal flow of nerve energy to the affected area.

Since the years thousands of epileptics have been restored to normal health through chiropractic.

Everybody's talking about the **NEW '56 DODGE**

Manufactured in Canada by Chrysler Corporation of Canada, Limited

It's the one car that brings glamour and go to the low-priced field!

- **BEAUTIFULLY NEW STYLING!**
- **NEW TOUCH AND GO DRIVING!**
- **LOOKS BIG BECAUSE IT IS BIG!**

Small wonder that this flashing beauty has caught so many eyes. Just look at those long, low, racy lines. It fairly coaxes you on to new adventure on the Canadian road.

And with this new beauty there's the almost magical ease of push-button PowerFlite automatic transmission.*

There's thrilling new V-8 and 6 power that gives real authority to the smart Forward Look styling.

More, Dodge is the longest and roomiest car in the low-priced field. It's the BIG value for '56! See for yourself. Test-drive the '56 Dodge today!

See the glamour and go of the new Dodge with the Forward Look — *now at your Dodge-De Soto dealer's*

By MRS. ELSIE KEMBAR
Hostess Home Economist
St. Paul

Thinking of doing some sewing before Christmas? There is an almost limitless scope in materials this year. Colors are the rich autumn hues, especially reds, greens and many shades of brown. These are seen not only in plain colors, but also in a profusion of tweeds. Textures are holding their own as classic favorites.

When purchasing, check details about washability, crease resistance and spot resistance for coat materials which appear to be wool are actually synthetic blends which are washable. It is important to know your material in order to get the utmost value from it.

Remember when cutting a 1-piece plaid that it is important to match the plaids. If it is an even plaid be sure all your matching notches are carefully laid on the same color stripe of the plaid in both harmonizing and contrasting directions. An even plaid repeats its pattern. When you start from the center of any block the horizontal stripes on either side will match.

If it is a party dress you have in mind you will be interesting in one of the more beautiful fabrics. There is nothing more beautiful or rich looking than good quality velvet.

When sewing with it there are certain precautionary measures to observe. When cutting it, all pieces must be cut in the same direction. The choice of direction is one of personal taste. Most people prefer the pile to run up because the fabric appears darker and richer. When the nap runs down the fabric looks lighter and therefore shorter.

To tell which way the nap rolls, turn the palm of your hand over the fabric. If it is smooth you are stroking with the nap or hair.

When buying a nap fabric check with the yardage chart on the pattern as the amount of material required is usually greater than for a non-napped fabric.

Remember to allow extra material for matching plaids, one-way designs, napped fabrics and for shrinkage.

ELK POINT NEWS

St. Paul JOURNAL

Remembrance Held in Legion Hall

A remembrance Service was held in the Legion Hall, Elk Point on Armistice Day, Friday, November 11th., 2.30 p.m.

The Service of remembrance was conducted by Rev. H. Day and a wreath was laid solemnly and earnest prayer for the true peace of the world and its nations.

Mr Day, with much feeling, quoted the famous poem by "In Flander's Fields." This inevitably brings back acute memories to the older ones of the senseless slaughter of the flower of all young men as well as countless members in the second World War Mr Arndt, Chairman, also spoke to the audience on this very special occasion.

Considering the bitterly cold weather there was quite a representative gathering. Added to the Veterans, came members of the community together with their sweets—to of Guides, Brownies and Cubs, with all officers concerned. The Guides, during the service, rendered "Our Pledge" with real feeling, in their dance and the Color Party of the Cubs presented the Flag and Tollers and Lord laid a long poppy wreath as a token of continued remembrance in this year of 1955.

It is interesting to note here that a recording on the fine modern tape machine of the whole service was taken by Mr Douglas Brownlee and Mr Clarence Bess Jr.

Hot coffee, sandwiches, doughnuts and cake were served by the Legion Ladies' Auxiliary and the Service, which luncheon was most appreciated.

Curling Meeting

The annual meeting of the Elk Point Curling Club will be held Sunday, November 27th., at 2.30 p.m., in the Curling Rink. All curlers please attend.

REMEMBER NEWS

He doubt you all heard of the recent fire which destroyed the home of Mr. and Mrs. Harry Halyschuk. Mr. Halyschuk was away at the time while Mrs. Halyschuk was doing chores. She came back to find the house in flames. Their car had been parked alongside. The battery had been taken out to start a tractor previously so the car was burned also.

Due to the swift action of Mrs. Flieger, secretary for the local Red Cross, she contacted the Red Cross in Edmonton and they quickly responded with 4 lovely wooden blankets, 4 sheets and one outfit of clothing for the whole family. Our own Red Cross donated $35 00 worth of groceries. Neighbors and many of the community for furniture or Mennonite itself contributed a lot of clothing, dishes, etc.

In one month to know what to feel the loss, but a beloved shaving insulation from the hot chimney was responsible. There was no insurance.

I would like to correct a statement heard about three weeks back. It was said that Heinsburg was not such a wonderful showing of knitted and sewing for the Red Cross I'm sorry, but the credit goes to the Lindbergh Ladies.

We had nothing whatever to offer, but don't be prejudiced, as we took home several pounds of wool and yards of flannelette and promise to have these done up by spring.

Mr Albon Holmen, son of Mr and Mrs. Ed Holmen was married to Miss Betty Krider, daughter of Mr. and Mrs. Ben Krider of Frog Lake, this Friday, Nov. 25.

Rumors are saying that Miss Violet Granger and Mr. Robert Hans have the same intentions.

R. Hans won the honor of the Chemsite Bedspread raffled by the Hoosier Ladies.

The shower held here by the Home and School turned out well on Friday but Saturday the crowd must have had other places to go as only a handful showed up. The proceeds are for Xmas treats for school children, so it's hoped that those who didn't attend would make a contribution to some other manner.

Louis Kappach and E. Jones came home last Wednesday with 3 moose apiece.

Mr. Eric Hooten has been transferred by his company from Edmonton to Toronto where he will stay for two years.

Curling was officially opened Sunday when W. Mauge, M. Buck, E. Tuchuk and Mrs. Wilson beat P. Jubs, P. Buck, C. Mauge and L. Sharkey. Next weekend is open Bonspiel time.

Daily High And Low District Temperatures

Recent high and low temperatures were as follows: Nov 18, 9 and -4. Nov 16, 13 and -3. Nov. 17, 11 and -2. Nov. 18, 10 and -6. Nov. 19, 9 and -2; Nov. 20, 6 and -20; November 21, 8 and -15.

Statistics by courtesy of Mr. I. C. Harrick.

Local News

Mr and Mrs. Lawrence Bampton motored to Wainwright on Sunday to meet their daughter, Joan who has been in Ontario for the past few weeks taking an office secretarial course. Joan is stationed at Cold Lake.

Mr and Mrs Ben Johnson of the Armenton district spent several days last week on Edmonton at the home of Glynn parents, Mr. and Mrs. Dewey Bess.

Mr and Mrs. Jos Krenzl motored to Edmonton on Friday to be present at a second reception given for their daughter Leona and her husband, Mr Walter Chaplinsky.

They were accompanied by Mrs. Peter Jensen.

Mrs Mack Kovach busied to Edmonton Lake last weekend to visit her father who is ill. She was joined there by her husband and they motored to Edmonton where Mack is foreman on the job of constructing a new school in the Calder district.

Flying Officer Paula Wagenaar, personnel administration Officer, stationed at No. 1 Supply Depot, in Vancouver, Ontario is home on sick leave We are glad to report that she is recuperating and her parents visited her last week.

Mr and Mrs Peter Legault, formerly of Heinsburg are living in Elk Point now at Mr. Edward's house post south of the Hospital. Legault is working in the Foundry at St Paul.

On Tuesday evening, November 18th., a number of friends gathered for a house warming in the new residence of Mr and Mrs. Peter Ference The young couple were presented with a coffee table and a pop up hostess cart. An enjoyable evening was spent by all present.

Large Crowd At Plymouth Showing

On October 20th., the premises of Elk Point Sales and Service were packed to capacity by interested viewers of the brilliant and dashing new 1956 Plymouth models.

The two-day our showing, taking at both Friday and Saturday was the greatest ever in Elk Point Visitors were entertained by music, picture shows of the Calgary Stampede, Banff and Niagara Falls, followed by a delicious lunch and coffee

The highlight of the twoday event was the prize draw given away free to the following lucky ticket holders 1st. in the ladies prizes went to Mrs. Ed Kosicky, Elk Point, 2nd to Mrs. Ruzycki of Elk Point; 3rd. Mrs. John Sykewitch 1st. in the men's gifts went to E. Ruzycki, Elk Point, 2nd. to Mike Mudryk and John Andrishuk took the third gift

Also distributed through the courtesy of Elk Point Sales and Service Ltd., were the new gold forward look pens.

Recent Births In The Elk Point Hospital

Recent births in the Elk Point hospital were as follows: Mr. and Mrs. John Pelkowski of Lake District, a boy 9 lbs. 5oz. 10th. Albert Lacombe, St. Paul, a girl; Mr. and Mrs. Ingmar Rood, Marwayne, a girl.

Old Timers Banquet Social

The banquet and social evening of the Elk Point Old Timers Association was held on the 24th. of November and was a great success Altogether 74 members joined in a very enjoyable evening. Mr and Mrs Bailis journeyed from Red Deer to attend. We should have more Old Timers such as they

The new directors are as follows: President, Mrs Flanders. Vice-President, Mrs G Swanson. Directors, Mrs N Fosten Mr Y Clayton, Mrs. L. Rasmussen Mr. Martin Aarlie, Max Borowsky, Ted Magnuson, Ben Trone, Margaret Morrison

Several of the Old Timers, Dr Miller, Mr Bailis and Mr Day gave very interesting talks of the old days which were enjoyed just as much as the younger or old timers as all the others

We will have to congratulate our President of the banquet Mrs. J. was wonderful, Cliff, and also thank again the ladies of the W A. who catered

A sing-song followed the banquet and speeches Then cards and dance Music was supplied by Mrs Clarence Bess Sr., Mr. Clarence Bess Jr. and Andrew Sterling Thanks everyone for making it such an enjoyable evening.

UNITED CHURCH SUNDAY SERVICES

The Remembrance Service held on Sunday, November 13th., was well attended The Communion Table was draped with the Union Jack and a magnificent poppy wreath was placed in front. The Roll of Honor concerning the two World Wars had a Union Jack across each scroll, with a background of poppies between

Mr Adam explained the meaning in full of Armistice to the young people, and his sermon stressed the same subject together with the urgent need of each and everyone's concern about Judgment Day as it is according to Holy Scripture. The Choir sang a national prayer, "Lord of the Lands, Make Canada Thine Own."

Services

Sunday, November 27th

School 11:00 a.m.

Elk Point 11:00 a.m., Vanhoe

Complete Square Dance Lessons

They did it and they're glad After attending six lessons at the College of Do-Si-Dos and allemande left, and having completed the prescribed courses in fun, friendliness and good fellowship — under the expert tutelage of Professor Johnny Maxwell — the Elk Point Promenaders, fifty members all, received first-class diplomas (other institutions of learning take note!)

Believe us, these boys are good! Each can tell his left hand lady from his right hand lady every time now.

A regular closed dance for members will be held Monday, November 28th. But watch for our Grand Opening Announcement soon, when we'll be joined by other squares (dancers, that is) from all over the Northeast. Come and watch the fun.

Home - School Meeting Held

(continued from page 1)

competition in the complete realization of personal accomplishment and can only be solved by intelligent and unbiased study.

Education and the moulding of characters of school children is not only a teacher responsibility, but must be aided by the parents who should endeavour to teach to respect the teachers and cooperate with them in school. Indiscriminate guarding of public property should be prevented more conscientiously and (the editor emphatically) concurs with this suggestion) dogs should not be allowed to follow children to school where they make a considerable nuisance of themselves and should be kept at home on a leash.

The Trustees have voted against school rallies which will not be permitted on the school grounds anymore income from such have earmarked finance for various activities, but the disorganization brought about can sever the "rich and the poor" has been abolished.

Pupils are confident because of a lack of facilities on the school grounds. Especially in winter when the weather is cold and accumulation for active entertainment on the grounds is nearly impossible and provides too big a supervision task. Arrangements have been made for use of the parish outdoor skating rink and a program to allow all children access is being planned.

Mr Laverdure wanting to mind the congestion in the gym at the morning and at lunch time, asked parents to send children so they would arrive at school at about a quarter to nine in the morning and quarter after one at noon.

Bursar Passmore gave appreciated treasure with a suggestion that funds on hand be set off the lunch period to permit change of cheque of $.50 p.m. instead of 4.00 to provide an opportunity for farm children to travel in daylight hours and arrive home before darkness. Many small children have to walk a half mile or more from the bus route, before arriving home. A ballot will be circulated to all town parents to get their opinion and a vote on the suggestion.

Mr Laverdure concluded his address by publicly thanking the registration in St Paul has risen to an all-time high of 820 pupils. Two temporary classrooms have to be set up to accomodate the increased enrollment. Thirty-one teachers are on the staff with an augmenting average always preventing itself it is about time St Paul considers supplying its own teacher power and to do

Town Gratuity By-Law Quashed

(continued from page 1)

not made in pursuance of a "plan of superannuation" or for "annuity payments" as contemplated by Section 30(1) of the Town and Village Act. It was a lump sum given as a gratuity to an individual employee under the authority of Section 30(2) above quoted, it would have been in addition to or in lieu of Superannuation or annuity payments authorized by Section 30(1). Payment of such a gratuity is authorized to be made only to an employee after fifteen years service.

(4) has become incapable through age or illness or otherwise of efficiently discharging his duties.

(5) has reached an age specified in the by-law

Counsel for the respondent urged that considerable significance should be attached to the use of the word "otherwise" in the line 5 of Section 30(2). It is apparent however that it was intended as more or less an exhaustive enumeration of the circumstances conceived as addition to age and illness

The evidence shows that Mr Menzies was not incapable for any reason of efficiently discharging his duties; on the contrary he was quite efficient and competent and resigned to accept a better position.

No recurring age is specified in the by-law.

If the words of the Statute are in themselves precise and unambiguous then no more can be necessary than to expound those words in their natural and ordinary meaning."

In my opinion there is no ambiguity in Section 30(2) of the act; the words are crystal clear.

I do not find any authorization for payment of the gratuity provided for in the Act.

Notwithstanding Mr Mounser's worthiness to receive a gratuity in appreciation of his faithful and efficient services to the respondent over a long period of years, the respondent I have no alternative but to declare that respondent has not the authority to make such a gift By-law No 214 of the Town of St Paul is therefore quashed. Applicant will have costs in the sum of $100.00 and all motions are to Court by him will be paid out to his counsel.

Alouettes Were Red, But They Turned Beep Blue

We Picked The Eaks To Win, Did You?

By EDDIE REEN

(Edmonton Journal Staff Writer and St. Paul reporter)

It's the second year in a row that the Eskimos have won the Grey Cup and the second time Eddie gives his personal view. We are certain in the light that Eddie is a St. Paul fan that you will enjoy his commentary

EDMONTON — Parts the home town of the Grey Cup, and while most of Western Canada slowly recovers from a bitter night of celebrating brought on by the Grey Cup, let's have a little look at what transpired in Bakery.

Now I'm not a sore loser, you will agree to that, but I'm not even ashamed when referring to those four-legged creatures sporting green and gold as people will again see living statues in front of Eaton's. Yes, let's, with emotion and without reservation, say that the Eskimos won a game that was back at the Edmonton Exhibition Grey Cup football contest for the second year in succession over an over-rated, over-estimated, over-confident Montreal team.

It wasn't a football classic, a honky nose or a honky run, no some Eastern writers would have it, but it was a game to win for Edmonton last year. It was a brilliant, well-played example of teamwork. While the names of Etcheverry, Copeland and Peterson rocketed in THE Montreal backfield, the real cornerpos as the game winner for Edmonton was ESAU. No one man won that game. It was all 36 players and Ole Pop Ivy standing on the sidelines.

• • •

An interesting thought now that the smoke has cleared and we're back to normal, is just what Montreal fans are thinking with those thousands of Montreal papers.

Handsome little newsboys had them all ready to give out, The paper, printed before the game in Montreal, had a headline, "Alouettes Win Grey Cup". We have one interesting proposal dated them in the Summer governments be used for wallpaper No one reads English there, and it could pass for art in some of the newspaper's offices.

• • •

We do have to pay tribute and respect towards Mike (a humoral) to one great man in the Montreal aggregation. On Monday 8 a.m. Etcheverry, the quarterback's quarterback. A better player the east has seldom seen (Indeed, they have seldom seen indeed Jackie Parker). The interesting to note that although for more than 300 yards, more than the average for a run from scrimmage, and with pass receivers like Copeland and Peterson, Etcheverry, from indeed that much better.

But dig that crazy Jackie Parker . . . carrying the ball for yards and yards and yards, fighting headwinds . . . literally confusing the opposition like a magicians sightseers . . . and then run both directions, offensive and defensive But how can one truthfully name Jackie Parker without naming the 35 other HEROES who played and played and played. It would be ridiculous to name each player and their achievements, that would take a book But surely you must have some letters, take them and make the name of your own player. Ah! delightful memories.

• • •

You healthy and sober stalwarts called real game football fans, here is a rare remedy on how to kill a healthy stomach and get ulcers in one easy lesson. do

(continued on Classified Page)

LEGION MORTGAGE GOES UP IN FLAMES

There are no regrets expressed in this scene, part of the Legion's 15th. anniversary celebrations in which first war veterans and first branch members burn the Memorial Hall Mortgage. Armand Lord, Master of ceremonies for the occasion along with a large number of Legionnaires and friends left to right: Ernest Lavoie, first president in 1936; Simon Murry, long-time secretary, Ted Hildeb, Norman Slater and Bill Guthrie who have all served in executive capacities over the years.

Townsbeings In Ashmont Is Razed By Blaze

Fire which broke out about 1:45 on November 19th, completely destroyed the townbeing home of Mr and Mrs Ben Johnson. The barely had time to escape the blazing inferno with only their children.

Household effects and personal belongings which included their glasses were a complete loss not covered by insurance

The alarm began near the back door and as the front door, not used in winter, was blocked by furniture it was difficult to operate the building Cries for help were heard by Alex Hanchuruk who summoned what aid he could. But it was too late to save anything but Mr Johnson's truck. It was parked beside the house

The family will take up residence in another townbeing which was vacant at the time of the fire

Toastmasters' Table Topics

There was a lot of action at the last Toastmaster's Meeting. Some of the fellows took the chairman of the Hockey Club Executive to task about parliamentary procedure. Well it was always an . . . live an learn, and the opportunity is of ours if we you the St. Paul Club . . . that is in the public speaking field.

For next week, here is the line up of duties: Toastmaster, Jos Brule, table topics, S. Lefebvre, general evaluator, C. Cirquet

Addresses — we have three carry-overs from last week — we hope will be on tap, all prepared: Stan Perron to be evaluated by Mike Pamlyk, Louis Letourneau will by Ted Parsis, Dr J. A. Molenchuk by Ed. Boutthillier; Leon Fontaine, Laurent St. Denis; Ted Parsis, Peter Vaithinos, Laurent Desrosiers, Laurent Bourre, Marcel Cherrette, A. Lord.

New Members added to the club were Mr. Sylvain Lefebvre, Cyril Gloquet and Sammy Pires. Applications are in by Mr. Ed. Boutthiller and Mr. Bill Guthrie.

COMING EVENTS

Meeting of Ladies Auxiliary to the Legion, Saturday, December 3rd in the Legion Club Rooms.

Meeting of Ladies Auxiliary to the Hospital, December 7th, 2:30 at the Hospital.

Squaredancers Attend Jamboree

Some twenty Square Dancers proficient to Lloydminster last Friday evening to partake in one of the biggest Jamborees held in Northeastern Alberta. Over six squares were on the floor. Five of Alberta's leading callers were responsible for the good time had by all.

The "Flat Lake Twirlers" who have finished their dance lessons had their final dance on Saturday night Walter Dombrowsky of Manville did a fine job of calling to nine squares Visitors were welcomed from Fort McMurray, St Paul and Fort Saskatchewan. A tasty lunch was served by the ladies of this newly formed club

The Bale Sale and Raffle, sponsored by the Square Dancers last Saturday afternoon was a great success. A farewell party for Mr and Mrs Gallion was given. Mr Gallion had served as Division Coach for nine years and was presented with a set of hand luggage by the president of the Students' Union.

Mr Gallion also presented Miss Aarto's music class

Present Governor General Award

On Friday afternoon November 25th in the auditorium of Bellerose School, a progress was held finishing the presentation of the Governor General's Medal to Miss Hazia Boychuk, highest Grade Nine student in St Paul's Roman Catholic separate school.

Mr Racette, the main speaker of the occasion, presented the medal to Miss Boychuk, and stated his appreciation as a goal to be sought by all elementary and intermediate students

In reply, Miss Boychuk thanked all those who had made this award possible

• • •

Farewell Given To Mr. and Mrs. Gallion

In conjunction with this presentation, a farewell party for Mr and Mrs Gallion was given. Mr Gallion had served as Divisional Coach for nine years and was presented with a set of hand luggage by the president of the Students' Union.

Mr Gallion also presented Miss Aarto's music class

Bayerbuk with a scholarship of twenty-five dollars.

During the programme several piano numbers rendered by various classes Musical selections were rendered one by Miss Marion Hellinger and a medly by Miss Aarto's music class

Triangle Arena Management

The "Arena Triangle" — the Town, Junior Chamber of Commerce and the Hockey Club have concurred in final agreements for control, management and sponsorship of the winter arena centre.

The Town of St. Paul, full ownership of the arena, voted in council to assign management duties to Jaycees, retaining 23 per cent of all gross receipts. Jaycees on turn have agreed to share their 75 per cent with the Hockey Club, relinquishing 60 per cent of Hockey gate receipts only, and have waived right to ... minor hockey activities leaving the field open to the Hockey Club Executive.

The Town assumes the responsibility for all maintenance and utilities in connection with the operation of the arena. Improvements are being made to the waiting room, with the extension of the lunch counter and doors on each end to permit free circulation of traffic to relieve congestion. Boot rooms for players ladies and men are also being provided.

By mutual consent of the governing bodies, it was decided that all children fifteen and under would be given free skating. A fee will be charged for students and adults. (See schedule published herewith).

Mr. Dave Oliphant has been appointed arena manager on behalf of the Jaycees.

OUTSTANDING PLAYER OF THE GAME

Knights of the Edmonton Eskimo offense, quarterback Jackie Parker and halfback Normie Kwong have a moment's hold on the Grey Cup they helped their team win two years in a row. The 23-year-old quarterback was voted the outstanding player of the game by members of the Edmonton crowd and will receive $500 for his outstanding performance. Normie Kwong scored the first touchdown of the Grey Cup Game and went across for a second performance in the third quarter. He owns a rushing record.

Hearing Called Gas Increase

Goes Before The Board Of Public Utility Commissioners In January

Following a meeting last summer between Town Council and officials of the Canadian Utilities an increase in domestic gas rates Company officials have returned the matter to the Board of Public Utility Commissioners for Arbitration.

Mr F Burroughs, petroleum manager of Plains Western Gas and Electric Company, gave a complaint of St Paul Citizens, and Mr N H Rankin Secretary Treasurer for the Board of Review of approximately 60 per MCF, from 60 to 66, claimed that they are entitled to such a profit allowed by the Public Utilities Commission.

Actually, according to the contract signed in 1948 when this company commenced to furnish gas to St. Paul, a decreasing rate contains St. Paul from the basis of 60 to 70 cents instead of the 66 now in effect.

Town counsel had placed a letter proposal demanding the 30c against the increase proposal but Company officials have preferred to bring this to arbitration.

Involved in similar controversy with Public Utilities and Gas Electric are other municipalities in the province.

First Hearings before the Board of Public Utility Commissioners was held on November 16th, to discuss procedure and exchange information. The case to be presented December 8th was further postponed until January 9th, when Attorneys and Barrister come up before the Commission St Paul's case the results of which is being awaited by the citizens of the above two cases will be final

Lovel J Porter, Town Solicitor

Hard Training Schedule For St. Paul Hornets

Boys Are At It At 6 In The Morning

If anyone wishes to join a group of young men who are at present training for the coming ice shape, they should turn out to the regular senior Hockey practices which are going on at full swing You should bear the names and points of the attendees following one of those grands it's quite a thing to go out there the first time and find yourself out of shape The sport is there, but the feet is weak

However there is a scene of hustling and activity as the players are by no means giving up, training and practicing diligently each should stick up their heelers to full power soon

Coach Paul Ayotte is taking his task of whipping the boys into a fighting team quite seriously We weren't there the other morning at 6 a.m. when we heard the boys were in early training.

It's been a tough job of selecting the Hornet Hockey team out of hopefuls to pick out a team. However we have headlines starting line up for the regular Hornet Squad.

Goal, Art Clearwater, defense George Vallieres, L. Zaharachuk, Rene Robichaud and Terry Laflamme. forwards, first line Marshall Debol, centre George Pundack, right wing, Nester Myrcurn, left wing, second line Paul Dion, centre, Clarence Redford, left wing, Gerth Roberts, right wing; third line Ron Dubois, right wing, Benny Paquetton, centre, Charles Debol, left wing

You'll have a chance to see these boys in action and judge the calibre the weekend when a scheduled hockey game, Saturday and Sunday is scheduled with Burns and Dutton of Edmonton

Record Set For Early Curling

St Pau. curlers started hurrying the ice sheets in sweeping on Thursday December 1st 1955 which goes on the books as a record — the earliest ice has ever been ready, locally.

Regular draws are scheduled to start at 8:00pm and as you should check in with Mr Ken Widdenhoime at the draw committee room to see what rinks to join may do so by simply handing in their name to the above and will be assured of a place on the draw

Enter Names For Women's Curling

Any Ladies wishing to join the St. Paul Curling Club are invited to submit their names to Mrs. Lester Redfern. Secretary at the Dominion Hotel or Mrs. Anne Gallagher by Sunday, December 4th.

Ladies Curling Club season off the board so that everyone joining is assured of curling. Those wishing to have their names posted on the space board are asked to submit their names to the Draw.

Curling payable by January 1st, 1956. $7.00 for non-wage earners — wage earners $15.00 for couple membership, $13.50 for wage earners and single girls.

Hospital Notes

Patients at the St Theresa Hospital are

Rene Aaron St. Paul, Rene Durocher, St. Linn Alfred Chaine St Paul Laurier Desclaine, St. Linn, Jacques Pouliot, St Edouard, Felix Robinson, St. Paul Mrs. George Kelly, St Paul, Mr Bevire Champagne St Paul, Mr Alex Kwasney St Lina, Joseph A. Trombley, St Paul, Raymond Martin, Mailag Mrs Conor Chartrand, Ashmont Mrs Faleon Blanchette, St. Paul, Mrs Lester Redfern Brosseau

Recent births were to Mr and Mrs Mike Strybel, St Paul, a girl; Mr. and Mrs John Kirkpatrick, St. Brides, a boy; Mr and Mrs. Leonard Desjarlais, Theriau, a girl; Mr. and Mrs. Arthur Chapdelaine, St. Edouard, a boy.

Bingo For Midgets

The Knights of Columbus who have purchased uniforms for midget hockey and sponsoring a couple of teams have put on a bingo to be held in the Parish Hall on December 11th.

Let's get those little fellows started early to fill in the ranks of senior hockey when needed.

Fashions

There are two parts to this theme — first the result is a striking daytime outfit. The sleeveless blouse in cardigan style is in dark grey wool paired with a vellow and white striped jersey collar and cuffs for an attractive accent. The matching jersey skirt is slender and straight with a contoured hip section achieved by tucking. The top is prepared to function as an over-blouse.

Eskimos Take Grey Cup

(Continued from Page 1)

fit-yourself way Obtain a recording of that Grey Cup game and play it once a day for one day Forget who won the game listen, and that's it

We have, we think, done enough to pour out our ramblings and utterly confused thoughts on a great team winning a great game and if we're wrong for fifty-two more years, we would only be trying to say, "LOVE THEM, SMILE" — and how could one close such a salmon without a little comment on the commentator of the game who represented Eastern Canada?

• • •

Do you remember last year when Jackie Parker stood up that old gray-maker and ran like a southern cyclone for a touchdown and Grey Cup winner Commentator Wyatt McKnight bawled like he had swallowed his tongue and was losing a tooth spot on every yard old Jackson kicked off It wasn't for eternal reasons that radio listeners were aware Parker had run over the Alouette goal line for the winner It was a distinct parallel only throughout the whole game A Toronto announcer Norman Marshall announcer Norm Marshall was, Edmonton like the ball, somewhere is running with it, he is being chased by great hulks of Montreal's wonderful team, Capozzo, Coulter and Makowecki, what great names are they, eh? The whole Montreal team is in there and is squeek squeek squeek and is squeek squeek and is squeek squeek dusted by the — beautiful — Edmonton has a touchdown! In sharp contrast was CFRN's Al Shaver who played fair, gave a clear commentary on what was happening, and in our estimation was the best football announcer around

An ex, with the smell of printer's ink already making the keys of the old typewriter fuzzy and causing a near blackout, we chose this annual spiel of predictions, facts and figures, and salute the ESKS reminding everyone, Alberta and Edmonton are the home of the Grey Cup. Western Canada is the back yard, to all Eastern Canadians, you must now realize the "young" and ever-growing west has come of age, the days of colonialism are past, and we now throw off our shackles and emerge anew As ever, Montreal wherever the place is and try again

One last thought, in my parents, thank you for a real fine name, Edward Sidney Keen. In short, Eddie Keen

Ed anybody know how Norman Robert Pole is doing with his team? (that's hockey team, friend, ice hockey)

Health Thru Chiropractic

St. Paul
By DR. W. T. TENOVE

ALL OR NONE

Chiropractic either works — or it doesn't

The basic principle of Chiropractic is that interference to the nervous system is the major cause of disease It is the nervous system which supplies life and motive force to glands, organs and muscles of the body When anything interferes with the full and free transmission of the nervous system some part or parts of the body are rendered incapable of performing the duties assigned to them by Nature and disease begins.

Chiropractors are specially trained in the delicate task of locating such interference and removing it Chiropractic adjustments enable Nature to restore the functions of every part of the body to normal

Chiropractic is therefore effective in every disease as it is disease at its root and every paralyzed limb is it can also restore life to a paralyzed individual If the adjustment of the spine will bring healing to every nerve it will also clear up diabetes If it will relieve a heart condition, it will also relieve kidney condition

That is not to say that Chiropractic is a cure-all It is not With every disease there is a limit beyond which patients in whom too much has been destroyed, or from whom too much has been removed The disease may have continued over too long a period, or the patient may have lost the power to recuperate At all ages 24 a patient who has had migraines for 25 years presents a far more difficult problem A 7 year old boy whose who has had asthma from birth will respond very rapidly A twenty year old patient with asthma from birth has a relatively poorer chance of recovery

No matter what your condition may be see your Chiropractor Do it Today But don't delay It may be later than you think

Joe Duchesne Lauded For Close Contact With His Constituents

(OTTAWA — Joseph Mireille Duchesne, veteran of political campaigns stretching back to 1904, is a man who believes correspondence with constituents is a must for the politician

The 76 year old Liberal member of the Commons for the Alberta constituency of Athabaska spends 10 months of the year in Ottawa and tours his constituency the other two months. He estimates here he averages 20 letters a day in and from constituents back home, trying the replies himself in his 6000-square-foot Tudor Block edifice.

On October 22nd., Mr Duchesne spent his 76th., birthday hunched over his typewriter. After Rev Don Melvor, 82, Liberal member for Port William, Mr. Duchesne is the oldest member of the House of Commons.

"You take a good care of your constituency correspondence," he said in an interview, "and your constituency takes good care of you; that's the campaign."

His record would seem to prove his point.

First elected in 1940, he has been returned by his constituents in every federal election since.

This year he campaigned for the Liberals in the Alberta provincial election when the Social Credit government suffered the first big dent in its political rasks since its 1935 sweep of the province. This time the Social Creditors lost are in ridings within the boundaries of the Federal constituency of Athabaska where Mr Duchesne campaigns.

Born in Chambord, Que., in 1879 of French-Canadian parents, Mr Duchesne came to Alberta piled the family and belongings into a wagon and homesteaded in 1902 in dingout over the Conservative political victory in Quebec that year

"Dad was sure some Liberal," he added with a chuckle.

By 1904 young Duchesne was campaigning for Liberals around Edmonton He organized for Liberal candidates in every election through to 1921 when he himself won a seat in the Alberta legislature He held it until the Social Credit sweep in 1935

For two months every summer Mr Duchesne leaves Ottawa where he is stationed as nursing sister with the R.C.A.F

Parents, teachers and students gathered in the auditorium of the school November 23th, to honor two Ashmont students and say farewell to Mr Gullion

Mr R Rarette, superintendent of schools was happy to present the Governor General's award for grade nine to Halyo Boychuk of Cvek Mr Gullion presented the School Division Scholarship

Special congratulations were tendered Miss Doris Lemieux whose grade nine standing was but a few points below that of the boys. On behalf of the Students Union, David Lawton presented a gift to Mr and Mrs Gullion who are leaving for Edmonton immediately following the presentations and programme, tea was served by the teaching staff, assisted by Mrs J Bibbey and others

UNIFORMS FOR EAST-WEST DREAM TEAMS

These are the uniforms designed for the dream teams of Canadian football. Red with white trim will be worn by the pick of players from the East, while the West. The teams chosen for the football fans across Canada will play in Toronto on Dec. 3 and under the auspices of the Shriners who will donate the proceeds to crippled children Prize will be the first time a team has been chosen from the whole country to represent the east-west football talents Argos' Bill Albright and Marianne Lafleur, Miss Red Feather model the two uniforms.

Ashmont To Obtain New School; Home Economics, Industrial Arts

By Ashmont Correspondent

Plans are now under way for the building of a new high school with auditorium on next year at Ashmont, according to Mr. Gullion, principal of the present school which is also used for home economics, industrial arts and it is also the attention of the school nurse two days a week. There are also some other segregated activities in the present building that you will be glad to leave the additional facilities

The two rooms now being used for arts and industrial arts which will be offered next year will also be used for home economics, industrial arts and it is also the attention of the school nurse two days a week. There are also some other segregated activities in the present building that you will be glad to leave the additional facilities

The two rooms now being used for arts and industrial arts which will be offered next year will also be used for home economics, industrial arts and it is also the attention of the school nurse two days a week. There are also some other segregated activities in the present building that you will be glad to leave the additional facilities

But most of the year he is to be found in his Edmonton office keeping his constituents posted

Canadian Travel Bureau Making All Out Effort To Attract Tourists

By BEN MASON

EDMONTON — Touring is big business in Alberta, and efforts of the government travel bureau have their way, it will grow even bigger.

Blessed as it is with scenic wonders unrivalled anywhere in the world, Alberta already attracts thousands of visitors to her famed national parks every summer. And the money they leave behind makes no small contribution to the buoyancy of the economy.

With this in mind, the salesmen at the travel bureau are trying to sell the vast touring public on the idea of visiting Alberta in the fall and winter as well. Actually they have plenty to sell.

"Sunny Alberta" is often moniker in the winter than it is in the summer. And if the majestic Rocky Mountains are spectacular in July and August, they are even more so in winter when the lofty peaks are cloaked in snow. For winter sports enthusiasts, Banff and Jasper national parks already offer splendid skiing which could be developed even more.

Authority in Alberta, according to the travel literature, holds a special charms offered by no other season of the year. Days are usually bright, to sunny, and comfortably warm.

For amateur photographers, the autumn atmosphere in the mountains lacks the haze common in the summer and permits clear pictures. In addition, the trees are resplendent in fall shades which make sparkling color photographs.

Then, of course, there is the esoteric appeal to the sportsman. Few areas of North America offer more in the way of hunting — for migratory fowl, upland birds and big game.

This may sound a bit too much like a travel folder but it's the message the travel bureau is trying to put across to the public — especially the US touring public — and it's a message that can be interpreted in dollars and cents for the Alberta economy.

Even last year, when summer weather conditions were poor, more than 1,600,000 tourists visited the four national parks and spent $42,921,367. By the time this year is finished, the travel bureau estimates that 1,700,000 visitors will have spent $48,000,000 and that's big money.

To reach the public with its campaign, the travel bureau sends reams of folders, booklets and literature to travel agencies all over the U.S. and eastern Canada.

The number of letters received by the bureau is ample evidence that the campaign is achieving results. So far this year the Travel Alberta Building here has received more than 27,000 letters asking for information. Last year the figure was 20,000.

Alberta, of course, has its travel bureau to thank for all of this. It hasn't even been in it but Nova Scotia has its government travel bureau, and Ontario has one of the most elaborate and extensive ones. Alberta has scenic attractions of one kind or another all the way from the Peace River country in the north to the badlands of the east — to the Cypress Hills in the south. Most of these need only a little development to bring the tourists flocking.

If the tourist industry in Alberta has been good this year so has almost every other phase of business in the province according to a summary of statistics covering the first nine months of 1960.

First income from grain during the nine months included, a short record advanced by payments amounted to $106,424,000 compared with $104,802,000 for the same period of 1959. Livestock income, however dropped to $39,100,000 from $107,813,000 last year.

One of the best yardsticks of prosperity is sales of new motor vehicles and trucks. In 12 months to Nov. 30 there were 129,020 new vehicles registered in Alberta compared with 122,377 last year. Retail sales in the province totalled $1,042,852,000 last year. Retail sales in the province totalled $1,042,852,000 last year. Retail sales in the province totalled $1,042,852,000 last year.

The construction industry more than held its own, with value of building permits in the eight cities increasing 24.6 per cent to $138,181,877 from $102,814,852. Manufacturing industries allied to agriculture showed a gain of 10 per cent in capital investment. Placing [illegible] on the upward path with a 10 per cent increase in gross [illegible] and a 12 per cent increase in [illegible] over last year.

HOW... DOES A STRONG FINANCIAL SERVICE *Sell Groceries?*

The rural grocer is a little like the general practitioner — he cannot narrow his business down to specialization. His customers rely on him to provide them with a wide range of necessities.

To do this, he needs the services of a strong financial institution such as the Provincial Treasury Branches Drafts, loans, current accounts, money orders, safety deposit boxes are just some of the many conveniences of our progressive service. By working in close partnership and co-operation with the local Provincial Treasury Branch, the rural grocer can keep and serve his customers which will naturally increase his profits.

Today as never before rural families are making more and SPENDING MORE. For the grocer it is a healthy market with plenty of buying power.

The Provincial Treasury Branches are ready and able to help the many storekeepers of Alberta serve their customers efficiently and profitably.

Let's Eat

BY
IDA BAILEY ALLEN

"Your suggestion of baked tomatoes stuffed separately from the chicken or turkey, Madame — a good one, we agree.

"And better from the health angle, I feel," I added. "Sweetness and tenderness that often goes with stuffing before roasting both bird and stuffing may become contaminated even though refrigerated and reheated in the oven."

Usual Method

"For years, chefs have baked stuffing separately. Here is our usual method:

"Pile the stuffing in an oiled casserole, cover and bake 1 hour (about) done. stir in 2 or 4 tbsp. drippings from the roasting pan for that good meat flavor. Then bake uncovered until lightly brown.

"Have [illegible] per cup any special Chef [illegible] To make stuffing lighter and more digestible, add 1 tsp baking powder to each 2 to 3 cups of crumbs.

TOMORROW'S DINNER

Mixed Vegetable Soup

All Homemakers Are Loved

Recipes Requested in Note

* * *

Stuffed Fillets of Flounder: Heat 1½ tbs. flounder Rinse with salt, pepper and monosodium glutamate. Spread with savory meat bread stuffing. Roll up, place in the oiled compartments of a small baking pan. Add 1 tsp hot water. Top each fillet with 1 tsp butter or margarine. Bake 20 min. in a moderate oven. Pour 2 tbs. of the fish juices and brown. Serve with sauce of tomato sauce.

Savory Meat Stuffing: Mix 6 cups toasted bread crumbs with ½ cup melted butter or margarine, ½ tsp. seasoned salt, 1 tsp. monosodium glutamate, ¼ tsp. pepper, ½ tbsp. poultry seasoning, 2 tbsp. minced onion, and 2 tbsp. minced parsley. Then, stir in 2 tsp boiling water and 1 c. hot water.

Fried meatloaf. Prepare as in the preceding recipe with these exceptions — Use only ½ c. water and 2 tbsp. butter or margarine. Sauté very until golden brown in 3 tbsp. shortening.

Celery-Nut Stuffing: Prepare plain stuffing. Add 1 c. finely minced celery and 4 chopped pecans, walnut, filbert or blanch almonds.

Summer Stuffing: Prepare meat or fried stuffing, mash and add 1 lb. uncooked prunes.

The Chef's Choicest Fruit

Slit the shells in 4 directions. Place in a pan with 1 tbsp oil. Bake 5 min. in a hot oven. 400 deg. F. Cool. Shell and cut in bits.

Fry 2 c. fine enriched bread crumbs in ¼ c butter or margarine until yellowed. Add 1 tsp. salt, 1 tsp paprika, 1½ tsp baking powder, the chestnuts, 1 c. seeded grapes, ½ c cranberries, 1 tbsp. sugar and 1 small diced orange. Bake 1 hr. in an oiled casserole in a moderate oven.

A NEW PEAK OF DANGER

GRAIN MARKETING ADVICE

A [illegible] Canadian Pool Elevators [illegible] marketing [illegible] Grain Exchange Commercial [illegible] Winnipeg [illegible] The Commission was set up [illegible] provincial government [illegible] Canada [illegible] representatives [illegible] to [illegible] producers [illegible]

The Winnipeg Grain Exchange in its brief claimed that [illegible] should be left to the market place and that [illegible] handled inefficiently if suggested a dual system [illegible] with the Exchange operated freely [illegible] Wheat Board. The free market existed [illegible] the inauguration [illegible] were prevented [illegible] carrying [illegible]

W. J. Parker, president of Manitoba Pool Elevators told the Commission that the present marketing and commodity organization [illegible] Canada. He said it was [illegible] "best government-sponsored-in marketing that caused surprise [illegible] the suspicion [illegible] government's to get into the marketing business."

In Regina J. H. Wesson president of the Saskatchewan Wheat Pool stated that the Canadian farmer is competing against the national treasury of both exporters and importers alike. Almost alone among farmers of the world the Canadian farmer is carrying the full burden of producing, handling and marketing his wheat crop. He said it was "repellent to the average farmer and to the national economy to abandon the Wheat Board as the instrument of the Canadian farmer. The Regents of farmers to self support the cornerstone of democracy, though the Wheat Board because it has served things and because it offers the best prospect of reducing and ultimately eliminating the [illegible] characterized the wheat farmer of former years."

—Wheat Pool Budget

4-H AT THE ROYAL

Speaking from the R.C.A. Winter Fair at Toronto for Calls of the Land Radio broadcast was Lewis Homuralur [illegible] Halvorson, Alberta Minister of Agriculture, paid tribute of the aims of 4-H members and expressed appreciation of their work in Canada. "These young people are living an example and we hope they are alert and are giving a very good account of themselves here at Toronto."

Nor was this an isolated opinion. A note of thought was voiced to Mr. Halvorson by Lieutenant-Governor Clarence Wallace of Manitoba, a former 4-H Club Member of Toronto on Thursday. Miss Lorrie a Supervisor of 4-H Clubs for the Ontario Department of Agriculture. Her remarks are of high interest as showing the real way of life she has not made the position and

[illegible] as a result as a further [illegible] Canada has [illegible] it wars and [illegible] Miss Lorrie [illegible] 4-H Clubs were used during the present emergency of young Canadians a season of stewardship that will help them solve these problems.

HIGHER WHEAT YIELDS

Those big wheat crops we have been having in recent years have not come altogether as a matter of luck, and we are not flattering our wheat growers when we pretend that they are, states The Financial Post.

Since 1938 the long-term average yield per acre has been creeping up in the 17 crops to 1955, only four have fallen well below 17 bushels per acre. Five have been far above, and the average for the whole period has been well over 18 or about 20 per cent better than present.

That development is not surprising. With the war came mechanization on a big scale. Crops went in faster and were taken off faster. There was much less chance of weather damage.

In the old days much seed went into soil that had become to dry for good germination. It just wasn't possible to finish seeding in a matter of days as it is now. At the other end of the season snow and rain might damage much of the crop because there were not enough fine days for the long-drawn-out harvesting operations then followed. And agricultural science in the form of earlier-maturing and rust-resisting grains has also helped to boost production. So have weed killers and commercial fertilizers.

The Right-of-way at Intersections

Prime Minister St. Laurent and Premier Manning have proclaimed all the 1st. of December, 1960 as Safe Driving Day. It is a fact that a very large amount of time is spent by our Courts to see deciding cases resulting from motor vehicle accidents. The majority of these cases are cases where almost ordinary common two motor vehicles Although the Alberta Vehicle Highway Traffic Act clearly designates who shall have the right-of-way at all driver-motorists, the consideration of common law with the statutory provisions has made it very difficult to definitely forecast the result of any particular case.

Section 51 of the Vehicle Highway Act states as follows:

When two vehicles approach or enter an intersection at approximately the same time, —

(a) The driver of the vehicle that is to the left of the driver of the other vehicle shall have the right-of-way to the other vehicle except as provided in this part.

The words enter an intersection at approximately the same time" have been defined by the Courts as abiding the use of the law which states that the vehicle which enters an inter-section first shall have the right-of-way. It is not difficult to imagine the consequence where two vehicles not having the right-of-way enter the intersection first and become involved in an accident. The statutory right-of-way when the right-of-way of the driver of the right of the other is in fact disputed in this matter there are Court decisions to show that often the car on his left is given action the intersection in safety.

If a driver has the right-of-way in an intersection he is entitled to a proper lookout and if he fails to do so he is at fault, although the fault is not so great as that of the driver who has not the right-of-way. It was held that although also keep a proper lookout. The negligence of one driver does not relieve the other driver of any duty to use due care. The rule that a driver must give the right-of-way to vehicles to another driver approaching on his right is not an absolute one. Where the driver having the right-of-way still use rights of exercising ordinary care.

The fact that it is difficult to place the complete fault for an accident upon only one party has resulted in interpretation of the Contributory Negligence Act. If both parties are at fault and it is impossible to say that the negligence of the parties was the sole and effective cause of the damages the Act enables the Court to cause each party to bear that part of the damages as according to their degree of fault. It is that both parties are equally to blame does not always mean that it shall cost both parties the same amount of money. For Example —

Driver A and Driver B involved in a motor vehicle accident are found equally to blame for damages suffered by Driver A amount to $1,000.00. Total damages suffered by Driver B amount to $500.00. An equal division of liability would mean that B would pay to half of A's damages, that is $500.00 and A would pay one half of B's damages, that is $250.00

IN HOSPITAL

Shown wearing her son's hobbyhorse during Sunday's visit to her surviving quintuplets, who are left the Dionne Quintuplets for the Notre Dame D'Esperance hospital in Montreal, her father said it was unlikely that she would return. He said she had been very homesick for her children and had not been able to visit. It was the second time in a month that Marie has left the

GLENDON NEWS

The Annual Meeting of the Girls' Club, the Glendon Happy Gang, was held in the school on Thursday evening, November 26, with an attendance of 14 girls. The following slate of officers was elected for the coming season: President, Miss Joan Gregory; vice-president, Miss Marie Boudreault; secretary, Miss Lorraine Bula; treasurer, Miss Mary Pahyk. Auditors were Misses Mary Bouvert, Hilda Hagen and Patsy Krawchuk. The supervisors are Mrs. A. J. Laklan.

The Annual Meeting of the Glendon Curling Society was held on Tuesday evening, Dec. 29, and elected the following officers for the coming season: honorary president, Mr. Wm. Lander; vice-president, Charlie Rachenski; secretary, Miss Anna Bowers. Directors Mrs. A. D. Munro, Wm. Hindmarch, A. J. Laklan, Ken Martinell and Alex Kondraka are the Committee. Mrs. A. Bodnar, A. J. Shandro, Floyd Hatakeyer. Lister Committee Mrs. Wm. Kendrake, Philip Bodnar, Mrs. A. J. Laklan. Mr. Wm. Kendrake has been elected as caretaker and experts have the ice ready at a late date.

Mr. Nick Sopanski who has been engaged by the Board of Trade to put in an ice surface here has the job nearly completed and the rink should be ready for use by the weekend when quite a number of youngsters and others will try out the ice.

Mr. and Mrs. Peter Garyk had the misfortune last week to lose the greater part of their oats and the contents, including one sheet, over-heated pipe set fire to the attic of their home. Quick action by Mr. and Mrs. Garyk resulted in the fire being extinguished before much damage was done to the house, which is owned by Mr. P. J. Lahan.

Beaver River NEWS

Mrs. Robert Blake (Inez Cheshire) left on a week to join her husband in Montreal. She has been in Edmonton for a few days since her mother died in June. We understand her husband is to be transferred to Halifax in the near future. We hope they like the east and won't forget "Sunny Alberta" with the temperature at -30 and a foot of snow.

Miss Mary Miller of Edmonton spent a few days with her parents, Mr. and Mrs. Joe Miller, last week.

Among those spending a few days in Elk Point hospital recently were Geraldine Bendfield and Arlene Eigner.

We hear that a very youthful couple will be honeymooning in the States in the very near future. Owing to their tender age, I do not wish to disclose my names.

Lucien Vallee left last week for B.C to join his brother Malcolm who has been out there for about a month.

As some people in this district prefer to live behind the "Iron Curtain" I am sorry that I cannot give you more news from this district. So I hope you understand why some moves are seldom mentioned.

SEEDTIME and HARVEST
by
Dr. F. J. Greaney,
Director
Man Resources Development Branch,
Canada Department of Agriculture
Foreword by the following organizations:
Canadian Federation of Agriculture, Canadian Farmers, McClain, Farmers Union of Canada, Grain Growers Union, Soil Conservation Council of Canada
CONTROL "LOOSE SMUT" IN BARLEY
Barley farmers will be wheat in value among the grain crops grown in the Prairie Provinces. The gross value of the 1953 Western Canadian barley crop was over $171,000,000. As the average annual loss caused by this smut in barley in Western Canada is 6 per cent, the loss in money to prairie barley growers in 1953 alone due to this disease amounted to $9,000,000.
Good Control. Three distant kinds of smut attack barley—Loose Smut, Covered Smut, and False Loose Smut. Two of these, covered smut and false loose smut, can be controlled by treating the seed with an organo-mercury fungicide (Agrox C, Ceresan M, Panogen, etc.). The true loose smut of barley is carried from year to year deep inside the seed grain. Consequently, it cannot be controlled by treating the surface of the seed with one of the organic chemical seed treatments. By fact the best way to control loose smut is to use certified seed. The Registered seed provides an almost absolute safeguard to loose-smut problem in barley.
Certified Seed Growers. Until this year, field inspection methods have been used to determine the purity and germination of all pedigreed seed. Registration. This year, however, a new system—the crop-type test—will be used for this purpose. The following regulations governing loose smut of barley as recently announced by the Department, as determined by the embryo test, shall not be present in more than 0.1% in any grade of Registered or Certified seed. The crop or seed growers and seed firms must request that submit samples for "the embryo test" to the Plant Products Division, Dominion Public Bldg., Winnipeg, Manitoba; Saskatoon; or Lethbridge Bldg., Calgary). A fee of $2.00 will be charged for each sample test. Seed samples forwarded for purity and germination should be adequate for that purpose.
Assistance from Loose Smut. Plant and Seed Laboratories and Registered seed growers in 1953.

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Board, Edmonton

Safe Driving Day

I have mentioned Safe Driving Day before but because of its importance it deserves all the attention possible.

Safe Driving Day originated in the United States in 1956. It was proclaimed a National day on December 1st by President Eisenhower. It was a day when every motorist and pedestrian was asked all traffic rules and regulations and practice safety and courtesy on all streets, the purpose of inducting an injection to limit either to the right or left.

(3) When lamps are used for the purpose of indicating turns,

(a) the lamps showing to the front shall be located at the same level and as widely spaced laterally as practicable and when in use shall display a white or amber light, or any shade of colour between white and amber visible for a distance of not less than one hundred feet to the front in normal sunlight and

(b) the lamps showing to the rear shall be located at the same level and as widely spaced laterally as practicable and when in use shall display a red light visible at a distance of not less than one hundred feet to the rear in normal sunlight.

Regulation 1 10.3 of the Public Service Vehicles Act is

"1.10.3 (a) On and after January 1, 1960 no person shall operate or permit to be operated on any highway any Public Service Vehicle or commercial vehicle which is not equipped with fenders, covers, or aprons which afford adequate protection effectively against the spray or splash of water or the throwing of mud, gravel or other material onto the windshields of following vehicles

(b) Any Public Service Vehicle or devices as required by this regulations shall not be considered adequate unless

(1) the ground clearance is not more than two inches under all conditions of loading,

(2) such devices are at least as wide as the tires they are protecting.

(c) The foregoing provisions of paragraphs (a) and (b) of this regulation shall not apply to any vehicle or class of vehicles or any portion thereof while it is operated adequately afford the protection required

(d) No lights, signalling devices or reflectors required by The Public Service Vehicles Act or The Vehicles and Highway Traffic Act or by any regulations under the said Acts, shall be attached to the devices required by this section.

Speed Blowers

Regulation 6.8.4 of The Public Service Vehicles Act is

"6.8.4 Every owner of a school bus shall cause such bus to be mechanically inspected semi-annually in such manner as prescribed by the Board and supply proof of inspection as required."

This Regulation will not be enforced until the Highway Traffic Board has decided on the manner of check up

Let's Eat

BY
EDA BAILEY ALLEN

"In your opinion, is candy a suitable food, Madame?" the Chef asked.

"That's a good question, Chef," he answered. "All normally healthy children and adults like candy, and as an occasional accommodate amount of sugar a day, some of it can be in the form of candy.

"Of course, the right type should be selected.

"For breakfast, candy is not for Almond or other nuts, and for dessert, candy is not for a person overweight. Candy is a concentrated food, and should be eaten in moderation by those who are underweight.

"Candy is a valuable food for children, and should be eaten in moderation.

"Hard candies and nuts are not good for children.

"Raw or cooked sugar is a source of energy, and is necessary in the diet of every person. Sugar is a source of energy and is necessary in the diet of every person.

"Candy is a valuable food for children, and should be eaten in moderation.

"Hard candies and nuts are not good for children.

"Raw or cooked sugar is a source of energy,

Pioneer Farmer Of The Owlseye District Passes Away In St. Paul

Elmer Lamson

Elmer Lamson, born in Cato, Norway in 1877, came to South Dakota, U.S.A. in 1893 at the age of seventeen.

He there met and married Miss Bel Johnson in 1911. The same year he and Mrs Lamson came to Alsidene where he took up homestead and was one of the early pioneers in that part of the country. They farmed there for 36 years and had a family of three daughters.

Mr and Mrs Lamson were very active in community life and their home was always noted for generous hospitality to all who came that way. They did a great deal to establish and keep up the early Church and cemetery at Alsidene.

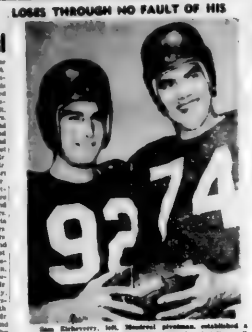
In 1947 they retired from active farming to live in St. Paul where Mr Lamson passed away in November 13th., 1955. The funeral was held from the Uncle's Church and burial was in the church cemetery November 16.

Pall bearers were Mr. N Marier, C Gibson, C Cooper, W Dahlstedt, H Dahlstedt, A. Hellerud.

Mr Lamson is survived by his wife Mrs Anne Lamson; three daughters Mrs Bessie Mayes, Edmonton, Mrs. Grace Mattern, Boston, Mrs Lorraine Kennedy, Bryton, Alta Also five grandchildren.

Flowers and cards were received from The Family Irene, Lars and Lewis Grace and Mattie Everards Jack and Family Clara Bason and family Johnson family

LOSES THROUGH NO FAULT OF HIS



Stan Eichenwyt, left, Montreal pivotman, established a Grey Cup passing record at Vancouver Saturday, but it wasn't good enough to beat the redoubtable Edmonton Eskimos who won the game and record on to win the game 34-10 with a ground offense which proved decisive superiority over the east. With the Alouette Quarterback in offensive end Doug Mitchell.

CARD OF THANKS

Mrs. Lamson and daughters wish to express their sincere thanks to those most sincerely the many kind neighbors and friends who helped them in their recent sad and bereavement. They would like especially to thank Rev. Desmond Wm. Stevens and Pres. Bain Funeral Home and staff of the Thurmes Hospital whose care were most kind and helpful.

Fish & Game Convention

Convention of the Fish and Game Association for North-East-ern Alberta was held in Vegreville Armouries recently with forty delegates in attendance, representing approximately 20 associations.

R. Lafond of Viking, the regional representative, occupied the chair.

The following delegates were introduced.—

Goddard Laney, vice-president, Viking, G. H. Bingham, secretary-manager from Calgary; R. B. Watkins, supervisor of fisheries, Edmonton, Harry Cornwall, vice-chairman, Alberta Wild and Game Protector Lacombe, Airdrie. Mr. Thomas, biologist, fisheries department, Edmonton Bert Freeman, game inspector from Lamont Ken Watts regional representative Edmonton Herman Hennig, regional representative Pemberton George Orr regional representative St. Paul

Altogether about 70 resolutions were introduced dealing with Sunday shooting, fishing of lakes with fish, party boat shooting of pheasants and the appointment of more game wardens.

A film "Yukon Safari" was shown for the first time in Canada.

—Vegreville Observer

New Series Of Farm Talks

TO THE HOMEMAKER
District Home Economist
By MISS ELSIE KIRKHAM
St. Paul

A new series of farm talks by Grant MacEwan, well-known Canadian agriculturist, started on November 20, and will continue every Sunday on radio stations throughout the greater provinces. Entitled Common Commentary, the new 15-minute program will deal with a variety of farm subjects.

Grant MacEwan, former dean of agriculture at the University of Manitoba, and now Member of Provincial Legislature for Calgary, was born in 1902, from pioneer parents who farmed *north of Brandon, Manitoba*, and at Medicine Hat, Saskatchewan. From the home farm in the West, he attended the Ontario Agricultural College, graduating in 1926. Later, he did post-graduate work in science at the Iowa State College

For some years following, Grant MacEwan held senior positions with the University of Manitoba and became widely known across Western Canada for his public service especially in the fields of writing, lecturing and in the provision of fairs and exhibitions

At present he is president of the Men's Canadian Club of Calgary, chairman of the Agricultural Bureau of the Calgary Chamber of Commerce, Honorary President of the Western Canada Fair Association, president of the Pal mino Horse Association of Canada, vice-chairman of the Western Development Museum, Alderman in the City of Calgary and M.L.A. for that city

As an author, Mr MacEwan has written regular contributor to various magazines and has seen seven of his books published, some of the seven, four were technical books concerning agriculture and animals and five remaining three have had to do with the history and development of Western Canada. His most recent books are Between the Red and Rockies, Sodbusters, and Agriculture on Parade.

Common Commentary can be heard every Sunday from a number of radio stations in Western Canada.

LINDBERGH NEWS

Brrr! It's cold! Snug was supposed to be the coldest place, but it has nothing on Lindbergh. Of course -40 isn't so cold as it can get here.

However, the work at the curling rink goes on. The rink is being flooded now and should be ready for use very soon. All you curlers and non-curlers better get your minds tuned up. All entries must be in by December 15.

We have a very talented man in our midst. Mr. Alf Pakeley has quite a collection of novelties a rocking horses, etc., that he has made. Drop in and see them some time.

We are sorry to hear that Mr. Greene is ill in the hospital. We hope he has a speedy recovery.

Mrs. A. Passmore has gone to Prince George, B.C., for a visit with relatives.

St. Paul JOURNAL

Curling Club Holds First Annual Meeting

The Elk Point Curling Club held its first annual meeting Sunday, December 11th, with a large group of enthusiastic curlers in attendance.

The slate of officers elected for the coming year is as follows.

President, Mr H Bowker; Vice-Press Mr C V Rose vice-pres., Mr E W Eaton, Honorary President Dr F G Miller, Draw committee, Mr W Mutherland Mr W Dereshuk, Mr W Dyrda

Plans were made for opening the season curling with a Mixed Bonspiel to be started on December 5th.

The financial standing of the club is the best it has been for several years. A skating rink on the free rentals the same as last year, and that no one would operate the ranch rounter

All those interested in curling contact any member of the draw committee at once

Farewell Party For Mr. and Mrs. Haresyn

A farewell party for Mr and Mrs Pete Haresyn and Mrs Haresyn Sr was held at the latters home west of Elk Point last fall night. An enjoyable evening was spent.

Doris and Pete were presented with a steam iron while Mrs. Haresyn Jr. received a cedar chest bedspread. The whole family, including their small daughters and his sister Lily and brothers George and Steve plan to move to Vancouver

The good wishes of the district go with them.

Local News

Dr and Mrs. F G Miller, Dr Hunt, and Fred Andrushak were the lucky people from Elk Point who managed to obtain tickets and were able to attend the Grey Cup game in Vancouver Mrs Mac Kovach did the next thing, saw the game on TV while in Edmonton on Saturday. The Maple Leafs lost the game with special interest as Bernie Ruzsa is a cousin of Joe's.

Miss McDonald, whose home is in Fort Dorr has joined the Elk Point hospital staff as O.R. nurse and will relieve Miss L. McCollum on matron while the latter takes a lengthy holiday after the new year.

Mrs. Fred Andrushak has been assisting with the office work at the hospital for the past couple of weeks.

Mrs. George Bloom has her daughter from Saskatchewan visiting with her. Mr. Bloom is still in the hospital.

We are glad to know that the latter plans to make her home here with her mother at Elk Point Mr Bakan who now resides in Montreal is wanting his brother in Edmonton but will be back in town before returning east

Mr and Mrs Nick Borbon who have been living near Mundare while Nick had his trucks on the gravel haul on Highway 16 are home again for the winter.

Congratulations and the best wishes of the community are extended to Frances Lasarsden and Jim Kettges who were married in southern Alberta recently.

Elect New Slate Of Officers

The recent annual meeting which was held at R. Flanders proved to be very interesting.

Don Pinder was re-elected secretary, R Flanders, President F Mail, vice-president and Mrs Babcock, Mrs. Hoible, Mr and Mrs H Pinder and Mrs D Pinder as directors.

Mrs Hall was elected to attend the Annual Convention in Edmonton.

It has been suggested we change our meeting time to evenings. We would like to get the opinion of you members at the next meeting which will be held at the home of S Hoible on December 16th. at 8:30. p.m.

We would like to take this opportunity to thank the people of town and district who so generously supported our Bingo party last Saturday night.

Banquet & Dance For Brigade

The Elk Point Fire Brigade enjoyed a banquet and dance at the Legion Hall on Friday, Nov. 25th, with Mayor Habzak acting as M C Mr Germaine, Fire Chief from St. Paul gave a very interesting address Local speakers were Pete Yewchin, Elk Point Fire Chief and Mr. Doug Tyson.

The Brigade wishes to again thank Mrs. Krutik who catered for the excellent turkey dinner

SANTA IS PREACHING FOR HIS BIG DAY OF THE YEAR

It takes posture to handle a group of reindeer, and Santa has to make sure there'll be no delay in his Christmas Eve delivery. He here he is with a "Gee, Haw" and "Whoa, Dancer!"

—Courtesy Free Canadian

he sits to his sleigh holding the reins and showing all good boys and girls that he intends to be their down soon.

HEINSBURG NEWS

Mr and Mrs Ken Bolton spent a few people sick and in hospital Lila Sharkey is back there again as is Mr Montgomery Roy Jones had his appendix removed and is recuperating splendidly.

Mrs. Wilson's mother in Bonnyville suddenly ill and Mrs Wilson left her curling to go to her mother's aid.

Babe Sharkey has done more or less usual painting and come out best with a brand new truck

Miss Elizabeth Lypsey was quietly married to Mr Harry Zayse on the 19th of November Miss Cecile Parenteau is working in St. Paul now

The card soup we had here last Sunday night got a few farmers out of communism, namely the Hoel, Red and Whelan and N Mykituwe. The insense makes the oil puff and farmers don't function properly without oil.

The local bonspiel got away to a flying start with 16 rinks entering. Mike Sarsa took the Grand Challenge when he beat Paul Bock

Mr Hunt won first in the 2nd Event when he won over Frank Bendixen. Make sure you have your season ticket from secretary E. Trachuk and get all the curling you want.

Mr. Schmutka will be having movie shows here every Saturday The one held last week was very poorly crowded, as the majority weren't aware of one.

The Students Union will be sponsoring a bingo bingo on Dec. 16. There will be over $50.00 in prizes. Most of the tickets will be sold in advance so get your ticket early from any of the students or the Bingo committee.

Hometown Elk Pack. Hockey comes locked horns here Sunday with Heinsburg coming out on top with a 8-4 score.

Daily High And Low District Temperatures

Record high and low temperatures were as follows:

Nov. 21 2 and -12; Nov 22 6 and -8, Nov. 23, -12 and -25 Nov 24, 6 and -18, Nov 25, -3 and -9, Nov 26, -6 and -10, Nov 27, 0 and -21; Nov 28, -6 and -20

Saturday December 3rd is the date of the W.A. annual Bazaar and Tea at Zavadsky's Showroom. This is an opportunity to select some interesting Christmas gifts from the usual assortment.

The December meeting of the W.A. will be held at the home of Mrs Jos Trudgen on December 7th All Ladies who are interested in the work of the church are cordially invited to attend.

Junior High Holds Volleyball Party

A valley ball party was held on Thursday, November 24th by the Elk Point Junior High Grade 9 class. Fifteen pupils attended. After the games, supervised by Mr. Bodale, doughnuts and coffee were served.

Recent Births In The Elk Point Hospital

Congratulations are in the air these days as Mr. and Mrs. Marcelle Cros of Frog Lake, a girl.

Good Attendance By Parents

The Elk Point Welfare Association held a meeting at the School Hall, November 22nd, and it was very encouraging to see so many of the parents present. The President Dr Weyerinck, did a excellent speech and explained the purpose of the Welfare Association and their duties.

The General Meeting followed in which the leaders of the various Guides, Scouts Brownies, Cubs and Rangers reported on what they were doing and what they are expecting to do. It was very interesting All election of officers followed with Chairman Dr Weyerinck, Vice-Chairman Mrs Flanders Secretary Mrs Dyrda Ladies Auxiliary Mrs Tyson, Mrs Holden, Mrs Soldan

The meeting ended with the ladies serving doughnuts and coffee

Tag Day Held For The Blind

On Saturday, November 19th a tag day was held, under the direction of Mrs Hatchard and Mrs Sumpton was held at Elk Point.

Despite the chilly weather Judy Fischer, Janet Tyson, Carol Parenteau, Jean Mulholland, Jill Parenteau, Joyce Jacobsen, Donna Lander, Delores Parenteau, Marion Tomkow, Emma Hatchard, Dianne Krunik and Fern Mah solicited in homes and on the street to help those who have lost their sight

Because of some rather large donations by a few citizens, the total sum realized amounted to $69.89.

Install New Board In Phone Office

The residents of Elk Point may be interested to know that another switchboard is being installed in our local phone office This improvement is necessary to provide uptime service to all who are on the existing 21 and 22 number circuit on occasions one hundred subscribers The centre of allow connections are completed and it is to be hoped an installation crew will be here in the very near future to finish this project.

On behalf of the telephone staff at Elk Point, I would like to thank the people who are awaiting service for their patience and understanding regarding the delay It has almost been made possible

We would also suggest that anyone who is interested in having phone services put in this winter to make application further delay

Hornets Split On Doubleheader Over Weekend

Free For All Brooks Out Second Period

St Paul Hornets, taking to the ice for the first exhibition game of the season went down one and one to split a weekend doubleheader with Barons & Bulldogs of Edmonton. They lost the first encounter Saturday night 5-2 and 4-3 on Sunday.

High pressure built up from the opening whistle with both teams throwing everything they had, including elbows, knees, boarding trips, all of which kept a steady parade to the penalty box where the boys did double tobacco duties. Nine penalties were handed out.

The 1st blow off at the 18 minute mark of the second trig gered the [illegible] incident between Hornets Roberts and Ed. Hefler. While referees stood by idly watching the fight, coach Dion stepped in to intercede, was attacked and in turn let go with a terrific wallop at Vic Reiger who crawled out from under the pile of players and went bleeding badly with a gashed lip and nose. It was not broken as had first been reported

Off to the penalty box went Roberts and Dion for four minute fighting majors and Dion a major for drawing blood

The disgraceful incident started St. Paul out and in the five-minute power drive with advantage. Dalton scored two goals while were shorthanded. The outcome of the game. The third period was "mess" as a bumb" compared to the violent outbursts of the second. The first, no penalties being handed out.

The game was held scoreless until 10 minutes had been clocked off. Bob Lister of Edmonton rifling in the first goal on an assist from Al Green. They swapped ahead with another loser from the stock of Cal Howard, before the Hornets stung back on a relay featuring Marshall Dahl, George Pundich and Lorne Kitt. The second period scoring ended at the 13 min line when Bain, single handed, fired one between the pipes to give Barons and Dalton a 3-1 lead after the third period.

In fifty seconds after the hunt, Dick Breton, Cal Howard and Bob Lister on the offensive beat Clearwater St Paul's second and last goal was engineered by George Pundich, at 16:35. Ed Bolter cinched it for the opposition with a final goal at 19:15.

* * *

Clean Hockey Played Sunday

With a good night's sleep and plenty of time for reflection, players took the ice Sunday in better mood and played 60 minutes of fast, hard, but clean hockey, netting only two penalties. St. Paul got the edge of this one by a narrow score of 5-4

If the shots on goal are any indication of the play, Hornets deserved to win on that basis In the first period it was 10 to Barons, 7 on St Paul; second 23-11; third, 13-18.

First period of play saw the Hornets turn on the power for only two goals of the quarter At 11:32, Roberts, Marshall and Dion combined to hit on a repeat performance by Kitt, Pundich and Setschead.

The third visiting lead was quickly offset in the second, as the Dutton boys teamed in of 35 seconds for their first by Howard and Bain; at 2:02 Brandwright tied the game with a loner; at 3:04 Bolter on his own put his team one ahead. St. Paul tied again at 8:30 with Dahl scoring the honors, helped by Pundich. Bain made a beautiful goal on an extraordinary rebound from behind the net which perked him up perfectly Pundich, Kitt and Dahal tied or up again at 8:50 and Dion, at 16:45 pushed the Hornets ahead on a lone shot handling effort

Third Period went scoreless with one penalty to George Valliers for slashing on the dying minutes the short, Burns and Dalton pulled its goalie and threw 6 men against four in a desperate attempt to tie up the score Hornets had four shots at an open net, missing each time, except Dion who centered it, but was offside.

EDMONTON FLYER COACH ADDRESSES SPORTSMEN

Edmonton Flyer's head Coach, Bud Poile, (in tuxedo) left, is representing the merits of hockey and sports generally to a large audience at a Sportsmen's Banquet held Wednesday at the Parish Hall. Chairman of the evening is Ab O'Driscoll, manager of the St. Paul Hornets and Hal Powers, sports Editor of the "Edmonton Journal" are attentive listeners to Bud's interesting stories on hockey in the big leagues and in the smaller communities.

Sportsmen Boost Hockey Club

Bud Poile, Edmonton Flyer Coach Main Speaker Of The Evening

An experiment — Sportsmen's Dinner, tried for the first time in St Paul was conducted successfully with the support of over 300 St Paul and district fans who paid $5.00 a plate to mount the Hornet Hockey Club along on its way in the Eastern Alberta Hockey League

The Parish Hall was well filled with sports and an impressive list of sporting guests which included Bud Poile, coach of the Edmonton Flyers, along with Hornet of his boys. Cullen Bannvort, starry Goalie from Three Rivers, Quebec, Billy Mellend and Hal Powers, Sports Editor of the "Edmonton Journal." Maurice Carter, prominent sportscaster from CJCA. Clarence Mc-Kay, scout for Detroit Red Wings, Al Lacke, vice-president of the EAHL, Vermilion, Jim Davidson and Red Carr, representing the Edmonton Exhibition Association.

Mayor John Van Brabant, and old sport himself was starting off the evening's program with many three years ago, made the initial address of welcome. He was pleased to note strong unity in St Paul sporting circles which, he said, augured favored itself to other communities and centres and pledged his co-operation and assistance to the advantage and benefit of the town.

The Chairman introduced Maurice Carter, never at a loss for words, gave an interesting address on Paul Sports. Other speakers were Mr. A. Lacke, Gillie Beaver, a few words in French, and Clarence Mckay

Entertainment was provided by several renditions from the St. Paul Quartet, including Ted Paradis, bass, Joe Biolit, 1st tenor Laurence Richard 2nd tenor, Paul Letourneau, bass Mrs Paul Letourneau, accompanist at the piano. A National Hockey League playoff film was shown along with few of Vic Reiger's baseball stories.

The Ladies of the Altar Society catered for the banquet and were highly complimented for the sumptuous food served.

* * *

Thanks were offered to the St Paul Co-op for its donation of a gross of sticks and LaBrecque Motors for purchasing new crests and stockings for the boys

Herme and Pitfield, wholesalers have sponsored the printing of schedule programs which are available at the Journal office to anyone wishing such. St. Paul Beverages will supply cases of soft drinks to be posted in business places Due thanks and appreciation were given for the above contributions

Bud Poile and that hockey, or any sports need not be commenced by parents as a distraction from educational pursuits, that their farm clubs provided an educational system for kept taken under their wings

It was remarked by Mr Poile that a youngster from the district was spotted at a hockey school held in the arena. Two more such schools will be planned for St Paul during the coming season. He stressed the importance of youngsters to conditions themselves for a sporting career

Bud Poile was introduced to the sporting fraternity by Level J Parker an old athletic himself, who gave an impressive review of the Edmonton Coach's background and qualifications as a sportsman

The visiting sportsmen were taken on a tour of the arena and impressed by the big sporting plant. Bud said that with consideration in the future, should be given to artificial ice.

Maurice Carter, never at a loss for words, drew an impressive picture of the St Paul sports. Other speakers were Mr. A. Lacke, Gillie Beaver, a few words in French, and Clarence Mckay

Entertainment was provided by several renditions from the St. Paul Quartet, including Ted Paradis, bass, Joe Biolit, 1st tenor Laurence Richard 2nd tenor, Paul Letourneau, bass Mrs Paul Letourneau, accompanist at the piano. Attend Regional Parish Skating Jaycee Meeting Rink Officially Opened By Bishop

Winter regional meeting of Northeastern Alberta Junior Chamber of Commerce met in Edmonton last Sunday with four St Paul delegates present Mr Ted Paradis, president Bob Brede, Paul and Louis Letourneau.

Other regions represented were Vermilion, Lloydminster, Red Deer and Edmonton

The afternoon meeting was dedicated to the discussion of proposed and past projects and coordination of Jaycee work on the provincial level

Curling Rink Is Given New Hardwood Floor

Walking into the St. Paul Curling Rink one almost is at a loss to ... so much so that upon coming over glass ceiling on the hard wood floor, it is hard to walk across to the ice with rubbers on and not feel guilty sensing that the "cold lady" will take off after you with a broom.

The atmosphere is cool cozy with a certain look on the ceiling of white with green trimmings all about, and done, understand, by one Berney Richard who donated his service

The old lunch counter has been thrown out and a tailor-made job borders the indoor rink which ... from which a luring aroma of sizzling hamburgers and coffee offers the tired curler delirous refreshment

And it was on exactly that kind of an atmosphere, that members of the club took to the ice for the first drivers of the season on Monday

Five sheets in full swing, cracking to the shid of three brand new rocks as curlers to bring a full complement of matched rocks into play

Twenty-seven men's rinks a ... right ladies entries lined up for the first draw. There are still even a dozen curling applications which have not been acted. There is an urgent need for volunteer skips to take over control of these new members to boost up the club membership Request is being made by the executive for skips to come forward and offer their services which will be gratefully appreciated. Contact president Bert Centre or Secretary Ray Fulkrison as soon as possible so that the season's local draw can be completed expediently.

Sparedusters Plan First Dance Of Year

A meeting of the Square Dancers, in the month of December, was held at the home of Mr and Mrs Leon Joly Square dances for the month of January were decided on The first dance of the new year will be held on January 14, with Harold Schacher of Bawlf doing the Call. This will be the first time Harold and Irene have been in St Paul, and it is hoped that a good crowd will welcome them At the dance After the meeting a tasty lunch was served by Mrs. Joly

Accompanying Alex and Milly Schuhmacher to the dance at Vermilion on December 1st, were Pauline and Roland Audette and Nan and Fern Dumbrell All had a good time Alex did the calling for the dance

A good number of square dance enthusiasts have signed up for the Christmas dance lessons which will be taught his second week in January It is hoped that many more will give their names and join in the fun

OBITUARY

Mr Ole Martin

On December 1st, Mr. Ovella Martin of St Vincent passed away at the age of 77 years. He leaves to mourn his loss one son 2 daughters Leo of St Vincent, Mrs Edward Schuyten and Mrs. Rose Gretton of Malling, also 3 brothers Jo Gerbers of Malling, Mrs. Georgiana Gagnon of Thorsen and Mrs. Lucie Bard of St. Paul.

Funeral services were held on Monday, December 5th, at 10:00 a.m. at the R.C. Church, St. Vincent. Rev. Fr. Chalifoux officiated and interment was made in the church cemetery.

Pete Dale Funeral Home of St. Paul was in charge of funeral arrangements.

Rise in Cost Of Christmas Trees

—Ontario Press Committee

You will nearly pay more for your Christmas tree than year. Demand for Canadian trees in the U.S. is far greater than ever before and that is sending the price of trees way up for the cents or more that it cost to import them from the U.S. Trees are also scarce and it takes a long time to grow them. Some trees already sold will cost...

OBITUARY

Mr Wasyl Odewichuk

On November 30th, Mr Wasyl Odewichuk of Glendon passed away at the age of 77 years.

He is survived by his loving wife, Mrs Martha Odewichuk of Glendon, 4 sons and 2 daughters Leo of St Vincent, Mrs Mary Smyniuk and Mrs. Rose Gretton of Malling, also 3 brothers Jo Gerbers of Malling, Mrs. Georgiana Gagnon of Thorsen and Mrs. Lucie Bard of St. Paul.

Funeral services were held on Monday, December 5th, at 10:00 a.m. at the R.C. Church, St. Vincent. Rev. Fr. Chalifoux officiated and interment was made in the church cemetery.

Pete Dale Funeral Home of St. Paul was in charge of funeral arrangements.

GO EASY WHEN IT'S ICY!

TAKE A TIP from "Slippy" the PENGUIN and DRIVE with CARE, COURTESY CAUTION ON ICY ROADS

FOLLOW THESE RULES FOR SAFE

WINTER DRIVING

1 Accept your responsibility Do all in your power to drive without accident Be prepared and meet the situation

2 Get the 'feel' of the Road. Try brakes occasionally while driving slowly and away from traffic Remember you can't stop on an icy dime

3 Keep the windshield clear of snow and ice, fog and frost. You have to see danger to avoid it.

4. Use tire chains and good tires. Don't rely on worn smooth tires. Use tire chains on snow and ice They cut stopping distances about half, give 4 to 7 times more starting and climbing traction ability.

5. Pump your brakes to slow down or stop Jamming them on can throw you into a dangerous skid.

6. Follow at a safe distance. Keep well back of the vehicle ahead — give yourself room to stop. It takes 2 to 12 times as far to stop on snow and ice as on dry concrete.

1956 CHEVROLET

Improved performances and a freshness in styling that extends throughout the three series of passenger cars headline advances in 1956 Chevrolets. The new-passenger station wagons and two four-door sport sedans will be new-comers among 18 models. Front ends will be made more rugged, appearing in a re-design of grille and forward sheet metal. Models have a lower, longer look with new rakish, unique tri-tasking and tasteful interiors give each of the series complete distinction. Engine choices include V8s and a more powerful six cylinder.

Modern lines of the 1956 Chevrolets are evident in the above view of the Bel Air sport sedan. Frontal appearance has been smartly altered by new sheet metal and brightwork.

GLENDON NEWS

A wedding of interest to the people of Glendon and district was solemnized in Tel Aviv, Israel, Saturday, November 26th, when Miss Rose Marie Danyluk, daughter of Mr and Mrs Paul Danyluk, became the bride of Count John Dawie of the Canadian Embassy Travelling by air, Miss Danyluk left Edmonton on TCA on November 20th., with the Count to meet in Montreal From there she travelled across the Atlantic by North Star with a brief stop-over in Northern Ireland and a two-day stop-over in London on an unit of foggy weather Making good use of the time Miss Rose Marie visited many places of interest in the city of London The last stop was at Paris where she spent some time before continuing her flight to Israel. Being one of the popular members of Glendon's younger set, Miss Danyluk was entertained on a number of occasions before her departure She was given dinner parties at the homes of Mr and Mrs Tom Warrack, Mr and Mrs A Kisick as well as a public reception in the Glendon Community Hall. The best wishes of their many friends go to Mr and Mrs Dawson for a long and happy married life.

What might have ended in tragedy was averted last week when Mr William Wanasik found his brother Peter in a semi-unconscious state in the house owned by Mr Herb Wuthrich, who had been absent for some time on a hunting camp near Lac La Biche Dr Wo. Pawluk was hastily summoned and the victim taken to the Glendon Hospital where he soon recovered It was thought that a faulty propane installation was the cause of the trouble

Implement Men Elect Officers

Officers for the coming year were elected at Tuesday's session of the Alberta Retail Implement Dealer's Association in the Corona hotel The two-day convention ended with a banquet and dance

New officers include president, Matt Ford, Clevelore executive vice-president, Wilfred Conway, St Paul, vice-president, E. J Harrington, Wetaskiwin

Elmer Roper, provincial CCF leader, spoke at the Tuesday night banquet on the topic "Observations of a Hobby Farmer." Mr Roper commented on the surplus of food in a hungry world, pointing out that more than a 1,000,000,000 of the world population goes to bed hungry every night

Large Attendance At Vermilion Jehova's Witnesses Assembly

(Contributed by Floyd Austin, Assistant.)

The Assembly of Jehova's Witnesses held at Vermilion, Alberta December 3-4, 1955 finished with a grand climax with the Public Address "Overcoming the Fears of This Generation" by C. E. Haysmith, a representative of the Watchtower Bible and Tract Society Speaking to a capacity audience at the Columbia Theatre, the speaker pointed out that Satan the god of this world, is the cultor of fear and the one primarily responsible for the fears of this generation

World conditions are such that a marked change has taken place since 1914 when the last census was taken never to prevail days In prophecy recorded in the Bible find their fulfillment in our day A sure indication that we are living in the last days of the system of things" said the speaker

Now is the time for repairing for the Kingdom for which Christ taught his followers to pray and for which Jehovah's witnesses are commissioned Mr H. M Howe Calgary and servant for Canada, and Norbert Alberta brought to the attention the responsibility we have for God and for neighbor for living on Earth to preach the good news of the Kingdom publicly and from house to house, as commanded by Christ Jesus

A children's and Young Ones' session for members very well.

Jehovah's Witnesses gratefully thanks the citizens of Vermilion for their hospitality and kindness shown toward the visiting delegates, at his preaching activity Also the purpose of the Assembly was to increase and step-up the work done massively with the use of the Bible to instruct in knowledge of what these world conditions mean and point people to God's New World of Righteousness

"Educating others for his own responsibility is the purpose of Jehovah's witnesses" he said In line with these many assemblies attended the free education-al film "New World Society in Action" At Mannville, Viking, Elk Point, Ashmont, Hairy Hill and Hythe In the near future many more conventions will have the opportunity to see this wonderful and interesting film

Following the main address Sunday afternoon impressive on European conventions were given by delegates who attended the one a week of these Assemblies

At the baptismal service Saturday afternoon held at Elk Point three persons were immersed Mr D M Howe Calgary and servant for Canada, and Norbert Alberta brought to the attention the responsibility we have for God and for neighbor for living on Earth to preach the good news of the Kingdom publicly and from house to house, as commanded by Christ Jesus

A children's and Young Ones' session for members very well.

Jehovah's Witnesses gratefully thanks the citizens of Vermilion for their hospitality and kindness shown toward the visiting dele-

By-Law No. 64 Of The Village Of Elk Point, Alberta

Besides to approve and confirm, that certain agreement between The Village of Elk Point of the one part, and The St. Paul School Division No. 45 of the other part, and dated the Third day of October 1955, whereby The Village of Elk Point agrees to transfer to the St. Paul School Division No. 45 part of Lot C Plan 4336-H W and pay the St. Paul School Division the sum of Eighty-five hundred and fifty dollars ($8,550.00) in consideration of the transfer of the said St. Paul School Division No. 45 to the Village of Elk Point, part of that portion of the North East quarter of Section One (1) Township Fifty-Seven (57), Range Seven (7) West of the 4th Meridian described in Certificate of Title No. 112-M-78, which part is described as follows:

"Commencing at the South West corner of the said parcel and proceeding easterly along the southern boundary thereof a distance of 120 ft. more or less to the westerly boundary of the said parcel; thence northerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel; thence westerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel; thence southerly along the west boundary of the said parcel to the point of commencement, RESERVING thereout all mines and minerals."

AND WHEREAS The St. Paul School Division has obtained the approval of The Minister of Education to said transfer to the Village of Elk Point title to which part of the said land is described as follows:

"Commencing at the South West corner of the said parcel and proceeding easterly along the southern boundary thereof a distance of 120 ft. more or less to the westerly boundary of the said parcel; thence northerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel; thence westerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel; thence southerly along the west boundary of the said parcel to the point of commencement, RESERVING thereout all mines and minerals."

AND WHEREAS the Village of Elk Point is desirous of selling the said land and building more particularly described in Certificate of Title 112-M-78 and hereinafter described as Parcel 1 and is required by the St. Paul School Division No. 45 to exchange the site for a school or schools in the Village of Elk Point

AND WHEREAS The St. Paul School Division has obtained the approval of The Minister of Education to said transfer to the Village of Elk Point title to which part of the said land is described as follows:

"Commencing at the South West corner of the said parcel and proceeding easterly along the southern boundary thereof a distance of 120 ft. more or less to the westerly boundary of the said parcel; thence northerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel; thence westerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel; thence southerly along the west boundary of the said parcel to the point of commencement, RESERVING thereout all mines and minerals."

AND WHEREAS the Village of Elk Point does not require for the purpose for which it was procured, Lot C containing one and seventy-six hundredths (1.76) acres more or less as shown on Sub-division Plan 4336-H W and Lot 1-57-7-W4th except that portion of Lot 1 described as Parcel 1 above.

NOW THEREFORE the Council of the Village of Elk Point hereby assembled enacts as follows:

1. That certain Memorandum of Agreement dated the third day of October A.D. 1955 whereby The Village of Elk Point agrees to transfer the title to Parcel 1 and to pay in instalments without interest to the St. Paul School Division, the sum of $8,550.00 in consideration of the St. Paul School Division No. 45 transferring to the Village of Elk Point Parcel 2 together with all buildings and other improvements presently thereon which said Memorandum of Agreement is marked "Schedule A" is approved ratified and confirmed.

2. That The Village of Elk Point do transfer title to St. Paul School Division No. 45 the said Parcel 1 and pay to the St. Paul School Division No. 45 the sum of $4,000.00 in instalments without interest as the number of the proprietary electors on the Schedule A

3. The Council of The Village of Elk Point do accept from the St. Paul School Division No. 45 a transfer of the title to "Parcel 2" which when registered will result in The Village of Elk Point having a clear title thereto including all buildings and other improvements presently thereon which said Memorandum of Agreement is marked "Schedule A" is approved ratified and confirmed.

4. That the 30th. day of December A.D. 1955 between the hours of 9 o'clock in the forenoon and the hour of 7 o'clock in the afternoon at the office of the Secretary of the Village of Elk Point in the Village of Elk Point shall be the day, hour and place a poll is to be opened for the votes of the proprietary electors on this By-Law.

5. This By-Law shall take effect on being finally passed by the Council of The Village of Elk Point after it receives the assent of the proprietary electors of The Village of Elk Point

P. Petrusky
Secretary-Treasurer
Village of Elk Point. -13

WHAT TRIPLE CROSS WHIT— Robert Corbraine, pioneer farmer at Grande Prairie, Alta., has been proclaimed the new world wheat king at the Royal Agricultural Winter Fair in Toronto. Mr. Corbraine, Alberta minister of agriculture, accepts the Canadian National Railways championship award on behalf of Mr. Corbraine. He is seen, right, receiving a cheque for $1000 and an engraved silver tray from M. A. Metcalf, of Montreal, C.N.R. traffic representative. Peter's Flying Fleece, Triple Crown winner, was on hand to dispatch the awards aboard the crack transcontinental.

BY-LAW NO. 65 Village of Elk Point

By-Law to approve and confirm that certain agreement made between The Village of Elk Point of the one part and Elk Point Gas Limited of the other part and dated the third day of October A.D. 1955 whereby The Village of Elk Point agreed to grant to Elk Point Gas Limited the use of the building situated on that portion of the parcel of land described in Certificate of Title 112-M-176 and described as follows:

"Commencing at the South West corner of the said parcel as described in Certificate of Title 113-M-170 and proceeding easterly along the southern boundary thereof a distance of 120 feet more or less to the said southerly boundary a distance of 66 feet and thence westerly and parallel with the southern boundary of the said parcel 120 feet more or less to the west boundary of the said parcel; thence northerly along the west boundary of the said parcel to the point of commencement, RESERVING thereout all mines and minerals."

AND WHEREAS the said parcel of land and building were agreed to be acquired by the Village of Elk Point in consideration of Elk Point Gas Limited paying one half of the money consideration therefore and the Village of Elk Point does not require the whole use of the said parcel of land or the sale and exclusive use of the building situated thereon.

NOW THEREFORE the Council of the Village of Elk Point duly assembled enacts as follows:

1. That that certain memorandum of agreement dated the 3rd day of October, A.D. 1955 whereby the Village of Elk Point agreed to grant to Elk Point Gas Limited the right to use the hall or auditorium at all required times not exceeding twelve days in any one year and also agreed to provide suitable office space and accomodation in the building situated upon that portion of the parcel of land described in Certificate of Title 113-M-170 and described as follows:

"Commencing at the South West corner of the said parcel described in Certificate of Title 113-M-170 and proceeding easterly along the southern boundary thereof a distance of 120 feet more or less to the said southerly boundary a distance of 66 feet and thence northerly and parallel with the southern boundary of the said parcel 120 feet more or less to the west boundary of the said parcel; thence southerly along the west boundary of the said parcel to the point of commencement, RESERVING thereout all mines and minerals."

hereinafter called and described as "Schedule A" of an agreement dated the 3rd day of October 1955 and made between the Village of Elk Point of the one part and Elk Point Gas Limited of the other part providing that this shall not bind the Village of Elk Point for a longer period than fifty years from the date that this By-Law shall have received its final reading, be approved, ratified and confirmed

2. That the 30th day of December, A.D. 1955 between the hour of 10:00 o'clock in the forenoon and the hour of 7:00 o'clock in the afternoon at the office of the Secretary of the Village of Elk Point in the Village of Elk Point shall be the day, hour and place a poll is to be opened for taking votes of the proprietary electors on this By-Law.

3. This By-Law shall take effect and become finally operative upon the passing of the By-Law of Elk Point affecting the assent of the proprietary electors of the Village of Elk Point

4. That the 30th. day of December A.D. 1955 between the hours of 9 o'clock in the forenoon and the hour of 7 o'clock in the afternoon at the office of the Secretary of the Village of Elk Point in the Village of Elk Point shall be the day, hour and place a poll is to be opened for the votes of the proprietary electors on the By-Law.

5. This By-Law shall take effect on being finally passed by the Council of The Village of Elk Point after it receives the assent of the proprietary electors of The Village of Elk Point

Will fertilizing pay on my farm?

Yes! in my work as an agriculturalist I've found fertilizer to be an important part of good farming.

Agriculturists, and over 100,000 prairie farmers, have learned from experience that fertilizing means better farming and bigger profits. Besides increased yields, farmers who fertilize reap additional benefits in earlier harvesting, improved quality, and control of weeds. Ask your Elephant Brand agent about the right fertilizer for your farm.

SWANSONG OF INDIA?

A SPORTING GESTURE

A consistent remark and one that was emphatically repeated more than once by sporting guests from Edmonton attending the Bonspiel and Dinner held Wednesday, was the fact that St. Paul turned out in such large number to support its hockey team.

To the organizers who trotted, probably without too much grumble, as it turned out to be, the whole show was a gratifying success from the point of distinguished personalities free, the sporting world of Edmonton and this vast north country district was represented to the success. And of course in main part to the attendance which made it a financial success and brought its moral support, worth much more.

We of the sporting fraternity were very pleased to be host to such personages as Bill Hunter, coach of the Edmonton Flyers Maurice Cartier, sportscaster for C.J.C.A. Hal Pawson, sports Editor of the Edmonton "Journal" Clarence Mather, Detroit Red Wing Scout and so on.

Particular gratitude is extended to those sports from our neighboring towns who assisted and here for the event we noted some from Elk Point, Thereen, Mallaig, St Lina and other points

The boost given the St. Paul Hornets is a vote of confidence in their efforts and that of their management

LOCAL CHRISTMAS SHOPPING

Too often we here of citizens of our town saving and preparing for a Christmas shopping tour of the city They go off with some good hard earned money that came to them through the co-operative efforts of the business in this locality who here and pay the wages and who, through their promotions make the existence of their town possible as a progressive community.

Granted this sometimes, your local merchants cannot supply some specific article you have dreamed about — and, secondly, you and us by not getting anyway in the race — and, the dreamed item or merchandise actual or near the value completely covered by insurance Better take steps

ST. PAUL INSURANCE AGENCIES

DO YOUR XMAS SHOPPING LOCALLY

You'll find everything you need for Christmas shopping, right here in your home community No better selection, anywhere! Shop locally, and you shop conveniently! Believe me, shopping is more fun too! You see familiar faces . . . exchange greetings — and, really get into the true Christmas spirit!

Your local merchants carry the same famous merchandise, at fair prices — plus convenient credit terms and exchange privileges found elsewhere — and give you a warmer, more personalized service. This Christmas, shop at home — more economically, more easily, more conveniently.

WATCH OUT FOR FIRE

Winter is a time to handle fire cautiously, according to A. E. Bridges, Provincial Fire Commissioner. Statistics shows that every year many thousands of dollars worth of construction have been the victims of unnecessarily fire.

A quick glance at the reported causes of loss of life should be itself be a fair warning.

(1) If you are careless in matches (2) If you overload your stoves and furnaces with fuel and neglect to clean the flues; (3) If you leave small children alone in the house; (4) If you are careless with cigarettes or have the habit of smoking in bed; (5) If you handle gasoline in buildings in open containers or glass containers; you or your family are in danger of death from fire. Avoid these conditions as you would a plague.

You get a lot of Christmas gift for a little money with the **ANSCO SHUR-FLASH CAMERA OUTFIT**

Contains the Shur-Flash Camera, synchronized for flash, modern version of the dependable box camera, and everything needed to take pictures indoors or outdoors, evening and all year long.

THE WORLD OF WHEAT
by
W. R. MALANDER,
Director,
CEREAL CHEMI CLEMENT LIMITED

From time to time, we are reminded of the stress that various countries are taking to improve the quality of their wheat. Earlier this year, for instance, the United States set out to raise the standard of its wheat by eliminating, through the medium of price discounts, any number of poorer quality varieties that have been grown in that country. More recently, reflecting England's progress to improve quality, a Red Spring Wheat variety established by that country at the Toronto Royal caused something of a sensation by placing eighteen in a class of thirty-eight in competition with the best Canadian spring wheat varieties.

The variety in question, Kogo 11, the result of many years of selection and crossing, was introduced into England from West Germany several years ago and for the past two years it has been undergoing extensive official test there under different local conditions. Some remarkable claims have been made both with respect to its yielding ability and quality and undoubtedly it is an improvement over the other wheat varieties that have been grown in Great Britain during the past few years. As such, its progress will be watched with a great deal of interest.

While the quality of Canadian wheat continues to hold the high place that it has always held in world markets and 4.3% utility wheats as Kogo 11 do not pose a direct challenge to Canada's high quality Manitobas, the fact that Britain may grow, in increasing quantities, a wheat of higher quality than has been grown heretofore, does mean that the gap has been narrowed. It will be all the more important, therefore, for Canada to maintain or even improve her present position as far as quality is concerned.

Social Credit Convention Passes Resolution For Dividend Payments

By BEN MARSH

EDMONTON — Delegates to the Social Credit League Convention in Calgary last week may have been just day-dreaming when they passed a resolution asking the government to consider direct dividend payments to citizens from natural resources revenue.

On the other hand, they may have been serving the provincial government as a function which Premier Manning called "Tryng a kite" — putting forth a controversial or radical idea for the purpose of testing public reaction.

According to the resolution, the dividend payment, to individual citizens would be made instead of continuing to increase government grants to municipalities. With the dividend payments, citizens would be able to offset higher taxes, and that would take care of municipal financial problems, according to the Social Credit-ers.

The resolution may have added significance in the light of a statement made by Premier Manning in the legislature last year, when he read the budget address. The premier hinted that at some time in the future the government might consider paying citizens participation dividends" in lieu of increased assistance to municipalities.

There is a startling similarity between the resolution and the premier's statement last year. Which lends support to observers who claim the Social Credit movement was being used by the government to put across a new idea.

If the idea was to obtain public reaction, it got quick results on Thursday of last week, the executive of the Union of Alberta Municipalities met in Edmonton and turned thumbs down on the proposal. The group, which represents Alberta cities and towns, passed a resolution asking the government to increase grants to municipalities.

Talk of dividends always recalls the promise of "basic dividends" made by the Social Credit party just before it swept to power in 1935. However, from the statements of Mr. Manning and from the SC resolution, there would appear to be a marked difference.

The dividends promised in 1935 were based on Social Credit monetary theories, and would have involved no extension of credit directly proportional to the production of goods in Alberta.

"Participation dividends" would merely give the individual citizen a direct share in the money earned from the industrialization of Alberta's natural resources.

When the premier speaks about dividends next year, he need they would provide another source of revenue for municipalities, and would prevent them becoming too dependent upon the provincial government for financial aid. In addition," he said, "the individual citizen would feel he was deriving direct benefit from the exploitation of Alberta's oil and gas.

There has been no comment from Premier Manning since the resolution was passed if the government is considering dividends, the big question is: How much will the individual receive?

It could hardly be $25 a month, as mentioned by Social Credit in the 1930's as that would exceed the amount to be won each month in the oil-rich Alberta.

Let's look at it on the basis of what the province estimates it will spend during the current fiscal year on direct and indirect aid to municipalities. The figure in the estimates is almost $47,000,000. On the basis of a population of 1,000,000 that would come to nearly $47 a year for every man, woman and child.

However, even if the government is considering such a scheme, there is no of knowing in advance what sort of formula might be devised for making payments. Undoubtedly, the premier will have something to say about the matter in the near future.

When considering any kind of increased assistance to municipalities, the government must wonder where it will get the money. According to the public accounts for the last fiscal year, released recently, the province had to take $12,864,793 from its reserve fund to make ends meet.

However, it must be pointed out that Premier Manning's government has been anxious to begin exporting Alberta gas as quickly as possible, and here is another potential source of great revenue which could keep the pot boiling for some time, possibly until municipal financial problems get back to normal. Whatever happens, the idea is interesting and Albertans will be awaiting further word from the capital.

* * *

Reports from Calgary say there is no "heated debate" over resolutions from Edmonton and Calgary SC groups asking the government to permit the sale of colored margarine. However, the 200-odd delegates unanimously rejected the proposal after Hon. L. C. Halmrast, minister of agriculture, said it would be a distinct threat to butter sales and thereby harm the dairy industry. There must have been substantial difference of opinion, since the debate lasted for an hour, but apparently Mr. Halmrast convinced those who rest convinced even those who sponsored the resolution to vote against it.

St. Paul

Are you one of those homemakers who has little or no spare time? If you are, then you will surely be happy to read that gifts can be made so quickly! You have probably a few more gifts, either to sew or buy as yet and have no idea what they will be if that is so, I have just the answer for you. For young or old why not make a pair of rippons.

The materials needed for these rippons are a set of four size 7 knitting needles, some old scraps of wool different colors preferred and a cotton yarn in a different color. Wind the wool into a ball about 3 inches in diameter having a 2-ply material to work with.

Cast on four stitches on each of three needles. Knit 2 stitches into each stitch. Using 2 needles knit 8 stitches on 3 needles, and 3 stitches on the fourth needle. Continue using four needles 16 stitches onto the 2nd needle and 8 stitches onto the third needle. Cast on 4 more stitches for beginning. Now start shaping the toe. First needle — Knit to within three stitches from the end, knit these 3 stitches together and turn.

Third needle — and one slip one knit one pass slip stitch over. Knit to end of needle. Knit two rows even.

Repeat from * until 18 or 20 stitches are left on the needles. Graft off here the end of the sock and the rippon is completed.

Ladies size — cast on 33 stitches.

Child 6 yrs — cast on 29 stitches, work until there are 13 ridges before you use four needle. Decrease to 13 stitches but only knitting one even row after decreasing and then graft off.

Child 3 yrs — cast on 20 stitches. Knit 13 ridges, then decrease to 13 stitches but only knitting one even row after decreasing and then graft off.

Any three colors put together for these rippons always make a pleasing combination. White is a good background color for your partner yarn as if you have a fine store string, why not use it.

I must not forget to tell you that the child's size only takes 2 to 3½ hrs to make depending of course, how quickly you knit and the child's pair will only take an hour plus a few minutes.

Sure our homemakers are always so short of time this is just for them. It can be picked up and dropped any time and before you know it these rippons a completed. Make several pairs for Christmas this year I am sure you will enjoy.

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Board, Edmonton

Braking On Icy Roads

Right at this particular time, I'm sure everyone has had some experience in driving on ice. Driving on ice or rather nerve-wrecking. Of course the percentage of control of the vehicle has been lessened so much that we just cannot afford to take a chance of any kind. Skidding automobiles have caused deaths and injuries to people, they have caused great amounts of property damage. Skidding automobiles have been the cause of many court cases, fines and payments made to satisfy judgments. If we could total the costs of skidding automobiles, it would stagger every driver.

A skidding automobile always invites its driver to apply the brakes and through our experience we realize that this is a dangerous thing to do. This invariably causes the vehicle to go into a spin. It seems almost impossible to control the vehicle once it starts to spin. With a little more pressure on our nerves and perhaps a quick look.

I am going to relate an accident which occurred on one of our highways some time ago when road conditions were bad.

The accident happened in March, a time when the hard surfaced roads were pretty with ice there would be a patch of ice and then a dry spot and so on.

Driver "A" was on this particular gravel highway and is was late at night. He had many experiences with his automobile and icy roads. Through his experiences he learned to reduce speed and not to apply brakes too heavily. As he proceeded cautiously along he noticed Driver "B" coming up from behind at a fairly fast clip. Driver "A" realized that "B's" speed was too fast for conditions so "A" slowed down to let "B" go by. As "B" had passed "A" and was cutting back on his proper side of the road, he hit one of the icy patches. Of course, his vehicle skidded to the left and he became excited and applied his brakes. This caused "B" to skid sideways. Then his vehicle hit a dry spot and over-turned. "B" was thrown out and was knocked unconscious. Driver "A" saw this and he applied his brakes gently and with his slower speed was able to bring his vehicle to a stop just one foot from the unconscious body.

Do you see the difference between the two types of driving? It was very fortunate for "B" that "A" didn't have the same habits. It possibly saved "B's" life. Anyway, it was very grateful to "A" for what he had done.

Coodridge News

A farewell party was held in Coodridge Hall on Saturday, December 3rd., for Mrs. Mary Gamblin, Pearl and James. Mrs. Gamblin left on Tuesday to join her husband at Rock Creek. We are sorry to lose two of our original oldtimers. Many of Mrs. Gamblin's friends turned out to wish her a hearty farewell. After many games and much rollicking a delicious lunch was served by the leading ladies of the community.

A recent Edmonton visitor was Mrs. Walter Bettcher and son Calvin. Mrs. Bettcher was accompanied by her mother, Mrs. T. Phipps of Mallay.

The monthly Credit Union meeting was held on Saturday, December 3.

FUA delegates, Mrs. Fanny Black and Mr. Sed Sengebau motored to Edmonton to attend the annual convention.

The FUA local will hold their monthly meeting on December 17. The delegates will be back to give their reports on the procedure followed at the annual convention in Edmonton December 5-8.

WEDDING

Married in the R.C. Church, Elk Point, Friday, November 18th, were Miss Mary Krestanovsky of Lake Eliza and Mr Peter Medal of Stony Lake. The bride is the daughter of Mr and Mrs. Tony Krestanovsky, Lake Eliza and the groom, son of Mrs. Katherine Medal, Stony Lake Father Emile Champagne officiated at the ceremony.

Given away by her father, the bride wore a net and lace floor-length gown, net crown with pearls and carried a bouquet of red and white roses.

The bride's mother wore a dark green dress with matching accessories.

Bridesmaids were Miss Jean Krestanovski, Lillian Krestanovsky and Nadia Petruk. Best man were Steve Berezinec. Mike Medal, Paul Medal Mrs. Rose Petruk was Matron of Honor and Bill Wrsta ushered the wedding guests.

A reception was held at the bride's home and a dance in the evening at the disney Lake Hall.

WEDDING

Of interest to the Elk Point district was the wedding, on November 19th., of Miss Agnes, of Bonfranck to Mr Steve Evanisk, both of Elk Point. They were the daughter of Mr and Mrs. Walter Stratanez and the groom, son of Mr and Mrs. Alex Evanisk.

Father Cherkavsky officiated at the ceremony which was held in the Northern Valley church.

For her wedding the bride chose a three-quarter length gown with 3 full skirts, one of which was styled with a train and the top skirt was of fine net and lace. The three-quarter length veil was also of net and lace trimmed. She carried a bouquet consisting of roses and carnations. Her shoes were of white satin with silver trim.

The bride's mother wore a wine dress with three-quarter length sleeves. Her corsage was made of white roses.

Bridesmaids were Elaine Wisnowich, Frances Petruka and Mary Wisnowich. All wore three-quarter length gowns. Best men were Pete Evanisk, Walter Mosuta and Johnny Zaynace.

Mrs. Doris Cogsett was Matron of Honor and Joe Vogel usher.

A reception was held in the King George Hall and was followed by a dance.

The couple will reside on a farm in the district of Elk Point.

Christmas services will be held in both Elk Point at 7:30 p.m. and Lindbergh at 2:30 p.m., on December 18

The annual Christmas concert put on at Elk Point by the Sunday School classes is to take place at 11:00 a.m. (on the same date) and will have in attendance, the Yahhoo Sunday School

good news for Car Owners...

Car Insurance Rates REDUCED

by "BOARD" Companies effective JANUARY 1, 1956

Most Car Owners Will Benefit... *average* Rate Reductions:

Private Passenger Autos- 12%

Commercial Vehicles- 9%

Other Changes to Benefit the Motorist Include:

BODILY INJURY, PROPERTY DAMAGE, COLLISION
Three-year accident-free motorists under Preferred Risk Rating Plan will receive an additional discount of 5% (i.e., discount increased from 20% to 25%). Also, a new classification will give TWO-YEAR accident-free motorists a discount of 15%.

LOWER RATES FOR MARRIED CAR OWNERS UNDER 25
Married car owners under 25 years of age will enjoy lower rates than unmarried car owners in same age group.

10% to 25% REDUCTION IN COLLISION RATES
Substantial reduction in rates for damage to an insured motorist's own car will range from 10% to 25%, depending on locality.

MISCELLANEOUS PERILS
Windstorm, Flood, Hail, etc., previously obtainable only at extra cost, will now be considered with Fire and Theft at no additional charge. Also, Fire and Theft rates will be greatly reduced, ranging from 10% to 30% — depending on locality.

BODILY INJURY AND PROPERTY DAMAGE
Rates for private passenger cars will be reduced 5% to 10% in all areas except Lethbridge-Medicine Hat district where, due to increase in claims, rates will be up an average of 5%, although purchasers of 5-point policies will still enjoy a lower overall premium.

COMMERCIAL VEHICLES
Bodily Injury and Property Damage rates will range from "no change" up to 20% reduction. Collision rates in some cases will be reduced 10% to 20%.

FARM TRUCK RATES
Bodily Injury and Property Damage rates on Farm Trucks will be reduced in some cases up to 25% — reduction in Collision rates up to 10%.

CAR DRIVERS SET THEIR OWN INSURANCE RATES
Increased safety consciousness by Alberta motorists, together with improved highway safety measures and strict enforcement of driving laws, have resulted in lower claims, thereby enabling "BOARD" Companies, members of The Western Canada Insurance Underwriters' Association, to bring about these substantial rate reductions.

Note—These rate changes apply only to policies issued on or after January 1, 1956.

See Your "BOARD" Agent for Complete Details

Post Office Expansion Approved

Federal Gov't Purchases Brosseau Lots, Main Street Will Enlarge And Extend Present Post Office; Completion By 1957

Mr. Walter Lambert has been advised through Mr. J. M. Dechene, Member of Parliament for Athabasca, that the Minister of Public Works has approved purchase of Mr. A. T. Brosseau's lots adjacent to the Post Office.

Details of plans for the enlargement and improvement of the present Post Office have consequently been released. The old building will be enlarged to the rear of the present site and new construction will extend up to the Donald Hotel.

Surveyors have been ordered to the site and architects are working on plans for the new Dominion Building to be completed not later 1957, and it is hoped, in 1956.

The St. Paul Chamber of Commerce has invited Mr. Dechene to one of its regular meetings and it is hoped he will be able to attend in the near future to give complete details of the proposed construction.

Hornets Rack Up Two More On Vermilion Tigers

Trounces Opposition 8-3 5-4 On Weekend

The St. Paul Hornets hockey team added another two points to their credit during the weekend by lighting up on the Vermilion Tigers and defeating them 8-3 on Friday night at home and home team played Saturday and Sunday.

A good part of the credit of the fast game at Vermilion goes to speedy Chuck Kendell who pinched-hit in the net due to the absence of the regular goaler, Art Clearwater, called away on duty.

Rusty after a two-year layoff between the pool, Chuck met everything the Tigers threw at him and held her down to a minimum of three. Twice he was left facing breakaways he really calculated to the backhearts and kept his team in the running and about.

Marshall Debut pulled rabbit for a hat trick and chores little George Pudlak appeared his teammates with a total of four assists in the game.

Vermilion apparently had the advantage of Goalers with George Washington (who the truth fully his names) handling the custodian duties at Vermilion while Clive has racked up fame with Lloydminster, Grande Prairie and Red Deer.

An old knee injury was aggravated by a sixth trust during a goal scramble and George was called off. Replacement was made by George Martin on the second and Lorne Ferguson in the third.

In the first period, although the Hornets were banging loudly and knocking on the door of the Tigers' lair, they took a definite on the scoring front and only after the dressing room one behind Lawrie Debut got the ball rolling. He opened the scoring and Irving Dean Bedford and Schmidt opened the gap. Debut and Pudlack retaliated at 16 25 for a Hornet goal

The law of averages rang true in the second stanza as the Hornets began to hit pay dirt on their constant attacks Dean Bedford set out for Zahnarchuk and Pudlack for the next and Debut and Pudlack on a rush

Leading 4-3 shaking into the final period, the Hornets never slackened pace and continued to hammer at the Tigers defence against was for the Tigers. Scoring was credited to Schmidt (Pudlack); Roberts; Debut (Zahnarchuk); Pudlack (Debut); Pudlack (Debut). For Vermilion Irving (Schmidt).

(continued on classified page)

Change Evenings Of SPAC Club

Due to other activities in town, the club hasn't be too active lately It does appear that Thursday, Thursday and Sunday nights are not too popular so, small turtles notice, SPAC nights will be Friday and Saturday, 7:30 to 10:30 p.m.

Anyone interested in badminton and volley ball is welcome to join in on the fun.

LOCAL NEWS

Mrs. E. Lemay returned recently after spending 3 weeks with her daughters in Edmonton and Bromet.

ELK POINT PIONEERS HONORED

Fifty years of courageous pioneering on the East of Elk Point was recognized at a Golden Jubilee Banquet, recently. One of the oldest residents, Mr Robert Chamber above (left) receives a congratulatory message from His Honour Major Norbert, in the presence of Mr. B. J. Dechene, President of the Elk Point Chamber of Commerce on left and Mr. Peter Fenske, Secretary of the organization on the right. Seated at the table of honor is Mrs. Bielish.

Elk Point Chamber Of Commerce Sponsors Banquet In Honor Of Old-Timers Of Town & District

In a co-operative effort, the Village of Elk Point and the Chamber of Commerce sponsored a banquet, December 8th., in honor of its district pioneers and present them with Golden Jubilee scrolls on the occasion of the 50th anniversary of the Province of Alberta

Mr D J Tyson, president of the Chamber and chairman for the occasion, expressed the pleasure of the Chamber at the opportunity to be host to the special guests — the senior citizens of the district

He called upon his Honor Major Joe Hubbah for the address of welcome and to present the scrolls His Honour imitated in the great pleasure in having opportunity to welcome the distinguished guests of Elk Point and district who through their early settlement laid the groundwork so that Elk Point may be what it is today

He said, "Thinking back to the times of your early settlement here, one must indeed marvel at your perseverance and fortitude in the face of all your hardships that you have gone through, in opening up this wilderness to develop this land and this Town."

Our guests, tonight must be commended on their fruitful efforts and dauntless labour.

"Our gratitude to you distinguished settlers is great, for, without your blazing the trail, our Town and District would not be what it is at present

"I commend this banquet and its co-operation with our provincial government who declared this the Golden Jubilee Year marking 50 years of progress in Alberta, and with to extend to you our thanks and recognition of your efforts.

"As a remembrance that we hold you in high esteem, we will present to you, scrolls to commemorate your work. May these be cherished through your years."

Several old-timers, when presented with their scrolls answered the invitation to say a few words. Among them was the Rev. M L Day who departed the country as it was when he came to the Elk Point district at the turn of the century

Mr Day said that it was rough and tough and that only the ones with iron in their veins could stick out. He paid tribute to the settlers to what it is today for the progress of the country and enjoying the fruit of the old timers hardships

"It took character, faith in God and Country, love that is better than deeds, tolerance and understanding to achieve what has been accomplished. Nations of the world would be wise to adhere to these basic and important principles in order to maintain universal peace and happiness in the days to come."

Other visitors honored and presented with scrolls Joseph Hamel, William Seddon, Peter Kuiack, Mary Jane Dawson, Mrs Irene Dereshuk, Fred Gus Maher, Mr. Gertrude Anderson, Mrs. Peter Zaraney, Alex Zaraney, Mary Zaraney, Fred Gus Maher, Mrs. Ida Young, Robert Chamber, Andrew Cooke, Henry L. Day, Edward L. Garneau, Lawrence A. Garneau, Mable M. Garneau, Walter J. Haggard, Jesse Johnson, Vira Bell Nelson, Sadie C. Rhodes, William D. Rhodes, Mr. and Mrs. Nicolas Strank, William Wysocki, Earl Lorn Young, Norman W. Young, Nelson Young, A. Craven, Tom Craven, Mrs G Seemann, D. Miller, Mr. Seddon, Hilda Young, Jessie Melnyk.

Hornets Rook Up Two More Wins At The Expense Of Vermilion

(continued from page one)

No penalties were handed in the first period. In the second to Dion, Bedford, Roberts, Ford, Williams and Robichaud. Third Ford, Zaharechuk, Williams and Dion.

Russell Carrol handled referee duties and Ralph Ewing watched the line play.

* * *

Sunday, with Elmer Kestler, the presumably retired shadow in uniform as playing coach on defense, Tigers were a more organized team and snapped back at the Hornets to even up the score

St Paul seemed well on its way to an easy victory with a first period 2-0 lead on goals netted by George Pundick (Robichaud) and Kendall (Pundick, Dehod) However, early in the second Ewing (Schmidt), and Kestler on a single effort tied the works up

At 16 45 Dion, from centre ice, had a neat pass on Robert's stick on the right wing blue line Good driving by the defense and at jet-propelled speed bore down on the Tigers' goalie, releasing a bullet shot which found its mark while he remained over the goalie and unto the boards behind Redford for Vermilion had the lying marker pegged and so ended the second half a man down and a half left, signaled for the red light by advantages at 9 45 it stayed that way until the 17 05 mark when Ewing was successful on a pass from Lowrie and it seemed the game would wind up in a tie. Bearing down to the last breath of the game, Marshall Dehod found himself in the clear with a screenie rebound and at 18 20, with a minute and a half left, signaled for the red light by advantages at 9 45 it stayed that way until the 17 05 mark when Ewing was successful on a pass from Lowrie and it seemed the game would wind up in a tie. Bearing down to the last breath of the game, Marshall Dehod found himself in the clear with a screenie rebound and at 18 20, with a minute and a half left, signaled for the red light by Kestler pulled his goal tender, but it was all over for the Tigers.

On a breakaway at 19:45, Cleaver came under the save of the day to maintain the winning point lead.

Officiating were Laurent Richard and Andre Joly.

SUMMARY

First Period. 1 St. Paul, Pundick (Pundick) 1:38. 2 Kendall (Pundick, Dehal) 16 44. Penalties Shaw 1:38, Roberts 9:07, Pundick 17:38.

Second Period. 3 Vermilion, Ewing (Schmidt) 1:20. 4. Kestler; 12:35 5 St. Paul, Roberts (Dion) 16:45. 6 Vermilion, Bedford 18:25. Penalties Poole 4:35, Williams 9 46, Roberts, Redford 9:18, Zaharechuk 12:36, Robichaud 13:10, Roberts, Schmidt 17:06, Dion 17:35.

Third period 7. St. Paul, Zaharechuk (Pundick) 1 45, 8. Vermilion, Ewing (Lowrie) 17:05, 9. St. Paul, Dehod 18:20.

Lineup

ST. PAUL — Goal, Chuck Kendall, Art Clerkwater, Defense Eddie Zaharechuk, Rene Robichaud, Centre Paul Dion, Clarence Richard, Harold Fjellerhub (Pundick), Roberts, Marshall Dehod, George Pundick.

VERMILION — Goal George Washington, Lester Scroggins, George Martin, Defense Elmer Kestler, Bill Williams, Marvin Little, Frank Ewing, forwards Bill Schmidt, Murray Lowrie, Brian Ford, Wally Poole, Buck Schryer, Doug Shaw, Jack Starr, G Coutts, A Bedford, Jerry Comut.

Federal Government May Bring In Legislation To Help Farmers

By BEN MABON

The problem of surplus grain held the spotlight in Edmonton last week at two important meetings — the annual convention of the Farmers Union of Alberta and the abnual fall caucus of Social Credit members of the legislature

Recommendations and suggestions were thick and fast, along with criticism, but no one produced a solution to the problem, and about the only point of general agreement was that the problem does exist.

However, attention was focussed on a statement by Trade Minister C. D Howe, who hinted at the FUA convention that the federal government may introduce legislation at the next session of parliament, aimed at helping farmers meet storage and carrying costs on grain they are unable to sell

His statement came during a limited question period which lasted for 80 minutes. He didn't elaborate in any way, but under questioning about storage and carrying costs he said "They are receiving consideration and something may be done at the next session of parliament."

Just what may be done is anybody's guess, but amid the criticism of present federal policy there were plenty of suggestions The Social Credit caucus issued a statement urging Ottawa to make it possible for the Canadian Wheat Board to make cash advances to farmers against grain stored on the farms.

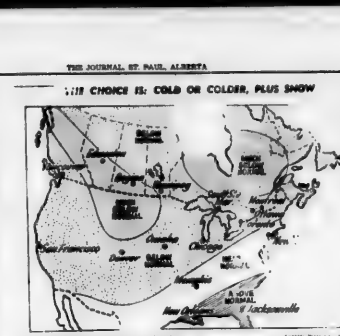
One way of doing this, the Social Credit-ers said, would be to establish standards for "approved storage" facilities on farms. Any farmer who builds approved storage bins would be eligible for Wheat Board advances on his grain, according to the BC plan.

At the same time, the caucus statement denounced the present federal program of guaranteeing bank loans to farmers at five per cent interest on farm-stored grain. It described the scheme as "entirely inadequate."

As a long-range program toward eventual solution, the caucus recommended a "vigorous sales campaign," designed to sell surplus food supplies, even by barter deals or by accepting currency from non-dollar countries if necessary The caucus statement followed closely policy laid down by the Social Credit League at its recent convention, and by Hon. L. C Halmarsat, minister of agriculture

The FUA also put forth its idea of a solution to the problem, with a 16-point emergency grain marketing program Among other things, it called for a minimum initial word from the caucus is that the government has deferred and that no decision was reached The only word from the government or department was delivered by Hon. E W Hallman, provincial treasurer, who said there will be no decision on the sale and only that Mr. Howe been discussing dissolved for 20 years, recently. Mod from

There has been confusion of opinion regarding what the government is going to do with the grain surplus during the coming year. Watch for Danger Signs Chronic symptoms such as headache and fatigue should not be considered "old-age" symptoms. They may be warning signals that the body needs attention. Chiropractic



All parts of Canada will have colder than normal temperatures, according to the 30-day weather forecast Some parts will be colder than others, and all sections will have more than normal precipitation which means you should have your galoshes ready It is going to

Health Through Chiropractic

By Dr. K. W. Tenove

An intelligent person who has lived reasonably can grow old gracefully and enjoy every moment of it A few simple rules of living and a few visits to Dr. Tenove will do wonders for beautiful forty

1 Sleep Down You may be able to get as little as 5 hours but if you do you are cheating on age in terms of years. Make haste slowly. You would live a longer more useful life

2 Avoid Fatigue Fatigue produces products that injure the nervous system and hasten the onset of old age When you are tired rest promptly and completely. Try to relax instead of the feeling of exhaustion or the heart disease

3 Learn to Relax Let your muscles go, one at a time, as you lie down and take your mind off your nervous system If you can not relax, get help in doing so. Remember the tension of fear

4 Correct Posture You CAN control your body. Don't let unqualified people bungle your corrections and your work Be sure

5 Become a Healthy Individual Protect your vital organs from injury. Don't overload your body with toxic substances. Play, read, take pictures, do something that takes you out of doors. Exercise in some form

Watch for Danger Signs Chronic symptoms such as headache and fatigue should not be considered "old-age" symptoms. They may be warning signals that the body needs attention. Chiropractic

Remember Your Grandparents Did you ever stop to think that your grandparents have more time for you than your parents? Your parents are busy with their own problems and have little time for you. Your grandparents have time to listen to you, to play with you, to tell you stories. They are the ones who will be there when you need them most. They are the ones who will love you unconditionally. They are the ones who will be there when you need them most. They are the ones who will love you unconditionally.

OBITUARY

Mr John Steele

On November 30th, 1955, Mr John Steele of Bills Alta. passed away in Edmonton at the age of 67 years

He is survived by his loving wife Mrs Margaret Steele of Bills Alta two sons and three daughters Robert of New Westminster Charles and John of Edmonton Washington Mrs Agnes Gaudaur and Mrs Margaret Barnett both of Edmonton Mr Ernest Paris of Mr Kenneth Allen in grandchildren and three great-grandchildren

Funeral Services were held on Friday December 2nd, 1955 at St Paul Memorial Chapel with interment made at Westlawn Cemetery

By - Law No. 64 Of The Village Of Elk Point, Alberta

By-Law to approve and confirm that certain agreement between The Village of Elk Point of the one part and The St. Paul School Division No. 45 of the other part, and dated the Third day of October 1950, whereby The Village of Elk Point agrees to transfer to the St. Paul School Division No. 45 part of Lot C, Plan 6860-H W and pay the St. Paul School Division the sum of $900.00 each year for eight years in consideration of the transfer by the St. Paul School Division No. 45 to the Village of Elk Point, part of that portion of the North East quarter of Section One (1), Township Fifty-Seven (57), Range Seven (7), West of the 4th Meridian, described as Certificate of Title No. 112-H-79, which part contains five hundred and twenty (520) feet by One hundred and seventy (170) feet both of which parts are more particularly described in the said agreement dated the Third day of October A.D. 1950.

Wherein the Village of Elk Point does not request for the purpose for which it was required Lot C, containing One and seventy as hundredths (1.70) acres more or less as shown on Plan 6353-H W and Plan 6353-H W (NEW) (1-57-7 W 4th) except that portion of Lot "C" described as follows:

Commencing at the South East corner of said Lot "C" proceeding westerly a distance of 70 ft. along the South boundary thereof thence northerly and parallel to the east boundary of the said Lot "C" at a distance of 170 ft. thence easterly and parallel to the south boundary of said Lot "C" a distance of 70 ft more or less to the easterly boundary thereof thence southerly along the said boundary of said Lot "C" to the point of commencement RESERVING thereout all mines and minerals and being the rate of the water tower for the Village of Elk Point

hereinafter described as Parcel 1 and as required by the St. Paul School Division No 45 to enlarge the site for a school or schools in the Village of Elk Point.

AND WHEREAS The St. Paul School Division has obtained the approval of The Minister of Education to sell and transfer to the Village of Elk Point title to all that part of the portion of the North East Quarter of Section 1, Township 57, Range 7, West of the 4th Meridian described as Certificate of Title No 112-H-79 which part is described as follows:

"Commencing at the South West corner of the said parcel and proceeding easterly along the southern boundary thereof a distance of 120 ft. thence northerly and at right angles to the said southerly boundary a distance of 170 ft. and thence westerly and parallel with the southern boundary of the said parcel 120 ft. more or less to the west boundary of the said parcel, thence southerly and along the said west boundary of the said parcel to the point of commencement; RESERVING thereout all mines and minerals" hereinafter described as Parcel 2

NOW THEREFORE the Council of the Village of Elk Point duly assembled enacts as follows:

1 That that certain Memorandum of Agreement dated the third day of October A.D. 1950 whereby The Village of Elk Point agreed to transfer the title to Parcel 1" and to pay in instalments a third interest in the St. Paul School Division, the sum of $4,800.00 in consideration of the St. Paul School Division No. 45 transferring to the Village of Elk Point Parcel 2" together with all buildings and other improvements presently thereon, which said Memorandum of Agreement is marked Schedule A, is approved, ratified and confirmed.

2 That The Village of Elk Point do transfer to the St. Paul School Division Parcel 1 and pay to the St. Paul School Division No 45 the sum of $4,800.00 in instalments without interest in the manner set forth in the said Memorandum of Agreement marked as Schedule A.

3 The Council of The Village of Elk Point do accept from the St. Paul School Division No. 45 a transfer of the title to "Parcel 2" which when registered will result in The Village of Elk Point having a clear title thereto including all buildings and other improvements presently thereon.

4 That the 20th day of December, A.D. 1953 between the hours of 10:00 o'clock in the forenoon and the hour of 7:00 o'clock in the afternoon at the office of the Secretary of the Village of Elk Point, be and is hereby appointed as the time and place for the final reading of the proposed by-law.

5 This By-Law shall take effect on being finally passed by the Council of The Village of Elk Point after it receives the assent of the proprietary electors of The Village of Elk Point

P. Prichard
Sec.-Treasurer
Village of Elk Point. -11

MINERS TOLD TO COURT LADY LUCK

All students at the travelling prospectors' school, conducted by the Ontario department of mines, hope they will follow in the footsteps of Stephen Leacock who have made fortunes in metals. The list includes Ray Barker and Bill Dandenworth, who borrowed $50 between closed overnight after finding the richest discovery of the Moose range copper deposit. J. P. Bickle, Sir Harry Oakes and a host of other successful prospectors made the same start. But, says Instructor Ur. S. Hardy, centre, as he explains the structure of a rock to Mary Kennedy and Red Lake, Ont., there's a requirement besides "getting a rich" which his school cannot provide. "I no have Lady Luck on my side

BY-LAW NO. 63 Village of Elk Point

By-Law to approve and confirm that certain Agreement made between The Village of Elk Point of the one part and Elk Point Gas Limited of the other part and dated the 19rd Day of October A.D. 1953 whereby the Village of Elk Point agreed to grant to Elk Point Gas Limited the use of its building situated on that portion of the parcel of land described in Certificate of Title 112-M-130 and described as follows:

Commencing at the South West corner of the said parcel described in Certificate of Title 112-M-170 and proceeding easterly along the southern boundary thereof a distance of 130 feet thence northerly and at right angles to the said southerly boundary a distance of 170 feet and thence westerly and parallel with the southern boundary of the said parcel 130 feet more or less to the west boundary of the said parcel thence southerly and along the said west boundary of the said parcel to the point of commencement, RESERVING thereout all mines and minerals "

WHEREAS the said parcel of land and building is agreed to be acquired by the Village of Elk Point in consideration of Elk Point Gas Limited paying one half of the moneys actually expended by and the Village of Elk Point does not require the whole use of the said parcel of land or the sale and exclusive use of the building situated thereon.

NOW THEREFORE the Council of the Village of Elk Point duly assembled enacts as follows:

1 That that certain memorandum of agreement dated the 3rd day of October, A.D. 1953 whereby the Village of Elk Point agreed to grant to Elk Point Gas Limited the right to use the hall or auditorium at all required times not exceeding twelve days in any one year and also agreed to provide suitable office space and accommodation in the building situated upon that portion of the parcel of land described in Certificate of Title 112-M-170 and described as follows

"Commencing at the South West corner of the said parcel described in Certificate of Title 112-M-170 and proceeding easterly along the southern boundary thereof a distance of 120 feet thence northerly and at right angles to the said southerly boundary a distance of 170 feet and thence westerly and parallel with the southern boundary of the said parcel 120 feet more or less to the west boundary of the said parcel; thence southerly and along the west boundary of the said parcel to the point of commencement; RESERVING thereout all mines and minerals"

hereinafter called and described as "Parcel "B", in consideration of Elk Point Gas Limited paying to the Village of Elk Point now and from which the sum of $2,000.00 in instalments as set forth in that certain Agreement dated the 3rd day of October 1953 and made between the Village of Elk Point of the one part and Elk Point Gas Limited of the other part yesterday the 9th shall not hold the Village of Elk Point for a longer period than fifty years from The 1st May 1953 This By-Law shall have received its final reading by approval ratified and confirmed.

3 That the 20th day of December, A.D. 1953 between the hour of 10:00 o'clock in the forenoon and the hour of 7:00 o'clock in the afternoon at the office of the Secretary of the Village of Elk Point, be and is hereby appointed as the time and place for the final reading of the proposed by-law.

4 This By-Law shall take effect on being finally passed by the Council of The Village of Elk Point after it receives the assent of the proprietary electors of The By-Law

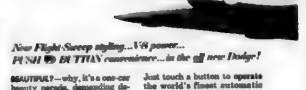
'56 DODGE V-8
Glamour and go...



Smartly styled push-button selector panel of Dodge "PowerFlite" is on your left, quick out of passenger's way. Just four buttons to push—each button lighted for fast, corner-of-your-eye selection at night. And there's no gear-clashing lever anywhere!

Now Flight-Sweep styling...V8 power... PUSH-BUTTON convenience...in the all-new Dodge!

BEAUTIFUL?—why, it's a one-car beauty parade, demanding delighted second glances and rewarding every glance. Be ready to be admired when you're at the wheel of this fabulous '56 Dodge.

ADVANCED?—so far advanced that stepping into a new Dodge V-8 or 6 is like stepping right into the push-button age. What a thrilling way to control up to 187 horsepower with just a finger tip, smoothly, safely.

Just touch a button to operate the world's finest automatic transmission, PowerFlite!*

In a '56 Dodge—on the highway or in small-paced traffic—you're "on vacation" every minute. No wonder that the rising tide of Dodge popularity has put a glamourous new Dodge into the hands of enthusiastic owners in almost every block, neighbourhood, and hamlet! Take the Dodge dealer—not the new Dodge for '56 today!

LIVELIER POLITICS

Boredom certainly has been the mood of Canadian politics for some years, says Bruce Hutchison in The Financial Post, but he predicts a change coming soon.

"Throughout the whole farm community the yawns have changed to articulate sounds of anger. Businessmen are talking earnestly again about the tariff. The Federal and Provincial Governments are arguing about taxes Mr. Gardiner has made a peasant contribution to the current scene by selling butter cheap to the Communists . . . the taxpayer's expense, while selling it dear to the same taxpayer whose mess is usually confined to margarine."

APPLE OF DISCORD

WATCH OUT FOR BUS UNLOADING

Failing to stop while a school bus is unloading children on the highway or country route is a grave offence. It is one that is frequently committed with a disregard for the risk that is sure to bring a severe penalty.

In an interview with a bus driver we have been advised that the practice is frequent with many motorists in a hurry who fail to observe the very important law described by proper authorities.

Several reports have been made to police on breaches of this law and warnings issued. However, the practice should be discontinued or the consequences may be suffered by the next fellow.

A stopped bus on the highway must be given fair priority to allow children to disembark. The fact that children cannot be expected to be fully responsible and cautious step around a bus is all the more reason for extreme care on the part of adults who should know better.

If you have children of your own, a moment's reflection will certainly convince you of the logic. Resentment would be felt at your neighbour for doing such a thing, so why do it yourself.

CHRISTMAS LIGHTING CONTEST

The St Paul Junior Chamber of Commerce will again this year sponsor a Christmas Lighting Contest. The announcement came somewhat belatedly, but popular demands have been such to assume that there is still plenty of time and manifestations interested in beautifying and lighting up their residences for the Yuletide Spirit

As in the past, competition is restricted to residential districts only and for outside displays. This year you do not have to hand in an entry or even pay an entry fee The panel of Judges will make a tour of the residential areas and judge all houses which are decorated

The idea has always received good support in the past on its appropriate and practical appreciation during the Christmas season It adds greatly to the beauty of the Town and contributes to inspiring and spreading the Christmas spirit around

LIGHT UP ST. PAUL FOR CHRISTMAS

SEEDS OF DISCONTENT

A number of Canada's Eastern newspapers and a few in the West, too, seem determined to knock the bottom out of the price structure for Canadian grain. Within it on the pretext for believing it may bring relief of the disastrous effects on farm people.

"The Canada was the world's most efficient and most cost producer Now we don't seem to be able to supply our own livestock feeders at a competitive price" says the Financial Post Quoting from a newsletter of an Eastern grain firm, the Post says "Pretty soon we will have reached the fantastic position where we may have to make tariffs to keep out foreign grain while our own elevators are full of flowing." The paper referred to barring of imports from the United States, now available to Eastern feeders at prices comparable with those for Canadian grain

As everyone must know, grain export prices of the United States bear little of no relationship to the cost of production or to the price received by farmers. What the United States is willing to pay its farmers support prices and dump its grain on the markets of the world at any price does not mean that Canadian farmers are inefficient as is suggested by the Post. Nor does it mean that U.S. exports should be allowed to disrupt markets in this country where producers do not have the benefit of price supports.

Western grain producers have troubles enough in maintaining their crop without Eastern newspapers spreading misleading information and sowing seeds of discontent among Eastern farmers who are large buyers of western grain.

I WONDER

BY C. B. S.

The views and opinions expressed in this column are those of the writer and not necessarily those of the St. Paul Journal.

By C. B. SELLEVELD: Malleig

How many Albertans listened to Premier Manning's address last Wednesday evening over radio station CJCA — a rebroadcast of his address to the delegates attending the Social Credit convention held in Calgary.

After acknowledging the chairman's (Orvis Kennedy) kind and flattering remarks, Premier Manning lost no time in launching into a tirade of criticism and general attack against all and anybody (particularly the Liberals and the Calgary Herald) who dared oppose by word or movement's monetary theories, plus the audacity to question some of the government's transactions concerning the Treasury Branches and other business dealings.

For this irresponsible action, which is presently under investigation by a Provincial commission, the opposition was compared with Communists in both China and Russia in using "brain washing" tactics on the electorate of Alberta until they were broken down mentally to the point of voting against S.C.'s in spite of the fact the voters have the only Social Credit party to be an honest and efficient Premier Manning is a man of many talents.

Since the Rev. Hansell realize the seeming of his words and their obvious implications? Coming from a Minister of the Church, this is not only uncharitable but a serious slander against a group of his own constituents, the largest party in the nation and the one which supports the Government in Parliament. The Reverend christian gentleman can make his accusations only by dismissing all but a few of the Communists, who ALONE have distinguished themselves in the past by denouncing Mr St Laurent and his colleagues as "war mongers."

Surely Rev Hansell gave little christian thought to the hysteria of bitterness against the Liberal regime he so understand our today. It means a hydrogen and atomic holocaust, the death to millions and possibly the end of society. The Liberal government is so aware of this, that Mr Pearson incurred a rebuke from Rev Hansell for seeking negotiations with Russia.

The term "Christian leadership" as an apple pie by Mr Caghcart is a point on which people have struggled for centuries, and it is held that the christian virtues include faith, hope and charity, the greatest of these is charity, a virtue evidently lacking in the Rev Hansell's character.

Any one who can shower charity on Mr Manning's or Mr Hansell's arsenal of their Liberal opponents should have devoted their lives to preaching. Such should certainly join the Social Credit party, where war mongers and communists are welcome and invited.

The only person who gains by bringing down his countrymen is an elevator operator

DETRIMENTAL TO FORWARD PASS

The West, in the person of Lindley, is again spoiling the Aussies' keen hope for a long forward pass. Pfeiffer found himself overwhelmed and the ball was fouled. Both teams put up a stiff struggle.

Mallaig News

Following a few mild days last week our weather has decided to make an about face starting in Sunday during the night temperatures began to tumble seems. Monday by high winds reaching a velocity of from 35 to 50 miles per hours, by Monday afternoon temperatures had dropped to 20 below with very little wind moderation.

Roads are heavy and in many places blocked, school buses were cancelled in many parts of the area. Reportedly the worst ever experience in many years. With seventy-one cars or more plow over the Canadian National Railways from Edmonton to Grand Centre Monday evening.

Due to the adverse weather conditions, Christmas only two weeks away, travellers to the city and other points are few and far between, most everyone is starting time to home

What gives with hockey in Mallaig this winter? We have not heard of any schedule covering the Beaver River Hockey League. ... ...ives as yet announced.

Hog and stock ship... main normal for this time of the year. As yet no grain has been shipped out but it is expected some will move to the Pacific Coast in the near future owing to the European sales.

We are pleased to see our Grand old man Dalphas Lamoureux back and around after his sojourn in the St. Paul Hospital.

The community extends its sympathy to the children and relatives of Orvie Martin who passed away last week.

Most of the young people attending College in Edmonton and St Boniface are expected back next week to enjoy the holiday festivities with their parents.

Seems — time of writing results by raising an eyebrow instead of a nod

Beaver River NEWS

Mr Maurice Brown of the city was visiting at the home of his brother, Mr and Mrs Art Brown recently

Mr Leonard Imeho was also visiting in the district He has been working at Peace River and let that work to obtain employment near Edson.

Our congratulations and best wishes go to Tom Chapnik on his marriage Last week

Mr and Mrs. Bill Chapnik have their daughter Pearl, renamed and son visiting them from B.C.

Mrs Frodt left for the U.S recently Mr Hrad Gambelin accompanied her as far as St Louis where he will be spending part of the winter visiting relatives and friends.

A meeting held in the Beaver River School on November 28th was fairly well attended by the ratepayers of the district Alfred Mr Racette explained the principles and advantages of centralization, a vote was taken by Mr L. P Meunier on centralization The voters had a chance to vote for centralization with St Lina, Bonnyville and Cold Lake, 15 were for Bogden and 16 for St Lina with one voting against.

The children are looking forward to the Xmas concert which is to be held on the 22nd of December at the school

Hugh Gambina was patient in the Elk Point Hospital for a few days having his tonsils removed

Mr. P Gambelin, Pearl and James of Goodridge spent a few days visiting at the home of her sister, Mr and Mrs Henry Bendfeldt before going on to see her husband at Drayton Valley

We are sorry to hear that Carolyn Gambelin is sick in the Lamoureux Speedy recovery Carolyn.

Mr and Mrs Juel Gambina were host and hostess to the young folks of the district at a skating party on Sunday, December 4th, after a movie in Lamoureux, and what have you they all returned to the house where they were served a delicious lunch by the hostess.

As the time for the holiday festivities with their parents.

Seems — time of writing results by raising an eyebrow instead of a nod

Level - Minded Teenagers

Parents who think that Canadian teen-agers are a giddy, have-to-have bunch of harum-scarums are in for a surprise, according to the current issue of Liberty magazine. True, they may have reason to be disturbed about the 14,697 here said published by the Dominion Bureau of Statistics as "juvenile delinquents," but these are only a fractional minority of Canadian youth. Their bizarre exploits are over-emphasized, according to Liberty, while the trouble-free lives of Canada's 1,000,000 teenagers who never get into scrapes with the law are ignored.

After a month spent studying the behaviour patterns of Canada's conformist teen-agers, Liberty editor Frank Rasky describes them as "eminently practical-minded, conservative in spirit, extremist only in their fervent faith in the future of

HOW... DOES A STRONG FINANCIAL SERVICE *Sell Cattle?*

There is a great deal more to selling cattle than meets the eye. During the months and years in which the cattleman builds up his ranch and improves his stock, he frequently works in close partnership with the Provincial Treasury Branches.

This partnership is of great importance to the whole of Alberta. For an above much and here economy means higher living standards for the entire Province. Savings, bonus deals, fat increase and many other conveniences are handled swiftly and competently by the Provincial Treasury Branches.

Visit your nearest branch soon, and learn more about our services and methods of operation.

ALL-STARS PROVE UNBEATABLE

What looks like a ballet dance here is actually the end of a forward pass intended for Abbruzzo of the East, in the East West all-star game in Toronto. The pass ended up even, 7-7, with the question of East-West all-star superiority still undecided.

Avoid Fire Hazards During The Christmas Celebrations

Christmas is a time of joy and celebration Let's not mar Yuletide entertainment with unnecessary fire hazards to spoil it all. The following suggestions are timely and could save a lot of grief. Check them carefully.

1 Purchase a freshly cut Christmas tree which has been stored out-of-doors and keep it well-of-doors standing in water at all times.

2 To prepare the tree for indoor use, saw off the butt end at an angle one inch above the original cut also cut vertically down into the bark of the tree trunk

3 Keep the tree standing in water while it is inside (check it every week at least) since a dry tree absorption and evaporates. This will keep it pretty and green and greatly reduce the accumulation of the tree

4 Support the tree well so it will not be knocked over

5 Place tree away from the doorways as it does not block the

6 Disconnect all Christmas lights when no one is around to attend to them

7 Be careful when removing the tree for a period for tree decorations or a chest

8 Check your wiring carefully to make sure no bare ground or broken wiring is used

9 When the tree arrives dry out the needles start to fall, remove it from your home and burn it safely

10 Be careful not to overload electrical circuits with Christmas lights

11 Use non-combustible metal or glass ascencia are decorations Don't use "real snow" combustible materials or sure they are flameproofed

12 Place all discarded gift wrappings, string, etc in a large metal container and when the ashes are thoroughly cool dispose of them safely as soon as possible One spark from a cigarette, etc., could ignite them.

13 Do not allow children to play and unplug electric toys.

14 Have an extinguisher handy in case of fire

15 If Santa is going to be at your home, church or club make sure his whiskers and clothing have been made fire resistant Listed below is a good economical fire resistant solution for material of this kind. (The application is good for only one year and if the garments are going to be used over they should be treated each year)

7 ozs Borax, 3 ozs Boric Acid Ingle hot water (Mineral) may be dipped into solution or the solution may be sprayed on.

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Board Edmonton

The "stop sign" has been a source of much debate, and fact, that is its purpose. To the driver who recognizes and obeys the sign it means more than any thing in the world, to the one who does not recognize and obey it, it may mean the difference between life and death.

Any sane thinking person would not wish to willfully withdraw their sympathy or condemn the actions of a person who was sick and refused to go to a doctor. If your neighbor was suffering from acute appendicitis and refused treatment your advice and plea to go to a doctor, they would soon be put in your bonks as an irresponsible, mentally unsound person and you would not feel sorry for their misery.

The "stop sign" is a great antidote placed on that unconscious to guard your life. According to statistics, many drivers are killed or injured because they failed to obey the sign. It has cost the motorist many thousands of dollars here in Alberta, for property damage becomes of automobile failure to stop where the sign should.

Some of these accidents are the silent ones some are noisy ones were very attractive to the vision. But at any one of the three places bodies have been taken away because of failure to recognize and obey them.

It is sad to report that some of our drivers refuse to obey the sign, whether it be silent, noisy or otherwise. They seem to think that no one can get along without the warning.

Well, drivers with this attitude are just as bad as the man who doesn't believe in medical doctors and medical science. Doctors are here to guard our health, stop signs are there to guard your life.

Let each of us make it a habit to recognize all these signs whether we think it is urgent or not.

By doing this, we certainly can reduce the intersection accident which has cost Alberta dearly.

GOING HOME FOR CHRISTMAS — NEW YEAR'S?

TAKE ADVANTAGE OF CANADIAN NATIONAL'S SPECIAL WEEKEND FARE!

Ashmont FBA Hold Successful Chicken Supper And Dance

By A. J. Hawrooruk

Ashmont FUA held a chicken supper and Dance on December 2nd, with a very successful turn out at both.

As a secretary of the Ashmont FUA I wish to thank one and all for their patronage and support of this event.

I also wish to thank all the ladies who helped make the meal and the dance effect and came again in preparing the delicious meal and also looking after the guests that were present. We had a very nice support from the town people and surrounding districts.

The Ashmont FUA sent in Jerry Mesenta and Irvin Pedersen to the banquet for the Annual F.U.A. Convention in Edmonton. Report from these delegates will be heard on Monday, Dec. 10th. Come and hear about the interesting reports. The delegates have some interesting facts from the convention.

The Ashmont FUA will discuss some business.

Erich Pedersen President
Bruno Draper, Vice-President
and A. J. Hawrooruk secretary-treasurer.

Directors are Ben Sawaden, Tom Stevenson, Geo. Nesby, Geo. Hartless and James Stevens.

NEWSBOUND NEWS

Mr. and Mrs. Jimmy Boyd made a flying trip to the city where they took their small daughter, Christine to see a specialist. She has been ill for some time.

Miss Marjorie Gregor is working in Edmonton now.

Mr. and Mrs. Bob Scott went to Edmonton where Mr Bob will attend a School Meeting.

Both George and Jimmy Gregor were home for the weekend to visit their Grandmother, Mrs Montgomery, who is seriously ill in Elk Point.

The annual meeting of the Ladies Auxiliary came out with an entirely new slate of officers for 1956. Mrs. Agnes Kenny, past president was replaced by Mrs Olga Sharkey. Mrs Pearl Rainboth, past vice-president was replaced by Mrs Kay Horton. Secretary-Treasurer, Mrs Rosa was replaced by Mrs. Alma Hall. We wish you both and success in the coming year.

The Big Hall was officially handed over to the Community Club last week with the presentation made by letter from the President of the Canadian Legion. We hope the Community makes it real effort to turn out to all future functions where will enable us to build the new hall we have in mind.

The Lady Curlers gathered at the home of Mrs. R. Gregor last Monday night for one of their monthly A Selwyn Lunch was served by the hostess afterwards.

The big stores which struck on Monday evening quite a bit of concern for the parents, teachers and bus drivers that it struck a bit earlier, the busses would have stayed home to girls with us.

Mr and Mrs Trig Kiesner and Carol and Mrs Lois Sharek, David and Donna are going by train to Vancouver this week to spend Christmas holidays with Mrs Steve doesn't like the idea of backing, as he came from Westlock came to stay with her, while Lois is away.

WEDDING

JARVIE — At a ceremony performed by Rev J. Roberts in Jarvie United Church recently Miss Marjorie Rose Rockwell daughter of Mr and Mrs. Ernest Rockwell of Jarvie, became the bride of Mr. Bruce Ernest McVaine, son of Mr and Mrs. Ernest Mallace of Fawcett.

Given in marriage by her father the bride wore a gown fashioned of lace over satin. She carried a white Bible surmounted with a red rose and garlanded with streamers of white.

Attending the bride were Miss Alberta Rockwell, sister of the bride and Miss Eleanor Newnham and Miss Dorothy Hughes, bridesmaids. Their gowns and headdresses were identical to that worn by the bride. Miss Rockwell wore shades of pink and Miss Hughes and Miss Newnham both wore shades of blue. They carried bouquets of pink apple blossoms and lily of the valley.

As flower girl Noreen Mallace wore a pink frock with accessories similar to those of the bridesmaids. Mr Earl Mallace was best man and ushers were Mr Gordon Carswell and Mr Norman Rockwell. The groom's mother Mrs Bernard Zarowny was ring bearer.

At a reception in Jarvie Legion Hall, Mr Roberts proposed a toast to the bride.

For her wedding trip the bride donned a grey flannel suit, bronze accessories and a corsage of pink rosebuds.

Daily High And Low Director Temperatures

The main topic of conversation Monday and Tuesday this telephone, definitely the most comfortable moments of conversation was the blizzard which had not abated at press time Tuesday p.m.

School busses took the pupils back in the country at noon Monday which proved to be a very wise move as roads just weren't passable by evening.

Miss McConnell, who teaches piano in Elk Point cancelled her afternoon classes and returned home to Derwent.

No mention was made of postponing the big hop scheduled by the Frontenaders in Zarowny's Garage. Even in the good old days the square dancers wouldn't have ventured out in that one.

On Tuesday a.m. Local merchants were out with shovels labelling access to their places of business. This is one to tell our grand-children about.

Recent temperatures up to the present are as follows:

Dec. 3, 9 and 6 Dec. 6, 5 and -3, Dec. 7, 7 and -2, Dec. 8, 12 and -3, Dec. 9, 15 and 8, Dec. 10, 10 and -10, Dec. 11, 12 and -2, Dec. 12, 11 and -4.

Statistics by courtesy of Mr. I. C. Merrick.

First Mixed Bonspiel Ended Here Saturday

The first mixed bonspiel of the season finished Saturday night with a rink skipped by Pete Yewchun (Mrs. Dyrda, I. C. Merrick and Barry Keck) beating out Paul Stepa (Larry Babcock, Mr F Hall and Mr O J Fish) to take the main event.

Burk Eaton with John Zayanoe, Joe Mah and Bill Viskyenko beat to R. Beattie, R. Barwick, D. Tyson and P. Ference in the second event.

The draw for the Clinic Trophy has been made up and schedules have been posted at the Curling rink.

UNITED CHURCH SUNDAY SERVICES

Christmas Service, Sunday, December 16th., 7.30 p.m. Sunday School Christmas Concert, Sunday, December 16th., 11:00 a.m.

All parents are especially welcome. The Yankee Sunday School is to be guest on this occasion and will greatly encourage them to fill an important part of the United Church Sunday School as a whole.

At 7.30 p.m. it is hoped that as many as possible will attend Christmas Service.

Old-Timers Give Rumble Thanks

Recognition of our rumble efforts in developing the district and the honor accorded us at the banquet in Elk Point, December 6th, jointly sponsored by the Village of Elk Point and the Chamber of Commerce is gratefully acknowledged by all the old-timers of the district.

Although the greatest reward is found in the realization of many drunken come true, the honor accorded us at this time will be a cherished one for the rest of our lives . . . not one that has been sought, but nevertheless a pleasant to accept

Local News

Mrs. Shaney of Spruce Point came to Elk Point on Sunday and is presently visiting her daughters, Mrs Peter Burgin and Mrs Mike Halusik.

Mrs Rhoades is at home again recovering from a broken hip. Her sister Mrs Friesz from Washington, D.C. is staying with Mr Rhoades in the meantime.

Mrs Bobish is at home again from hospital and at home in her Deer Again Mr and Mrs John Hoist and son Victor of Lamont had been visiting at their new home district of Mannville, and were at Elk Point at the home of Mr and Mrs. Brass benefited when the blizzard made the roads impassable.

Mr Soldan is home again and feels that the treatments which he was receiving at the University Hospital have helped him. He has been at work and has now over twenty pounds — is in a wonderful condition for a real Christmas gorge. Elizabeth Soldan has finished training at the Royal Alex and will graduate in the spring. Ma and Marvin Valentine have taken a suite in the vacancy of the hospital and are enjoying light housekeeping.

Mary McAyn was just returned from a three week visit with friends in Edmonton, Calgary and Vermilion, B.C.

Edgar and Orene Edwards were in town visiting the former's mother, Mrs. Edwards and sister Margaret McComas.

Mr. and Mrs. Hopko and Mrs Swanson motored to Lloyd. on Sunday to visit the latter's daughter, Florence.

Andy Kaluzny and Gunder Beinys were city visitors last weekend to meet Mary.

Dr. and Mrs K. C. Miller recently took small Heather Anne shopping in Edmonton and report has it that the little lady found big time a welcome.

Red Cross Meeting

Monday night, December 10th, all Elk Point ladies interested in the work of the Canadian Red Cross please meet at Mrs Kovache's classroom at 8 p.m. This is urgent as plans are to be discussed for program and lunch for the Zone Meeting to be held shortly in Elk Point.

High School Loses Second in A Row

Last Sunday December 9th, the Elk Point High School Hockey team played host to the Mundare team. The game was a humdinger throughout with Elk Point holding a one goal lead at the third period when they were tied. In the overtime however Elk Point dodged a few more shots than their opponents however Elk Point dodged a few more shots than their opponents and Mundare's bonnie lad Ken Bernard Zarowny was ring bearer.

At a reception in Jarvie Legion Hall, Mr Roberts proposed a toast to the bride.

For her wedding trip the bride donned a grey flannel suit, bronze accessories and a corsage of pink rosebuds.

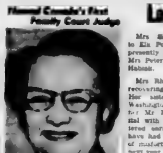

Photo Courtesy Canadian Press

The former of Barrie, Ont. Mr. Marjorie Hamilton has been named to the Erie tennis juvenile and family court judge in Canada. She replaces Magistrate Gordon Foster of Barrie.

W.A. MEETING

The Annual Meeting of the United Church W.A. was held on December 7th., at the home of Mrs W Soldan. Reports of various committees were given, showing a very successful year with Mrs C A Johnson of Edmonton in the chair the following officers were elected for the coming year: President Mrs J Tredger Vice-President Mrs C Bass, Secretary Mrs N Warren, Treasurer Mrs R E Beattie

Successful Candy Sale and Fish Pond

The Cubs' Bee and Fish Pond held by the Cubs was a great success. Many thanks and appreciation is expressed by Leaders and boys to Mr Joe Mah and Mr Ron Barwick, Kiosk's of Winnipeg and other friends for donations to fish pond. The Fish Pond itself was donated by Ralph Bandit are also extended to Mr Zarowny for so very kindly allowing a corner of the garage for activities. It calls will receive handicraft badges very shortly.

YOUR ALBERTA SAFETY COUNCIL URGES YOU TO

DRIVE

With Care
Courtesy & Caution
On Icy Roads

1. Accept your responsibility. Do all in your power to drive without accident. Be prepared and meet the situation.
2. Get the 'feel' of the road. Try brakes occasionally while driving slowly and away from traffic. Remember you can't stop on an icy slope.
3. Keep the windshield clear. Remove snow and ice, fog and frost. You have no one danger to avoid it.
4. Use tire chains and good tires. Don't rely on worn smooth tires. Use tire chains on snow and ice. They cut stopping distances about half — give 6 to 7 times more starting and climbing traction ability.
5. Pump your brakes to slow down to stop. Jamming them on can throw you into a dangerous skid.
6. Follow at a safe distance. Keep well back of the vehicle ahead — give yourself room to stop. It takes 5 to 15 times as far to stop on snow and ice as on dry concrete.

ALBERTA SAFETY COUNCIL
REMEMBER:
You Can't Stop On An Icy Dime!

Origin Of Crib At Christmas

Did you ever wonder about the origin of the custom of displaying the Christ Child in the crib at Christmas time? These displays have become so common as to be popular, so that it [illegible] once we find manger [illegible] churches, and even outdoor locations.

Credited with the [illegible] first display of the Christ Child is Amiel, who is supposed to have been a native of Italy. Amiel wish to celebrate Holy [illegible] night with pomp. In order that the climax of the [illegible] grave where we shall be filled with [illegible] born on earth and as [illegible] Bethlehem, I wish [illegible] pass and assemble the [illegible] favorable because for [illegible]

That was in the year [illegible] of Gaeta, in Italy, in the [illegible] 1260. St. Francis and his [illegible] celebrated the feast of [illegible] song hymns in honor [illegible] Christ Child.

States Case Of Gas Increase Opposition As Hopeless Cause

Editor
St. Paul Journal

Dear Sir

Here are the gas users of St. Paul going to face in the struggle to put the gas prices where they belong! We are in the grip of an outfit that knows only the path of the maximum profit and we are doomed to pay it we feel.

In the Parish Hall last summer, when asked about the gas situation in St. Paul, the new Hon. Mr. Reid said that the town must not be showed up against anything factual as it will ruin it. Now in Partner wrapped in elaborate fancy words, and with those added wrappers it can stand stuff and farm to with a case for more bleeding of the pockets of the ordinary citizen. A few weeks ago the Gas Company in its advertisement in this paper stated that everybody else's profits were up why not theirs? It is so runners of them that these gas users, soaring of profits are taken out of the pockets of the average citizen by the simple depression and unemployment.

Well we'll have to pay again no doubt. Let us hope that this gas distributor for ourselves in 1933 when the [illegible] expire, and let there be no mistake about it.

CARD OF THANKS

We wish to offer sincere thanks to all those who so generously donated gifts of clothing, food money and other necessities of life to the [illegible] fire.

The Traffic Safety Lane

By J. W. McKAY
Superintendent Registrar Traffic Board, Edmonton

Safe-driving Day, December 1st, 1955, is now history. The things that have been done, good or bad, are established into the pages of history and cannot be changed.

In Canada, on this day, four people lost their lives in traffic. This picture can never be changed no matter how much we may try.

The following are the figures submitted to the Alberta Safety Council stating accidents, injuries and deaths in their respective order:

R.C.M.P. 19, 1, 0; Edmonton 18, 2, 0; Calgary 16, 1, 0; Lethbridge 1, 0, 0; Medicine Hat 5, 0, 0; Red Deer 0, 0, 0; Camrose 0, 0, 0; Total 60, 3, 0.

The total of accidents in Alberta for the ten days preceding R.D. Day is 430, or an average of 43 accidents per day. But when R.D. Day came, we had a total of 42 accidents. The accidents in the 24 hrs. of November for 1953 and 1954 combined, gave us an average of 52.34 per day.

The average daily fatality rate in Canada for the year 1954 is 9 deaths.

Now with this picture before us, I feel that this day has been a success.

On December 1st, it was snowing heavily in Calgary and the rest of Southern Alberta. The streets in Calgary were [illegible] and all of their accidents were intersection accidents. Drivers were following too closely and ran into the vehicle ahead or they applied their brakes too late and too hard, and they skidded into the side of someone at the crossed at an intersection.

Most of these rumor and [illegible]

Because [illegible] cents were [illegible] the injuries [illegible] claims that [illegible] covered with [illegible] to statistics. [illegible] accident.

A lot of pre[illegible] and money [illegible] this campaign [illegible] trust that the [illegible] Day will not [illegible] this on at least [illegible] day Season.

We are just also [illegible] of the greatest [illegible] of the year. [illegible] one holiday that world-wide. Ex[illegible] are many varied [illegible] of celebrating it[illegible] yet the one [illegible] one is to be merry.

Christmas was [illegible] that way. But [illegible] in fact for many [illegible] people. Throughout [illegible] there are many daily [illegible] stances which [illegible] "Good Will and Pe[illegible] Home countless [illegible] War, some [illegible] come by natural [illegible] us who are most [illegible] sorry for them.

But there [illegible] many [illegible] the joy and [illegible] most, and that [illegible] evident.

It seems that [illegible] plans are [illegible] making merry, that [illegible] thoughts and plans [illegible] being.

Alcohol is an [illegible] fate which ride many [illegible] the Christmas [illegible] in their determination [illegible] fess, forget that [illegible] doing do not mix.

As an example, [illegible] speaking you have [illegible] hard liquors [illegible] rubal to slow re[illegible] tions as much [illegible] the human eye [illegible] not appear [illegible] blind the effect [illegible] the one who [illegible] safe number. Many [illegible] called [illegible] [illegible] but Mrs. [illegible] [illegible] [illegible] [illegible]

During this season of merriment, let's not forget to include in our plans the enjoyment, the fact of safety. Because you wish to drink and drive, you may be responsible of robbing some family of the happiness they planned so much to have.

If you Drive, don't Drink

We hope the magic of this glorious season extends throughout the year for you and yours...bringing with it the blessing of happiness, the joy of good health and the pleasure of warm friendships.

PONTIAC INTRODUCES 1956 STAR CHIEF

Pontiac introduces this year the 1956 Star Chief Custom Catalina hardtop four-door sedan. Built on a 124-inch wheelbase, and 212.6 horsepower dynamic Pontiac V8 engine, and equipped with Pontiac's new Strato-Flight Hydra-Matic transmission. The two four-door "hardtop" offers more sportsmanship than ever before seen in a model of that type. The four-door "hardtop" is also available in the 870 and 860 series.

Bee Natures Green For Pretty Christmas Home Decorations

Did you ever notice that the prettiest homes around the community at Christmas are the ones decorated liberally with the green things of the season? Their festive appearance is obtained easily with proper display of such things as evergreens, berries, seed pods and pine cones.

These simple decorations are readily available to most everyone at no cost and to use an old expression "The woods are full of them."

A trip into the country to get them can also be turned into a pleasant excursion for the whole family and a brief rest period from the "getting ready" for Christmas company parties, and holiday affairs.

One word of caution, however. Don't kill trees or bushes. Prune carefully when selecting your evergreens.

The Christmas tree — whether large or small — should be the center of the decorations. Place your tree in front of a window, so that its bright, cheerful glow can be seen from without and without! Decorate the tree with balls of red, silver, blue and green, strands of popcorn and various decorations that are saved from year to year.

Be sure to hang a rope of evergreens, a spray or wreath on your front door — those sightly to many who pass your home that you are celebrating this joyous season.

A rope of evergreens requires approximately four or five yards of rope. The place you plan to use it will determine the exact length. Next you need several inches of wire short sprays of evergreen, balls, bows, red berries or bells. Place a bunch of evergreen against the rope and fasten in place with the wire, repeat until the rope has been completely covered. The rope may be draped over the door frame, mantle or along the stair rail. Pick out other spots where additional decorations, like berries, balls or bells will add to the effectiveness of over-all appearance.

Beware of fire hazards of the Yuletide Season. Use all precautionary measures when setting in your tree.

Gifts Giving Has Beginning In England

Gifts giving has its beginning in England. In the days of the knights it was custom to hang a mistletoe in the great hall. There [illegible] were [illegible] where [illegible] beneath them [illegible] young knights and [illegible] bringing Christmas cheer to their secret love.

As times changed so did customs and more gay ways for other personal gifts at this time of year.

Here they are! The season's best wishes to all our wonderful friends. May you enjoy to the fullest every minute of this glorious holiday.

Gov. To Conduct Full Review Of Municipalities

By BEN MASON

EDMONTON — There have been so many hints dropped lately that the provincial government must truly be considered a major review of its policy toward financial assistance to municipalities.

The most promising indication came last week when a delegation from the Union of Alberta Municipalities — representing all Alberta towns and cities — met with Premier Manning and his cabinet.

They were told that during the next year or so, the govern- ment ... conduct a full review of the entire problem of provincial-municipal relations. The result would be, Premier Manning's guess. So is the purpose of conducting the review, that all interested there will be discussions between the governors and the municipalities, with a view to making everyone happy.

During recent sessions of the legislature, the government's policy of direct grants and low- ... to communities has drawn heavy fire from opposition ranks. The government generally leans to the defense in such cases, but at the last session cabinet ministers began to talk about a possible change.

Since then, government officials speaking in various gatherings have said it may be time for an overall look at the current financial affairs. Undoubtedly the government's best financial minds are working on the problem, and it may not be too long before the province can present a new plan.

Whatever the new program is, it will almost certainly involve more money, because it could be ... During the current fiscal year the government estimates it will spend nearly $67... millions on direct and indirect aid to municipalities.

This of a new plan came up when the municipal representatives were asking for bigger hospital grants and a new formula for distributing them. They asked specifically that some relief from rising hospital costs be provided in the next provincial budget.

THE WORLD is that they will get it. The plan currently under study would give higher grants per patient day, but the "dollar-today" hospital plan would be abandoned to stabilize all municipalities, whether they are ... or not, and which ... the current ... which must now be ... by ratepayers.

Of course this plan might ... a bit of the revenue of present municipal relations. But in the meantime municipal ... probably will be satisfied, although they may not like the idea of doing away with the hospital treatment contracts for ratepayers.

In all likelihood, the public ... will agree that the present program of sharing the ... wealth should be changed. Granted, the government sees ... ing more of its oil and tax revenue into the municipalities ... every year, but at the same time municipal taxes continue to rise.

* * *

Albertans learned last week that the most they are eating may not be as safe and sanitary as it's stacked up to be.

This was disclosed in a report by the Alberta Veterinary Medical Association, which said conditions in Alberta slaughterhouses are deplorable — and added that at many ... cases of diseased animals find their way ... to butcher shop counters.

The report was presented to the provincial government in July, 1956 — well over a year ago — and according to the veterinarians, the conditions still exist. R. M. Putnam, deputy minister of agriculture, said the report still is being studied, and the matter is a complicated one which will take considerable work.

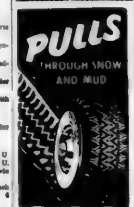
The veterinarians report said ... [illegible] ... before and after slaughter. This was found to be the case everywhere except in the cities and in one town — Grande Prairie — where local by-laws require proper inspection.

In addition the veterinarians found sanitation facilities and refrigeration hopelessly inadequate or totally lacking in a majority of slaughterhouses. It recommended the government set standards of construction and sanitation for abattoirs, and that a law be passed making veterinary inspection mandatory.

The report was passed at the veterinarians 1955 convention in Lethbridge and was released to the press when no action had been taken after more than a year. The idea was to arouse public reaction and cause citizens to ponder a bit about the meat they're eating.

1956 BUICK "ROADMASTER"

1956 Buick Roadmaster and Super sedan models announced today feature flashing new styling with a new ... [illegible] ... on both series. New front end has ... [illegible] ... grille in a V design, new headlights ... [illegible] ... new tapered design. ... [illegible] ... power ratio of 9.5 to one. A new starter added to the Dynaflow transmission ... [illegible] ... improves economy.



Firestone TOWN & COUNTRY TIRES

MALLAIG — ALBERTA

TIME TO THINK OF SEED

Every farmer is vitally interested in securing crops that will give the greatest yield and that are of the highest possible quality and purity.

With its 422 elevators located throughout Manitoba, Saskatchewan and Alberta, The Searle, through its Crop Testing Plan is particularly well-equipped to give special service to farmers in the matter of seed and to the distribution of rust ... to farmers who are anxious to improve the quality of their crops. Your nearest Searle Agent can give you further information regarding seed stocks and prices.

SEARLE GRAIN COMPANY, LTD.

May you enjoy the happiness and pleasures of Christmas Day through- out a bright New Year.

Watching New Year In is Old Celebration

Gathering with family and friends to celebrate the New Year is a custom older than when the date January 1 became accepted as the first day of the year.

Watching the old year out and the new year in is one of the oldest and most universal of all celebrations. The ancient Romans got together, although they celebrated the New Year in the spring, to wish each other health, wealth and happiness in the days ahead.

And, long before this time, the Vikings built huge fires at the turn of the year to propitiate their fierce Norse gods.

CARD OF THANKS

We wish to express our heartfelt thanks to all kind neighbors and friends who, by many deeds of sympathy, floral tributes and assistance, generously helped to alleviate our sufferings at the loss of a beloved one, Mr. Ovella Hamel. Their kindnesses will long be

Beginning Of Xmas-Rose Is Legend

By MRS. ELSIE KUMLER
St. Paul

"How about those good-looking gifts from your kitchen to add answer to the Christmas gift problem," writes Miss Joyce Lewis, Nutrition Specialist Boxes of homemade candies or cakes with a festive trim of icing or nuts are always appreciated. Packed them in coffee tins, or bottles lined with foil and decorate gift in your own style.

Little jars of your favorite jelly, pickles or relish will always be welcome. Tie them with gay bows or sprigs of holly and place them in a little basket which can later be used for hot breads.

Perhaps you have a Christmas Bread that your friends have always liked. Make them a "Sugar-plum Tree" for a gift box. Shape the dough into a triangle on a baking sheet. Start at the top with one little ball of dough, make the second row with two balls, third row with three balls and so forth until you have at least six or seven balls for the bottom row. Add one large ball or 3 smaller balls for the tree trunk. When baked glaze the top with a thin icing and decorate with red cherries and glazed fruit. Cover it in cellophane or tulle to give a gift touch to this.

A sure-to-please gift is individual Christmas puddings. These can be accumulated and wrapped in squares of foil and decorated with gay ribbons or left in the pan. Use molds for packaging. A jar of hard sauce can be packed in the box with the puddings. What a thoughtful gift.

Joyous Christmas Greetings

Our sincerest wishes for a Christmas rich in the blessings of love and friendship.

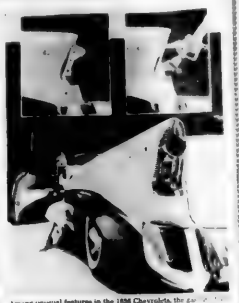
THE 1936 CHEVROLET



Among unusual features in the 1936 Chevrolets, the gas [illegible] is concealed by the rear left tail lamp. In the design the tail lamp is hinged and swings downward out of the way.

Method Of Preparing Turkey For The Christmas Meal

Planning a turkey dinner for Christmas? If you are, and you want to be sure it's a "grand" bird when you place it on the festive table, then follow these tips on preparing that important part of your holiday meal.

Be sure all wing-tip feathers are removed. They may be pulled out easily by pressing the skin between the feathers down to the tips of the quill with the forefingers of one hand and pulling the feathers straight out with the other.

The drum stick can also be greatly improved by putting with a pair of pliers as many of the nine heavy tendons in each leg as possible.

Singe your bird the easy way. Put a few teaspoons of rubbing alcohol in a jar lid, likist, then rotate the turkey slowly over the flame. The bird should then be washed with soap in lukewarm water, using a scrub brush. Then rinsed in clear water [illegible]

Don't stuff the turkey until just before putting it in the oven. Three shovers should be used before closing the [illegible] and a square kitet tied after each shower on the horns, not tighter. If there is not [illegible] opening to let off steam [illegible] ing will get soggy.

In roasting the turkey, [illegible] that the wing [illegible] brought over the back to make a "mark" of the bird will rest in the [illegible]

The first Christmas cards were mailed in 1843 by Henry Cole, an Englishman [illegible] depicted the Victorian [illegible] festive [illegible] famous [illegible] Christmas and [illegible] Year to you.

Greetings

A joyful, cheerful Christmas to all.

A bright, happy future for everybody

ORIENTAL TOUCH IN FOOTBALL PARADE

—Central Press Canadian

Shriners can always be counted upon to put on a good show and, for the East-West football game in Toronto they were out in hundreds, in silk robes, jammed hats and oriental jewels. Spon-sored the game, the Shriners conducted a full-scale parade com-plete with chariots, scimitars and colorful costumes. This tur-baned knight led the Buffalo, N.Y., contingent.

Health Through Chiropractic

By Dr. K. W. Yenovo

In these days of international discord and tension we read and hear much about the best de-fense against this "force" and that "gun." Experts in their various lines keep telling us how we may best keep ourselves secure against attack from external and [illegible] foes. Wise [illegible]

Actually the best defense of any country is the good health of its citizens. Only a nation that is strong physically can withstand for any length of time either the nerve tension of a cold war or the abysmal hardships of a shoot-ing war. This places upon every Canadian the direct responsibil-ity of keeping himself and her-self in the best possible physical condition.

We can all help ourselves to health by following a few simple rules of hygiene and see if that alone is not sufficient. By observing these rules we eliminate much of the illness which afflicts the race, and they require nothing but self-effor

1. Keep Your Spine Straight. When the body is erect the or-gans are not cramped and the nerve lines are less subject to pressure when they branch out from the spine. Stooped shoul-ders cause a cramping of the heart, lungs, and liver thereby reduc-ing their vitality and making them more liable to disease.

2. Eat Natural Foods. The closer foods are to the original in which nature produced them the more nutritious they are. Raw fruits and vegetables should be included in the daily diet. Eating natural foods will pay dividends in better health.

3. Get Plenty of Rest Every-body is a killer Fatigue fills the body with poisons. Sound sleep and plenty of it restores weary bodies. Keep your spine straight when you sleep.

4. Control Your Emotions. Hab-itual anger produces toxins in the blood and raises the blood pressure. Fear and worry stir up acids that mean slow death. Nothing is the enemy of resentment, hate, malice and revenge has a bad effect on the body.

Keep Right Mental Attitude. You feel as you think. Avoid depressing thoughts. Think health, think honest health, and you will HAVE health.

St. Nicholas Of Turkey

Saint Nicholas lived some 1600 years ago in Turkey where he served for 17 years Bishop of Myra. In his day, the place is known as Asiatic province of Antalya. There his church may still be seen and one may yet hear of the generous acts which made him a great legend and gave him the "Santa Claus" character we all know today.

It is said that Saint Nicholas, possessed of great virtue and piety, became the patron saint of boys and was restored to life the ... in Asiatic, who had been murdered by a robber-innkeeper ... they were enroute to school at Athens. It is said that he was ... of the crime in a dream, but was unable to reach the inn in time to prevent the murders. He restored the boys to life ... placed them over and the murderer ... confessed his crime.

Plan Fiesta For Christmas

If you're planning a Christmas party for the kiddies, why not brighten up the affair the Mexican way? Make piñata for ... guests and we promise it will be the high spot of the gathering.

Widely used in Mexico throughout the year, the piñata is better at Christmas time, during the Mexican Christmas Festival which lasts 21 days. It is ... decorated so that, fragile ... filled with ... and trinkets, then suspended from the ... ceiling as a form of decoration.

Sometime during the gathering, each of the guests is blindfolded and given a stick which is brandished in the air until the piñata is shattered and the delicious contents pour forth.

Elk Point And District Temperatures

Although the wind has gradually let up, the mercury has not yet risen to any extent. Black ice on the school yard remains again.

A carload of pupils attending school in Derwent who had been living in the Derwent hotel for a week, were bussed in as far as Elk Point last Friday night, and because the side roads were still impassable they spent two nights in Elk Point homes before finally reaching their parents again on Sunday.

Temperatures for the week were as follows:

Dec. 15, 0 and -13. Dec. 16, +6 and -27. Dec. 17, 8 and -16. Dec. 18, 17 and 0. Dec. 17, 6 and -19. Dec. 18, -19 and -41. Dec. 19, -11 and -24.

Statistics by courtesy of Mr. J. C. Merrick.

Recent Births In The Elk Point Hospital

Recent births at the Elk Point hospital are as follows: Mr. and Mrs. Nathan Pyle of Elk Point, a girl. Mr and Mrs. Mike Andrewchuk, Lake Eliza, a boy. Mr. and Mrs. Tom McLennan, Lindbergh a girl. Mr and Mrs. Paul Klapa, Elk Point a boy. Mr and Mrs. John Black Patterson, Calfrance, a girl. Mr and Mrs. Wm. Bespalko, Elk Point, a boy. Mr and Mrs. Alex Yaschenesh, St. Paul, a girl.

Monthly Report of Mun. Hospital

The Elk Point Municipal Hospitals ... report for the month of November is as follows:

Occupancy for November:
Beds in use 1201 Bassinets 33 per cent
No of Meals served 6741
Average cost per Meal the Days ... Average for Year Ele...
One ... was ... reached at the ... morning was for a Mrs. ... baby to be ... painted and ... so that there will be no ... mistake as to where ... entrance of the hospital is.

Extensive Use Of Propane Gas

The non-lethal gas which has become so popular with the farmers has brought about a change in rural living. Liquid propane is decreasing hardships and giving country homes city conveniences. It is used in farm homes in ... stoves, refrigerators, hot water heaters, flow furnaces, in water tanks for heating purposes and in farm buildings in chicken and pig brooders.

Farm Home Complete Loss By Fire

A fire of unknown origin completely destroyed the farm home of Mr and Mrs Mike Pavlow and their three sons Walter, Stanley and Jimmy on Monday afternoon, December 19.

Mrs Pawlow who has been in hospital in Edmonton is expected home for Christmas this week so the WA of the United Church are making preparations for her home coming to Mr Lundgren's home in the rural road known to many the Lemsky well water well contractor's residence.

Birthday Party For Mrs. Myra Fenstra

A party was held last Thursday, December 15th, in honor of Mrs Myra Fenstra at the home of Mrs M Robinson. This being the ... birthday of the night birthday a number of friends gathered to extend their felicitations. A delicious lunch was served.

Urges Residence To Check Chimneys

Please check your chimneys—keep them ... and the ... on the top should be removed. Keep your family safe. The fire ... can be dangerous ... small lives. Be ... and ... Keep ... routine.

The Elk Point Gas Company would ask all gas users to check their chimneys in order that the fumes have a ... way through which to escape. Your ... tion in this ... would be greatly appreciated.

Elk Point Gas Ltd.

New Year's Resolutions

Let's face it ... there are ... New Year resolutions.

With each new ... year ... makes all kinds of ... to himself and to others. And each year ... same ... promises and resolutions fall by the wayside ... even before the NEW years old ... the ... month.

There is no easy resolution, nor for resolutions worth the making unless it corrects a fault or curbs a bad habit. Sometimes the mention of a resolution is to be worthwhile.

The chief reason most resolutions are never kept is because they were unpremeditated to begin with. This year 1956, we might all resolve that we will make no foolish resolutions that we shall not be able to keep.

Santa Prospers In America

Just ... one ... everyone else, Santa ... is prospered after he came to America.

In Europe before he reached these shores Santa Nick was a ... regular man who rode a ... gray mare. He hadn't been in America long ... before he had a new name a new face ... and a new and better mode ... transportation.

The early English settlers in Pennsylvania started Santa's ... new persona. They retained the ... figure from the Dutch ... but ... appearance. Santa ... Nicholas. He ... lived ... could ... Kringle which ... corrupted to Santa Claus." In 1809 Washington Irving in ... his Knickerbocker's History of New York ... changed Santa's physical appearance by describing him as a ... fellow with a ... forward ... nut and ... tobacco. He also ... Santa Nick ... to smoke a pipe and loaded ... has ... bigger for a wagon.

Clement Moore, ... has famous poem, The Visit From St. Nicholas ... went even further. He gave Santa Nick a sleigh ... eight ... eyes ... cheeks like roses, nose ... a cherry and a round little belly.

Future writers may try to trade Prancer and Dancer off for a jet ship and trim down Santa's waistline. It will be a tough job for ... he isn't streamlined. Santa ... a ... frame, jolly ... and ... mighty ... appetite.

Big Meal For New Year's

Feasting is so important a part of a New Year celebrations as of Thanksgiving, with a good meal on the first day of the year symbolizing that there will be plenty throughout the days ahead.

The New Year's day banquet differs as to nationalities, but vegetables and roast particles Alth... partaken of on-hour which composed of wheat grains lens and mayonnaise. Parsley grains raw fish, roast bird fritters are boiled, boa... Japan, with pickled chrysanthemum petals considered a... delicacy. The Swedes temper their feasts with a special dess... called glogg a kind of claret... sweetened with sugar and flav... and with almonds, raisins and... Danes eat cinnamon, cloves and cardamom. It is usually at... dinner... ning.

Feasts in England and Western Europe are similar to our Americ... ean menus, but if there happens to be the chance of one dinner Tur... key, duck or goose rules. A... roast is in England, and on... France Lent... eschew lenders for their holiday feast with truffles, chestnuts and olives and one might find shark on the menu i... France

Legend has it that the Christmas tree originated in Egypt, where the first trees used were palm trees.

Spirit Of Christmas Is In The Giving Of Presents

Ralph Bottomley, a forceful looking, dark-haired man of about fifty, left the office early... Eve. There was no un... ness to be reflected about his... how office staff had been working. A business party some... previous evening... Mrs. Bott... showed him a not having any... Christmas spirit with the office staff and too much of it.

He gaily elbowed his streets were filled as he walked along the... crowded area. Hurrying crowds seemed to be in a gay mood... to him whatever the Christmas... spirit might be. He loved a... happy crowd... and soldiers, all... the latter... ses, sailors and his parents. With... his many pounds to send, they were lucky to find a dime... or even such and a hard-fisted... part of some in their stockings.

Now it was vastly different... Some thought, Christmas was... commercial and presents... their... useless. Molly... was bought the gifts for... thought, lighted... lighted store windows attracted him. Sports equipment was... Alfred Ralph recognized... boy's... about or... Christmas when he had wanted... something he wanted particularly... Gee, dad, how did you know... just exactly what I wanted!

And Ralph had to say, in hon... est, "Thank your mother for... last week here

Today... Bottomley entered... Bay Store on... 13th, daddy, it... and I say I... how you don't... take part. You don't ever... you

A CHRISTMAS GREETING

The Spirit of Christmas warms every heart, brightens every eye, lightens every care . . . it moves me to express my deep appreciation of the friendship and loyalty of my constituents and to wish for all, a rich abundance of the Season's Happiness.

RAY REIERSON, M.L.A.
Minister of Industries and Labor

Present Calendar Started In 1582

One present calendar — the Gregorian — was the first calendar to embrace any semblance of world unity at the time it was.

The coming of this calendar instituted by Pope Gregory in 1582 laid the foundation for its universal observance for New Year's day.

Europe, which for centuries had celebrated March 25 as the first day of the year, was the first to adopt the Gregorian calendar But it was not a complete adoption until 1752 when Great Britain joined the other European countries recognizing January 1 as the first day of the year and embodying use of the Gregorian calendar

Of course, the date of Jesus' birth is not established by everyone The Jews observe a 10-day New Year season at the time of the autumn equinox. The Moslem calendar, which dates to 622 A.D. has 12 months that begin with the approximate new moon after each new year's celebration is supposed to the seasonal equinoxes

And, the Gregorian, although a performance a great... in... tration, still doesn't satisfy everyone. Periodically someone comes forth with what they consider a better way of marking time

OBITUARY

Mr. Warren Wyszyk

On December 14, Mr Morton Wyszyk of Sandy Point passed away at the age of 70 years.

He is survived by his loving wife, Mary Wyszyk of Sandy Point 3 sons and 3 daughters Wilson John and Harry of Spedden, Mrs Nancy Mokrychuk and Mrs E (...) Belmont of Winn, Mrs I. Tutin of Derocke B.C Mrs Fay Mosley of Vancouver, Mrs Helen Resch of Calgary, 1 sister and 6 grandchildren.

Funeral services were held on Tuesday, December 20th at 10:00 a.m. at the Greek Catholic Church, Spedden, Rev Fr Bishop officiated and interment was made in the church cemetery

Park Dale Funeral Home of St. Paul was in charge of funeral arrangements.

Old superstitions hold that any person refusing to eat at least one pea would be unlucky for the coming year Should he accept the invitation, and partake of it once pie during the ten day season he would have the same number of happy months during the year as the number of beans at which he ate rather.

A Christmas Story Of String Of Decorating Lights

We were ... that sad ... Baker's all ... but now ... know that ... be the only ... string and ... our pet mouse ... down the alley.

Being a writer ... with a character ... for he couldn't see ... mice, I suppose ... clumsy. About half ... pantry he stumbled ... most tumbling down ... I was about ... some of my first ... the fall. A few ... were all dispersed ... huge drums ...

By ... Lord Mrs. Hansen ... this string ... string and ... saw this ... The ... years. There ... trash with ... some ...

I was shocked ... and I just ... loved ones ... Christmas ... because I was going ... she's ... in fear that ... gone ... Mr. Baker's ... the years. When ... would be ... would all be ... and happy ...

Twinkled Home

Eventually ... on his guest ... cart upon the ... the alley. I felt sorry for them. Then I had another ... and all of them had Mr. Baker been more careful ... how they would never be used again. But what of me? I wasn't ... Suddenly I felt a little old.

For two days I ... pals with my broken friends ... then ... on the third day ... what a ... he seemed to be wearing the Christmas ... in a bracelet ... I ... he could feel something ... valiant ... came upon me. With a ... of the light he gathered me into his ... hands and ... out of the ... where he found me ... down little house.

How glad we ... sisters have ... evening the ... tree. I was ... tall and I ... of decoration ... and placed ... and the rest ... thing! ... tree ... the tree ... window and ... my left. I ... Christmas ...

That ... snuggled ... Sarah's ... house. I ...

TRAFFIC DISRUPTION

The raging blizzard and snow storm which struck this district with a fury on Tuesday night and the first part of the morning of many. It disrupted transportation and communications, and caused a lot of damage. Municipal officials, shortly the roads are being pushed open, but of course that will be nearly as fast as each and everyone would like to see it done.

There are always two sides to a story and it would be unfair to criticize without first investigating all the pro-and-cons.

The municipality is removing the butt of criticisms for not being able to cope adequately with the situation. We must not forget that we are but the only ones affected, but that most of the western provinces are suffering from the same situation.

The velocity of the blizzard winds accompanied by tremendous speeds, drifting snow, dirt and all of the fickle acts normally associated with it.

Policy of the municipality is to first open all the main arterial roads before individuals are considered, even the snow may only be a half a mile from the highways.

Normally this would have been accomplished in a few short days, but the plows and bulldozers found themselves confronted by solid walls which refused to give in and again others would be forced to re-enter to get through. The costly work is slow and certainly unsatisfactory as far as the ratepayers and the business men of town are concerned. Remember, this is the week just during the Christmas shopping season. Stock purchased for and schedule until during this season will have to go back on the shelves until next year. The economic reduction is hard for those concerned, but depended to a great extent on the Christmas trade to raise volume of sales which has already suffered too much due to the grain marketing situation.

The Municipality has only twenty four employees on the roads, a rotary and a battery of supplementary bulldozers added on to open roads as fast as possible.

We spent a few moments in the M.D office this week, and there is no doubt about it over the enormity of help and councillors are well aware of the situation. Reeve Illsley was in contacting various districts and keeping close touch with the progress.

A very pleased to St. Paul business men in the north need leading into Mallaig, St. Lina, Thorlea and the leading area up to the Beaver

Since the Thorlea School Division has seceded by request from the St. Paul School Division, and the Local Government Municipal boundaries have rounded west, part of the road leading to this district has become the responsibility of the M.D. of Bonnyville.

St. Paul's jurisdiction and responsibility extends three miles north of St. Vincent up to Ed. Robert's residence. Road was opened up to there and the south turned back. The north from Ed. Robert's to the East two miles in to St. Paul, but the portion to old Thorlea and then South to Roberts is part of Bonnyville. Those few miles, being the remote portion of the Bonnyville area subsequently did not receive much attention. That was the portion blocking traffic north to Bordeaux, Thorlea and Mallaig.

The mistake lies in partitioning and division of these municipal boundaries of roads. Of road, the Municipality to the economy of St. Paul been retained in this municipality there would be no problem of maintenance ... we would be looking after our own interest. As it is now we have no jurisdiction and must rely entirely on the goodwill of our neighbors to the east.

The Mallaig-St. Paul route will be solved with a graveled road directly south of St. Paul born in Adam Robert's corner and east to the Village of St. Vincent and on to St. Paul on 50-old road. What of the other roads into treating area? Can anything be done ... or do we have to be snow bound every time a storm hits us in the winter or the rains soak in the summer?

FIRE PRECAUTIONS

Christmas trees, paper decorations and overcrowding of places of entertainment are all related to the special fire danger of the holiday season. Precautions that should be taken in the home, are Don't let Christmas wrappings accumulate, Don't allow smoking near the tree or decorations, Don't substitute overuse fuses to carry overloaded electrical circuits; Don't hesitate to call your fire department should a fire start that cannot be extinguished immediately.

Should a fire break out, three basic must never be forgotten. Warn everyone out of the building; call the fire department and other help, and finally, fight the fire with available equipment till help arrives.

Hornets Take Lead in ENHL; Defeat Viking, Vegs., Vermilion

(continued from page 1)

hunting between the posts and his efforts were not in vain, making some acrobaticsaving saves, time and again, to hold the game on ice.

SUMMARY

First period. 1 Viking, Josephson L. (Wynyard) 1:34; 2 Viking, Proctor (Bjork) 9:40 Penalties: Mansfield E.M. 7, Dunnigan 19:04.

Second Period: 3. St. Paul, Hrycyw (Dubik) 2:10; 4. St. Paul, Richard, (Dean) 7:45; 5. St. Paul, Hrycyw (Dubik, "Dean) 11:55. 6. St. Paul, Kitt (Dean) 16:02. 7 Viking, Wallner (Bjork) 19:45 Penalties LaBossiere 13:22.

Third Period: 8 Viking, Mantlett 1 22. 9 Viking, Proctor (Bjork), Josephson L.) 5:05. 10 St. Paul, Kitt (Dean, Richard) 7:17. 11. St. Paul, Hrycyw (Lamontagne 8:38. Penalties L. Josephinson 17:28. Zaharuchuk 18:06.

Referee Hanby; Linesmen: Andre Joly

Hornets moved ahead in the Eastern Alberta League Monday night by lobbing their second win of the schedule on island ice, 3-2 against the Vegreville Rangers and chalking four points, sitting in top place with Vegreville who also played three.

This was the fourth game of the season (including exhibitions) the Hornets have trailed in the first, then came back in the second and third to snatch down a defeat and win by a margin of one point . . . thrilling the crowd who watched the sportsmen pull out their goalie in last-ditch attempts.

The boys couldn't get their wind nor the range and let the Rangers through several times, close at 7:02 when C Mahovlich and Zaruhuk beat defenceman Dean, and again another clean breakaway by Eddie Demchuk who never missed an opportunity to beat the goalie on a lone rush. St. Paul monitored its first point at 14:30 to retire one short after the end. Scoring was Dean on assists from Pundick and Hrycyw.

The first period was a "hard-hitting" one, mostly from the Rangers who took issue with every decision Scotty Munro made, resulting in parade of four of their players to the box furiously

(continued from page 1)

ing Jerry Uhryn 1st-St. Paul Hornet) who was tagged for a misconduct when he threw the puck at the referee.

The second went scoreless and it was not until 6.11 minutes of play of the third that the Two Hills line edged a three-way combination with Dubik potting off a goal from Hrycyw and Pundick. The winning goal came at 12:30 from Hrycyw's stick, taking an assist in front of the goal from Dubik.

From then on it was a question of holding off the spirited offensive of the Rangers who failed to make its grade. The game ended with Zaharuchuk and Uhryn on costly off in the penalty box and the Vegreville goalie on the bench in favor of forward thrown in at the last minute.

Sevenoak, defense for the Rangers broke a wrist when he came into head on collision with Hornet Hrycyw. A sixteen-year-old boy, Sevenoak has just come up from midget ranks.

SUMMARY

First period: 1 Veg. Mahovlich O. (Lavsky) 7:56; 2 Veg. Demchuk E 11:30; 3. St. Paul, Dean (Pundick, Hrycyw) Penalties: Semenuk 10:55; Veggis 12:30; Lavsky 13:48; Uhryn, misconduct 13:48, Robichaud 16:30.

Second period no score. Penalties: Hrycyw 2:35, Richard 5:35, Dean 11:45, Sevenoak 14:36.

Third period 4 St. Paul, Dubik (Hrycyw, Pundick) 6:11; 5 St. Paul, Hrycyw (Dubik) 12:30. Penalties: Zaharuchuk 18:56; Veggis 18:35.

Referee: Scotty Munro. Linesmen Andre Joly

Lineups

Mr. Ernest Belzil Passes Away Before Christmas

Heads Massive Farm Family Of 1953

A man of vision who came in this district during the pioneers year of 1908 to homestead a small holding he developed into a five-quarter section farm and cattle ranch, Mr Ernest Belzil passed away almost suddenly at his home near Owlseye on December 22nd Sixty-eight years of age. Mr. Belzil has been in ill health for the past five years, but he seemed to be getting along well on retirement.

Born in St. Jean de Dieu, Quebec, Mr Belzil moved to Rhode Island, USA with his parents in 1888 when he was eleven years old The family later went to New Hampshire and worked in the logging camps until 1904

In that year Ernest Belzil and his brother Joe, who predeceased him in 1951, decided to return to Canada and take up farming Heading westward they first halted at Vegreville Then they heard that the old Metis colony of St. Paul which had been operated unsuccessfully was opened to white settlers

Mr Belzil travelled across country to St Paul and took out a homestead in the Owlseye district, just north of his present holdings grown into one of the most modern and prosperous farms in later years, with the help of his son, it was moulded into a ranch known throughout the district and province as the "Blue Hereford Ranch" specializing in the raising of purebred cattle

In 1953, the Belzil family with Mr Belzil still actively taking part in the affairs of the farm was chosen as the Master Farm Family Award winners for the Northern Alberta region.

It was a just and deserving honor for a man who had devoted his life to the soil and his family while taking an active part in the affairs of his developing district. A strong church supporter, Mr Belzil was recognized for special benefactor by the Archbishop of Edmonton and made an honorary life president of the Cork Church he helped build in the early days

He also served as councillor for the Champlain Municipality of St Paul, being sworn in from 1940 to 1947 when he resigned due to ill health. Mr Belzil also served as a trustee at Belzil School which bears his name, director for an advisory board for the Veteran's Land Act and was the first president of the local service board

In 1918 Mr Belzil married the former Maria Doucett, daughter of neighbouring pioneer family Mr. and Mrs. Joseph Doucett.

Left to mourn their lost are his loving wife, four daughters Mrs. Joe O'Driscoll of St. Paul, Mrs. Doris Goody, St. Paul, Mrs Roy Mahaynuik, Edmonton, Miss Mae Belzil, Edmonton; three sons Euclid of St. Paul and Fernand and George at home on the farm; three sisters, two brothers in the U.S.A. and 13 grandchildren

Funeral services were held from the Roman Catholic Cathedral on December 24th. Rev. Father G. Tardiff sang the requiem high mass Interment was made in the R.C. Cemetery family plot.

Honorary pall bearers were Messrs Walter Lambert, W. J. Parkinson, R. Bisset and M. T. Greikul. Pallbearers: Messrs. John McKeen, Raymond Neveu, Marcel Chevrette, Armand Lanuthe, Joe Beringuette and Rudolphe Lanuthe.

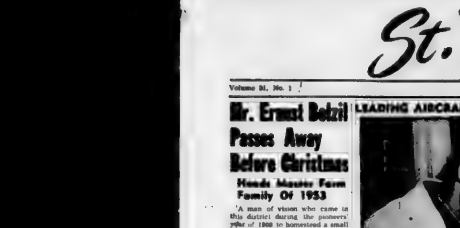
Clark Dale Funeral Home of St. Paul was in charge of funeral arrangements.

CARD OF THANKS

We wish to express our sincere thanks to all our kind friends and neighbours whose sympathies, kind words, floral and spiritual tributes greatly helped to alleviate the great loss felt at the passing of a beloved husband and a devoted father.

The Ernest Belzil Family.

LEADING AIRCRAFTSMAN A. A. DOUCETTE



Leading Aircraftsman A. A. Doucette, 18, of St. Paul, Alta., prepares a blood sample for microscopic examination, to determine the blood count, at the RCAF hospital, Penhold, Alta., where he is a medical assistant. LAC Doucette attended St. Paul High School and joined the RCAF in April, 1951. His parents, Mr. and Mrs. Alfred Doucette, 440 School House Rd., New Westminster, B.C., are former St. Paul resident. (National Defence Photo)

First Baby Year Born At 1:45 p.m.

The St Paul Metis has not as fast as Edmonton's it's doubtful but he made it to St. Paul hospital on at 1:45 p.m. on New Years day delivering the first baby of the year to Mr. Frank Anderson of Saddle Lake

Bundled up was a 7 lb 9 ounce girl who was showered with a complete baby layette given by the Ladies of the Hospital Auxiliary

Dr Leon Trottier was the attending Doctor

NOTICE

DR. BELECHUK
Optometrist

wishes to announce that his St. Paul office will be closed until January 16th.

Dr. Belechuk had to undergo an emergency operation and will be convalescing until that time.

Your co-operation and indulgence will be appreciated.

Water Break Before Christmas Hard On Town Repair Crews and Users

It was a cold and bleak Christmas for the Town Works Foreman, Phil Germain, his assistant Alec Doucett and a crew of five who worked around the clock for days over the holiday weekend to repair a break in a main line It also caused untold hardships to housewives in the midst of preparing Yuletide dishes, pastries for traditional turkey dinners had to contend with without the convenience of normal supply of water

The break occured just off the main line coming across the Parish Mining rink, in the direction towards the hospital Lowering pressures at about 6 00 p.m., December 23 warned the Utilities of the break, located at 8 p.m. on the hospital street where seepage was spreading over the road and the ditch

The first excavation, started by thawing out the frozen upper layers, digging with an air hammer and back hoe, caused by five feet the break found after the second attempt Water oozing out of the broken main made the work doubly difficult in temperatures which dipped to as low as 28 degrees below zero

Undaunted, a huge crater, the resulting suiters had washed all, indicated the location of the break, removed by means of a tunnel cut to allow repair

The six-inch cast iron pipe about twelve feet long was broken directly in the middle where it was resting on a bank piece of shale It is assumed heaving grounds due to the sub-zero weather worked the ends down and caused the seal break around the pipe However, bending force of the ends kept it fairly well knit together to permit some pressure which allowed the system to be opened periodically for emergency use during the holiday

Repair work was completed at 3 a.m., December 27th., during the first hours of the bowling blizzards which deposited 12 inches of snow that night

As much comfort as possible was provided the crews in a cabouse towed to the scene, kept warm and well stocked with hot coffee and food The men, in shifts of ten, worked for about half an hour intervals, around the clock, doing all within their power to repair the line On the shovels and picks were Tommy Bernard, Pete Bell, Richard Daniels, Ed Drolet and Andre Zaak

Good co-operation was reported how the public who understood the plight of the men and sympathized with their consistent efforts to bring the system back to normal under extreme conditions

ANNOUNCE PRIZE WINNERS OF FLAT LAKE RAFFLE

The Flat Lake R.C. Church Raffle held during the holiday was won as follows.

First prize, Kitchen Suite, Miss Marsha Mistrywski of Glendon; second, tree, donated by Conroy Motors, St. Paul, Joe Gryhin, Edmonton; third, table lamps, Mrs. Paul Glaneck, Flat Lake.

The organizers of this raffle are grateful to all those who helped sell tickets, purchase and contributed towards the success of the venture.

Schulmeister Takes First Prize In Lighting Contest

Greg O'Neill and Gerry Skitsh Next; Sponsored By Junior Chamber Com.

Alec Schulmeister was the brightest star in the St Paul Junior Chamber of Commerce Christmas Lighting Contest and duly awarded first prize for his efforts in beautifying his location and the town during the Yuletide Season

Greg O'Neill a consistant entry in the three years the contest has been sponsored came in second place and Gerry Skitsh made it in third place

Photo Week Officers Committee lit up their homes in the Juvenile's third annual contest organized by Bill Okalow. The award of three judges received widespread enthusiasm and kept the committee busy with orders of top prize winners. Difficult with a number of participants going on the special location list.

First prize was in the amount of $25 00, second $10, third $10 Rte Theresa Hospital had a beautiful and tuneful display, depicting the nativity scene in its rustic, original stable atmosphere Judges and the Jaycees regret that this fine display could not be entered in the contest because, competition was restricted to residential homes only, and the Hospital could not qualify on that basis.

Each year this Lighting Contest has encouraged more and more entries and it is hoped that by this means the Junior Chamber of Commerce can establish St. Paul as one of Northern Alberta's brightest and most decorated towns at Christmas time

HOCKEY GAME TONIGHT

THURSDAY, JANUARY 5th, 8:30 p.m.

St. Paul vs Bonnyville

Hot House Fire Christmas Eve

Brassard's flower and green house suffered minor smoke damage and lost by front of a few items on Christmas eve when the heating system caught fire

Lack of water circulation in the system, curtailed by the water break, caused the heat to be overheat and ignite spontaneously Fire Chief Phil Germain who happened to be passing by saw the blaze, opened doors to let out smoke and locate the fire eventually found in the rear Slight front damage was caused to a few plants on the floor close to the door

Jeunes du College St-Jean en St-Paul en jouete de gouvert

Les jeunes de St-Paul qui vont au college St-Jean d'Edmonton ont affronte les jeunes joueurs de St-Paul sur la glace.

Les Collegiens ont remporte les honneurs le 23 decembre au compte de 7 à 2. Le 3 janvier les jeunes de St-Paul ont du baisser pavillon encore une fois devant leurs amu du College

Il faut noter que René Van Brabant a compté les 2 goals des Collegiens, tandis que Fred Sernet en a compté 2 pour le Patinage et Pierre Caron 1.

M Laurent Richard arbitrait avec maitrise la premiere partie et M. Albert R Morin la deuxieme

Conroy Offers Hockey Trophy

Conroy Motors is offering a trophy for the most valuable on the St Paul Hornet line-up participating in the Eastern Alberta Hockey League

Value of the chosen player will be determined through a system taking into consideration points scored, consistency, sportability, leadership and outstanding plays participating in the general welfare of the club

Three judges have been named for this task Mr J D Beckley, Alec Tannas and Bernard Brisard

Festival patinoire le 6 Janvier

Un festival aura lieu demain vendredi, le 6 janvier, à 2 00 p.m. sur la Patinoire St-Paul. Il y aura du gouret, courses diverses pour tous les ages, jeux attrayants, etc. Si les jeunes encouragent ce festival, ils le regretteront. Tous ceux qui seront présents seront très intéressés. N'ayez pas peur du froid, car on peut toujours se chauffer dans le chalet attenant à la patinoire Bienvenue à tous. En cas de mauvaise température, le festival sera remis [illegible]

Le soir du festival, à 8 hres., une grande mascarade pour jeunes et aussi jeunes de tous les ages Costumes-vous, et venez patiner au son d'une musique entraînante. On s'amuse beaucoup gratuitement à la patinoire St-Paul. De plus des prix seront attribués pour chaque groupe de participants.

Goodridge News

(Held over from last week)
The winter blizzards seem to get the best of the roads and for this reason the school bus has not been able to make its usual rounds. Let's hope for the best for Xmas holidays are near.

Mr. and Mrs. Lawrence Bettens were overjoyed when at the home of his brother and sister-in-law Mr. Walter Bettcher and Mrs. Lolly, Christerson.

We were sorry to hear that Wayne Bezeau spent a couple of days in the hospital because of a bad cold.

Our mail man, Mr. Mike Bilyk, was unable to be home with the mail Monday night as he was stuck in a snow bank in Beaver Crossing. When Mike doesn't get through it's no use anyone trying.

o o o

Christmas wishes from Goodridge to you. Miss Ruth Christerson, Mr. Tony and Ted Podein and over 15 visitors at these parent's home. Miss Marge Phegan visited at her sister's home. Mr. and Mrs. Walter Bettcher Everyone seemed to have a very Merry Christmas.

Ronald St. Arnault was a big surprise to his parents when he came home at one o'clock on Christmas Eve.

Happy New Year everyone and it is at last as they finally opened the roads in the school bus will be making its regular rounds again. The Goodridge school children should all be happy as they had two weeks vacation before Christmas.

Health Through Chiropractic

By Dr. K. W. Tenove

YOU

YOU are the most important person in the world—to many people perhaps—but most of all to yourself.

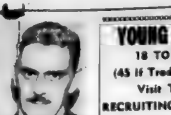
That is why you take such good care of your health. You see you think of things you read and hear and see in terms of what affects you. Your health, your enlightenment and fulness makes you constantly interested in certain things, while paying little or no attention to others.

While the human family displays widely varying degrees of interest in most subjects, there is one subject in which all are equally and vitally concerned. That is health. The health of an individual, community or nations all constantly interested in something other than their own health.

With good health so important there is an understandable tendency at times to place even too much emphasis on it to make exaggerated claims about methods of attaining it, and to overlook the fact in the midst of some that it is beyond their reach through the ordinary laws. Good health can never be attained or maintained in an atmosphere of fear and wondering.

As has been pointed out repeatedly in this column the spine is the key to health, because it is the source of all nerve energy. Since all nervous tissue functioning properly if all parts of the body are to be healthy. A displacement in the spine will cause pressure on the spinal cord, block the flow of vital nerve energy, and cause disease. It is to disease Your Chiropractor is especially trained to locate and correct these spinal displacements, so that Nature may restore health to the tissues of the body affected.

What does this mean to YOU As the most important person in the world to you now it is YOU to consult your Chiropractor if your health is impaired Chiropractic strikes at the CAUSE of Disease and lets NATURE do the rest Remember what Chiropractic has done for others it can do for you



BAF Group Captain John Cunningham, left, piloted the plane from Yorkshire, with Squadron Leader Bill Lloyd of Regina as observer. TCA is interested in the performance of the new plane, which will be in production before the U.S.-made Douglas jet transport.

It Pays To Advertise!

Any business man today would not expect to go very far in his business world unless he was prepared to advertise his business. There are many ways known of advertising, and each has a unique way of displaying the merchandise for sale. In the printed world the bolder the type, the more forceful it is then the greater will be the result. Just the oil on small print and a lot of people will miss it. Few there are, in this old world that Radio has developed any better medium than the spoken word. Its wondrous talent thrills the purpose of advertising to the catch the eye of the busy public. Yes, we have movies and displayed. So, the bigger the ad — the bolder the type and width to the ad that will catch the eye of the busy consumer. We are advertising the most successful road measures and the most successful methods of the many successful ways known. Be sure to watch the next issue of this paper for up to date good news, and leader in Road Improvements.

But! Don't understand that does not pay to advertise Highway Supplies and Specialties Public Service Vehicles. For instance, our trucking firms which spend thousands of dollars to advertise their services. They will tell you that "Their Company is the safest Company to work with You may ship your goods with them with the assurance of safety. Their drivers are selected and thoroughly trained to assure you of this. It takes time, too, to get the goods, to realize this fact But for one of these trucks become involved in an accident, and the same paper that extract the advertising now carries headlines to tell us that it involved on accident." This headline is in bold type, the story is in fine print. However, if people were to read the fine print they could learn that while the truck was parked legally, a drunk crashed the side of it. But the headline is different. When consumers read that headline, all the advertising of safety has been lost.

It appears that accidents are a form of advertising that does not pay. Transportation firms should do all in their power to avoid accidents of any kind.

The fact of advertising can be applied to the private car operator, too. You are to build yourself up in the eyes of the public. This costs you a lot of time and effort and maybe money. But some accident when you are involved in will tear down all that you have built up.

So use reason to put out this sort of advertising to let you down. But it just seems to be the way it appeals to the public.

From now on let's avoid the accident so much as humanly possible Let's cut down on this advertising that appears in the "Press," on the Radio, or from mouth to mouth.

Now that the holiday season it all over we welcome a change to lighter foods after having had so much of the rich and the sweet. One of the favorites of the lighter main dishes are those making use of eggs Take omelettes for example. They are attractive and taste but don't attempt to bake them unless you can serve them immediately

To make plain omelette use 1½ eggs and 1 tablespoon rich milk for each egg, salt and pepper to taste Beat the eggs not enough to blend then add the milk and seasoning and beat again thoroughly Pour the mixture into a greased pan and over low heat cook until a layer of egg has set on the bottom With a spatula, turn this layer and when the bottom is golden brown fold one-half of the omelette over the other and place on heated platter If you wish serve with filling between the two halves. bacon, diced ham, cheese or mushroom poultry, livers, vegetables or even jams, jellies and even sweet fruits

While we're in the subject of eggs here are some hints on How to Cook Them

1. Always use a low temperature to cook eggs.

2. To prevent a black line around the yolk of hard-cooked eggs plunge them into cold water immediately after they come out of the hot water.

3. To poach eggs successfully add a teaspoon salt and a tablespoon vinegar to each quart of water used. The water should be just below boiling point and the eggs should be slipped into the water from a cup. Cover the pan for 3 to 5 minutes, depending on how you like your eggs done. Serve them well drained.

4. Never add your egg to a hot mixture (in the case of sauces, custards, etc.) as this will cause a curdling of the mixture. To prevent this stir in very slowly a little of the hot mixture into the slightly beaten egg in order to bring heat to the egg so gradually that it will blend smoothly.

Therien Community League Honours Pioneers

The local hall, on the evening of December 1st., was the scene of a festive occasion sponsored by the Therien Community League, as the people of the district gathered to honour our Old Timers and Pioneers. The parish hall was the locale of a get-together moment, as the ladies of our community really served a wonderful dinner.

The happy combination of beautifully decorated tables, well planned menu, tastefully prepared and hot foods, and excellent service by the charming and busy young and younger ladies who so efficiently worked in the kitchen and dining room, made the players widely a happy introduction to the evening's events, as they [illegible] what has been acclaimed as the largest number of meals served in any occasion in Therien.

The good people of the district was furnished the viands came through with flying colors and the supply was more than ample

At 8:15 p.m. the chairman for the occasion opened the evening's goings program by requesting the everyone assembly in Mr Oui-hault's hall to stand and join in singing O Canada. Rev. Daniels then pronounced the grace following which the [illegible] and Fresh.

Rev. Gouzal of the Greek Catholic church of Glendon was next introduced and gave addresses in English and Ukranian. Several French and Ukranian songs were sung as the evening's entertainment and these and a comedy presented and acted by our high school students were greatly appreciated.

A pageant recalling the history of Therien from the days of the Indians to the present was also enjoyed The tableaux being enhanced by the National effects and backgrounds painted by Lawren Gouhault (The Wild Prairie) by Mr Enock Hapland (A Pioneer Home) complete with and roofed house and barn, a pioneer [illegible] and the pioneer [illegible] by three men

A further award of certificates of appreciation for services was made to the following, who, while not getting here quite that long ago, still have contributed largely to the development of the Therien District and Alberta, and are old timers and a distinct addition to our village with shrewders, trade and the track hustling and loan sets, etc.

Brown presented with all chairmen's [illegible] appropriately with a [illegible] gift, tastefully prepared and hot foods, and excellent service by the charming and busy young and younger ladies who so efficiently worked in the kitchen and dining room, made the players widely a happy introduction to the evening's events, many [illegible] what has been acclaimed as the largest number of meals served in any occasion in Therien.

Mr. and Mrs. Ian Zaruhak and sons of Elk Point spent Xmas holidays with the H Bendfeld family.

Owing to the severe cold and bad roads there was only a small crowd attend a very nice Xmas concert held in the school on December 22 Santa managed to get there although he said he had an accident when those jet planes scared his reindeer out of the sky and he had to walk

Miss Doreen Rivard of Edmonton is visiting with her brother George at the home of Mr and Mrs. Art Brown

Mrs Guy Valley and daughter spent a few days during Xmas week with her mother at Mallaig

The Paul Mahe family of Edmonton were guest at the Joe Vallee home for Xmas

Arnould Pinsonn, Steve Gullet, Lauson Guilbault, George Gervais, Eugene Plouffe, Irvin Ashton, Rene Carle, Marcel Pratt, Lucien Belmont, Louis Gautreau and Murray Smith. Again we wish to thank the people in our district who so generously forwarded the food and then came and paid for their evening's entertainment to help pay expenses.

Our visitors from surrounding districts, very many who came from Glendon, Bonnie Those from Mallaig, Coach Baghdad, the leader of the lucky ticket, of those given to Jubilee Celebrants and Old Timers

The ladies who set and controlled the tables, prepared and served supper, made costumes, painted ribbons, made posters and cleaned the parish hall the next day

A special salute to those ladies who were such an essential part of our community celebration. To the parish and Mr Guilbault for the use of their hall, and [illegible] To the senior citizens and pioneers who we honour thanks for your contribution to our history so ably and may you enjoy the fruit of your labours and give us the benefit of your experience for many many more years to come.

To those, and they were many, who empowered their appreciation of the evening's events, many thanks and we are sure that the best in the hoped upon gold volume of many of our pioneers as well as those under could richly rewarded all who took part and worked for the success of the celebrations enjoyed by so many

1. An all-new big-bore Strato-Streak V8 placing 227 blazing horsepower at your toe-dip.

2. A completely new Strato-Flight Hydra-Matic that delivers this surging "go" without a hint of surge or jar at any speed.*

You now sweep swiftly from take-off to top performance with the silent ease of a subplane rising on updrafts. And you slow down for traffic, or speed up for safe passing, with the changing pressure of your toe on the accelerator the only sign of effort.

And there's plenty more to make this date long remembered. There's smart new beauty and luxury for Catalina's most distinctive car . . . the safety of big new brakes . . . the security of a smooth new ride and [illegible]

But for the whole thrilling story, come in . . . see and drive this glamorous new pattern for tomorrow's cars. Take a long look at the luxurious new Four-door and Two-door Catalina hardtops. Sample Pontiac's fabulous new ride.

Sure as you love the thrilling return, here's your next car

NEW WAILING WALL

PETITION TO GOVERNMENT

Members of the Farmers' Union wish to bring to the attention of farmers and the public the following position which is being currently circulated by its members in the countryside. Signatures to the petition from other than the farmers who are vitally interested in this welfare of agriculture. If you are inadvertently not called upon, and wish to sign, please contact a Farmers' Union member in your district.

Whereas Agriculture in Western Canada is suffering acutely through reduced net income and measures should be undertaken to restore the purchasing power of farmers. This is essential, both in their interests and that of business [illegible]

Therefore we the undersigned citizens of Canada urge that you undertake the following remedial measures immediately

1 That the Government of Canada set up an emergency fund reserve by buying at the initial price and holding an amount of wheat equal to an average year's crop This to be held for immediately at not less than present Wheat Board prices

2 That a Domestic price of $2.30 per bushel basis No 1 Northern, be set for all wheat sold for human use within Canada

3 That while the present restricted delivery situation exists, provisions be made for such advances against grain stored on the farm [illegible] as are equal to 75 per cent of the initial payment on an 8 bushel quota, and to be issued through the elevator system at not over 2% per cent interest

4 An immediate [illegible] payment of 10c per bushel on the 1954 crop.

5 The floor price of $2.30 on high basis Toronto, be equalized all across Western [illegible]

6 Continuation of the present floor price on butter for at least another year

7 Continuation of the present floor price on eggs.

8 Setting up of a Federal Export-Import Board, financed directly by the Bank of Canada, to supervise the export of surplus agricultural products and arrange barter trading when necessary

A PROUD RECORD

With a million and a quarter immigrants accepted and absorbed since the end of the war, Canada does not have to take a back seat to anyone in the matter of contributing world population and boosting up our own.

Few countries, and certainly none with a similar climate like ours, can approach that record in actual figures, we are a good [illegible] ahead of much publicized Australia where the millionth immigrant since the war was greeted ceremoniously only a few weeks ago

Not since the five years prior to 1914 on the early days of the century when we had numerous tracts of free western land to offer, has there been anything to compare with the present movement.

With the substantial immigration that has been permitted there has been objection and criticism as some quarters. One can well imagine the howls that would have been raised had we pumped people in faster than we could have hoped to digest them. The present policy is wise and poli-tically courageous.

COYOTE PROBLEM

Are coyotes preying upon your poultry, sheep and other livestock? If so, why don't you get your local game conservationist and obtain strychnine pellets and coyote getters? You will be trained how to use them effectively and safely and will be given an ample supply of these materials, advises Mr. William Lobay, Alberta's Supervisor of Pest Control. These are very simple to set out and once supplied they will not as your guard against coyotes day and night. If you don't know your pest officer, see your District Agriculturist and he will direct you to the proper channels. Coyote getters and pellets have now accounted for well over 1000,000 coyotes in Alberta. And Mr. Lobay, in proof that when set out properly they will do the job.

Pest Officer Ryerkniand of Red Deer has reported a tally of 220 coyotes during the past summer and fall months. Mr. Pepper of Stony Plain has accounted for 50 coyotes in his progress this summer High hills have also been obtained by Pest Officers Stewart of Eagle, Arnoldt of Athabasca and many others. In the northern areas containing municipalities, provincial pest officers have distributed over 30,000 baits during 1953 and claim that about 25 per cent of them pellets have accounted for coyote kills.

Terms: Cash.

Redemption may be effected by payment of all arrears of taxes and [illegible] to at any time prior to the sale.

Dated at St. Paul, Alberta, this 6th., day of November, 1958.

M. T. GREKUL (Secretary-Treasurer)

HOPES TO START THE NEW YEAR RIGHT

—Ottawa Press Canadian

Dislike most of us, Jan. 3, but Dec 25, is the red letter day in Jamie J. Parker's books. For on that date the Sherrie, Cal., boxer, above, will take on South African champion John Arthur for the British Empire heavyweight championship, left vacant after the retirement of Earl Walls. Maple Leaf Gardens in Toronto will be the site of the 15 round bout

Hornets Take First Three Leagues Games But Drop One To Rangers

Reports of the following games between Vermilion, a three team league fixture, December 21st., and an exhibition against St. John's College, on the 22nd., were delayed because of the Christmas holiday we took However, for those who wish to keep track of hockey we give the following brief resume and statistics on the plays

St. Paul vs Vermilion

The Hornets' third league game played against Vermilion Tigers made it three wins in as many starts to put them on top of the league at the time.

Like an evening fabricated try boys in on the Tigers and showed them who is who under the direction of Marshall Debut who piled up six points with his 3 goals and four assists

The game rolled on nicely with routine minor penalties until the six-minute mark in the third when Wally Foote of Vermilion lost his head and deliberately caned Jackie Hryvie to Gerry Valliers, kicking him from behind on the leg with his skate and sending George out of the game for the balance of play Foote received a five-minute major and match misconduct

LINEUPS

ST PAUL — Goal Clearwater, defence LaBoucane, Valliers, Rutherford Zahariuchuk forwards Roberts, Richard, Hryvie Debut, Pundick, Kendell Dunn, Fjelstrom.

VERMILION Goal Scroggings, defence Keeler Williams W. Scroggings, Evans, Lawrie, Fouts, Cooper, Barr, Grant, Shaw, Lord.

Referee Harrison Linesman Andre Joly

SUMMARY

First Period 1 Vermilion, Barr (Cooper, Scott) 5:44; 2 Vermilion, Schmidt (Ewing) 6:30 3 St Paul, Debut (Hryvie) 7:46; 4 St Paul, Kitt (Roberts, Richard) 8:20, 5 St Paul, Richard 16:45 Penalties Debut 17:09, Valliers 19:08, Schmidt 19:08

Second Period 6 St Paul, Hryvie (Pundick, Debut) 2:35, 7 St Paul, Roberts (Debut) 10:02, 8 St. Paul, Debut (Hryvie) 10:20, 9 St Paul, Valliers (Kitt) 10:11 Penalties Pundick 11:36, Richard 8:20 Fouts 11:20, Hryvie 13:45

Third Period 10 Vermilion, Cooper (Ewing, Schmidt) 2:30, 11 St Paul, Hryvie (Debut) 11:25, 12 St Paul, Pundick (Debut) 16:08 Penalties Valliers 4:40, Fouts, major, match misconduct, 6:00 Roberts 9:30 Fjelstrom 12:01

St. John's vs St. Paul

Flushed with a previous night victory of 12-4 against Bonnyville, St. John's College gave the Hornets a hard time, having the edge all the way through and nearly getting away with a close victory However, reliable Marshall Debut snapped their chances with his winning goal which gave the locals a 7-6 win

Fast, quick, elusive and hard-nosed with hours of skating and play in their college rinks, the students drove nervously against the Hornets, keeping ahead of the game with an edge of one or two points. Never looking back, except when it was too late to even try a power play Debut made the winning goal at 19:30 of the third period

Only penalties of the game were two handed nod to St. Paul — Roberts and Kendall being the culprits.

SUMMARY

First Period 1 St. John's, E. Charbonnel (Sheaver) 9:41; 2 St. John's, Chartrand (Kerwin) 5:50; 3 St. Paul, Fjelstrom (LaBoucane) 8:45, 4 St. John's, Kerwin (Littlechild) 8:10, 4 St Paul, Pundick (Debut) 13:10; 5 St. Paul, Debut 17.30 7 St. John's, Chartrand (Hamel) 19:35. Penalties Roberts 10:55

Second Period 6 St. John's, J Joly, 3.37; 8 St. Paul, Hryvie (LaBoucane) 10:34, 10 St. Paul, Pundick, 14:05, 9 Penalties Kendell 2:20

Third Period 11 St John's Lapointe, 5.17. 12 St. Paul, Pundick (Hryvie, Debut) 6:20 13 St. Paul, Debut 19:20

LINEUPS

ST JOHN'S — Goal E. Plamondon, defence J P Belland, L. Lavallee, D. Littlechild, forwards R. Code, B. Lavalle, L. Hamel, O. Chevrier, L. Mercier C. Joly, E. Chartrand, Fr. Kerwin, B. Kerwin, J. Joly, L. Lapointe.

ST PAUL — Goal Clearwater, defence LaBoucane, Robichaud, Rutherford, Hryvie, forwards Richard, Roberts, Kitt, Fjelstrom, Kendell

Referee L. Richard, Linesman, Andre Joly.

Overtime Disastrous To Hornet Squad

The Hornet's winning streak — three first league games — was broken by the Vegreville Rangers Friday night when the locals blew a ten-goal lead with five minutes to go, permitting a combination overtime period in which a record six goals were scored, four against and five for, ending into an 8-6 victory for the Rangers

Going into the third period the Hornets scored two quick goals and were cruising for a near certain win at 15 12 less than five minutes to go when an inopportune penalty by Roberts opened the way for the Rangers who pressed their advantage with two points to tie and get another lease on the game

Dogged on the small Vegreville ice surface, familiar to the Rangers, the Hornets were led into a slap-stick game with the odds against them.

George Pundick scored the two overtime period goals for St Paul, and with an extra to the third period up the scoring honors of the night with three points.

Rangers broke into the game with the first tally by Makowichuk and Zavasky at 2 30, were equalized by a beautiful combination play from Dion to Roberts at 13 minutes of play. Vegreville's 3rd goal was a lot of hard luck on the part of Eddie Zatarschuk, who picked a loose puck twenty feet in front of his goal, proceeded to skate away from Bus Church Eddie tripped and let the loose puck slip onto Bus's stick, goaler to go and Bus rarely misses Done

Only goal of the second period was a long effort by Dion at nineteen minutes.

Third period, Hornets shot at Nestor Hryvie, missed in 8 goal run, quickly took the lead with a goal from Pundick and Kendell, and Roberts with Dion The game, running over 15 minutes of the third, seemed reasonably assured for the Hornets when Garth Roberts was tagged for a two-minute boarding penalty Bus Church came to the rescue of his team with a single effort and speedy Donnelly in for the tying point assisted by Hantiuk and Jerry Ubryn.

In the overtime period Hornets seemed to literally fall apart, letting two goals in during the first

Walking Boss

(Held over From last week)

We are slowly recovering from last week's storm which piled snow 8 to 10 feet high in many places, the result of supporting the main roads is a tremendous undertaking, very little hope of the side roads being opened, may be a true plan to clear up with an extra can of beans or two, it would become a lot rougher

Mrs J Chartrand was not Mention visitor this week, quite a normal travel to and from St Paul via Lac La Biche have been kept busy running snow plows between Smoky and Grand Centre, have seen 3 of them over the past week

School classes re-opened again this week, attendance is reduced due to so many unable to finish the bus take

Understand there was a few disappointed fishermen rushed to Lac La Biche on Monday of the breakup of the storm, needless to say they returned minus any fish net pretty chilled

The only people who never do anything wrong are those who are afraid to ever do anything

I WONDER

BY C. B. B.

The views and opinions expressed in this column are those of the writer and not necessarily those of the St. Paul Journal

What do women talk about now? That is a much discussed query We know a shop who is the only man in an office where over 100 women are employed, therefore he should be qualified to answer the aforementioned query He says the favorite subject of conversation among the women is their health Then the worse they think their health is the more they enjoy talking about it

Now we do have something more or less other than [illegible] this week, a letter was sent to our Press 3 distinguished and quite talented lady nurse Lists age, [illegible] of her many accomplishments, although speaking modest it contains a great deal of fact I thought much as I may [illegible] agreeing with her it must be factual

The Place Of Women

Woman was not taken from man's head to be ruled by him, nor from his feet to be trampled upon, but from his side to walk beside her friend, under his arm to be protected by him and from near his heart to be dear to him.

What d'ya think Gals?

YOUNGEST PILOT BEST IN CLASS

At 17, Helen Bradley of Picton, Ont., is Canada's youngest aeroplane pilot. But that did not stop her from becoming a trophy for leading her class at the Prince Edward Flying club.

—Canadian Press Cutaway

Square Dancing Classes Announced

The St. Paul Square Ballers are sponsoring another beginner square dancing class which is to commence on January 19th 26th, 30th, and 11th, with the first three of the six lessons, which is required to become a classified Square Dancer. So if any of you folks would like to get the feel and the swing of modern Square Dancing, contact any of the "St Paul Square Ballers" members or Alex and Milly Sedgewick and they will take your names and deposit for the six lessons to be given on our local caller, Alex and Mrs Sedgewick instructors, for round and square dancing. The fee for the six lessons are as follows: Price per single $4.00 per couple $12.00

Lessons to start each night at 8.30 sharp so be on your toes Grey Bonnet and Dutch Costumes to the Sleigh Dance SQUARE DANCING is FUN and it's FUN FOR DANCING SQUARES.

So let's see a big turnout on opening night at the Legion Hall, where everybody will be taken care of by someone of the Club Members

Buy your tickets now and avoid having fun. Sold at Bi-some Bros. Plouffe Jewelery and most leading businesses in town.
Numbers will be printed in the St Paul Journal every week

Here Are The Details . . .

On our contest which ended on December 31st., 1955

There is some confusion in connection with our contest for which we will accept full blame.

We are removing entries which include the actual ads which appeared in the Journal from the date the contest started to date This is our fault. We should have stated that when we mailed you to do it pasted, cut, clipped, and saved the total of us. A simple letter addressed to us stating what you think the total number of columns in our paper should be would do. Do not mail the ads.

In order to give everyone time to borrow, and give back, their neighbors Journal, the deadline for entries will be February 18th, 1955.

We would like to take this opportunity to thank you for your splendid support in the year just ended and to wish a Happy New Year, to You and You and especially You.

Hornets Split On Weekend Series With Lloyd Squad

BOTH TEAMS AT TOP OF E.A.H.L.

St Paul Hornets crossed blades with the rescued Lloydminster Chevvos in a home and home, regular league game series over the weekend, to split the laurels, both teams winning one each. Lloyd at home 6-1 and the Hornets in St Paul Sunday 5-2. The two clubs are standing at the top of the league with four wins and two losers apiece.

The Hornets had difficulty adjusting themselves to the new ice surface at Lloyd 16 was there first game there on a smaller rink; and short of Jules Gauvreau and George Pundick, were unable to shake off the feeling of might from the heavier set Saskatchewan club.

Roberts led his team to the first goal on the 11:50 mark, scoring on a pass from Dion and Richard Before the first period had ended Lloyd turned on the power and severed two goals, one at 15:03 by Mills, Gauvreau and Johnson, and a loser by Barrack, who is the regular leading scorer from Lloyd to date

The second stanza was scoreless for the Hornets who slipped behind 4-1 McHarg, Barrack and Johnson accounted for one and Barrack and Mills plugged on the net. Both these goals were scored in the last two minutes of the period

Two more goals piled in against the Hornets in the third against a lone retaliation by coach Paul Dion Barrack scored again with the help of Mills and Hicks Downed the second between the posts on 15:03 by Mills.

Goaler Art Clearwater for the Hornets saw a busy box during his contest and did a remarkable and exceptional job of subduing break-aways and lone rushes. He picked him as the outstanding player for the game and the Hornet mentor for his quick action and defense.

SUMMARY

First Period—S. Paul, Roberts (Dion, Richard) 11:50; 2 Lloyd, Mills (Barrack, Johnson) 15:03; 3 Lloyd, Stewart 15:05 Penalties Stewart 5:00, Walmsley 12:30

Second Period—4, Lloyd, McHarg (Barrack, Johnson) 5:00; 5, Lloyd, Barrack (Mills) 10:31. Penalties, Dubiel 10:45.

Third Period—6 Lloyd, Barrack (Hill) 2:44; 7 St Paul, Dion 16:11; 8, Lloyd Hill (Stewart) 19:58 Penalties Stewart 8:00, Clearwater 12:00, Vallieres 15:00, Walmsley 15:10, Vallieres 18:10, Trask 19:00, Vallieres 19:50

LINEUPS

ST PAUL — Goal Clearwater; defence Richard, Vallieres, Zebrasteak, LaBeaudoux; forwards: Kim, Dion, Roberts, Hrynyk, Reid, Roberts, Kendell

LLOYDMINSTER — Goal McCole; defence Stewart, Dorrington; forwards Richards Johnson, McLean, King, Barrack, Trask, Walkowski, Mills, Hill, Boyer, McHarg, Walmsley

Referee Scotty Munro; Linesman: Gordon Hall, Jr.

Pull Reverse On Clover. Sunday

The Hornets took stock and pulled a reverse on the Clovers in the Sunday game at St. Paul Just to even things they called the Clovers Red Devils and the Hornets Blue Devils. The Clovers were at Lloyd, the second (!) and the last were up to bat.

This game was made up of the best of the Hornets and Clovers, one cheat, fast and what's more the Hornets were on the winning end. Only exception, Clovers handed out in the game, two to Lloyd and one to St. Paul.

Hornets allowed the Clovers to score the first goal on the ground, exactly what had happened in reverse at Lloyd and at about the same time 12:30 to be exact on an assist from Kil. And in the last three minutes Reid, Richard and Hrynyk combined to score a three man goal. Pundick and Zebrasteak shaked around the defence at 17:56 and from the corner Zeb slapped her back to Georgie who slapped her in again from the front of the goal.

In the second period, there was no score for Lloyd (again, exactly what had happened to St. Paul during the previous night) and two for St. Paul. Jules Gauvreau zoomed in his first goal here this season on his second game Richard and Dion paved the way for Jules before the opposing blue line, allotted to Richard who passed it in Dion and then back again to Jules for the marker Hrynyk and Roberts hit pay dirt for the next, ending the period 4-1.

On the half of the third period, Richard and Dion made an instantaneous dropsel for their side by paying off with the fifth goal of the game, Lloyd managed to counter with one more from Barrack and Hill to end the game 5-2

Coverage Opposition

Executive of the St. Paul district Dion wishes to thank all those who took part in the battle necessaging drive after the holiday season.

Opposition was somewhat hampered by the inclement weather conditions which blocked some of the roads in outlying districts and did not permit a full scale recovery of all empty bottles. However, a substantial number were picked up and to those individuals who cooperated, grateful acknowledgment is tendered along with the Coupons who supplied the trucks and help. Television operators were also very helpful in their slow reminders to the public

Appreciate Task Commended On Of Town Workers Q.C. Appointment

Members of the St. Paul Chamber of Commerce wish to extend a hearty vote of thanks to Mr Phil Germon and his helpers for the splendid job they did securing the votes of those when they from during the Christmas holidays.

We wish to go on record applauding the splendid work these men did, around the clock in sub-zero weather at a time when others were enjoying the comfort of their home and the yuletide season.

Their efforts during this emergency were highly appreciated and recognized as conscientious and in the full interests of the citizens of St. Paul. Many thanks for a job well done.

Yours very truly,
Secretary-Treasurer
St. Paul Chamber of Com.

Reinrem In Town January 18, 19

In a telephone conversation with Ray Reinrem, MLA for St. Paul Constituency and Minister of Industries and Labour we were informed that he will be in St. Paul on Wednesday and Thursday, January 18th, 19th.

Anyone wishing an interview with Mr. Reinrem may do so by leaving their name with Mr. Charles Guerreau Jr. in Bonnyville, who will register appointments.

JAYCEE LIGHTING CONTEST WINNERS

Cherry, and bright Christmas spirit was promoted in St. Paul by these three displays which were judged the best in the Junior Chamber of Commerce Lighting Contest. First Prize winner in the two hour district the latest made by Mr. and Mrs. Alex Schlumberger; second prize, Mr. and Mrs. Greg O'Neill and the third award was given to Mr. and Mrs. Gerry Gluck.

Navy Cadets Division Planned

Under Chairmanship Of Rev. Fr. E. Bernel - Bellande, Blue Quills

A new organization has been introduced to the area This organization, known as the Royal Canadian Sea Cadets has left some details as some of our citizens as to its functions and its purpose

For your information, the Royal Canadian Sea cadets are a voluntary youth organization, sponsored by the Navy League of Canada, and, assisted by the Naval Service. The Navy League Branch here is composed of a group of local citizens under the chairmanship of Rev Father E Bernel-Bellande, Principal of the Blue Quills Indian Residential School, and his secretary, Mr B Knapp.

Their primary object is to develop boys, between the ages of 14 and 18, spiritually, mentally and physically, and to train them as Naval Cadets. Upon completion of Naval Cadet Training, and in doing so attain a rating of Leading Seaman.

Cadet Officers, who eventually supervise the training, are also local citizens Under the command of Lt Mahlodah, RCSC they too are keenly interested in youth training of this type

There is no membership fee, due to the range, and a complete uniform valued in excess of $100 is issued free of charge, with the understanding that it be worn only in connection with the cadets and will be returned in good condition on termination of service, or if cadet leaves the Corps voluntarily

There is no obligation to join the Navy A discharge may be obtained at any time at the cadets discretion The training each Cadet will receive will be transferable to him as civilian life or if he decides to make the Navy his career

Training includes seamanship, field training, signalling, boat work physical and recreational sports, etc An opportunity is provided to develop leadership qualities by learning to take and give orders Discipline of the Youth Cadets is minimum

Summer Training Establishments are provided and Cadets who have qualified are eligible to attend Also there is no charge Navy Service pay transportation, room, meals, etc In fact, the only expense to parental spending money Training periods are for two weeks Cadets from the Western Area (Alberta) RCSC will be trained at Venture, located in Comox, B.C This organization is supervised by competent Naval Personnel A modern rock built establishment to take care of the health and well being of all attending

Two Chaplains, one Protestant and the other Roman Catholic, are on the staff. Religious guards teach the cadets to learn or improve their swimming as the case may be An opportunity is given to qualify for various Red Cross swimming awards Summer training includes sailing in Navy dinghies, whalers, cutters, and various types of boats. Instruction is given in shooting and other proficiency, due to the fact that roads were impassable The Sea Dogs had a brief bit of snow myself, it unanimously and insisted on a postponement, so that they could commence their lessons to the new date of Monday the 16th.

UNITED CHURCH SUNDAY SERVICES

Services Sunday, January 16th.

Ont. she is one of the most outspoken independent members in the House She will be the youngest person in Canada's history to be accorded the honor of moving the address.

Square Dance NEWS

A number of Square Dancers from St Paul enjoyed an evening of square dancing at Elk Point recently. We hope to see members of the 12th at our dance on Friday the 13th. Harry Schaefer of Bonnyville will call The dance will be a chance for a good time

A surprise Farewell Dance in honor of Steve and Ann Shipley was held at the Legion Hall Jan 7th. Steve was presented with a bill This bill had added and square dance move called by Steve. We remember where Steve has been transferred But the evening of dancing was made by Adrian Cossette and the presentation of an electric clock to Ann and Steve who have always taken an active part in making square dancing sure fun It is will be missed greatly and we wish them well in their new surroundings

On Jan. 8th, only a small number, wishing to take the Square Dance lessons were on hand to Dance lessons were on hand to Dance. due to the fact that roads were impassable The few that did turn out had a good evening and it unanimously and insisted on a postponement, so that they could commence their lessons to the new date of Monday the 16th.

Coming Square Dance In The Legion Hall

On Friday January 28th, 8.30 p.m. at the Legion Hall in St. Paul. Caller Harold Sedgewick of Bonnyville

On Thursday, January 20th, 8.30 p.m. at the Legion Hall, in St. Paul. Caller Doug McColl of Alta

On Monday, January 24th, 8.30 p.m. at the Legion Hall, St. Paul. The First Lesson of a Series of Modern Square Dancing will commence. Due to the state of the roads lessons that were to be held on Jan. 8 were postponed to — January 16th, 23rd, 30th, and February 6th.

Membership tickets to the Keet Hour Gang are available FREE at Dance Nights Lessons No charge or suggested receipt that the member pledge himself to be a faithful sports booster and attend the specified games.

A special section will be organized for this club Tickets are now available at Convoys

Juveniles Win At Bonnyville

St Paul Juveniles wearing the Merchant uniforms invaded Bonnyville on Monday and won their game 4-2

The boys were playing for a chance with no score against them in the third when a few long-boys opened for two scores and the game.

One goal was scored by St Paul in the first, 2 in the second and one in the third scoring for St Paul Harold Pasierow, P. E. Bonvert, H Bailland and D. Hunt

ST PAUL Lineup — Goal: Butch Belland, defence K. Beaudoin, Pasierow, P. E. Bonvert, Harold Pasierow, forwards: D. Dubuque, R. Huggins, R. Beaudoin, C. Segaz, Dave Skaien, P. Dubois.

Let's Eat

BY
IDA BARRY ALLEN

"Summer smoked pork butt is so modern," says Madame, "and the price is right. It can make two dinners for families of four."

For example, buy a 3 pound butt roast (the cut with triple name to serve one day as a boiled dinner. With careful slicing of the meat, to a family of four there should be at least a final meal.

The Green Cabbage

"The liquid drained from the boiled pork, together with water into which potatoes and the last pound of meat that is used, can be made into a fine cabbage chowder with savoury dumplings."

All Hamburgerable Are Loved

2 lbs. lean ground beef
4 to 6
Smoked Pork Butt With Vegetables

Soak a 3-pound smoked pork butt 1 hour in cold water to remove brine. Add cold water to cover, bring slowly to a rapid boil. Cover; simmer 1 hour.

Meantime, peel 12 medium-sized, white potatoes; scrape and halve 6 good-sized carrots; peel and halve 6 medium-sized onions.

Add the vegetables to the pork; simmer 20 minutes longer. Save the liquid.

Remove pork. Skin-slice three-quarters of the meat; arrange overlapped down the centre of a large platter.

Drain the potatoes in melted butter or margarine and season to vary. Arrange alternately with the carrots and onions around the sliced pork. Pass mustard separately.

A day or two later, serve this:

Pork Bone-Cabbage Chowder

In a saucepan combine the cabbage, the dry reconstituted split peas, the pork bone, the liquid in which the pork was boiled, and the pepper. Bring to a boil, cover, and simmer for 1½ hours or until the peas are tender. Remove the pork bone. Add the pork meat, cut into small pieces, and heat through. Season to taste with salt and pepper. Serve hot.

Tomorrow's Dinner

Tossed Salad
Corned Beef Hash Cheese Sauce
Asparagus
Cottage Pudding
Jelly Sauce
Coffee Tea Milk

Dessert Issue From The Chef

Mix 2 tablespoons butter or margarine in a pan; season. Remove from the heat.

Beat 2 well-chilled eggs until light. Add 2 tablespoons powdered sugar, 2 teaspoons sugar, and ½ teaspoon salt.

Mix ½ cup hot water and ½ cup cider vinegar. Cook the eggs in this mixture over low heat, stirring constantly.

Remove and beat in 2 tablespoons butter, ½ cup finely chopped pickle relish, ½ teaspoon ground mace and ½ teaspoon pepper.

Toss St. Lina 4-H Calf Club held their last meeting on December 23rd, at the home of Mr. and Mrs. Sutton. The next 4-H meeting will be held on January 18th at 7:00 p.m. at the home of Mr Sutton

At the last meeting Mr Sutton gave a very interesting talk on how to feed calves and training calves for show. Twelve members were present at the meeting

Notice To Taxpayers

The Town of St. Paul wishes to advise Proprietary Hostess Licensees that a 10 per cent will be allowable on all payments of 1966 taxes received (postage and sidewalks) paid by March 31, 1966.

Laurent Richard,
Secretary-Treasurer,
Town of St. Paul.

SPEEDTIME and HARVEST

By D. J. Greaves,
Dept. of Agriculture,
Edmonton Exhibition Grounds,
Winspear Manitoba.

Sponsored by Alberta Agricultural Extension Service, Alberta Agricultural Research Council, Farmers' Advisory Boards, Alberta Wheat Pool, Alberta Co-operative Seed Growers Ltd., Alberta Milling and Seed Co. Ltd., Alberta Seed Growers' Association and Canadian Seed Growers' Association.

"AT THE CHRISTMAS TIDE"

It's Christmas, and the milestone of another year. As we pause to celebrate the Holiday Season let us, at the end of the "Golden Jubilee Year," remember with deep humility the pioneers of the province.

The early Settlers, pressing "*Into the Earth Remaineth, Southern and Harvest—God Not Come*," must have been lonely indeed at the Christmastide and months of those stormy winter days and seasons in the turmoil their fears to the West and established their hardwon homes on the prairies. Fertile lands, security, and freedom for themselves and for those to come after them, were their worthy objectives.

In the never-ending struggle against disaster and grasshoppers, drought and rust, the firm faith of the pioneers in their soil, and in promise of "Harvest to follow-perchance" remained unbroken. Their faith was well founded. Again in 1955, the land they cleared, broke and cultivated fulfilled its promise.

The lesson we can all learn from our young pioneers is that, despite the many hardships, disappointments and obstacles of farm life, the people who live and work with the soil, and depend upon it for their livelihood and happiness, are not an unportant respect they have the firmest rock of all upon which to put their faith. In these different days, then, let us remember that with faith, courage and effort lies life in Western Canada can become the full and satisfying life it has always been for those whose hands, hearts and minds are found with the soil. For them, Bendicat and Harvest are not new.

On behalf of the Line Elevator Companies, our engineers, we wish all our readers a "Merry Christmas," May the "New Year" bring full prosperity to the farmers of Western Canada.

1966 "CENTURY" BUICK

Any performance and thrift beauty are the outstanding attributes of Buick's new Century and special series for 1966. A 255-horsepower V-8 engine with four barrel carburetion, hooked up to the new variable pitch Dynaflow transmission makes the Century the best performer in its class. Its performance can be supported by the same big engine, rated in this series at 235 h.p. Dynaflow drive is standard equipment on the Century, optional on the Special. Many engineering advancements have been made in the interest of both serious to improve ride and stability.

The Traffic Safety Lane

By J. W. McKAY
Inspector Motor Vehicles, Edmonton

I am going to try to give you accidents of driving by turn different drivers of the City. If the two drivers were brought before you, what would be your verdict if you were the Judge.

While I was driving along one of our thoroughfares in Edmonton I saw a car coming and I can pass me at a rate of speed about 45 m.p.h. I noticed three people in the front seat and I would say the driver was about fifteen or nineteen years old. All of a sudden I saw the car swerve toward a trailer bus almost stop, and two boys who were thumbing a ride had to jump towards a fence. The car sped on passing others, first to the right and then on to the left. It soon came to a set of traffic lights and the car was making a right turn from an inside lane (this was a four-lane street) cutting off another car which was making the same turn from a proper lane. The latter pulls over on upside down. The driver exercised with excessive speed about 60 m.p.h. through three school zones and went for fourteen blocks before the driver was accosted. His plea was that he didn't think he was going too fast or driving in a dangerous manner. His sudden swerve at two pedestrians wasn't considered to be of a dangerous nature. If you were his judge, what would your verdict be?

The second case was an impatience and a passenger car accident.

The ambulance was on an emergency call. The red flasher was flashing and the siren was screaming to its full capacity. The ambulance crossed an intersection by virtue of the traffic lights. The light was red for the ambulance and two drivers in front came on with the green for the passenger car. The passenger car was travelling south and the ambulance going East. The passenger car put on the brakes, reached the intersection when the amber light was flashing. It was still legal for him to cross. The ambulance, of course, could not stop in time, but it had its siren going and the flasher. This occurred in mid-afternoon. The result was a collision with no injuries but demolishing extensive. The ambulance has had a charge of careless driving against the passenger car. What would your verdict be if you were the judge?

I am pointing out that it is easy to say "take their licenses away," but your verdict should be based on the evidence brought in by any court of appeal.

Let us live and let us leave your balance and a passenger car ac-

Excursion pour enfants de chœur

Vendredi dernier, soit le 30 décembre, une excursion de gr'ds enfants, composé surtout pour de la salle paroissiale, attendant les quatre voitures qui devaient les emporter quelque (?) part en dehors de la ville.

Tout à bord sont arrivé les chœurs de MM Rémi Demolsmer, George Robichaud, Alphonse Lavoie et Richard Doucet, qui ces derniers ont eu l'amabilité de nous prêter pour la circonstance. Nous les en remercions bien sincèrement.

A 1.30 hr le cortège s'ébranle dans le direction est, puis nord-est de Saint-Paul. Entre deux écluse de rire, une motte de neige vole dans l'air pour aller s'écraser dans de son d'un copain, qui a eu le malheur de se placer dans la voiture avant. En somme, le jeu et le bon esprit régnent en maîtres, au cours de cette excursion inoubliable pour les petits enfants-de-chœur de la paroisse Saint-Paul.

Nous faisons ainsi environ quatre milles, et nous arrivons à une colline, toute recouverte d'une belle neige molle. Ah! la tentation est grande ! D'autant plus qu'on y en voit d'emporter dans traîne sauvage, un traîneau, et une grande montagne de métal faite exprès pour glisser. Ca ? oui, donc, on va glisser! Je vous aurais souhaité les plus grands de voir ce spectacle de trente p'tits monsieurs pleins d'ardeur en valuant la colline, dans la neige jusqu'aux genoux, au milieu des cris et des rires. Il n'en faut pas plus pour nous rajeunir de dix ans. Pendant près d'une heure on glisse, on dégourdit nous la neige, on se roule dans la neige, on ramasse, on glisse de nouveau, on se fatigue, on a de plaisir.

Mais il en fait déjà tard et il faut penser à retourner. Un bon chocolat bien sur welcome en arrivant à la maison de Saint-Paul. La fatigue a diminué l'entrain, mais non le joie, car ces jeunes figures vraiment, c'est vraiment capable que Pasteur peut compter sur eux!

Pas besoin de dire avec quel enthousiasme on accueille, au retour, la chaleur de la salle paroissiale, et cette délicieuse collation aux biscuits et au cacao que nous ont préparé avec tant de dévouement, et d'affection quelques bonnes mamans de nos p'tits monsieurs. Chacun mentalement ayons aussitôt que vous avez fait des heureux, et que le Bon Dieu ne l'oublie pas, même si les jeunes semblent l'avoir oublié.

Enfin, après avoir remercié bien sincèrement et d'être bien servis, chacun retourne chez soi et une dernière poignée de mains et un cordial au-revoir.

HOW... DOES A STRONG FINANCIAL SERVICE *Sell Clothes?*

It is a well-known merchandising principle that the more you sell the more you can afford to sell. This means a strong financial institution means of more and better banking services to the people it serves. Many answer to this question is the Provincial Treasury Branches. Their strength and financial ability to serve has increased with the growth of the province. In the years, Treasury Branches have been growing with Alberta and its people. Today they serve more than 100,000 customers in the province, operate in 60 communities and have assets of $30,000,000. Their growth has been steady and substantial, and it is continuing. Treasury Branches have always been there when banks, banks and agents are found with the end. For them, Bendicat and Harvest are not new.

To do this, it is frequently necessary to provide services to meet the end of a usual financial institution. Treasury Branches, Deposit Receipts, Savings Accounts, Chequing Accounts, Loans, Travellers' Cheques, Money Orders, Safety Deposit Boxes are just a few of the many services supplied by Treasury Branches.

We would welcome the opportunity to prove our usefulness to your business. Why not visit our nearest branch and have a friendly chat with the manager?

"DOCTOR SIR ANTHONY, MY TROUBLE IS

VALUE OF PASTEURIZED MILK

Dr. Gordon Bates, Secretary of the National Health League and a man who, as you see his long career has been fighting diseases and their causes, contributed greatly to the health of the nation. In a recent article written by Sidney Katz in "Maclean's" Magazine, among other utterances expressed, referred to some to the danger of allowing use of raw milk and the bad consequences arising from such. The article was brought to our attention by a local milk distributor and because it is to be published. He noted that in this district there are still too many who do not fully understand the risk involved directly from the country and thereby endangering the good health of children. Part of the article dealing with milk is reproduced below.

According to Bates, the main task of a voluntary organization such as the Health League is to expose an unpopular cause. For political reasons, governments are usually reluctant to sponsor certain measures — no matter how advocated — unless they are popular. The pasteurization of milk is an example. This was to be Bates' next big crusade. In brief, the main facts about milk pasteurization are these: many diseases are spread by drinking unpasteurized milk. The source of infection may be a cow, herd, unclean dairy utensils or unhealthy milk handlers. Pasteurization is a simple process by which disease-producing germs can be destroyed without affecting the nutrition in milk.

Before 1938, no Canadian province and relatively few municipalities had compulsory pasteurization. Bates was alarmed by this. He knew that between 1906 and 1932 there were at least forty-eight milk-borne epidemics in Canada (the cut shows — a typhoid fever epidemic in Montreal — led to five thousand cases of illness and five hundred deaths. According to Bates's calculations, about two thousand Canadians were getting undulant fever each year, some with fatal results, from drinking raw milk.

Bates began agitating for compulsory pasteurization in the early Thirties. In 1934, a correspondence by Sir Frederick J. P. Bethell, of Toronto, and publisher, Joseph Atkinson of the Toronto Star, he visited Premier Mitchell Hepburn of Ontario — "I can't bring in the law," Hepburn said. "I'd be robbing myself of many votes." He was referring to the fact that farmers and dairymen would resent pasteurization because it took time and cost money. Hepburn observed that he could advocate pasteurization only if there was a strong public demand. "Will you introduce a law if I create the public demand for it?" asked Bates. Hepburn said he would.

For the next two years, working through a committee under the chairmanship of Dr Alan Brown, the Toronto pediatrician, Bates mounted Ontario with anti-raw-milk propaganda. The campaign reached a climax at a dinner at the home of P. Burnett which was attended by Mitchell Hepburn, Sir James Dunn the financier and Dr Alan Brown. At one point Dunn were arguing about Bates and he had fight for pasteurization. Brown said to Hepburn "If you really want to know why we need pasteurization, come to the Hospital for Sick Children at eleven o'clock tomorrow morning. At the hospital the next day, Brown took Hepburn through a ward where there were children with tuberculosis of the glands, kidneys and bones — the results of drinking raw milk. He turned to the premier and declared "Mitch," he said angrily, "if you had an ounce of guts the sort of thing would stop." In 1938 Hepburn introduced a compulsory pasteurization law for Ontario, the first province in Canada to have such a measure. Cases of bovine tuberculosis are now seldom seen at the Hospital for Sick Children.

The Ontario law gave impetus to pasteurization all over Canada. In 1940 Bates worked with Premier T. C. Douglas of Saskatchewan to introduce a similar act. Earlier he went to Vancouver and engaged in a month-long marathon of speeches and meetings. Pasteurization became law in Vancouver within a month. Earlier, too, while in Saint John, N.B., Bates as successfully propagandized the local board of health that it entered a pasteurization law within two weeks.

Bates is still highly vocal on pasteurization. He points out that eight Canadian provinces are without compulsory laws. Municipal laws are not good enough since raw milk filters in from surrounding areas. Hampered by lack of funds the Health League has been unable to survey the milk situation thoroughly but Bates says millions of Canadians are still "flirting with sickness and death" by drinking unpasteurized milk.

NO TAX CUTS!

Spending by the Federal Government is expected to be no higher in the next fiscal year than in 1949-50. Revenues should also be higher, chiefly because of the corporation income tax collections on 1950 profits.

But it's too early to feel confident that revenues will increase enough to catch up with expenditures and have anything for tax reduction, warns Michael Starkney in the Financial Post.

The present fiscal year is still expected to end with a deficit. It probably won't be more — and may be less — than half of the $180 millions predicted in the budget. But it will still be a sizeable deficit.

Canadian Pacific Transcontinental Train Between Montreal and Vancouver

It is smart and thrifty these days to take care of your clothing and household linens so that they will look well and last so long as possible. After all, bankings are over, we often find stains and food spots on anything and everything. Many unwanted and spoiled articles are needlessly thrown away each year. Many others are laundered by unsuccessful attempts to remove stains. It is possible to remove practically any stain at home by following a few simple rules. To take proper care of your fabrics, you will find it worthwhile to learn enough of the know-how" skill so that you can do a good job.

To remove stains successfully:

1 Treat a stain while it is fresh

2. Know your cloth—what it is made of. If you do not know, it is best to send the article to a reliable commercial cleaner.

3 Use the proper stain remover for your material and stain

4 Try simple methods first. Some grease stain — sponge with cold water, greasy stain — try carbon tetrachloride

5 Remove stains before putting clothes into wash water — this sometimes sets stains. Remove stains before pressing

6 Follow directions. Work rapidly but gently

7 When using liquid reagents — sponge — don't rub. Rubbing may injure the material, leaving marks that will show.

8. For non-washable articles best results are obtained when the stain is removed and then the whole garment cleaned by dipping in water.

Cuticle was on washable fabrics. Remove excess wax, place between blotting paper and cover with warm iron then wash. With unwashable material sponge with alcohol

Chewing gum, on washable fabrics rub out as much as possible. Rub with carbon tetrachloride and launder. For unwashable articles use carbon tetrachloride

Chocolate. Ordinary laundering may be satisfactory but use bleach if brown stain remains. For unwashable use carbon tetrachloride

Alcoholic beverages. Sponge with clear water. Then pour glycerine on the stain and work it in. Let half an hour and rinse with water

Pamphlet on many other stain removals may be obtained from my office

BRITAIN'S COMET JET SPEED RECORD

Coming to for a landing, at Dorcester airport, Toronto, British's new Comet III jetliner arrives on her record breaking 3,000 mile flight from London. The plane broke the Trans-Atlantic record by more than an hour, cutting the average time of 500 mph to cover the 3,190 mile distance in three hours and 16 minutes. Previous record for the run was held by a TCA North Star at six hours. Leaving Toronto, it completely broke the record to Montreal on only two of its four engines.

MELLAIG NEWS

Mr and Mrs. J. Nichols are home from a three-week vacation at Beaverlodge Alberta, where they spent the holidays with their daughter Winnifred (Mrs Norman Haworth) Mrs Howarth has been very sick the past year, but is well on the road to recovery now

They made it just before the heavy December 12th or their trip might have been more eventful, but less pleasant. While there, Mr Nichols was lucky to win a huge turkey and a toboggan one night playing bingo

Mr Nichols visited with Mr Art Bowtell and Omer and one time telegraph operator in Leadbergh. He is in the best of health and retired at Beaverlodge.

Leaving near, at Mrs Mr and Mrs Wes Taylor but that Nichols weren't lucky enough to see them Mr Taylor is still in the teaching profession

An enjoyable family reunion with four sisters and their families and mother and father was brought to an end when Mrs Hunt's father, Mr Lambard, died suddenly in Red Deer. Miss Calhoun Eberhey grand-daughter left for Edmonton next day to join the funeral party on their way home to Kinuso, Sask

Mrs Helen Debenska has been left minus a hired gal so her father from Camden has taken over the job of chief cook and baby sitter

Mrs Montgomery is ready to come home from hospital when ever the roads open up. Jim will be holding his own in hospital for a while yet

Mrs P Burk and Paula went by truck to spend Christmas with her mother in Elk Point. The train didn't come back till 1:00 a.m. Sunday night, so they had quite a wait

Mrs Player and boys had the same long ride from Edmonton that night

Mr and Mrs. Paul Johns and Mr and Mrs John Sebur motored to Bonnyville to spend New Year's with John's sister. Paul's car was raging at the time most of the residents of the hamlet turned out to all they could to prevent the fire from spreading. The house and barn of Mr Gelyn Klatchuk, the Case Dealer, were completely wiped out, mainly through the efforts of some of the men who had been clearing snow from the roads. Among them, Mr Hobbs of Bonnyville who is said to have braved the flames to push out of the burning building way from the Klatchuk's Story Others worked for over a year carrying heavy furniture out of the blazing residence and returning it when the danger was over.

The 1950 New Year's baby arrived at the Glendale Hospital at 6.30 p.m., Jan. 1st., when Mr and Mrs. Walter Theodak of Sandy Rapids became the proud parents of a 6 lb. boy. Lloyd Theodak, Lloyd Saunders was the resident of the silver baby cup presented recently by Mr and Mrs. Dusterbeck. Runner-up in the second was the Y B. Jr. Hockey Team, leaving Mr. Mr. and Mrs. Lester Story of Glendale, who arrived at 11:30 p.m. Jan. 1st.

A runner-up was the 6½ lb. baby daughter born at 7 p.m., Jan 2nd., to Mr. and Mrs. Hugh Fife of Mellaig.

GLENDALE NEWS

In the early hours of Thursday morning, Jan. 5th., a disastrous fire broke out that destroyed the Glendale Meat Market and all its contents. The proprietor and his wife, Albert Lobkin, were awakened about 3 a.m. by the smoke and when they tried to enter the store they found it a mass of smoke and flames. The living quarters, situated at the rear of the store, were also destroyed, saving all the furniture and all their personal belongings. Volunteer fire fighters rushed to the scene but the fire was raging at the time most of the residents of the hamlet turned out to all they could to prevent the fire from spreading. The house and barn of Mr Gelyn Klatchuk, the Case Dealer, were completely wiped out, mainly through the efforts of some of the men who had been clearing snow from the roads. Among them, Mr Hobbs of Bonnyville who is said to have braved the flames to push out of the burning building way from the Klatchuk's Story Others worked for over a year carrying heavy furniture out of the blazing residence and returning it when the danger was over.

The 1950 New Year's baby arrived at the Glendale Hospital at 6.30 p.m., Jan. 1st., when Mr and Mrs. Walter Theodak of Sandy Rapids became the proud parents of a 6 lb. boy. Lloyd Theodak, Lloyd Saunders was the resident of the silver baby cup presented recently by Mr and Mrs. Dusterbeck. Runner-up in the second was the Y B. Jr. Hockey Team, leaving Mr. Mr. and Mrs. Lester Story of Glendale, who arrived at 11:30 p.m. Jan. 1st.

A runner-up was the 6½ lb. baby daughter born at 7 p.m., Jan 2nd., to Mr. and Mrs. Hugh Fife of Mellaig.

LINDBERGH NEWS

Mrs Henry Larsson motored to Bonnyville on Saturday where she was manager of Dodds Station CJIB at Vermen, B.C.

In making the announcement, Mr Roberson stressed the interest and interest of his department in the welfare of ex-service personnel. He stated he felt that while the rapid industrialization of the province would undoubtedly provide many new opportunities for ex-service men, efforts should be made to alleviate as far as possible the unemployment of the seasonal unemployment periods. Mr Ferguson will maintain close contact with the national employment offices of the province in this regard.

Health Through Chiropractic

By Dr. K. W. Teeuve
WATCH YOUR STEP

As we get older it becomes more and more important for us to watch our step. It's almost odd years we can take falls and spills in our stride and a severe fracture there. As the body thickens and stiffens a casualty that results in a accident per or treat can be serious. Add the most of one thing about it is that we seldom realize its far-reaching seriousness

Just as a carelessly thrown lighted match or cigarette stub can cause a million dollar fire so may a careless step start forces that result in chronic disease.

A standard question asked Chiropractors of a new patient is whether the patient can recall having had a severe jar or fall. In many cases the patient can recall such an accident, but was "some time ago and such a little thing that it couldn't possibly have anything to do with my present condition."

The Chiropractor explains that the fall or jar displaces a vertebra causing pressure on the spinal cord, interfering with the flow of vital energy over the nerves leading this energy to some part or parts of the body caused inflammation normally and symptoms of impaired health begin to appear.

When the vertebra which started the trouble is restored to its normal position and the nerve system is again operating efficiently Nature will at once restore the body to normal health.

Press reports from Washington D.C. indicate that United States Congress proms for psychiatric servants over the government Treasury a record $700 million for the fiscal year ending June 30 1950.

At the end of June the report said the Commodity Credit Corporation had over $7 billion invested in farm products, compared with $4 billion at the same time in 1954.

ST. PAUL ALBERTA

Mellaig News

Old man winter certainly has a firm grip on us this winter, it continues cold and stormy with a mile of snow piled everywhere Road plows into Railway plows are a daily occurrence, though they outdoned efforts they are incapable of keeping the roads open. Roads are impassable and will, in all probability, remain that way until the spring thaw. George Fialkowski is on the small mail, Luther and Claude Cushman on the blower They are both doing a good job considering the task they have after every storm.

Our collegians all headed back for their respective places of learning on Monday. Donna Belleville and Richard Mageau to St Boniface Ernest Chartrand, Jean Paul Mageau, Roger Lafleur and Bertrand Ouellette to St Jean's in Edmonton. See you at Easter Selina.

Quite a number of out of town visitors were in the district over the Holidays visiting relatives and friends.

We hear our most popular tradesman in town was on the magnificent total of $1.83 one day last week needless to say now that the rafters of all was ringing that day.

Marcel Chapdelaine and Freddy Saunders have left for Edmonton to find winter employment Mrs Ed Saunders is on Edmonton visitor this week

Miss Madeleine Mageau was an Edmonton visitor over the weekend.

School Buses are having a difficult time maintaining schedule! Apparently quite a number of children will miss about a good portion of the time if this severe weather continues.

POLISE the art of getting results by raising an eyebrow instead of the mail.

Of Appointment Announcement

Hon Raymond Reierson, Minister of Industry and Labour has announced the appointment of John Ferguson as employment officer for the Province of Alberta.

Mr Ferguson has been a local resident for the past 30 years coming from the Department of Economic Affairs where he held the position of supervisor of immigration. His appointment recognizes the growing need for co-ordination between various organizations and departments of government on problems involving employment, both seasonal and otherwise.

Mr Ferguson served with the Department of Economic Affairs for the last eight years and in addition to his duties as supervisor of immigration is the chairman of the Veterans Rehabilitation Committee. Prior to joining the public service, Mr Ferguson was manager of Dodds Station CJIB at Vermen, B.C.

In making the announcement, Mr Roberson stressed the interest and interest of his department in the welfare of ex-service personnel. He stated he felt that while the rapid industrialization of the province would undoubtedly provide many new opportunities for ex-service men, efforts should be made to alleviate as far as possible the unemployment of the seasonal unemployment periods. Mr Ferguson will maintain close contact with the national employment offices of the province in this regard.

Concession is Aid Of Miners

By BEN HANEY

EDMONTON — Alberta had all the elements of a genuine gold rush mining industry in the spring of 1906 and continuing the theme, Ottawa has come to the rescue. Legal cooling action is about to come.

Approximately 1,000 miners were scattered out at prospects at the end of April, 1906, and by the summer of 1908, as it would be possible into a large mining community, problems with a population almost on the economic or some section of the province.

Ottawa, apparently, is about decided if there is any commercial gold in the country in the quantities in which the prospectors claim it exists, and that the mining industry could be established on a permanent basis. Ottawa continues to live in this mirage-ridden province of Alberta, which seems doomed to forever remain a "have not" province.

The credit can be given to a Mr. Smith, who was up in Rocky Mountain House in 1906, with a grant of $10,000 from the provincial legislature, which set about the task of finding the source of the gold grains observed into other fields and streams.

The committee worked for almost two years and lost much money in final report to the government. The report showed, among other things, that the committee had spent only $30,000 of its allotment, had paid the cost of moving 203 families to join the different localities, and had found two new ghost towns in Alberta's mining areas. The net result was a happy group of prospectors who would have been a sad story.

Elkton, the committee headed its program, it was said his understanding that it would help miners to help themselves. The members decided the best way would be to assist them in finding other lines of work. If they needed financial help to move families and others, the cost would be paid. But under no circumstances would the committee undertake a straight relief program.

Co-operation was requested and obtained from the Riverside employment Service, the United Mine Workers of America, board of trade committees and building and organizations. As a result, all or nearly all miners from stricken areas have found employment and there is more talk of them rots in the coal pro- during areas.

HELICOPTERS PROVE THEIR VALUE ON ARCTIC TRIP

During the five-month cruise of HMCS Labrador in Arctic waters last summer, the ship's helicopter proved its worth many times over. Here the aircraft lands aboard the ice and awaits the return of a party of officers and men who had gone ashore to establish loran stations.

Some of the Ottawa-based members of the ship's company pose for a picture on the ice. Left to right, they are: Lt. (E) Ian Hamilton, Ottawa; Lt. (E) Ian Hamilton, Ottawa; Lt. (E) Ian Hamilton, Ottawa;

Meeting for the first time this season on Tuesday night Vermilion and St. Paul and Bonnyville lost one square and won one each.

At Bonnyville last Wednesday the Hornets clipped in for an 8-4 win, while on Thursday they dropped it 5-3

In St. Paul, Bonnyville were helped along to the win with the services of three Cubs from St. John's College, a trio of flashy players who featured in four goals and four assists. Other goal getters for Bonnyville were Bellecourt 1, Sylvester 1, Pajorny and McHugh.

Square Dance NEWS

The Square dance bee last Friday evening at the Legion Hall was a success.

Some square wavers on the floor Count dancers came from Myrnam, Bevril, Smoothie, Mallaig, Leland, Elk Point and Plat Lake. Callers coming folks, we enjoyed dancing with you Call again! Harold Schelver called, assisted by his wife, Irene, who also called a couple dances. Lunch was furnished and served by a number of the Club members.

Square Dance Lessons have begun, taught by Harold and Emily Schelver. Those who attended the first lesson are enjoying them great-ly. The next lessons will be held 19th., and 26th., will be held in the Legion Hall.

Our good friend Johnny Bagon has donated the Square Dancers a sandwich tray. Thanks Johnny, your gift is greatly appreciated.

We were happy to have Jim and Dorothy Nash in attendance at the last night. They are now living at Smoothie.

Hornets Keep Apace With High Flying Lloydminster Cloverleafs

WIN TWO FROM WAINWRIGHT LOSE ONE TO VERMILION TIGERS

St. Paul Hornets of the Eastern Alberta Hockey League are keeping apace with Lloydminster Cloverleafs in occupying the top league standing spot. During the current week they travelled to Vermilion where they lost a close 5-3 decision. Returning home to win three first out-of-town game at Wainwright 10-6, Saturday night, and at home, Sunday, in a return bout with the same club shaded away with a 6-5 victory

At Vermilion the Hornets bowed, without shame, to some other than the redoubtable shadow of Elmer Kreller who, by himself, proved more than the whole Tiger pack put together. From his dubious coaching spot he came out to make three beautiful goals and set up the players for nearly every other one. Besides, he played a terrific defensive game, keeping Bricco and again Marshal Dahld bottled up and unable to score a goal. Hester Hrycuk was also a standout and Kreiter and was able to up his performance to the point of the five goals scored by St. Paul. He got three, Richard, Ritt, Kassel on a pass from Pundich. Richard, Dion and Roberts clicked on the others.

The first period ended tied up at three goals apiece. However Vermilion slapped in with a one edge they have been on all year, nearing one against the Hornet's request.

SUMMARY

First Period 1 Vermilion, Ring (Bricco) 4:32; 2 St. Paul, Richard (Dion, Roberts) 3:39; 3 St. Paul, Richard (Ritt, Kassel) 7:46; 4 Vermilion, Kreiter (Phillips) 8:26; 5 St. Paul, Hrycuk (Kreiter, Wells) 11:16; 6 Vermilion, Kreiter 16:28.

Second Period: 6:35; Geavreau 8:32 Schmidt 9:00, Dahld 15:05, Redford 18:33, Resident 19:36.

Second Penalty: Wells 6:35; Kreiter 6:35; 8. Vermilion, Schmidt (Ring) 4:00; 9. St. Paul, Hrycuk (Pundich) 6:20. Penalties Frost 11:25.

Third Period: 10 Vermilion, Schmidt 7:35; 11. St. Paul, Hrycuk 17:07. No penalties.

Referee Dusky Van Deelen; Linesman Hajek Ruel.

WANTED

WOLF INVADES TOWN—NOW A PELT

A pelt is all that remains of a brush wolf that wandered in the outskirts of Midland, Ont. The animal, thought to be rabid, terrorized an entire town some time ago. It was shot by P.C. Ron Pennell as it appeared to be set on a front lawn. Mrs. Don Grant is wondering if the pet would make a good coat collar.

Appointed By Ray Roberson

Barclay W Pitfield of Edmonton has been appointed chairman of the Board of Industrial Relations, it was announced in an announcement made today by Hon Ray Roberson, Minister of Industries and Labor Mr Pitfield who is vice-president and general manager of Northern Industries Ltd., replaces the late E F McGarvey, who had served on the board for eight years.

Mr Pitfield, 53 years of age was born and raised in Edmonton. He graduated from the University of Alberta in 1924 obtaining a degree in civil engineering before graduation he has been past president of the Engineering Institute of Canada, Edmonton Branch and is presently a member of the Industrial Relations Committee, Research Council of Alberta and is a member of the Board of Governors, University of Alberta president of the University Alumni Association, member of the Council of the Boy Scouts of Canada, Provincial Engineers for Alberta and member of the Council of the Edmonton Chamber of Commerce.

As an executive of Northwest Industries Limited, Mr. Pitfield has had extensive experience in labour relations. He was formerly general superintendent of Northwest Utilities Limited, member of the Labour Management Committee of the Edmonton Chamber of Commerce, and chairman of the Chamber's Utility and Manufacturing Committees.

MORE WEED RESEARCH NEEDED

The increase of 2 & 4-D weed killers has created a need for more research, it was stated by Dr. Ralph Robinson, Director of Research Council of Alberta, in an address to the Edmonton Chamber of Commerce.

Dr. Robinson said that the use of 2 & 4-D has increased the yield of wheat in Alberta by 2 million bushels annually.

Unfortunately, the war on weeds is not being won as rapidly as the war on insects. True, we have been able to control quite a number of our very troublesome weeds by using special weed killing sprays, but such common and destructive weeds as Wild Buckwheat, Tartar Buckwheat, Stinkweed, Perennial Sow Thistle, Canada Thistle, Wild Mustard, Wild Oats, Blue Bur and Wild Oats are still with us. Why? Why is there a lack of progress in agriculture in Western Canada that can other weed the far, the will be done every control measure will withstand every threat we have used against it. If control has had some serious setbacks, perhaps the day is not too far off when a chemical will be found to "tame" the "wild oat" or at least severely hamper it that's a big weed.

Our greatest need today is for more basic information about each weed species. Weed specialists and researchers are constantly discovering new and important information about the [illegible] control. Many of the answers to weed problems will be found in the laboratory rather than in the field. Research is the only way we can hope to keep ahead of the ever-changing weed problem.

SCOTT'S SCRAP BOOK By R. J. SCOTT

RECOGNIZES ST. PAUL JAYCEES

An article entitled Message With A Punch" describing the Jaycees (Members of the Junior Chamber of Commerce of Canada) appears in the January 21 edition of McLean's Magazine. The article comments on the good work of Jaycees throughout Canada and in doing so has chosen to remark on a few specific ones, including St Paul Jaycees who came in for a good plug — as follows:

As varied as their projects are the ways Junior Chambers find to finance them. In St. Paul, Alta., Jaycees raised more than forty-five thousand dollars by manufacturing bingo games. That they printed it and held an open north, seventy-five thousand, presented it to the town and now hold bigger and better bingos there.

We smiled a little as we read that and the slight exaggeration in favor of St. Paul Jaycees (we don't know where they got the information) but nothing daunted we'll let it pass.

The point is that St. Paul was picked for comment. The fact of receiving mention in a small paragraph of one of Canada's leading magazines, in company with other active Canadian Jaycee organizations is certainly a credit to the Jaycees rep, one they should be proud of. It proves that they have been doing a lot of good work, in order to receive such national recognition.

St. Paul should be proud to be such an organization in its community

Our congratulations to all Jaycees, past and present who have built this reputation for the St. Paul unit.

GRAIN STORAGE CHARGES

The government of Canada has worked out a plan whereby it will assure part of the cost of carrying this country's wheat surplus over from one crop year to another. Liberal Legislation to put the plan into effect will be presented at the current session of parliament which opens today this week. As yet, no details have been announced but the suggestion has been made that the plan would be permanent and, on the basis of present supplies, would cost about $30-$35 million annually. Presumably the government would pick up the tab for the interest and the storage charges of a normal carryover at the end of each crop year

No mention was made of what might be considered a normal carryover. In the last ten years it has averaged 210 million bushels, in the preceding ten 370 million bushels and the average of the past 20 years has been 324 million bushels. Canada's carryover last July 31, was 481,000,000 bushels and on July 31, 1954 it was 582,000,000.

This action, providing it is approved by parliament, will meet with the approval of most prairie farmers who in the past three years have been storing charges set up an increasingly large part of the final payment on their grain. On the 1951-52 pool, Wheat Board Costs, consisting mainly of carrying charges amounted to 7.5 cents per bushel. On the 1952-53 pool, the charges increased to 14.4 cents per bushel and on the 1954-55 pool, not yet concluded, charges are bound to be even higher.

At the last annual meeting of the Alberta Wheat Pool delegates passed a resolution asking upon the federal government to take over the interest and storage charges on grain presently in the hands of the Wheat Board. Most other farm meetings in the West have passed similar resolutions.

—Wheat Pool Budget

CAR RACE

General Motors in record breaking 1955 easily won the race to sell new (North American type) cars to Canadians. It captured an unstirring 45 per cent of the market, reports The Financial Post.

Ford of Canada, after being left at the post because of a strike, finished strongly to take second place. It got about 21.5 per cent of all Canadian sales of new, North American-type autos.

Third-place Chrysler Corp. — ahead of Ford at midyear and the only one of the big three carmakers not crippled by a long strike — showed by far the biggest percentage gain over 1954. It jumped from a little over 15 per cent of the market to about 24 per cent last year.

HELP FOR GRAIN GROWER

Rinky or not something will have to be done in the way of financial assistance to the Western grain grower, or a very large part of the country and the national economy are going to suffer.

Long before the Federal Governments moved into the grain business it was worked unsuccessfully by experienced grain merchandisers of what would happen and has happened. But Ottawa would only listen to those visionaries who said that a new era in marketing had dawned, that the age-old law of supply and demand had been abolished. How costly we have learned that they were wrong. It took a painful lesson and in the coming months we are going to learn that it has been an enormously costly one as well.

Health Through Chiropractic
By Dr. K. W. Tenove

A child with crossed eyes immediately catches our sympathy. His amount of learning handicap or intelligence can ever make up for the blindly of crossed eyes. Children can be very cruel to each other, and any obvious physical defect makes the child the butt of cindy jibes and jokes of playmates. It's a terrible handicap, and, in many cases, a needless one.

Chiropractors point out repeatedly that there is a cause for every condition. There is a muscle on each side of the eye, and by help of such muscles receive equal quantities of nerve energy the eye is maintained in its proper place If the nerve supplying the muscle on one side is partially blocked that muscle is weakened, and the stronger one pulls the eye to one side.

Chiropractic is very effective in the correction of crossed eyes The Chiropractor determines where the nerve interference is, removes it, and, in a high percentage of cases, the eye gradually returns to its normal position.

The correction of crossed eyes in a child can change the whole course of his or her life There will be more referrals from playmates, progress in school will be much better, and the complex that goes with crossed eyes will be a thing of the past. If any of your children have crossed eyes you should consult your Chiropractor immediately. But results are obtained with children between the ages of two and six.

Appointed To Marketing Board

Hon Raymond Reierson, Minister of Industries and Labour, has announced the appointment of C E Pearce as chairman of the Provincial Marketing Board. Mr. Pearce has been in charge of the Calgary office of the Board since 1942 His appointment fills the vacancy left by C A Cash who recently took the position of chairman of the Alberta Liquor Control Board Mr. Pearce has also assumed Mr Cash's former position as chairman of the board of directors for both Prairie Western Mills Limited and Marketing Services Limited

Born in Gloucestershire, England, Mr. Pearce came to Canada in 1910 after service in World War One Prior to his work with the Provincial Government, he served as sales representative for a Calgary wholesale grocery.

His position as a member of the Provincial Marketing Board in Calgary has been announced by W. S. McCaig. The third member of the board is J. R. Fleming of Edmonton.

The Provincial Marketing Board provides help to Alberta industries in the form of information, advisory service and assistance in the purchasing of inventory materials Such assistance in procuring raw materials for fabrication contributes to a higher level of employment in the Province.

TO THE HOMEMAKER
Electric Sewing Machine
By JESSE GLORE KINSAIL
St. Paul

Sewing, like any other work, can be made pleasant with a little thought and planning Good organization is not difficult if you think about how you can do the job efficiently This applies to planning in the purchase of your fabric and pattern. The choice, condition, and location of your equipment, where you sew, when you sew and how you sew. Women who do not enjoy sewing today have often overlooked one or more of these points

Make yourself a sewing centre no matter what room you use Placing your equipment in a U-shape position is one arrangement which will save time and energy.

Try to arrange for a sewing time which will not be broken up with too many other duties, particularly for large operations such as cutting.

Try not to sew when you are tired Many mistakes and disarrangements have come when sewing is put in after a busy day Here is where you need to plan your own time. Sew to fit sewing into the week's schedule to have an unbroken sewing period at a time you are happiest and not tired This is part of good organization

While organization of your equipment is of most to good sewing, how you use that equipment is important too. There is a satisfaction in doing a piece of work in a clearly-planned time and using fewer motions. See how many you can save yourself.

GOODRIDGE NEWS

We are sorry to hear that Mrs. Fanny Black has undergone recent confinement in the Glendon hospital. We wish her a speedy recovery.

Mr. Paul Slowack turned the dirtfed sods with the team he bring his son Samuel to the hospital in Glendon.

The annual Credit Union meeting which was to be held on Saturday, January 14th, was postponed because of a lack of members attending. Shall we have it on the basis?

Mr. Walter Bettcher was a recent business visitor to Edmonton.

The monthly F.U.A. meeting will be held on Saturday, January 21. The Highlights of the meeting will feature the reports from the convention delegates. Let us have a large turnout in support of our local.

The mail must go through! This is the motto of our local carrier He is a brave boy trying everything from his trusty Fargo to an all night attack by wolves, but he makes it.

Miss Thelma Sails was a weekend visitor at the home of Mr. and Mrs. Lolley Christensen.

FUA Drive Is Down From '55

EDMONTON — Interim tabulations following the Farmers' Union of Alberta membership drive of last mid-November show a total sign-up of 28,973 members, representing 18,689 farm units, as at January 3

This number is down substantially from that of the corresponding period for 1955 However, only 482 out of some 700 locals in the province have reported to date

President A. W Platt attributes the dragg returns mainly to the cold, stormy weather prevailing during the drive and since, making travel out in the country almost impossible Further sign-up activities are being considered in conjunction with the current series of farm policy meetings being held throughout the province All the late memberships figure should be posted by the middle of next month

Card Of Thanks

I wish to express thanks to the Thorhild Community League, the George Tkinski and A. Gulbinski for contributions made on my behalf and which they helped to organize and canvass in their district.

Gratitude Breaks,
St. Vincent.

A new variety of garden pea, Selkirk has been tested out at 28 experimental stations and the results indicate that it should become popular as a medium crop over most of the prairies.

Board Of Public Utilities Hear Gas Company's Demand For Increase

Since January 9th, the Board of Public Utilities has been sitting in Edmonton at hearings called by Fraser Gas and Electric Company, gas suppliers to St. Paul and a number of other Alberta Towns. Applications for increases are demanded from St. Paul, Lac La Biche, Stettler, Barrhead and Athabasca.

The first case coming up was that of Athabasca, the outcome of which will affect the standing and conditions of the other towns involved.

Mr. Level J. Fortier, Town solicitor has been attending the hearings, along with Mayor J. A. Van Brabant and other councillors.

To give St Paul consumers an idea on the procedure of the hearings and some of the discussions, we reproduce in part, reports gleaned from the Edmonton Journal, published below:

No specific increase is being asked by Fraser Western Gas and Electric Co. Ltd., as an application before the Board in Public Utilities for a boost in natural gas rates in five central and northern Alberta towns.

The company is basing its application on costs arising out of improvements in the natural gas system.

The company's case was opened by Frank J. Bennington, general manager. He explained that Fraser Western is the joint operation of 13 utilities and is a subsidiary of Great Northern Utilities.

He said the amalgamation of the 13 utilities resulted in a more economical operation of the system.

George H. Shaw, counsel for the town, questioned Mr Bennington closely on the cost involved in improving the system and the amount of other work on the west gas line.

A major portion of the system was built in 1954, Mr. Shaw's questioning brought out. He pointed out that there had been "three to four serious accidents" on the system in Athabasca prior to the rebuilding.

Mr. Bennington said the company had "wholeheartedly agreed the system should be rebuilt."

Mr. Bennington later estimated that 90 per cent of the system had been replaced.

Mr Bennington said the company is planning a cost of $1 60 a foot for construction of the east and west gas lines. He admitted the west line is more than the east line. The company has calculated 15c of the east line to be 60 years, and the west line to be less.

Mr Shaw directed questions on the matter of company borrowing power in the light of rate of customer increases to Athabasca. Instead, the company had added 12 customers in 1954, 9 in 1955 and expected addition of 16 customers in each of 1956 and 1957.

He wanted to know if such expansion would require borrowing of money Mr Bennington said the company is "always hopeful" that industry will be attracted to Athabasca, which would require further borrowing of money for expansion.

E. Kaufman, Fraser Western secretary - treasurer, spoke in favor of "straight line" depreciation over a period of years. If the board favors such a system, he thought it would result in lower rates to consumers over the life of the utility.

An American public utilities consultant said the Northern Prairie Western Gas and Electric Co. Ltd., should receive a return of 10 per cent on its natural gas operations in Alberta.

L. Sanford Reis, of New York, was testifying on behalf of the company at a Board of Public Utilities hearing into an application for an increase in natural gas rates in five Alberta towns.

Mr. Reis is counsel for Great Northern Utilities, a parent company of Prairie Western.

Evidence was the first mention of a return factor at the hearing. No evidence has been given on what return Athabasca Utilities has received from past operations. However, town councillors have prepared a financial statement showing the utility had an average return of 8.8 per cent.

Mr. Reis was asked by company counsel, Bruce V. Mussio, his concept of a fair rate of return. He said the return must be sufficient to attract capital in the market in competition with every other enterprise and one which investors in it regards a rate which will provide a return which is fair to the owner and will, in the long run, in his belief, be detrimental to the best interests of the province."

The company's application is based on increased operational expenses.

CARD OF THANKS

It is with a sense of deep gratitude that we express our feelings of appreciation to all our friends and neighbors for their kindness, sympathy and expressions of sympathy during the illness and passing of our beloved husband and father.

Mrs. Ed. Bellivean

CANADIAN CHAMP BATON TWIRLERS AIM FOR MARDI GRAS

Admitted the best of baton-twirling champions of Canada and the U.S., these 12 Hamilton Majorettes are making new history. They were the first girls group to perform in the New Orleans Mardi Gras, and they plan to be back again next year to take the finals in the biggest baton meet there. The group is

—Canadian Press Cutaway

in eastern football fans as the Hamilton Tiger-Cats. They have won prizes in competition with U.S. baton-twirling corps and they hold the individual Canadian baton-twirling championship title and the team title.

WEDDING

Of interest to the Ashmont district is the recent wedding of Miss Grace Sylvia Hampshire to Mr Francis Ray Draper, both of Ashmont. The bride is the daughter of Mr and Mrs. Joseph Hampshire and the groom, son of Mr and Mrs T. H. Draper

Wedding took place on December 29th, in the Ashmont United Church Rev Wm. Morgan of St Paul officiated.

Given away by her father, the bride wore a full length net over satin gown with fitted bodice, finger-tip veil She carried a bouquet of yellow roses

Attending the bride was Miss Joan Young of Edmonton Miss Mary Young was a three-quarter length weave dress with matching jacket and yellow roses Best man was brother of the bride, Mr. Hugh Hampshire

Usher the wedding guests was Mr J. Draper brother of the groom Mrs Fred Smith acted as accompanist.

A reception was held at the bride's home under the efficient supervision of Mrs Wm. Hartley of Ashmont who made the beautiful three-tiered wedding cake

The couple will take up residence in Edmonton

Farmers Receive Electric Power

On December 8th, 1955, power supplied by Canadian Utilities Ltd was turned on for the 37 members of the Elk Point Rural Electrification Association

This should prove to be another milestone in the progress of Elk Point and district, resulting farm life more profitable and attractive. Power is used to replace hard man on the [illegible] by grinding grain and water, pumping water, etc An automatic milking system in barn houses provides greater egg production. [illegible] of [illegible] of members, listed below, are now employing electric lights and are installing modern electric stoves, refrigerators, water systems and small power items such as electric razors, etc., vacuum cleaners and so on.

The following are members of the Elk Point Rural Electrification Association: Mike Palaha, Paul Lesyk, Bill Bartling, George Kapacek, Mr W. W. Kondera, Fred Andrishak, Fred Hall, Harold Dreher, Mrs Edith Paul Pinder, Lorenz Roberge, Dan Pinder, Mr Hollins, Mr Reiter, Lawrence Lesyk, Mr Ed Bellivean, Mr Simmons, Mr Simmons, Walter Bacquet, Leo Babcock, Ronald Flanders, Fred Lavoie, Jack Karbs, Nick Bagera and Pete Boylos

United Church Sunday Services

Sunday School Elk Point 11.00 a.m. Choir Practice 12.00 noon.

Vesper Sunday School classes until road condition improve Evening Service 7.30 p.m.

Preacher

Mr W A Adam

The annual Congregational meeting will be held at Elk Point United Church directly after the evening service on Sunday, February 5th, and Mr Adam earnestly trusts that as many of the Congregation and adherents will endeavor to attend.

This is an opportunity to hear reports of all the organizations concerned as to their work during the past year It also means a looking forward with prayer and much hope of consolidating such work, and that all concerned will not cease during this New Year of 1956 to "set their face toward Jerusalem and not look back" in the work which most certainly lies in their hands.

The index of the W.A are to very kindly serve lunch at the close of the meeting.

If after Kirk ye hide a wee, There's some wood like in south to ye.

If after Kirk ye rise and flee We'll all soon cold and stiff to ye.

Hornets Keep Apace With High Flying Lloydminster Cloverleafs

(Continued from page one)

St. Paul fans got a thrill and a long out of some lusty time-consuming hitty-hay hockey when the Two Rills Line, Bryvie, Dezisi and Pendich, played out and game for two minutes, lifting get St. Paul penalties by Cameron and Dean. With three minutes five they controlled the puck most of the two minutes as startling substitution passes that had the St. Paul fans howling with glee.

SUMMARY

First period: 1. Walsworth, Carp (Dutch, Bellevue) 3:45. 2 St. Paul, Roberts (Richard, Dean) 12:00. 3. St. Paul, Pendich (Nevens) 14:15. Penalties Bradley 7 (2), Batchelard, Tourbatte, Lapierre, Vernon 13 27 Secon, St. Paul 3-1

Second period 4 Wainwright, Carp (Bellevue) 00:35. 5 St. Paul, Dufaid (Bryvie) 6:05. 6 Wainwright, Dunph (Bradley, Batchelard) 16:55. Penalties Cameron. Carp 12:00. Dean, 12:00 Rasmussen 16:05. Bowes tied up 2 all

Third period 7 St. Paul, Pendich (Dufaid, Bryvie) 1:05. 8 St. Paul, Pendich (Vallieres) 11:30. 9 St. Paul, Dean (Richard) 17:25. Penalties Gib, Beauregard 10:02, Carp 2:14. Final score St Paul 5-3

Lineup

ST. PAUL — Goal Clermontey defense Lafleur, Robichaud, Gauvreau, Vallieres, Neveu, Schaeffer, Richards. Forwards Bryvie, Dufaid, Dean, Roberts Richard, Kitt, Kendell.

Wainwright — Goal Lapierre defense Batchelard, Rasmussen, forwards Carp, Belleveu Dunph, Tourbatte, Lamell, Harden, Gilchrist, Bellows Bob Hanby; immunes: Lamell, Bartlett.

First Canadian 1 ub a major U.S. professional tournament is Al Sebring, professional at Minneapolis's Druid Hills golf club. He won the Motor Cities Invitational at Sanford, Fla., against such competitors as Tommy Bolt and Jack Burke. Sebring's winning prize was $2,000 which, to date, with other fees to be received, is the largest in the U.S. pro circuit.

First Canadian To Win In Major U.S. Golf Circuit

First Canadian 1 ub a major U.S. professional tournament is Al Sebring, professional at Minneapolis's Druid Hills golf club. He won the Motor Cities Invitational at Sanford, Fla., against such competitors as Tommy Bolt and Jack Burke. Sebring's winning prize was $2,000 which, to date, with other fees to be received, is the largest in the U.S. pro circuit.

Hornets Lose To Viking and Veg.; Still Second Place

Dion, Roberts Score Four Each In Game

In three games played this past week in the Eastern Alberta Hockey League Hornets took two beatings at Viking 3-6 at home against the Vegreville Rangers 1-7 and recovered one against the Viking Gas Kings Sunday, winning 11-7 in a high scoring game. At the top of the league stands Lloydminster with 18 points, St Paul second with 16, Vegreville, Viking and Vermilion (actually up in third with 10 apiece and Wainwright trails the pack with 6 points.

VIKING HOLDS HORNETS DOWN TO 5-4 SCORE

The Viking Gas Kings of the EAHL had all sets batting but Jabbers 18th to melt the Pavements 5-4 in a close game which was decided only at the half way mark of the third. A tie was broken in favor of the home entry.

The lone tall that time dropped St Paul into possession when the Lloyd Cheviers one minute into the game after 18:12 points.

Short of two valuable players Jules Gaudreau and Jack Ireland Garth Roberts (he was laid up with measles — all all things for a big part of the league) on the second line, Hornets very much short of the edge these two players would have proved on the ice.

Coming into the third period tied, Hornets received a series of three penalties which consecutively laid hard to fighting Viking defence. Despite valiant effort weakened offensive and defensive play and all the way parade marks, Josephson L. Pendich and T Dunnigan breakthrough for the Gas King's winning goal Hornets couldn't recover.

Although the Viking Kings did not shine at times play individual stars came in for sensational break-away — one in the first period by L. Josephson and each L. Bryvie who skated through the entire Hornet lineup for a quick goal St Paul did not get off to a flying start and much of its goals was earned the hard way. Hector Dezisi was missing on his usually spectacular breaks.

Art Clearwater was doing some efficient policing in the nets, continuing to keep the score down.

(Summary)

First period: 1 Viking, Pendich-or (Josephson L.) 4:21 2 St Paul, Imbeh (Pendich, Bryvie) 8:05. 3 Viking, Reynold (Dunnigan T. Burke) 11:11. 4 Viking, Jorgenson L. 16:30. 5 St. Paul, Zahnerchuk (Richard) 19:00 Penalties Ryan, shashing, 8:27 Dehod, M.S., 17:08 Bowes, Viking 3-2.

Second period 6 St Paul, Bryvie (Pendich, Dehod) 7:47; 7 Viking, K. Bruce 12:36. 8 St Paul, Dean (Bryvie) 17:06 Penalties none Bowes, 4 all.

Third period 9 Viking, Josephson L. (Pendich, Dunnigan) 1:10 Penalties Vallieres, holding, 00:01, Neveu, hooking, 08:56; Vallieres, cross checking 12:40 Bjork, hooking, 7:37, Josephson L. tripping, 9:16 Ryan, slashing, 16:05, Dehod hooking, 19:07 Bowes, Viking 5-4.

ST. PAUL — Goal: Clearwater. Art; defense Rousseau, Richards, Lafleur, Neveu, Pete, Lalleuse. Jr. Bryvie, Neveu, Dezisi, Pendich, G. Richard, C. Zahnerchuk, Ed.; Richard, Dean, Imbeh.

VIKING — Goal: Warner J.; defense K. Bess B., Zahn T., Dunnigan T., Dunnigan G., Ryan A., Josephson H., Josephson L., Reynold J., Walker R., Pendich, L.

HOCKEY IN ST. PAUL ARENA

On Saturday night, in St. Paul the Hornets, slipped to last the second in a row to the Vegreville (Please turn to inside page)

DETERMINED TO PROVE THEY'RE THE BEST IN CANADA

Newly crowned Ontario schoolboy curling champions (or an unprecedented third straight year) this rink rounded out its season by proving they are the best in Canada when the Canadian schoolboy championships are held in Fort William next month. With a year's added experience, the foursome hopes to improve their showing over last year when they finished in a second place tie behind the winning Saskatchewan rink. From left are Bruce Flett, East Flett, Bill Fraser and Bill Fraser, Skip.

Farmers' Union Plan Courses

Farmers Union of Alberta, Local 1 has announced this week, that they will hold a series of short courses in the district in the first two weeks of February.

The courses are designed to give officials of the locals all possible information and help to do their work better and promote the welfare of the farmers. It is also hoped that all executive members are present. A total of all possible topics, from the duties of local officers to the set-up of the FUA, Provincial Constitution, by-laws which should prove to be very interesting.

F Wuth, District Director, E. H. Demarsh, Alternate Director, and R G Steinhauer, former District President will speak during the course in a list of the schedule of meetings.

February 2 at Loft Hall, February 6 at Goodridge Hall and February 9 at Elk Point Legion Hall.

All short courses will start at 10 a.m. sharp and close about 4:00 p.m.

Legion Auxiliary Holds Social

The Ladies Auxiliary to the Canadian Legion held a Social Evening for members and their husbands on Saturday evening, January 21st.

Cocktails, community singing and dancing were enjoyed. An exhibition Square Dance was given and greatly enjoyed by dancers and spectators

Mr and Mrs. Rogers of St Edouard played for some old-time dances. Contest winners were Mrs E. Leroux and Comrade Anderle receiving were Mrs. Jevning, Mrs. Campeau, Miss Guthrie, Mrs. Danners and Pres Hunter were clowning all sitting.

A vote to the ladies was proposed by Comrade Norman Blader who thanked the Ladies of the Auxiliary for the most excellent work it had done since the foundation evening were Mrs. after served in the Ladies' Club rooms with everyone voting the evening a great success.

ST. PAUL CURLERS WIN AT GLENDON

Four St. Paul Curlers went out to Glendon and really curled to the top spot in the two bonspiel there — the grand challenge.

Skipping the rink, Dot Guthrie was supported by Dave Johnstone third, Ted Gnocenzi, second and Leonard Bedard, lead. They took out Secretary Jean Mc Pain in the finals.

Extreme Cold Forces Frost Down Six Feet To Threaten Water Service

Consumers Are Advised To Consider Precautionary Measures, Prevent Freezing

The extreme cold, this year which began in late October and has continued in sub-zero range temperatures with the exception of several days, is not unusually normal at this time of the year.

We have been informed by the Public Works Minister, Mr. Phil Gorman, that frost has penetrated as much as six feet in some areas of the province.

Although the situation is not yet alarming, there is nevertheless an element of danger threatening the main lines and sewers should the cold continue and precautionary measures are not undertaken.

The city of Calgary has had considerable amount of trouble with its mains as well as a number of small towns in the north. Edmonton is experiencing difficulty in its west end.

The Town works have undertaken a program of thawing the main water lines and sewers periodically to prevent them from congealing and freezing.

Sewers, filled with sluggish fluids, flow at a slower rate and are the more serious problem. Consumers on dead ends especially, and elsewhere as requested, if possible, to run a tank of hot water in the sewers at night The amount of heat the water generates may mean the difference between a clear line and a frozen one.

Again, we repeat, this situation is not alarming, but precautionary measures are certainly in order Further details on the conditions of the water works will be released periodically and instructions given to the public

Foundry Offers Legion Trophy

To put a little more zip and enthusiasm behind the rocks in the current Legion Zone 4 playoffs, the St Paul Foundry is offering a beautiful trophy for the winners.

The event played within the limits of Zone 4 includes ten branches of legions in the district — Waskatenau, Cold Lake, Ashmont, St Paul, Elk Point, Heinsburg, Mallaig, Beaver River (Thorsby), Cold Lake and Bonnyville

Each town has its own playdowns, the individual winners to meet at Bonnyville on February 9th, for elimination and the final playdowns for the St Paul Foundry Trophy.

Further to this, the winning Legion has the right to enter in the district Legion Playdowns, which will be conducted after provincial and Dominion competition Representing the St Paul unit by virtue of two wins on St Paul ice, are De Gannes, Phil Denver, Leonard Bedard and Emile Leroux

Armand Lord, Zone Commander is in charge of arranging the play

Hour J. M. Dechene From Parliament Hill

Reports from Parliament Hill, a series of weekly broadcasts featuring members of the House of Commons for Northern and Central Alberta returns to the air on CKSA.

This weekly feature is served through the co-operation of the private radio stations in Canada. Members of the House of Commons report back to their constituencies, on the activities and business transacted during the sessions, and how these affect the members of their constituencies.

Hour J. M. Dechene, your representative from the constituency of Athabasca speak on January 29th, at 10:15 a.m.

Delegations From Municipality, St. Paul School Division Hold Audience With Roberson, Discuss Snowplowing

Government Conversant With Situation, But No Immediate Decision For Grants

The Municipal Council, Dr F G Miller and L. P Hendsor, Secretary-Treasurer, of the School Division 48 and other districts affected by the unprecedented snow clearing problem received support in numbers possible to do so.

The majority of farmers will be no more than two miles from plowed roads and will have to bear with the conditions, digging themselves out personally A number of rural residents have already been compelled to call on small groups to open sections of their roads to the main thoroughfares, following the push of most recalcitrance and cutting through the deep drifts on their own.

A detailed estimate of Municipal funds to date for snow removal in snowplowing amounts to $20,000. It is estimated that 200 miles of municipal roads of approximately 350 are opened for normal traffic.

School attendance in Ashmont and St. Edmund is estimated at about 30%. Elk Point district is nearly both in normal and St. Paul is registering a good attendance.

School Honors 25-Year Teacher

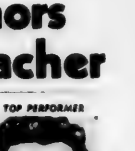
Mrs. Alice Rowland Recognized For Quarter Century Service In St. Paul

(Contributed)

At the regular meeting of the Home and School Association last Wednesday a long-time devoted teacher with 25 years of service to St Paul School, Mrs Alice (Pete) Rowland was presented with a bouquet of red roses in the name of the Association. A. address by Mrs. C. E. Thorsen, one of her first pupils, paid a fine tribute of her service to this community (See page 5)

Finally the official business closed with the singing of "O Canada."

Parents teachers and other members continued to chat informally while coffee and doughnuts were served



TOP PERFORMER

Gussie MacKenzie popular both in the city and Canada was voted top Canadian artist of 1955 by a poll of the public. Gussie is a regular performer on television of the C.B.C. as it is in Southern Alberta.

Tribute Given Mrs. Rowland

By C. E. THORSEN

The address given by Mrs. Rowland School meeting seems a suitable occasion to express special thanks and appreciation to a teacher for long service.

Mrs. Rowland has been a teacher in St Paul Schools since 1931 when they will be inducted on the International Fraternity of public speaking.

A big banquet and speaking program of the young people of the district of the parish hall Now a Court of Honor will be the Hon R. Reierson Minister of Industries and Labour, principal Toastmasters from Edmonton, including Dr Barry Woods, will be present.

The district of Bonnyville is receiving a banquet and speaking program in honor of the Toastmasters' Club of Bonnyville.

Mrs. Rowland has been asked to be toastmaster for them, and the district has been asked to honor the night in Mrs. Pete Rowland, who has completed her 25th year of service to the district of our St. Paul school.

During the start of years she has continuously made to the education of the young people of our town and district and much credit is due her for her work.

After qualifying at the Camrose Normal School during the term 1926-25 her first teaching experience was at the Alain School, then at September 1926 the St Paul School Board received her services and she was placed in charge of a Grade 4 (Please turn to inside page)

Honored At School Meeting

(Continued from page 1

class of 32 pupils. Some of the members of this first class are still here in the district and among them Mrs. Rowland (nee Muriel Arthur Faucher, Mrs. Fred Mantarick, and Messrs Lee and Harold Quinn (the last myself (Clovis E. Perron).

At the time she was "Miss Alice Lavoie," and the name still clinged for many years after she was married to Mr. Fred Rowland in March, 1942.

For the next few years, 1935 and 1936 she was in charge of Grade 6 classes. In this group were Mrs. Horace Compeau and Messrs. David Lorrain, Bernard Drouin, Maurice Maillaux, Frank Williams. Then after an absence of a few years, in touch on sightseeing in Quebec she returned and took up Primary Work for which she has been ever since save three past years to some years.

Her classrooms has always been made be cool disciplined and the interest and attention of her pupils ensured by her brisk, alert manner As to the children's feelings towards her, we need only see them troupting around her on the way to school to know how she stands in their affections.

In these 25 years, Mrs. Rowland has seen the remarkable growth and development of our St. Paul School. It might be of interest here to recall the past benefit and compare the school set-up of those days with the present organization.

In 1926 there were ten classrooms, four of which were in the buildings used for Shop Work and Home Economics of today. There were also a pupil enrolment of 325. The present enrolment is over 1000. 30th. Last in 26 with a teaching staff of 36 and a Principal and 24 classrooms at in use.

Mrs. Rowland has extended her interest in education to Liberal Arts work. Her many years, ago, and its expansions, being a very faithful and devoted worker throughout this time.

For such a successful teaching career, we feel Mrs Rowland is very deserving of our admiration and gratefulness, and on behalf of her merit, we are pleased to present her with this humble token of our appreciation.

MACLEODS

GRAND OPENING

OF OUR NEW ST. PAUL STORE

Thurs. Feb. 2 To Sat. Feb. 11

Free Balloons For The Kids Saturday

Progressive Organization Serving Western Canada for 39 Years

From one small outlet branch in Winnipeg in 1917 MACLEOD'S in 1958 serves customers from Manitoba to B.C. with over one hundred fifty and authorized dealer stores and five mail order warehouses.

To our many friends and customers in the St Paul district we pledge ourselves to bring you the widest selection of high quality merchandise at the lowest possible prices with your complete satisfaction guaranteed.

Now with our new store in St Paul we give you a choice of two distinct services. Over the counter retail service at our store or the rapid-fire money-saving mail order catalog service Either way MACLEOD'S low prices save you money

Satisfaction and Honest Dealing Guaranteed

Experienced buyers constantly search the market for values. It is our earnest endeavor to purchase the highest quality and sell at the lowest price possible Most items we carry are made in Canada by Canadians — we grow and progress with Canada MACLEOD'S brand lines in hardware, housewares, automotive items, appliances, building supplies, heating equipment, machinery and the hundreds of other items including furniture and clothing are outstanding for quality and service. Every item we sell must give complete satisfaction and the service you have a right to expect or it will be serviced, replaced or your money refunded. MACLEOD'S business has been built and will be maintained on these principles.

Employee Training and Welfare Plan

MACLEOD'S friendly staff of close to one thousand each obtain the most modern business education in giving prompt, courteous customer service which is a cherished principle of our company. Each has an equal opportunity for advancement in position and self-improvement.

MACLEOD'S is a profit-sharing organization — a percentage of company profits are paid into an employee Insurance and superannuation fund, and, in addition liberal sick benefit and hospitalization plans are in effect.

Discount on purchases, overtime pay and annual paid vacations make for a happier staff which in turn means more friendly, prompt, courteous and efficient service to you—our customers.

People in and around St. Paul, the far-sighted people every where, are interested in a community enterprise that will result in better, more economical living. And so — with the combined opinions of our new store manager and staff — we have set a determination to maintain high standards of quality and service . . . to strive to gain a reputation for initiative and honest dealings . . . to bring shoppers better values, better quality at the lowest prices. The facilities of the entire MACLEOD'S organization, combined here in your own city, will be brought to bear on unusual variety of merchandise. Come and consult with us. Let us help you.

James C. Mahaffy Replaces Hugh John Macdonald On Commission

By BEN MARSH

EDMONTON — The royal commission investigating affairs of the Alberta government resumed sessions on the 21 st in Edmonton with the new chairman, the same old issues.

Premier Manning announced the appointment of James C. Mahaffy, Calgary lawyer, as chairman, succeeding Mr. Justice Hugh John Macdonald of the supreme court who resigned because of illness.

Attorney Mr. Mahaffy appeared in court in place of a gravely ill Mr. Macdonald.

Shortly after his appointment was announced, Mr. Mahaffy announced that hearings will resume in Edmonton February 17th. — about two weeks after the 1958 session of the legislature opens.

Premier Manning also announced that William Morrow, Edmonton barrister, has been named commission counsel. During the hearings which are an outgrowth of commission counsel under Mr. Mahaffy.

It also was announced last week that before submitting his resignation Mr. Justice Macdonald cleared up an important question which was left hanging when he was confined to his home with a bad ailment and moved to adjourn the hearings.

The query at last whether the commission should investigate loans granted by the provincial treasury branches to corporations in which members of the legislature are directors or shareholders.

A ruling request by Mr. Justice Macdonald and the four other commission members said the terms of reference would not permit investigation into the affairs of any corporation.

The decision of loans to companies was requested by J. V. H. McKay, counsel for the Alberta Liberal Association, on the last day of hearings. He argued that MLA's should not be immune to investigation by reason of their membership on the boards of directors of companies which borrow from the provincial treasury.

The decision of loans to companies was requested by J. V. H. McKay, counsel for the Alberta Liberal Association, on the last day of hearings. He argued that MLA's should not be immune to investigation by reason of their membership on the boards of directors of companies which borrow from the provincial treasury.

The investigation to date was called as a main factor in the government's defeat at the polls in the recent election.

Premier Manning announced the appointment of James C. Mahaffy, Calgary lawyer, as chairman, succeeding Mr. Justice Hugh John Macdonald of the supreme court who resigned because of illness.

Attorney Mr. Mahaffy appeared in court in place of a gravely ill Mr. Macdonald.

Shortly after his appointment was announced, Mr. Mahaffy announced that hearings will resume in Edmonton February 17th. — about two weeks after the 1958 session of the legislature opens.

Premier Manning also announced that William Morrow, Edmonton barrister, has been named commission counsel. During the hearings which are an outgrowth of commission counsel under Mr. Mahaffy.

It also was announced last week that before submitting his resignation Mr. Justice Macdonald cleared up an important question which was left hanging when he was confined to his home with a bad ailment and moved to adjourn the hearings.

A ruling request by Mr. Justice Macdonald and the four other commission members said the terms of reference would not permit investigation into the affairs of any corporation.

The decision of loans to companies was requested by J. V. H. McKay, counsel for the Alberta Liberal Association, on the last day of hearings. He argued that MLA's should not be immune to investigation by reason of their membership on the boards of directors of companies which borrow from the provincial treasury branches.

The investigation to date was called as a main factor in the government's defeat at the polls in the recent election.

Line runs at Lineage that five stations ever see in the far north — Seven picked as stations in the mid-Canada early warning radar line, planned to give at least warning of air raid, with three bases and a proposed chain of intermediate stations, has been announced by Defence Minister Pearkes. The first three bases will be built on hills overlooked by the stations and the inhabited, the latter being a supply depot easily accessible to amphibian planes, helicopters and boats.

NOTICE of ANNUAL MEETING

Take notice that the Annual Meeting of the electors and ratepayers of the St. Paul School District No. 2230 will be held in the auditorium of the school town building at the hour of 8.00 o'clock pm., on Friday, February 28th., 1958.

J. C. Thérien,
Secretary-Treasurer

of dashing "in the guise" of a corporation.

E. J. Holmes, counsel for the government, objected on the ground that the terms of reference did not permit investigation into corporations. He referred to a section of the terms designed to protect the interests of treasury branch customers, restricting the scope of members of the legislature.

Mr. Mahaffy, as commission counsel supported Mr Holman's stand.

When the commission adjourned, it had finished hearing evidence regarding the awarding of highway construction contracts and was about to start on treasury branch loans to MLA's. Both matters were hot issues in last summer's election campaign.

Mr. Mahaffy, who has practiced law in Calgary since 1926, is a veteran when it comes to royal commission work but that is the first time he has been chairman of one.

In 1947, he was named commissioner for the famous royal commission investigation child welfare in Alberta. In 1952 he was counsel for the commission investigating the timely disposal of the Bow River. He also is a former member of the legislature and was a Liberal independent member for Calgary

Raging controversies are raising here under the Social Credit Alberta Legislature Building as to whether the present order is the way right now had to do with politics.

As a matter of fact, the dome itself is the centre of the controversy particularly when it's going on under it. Workmen are redecorating the vaulted ceiling of the massive main rotunda, which opens directly into the dome. And the colors they're using are deep shades of red, green and brown instead of the white which has been there since the building opened in 1913.

Said some civil servants are indignant slamming the appearance of the rotunda is being ruined. But the architect responsible is, Mr. Macdonald, says "I did and see." He says much fine plaster ornamentation is lost in the white and when it is finished he says it will notice the dome for its original tone.

See why these features make Fargo your best truck buy!

Fargo trucks are packed with features that mean maximum return from every dollar you invest. You get extra dividends every mile, in greater driver efficiency, low operating cost, dependable service.

Yet, with all this, Fargo trucks are priced with the lowest. Take a minute now to call your Chrysler-Plymouth-Fargo dealer.

Manufactured in Canada by Chrysler Corporation of Canada, Limited

PowerFlite automatic transmission, optional on panels and suspension of Mid-Range (F.W.D. engine gear shifting, makes multi-stop delivery jobs easier.

Powerful, economical engines in Fargo trucks are Chrysler-built. Rugged L-head 1.30 h.p. six is famous for dependability. New 170 h.p. short-stroke V-8 in models of 10,000 lbs G.V.W. does heavy-duty hauling on regular grade fuel.

Get superior and more dependable under-the-cowl starting with new, greater capacity 12-volt electrical system. Gives hotter spark for more efficient firing.

More driver comfort is built into Fargo cabs. Pul-Vue wraparound windshield, optional at 180-degree visibility. Cloth-lined seat reduces driver fatigue. Instrument panel gauges and controls are easy to reach.

There's a Fargo truck for every hauling job . . . panels, stepsides, pick-ups, chassis-cabs, chassis with flat face cowl models to accommodate stake, platform and other special bodies. Up to 66,000 lbs. G.W.

Traffic Safety Lane

By G. W. McEAT
Inspector Highway Traffic Board

The School Bus

This year was Alberta with 2,000 school buses operating. In some localities the school bus is a very prominent vehicle, in others not so prominent and in some they are unknown.

It is very important that this vehicle be known and recognized by everyone, especially those who drive motor vehicles on the highway. This is so because the traffic laws create a relationship and it is well that we all recognize this vehicle.

To help bring this vehicle to your attention, it is painted a standard school bus color, "School Bus Chrome Yellow".

There are many drivers of other vehicles who are brought into our courts who have violated the laws concerning the School Bus, and in many cases that plea is that they didn't know it was a school bus. But I know of no case where this plea has released the accused from responsibility.

Overtaking and passing a school bus while it is loading or unloading passengers is the most major cause of fatal accidents involving school buses. When a school bus approaching from the front of the bus each time loading or unloading. When a school bus is stopped there is a flashing Red Light on the rear which warns approaching motorists in some cases there is an extra sign with the word "STOP" on it. under rules the vehicle is a bus and painted a chrome yellow and display the sign "School Bus" on front and rear

I do not know if there is anything more that can be put on that will draw the motorists attention. But with all that there is motorists just do not seem to recognize the unit as a School Bus.

We have had one fatality in Alberta so far and we do not want another, but people will have to make it a habit of noticing these units. They are only on the road for one hour in the A.M and one hour in the P.M and only 200 days out of 365.

This year all we need to do is use nothing the vehicles and to memorize the safety rules that are connected with them. We do not want 1958 marred by a school bus fatality or accident

Health Through Chiropractic

By Dr. K. W. Tenove

Stomach Ulcers

The stomach is an amazingly efficient machine. When food enters it produces digestive acids in correct quantity and of the proper quality to deal with whatever the volume and chemical makeup of the food may be. As food leaves the stomach the quantity of acid ceases.

That is what happens at a healthy stomach But all stomachs are not healthy Some produce too much acid or produce it when the stomach is empty The acid is no food for it to break down it rushes against the delicate lining of the stomach and breaks down the stomach wall resulting in ulcers

To treat the ulcer itself is not sufficient The cause must be removed. And the quantity and quality of acid produced is controlled by the nerves supplying the stomach it is obvious that, since the stomach is not functioning properly, the nerves themselves must be at fault and should be examined.

This the Chiropractor does. He locates the vertebra associated with the proper flow of nerves impulses over the stomach nerves, and, by chiropractic adjustment, restores it to its normal position. The stomach resumes its normal activity, and, no longer irritated by the over-production of acid, the ulcer heals.

By correcting the cause a permanent cure usually results, as testified by the thousands of stomach ulcer patients who have been restored to good health through chiropractic

It's a better life for Norman Tyndall

To learn how farming has been revolutionized in western cents, listen to Norman Tyndall, of Richmond Hill, Ontario.

"Nowadays, one man can produce as much food as eight men could — but thats a generation ago," says Mr. Tyndall. "Machines like the newest tractors, trucks and combines have lightened our job tremendously. And of course, agricultural science is adding on our know-how with results that can be seen in fields all over the country."

As Mr. Tyndall knows, there have also been important developments in life insurance — which help him as a family man.

Today, for instance, there is a wider choice of life insurance plans than ever before. In most like Mr. Tyndall have a more flexible way of meeting their own families' special needs — needs that keep changing over the years.

The life underwriter who serves people many is a key man in this planning. And he, too, has changed. Modern training methods have made him a more efficient counsellor on the many different uses of life insurance.

To share and solve ours, the life insurance companies in Canada have progressed to meet the changing needs of people in all walks of life!

Government To Build New Bridge Soon

MARRAYNE — The provincial government is planning to make a bridge across the North Saskatchewan River at Lea Park, about 10 miles north of here, it was reported Friday.

Government engineers have been surveying the site that winter. Residents of the area, about 100 miles east of Edmonton, have been asking the government to replace the present ferry with a bridge.

Hon. Gordon Taylor minister of highways, who address a public meeting in Marraine Jan. 30 and is expected to announce when construction will start. He will be accompanied by Hon. A. O. Aalborg minister of education and Hon. Raymond Reierson, minister of industries and labor.

Mr. Aalborg, represents Alexandra constituency in the legislature and Mr. Reierson is the member for St. Paul riding. The North Saskatchewan River separates the two ridings with Athabasca on the south and St. Paul on the north. Marraine is in Alexandra.

The new bridge will narrow a gap left in cross-river arteries at present by the mouth of the Ea Pain. 50 miles west of Lea Park and the ferry ride to Saskatchewan. It now will provide a shorter direct connection from Highway 18 north to Highway 28 and the Bonnyville, Grande Centre and Cold Lake areas.

Municipal officials in the area report heavy traffic on the ferry crossing, including truck going to and from wells on the north side of the river. There also is a heavy movement of livestock across the river.

BIGGEST YEAR IN OIL EXPLORATION

Oil exploration by Imperial Oil will be carried on at a record pace this year, the company announced in Calgary last week. Imperial plans to drill 300 wells in Alberta, 50 more than in 1956 and 100 more than in 1955. Most of the wells will be drilled in the Leduc-Woodbend area, where Imperial discovered oil in 1947. Imperial's exploration budget for this year is $18,000,000, 20 per cent more than the $15,000,000 it spent in 1956. Imperial's budget for the next five years is expected to be more than double the total spent in the past five years. Imperial's budget for the next five years is expected to be more than double the total spent in the past five years.

A ONE-DAY SHORT COURSE for the instruction of Local Officials and the discussion of Local problems will be held:

February 3rd., at Cook Hall

February 4th., at Goodridge Hall

February 5th., at Elk Point Legion Hall

SHORT COURSES START AT 10 a.m. SHARP

All members and other interested persons are welcome.

The members will be the District Directors, F. Wath and E. H. Dendah together with E. G. Steinhauer, former District President.

Safety Sam Says...

Better charge a buffalo... than drive too fast on ice or snow!

It's as simple as this. In Winter, snow usually falls. Snow usually gets hard and slippery. If you drive too fast over something that's hard and slippery, you're apt to skid and bust something . . . yourself, usually. Then for good-ness sakes why not drive slow? And use tire chains!

Gas Rate Hearing Applications Heard For Stettler, Athabasca

FATE OF ST. PAUL RESTS ON DECISION TO BE ANNOUNCED

The hearings were adjourned from the Edmonton Municipal Committee on Gas Rates being heard in the city yesterday St. Paul and how the Stettler, Athabasca and Plains Western Gas and Electric Co.

JANUARY 17 — The "main issue" on which Plains Western Gas and Electric Co. Ltd. will based the return on its investment for its Stettler operations was challenged Tuesday before the Board of Public Utilities Commissioners.

The board was hearing an application from the company for an increase in the gas rates charged by the company to Stettler. The bid was part of an application covering five central and northern Alberta towns which are served by Plains Western.

G. M. Blackstock representing the town of Stettler, cross examining company secretary-treasurer R. S. B. Kaufman for an hour and 20 minutes after Mr. Kaufman had presented figures to show that when an increase is granted, the company's return would amount to only 4.05 per cent this year and 4.24 per cent in 1957 on the company-estimated rate base of $694,420.

To gain a 10 per cent return on the base Mr. Kaufman held, the company would require between $215,000 and $215,581 this year and $217,481 in 1957.

Questions Method

Mr. Blackstock challenged the method in which the company had calculated the rate base. According to decisions handed down in previous hearings he said, the rate base should be the original cost of the utility.

The company, he noted, had raised the rate base from that computed by the original owner, Stettler Gas Co. by using a different method of computing depreciation by claiming $30,000 assets of the franchise never had been by actual value items.

Mr. Blackstock objected to inclusion of the value of the franchise as part of the company's assets. He claimed only the amount actually used for the franchise could be claimed but said that this amount had already been put through the company's books as expenses at the time the franchise was acquired.

Mr. Kaufman said the $20,000 item representing expenses paid out in acquiring the franchise. He disagreed that the expenses had already been charged on the books as revenues but said that if they had it would not be proper to include them again with assets.

Charge For Gift?

A franchise, Mr. Blackstock said, was a gift from the people. When a firm added the value of the franchise to the assets on which it based its rates, he asked Mr. Kaufman, "are you not charging people for the gift they gave you?"

Mr. Kaufman repeated his statement that a franchise had only the value of the amount of money it cost to obtain it.

Dealing with the increase in assets which the company claimed since it purchased the gas company from its original owner, Mr. Blackstock cited decisions of U.S. courts in utility cases which, he said, opposed any profit made in the sale of a utility being added to the base rate.

Mr. Kaufman agreed but held that "if the company can provide better efficiency by reason of the change to an adjustment between the original cost and the cost paid by the new owners."

Mr. Blackstock was to continue his cross-examination of Mr. Kaufman when the hearing reconvenes Wednesday afternoon.

JANUARY 29th. — The Board of Public Utilities Thursday ordered formal hearings on an application by Plains Western Gas and Electric Co. Ltd., for an increase in natural gas rates in the Alberta towns.

The hearings concerned operations in two of the towns, Athabasca and Stettler, were presented during the sittings. Other towns named are St. Paul Westlock and Barrhead.

Following presentation of all evidence covering operation of the Stettler utility Thursday morning, Board Chairman H. J. Henderson asked town counsel G. M. Blackstock and Bruce V. Manns company counsel to set out the written final arguments.

Mr. Henderson said the board will hand down its decision on the Athabasca and Stettler applications, and the still pending Plains Western applications in the three remaining towns. Those towns are by free to present any questions they may have to the board at that time.

At the concluding session of cross-examination took place on what rate of return the company should be entitled to on its operations.

Earlier, when the Athabasca utility was being discussed L. Sanford Rea, of New York a public utilities consultant said Plains Western should receive a return of 10 per cent.

Mr. Blackstock argued that a return should be by the [illegible] the previous time when of gas sales [illegible] he said would be 9.8 per cent and had not had an opportunity to cross-examine Mr. Rea.

Mr. Manns said he was [illegible] the board's known [illegible] It is all low [illegible] Nating that the company had Robert W. Hamilton chartered [illegible] expenses of Plains [illegible] on behalf [illegible] 1956 to estimated [illegible] He does comparative figures in 1957 would [illegible] which a 14½ per cent increase [illegible] the previous time when of gas sales [illegible] he said would be 9.8 per cent and had not had an opportunity to cross-examine Mr. Rea.

Later on questioning by Mr. Manns Mr. Hamilton [illegible] he wasn't satisfied expenses [illegible] result as indicated [illegible] the application.

CANADIAN MILLS TURN TO SYNTHETICS

—Courtesy Fruit Growers Assn.

Faced with severe foreign competition, Canada's textile industry has had to turn to new methods and new products in order to survive. Its spokesmen met with refusal to protect the industry through high tariffs and through the U.S. market as easy prey. Canadian manufacturers are now turning out synthetics rather than natural fibres and finding that they can retain at least part of the Canadian market. Here are samples of the industry's new product—draperies of spun glass which are wrinkle proof and fireproof and will not fade in sunlight nor shrink when laundered.

Public Meetings By Hon. Taylor

Hon. Gordon Taylor, Alberta highways minister, Thursday began his annual pre-session round of public meetings in his constituency of Drumheller.

On Jan 30 Mr Taylor will visit Marraynne along with Hon. A. O. Aalborg minister of education, who represents eastern Alberta, and Hon. Raymond Reierson, minister of industries and labor, who represents St Paul riding.

On his speaking tour Mr Taylor will outline proposed government legislation.

Vegreville And St. Paul Tied For Second Spot

Lloydminster Still In First Place

The Hornets are struggling to hang on to second place in the Eastern Alberta Hockey League along with the Vegreville Rangers who have been rapidly climbing the ladder and threatening to take over the league leadership. If [illegible] their winning streak Last week all the way up here it was fun entertain us

Members of Club from Elk Point, Malisig, Flat Lake and St Paul were welcomed and one enjoyed lunch lunch lunching the evening to a full round

Vegreville demanded an extension of the rule and has taken advantage of the decision of Wainwright league officials who have extended the date to February 1 to use a roster of new players.

Mortlak and again that weekend some new faces in the Uniform of the Alberta.

The other is losing consistent by several of the league entries and it is hoped that Vegreville can now use the new rule will be brought back in line.

Hornets Lose 8-4 To Vermilion Ice Wed.

Vermilion Tigers matched another close one away from the Hornets last Wednesday by the skim of their teeth. Again it was an Elmer Keller victory The old pro, played nearly 40 minutes of straight hockey and during that time was able to score two goals, assist two, finishing on top of the five goals scored by the Tigers.

The last one was a beauthreaker and a tie-breaker for St. Paul who now find themselves up in a top of sizzling rubber 3 points more than either of the third period when they ran into an overtime stanza It was St Paul's first loss on home ice.

SUMMARY

First period 1 Vermilion, Schmidt (Kroeker) 3:45. 2, Vermilion, Kreiler (Schmidt, Swing) 9:56. 3. St. Paul, Bedard (Dion) 10:20. 4 Vermilion, Phillips (Ford, Kreiler) 17:30. Penalties, Roberts Interference. Kroeker, Vermilion 3-1.

Second Period 5 St. Paul, Heyko 14:56, 6 Vermilion, Kreiler 15:25. Penalties Interference, 6 60, Phillips, Int. 7:30, Hryvniw, trip, 9:35, Roberts, Int. 10:35, Schmidt N.S., Schmidt, H.S., 18:15 Score Vermilion 6-5

Third Period 7 St. Paul, Richard (Dubois, Valleau) 1:36. 8. St. Paul, Dion 3:06, 9 Vermilion, Ewing (Schmidt, Williams) 17:20. Penalties Zaharchuk, trip, 4 40, Valleau, Schmidt M.S., 6:05, Bedard, Int., 9 05, Roberts, M.S. 13:00, Little H.S. 17:05

Loss Last Schedule Game To Vegreville

Hornets end the Vegreville Rangers in the last scheduled game of the season Saturday and lost 5-4. Out of the four encounters Vegreville came away with three wins against one for St. Paul.

The boys kept close to the tail of the plugged Rangers, threatening to catch up in the third when they trailed one behind. It just wasn't in the cards, however

First Period: Ted. Dumesnil (Continued on Back Page)

Square Dance NEWS

The Square Dance held in the Legion Hall, on Friday, the 20th., was attended better than expected, due to the fact as many as three members were Dancing Instructors over ten squares swung with Orphan of Alex's call. Andy Pelletier was the lucky winner of the door prize. Thanks to the ladies who so kindly donated lunch.

The dance at Flat Lake Hall, sponsored by "The Flat Lake Twisters" went over well. In fact they enjoyed it so much they immediately planned another dance for next Monday evening with Alex Schulmeister calling again. A lady lunch was served.

Record Fifty-Two Rinks Take Part In St. Paul's 15th Annual Spiel; Four Events Won By Outside Entries

Kent, Vermilion, First; Zasalek, Derwent, Second; Jones, Jamieson, Edmonton

St. Paul's 15th. Annual Open Bonspiel, carried off over the weekend, drew a record number of fifty-two rinks who played around the clock for three days, winding up the finals on Sunday afternoon with three prize of all events being courteously relinquished to outside rinks A Vegreville and a Vermilion rink fought it off for the main event, while three locals made it into the last draw, but were forced off the score board

After the three day hectic eliminations, the finals lashed a hot punch line, ending in a slow pitch battle with three of the local contenders knocked out in the 16th end. Only Loey of St Brides, a member of the St Paul Club, cementing the 3rd. event, played in the running. Coming home 2 behind in the 12th against Derry Jones, he made a last try to knock out two and tie the game, but his rock winked a hoard and was side tracked off the winning shot.

Final Event

First event, the Merchants, for trophies presented by Bessette and Sons, matched Aldour Kent of Vermilion against Tom Zasalek of Vegreville Kent grabbed the chalk in the first two ends for singles, relinquished for one number in the next three but after that he became master of the situation and climbed steadily until the 10th end when he was leading 13-5 in the first of those hopeless ends, Dunne scored in the tenth and conceded the match.

Kent 101 010 220 3xx 18
Zasalek 020 201 001 0xx 5

Vermilion, Aldous Kent, skip, John Kosbuta, second; Jack Gordy, second; Jack Hannon, lead.

Vegreville: Dr. Tom Dennis, skip; Joseph Sobolesky, third; John Kosbuta, second; Al Scholtz, lead.

A high school entry from Fort Kent took third prize in the Merchants' event, Ed Krenik of 10th Point came in fourth. Other entries in the event were Derwent, Vimmery 3 sty lead.

Second Event

The industrial event — trophies presented by St. Paul Sales and Service, worked in Ralph Hellinger's St Paul rink (the brothers) St Paul bidders, made up of their regular local four! came up against some tough opposition. Steve Zasalek of Derwent, winner in last year's main event, Ed Krenik proved too much, mounting a game of his own, Zasalek defeated Ed Chick, cementing the 3rd. event, played in the running. Coming home 2 behind in the 12th against Derry Jones, he made a last try to knock out two and tie the game, but his rock winked a board and was side tracked off the winning shot.

Final Event

First event, the Merchants, for trophies presented by Bessette and Sons, matched Aldour Kent of Vermilion against Tom Zasalek of Vegreville Kent grabbed the chalk in the first two ends for singles, relinquished for one number in the next three but after that he became master of the situation and climbed steadily until the 10th end when he was leading 13-5 in the first of those hopeless ends, Dunne scored in the tenth and conceded the match.

Kent 101 010 220 3xx 18
Zasalek 020 201 001 0xx 5

Vermilion, Aldous Kent, skip, John Kosbuta, second; Jack Gordy, second; Jack Hannon, lead.

Vegreville: Dr. Tom Dennis, skip; Joseph Sobolesky, third; John Kosbuta, second; Al Scholtz, lead.

Third place Steele of Vimmery 3 sty lead.

Fourth Event

The fourth and last event is sponsored by the professional men of St. Paul who contribute for the prizes.

Lyna Spotted One Day Short Most Some Spot

Two district farmers on their way to town spotted a lone cow standing in the middle of the road, three miles east on the highway in front of Armand Lamothe.

Mr A. Turcotte and Mr. R. Lapointe made the report to the Journal.

But alas, Mabel Baigil took offence of the epic entrance of his new Studebaker and promptly decided to calmly blow his lead on

Curry Pontiac Knot Hole Gang Invited To Last Free Game, Sunday

Hey, kids, the last home game of the St. Paul Hornets hockey season is coming up Sunday, February 5th, and to wind up the Knot Hole Gang hockey games, they have planned a special treat for all you members as well as any school kids. Grades 1 to 8, inclusive. All the school kids from the country districts are welcome too and it doesn't matter if you've lost your membership card. Come anyway.

No charge for admission for all school kids, town or country, up to and including grade eight, members or not.

And here's the treat . . . thanks to St. Paul Beverages, Herb & Fabiola Wiskinski and Labatts Brewing, a Free Coke and a Wagon Wheel candy bar.

The treat will be given out between the first and second intermission so don't worry if you're late, the refreshments will be for all members at the south west corner of the rink. All players and officials turn all color bottles and take the candy bar wrapper home for privilege.

And Kids, see if you can't get your folks to come in the game with you, they'll've some good hockey and it's the last home game before the Playoffs

Toastmasters Receive Charter

Dr. H. Wood, Area Governor Makes Presentation To Dr. J.A. Holoschuk

NEW PRESIDENT

H. B. Milner of Edmonton has been elected President of Toastmasters of Canada, Ltd. Mr. Milner succeeds the late F. A. Swanson, who died in Calgary on January 23rd.

H. B. Milner was President of the same Home from 1950-1952. He returned from this office to assist in the formation of other branches, and was successful in forming 22 in 1953, which in 1954.

In addition to this position, Mr. Milner was also elected as President of Northwestern Toastmasters Association, which includes Toastmasters Clubs in Edmonton, Calgary and Lethbridge, and is a member of their executive.

What a Toastmaster is, how a club operates, its fundamental purposes were all illustrated at a Charter Party presented by Banquet Monday night in the Parish Hall, where a large attendance witnessed an impressive ceremony in which Dr H. Wood, Area Governor from Edmonton, presented the official International Charter to Dr J.A. Moloschuk, St Paul Toastmasters Club President.

In presenting the Charter Dr Wood extended greeting to St. Paul from all the Alberta Clubs along with his personal wish for success in the future.

Dr. Wood said that you cannot buy initiative, you must have it along with the things that matter in life. Toastmasters Club is the training ground for personal growth in developing individually for personal improvement.

This fabb Toastmasters put in practice that well planned and the results obvious such as accomplished tonight," concluded Dr Wood

Other guest from Edmonton was Norman Thompson, a Toastmaster of long standing. Hon. Mr. Thompson, humbly insisted due to the pressure of other public duties he could not serve road conditions. He told of his regrets during the meeting.

Dr Moloschuk, officiating as M.C. in doing so introduced Lt. Governor Grant MacEwan, accompanied by Mrs Worship Mayor John Van Brabant who welcomed the guests and congratulated Toastmasters on the self-contained program they have undertaken at Toastmaster training.

Mike Pauphyt offered a toast to Ladies and thanked them for their kind indulgence in putting up with husbands for the week, Monday night "pause" Mrs. Worship Mayor Van Brabant adeptly replied "that the boys have shown great improvement in their Toastmaster training and especially when it comes to humor and appreciation of ladies."

Toastmastering in St. Paul and some of the aims of the club were detailed by Stan Prevost, Club Exec. St. Paul member.

A Toastmasters Club is an organized group of ambitious young men, over 21 years of age who seek to improve themselves by the practice of speech and leadership, as means of increasing their usefulness in business, social and civic relations.

The fundamental purpose of Toastmasters Club is to help members to master the difficult art of public speaking; to learn how to organize and effectively conduct any conference or meeting; to develop leadership ability; to learn how to think logically for effectiveness in executive work. Toastmasters Club is the training ground for personal growth in developing individually for personal improvement.

To the audience a vivid impression of how the Club

Girls To Stage Hockey Game

(Contributed)

BY THE GIRLS

The St. Paul Arena will play host on the 19th. of February when our town women will be on the ice to give the fans and patrons an hour's hockey entertainment.

Here you will see what the other half of the Hornet Hockey Club play like.

Rumors are already talk about the weaker sex but watch out men, we aren't as weak as they think we are We have a few hat tricks and two broken wrist yet.

Decked out in the boys' attire, the girls promise each and everyone of you a real time of your life Won't you please come and support us and also the St. Paul Hornets?

Prize Winners Glendon Spiel

To supplement some of the nonors details we gave last week on the Glendon Adult Bonspiel, the following list is necessary to give the two events as published.

Held on the 21 and 22nd of January the spiel featured 16 entries played two days on two sheets of ice.

First Event

Don Guthrie, St Paul—Hot and cold servers,

Jack Zasalek, Derwent—Curling Clothes Hampers,

Ken Lambert, Glendon—Lighter, Ken Mrotzek, Glendon—Card Sets

Second Event

Mario Spaunak, Glendon—Sticks, Ray Bennett, Bonnyville—Carving Sets

Third Event

Terry Severin, Glendon—Clocks, Albert Lukan, Glendon—Tea Towels

Fourth Event

Mr. Ted Bednar was in charge of the draw. His services are highly complimented for the good job he did.

Secretary of the Glendon Curling Club wish to thank all those who participated from out of town and locally and for the donors of the beautiful and potential prizes.

Beaver River NEWS

Mr and Mrs. Brad Gambles and Mr S. Jackson had begun of enduring the weatherman we think, when they returned from the States in January. We believe that with their return from the warmer climate the weatherman would think it was spring time and an relent from his bitter cold grip which he did for a few days but then dropped the same as it were snappy again.

We are sorry to hear that Mrs. H. Lathrop has been confined to Elk Point Hospital and with her a speedy recovery. We are glad to hear that Alec Chipnik is making progress slowly but surely Keep the chin up Alec as we are all anxious to see you up and about again.

School was closed last week when our teacher Miss Thelma Sells was called to the bedside of her ill father

Mr and Mrs. George Thompson returned to Peace River for the rest of the winter with their son, Stanley as he returned to his work at Whitehorse in the middle of January.

We also wish Walter Lytile a speedy recovery as he has been confined to the St. Paul hospital

Larsen Valley returned home from B.C. recently where he had been working with his brother Maurice

Employee Training And Welfare Plan

MACLEOD'S is a profit-sharing organization—a percentage of company profits are paid into an employees insurance and superannuation fund, and, in addition, liberal sick benefit and hospitalization plans are in effect.

Discounts on purchases, overtime pay and annual paid vacations make for a happier staff which in turn means more friendly, prompt, courteous and efficient service to you—our customers.

Tom Hitchcock
Manager

Meet Tom Hitchcock, Manager Of The New St. Paul Branch

MACLEOD'S new store opening in St. Paul on February 2nd, is managed by Mr. Tom Hitchcock.

Mr Hitchcock comes to St. Paul from Regina, where he has been for the past 5 years in the employ of the above firm.

Since the store has been opened in early January, Mr Hitchcock has been busy with the hundred and one details that go in preparing such an establishment for opening ... and he has done a good job to welcome you this week.

Tom wants to personally extend an invitation to all St. Paul residents to drop in during the grand opening sale and get acquainted with him, and MACLEOD'S store from where he assures you, of service backed by years of experience and fully guaranteed merchandise.

The store has been built in the heart of down-Town St Paul convenient parking located for your shopping pleasure next to the St. Paul Foundry.

The inside is organized in a modern array of display, with each of its various and complete departments labelled for quick identification and pleasant shopping.

Satisfaction & Honest Dealing Guaranteed

Experienced buyers constantly search the markets for value. It is our earnest endeavor to purchase the highest quality and sell at the lowest price possible. Most items we carry are made in Canada by Canadians—we grow and progress with Canada MAC'S LEOD'S brand lines in hardware, housewares, a complete line of appliances, bedding supplies, sewing equipment, machines and the hundreds of other items including fertilizers and chemicals are outstanding for quality and service Every item we sell must give complete satisfaction, and the service you have a right to expect or it will not be sold, replaced or your money refunded MACLEOD'S business has been built and will be maintained on these principles.

To our many friends and customers in the St Paul District we pledge ourselves to bring you the latest advances in high quality merchandise at the lowest possible prices with your complete satisfaction guaranteed

Pioneer Of The District, Mr. Alec Wanchuk Passes Away

On Wednesday January 18th, 1956, Mr. Alec Wanchuk passed [illegible] age of 69 years at [illegible] St. Paul.

Mr. Alec was born in Otrow-Dreinski, Austria on March 15th, 1887. He was the son of Mr. and Mrs. Nick Wanchuk. Mr. Wanchuk left his home at the age of [illegible] Austria. He came to Canada and settled in the Barrhead - Westlock District. He worked there for two years and returned to his home [illegible] and got to the United States [illegible] and got to the United States.

On arrival to the New York Immigration office he was sent to New Haven as a farm hand. Here he worked a year after which he worked for the Winchester Ammunition Co.

In December 1907 Mr. Wanchuk went to Winnipeg and signed on as a regular cattle [illegible] from there spent a month's work. He again returned and returned to Winnipeg and signed on the Dominion Hotel where three months was spent in company and from the hotel he [illegible] Mrs. 1908 John were [illegible] and the Staffordshire [illegible] where they lived [illegible] Mr. Wanchuk [illegible] Mr. Wanchuk [illegible] Mr. Wanchuk

An echo does have the last word, but it doesn't get much that is said. —Cynic

Card Of Thanks

Club Membership

By L. H. BROWN
Chairman, Membership Committee

You can't have a club without members. Therefore, membership is a fundamental necessity. The St. Paul Toastmasters Club originated from the Peace Chamber of Commerce, where a need was felt for education in public speaking. Because it was impossible to enroll enough members from that organization to meet the limitations required, it was decided to consider other members of the community interested in learning and improvement of speaking techniques.

As it turned out, we fell pat in line with suggestions from the International body who recommends that a cross section of the community occupations and professions be enlisted to keep the program and ideas as diversified as possible for added attraction.

So far we have been able to accomplish this and keep our membership reasonably active and interested in the Toastmasters Club. We have at times fallen a little short of the required thirty but feel that the calibre and quality of members have made up for it.

To become a member of the Toastmasters Club a prospect is selected, elected inducted and instructed by a selected Club Membership Committee on recommendation by a member or on his own initiative.

Selection is based on fitness to become a member, ability to attend meetings regularly, depth of interest in self-improvement, potential value to a leader.

When a man has been selected as a good prospect, he is invited to attend a club meeting. The rule is that a man must attend two meetings before he is asked to become a member. This enables him to understand the working of the club, and permits club members to size him up.

After attending the meetings the prospect fills out an application which is reviewed by the membership committee, notice is given and if there are no verbal or written objections, the prospect is recommended for election to the club.

Final reading of the application is made, a vote taken and it is found desirable the member is elected.

Every new member is formally inducted in a dignified and appropriate manner, so that he will understand what he is getting into and why, and be impressed with the importance of the occasion. The value of the new club and fraternity be have made up for it.

Guests at this banquet dinner and Charter Night, are cordially invited to attend our regular meetings whenever it is convenient. Sessions are held regularly on a third fair, and every Monday at 8 o'clock sharp (punctuality is strictly enforced); at the Lavoie Cafe Dining Rooms.

A Short History
St. Paul Toastmasters

St. Paul Toastmasters Club was born in fall a need for a need long recognized by the St. Paul Junior Chamber of Commerce. For several years this highly active group of young men attempted to form a public speaking club within their ranks but were without success for lack of guidance and information.

It was not until Jayces Ed Boutbillier and Paul Parada presented the problem to Jaycee District Vice President, Harry Bowen that the initial hurdle was crossed. Harry, an active Toastmaster from Edmonton club, suggested, without hesitation, that they form a Toastmasters Club. President Ted lost no time to set the wheels in motion. A letter was dispatched to Santa Anna requesting information. When this was received a meeting was called to consider the formation of a club. The Jaycees responded enthusiastically and voted that steps be taken to form a club at once. Stan Powers was appointed to undertake the task of organizing the St Paul Toastmasters Club.

News of the proposed club published in the St Paul Journal brought many inquiries from interested men and an offer to assist in the formation from Dr Ken Tetreve, a former member of a Toastmasters Club in Devenport, Iowa. With assistance and advice from Dr Tetreve the club moved quickly into the organizational stages.

The first meeting of the charging club was held on 23th, of February, 1954 with 12 members present. The enthusiasm displayed at this meeting left no doubt that a club was a necessity. A second meeting held a week later saw the total number of prospective members which was the signal to call the first organizational meeting.

On the 5th of March, 1954, twenty-five eager men met at the Lavoie Banquet Room to elect their officers. Executive Officer, Lorsen Drouin, conducted the election and declared the following elected to the first executive of the St Paul Toastmasters Club:

President Stan Powers;
Administrative Vice-President: Dr J Melenchuk;
Educational Vice-President: Dr Ken Tetreve;
Sergeant at Arms Stan Shiels;
Secretary-Treasurer Ralph Carson.

The new term was started with the above slate of officers taking over the direction of the Club. Under their able guidance the club has been functioning very efficiently and the members have made noticeable progress as they are making.

National Health Scheme For Canada Appears Almost Certain

By DEN MARSH

EDMONTON — A national health insurance scheme for Canada appears closer to reality now than it ever has before. It became public in a certainly last week when the federal government came up with a proposal which, on the face of it, seems to good to reject.

Under the plan proposed by Prime Minister St Laurent, the federal government would pay $152,000,000 annually — or 50 per cent of the cost of a health insurance plan that is acceptable jointly by the dominion and the provinces.

It appears that Alberta will be one of the first provinces to accept the plan. Hon Dr W W Cross, minister of health, attended the dominion-provincial health assistance conference in Ottawa last week and was the first provincial delegate to say he would recommend the plan to his government.

By the time the coupons in pay Alberta may have officially accepted the proposal because Dr Cross is to report on it in a meeting of the provincial cabinet on the 7th of this month.

What will the plan mean to Alberta residents if it goes into effect? According to Dr Cross it will mean plenty.

It will mean, of course, he said, that with the dominion paying 50 per cent of the total cost, the entire share of hospitalization now borne entirely by Alberta municipalities could be greatly reduced.

At this point it can be recalled that hospital costs have been a bone of contention in the provincial government's stable lately. One municipality has request relief from ever-increasing hospital costs and the same subject makes good ammunition for the opposition in the legislature.

Hon A. J. Hooke, provincial minister of municipal affairs, sees the proposed plan as going a long way toward alleviating financial problems of Alberta municipalities. He pointed out that in 1954, Alberta cities, towns, villages counties and municipal districts spent $3,000,000 on hospitalization.

Figures for 1955 were not immediately available, but Mr Hooke said it would be in the neighborhood of $4,000,000 or more if the federal-provincial program is adopted. It could give a sizable chunk off municipal tax of municipalities.

Provincial officials could not find anything about which to criticize the federal offer. Some of them said it indicates a federal outlook unfathomable, but as one said "So long as we get something out of it, why should we care?"

Before the plan is instituted, six of the 10 provinces, including Ontario, must accept in order that the majority of Canadians will be covered. According to observers in Ottawa, the optimistic atmosphere at last week's meeting indicates a majority will favor the plan.

Remerciement

Monsieur Marius Boulianne de Brosseau désire offrir ses remerciements à la population de Saint-Paul et des environs pour les dons en argent et en espèces, qui lui ont été adressés à la suite de l'incendie, qui a détruit sa maison et son ouvrage. Il remercie spécialement les dames qui ont fait la collection, les personnes donateurs et tout particulièrement les marchand, pour leurs généralité.

Mr. Marius Boulianne of Brosseau wishes to thank the people of St. Paul and district for their donations following the loss of his house in a recent fire. Special thanks go to the Ladies who canvassed for the donation, and to the merchants for their generosity.

Hospitalization and the Unsatisfied Judgment Fund

Many people have asked questions concerning accidents and sickness and ask if it is quite the correct thing that hospitalization should be compulsory in the following manner

Section 13 of the Act is as follows: (1) Every motor vehicle driven by another person on such an extent as to require hospital or medical treatment, or both, may apply to the Supervisor for reimbursement out of the Fund for the hospital and medical expenses incurred, and the Supervisor if satisfied:

(a) as to the facts with respect to the claim;

(b) that the applicant was injured in the Province;

(c) that the applicant is either a resident of the province or if a non-resident that he was injured through the operation of a motor vehicle registered in the Province.

(d) that the application is for reimbursement of medical and hospital expenses incurred in the Province;

may issue a certificate to that effect to the Provincial Treasurer stating the amount to which the applicant is entitled, and upon receipt of such certificate the Provincial Treasurer shall pay to the applicant out of the Fund the sum so certified, or, if the applicant has signed an order directing payment to the hospital or the doctor as the case may be the Provincial Treasurer shall pay the hospital or the doctor as directed in the order signed by the applicant.

(2) The hospital isn't entitled to be payable until the Fund pursuant to subsection (1) shall have all such rate and for such period and for such type of accident as may from time to time be determined by the Lieutenant-Governor in Council.

They do not realize how students in the administration of justice, committees, are prepared to do everything possible, or any savings on that score is left for the benefit of the accident and low-cost divertisers are many and never get much, the appeal to give them more stations a re-positive chord in a large mass of our citizens. It is a clever trick.

Even if we allowed the gas company to pass as much from us for gas the investors will not get a nickel more. It is just not done. The cry is now for 10 per cent for the investors . . . and you'll find both under the sign of the 90's!

The success of any well run company is based on two factors (a) the kind of service it can charge

(b) the ability to prepare a statement to show that revenue is all expenses, so that income blows and interest are at a minimum.

If we did not have in St. Paul, our water administration under our eyes to establish a comparison more would not believe that our gas rates are five times too high. Not even an average good accountant can tear apart a statement prepared by a clever specialist as used by the Utility Companies to prove how little money they make.

There is no Commission above that can intervene or council that we are not already paying too high for our gas They know from our own administration of water what's a more expensive, that we do not run the meter, the amount of . . . expenses . . . found in the gas company's accounts

DAN GAMACHE

FIRST STURGEON CAUGHT SINCE 1890

Fishing in the winter can be rewarding as Rod Ellis of Nation, Ont., recently found out when he landed the first sturgeon to be caught in Lake Simcoe since 1890. Weighing 17½ pounds and measuring three feet, six inches it was pulled on a whitefish line through ice. Dr. Hugh McCrimmon, biologist from the Ontario department of lands and forests, reports the fish is 22 years old.

Health Through Chiropractic
By Dr. K. W. Tenove
Klondyke

An allergy is a condition of unusual or exaggerated susceptibility to a substance which is harmless in similar amounts to the majority of people It has been discovered that an allergic condition can be the factor behind many respiratory ailments such as Hay Fever, Bronchial Asthma, etc

Some of the substances that set up inflammatory processes in the respiratory tract are pollens from trees, cats, pens, beans, meat, milk, eggs, oysters, crabs, dust, horsehair and feathers

The question of importance in an allergy is why these substances set up such inflammatory conditions in certain people We know that the [illegible] membranes of the nose, throat and bronchials depend upon an adequate supply of nerve force from the brain to function properly If these tissues are inflamed, and erroneously sensitive to outside factors, the nervous system should be examined

Chiropractors have found out that in many cases of allergy a misaligned vertebra in the spine is causing pressure on the nerves tracts supplying the respiratory system, thus throwing the delicate membranes into a state of irritation. It is easy to understand how outside irritants such as pollens, dust, feathers and so on can set up inflammation in susceptible tissues.

If you are suffering from an allergy it would be wise to have your spine examined. Let your Chiropractor scientifically locate and adjust the vertebra causing the pressure. You will restore the respiratory membranes to normal activity, and such conditions as Hay Fever and Bronchial Asthma will eventually disappear.

Recent Births In Elk Point Hospital

Recent births in the Elk Point Hospital were as follows:

Mr. and Mrs Ralph Lorenzen of Lindbergh, a boy; Mr. and Mrs Pat McCormack of Cheldomald, a boy.

TO THE HOMEMAKERS
By MISS ELSIE EUDRAS
St. Paul

Children are notorious of memory early as life Fun-filled memories of parties and picnics from other adults Children remember many of the same problems adults do when managing money They need more things than they can buy

An allowance is money given by parents to a child for his personal needs, and represents the means by which he can learn to spend wisely and thus become self-reliant and able to manage the financial affairs of daily living.

Once an allowance is set up, experience in spending will come from making choices in terms of personal satisfaction Following are several questions that may come up

At what age should an allowance start? As soon as a child can distinguish one coin from the other he can be given an allowance

How often should an allowance be paid? First allowances are usually paid twice a week but older youngsters may like to be paid every week The regular payment thing is that it should be on a regular basis

Should an allowance ever be withheld? No, because withholding allowance with an allowance Lacking money, a child may find other ways to get it.

What if a child spends all of his allowance in the first seven or eight-year-olds may spend all of their money on candy and gum, and failure is not yet developed. What if a child loses money? Lost money is lost. You real value, it may be wise to give him additional money as a gift.

What if a child loses money? Remember the sinking feeling you had the first time you found a bill missing from your purse? Sympathize with the child and explain it if it was for something the missing coin was to follows

Miss K. Black Bentyville was first prize in the Fort Fryer with Mrs Gower of Cleindonald taking second. Miss Lorelle Demeules of St Paul, third and Mrs Dyrda of Elk Point won fourth.

In the Second event Mrs Buck of Meadowbump won first place himself If the cost is too great for the child's allowance to cover, adults may have to help out Children will learn best if parents allow them to save money according to their needs and abilities at each age.

Ladies' Bonspiel

On Saturday last the Elk Point Ladies Curling Club I'd like at thank all those whose efforts contributed to the success of our Bonspiel.

The banquet, Saturday was followed by an unrehearsed program, each rink singing a song, mem. Mrs. Dyrda's rink, dressed in cute little caps using Davy Crokett. The Myrnam ladies added only by two chairs and lively imaginations, climbed into their Model T and roared off to Lindbergh for a honeymoon. (We all hope the "Ilets" have recovered) Mrs. Monroe and Mrs. Benedict representing Glendale and Hazelburg were ready with lines from which we had not properly recovered — yet. Lindbergh presented us with a lesson in "Fine Arts" long to be remembered.

Dr Wiegerinck and her henchmen, in clinic attire, restored order to the party by demanding strict silence for a "sickness examination" which they then performed, and by the time Bentyville had rendered "The Ingo of Little Hell" there wasn't a dry eye in the place! Mrs. Gower, from Cleindonald, spoke for her rink, and Mrs. McDonald's humorous finished off the evening by demonstrating the new Dior-look while they sang a parody to the tune of Chamonnitte. We regret that the St. Paul Ladies, who certainly made their presence felt on the ice, were unable to stay for the banquet.

Secretary, M. Loftus

Ladies' Auxiliary Sunday Services

Sunday service at 11:00 a.m., Christ Finished 12:00 noon. Evening Service 7:30 p.m.

On Sunday, February 5th, after the Evening service which will be a little shortened, there will be the Annual Congregational Meeting.

Mrs. Adam requests very earnestly that all members and adherents, including Lindbergh and Hazelburg, Vambee and Ile Plant, if at all possible, attend both services and the meeting Reports of all organizations will be read and details of the work spiritual as well as the material.

Mrs. Lake staff Secretary

A prayerful looking forward to another year of work for Christ's kingdom in this corner of His vineyard is something which should be felt very keenly by us all, as well as heartfelt thanks given to Him for all the blessings we have received and those are very many indeed.

Please keep this Sunday February 5th, as an important date on your church life.

The Ladies are very kindly serving lunch at the close of the meeting

COST

In a railroad accident, a man is injured by the mercy of God, helped, to the best of his ability all the hurt and the dying He came to where the engine driver was pinned down beneath the wreck of his cab. Saw MacAllan man's lips moving, he bent down to listen. Then he was surprise heard the driver say, I know where I have believed, and am persuaded that He is able to keep that wich I have committed to Him against that day."

The unhurt passenger, a man of much wealth, cried out, "Oh, I would give my life and all I possess to have a faith like yours." "Ah" was the feeble reply of the dying man, "it costs just (Quoted)

Win Ladies' Open

The Elk Point Ladies' Open Bonspiel was held on the week-end of January 28th. and 29th. with 11 rinks competing The winning rinks were as follows

Mrs K. Black Bentyville won first prize in the Fort Fryer with Mrs Gower of Cleindonald taking second. Miss Lorelle Demeules of St Paul, third and Mrs Dyrda of Elk Point won fourth.

In the Second event Mrs Buck of Meadowbump won first place himself If the cost is too great for the child's allowance to cover, adults may have to help out Children will learn best if parents allow them to save money according to their needs and abilities at each age.

Ladies' Bonspiel

On Saturday last the Elk Point Ladies Curling Club I'd like at thank all those whose efforts contributed to the success of our Bonspiel.

The banquet, Saturday was followed by an unrehearsed program, each rink singing a song, mem. Mrs. Dyrda's rink, dressed in cute little caps using Davy Crokett. The Myrnam ladies added only by two chairs and lively imaginations, climbed into their Model T and roared off to Lindbergh for a honeymoon. (We all hope the "Ilets" have recovered) Mrs. Monroe and Mrs. Benedict representing Glendale and Hazelburg were ready with lines from which we had not properly recovered — yet. Lindbergh presented us with a lesson in "Fine Arts" long to be remembered.

Dr Wiegerinck and her henchmen, in clinic attire, restored order to the party by demanding strict silence for a "sickness examination" which they then performed, and by the time Bentyville had rendered "The Ingo of Little Hell" there wasn't a dry eye in the place! Mrs. Gower, from Cleindonald, spoke for her rink, and Mrs. McDonald's humorous finished off the evening by demonstrating the new Dior-look while they sang a parody to the tune of Chamonnitte. We regret that the St. Paul Ladies, who certainly made their presence felt on the ice, were unable to stay for the banquet.

Secretary, M. Loftus

Local News

Mr and Mrs. D Tyson and family were visitors to Edmonton last week as were Mr and Mrs Jon Trotter, and Mrs Trotter's sister, Mrs. Harding The latter left for her home in Kingston, Ontario on Mrs Gammy is much better

Mr and Mrs. Samuel Mihelland and Joan and Mr and Mrs Hugo Wenzel motored to Edmonton on Saturday, January 21st's wedding on Saturday, January 28th.

The Cascade Drilling Co's machines arrived in town last week

Miss M McDonald, matron at the Elk Point hospital had her friend Miss Doris Stubbs, R N of Surrey England, as her guest Derwent

Elk Point had three rinks entered in the St Paul Rink Open Spiel last week. We had our fingers crossed for the boys and skipped spending all come from making chores in terms of personal satisfaction Following are several questions that may come up

At what age should an allowance start? As soon as a child can distinguish one coin from the other he can be given an allowance

How often should an allowance be paid? First allowances are usually paid twice a week but older youngsters may like to be paid every week The regular payment thing is that it should be on a regular basis

Should an allowance ever be withheld? No, because withholding allowance with an allowance Lacking money, a child may find other ways to get it.

What if a child spends all of his allowance in the first seven or eight-year-olds may spend all of their money on candy and gum, and failure is not yet developed. What if a child loses money? Lost money is lost. You real value, it may be wise to give him additional money as a gift.

What if a child loses money? Remember the sinking feeling you had the first time you found a bill missing from your purse? Sympathize with the child and explain it if it was for something the missing coin was to follows

Miss K. Black Bentyville won first prize in the Fort Fryer with Mrs Gower of Cleindonald taking second. Miss Lorelle Demeules of St Paul, third and Mrs Dyrda of Elk Point won fourth.

In the Second event Mrs Buck of Meadowbump won first place himself If the cost is too great for the child's allowance to cover, adults may have to help out Children will learn best if parents allow them to save money according to their needs and abilities at each age.

Promenader's Preview

One of our friends has come up with such a nice little heading for our Square Dance chit-chat it seems as if we should use it again and make it a weekly item So, Promenaders, let us know where you've been, who you saw, and how you enjoyed it

If we wouldn't admit it before we'll have to now We've become addicted to Square Dancing What nice would get two on Elk Pointers down to Derwent at 30 below weather? But we have it would be fun, and it was The caning and dancing were good, and the hospitality marvelous We'll be down again, Derwent!

Last week we had our dance, which was very well attended Thanks to Derwent We also had a nice representation from other point's around.

Some of us have been attending regularly at St Paul We've danced to Schaefer's [illegible] and we've had a lot of fun. Each one in turn Let's promote a reciprocal safari between and St Paul for all round dances to be between our two towns — so the best highway and easiest trip how about it St. Paul?

Others of our members ventured down to Mayfair Friday night and report that they really pack them in down there They had a fine time — in Schaefer again.

And yet other Promenaders have reported on Green Lantern — most enthusiastically. They say that is the place to meet up with said "our" husband

Well, enough of where we've been, now where are we going? Why, to Vermilion of course Thursday evening Then it's Derwent's turn again, February 7th. — and the final forecast is for an evening at home as 8:30, Wednesday, February 8th., in Lavoie's Garage Put on your prints and plaids, Promenaders, and make this a real success. And, don't forget maybe a loaf of sandwiches this time, and give the lunch committee (and the treasury) a break. See you at the dance

Welfare News

The Elk Point Welfare Committee wish to thank all of those who co-operated so willingly with the collecting and serving at the lunch counter in the curling rink during the Ladies' Bonspiel. We think those ladies' assistance, Ben Berwick, Bill Bruce and Jack Lavoie deserve special mention.

The proceeds from the booth we will be applied as payments on the Scout and Guide Hall

Dion pulling in a hat trick. The Veg. White line was good in their passes with Isaid and Skrypuc belonging in two against and Pundich reaching the line on hot by either.

Penalties were kept in the low averages, Roberts served two for St. Paul and Hallet the other two for Wainwright.

Lone answer for the Commandos was that combination of Carp and Ballerino, who ruined Clearwater's chances at a shutout. Art, in the average department is the best goalie in the league.

Summary

First Period: 1. St. Paul, Hallet (Vallieri, Pundick) 4:45. No penalties. Score: St. Paul 1-0.

Second Period: 2 St. Paul, Dion (Roberts, Gauvreau) 3:45. 3. St. Paul, Roberts (Lebeaume, Richard) 5:05. 4. St. Paul, Pundich (Skryuc) 6:45. 5. Wainwright, Carp (Ballerino) 13:13. Penalties: Roberts, 11:3. Bonus: Hallet, bested, 12:00, Hallet, 16:45 Score: St. Paul 3-1.

Third Period 6. St. Paul, Skryuc (Isaid,) Dubeau (Pundick, Vallieri) 2:21. 8 Dion (Richard, Richard) 7:15. Penalties: Belanger, 10:10 Final Score 5-1 Bonus.

ST. PAUL: Clearwater, Sevens; LaBeaume, Zaharichuk, Belchard, Genereux, Skrypuc, Dubeau, Pundick, Dion, Richard, Kendall, Valiery.

Wainwright: Laporte, Rasmussen, Danyk, Hallett, Carp, Mason, Hardie, Berg, Rooney, Ballerino

Referee: Scotty Munro; linesmen: Leonard Richard

To date, St. Paul has played fifteen games, won 6 and lost seven. There are five games to go — Two against Lloydminster one with Vermilion, Wainwright and Viking. Only one more home game against Lloydminster on Sunday, February 5th. The regular league schedule winds up on February the 11th, when St. Paul plays its final game at Viking. From then to the semi-finals, if the Hornets qualify. Two more wins should assure them a berth.

Semi-finals against off with the top team taking on the 4th. place team while the second and third now face off together All semis and finals are three out of five series with the top place teams getting first game at home.

SURPRISE BINGO

Surprise Bingo will be held in the Town Hall, St. Paul on Friday February 12th. 8:30 p.m. 30 games for $10. Sponsored by the Ladies Aide Society. A door prize of $5.00 value will be given away.

National President Visits Jaycees

Three Straight Wins Secure 2nd. League Spot

Largest Crowd On Record In Arena

St Paul Hornets climbed back to the second rung of the Eastern Alberta Hockey League, cleared off Vegreville by winning four straight games — three in the past week — placing them only two points behind the Lloydminster Flyers who occupy first position.

At Wainwright on Wednesday the Commandos were blasted down 5-3. Saturday Ever Exciter and his Vermilion Tigers went slinking back to their crowning town after a 9-3 shellacking at home in front of 900 fans, in St Paul Sunday Lloydminster Chevies couldn't shift gears fast enough to match the speed of the Hornets and went down as a close 3-2 decision before one of the largest crowds on record in the local arena. Over 1200 fans madly cheered on the boys, the clamor, rising into a roaring revolt, when a deep freeze tumbled down hour frost lemonade on the ice surface.

In those three games, the defense came in on its own with scores that kept fans on their toes on the wire. Playing exceptionally good defense, the rearguards stayed in a little surprise offense. In Wainwright, Pete Herne scored two, at Vermilion Terry Lebeaume 2, and against Lloydminster George Vallieri delivered a couple of his own.

The Lloydminster fixture at St Paul saw a first period into which the Hornets pumped the Chevies' goal, but couldn't finish off on the close ones. Both teams used tenacious body checking methods and kept the scoreing down to one goal apiece. At 19:20 mark, with the puck poised in mound, Georges Vallieri pushed a loosely checked puck on his own blue line, stole headed out, lost it, stroked and broke through on the defensive line. Firing from behind a mass of players, his screen shot pocked the corner of the net two feet off the ice, completely catching McGale off balance.

The pressure was on in the second, the Hornets circling around Clearwater to assure him with plenty of rubber, but remorselessly failed to make too much impression on the net.

At 12:50 Richard started a play to Dion who was edged into the left corner there he passed it passed to Roberts in front of the net. Gavin got the finishing touches, steaming it past the goalie's legs just clearing the defensive stick.

Four minutes to go and it was all tied up when Gavin scored for Lloyd's first goal. A minute later big Spencer received Mahovlich's pass through with a combination from Mathieu.

It was hot going into the third, with the net seesawing up under the pressure of the attacks and the droppings from the rafters showing the ice, but not the effect of both sides.

The winning goal was scored at 5:47 by George Vallieri who made a pretty performance from the blue line deftly slipping the puck into the corner. The puck had been carried in by centre man Marshall Dahlof, getting credit for the assist and a neat winning pass.

The game came to a closing climax with two St. Paul men rushing off against one for Lloyd. With the puck pulled out in front Richard was given three, but the Hornets dug in their heels and withstood the terrific pressure in maintaining their one edge and winning point.

Summary

First period: 1. St. Paul, Vallieri 19:20. No penalties. Score: St. Paul 1-0.

Second period: 2. St. Paul, Roberts (Dion, Richard) 12:50; 3. Lloyd, Hill (Mahovlich) 16:04; 4. Lloyd, Barnett (Mathieu) 17:55. Penalties: Vallieri (Continued on Classified Page)

TOASTMASTERS RECEIVE CHARTER

On behalf of St. Paul's first Toastmasters Club, Dr. J. A. Mahovlich, executive official International Charter from Dr. H. Wood, Area Governor from Edmonton. Investitures was made at the Toastmasters Party in the Legion Hall last Thursday night. Above are the organization executive. Below is a group picture of St. Paul Charter Members who took part in the program.

Ladies' Hockey February 16th.

The girls have come up with a brilliant idea to help out the Hornet Hockey Club.

During broken bones, limbs and sore muscles, they will take to the ice Thursday, February 16th., in an exhibition spectacle to show the boys how to make passes.

The lineups have not been divulged yet, but reliable sources have it that Mrs. Bailand and Mrs. Dennsen will glare at each other from opposing goals themselves, the proceds are entirely for the Hornets they need the dough . . . so be on hand.

Sixteen Rinks Participate In St. Paul Ladies' Curling Bonspiel

Sixteen rinks of Lady curlers — 6 outside entries and 10 locals — played off in the St. Paul Club annual Women's Bonspiel on Saturday and Sunday, with honors for all three events staying home.

Mrs Jimmy Trottier took the Maan (Donald) Event, Mrs Kay Guthrie the second her own Darling Cup), and Mrs. Tully Lewis the third (Merchant's) Event

Mrs Trottier met Mrs. Alda Gover of Clandonald in the final, defeated 12-8, the 10th end being conceded.

Playing on the Trottier rink (Mrs.) Trottier, skip, Rose Trottier, third, Juliette Gauvreau, second Yvonne (Andre) Joly, lead

Clandonald Mrs Alda Gover, skip, Mrs Alice Schoenmaker, third Miss Marge Meineth, second Miss Dora McCannel, lead.

Eastern Alberta League Standing

Here are the Standings in the EAHL, including all games played to Wednesday

	W	L	Pts
Lloydminster	11	5	22
St. Paul	11	5	22
Vegreville	9	6	18
Vermilion	6	11	16
Wainwright	7	12	14
Viking	6	12	12

Semi-Finals start on Wednesday, Feb. 15th., with the second place and the third, estimated at this time to be either St. Paul or Vegreville if St. Paul is second the first game will be at home, otherwise, Vegreville will get the first home game.

Lloydminster is definitely assured of first place and Vermilion are the possible other contenders unless Viking and Wainwright pull one out of the hat in the last round the latter on vote for and against The name would apply if Veg and St. Paul tied.

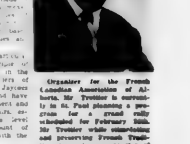
Each team has one more game to play.

Stresses Importance Of Leadership Training

Says St. Paul Has Active Unit Taking In Worthwhile Projects

Mr Ross Smyth, National Junior Chamber of Commerce President from Montreal, on a western tour of Jaycee Units included St Paul in his itinerary stopping over Tuesday night to confer with executives of the organization on policies and to the membership, an important message it dealt with principles and how these principles of training young men all over Canada

Mr. Eugene Trottier



Organizer for the French Canadian Association of Alberta, Mr Trottier is currently in St. Paul planning a program for a grand rally scheduled for February 26th. Mr Trottier wrote considerable and preserving French Traditions is a main concern of Montreals and advocates a co-operative approach to ethnic problems designed to encourage a pride in distinctive Canadian Cultures.

Be sure! Give remarks in his address to the Legion and Chamber of Commerce Mr. Smyth said that the most active units and congratulated the Jaycees on the contribution they are making to the community through a series of worthwhile and outstanding projects.

He said that although Jaycees have strayed, in some instances, from their club fields, the organizations is now being redesigned to train young men to leadership, and a self-development of the individual to improve his community in both social and civic affairs.

The National President explained that the Junior Chamber of Commerce is a vital link in a chain of organizations which are training young men to be leaders in the community, province and nation. He stressed the importance of the individual in these community affairs, especially at the present time when they are making to the community through a series of worthwhile and outstanding projects.

He said that,

Deputy Postmaster General Is Grateful Of Co-operation In Mails

EDMONTON — A fairly quiet session of about ... week's duration appeared to show that area as members of all parties ... began preparing for Thursday's opening of the 12th Alberta legislature.

The session was to be officially opened by Hon. J. J. Bowlen, lieutenant-governor of Alberta, reading the Speech From the Throne which gives a general outline of the government's ... intentions.

Political observers were ... factor, pointing toward a relatively uneventful session ... barring unforeseen issues which can always arise and ruin pol...

... campaign are currently under investigation by a royal commission. This is expected to have the effect of restricting debate.

For one thing, officials seem agreed that the house cannot, or at any rate should not, debate any issue before the commission. It would be in the same category as contempt of court — which sometimes ... more publicity about cases before the courts.

In addition, as one opposition member pointed out, a politician might make a big mistake during debate before the commission ... investigation and report. ... public. Anything said now might ... a party in the ... the commission report is released, which, incidentally, won't ... for a long time.

On top of all this, it is a common ... following an election year, and at such a session there usually is not much incentive to bring ... Chiles something terrific develops, there won't be another election for a few years.

Despite these factors, the 1956 session will be an interesting one from a political standpoint. It will be interesting to see how the government and its supporters react when faced by the largest opposition in the house since Social Credit came to power in 1935.

As a result of the election last June, Social Credit's standing in the house was reduced from 51 to 32, and the other ranks increased, made up of 15 Liberals, three Conservatives ... CCF and Labor-Progressive. ... Coalition, one Independent and one Independent Social Credit.

The session, as usual, isn't ... it wasn't a long one last, because ... it lasted for only a week or so. My personal guess is that Social Credit ... will be some ... what more co-operative and ... to ... opposition suggestions ... they have been in the past.

There has been scant information about proposed legislation, but there will be only a ... of extreme interest to Alberta municipalities. The bill would set up a corporation to finance the capital needs of rural districts, towns, villages and municipal districts.

A draft of the proposed bill was approved last week by officials of the Union of Alberta Municipalities and the Alberta Association of Municipal Districts. The proposed corporation would borrow money on the open market and re-lend it to municipal authorities. The government ... sponsored corporation would guarantee the principle and interest of the loans, and ... by so doing obtain their interest rated one half to three ... lower than they would have to ... against municipalities could obtain by acting individually.

Government action is necessary because ... municipalities ... in three years ... municipalities ... haven't borrow all the money they ... need from the province. The Municipal revolving Loan Act ... started with $100,000 ... fund depleted. The government has about $43,000,000 left ... the province to enter ... Berlin ... insurance agreement with Ottawa.

... requirements. The proposed corporation ... raised likely will have to borrow ... that amount.

An after record budget is expected, with the lion's share of money going ... services, roads and a new ... wing of ... mental hospital at Ponoka. The government also may see more about increasing ... overtures to conduct a full-scale ... of provincial-municipal financial relations and there will also be legislation enabling the province to enter ... a Berlin ... agreement with Ottawa.

ARMY ON DUTY AT FORT CHURCHILL

Cpl Evelyn Wentzell of Town Site ... and Pt Jean Westbrook of Ottawa have their hands full as they start their day at duty at the military hospital at Churchill, Man. They are serving members of the Royal Canadian Army Medical Corps and their hospital uniforms are worn attending from Klondike Day to Tuxis Camboree. The nursing assistants at the hospital have become enthusiastic northerners after a few months there and their affection for the ... and Eskimo belies a boundless ...

MAXIMES DE L'EPARGNE

L'Epargne est une vertu
Il n'est jamais trop tôt pour penser à son avenir
L'avenir se prépare par le travail et l'épargne
La misère attend ceux qui gaspillent leur temps et leur argent
Pour épargner il n'est pas nécessaire d'être riche d'argent mais riche de volonté
Aucune somme n'est trop petite pour être épargnée
Le meilleur pour pour commencer à épargner, c'est aujourd'hui.

FARM GRAIN LOANS

Western farmers have expressed considerable dissatisfaction over the scheme of financing of grain produced by the federal government. The Canadian Union and other farm organizations have recommended that a broader system of grain loans be established. The Canadian Wheat Board Alberta Pool delegates assert that in investing the Wheat Board in the grain trade, in favor of preparing its usefulness as a marketing agency.

At the Western Conference of the provincial federations held at Winnipeg, three groups got together and trussed over their difficulties. It was suggested that there were substantial difficulties involved in the Wheat Board handling such advances, and it was decided to set up a committee of farm representatives to make a study of the needs of farmers and to recommend a permanent plan for farm advances to put before the government.

The Federation of Agriculture has again demonstrated its usefulness in bringing different farm groups into a huddle and putting forth the best ideas from each.

— Wheat Pool Bulletin

TOO MUCH CREDIT

Canadian consumers' buying on the cuff has reached record levels, but evidence is still lacking that it has got out of hand.

Recent steps taken by the Bank of Canada and the chartered banks to exercise greater restraint on this type of lending, among others, are still in the experimental stage. And the reason for that apparently calm approach may be found to some extent at least, in the figures recently released on personal income and consumer credit.

In the past six years, consumer credit, including charge accounts, cash personal loans and installment credit supplied by retail dealers and finance companies, has risen 169 per cent to $2,212 millions.

Because of the rise in personal incomes in the same period, however, this rise a month less imposing when related to the money consumers have at their disposal.

TOO BAD

Whatever else hopes of tax cuts still remained, have gone out of the window now, reports The Ottawa Correspondent of The Financial Post.

In the light of the main expenditure estimates for 1956-7 one of the known commitments, not yet costed, no major change can now be expected in this year's budget.

The same thing may well be true of 1957. Ele tion year or not, Ju-ish Sinclair will throw anything from $1.20 millions to 2.00 millions extra onto the budget load Perhaps by that time some unexpected bonanza will raise the Finance Minister's path. But as of now financial people are inclined to assume that the Liberals must be content to launch their 1957 campaign with health insurance instead of tax cuts.

The virtual certainty of heavy health expenditures strikes the final knell of tax reductions this year It is considered unlikely that the federal-provincial health scheme will be finalized and put into operation in time for legislation to be passed. But with that new heavy commitment looming ahead Finance Minister Harris is not likely to trim his revenues too close. The last thing he will want is to have to raise taxes next year.

COYOTES AND RABIES

According to Dr. K. K. Ballantyne, Director of Alberta's Veterinary Services and Chairman of the Central Rabies Control Committee, the rabies situation in 1955 was very encouraging. Most of the cases occurred in the Peace River Block and a few northwest of Sherbrad.

Dr. Ballantyne advises that only two cases of rabies were diagnosed from August 1st, to December 31st. A bog was positive at the end of August and early in December a cow was positive. Both were in the Peace River block.

Out of over 50 cases examined in 1955 20 were coyotes These coyotes bit 10 dogs, 1 cat, 9 cattle, 3 horses, 5 sheep, 14 hogs and chased 3 men. Of the positive domestic animals examined 2 cattle and 7 hogs are known to have been bitten by coyotes. Dr. Ballantyne points out this further emphasizes the necessity of keeping the coyote population at a low level to prevent the development of an epidemic.

In the agricultural areas of the province approximately 80,000 coyotes were destroyed in 1955 through the coyote control program. The Federal Health of Animals Division again vaccinated all dogs north of the 55th parallel These campaigns were organized by the District Agriculturists concerned.

New Million Dollar Marwayne Bridge To Serve East Alberta

By REN MASSIN
(Edmonton Journal Staff Writer)

MARWAYNE — Residents of this province and farmers of district 150 miles east of Edmonton have won a 10-year campaign for a bridge over the North Saskatchewan River, providing an important transportation and commerce link in eastern Alberta.

Hon. Gordon E. Taylor, minister of highways, told an overflow crowd of more than 200 here yesterday that construction will start within a month on the new $1,000,000 bridge at Lea Park, 10 miles west.

"Steel has been ordered," he said, "and contracts will be awarded soon for the substructure and superstructure. The new bridge will replace the present ferry, and will fill a big gap. At present, there is no bridge across the Saskatchewan between Elk Point and North Battleford, Sask., a distance of about 150 miles.

Monday's meeting also was addressed by Hon. A. O. Aalborg, minister of education and M.L.A. for Alexander riding, in which Marwayne is located, and Hon. Raymond Reierson, minister of industries and labor and M.L.A. for the neighboring riding of Mc. Paul.

The 1,500-foot bridge will consist of five 300-foot spans, and will be a through truss bridge. It will have two lane- with a total width of 26 feet.

Mr Taylor said new approaches for the bridge will be built and a new 150-foot bridge over the Vermilion River, near a point where the North Saskatchewan replacing a smaller bridge over the Vermilion.

While the new bridge will be open to traffic by next December, of the area, the greatest benefit is seen accruing to the farming many industry which is a major part of the district's economy.

Mr Taylor said a survey by his department showed almost 10,000 head of cattle were taken across the Lea Park ferry each year, more than double the figure for any other crossing in the province.

Marwayne is a major cattle shipping point. Cattle from as far south as the United States have been driven north into the area and have their cattle driven to Marwayne to be shipped by rail or they are driven back.

The minister also said Alberta is prepared to pay a part of the cost of the proposed vermilion bridge on Highway 17 near Lloydminster, another crossing for which district residents are campaigning. The bridge would be on the fourth meridian which is the border between Alberta and Saskatchewan, and is under Saskatchewan jurisdiction.

Mr. Reierson said building of the bridge will put us ahead in the isolation which had hampered the progress of development in the area.

Later, at a banquet in the Marwayne Elks' Hall, attended by 180 persons, Mr Taylor described his department's bridge policies.

Other speakers at the banquet included Mayor William Curtis of Marwayne, Mayor John Dale of Kitscoty, A. F Shortell, president of the Lloydminster Chamber of Commerce; Ross Beaks, president of the Vermilion Chamber of Commerce, Omar Peterson, secretary of the Lea Park Cattle Association and George Leslie, Marwayne president of the Vermilion Lakes Cattle Association.

Martin Mancevitch, of Islay, president of the Alexandra Consistency Rural Credit Association, was chairman of the public meeting. Presiding over the banquet was Gordon Blanard, president of the Marwayne Civic Affairs Board

Goodridge News

Mr Maurice was a visitor to Edmonton this week.

The Goodridge PUA Local held their annual meeting and a fairly large record was present S. W. Hatch was elected president and L. Christensen secretary.

The Goodridge Sports and Social Society held their annual meeting on January 20th. Lorne Schweitzer was elected president and Mrs F. Black Secretary

Donald Griffith, who has been in the R.C.A.F. is home visiting his parents. He will later join his two brothers in Prince George.

Health Through Chiropractic
By Dr. K. W. Tonove
ETHICS

This disfiguring skin disease is usually attributed to (1) a skin abnormality sensitive to certain external influences, or (2) the elimination through the skin of toxic materials which have accumulated in the body and can find no other way out The real cause in both cases is the same — the failure of some part or parts of the nervous system.

The skin has its special job to do to maintain the body in good health The thousands of minute tissue cells which make up the skin are activities and made to do their job by the nerve energy which pulsates through millions of nerve fibres to these fibres If the supply of this energy is cut off or reduced the skin is unable to do its job properly and may react unfavorably to many things such as soap, cosmetics, dyes, or even sunlight.

In the case of toxic materials being eliminated through the skin it will be found that the organs which have done their job after these things have fallen down on the job, and forced Nature to seek other methods of elimination To correct such a condition it is necessary to find out which organs are not functioning properly If this should be found that the spleen, whose job it is to engulf bacteria, has been weakened by an inadequate supply of nerve energy and rendered incapable of destroying the toxic materials which must find an outlet somewhere — in this case the skin

As has been pointed out time and again in this column the nervous system is the key to health When all the organs and tissue cells of the body are being nourished by an adequate supply of nerve energy the entire body is healthy If you suffer from eczema you will find that your best friend is your Chiropractor He is specially trained to locate and remove any interference in the free flow of vital nerve energy When the nervous system is operating fully and freely good health is assured

Help yourself to health See your Chiropractor.

Mother's Day Suggestions

IN MEMORIAM

In memory of a loving husband and father Charles Chatfield, who passed away February 17th., 1955.
A year has passed since that sad day
When the one we loved was called away.
God took him home, it was His will
But in our hearts he lieth still.
Always remembered and sadly missed by his loving wife and children

By THE HOUSEMAKER
Dietetic Home Economist
By MISS ELSIE KUSMAK
St. Paul

All of earth's secrets are handed in the direction of February 14th. Could it be that plans are already underway for a party for the younger members of your family?

Valentine's Day is an especially good time to give extra attention to decorations. A decorated table is always popular with children. Cover an empty ketchup bottle with white paper and decorate with red hearts Place the bottle at the centre of the table Use the lid to advertise other ribbons tied to red heart shaped piece cards Lay party crackers around the bottle The bottle the spokes of a wheel

Cup cakes appropriately decorated are certain to be a hit with the children Make your favorite cup cake recipe and put a portion of the frosting a delicate pink Stir in a few drops of cochineal heart in the centre of each cake Take white frosting with some discretion or marshmallow cream and with shredded coconut

For dessert spoon out generous servings of tender sweet pears and top with crushed red and white peppermint stick candy If you have a freezer the children will love

What could be as good for the children as milk served in a variety of delicious ways

Maple Milk
1 cup milk
2 T maple syrup
M.a well, serve hot or cold

Prune Milk
1 cup milk
Half cup prune juice
Serve cold

Banana Milk
1 cup milk
Half banana
Put through sieve
1 tsp sugar
Beat with egg cold

Fruit the bananas by first dipping the ends of the fruit in water half-inch deep Then dip in granulated sugar

Carefully pour the lemonade into the glasses so that the frosted effect will not be disturbed

Report From Parliament Hill

By J. M. DECHENE

Liberal Member of Parliament for Constituency of Athabasca

CFRN features three weekly radio broadcasts recorded in Ottawa to bring to the public views and opinions of our parliament and what is going on in the Capital. This week we reproduce text of address given by J. M. Dechene on January 19th.

To the large audience which, now in Northern Alberta, is tuning in to broadcasting on Thursday evening, I would like to say a few words about the responsibilities of a member of parliament, especially in a changing age when, more and more, we are subjected to the pressure of public opinion which we have created ourselves through the radio, the press and the public platform.

I would like to remind you that these duties of ours are not confined to the session in Ottawa, but are a year round affair. Every week-end I am back in my constituency and I meet the people in their homes, in their offices, on the farms, in the factories, in the mines, in the lumber camps, in the hospitals, in the schools, in the churches, in the service clubs, in the fraternal organizations, in the municipal councils, in the boards of trade, in the chambers of commerce, in the Canadian Legion, in the Canadian Red Cross, in the Canadian Association for the Mentally Retarded, in the Canadian Association for the Blind, in the Canadian Association for Crippled Children, in the Canadian Association for Adult Education, in the Canadian Association for Consumers, in the Canadian Association for Social Welfare, in the Canadian Association for Health, Physical Education and Recreation, in the Canadian Association for Retarded Children, in the Canadian Association for Mental Health, in the Canadian Association for Rehabilitation, in the Canadian Association for Prevention of Crippling Conditions, in the Canadian Association for Prevention of Crippling Conditions, in the Canadian Association for Prevention of Crippling Conditions

Elk Point Set Take Legion Curling Honors

Legion Curling honors were won by the Elk Point entry in Zone No. 4 competition held in Bonnyville Sunday, February 5.

Four rinks, finalists in their respective bonspiel playoffs took part in the competitions which this year offered a trophy donated by St. Paul Foundry Ltd. to the Zone winner.

Elk Point, with a rink skipped by the inimitable Bert Kelly, made no mistakes in the first half of the playoff as they dominated Dr R. Beeman's St. Paul entry in a closely waged battle.

Cold Lake, in the other half were the victors over Bonnyville in a scoresheet that established the other finalist in the early part of the encounter.

The final game between Elk Point and Cold Lake showed evidence of championship form struggle until the Elk Point Vets forged ahead in the 7th end, never to look back.

Presentation of the award was made in the Bonnyville Legion Club rooms following the matches by J A Lord, Zone 4 chairman.

Rinks included the following personnel: Elk Point: B Kelly, Bill Keller, Charles Keller, Bill Dyrda, Cold Lake, Ross Robinson, skip, Lyle McKee, Lloyd Douglas, Reg O'Neill, Bonnyville B Nicholson, skip, R Stevens Alex Lavigne, Dr Marriott, St Paul Dr D Dawson, skip, Phil Demers, Emile Lavoie, Leonard Bedard

Youth Sentenced To 12 Months For Truck Arson

Upsets Vehicle And Burns With Gasoline

A 21-year-old St Paul District boy was convicted of a charge of arson under Section 374 (1) of the Criminal Code of Canada, and sentenced to 12 months at hard labor by His Honour Judge Gariepy at the District Court sittings held in St. Paul February 7th

Section 374 (1) reads as follows: "Everyone who wilfully and with fraudulent purpose sets fire to personal property not mentioned in Subsection (1) is guilty of an indictable offence and is liable to imprisonment for five years."

The Crown alleged that the accused, on the 5th. of March, 1955, in the Rich Lake District, set fire to his father's truck and a half ton Fargo truck After hearing the evidence of fourteen witnesses, His Honour stated that the Crown had proved its case beyond a reasonable doubt. Experts in the field of motor vehicle fires testified that after they had examined the truck, they were satisfied that it could not burn as it did unless gasoline or some other combustible substance had been poured over the vehicle.

One witness, a passenger with the accused on the night in question, stated that the truck driven by the accused, had upset in a ditch. The accused and his three passengers left the truck and walked about a mile and a half for assistance. The witness then stated that they returned to the truck and that the accused poured gasoline over the cab and set fire to it.

Defence witnesses denied that the parties returned to the vehicle at any time in his opinion, Defence Counsel, P. R. Reeds, of St. Paul, stated that in view of the evidence of these defence witnesses, reasonable doubt had been established and that the accused was thereby entitled to a discharge.

In his Judgment, His Honour Judge Gariepy remarked that the demeanor of the defence witnesses forced him to discredit the evidence that went on the stand, witnesses of the seriousness and of the consequences of giving false evidence under oath.

J. W Shortbread, of Edmonton, Alberta, acted as the Crown Prosecutor.

St. Paul Hornets in Second Place

Dropping their two last games of the Eastern Alberta Hockey schedule, St. Paul Hornets stratified second place by allowing Vegreville to come up from below, to take third spot in the near of games played (each visiting 11 times) but in goals for and against but out by three points which is the deciding factor of second position, and places the locals third on the top three positions.

St. Paul counted 112 goals in its favor with 94 goals scored against in Vegreville with 103 for and 111 against, however Hardisty and Elnora Vegreville's big rivals of 12-6 over the Wednesday Consolation Meister right, made the difference in the final standings of the Vermilion Three, the previous Monday were by former to gain Vegreville third.

And so this will bring Vegreville Bonspiel and the St. Paul Hornets together in the 3 series of three out of five.

The schedule was to have opened Wednesday night, the 15th of Vegreville by virtue of their top billing in last season, however, an arbitrary ruling from league officials has postponed

(Continued on page 8)

JAYCEE NATIONAL PRESIDENT INITIATED AT CURLING

Jaycee members broke off the business routine of their Sunday, February 5 meeting to initiate Jaycee National President, Ernest Lamoureux into the mysteries of curling. He is seen above with a group of Jaycees including left to right: Georges Purcel, Louis Lamoureux, Vet Pocock, St. Paul President Edwin Bacon, Dave Smyth, National President, and Gordon Pawlyk and Lionel Lamoureux.

Full Dress Band In Two-Hour Program

A novel program of entertainment is offered on Sunday, Feb. 26th. It's the type of show that has never before been staged in St. Paul

You are invited to a treat of Navy music, marches and entertainment by HMCS Nonsuch Navy Band who will present a complete two-hour program at the annual auditorium, starting at 2:30 in the afternoon.

The professionnel, well trained band is coming to St. Paul in support of the recently organized Sea Cadet Corps, HMCS Arrowhead.

Legion Officers Are Installed

Some thirteen members of the St. Paul Branch of the Canadian Legion and Ladies Auxiliary were guests recently of the Bonnyville Branch on the occasion that the Zone Commander's visiting duties which newly started officers were installed in office.

Zone Commander Mrs Phil Dion, of the Ladies Auxiliary installed the Bonnyville officers for 1956. She was assisted by Mrs. E. Slater, Sergeant-at-arms for the St. Paul Branch of the Auxiliary. The following officers were installed. Sept.-ist-Vice, Comrade Stewart; Secretary, Comrade Demers, Treasurer, Comrade O'Connor, Executive, Comrades Leblanc, Wentworth, Joly, Magnus, Marcotte, Knop; Sergeant-at-arms, Comrades Nelson and Agosta; President, Comrade Dion.

Following the ceremony of installation, Comrade J. A. Lord, Zone Commander, Legion Branch gathering throughout the zone in the interest of the present Legion Polio Campaign for funds throughout the province. He also urged members to consider frequently all matters relative to Legion welfare and subsidiary action so that resolutions may be submitted at the forthcoming Provincial Convention at Vancouver.

Among those attending from St. Paul were: Mr. and Mrs. Phil Demers, Mr. and Mrs. H. Jevning, Mrs. R. Nimmo, Mrs. H. Slater, Mr. and Mrs. Paul Lord, W. E. Smith, H. E. Trotter, J. A. Lord and W. T. Mellows.

Juvenile Playoffs Intermediate B With Vegreville

Pivoted with a lop in the first round of the Alberta Intermediate B Juvenile Playoffs, St. Paul are now matched in the second section against Vegreville in a two game home and home series, total points.

The first game is St. Paul on Monday evening, ended in a 5-1 win Second game, the decisive game, is scheduled at Vegreville Friday night. Veg. defeated Mundare in two straight to move against St. Paul. The winner of this series will carry on to Provincial finals against the northern zone.

Both goals in the Monday game were scored in the first period. Eddie Zabotschuk (Sr.) checked home in the first (and the first goal at 3:03. Malka (Kel. Tanner) knotted it up at 4:06 and it stayed that way.

Coach Ted Parada popped out his boys have added down to a serious brand of Hockey but they still have hot lumpers and line in mix it up.

Penalties: first period, none; second period. Malka, trip, 13:09; Makowichuk, charging 19:07. 3rd period J. Hansen, hooking, 1:45; H. Bullock, elbow 10:32; Fjeldstrom, playing with hands slash 11:39, Yurko, hooking, 18:00.

Lineups

St. Paul — S. Belland, J. Sheposnky, N. Sosnik, J. Shelapchuk, J. Hansen, U. Segin, D. Dubuncl, J. Fedorak, H. Fjeldstrom, B. Hansen, K. Tannes, H. Belland, L. Kot.

Vegreville — D. Lane, R. Fergusen, C. Dunlop, D. Makowichuk, H. Stadden, M. Penich, R. Hryhir, H. Kowalchuk, J. Makowichuk, M. Yaneyn, P. Bowerbank, M. Yurko, S. Dowlen, s. Savage.

Hockey Game To Be Broadcasted

We have far-in informed by the management of Radio Station CFCW, Camrose, that the first Intermediate B Provincial playoff Hockey game between the St Paul Hornets and the Camrose Maroons will be broadcasted from the St Paul Jaycee-ette Rink at 8:30 p.m. on Sunday, the 19th.

Game Time is 2:30, but the broadcast will commence at 2:30 p.m. The tune is sponsored by Camrose business men to help the home town listeners play by play description of the game.

All Second game of the home and home series, total points, will be played at Camrose, possibly on February 24 or 25, depending on the schedule of Eastern Alberta League playoffs.

Water Works Show A Profit Of Over $3,000

Ratepayers Show Little Interest In Administration Of Public Affairs

Two ratepayers were on hand at the Town's Annual meeting Monday where the treasurer's financial statement was presented (last enough were there to have it read) showing a surplus (revenue over expenditure) for the year of $10,986.79

General taxes levied for the year was $156,238.21 against and expenditure of $130,145.56.

Water service operations at a profit is responsible for $3,216 of the surplus declared.

Present at the meeting was His Worship Mayor Jules Van Brabant, and councillors George Perry, O Leroux, and Tony Joly. Absent were Councillors Bourque and J A Beauregard were absent.

Standing in the public works report for the year, Town Foreman, Phil Comeau explained that 1600 feet of new sewers has been constructed The allocation for sidewalks was not used due to a shortage of cement and no new construction was undertaken.

A special effort was made to improve the town drainage, many new traffic avenues and back alleys were opened Beautification work was done in fixing up the boulevard leading to the cemetery.

There was a substantial increase in the number of water works due to major developments in the 1955 year of building.

Installed were 151 feet of water mains and 102 of sewer pipes Thirty-four new services were put in bringing the total to 694. Consumption of water shows an increase over last year 21,092,000 gallons were used in 1955 compared to 17,000,000 for the previous year.

Inspite of the unprecedented cold, only 5 complaints were normally frozen at the time of the year and about 30 were recently thawed out.

The fire department reported on the volunteer organization for the year; had accounted for a small loss of $811.95 The brigade answered seven alarms.

The meeting read a letter of recommendation from the St Chamber of Cam Civic Committee pertaining to steps to curb parking meeting of curbs. It was explained that most of these items had already been dealt with, except the question of stop signs which would undergo consideration.

Councillors answered possible flooding of some of the southern areas of town with the spring thaw Sewers, culverts were ordered temporarily removed and other necessary precautions will be taken, insofar as it is humanly possible

St. Paul School District No. 2228 Holds Annual Meeting, Friday; Teachers Paid $92,000 Salaries

Finances Reported In Good Condition; More Interest Organized Sports Suggested

Ratepayers of St. Paul School District No. 2228 met Friday evening to hear the Secretary-Treasurer, Mr J C Thorton, read the year's financial statement; Mr B. G. Lefebvre hand in his principal's report, discuss the Athletic Club's directorate from the trustees did not allow their town competition, except on Friday evenings and that too much interference from private and commercial groups did not permit the school authorities to organize a program of sports, especially in the field of basketball, curling, and hockey where travelling to other centres interfered with homework and other school activities.

A suggestion was advanced that more attention be directed to the promotion of sports in the school. It was explained by the principal that directorate from the trustees did not allow their town competition, except on Friday evenings and that too much interference from private and commercial groups did not permit the school authorities to organize a program of sports, especially in the field of basketball, curling, and hockey where travelling to other centres interfered with homework and other school activities.

It was admitted that there is a lack of organized training and sports, but that for financial reasons it was not practicable to do more than is being done in the work.

The idea of classes for backward children was considered and discussed, but the possibility of having a kindergarden were discussed with but no definite plans for the plan. Opening of night classes in the school to include adult education for new immigrants and other educational aspects received favorable hearing.

Generally speaking, Mr. Lefebvre said that in view of the small

NOTICE

Dental Extractions

Please take note that in the future all dental extractions for children requiring general anaesthetic will be done at the Hospital — not at the clinic as in the past.

Arrangements have been made to have this done on Monday, Wednesday and Friday mornings only. Please advise in the day before.

DR. L. G. MANDIN

St. Paul

Soyez aux écoutes de CNFA, pour des émissions de St-Paul

Soyez aux écoutes de CNFA à partir de vendredi prochain à 12:25, sans qu'à soient encore commencé de la coopération, lundi le 20 à 1:30.

Vous entendrez le 17 Mr Albert Doucette, président de l'ACFA de Saint-Paul, M. Rene Lambert, député provincial, St. Laurent Hebert, 21 Aline Beaudry, St. Sylvain Lefebvre, 22, Dr. Louis Mandin, 24, Dr Leon Trottier, 25, Jules Van Brabant.

NOTICE

Mr. J. A. Beauregard wishes to announce that on Monday and Tuesday, February 20 and 21 he will be attending the Provincial Executive and Educational Committee of the Alberta Association of Municipal Districts and Counties at Banff.

Also, Dr. Blakeman will be absent the latter part of the week to attend a meeting of the Provincial Executive of the Alberta Medical Association at Edmonton.

Power Break For Two Hours Threatens Home and Industry

North Eastern Alberta's St. Paul, St. Bonnyville Cold Lake, Vermilion and Vegreville, were severely shaken by power failure from Canadian Utilities wentwest and skyward for one hour and forty-five minutes on what had happened to the system when it went out at 1:00 p.m. and was restored at 4:45 Wednesday

With many hearing units automatically controlled danger of traffic trouble occured at the central hospital in Vermilion The main station power generator suddenly broke down, for reasons not yet diagnosed, and cut off power to all other units. To get it started electricity was borrowed from Calgary power.

(And of course it always happens to us on a Wednesday afternoon when we're fighting Wrestling printers deadline).

PIERRETTA NOEL

St. Lina Student Outstanding At Ver. School Agri.

First Class Honors In Home Economics

Pierretta Noel, daughter of Mr. Ernest Noel of St. Lina, for establishing an outstanding record as a student in Home Economics at the Vermilion School of Agriculture

Results of the mid-term examinations indicate that Miss Noel has topped her class and gained First Class Honors An interesting feature of her achievements in this regard is the fact that on entrance to the school her educational standing was only grade 8 which was less than that of many of her classmates Now, after just three years considerable on the job experience after graduating school and before entering the College at Vermilion, and this training has evidently been to her advantage in the practical studies of the Home Economics course.

During the past summer, after the first year of her course, Miss Noel was employed at a Resort Camp in the Banff National Park in a position secured for her by the School of Agriculture Upon graduation this spring she looks forward to her course of training at the School being of real assistance to her in securing interesting employment offering good opportunities for responsibility and advancement

L. Bedard Wins Legion Bonspiel

Eight Legion mixed rinks squared off in annual one-day Sunday General Leonard Bedard commanded rink was the top glories winning a heavy stone of medals in the first event.

To do that he had to out-rank Surgeon-Lieutenant Lee, Doctor's address who went down to an 8-6 defeat.

Serving in the ranks of the Bedard company were Mrs Thibert-eau, third, Stan Leblanc, second and private Olga Brunelle, leading

Sergeant on the Trottier outfit was Felix Remedy, third, Mrs M Jevning, second and A. Lord, lead

In the second platoon, Captain Bert Cassin fought a rough battle against Robert Drouin, forced into a 9-4 surrender.

Enlisted on Cassin's side was Lord, third, Mader Brunelle second, Maurice Mailleux, lead Per Drouin, Mrs. Cimpeaa, Mrs. LeBlanc and Johnny McLean.

Town Water Works Show A Profit Of Over $3,000

Ratepayers Show Little Interest In Administration Of Public Affairs

Two ratepayers were on hand at the Town's Annual meeting Monday where the treasurer's financial statement was presented (last enough were there to have it read) showing a surplus (revenue over expenditure) for the year of $10,986.79

BETTER FARMING BY THE TRAINLOAD

"This farming community is one of homebrew sharing in a display of confidence in the business of farming To help shipped into major farming areas.

Agricultural experts have recently pointed out that wage rates are expected to be higher and help scarce, farms are getting larger; livestock numbers per farm have been increasing; and the need for crop flexibility is growing.

Sufficient quantities of new power machinery to cut costs and save labor will assure farmers in this community of the equipment needed to make 1956 a big year for their farming.

Conroy Motors Limited, farm equipment dealer in St. Paul is sharing in the distribution of this latest in power machinery for better farming in 1956.

Hornets Lose Last Two Games League Schedule; Tied For 2nd

(Continued from page 1)

the series until next week (date not divulged yet) because of the cold and claim that referees refused to travel in this kind of weather.

Games were supposed to be played alternately on Wednesday, Saturday, Monday, Wednesday and Saturday, starting at Vegreville.

Three clubs tied for fourth position in Wainwright upset the apple cart for Vermilion by beating them 11-6 Monday evening in a postponed game According to the rules, points for and against were to determine who would remain in the play off, and officially Viking won the home. It has been explained to us (we just don't know what the idea behind it is) that a home and home series, total points, between Wainwright and Viking will be restored to determine fourth spot. Vermilion was given a chance to participate, but apparently is not interested and decided not to go on with the idea.

BEAT BY LAST MINUTE GOAL AT LLOYDMINSTER

Hornets missed winning that extra game which would have catched second position at Lloydminster Wednesday when one of the hottest games on record ended 6-5 for the Chevies. The boys had the lead 5-3 into the third, save it used. At 9:36 Dion fired what should have been and was tied again on a move as the winning goal, but the game waved after the whistle had gone, with the players standing idly by waiting for the face off.

Dion Lloydminster's outstanding goals getter, is being watched by Vermilion's Ken Fenton, Viking's Ken Ferguson and Referee Ken Ellis. Dion, last year 200 pounds to the three hundred mark, has lost considerable of himself since then. Although he is the same boastful as former days he has been unable to find the net. Dion's goal was the first one scored in the game. The three-old member in championship panel that gets one every scrambles and he strengthens.

Dateby Van Deelen was the unpopular referee of this hap- posted at 17.50 and at 19:01 Lloyd tallied the winning goal

Summary

First Period: 1. St. Paul, Dodd (Hrycko) 1.36; 2. Lloyd, Barrach (Mills) 4.56; 3. Lloyd, Barrach (Mills) 14.40. Penalties, Roberts, Cardiff 3.00, King, Lucas, 9.05 Score: Lloyd 2-1

Second period: 4. St. Paul (Richard, Dion) 7.25. 5. St. Paul, Dehid (Hrycko) 4.00. 6 Lloyd Wolowski (Hill) 12.56. 7. St. Paul, Pundek (Dehid) 16.08. Penalties, Wolowski, trip, 11.38, Roberts, tripping, 14.00, Vallieri, roughing 17.20, McMahon roughing, 17.20 Score: St. Paul 4-2.

Third period: 8 Lloyd, Mills (McMahon, Barrach) 7.00; 9 St. Paul, Dion (Roberts) 9.20, 10. Lloyd, King, 17.36, 11. Lloyd, McLean, 19.01. Final Score Lloyd 6-5.

Lineups

LAST ONE LOST TO VIKING GAS KINGS

Last chance to hang on to that second rung was flatted away at Viking Saturday night in a powerful display of Hockey the Viking performers staged their last stand to hang on to a playoff berth by winning 7-5

A shot of over confidence hurt the Hornets. Picking the Kings as easy targets, with the exception of the Dandiguns, one laid up in the hospital and the other suspended, they overlooked the fact that the Kings are still a powerful contender and making a desperate bid with every thing they had.

By the time ten minutes of play had flown by, the Kings had piled up three quick goals and at the end of the first it was 6-1

In the conditions of the ice was — a late flooding has not frozen soled and the surface was flaking off in great chunks — It was impossible to play the kind of power hockey required to bring the game on an even keel.

Trailing behind all the way, the Hornets gave up the game but could make a big difference in the playoff. It gives Vegreville the first game at home and in this league, it's a big advantage.

Summary

First period: 1 Viking, Bjork (Josephson) 2.14; 2. Viking, Gulitzer (Bjork, Zahr) 8.42; 3. Viking, Dr A Klein 10.36; 4. St. Paul, Bryce (Dehid) 10.30, 5. Viking, Klein (Burks, Josephson) 11.30; 6. Vermilion, Lee, knee, 1:30, Bjork, elbowing 3.04. Score: Viking 4-1.

Second period: 6. Viking, Bjork (Gulitzer, Zahr) 1.04; 7. St. Paul, Roberts (Richard) 3.57; 8. Viking, Bjork (Josephson) 6.52; 9. St. Paul, Dehid (Vallieri, Pundek) 9.20, 10. St. Paul, Dehid 10.11 Penalties Dehid, trip, 12.22. Lenfred, smasher, 12.32. Score: Viking 6-4.

Third period. 11. Viking, Gulitzer (Bjork) 2.27; 12. St. Paul, Vallieri (Dehid, Pundek) 14.26. Penalties: Zahrowski fisting on pads, 11.37. Final score: Viking 7-5.

Lineups

Viking Gas Kings — J. Warner, E. Burks, B. Rose, Dr. A Klein, T. Zahr, N. Josephson, J. Gulitzer, A. Bjork, L. Burks, S. Lefrud, J Hampshil, L. Thunnel, L. Procter

St. Paul Hornets: Art Clearwater, Geo. Vallieri, T. LaBounteer, J. Gravrenes, B. Zahrowski, R. Reinhiesel, H. Hrycko, M. Dehid, G. Pundek, P. Dion, G. Roberts, C. Richard, C. Kendall.

HOW TO GROW HAIR TO BE EXPLAINED BY EXPERT

Internationally Known Trichologist To Hold Clinic in St. Paul
... OFFERS WRITTEN GURANTEE ...

By Jack MacDonald

TORONTO (Special)— When in the world will people realize the harm in the need for baldness," says B. Gagnon, Director of the Dominion Institute of Trichology, head office of Canada in an exclusive new interview today. "Baldness is the direct result of excessive amounts of dandruff and emphatically states that the fear of baldness is needless for most people.

The well-known expert explained "No man need be bald or even thinning on top if he is young his hair. This elegant has shown that such common treatment you can prevent baldness, harsh conditioning hair, healthy growing hair and look youthful again."

CLINIC TO BE HELD AT THE DONALD HOTEL THIS WEEK

You are invited to see this modern method of home treatment for the hair demonstrated at a free clinic to be held between 1.00 p.m. and 9.00 p.m. on Wednesday, February 22nd in Gagnon Technical Institute, Toronto. Anyone interested in healthy hair and scalp is welcome to attend the clinic and there is no cost or obligation in any other way.

The purpose of the Dominion Hair and Scalp experts is to help the normal man to strengthen and nourish the weak scalp into a healthy vigorous condition. At each private examination a hair and scalp analysis is made and a treatment of the disorder is made. If the victim is in any way can restore a healthy scalp condition and the hair grow normally again as nature intended. Should there be cases where baldness cannot be helped the experts frankly tell you so and no charge is made. Each treatment must be satisfied. Instructions are supplied with the scalp at the end of every treatment and a booklet is forwarded on the treatment which may be gladly refunded.

It is recommended that you do not call at the Donald Hotel between the hours of 1.00 p.m. and 8.00 p.m. on Wednesday, February 22nd. The public is invited. Free examinations are private and the utmost care, courtesy and attention.

TO ARRANGE SPECIAL APPOINTMENT

For your convenience we will be pleased to reserve a special time for you. Just complete this slip and mail it to the Hotel Donald.

6.30 p.m. Open House at Fraternity Houses.

HEINSBURG NEWS

Mr and Mrs. Donald Michel have been blessed with a 10 ½ lb. baby boy born at Edmonton.

Last week was meeting week. You could go to a meeting every night if you were one of these. The Senior and School were entertained with a good show at the end their's. The Ladies Auxiliary are planning a big banker party and the Community a big raffle.

Billie Black, better known as the 10 o'clock Scholar, has to shovel his way in and out of his bus every day when he digs off some of these paved highways he owners five times a week. Should keep him in shape till spring anyway.

Mrs. Black has been away visiting relations in the city. My informant was there the week previous getting his artificial feet adjusted.

Home for the weekend were Walter and Eddie Bork, Annie Matuschak and Mike Matuschak who has been laid off from his job in Edmonton. Lavonne and Jimmy Wilson and D. Black were also in town.

Lady Curlers are all practised up for their open Spiel this weekend. We're planning on a good turn out if the weather holds.

Mr John Gregor was up to Hinton, Alberta looking for work. Just as he was hired he became ill with French Mouth or ...ian some name or other. He has now gone back to work. Margaret and family plan to move there this summer.

Margarite Gregor works in the office of Propane Gas Co. in Smoky Lake.

Mr and Mrs. V. Kmet are making arrangements for an eye operation in Edmonton as soon as an appointment can be made.

The hotel is a busy centre of attraction with about 15 oil drillers roaming about. They are waiting for oil in the Fishing Lake District but are living here.

NAVY BAND CONCERT

AT THE SCHOOL AUDITORIUM

ON

Sunday, Feb., 26th., 2:30 p.m.

HMCS Nonsuch's Navy Band of Edmonton will put on a program of March tunes and entertaining numbers, in aid of the Local Sea Cadet Corps recently formed. Full two hours of novel entertainment is in. Pool.

Several Local Numbers Are Also Planned Featuring ex-Navy men

Equipes des Abeilles et des Aspirantes en excursion

Le 6 février deux équipes de guides partirent avec leur chef-taines, pour une excursion à Elk-Point-Thiesen-Hart.* C'était l'équipe des Abeilles et l'équipe des Aspirantes.

Le chef de l'équipe des Abeilles avait la responsabilité de cette excursion. Avant le départ il donnait le programme et distribuait le travail à chacun de ses équipières.

LINDBERGH NEWS

Mr. and Mrs. Harry Crossman are the proud parents of a baby boy.

Mr Charles Martin passed away very suddenly last Friday. We offer condolence to his wife and family.

Eugene Hennessey had birthday party recently. He was five years old. Seventeen little friends attended with their mothers. There was plenty of entertainment and lunch was enjoyed by all.

We are Miss Florence Fricke is spending a shortened Mrs Sutton is the lucky guy. There has been no date set yet.

On February 8th, Mr Robert Chamber celebrated his 70th birthday. He is the oldest old timer of the district. Many happy returns Bob.

Mr. Harry Lorenson spent a few days in Edmonton, at a big hotel week.

Mrs. Lorraine Mashek is home from the hospital visiting very well.

Mr and Mrs. Ed Ford were out to see Mrs. Lorenson. Mrs. Elmer Sjernstad over the week-end.

The weather turning nice last week allowed Mr. and Mrs. Ted Magnussen and Mrs. Chris to return home again after having spent a few days with Mr. and Mrs. Nancy Lorenson. Their progress was slow. This is the second time they had to leave home this winter.

Mrs Best of Clandonald is visiting with her son, Ronald, at the fish Plant, for a few days.

TO THE HOMEMAKER
By HELEN BLAIR KUHAR
St. Paul

Does your husband say this? Some of us do take longer than we should to do our household tasks, simply because we do not know how to conserve our energy. Energy is required to do all work. Waste of energy is in the same category as waste of money. Suggestions for conserving and lessening fatigue are

(1) Sit down—sensible method of standing at sink down to prepare vegetables, iron, mix pastries. Use a stool which can be adjusted to height required.

(2) Correct working posture eliminates fatigue, improves your appearance and get rid of nervousness between and irritability. Correct working height is necessary for good posture. The best general height is one which keeps the workers arms bent at a right angle as it elbow For the average person, the bottom of the sink should be 32 and a half inches.

(3) Heavy work can be done in less time if a short rest period is taken.

(4) Change jobs occasionally Try to balance heavy work with light work.

(5) Study your motions and avoid unnecessary ones.

(6) Let gravity help e.g. rest mixing bowl on table instead of holding it against your ...

(7) Rearrange your equipment and furniture in order to save steps — Do you well around a table set in the middle of the room to get to the other side of the room? Why not place the table to one side.

(8) Last but not least, plan a daily time schedule for your work.

A systematic and well-thought out plan shortens the working day and lessens mental strain.

Always have the good free of broken glass, utensils with sharp edges and other dish-service things.

The Traffic Safety Lane

By J. W. McKay
Inspector Highway Traffic Board, Edmonton

Last week we took a look at the first part of the section of Hospitalization and the Unsatisfied Judgment Fund. this week we will look at the other half

Section 13 (3a)

The Provincial Treasurer shall not be required to pay out of the Fund more than five thousand dollars for hospitalization and medical expenses incurred as the result of the injuries to one person in one accident

(1) Where hospital or medical expenses have been paid to or to the order of any person pursuant to subsection (1) and subsequently that person recovers a judgment which is unsatisfied and under which he is entitled to receive payment from the Fund, and the amount of the hospital and medical expenses to whom he is the said judgment, that amount shall be deducted from the amount payable pursuant to subsection (4) of section 6 or to section 8

(4) For any amount paid under the provisions of subsection (1) the Supervisor shall be subrogated to any rights which the person injured has against any person whose negligence has caused or contributed to the injuries in respect of which the hospital or medical expenses were incurred

(5) Where hospital or medical expenses have been paid to or to the order of any person pursuant to subsection (1) and that person commences or joins or is joined as a plaintiff in an action arising out of the operation of a motor vehicle through which were sustained the injuries in respect of which the hospital or medical expenses were paid, the statement of claim shall include a claim for special damages for such hospital and medical expenses as were incurred by that person.

(6) If default is made in complying with the provisions of sub-section (5) and the plaintiff obtains a judgment that does not include an award of special damages for the hospital or medical expenses incurred by the plaintiff, the Supervisor shall be entitled to claim from the successful plaintiff.

(a) if the judgment is satisfied, a deduction from any amount payable to the plaintiff pursuant to subsection (4) of section 6 equivalent to the amount paid pursuant to subsection (1) in respect of the hospital or medical expenses of the plaintiff.

(7) Default in complying with the provisions of subsection (5) does not invalidate a statement of claim but upon any such default the Supervisor upon application made at any time before judgment, shall be entitled to have the statement of claim amended to include a claim for the special damages required to be claimed by subsection (5)

(8) A payment of hospital or medical expenses pursuant to sub-section (1) shall be no defence to a claim for special damages for hospital or medical expenses

This section is one that is misunderstood by some and not known to many Motorists ask what happens to that $1.00 that is collected Many dollars have been drawn from the Fund to pay hospital bills which are authorized by this Section

Fourteen Rinks Participate In Heinsburg Ladies 2-Day Bonspiel

The weekend of February 11th and 12 th was a busy and jolly one for the Ladies of Heinsburg and district It was the event of their annual open bonspiel which was attended by 10 visiting and 4 local rinks.

The first day of playoffs was followed by a banquet in the Legion Hall at which a tasty supper was served. This was followed by a program lined up by Mrs Schmaska and Mrs Nolan Everyone certainly seemed to enjoy themselves, especially at the evenings entertainment put on by Mrs McDonald of Elk Point, who relished some poor old drifter of his kith, tother and bother and put on an act long to be thankful over

The winners were as follows

Mrs Medgen of Dewberry played all outstanding games and won the cup over Mrs N Jones also of Dewberry Third and Fourth in Event II Event go to Mrs Kloosd of Dewberry and Mrs Kenney, Cadogan In the 3rd Event Mrs Kosatz of Grand Centre was first over Mrs Hunt of Heinsburg 3rd and 4th go to Mrs M Bork and Mrs Gregor of Heinsburg

The first in the 3rd Event went to Mrs McKnight Dewberry, who came up from behind, tied and beat Mrs Wilson of Heinsburg 3rd and 4th go to Mrs Bauman, Dewberry and Doris Wetgerick, Lindbergh

The teams taken out were Mrs Chemiack, Lindbergh and Mrs Dyrda, Elk Point who were each

Elk Point Chamber Of Commerce Hold Meeting In The Legion Hall

(Continued from Elk Point Page)

The Lobster crumb canvass made of the village showed exceilent response and proceeds were forwarded to the District Headquarters of the Association.

Total amount of $100.00 given to the Elk Point Library was an increase of $50.00 over the amount of the previous year.

Telephone service placed on a 36-hour basis and long distance calls increased. The work of completing all installations is now proceeding.

Considerable time was devoted in regard to maintaining rail service as during the spring and summer months. It was the decision of the Canadian National Railway to move all passenger traffic and express from St Paul east by bus and, or truck.

A new highway loading from our village east to the Redwater-Andrew highway required a number of special meetings and labor to be given for the needed road.

Hall Farmer's Short Course was held with success in spite of bothersome conditions.

Our Annual Sports Day held and enjoyed by many and operated on a profit basis.

At Christmas time, through the co-operation of the business men a free show and treats were given to 275 children and on the same month a banquet and presentation of awards was arranged for our Senior Citizens.

The items referred to comprise the real work carried out by our Chamber.

Now turning to next year, I would dwell briefly in regard to our membership now at 100 but in recent months the attendance has steadily dropped and at the last monthly meeting numbered 11 including the President and Secretary and two executive members. Our village, I consider, is a good place to live We have electric power, gas, sewer and water facilities, a Chair operated by four capable playrooms and a modern hospital. We have a directional and village a bowl with a capable mayor and village councillors.

What then can be wrong with our Chamber? I ask that each member realize himself and herself as It is because of poor President or poor secretary, or poor executive, or poor general membership? It can hardly be business commitments as at 8:30 p.m. in the evening the majority of business houses are long since closed. Can it be we have adopted a let George do it policy? Let me remind all members that attendance of annual dues and the attending of our monthly meetings does not constitute a member's responsibility and many members discussing due to form membership conditions the Chamber's work and the drive of the members becomes more important daily in the life of this community.

It has indeed been a pleasure for me to serve as your President during the past and unless you have served in office it is doubtful that you can realize the amount of time and effort that is given, unfortunately, for my term has been too short but it is very heartbreaking for me to realize when they get an apparent control lack of desire to do things.

In conclusion, may I take this opportunity to thank our Secretary, Mr Perreve, and all other members for my duties performed at and with the Chamber and hope elected officers a successful 1956 with a slogan carried them Help Our Chamber

D. J. TYSON
President

Beaver River NEWS

Once more the mercury is dropping after a brief mild spell of weather

Our congratulations go to Vernon Inacha on his recent marriage in Wildwood. Mrs Kenneth Guilbault of Edmonton were visitors at the Guilbault home on Saturday.

Mr. Philip Gambitta of Drayton Valley is now undergoing relative at the weekend.

The annual school meeting was held in the school on February 11th with two residents being nominated to fill the vacancy left by the death of Mrs. Otis Gambitta. Trustee Thomas retiring were Ed Eigner, nominated by Orval Thompson still Paul Gambitta, nominated by Mrs Jewel Gambitta. Ballots were Eigner 17, Gambitta 8

We are sorry to hear that Jewel Gambitta has been in St. Paul hospital for the past two weeks with jaundice and wish him a speedy recovery.

Goodridge News

The FUA District Short Course held in the Goodridge hall on the 6th. of February was a success with representatives from Sandy Beach, Mallaig, Goodridge, Hamlet and Goodridge. All locals took active interest, enjoying all speeches made.

There will be a card party sponsored by the Goodridge FUA on Saturday, February 18th.

Mr. M. Gambitta of Beth Creek was a business visitor in the district on Saturday.

Mr. Buddy Bebenbrinker was a Goodridge visitor on Monday visiting the home of L. Christensen and Lawrence Hogan.

LATE START IN S.V.H. LEAGUE

After a late start due to road conditions, etc., the SVHL is well along in its fourth year of operation. It had started this season with six teams, but Bonnyville withdrew after one defeat at home from Mallaig. Unfortunately they felt unable to use a 2nd team in Bonnyville of sufficient calibre to play in this league. Standing as of February 11th are as follows:

	W	L	Pts
Mallaig	3	1	6
Saddle Lake	3	1	6
Glendon	2	2	4
Therien	1	3	2
Elk Point	0	3	0

EX-WORLD CHAMP WINS SKI JUMP

Scarlet Ash saw Milford's new 160-foot jumping course on two of Canada's ski champions, Hans Eder, left, and Lou Sauer Competing in the Ontario ski championships, Eder, an ex-world champion from Austria, cleared both series A and A jumps with ease. Here skiing for the Midland Ski Club he makes the longest first round of 160 feet.

Health Through Chiropractic

By Dr. K. W. Tonovo
ARTHRITIS

Recent medical research indicates that arthritis responds more or less favorably in certain cases when the body is supplied with additional quantities of a substance known as Cortisone We use the term "additional quantities" because Cortisone is produced naturally within the body The real cause of arthritis is that sufficient Cortisone is not being developed to keep the body healthy, and arthritis results

Chiropractic approach to find out why the glands which produce this essential hormone are not doing the job that Nature intended to do. Administering doses of synthetically developed Cortisone will no doubt ease the sufferer's pains, but that is only treating the effect. It does not eliminate the cause of the disease.

The nervous system controls the function of every gland and organ in the body, but these structures cannot operate normally unless the nerves supplying them are free to carry their full quantity of nerve energy If a vertebral misalignment is causing pressure on certain nerves, then the stress supplied by those nerves will cause to function properly

Chiropractic first seeks to discover if and where there is any interference with the nerves, and by an adjustment of the spine, release them When the nerves are free to supply all the glands and organs properly the health of the entire body is assured. That is why Chiropractic is so effective in cases of arthritis Instead of looking outside for a "cure" it searches inside for the "cause"

In arthritis most results are obtained in the early stages of the disease If you are suffering from arthritis see your Chiropractor immediately — he will tell you frankly what Chiropractic can do for you.

OBITUARY

On Funeral Director

On Fourteenth Inst., Mr. John Omelchenko of Frenchere passed away at the age of 66 years

He is survived by his loving wife Mrs. Nora Omelchenko of Frenchere, 3 sons and 3 daughters, Mike and Bill at home, Mrs. Lena Makaruk of Frenchere, Mrs. Wasylina Kerish and Nailing; Mrs. Eva Tsechuk of Glendon; also 11 grandchildren.

Tyson Re-elected Chamber Head

Mr. D. J. Tyson was re-elected president of the Elk Point Chamber of Commerce and Agriculture at the annual meeting held in the Legion hall on Feb 9

Mr Pete Vereshun was named vice president, secretary - treasurer remained with Peter Ference

A report of the operations of the Elk Point Library, sponsored by the Chamber, was given by Mr D. Simonick A total of 1475 books of general and juvenile interest were added during 1955 to the collection and quantity of material. The Chamber voted $25.00 towards assisting students in University next

Mr Tyson covered the activities of the past year in his annual report along with a few recommendations for improvement of the body in the coming year.

Below appears the text of his address as delivered

(Continued on Inside Page)

Promenader's Preview

The new classes got started Friday, February 10th and had a wonderful turnout the following night. They're really a sharp gang and we're looking forward to their graduation.

We should have hung-up dancing feet on Wednesday, February 22nd since it is Wednesday, February 29th and it's a "Leap Year" affair — fun, girls!

We had a wonderful crowd last Wednesday, February 8th Folks were up from Vermilion, Green Lake, Derwent and down from St. Paul and Bonnyville Thanks to Mr. Johnson and Jack, and will see you soon at one of our dances.

Several of the Promenaders attended St. Paul's dance last Friday and report a very good time. No more till after Lent, they say.

"Tomorrow night it's down to Lac La Biche for the dance again — and it seems it's going to be as cold as last time! However, as we've said before, "We went hospitality more than offsets the chilly weather

A final word about the new classes — there's still time to join if you're interested. Come to the Legion Hall Friday night and sign up for the course. After Friday, though, its closed to new members.

Be a Square Dancer, there's always a Full Time in the Old Town that night — but that Friday night "Is only Passing You." See you at the dance.

Monthly Meeting of FUA February 19th.

The monthly meeting of the Elk Point FUA will be held at the home of Harold Pinder on Sunday, 19th., 2:30 p.m.

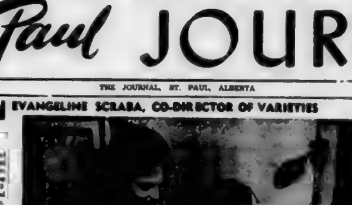
EVANGELINE SCRABA, CO-DIRECTOR OF VARIETIES



Evangeline Scraba of Elk Point, is pictured above with Forbes Longstreth of Medicine Hat, making recording arrangements for Varsity Varieties, one of the main features of Varsity Guest Weekend. "Var" is a three-day affair and features the best in campus talent in Broadcasting, and will be co-director for this year's edition of the Varieties. A large number of other interesting shows and musical concerts will be presented during the University of Alberta's Guest Weekend. Those who take place this year February 24 to 26. Special High School students and parents of university students will have an opportunity to visit the various buildings at the campus where educational exhibits will be set up. Illustrating the work carried on throughout the year by the students.

United Church Sunday Services

Sunday School 11:00 a.m.
Evening Service 7:30 p.m.
Preacher,
Mr. Johnson

A matter of great interest to all members and adherents of the United Church will be the congregation of Mr. Raymond Pinder of Elk Point United Church, as a candidate for the Christian Ministry; and the Sacrament of the Lord's Supper to be observed at the close of the service The Elk Point United Church Choir was privileged to assist in leading the singing, together with the newly formed St. Paul United Church Choir

Questions and answers, outside Elk Point (Quoted)

What is your honest opinion of human nature after living so many complaints and tales of woe"

I think that human nature is the greatest thing in the world, in all the complaints and tales of woe, I see people struggling to find themselves and to be something better than before. God's help, I see many winning battles, and becoming wonderful people. This helps me, too.

About 1000 A.D., Archbishop Aelfric translated by from the books of the Old Testament, in a free style, with words every day words, probably for reading in church. A copy of this is still in existence.

He also wrote and often read the Holy Scriptures. For what we pray, we speak to God; and when we read the Bible, God speaks to us. Happy are those, then, who read Scriptures. If they convert the words into actions. The whole of the Scriptures are written for our salvation, and by them we obtain the knowledge of the Trinity. These words written a thousand years before the birth of our Lord, stand clear and true today nearly 2000 years after the birth of our Lord and leave those of us who are in earnest about Him, plenty to think about.

Elk Point Loses Two In S.V.H. League

On Friday, February 10th the Elk Point Seniors played host to Therien on Bonnyville ice and of play the score was at a standstill by Elk Point clinched in the second period but the goal, scored by Larry Hamilton, being disallowed. Therien scored but second goal to break the tie, and in the third period of play pushed two fast goals past Ken Vlag to end the game with a 4-1 lead.

The following Sunday, February 12th, Elk Point journeyed to Mallaig where, in the first period, Mallaig scored seven, by which we tried by Peter Gusnowski on a beast play After three periods of play Mallaig ended the game with a 9-1 victory.

Recent Births In Elk Point Hospital

Recent births in the Elk Point hospital were as follows:

Mr. and Mrs Ed Paul of Frog Lake, a girl, Mr. and Mrs. Kenneth Larson, Cuban Lake, a girl; Mr and Mrs Harry Grenier, Lindbergh, a boy; Mr. and Mrs. Walley Windisk, St. Paul, a boy; Mr and Mrs Pat Bilyeblan, Lac La Corey, a boy Mr and Mrs Harry Blackiock, Lindbergh, a girl.

Take Second At St. Paul Spiel

The Elk Point High School rink represented in the St. Paul Invitational Bonspiel, held on Friday, February 10th, by a rink skipped by Nola Hall The rink won second prize in the second event. After winning two of their games, they were defeated by St Paul in the final. Also on the rink were Donald Bishop and Fred Fabian.

On the same day an Elk Point rink skipped by Lorne Vaughan with Walter Ozimko third, Geo Haller second and Andy Bortuzzo lead, took first in the second event in the Derwent Bonspiel.

Local News

The Girl Guides of Pk. 1 Co Elk Point deserve great credit for the splendid effort they have put forth in connection with the Tuberculosis sale of Christmas Seals. The splendid sum of $1,000.00 was realized. Thanks to their very complete and orderly manner in the solicitation of the patients sold. Well, some-one thinks of us."

Mr and Mrs Lee Babcock returned recently from Vancouver where they had been attending the funeral of Mrs. Babcock's brother. Mrs. Babcock's mother has been visiting with them for the past month. Mrs. Babcock is remaining for a longer visit.

Ruth Robbins is presently with the Alberta Bureau of Statistics.

Mr and Mrs Martinus Jepsen also had the sad news of the passing of their son Hans's wife, Mae of Prince Rupert Idaho in California where Mae and Hans were spending a visit.

Mrs Louise MacCallum was in Elk Point over Sunday She had been visiting with her daughter Maxine and family at Melbourne, and accompanied here as far as Elk Point when they motored to Ashcroft Sunday afternoon.

Mr and Mrs Bill Isaac and family returned from Dyson City last Monday. They have the work on the new cabin homes to full employment at Hinton

Rose and Orville Snell, Beatrice and Art Vaudrin, Patty Vaughan of Edmonton were in Elk Point recently visiting relatives.

Ev Veagey is presently in Nevada while Marlene remains home with the children after a car accident.

Bill De Forest retired Wednesday greetings to his mother, Mrs Myrtle Bertrand from Perth, Ont. This is where he has been working the cows but summer He spent Christmas there with Mr and Mrs Hodgson (Ella Ramsbottom) and family Lloyd is home and has returned to Hamstra in the near future

Howard Cheesmann from Yellowknife is visiting friends at Elk Point for a couple of weeks

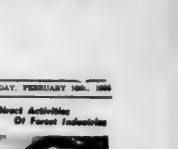
Neil Tyson spent a couple of days in Elk Point last week Or his return to Peace River, where he is employed by E. Kennedy to attend the Ice Carnival

Mrs G Swanson returned to the Alberdale district a 4th-east of Vilna-Cadotte last Friday with her son Rufus to attend a birthday party given in honor of her brother Oriey Onasis.

The following Elk Point families are represented at the Edmonton Ice Carnden (which were reported to have been quite a success this year) were Fischers, Valentines, Sedons, Mallings, Rossbottoms, Millers, Tysons, Loftus, and McAvoys.

The Elk Point Pee Wees have again defeated the Lindbergh team, the latter by a 7-3 margin

Annual Meeting Of Forest Industries



J. D. McNeil, manager number 1 operations from North East Unit is the new president of the Interna Forest Industries Association, succeeding Clark S. Dent at the annual meeting held in Edmonton. For the next year he will direct the activities of 56 member companies in Alberta's lumber industries in their post control, forestry, road-building, forest management and research.

Increase In Library Books

A meeting of the Elk Point Library Board was called for February 9th, 1956 The secretary-treasurer presented to the board, the statement of the book purchases for the year 1955 — also the financial statement. Book purchases which include gifts of books amounted to $600.00. The board had just received the grant from the Department of Cultural Activities and grant of the Province for the maximum sum of $200 for the purchase of books for 1956. Our library is sponsored by the Chamber of Commerce and at the meeting last week, Mrs. Wiseman presented the reports to that body, who also presented a further grant of $100 for 1956.

All who like to read, visit our library, it is ($2.00 per year) and enjoy the company of good books.

Mrs Vaughan, our volunteer librarian, who works many hours with the books will very willingly help you to choose the kind of books you will enjoy The whole village should join in thanking Mrs. Vaughan very heartily for the hours she spends in the work. It certain young and on the coldest days in the worst weather, but she never complains and is always there ready with a smile to help the youngsters choose their books or to send the mothers or fathers one she knows that they will enjoy Thank you Mrs Vaughan.

A big part of her job is to treat you nicely!

It's the girl at a Toronto-Dominion Bank that help to make it the friendly place it is. They make the difference with their efficient and courteous service . . . by the pleasant and understanding way they help you. They don't expect you to know all the answers about banking . . . and, if necessary, will gladly help you with your cheque or deposit slip.

We're proud of our girls . . . every one of them in the 651 Toronto-Dominion branches throughout the country. We believe they're the nicest girls in banking. But don't take our word for it . . . drop in to The Toronto-Dominion Bank nearest you and see for yourself the competent service they so pleasantly provide.

Legion Launches Appeal For Polio Fund To Help and Aid All Public

With the weather greatly improved, canvassers for the Polio Fund will now be able to get out and call on you for your donation is the a worthwhile effort and worth a donation." Ask anyone who has received assistance and I'm sure you will get your answer

There may be some fault in the minds of people that such drive a necessary again this year. This is wrong. The need for funds is still very great.

With the discovery of Salk Vaccine a great stride has been taken It is as yet not 100 per cent effective, so much more research has yet to be done Furthermore, it will be some years before enough is available for everyone

Some of you may be of the opinion that this money is used to help Legionnaires only, so may are the cases Also funds collected by the Legion are handled by a committee of citizens, so that no one Service Fund Every cent collected goes into a fund which anyone who has contracted poliomyelitis can receive assistance Applications for assistance are all handled through the local Legion Branch and forwarded to the head office From there, all cheques for bills sent in are made out and sent to the Welfare Officer of the local Legion Branch, payable to the victim or her or her guardian.

To give an idea of what has been done, with funds collected, the following will give you some idea of what money has been spent in the St. Paul area Applications for assistance for eight Polio victims have been handled through the Branch of the Canadian Legion The assistance was given in the paying of bills totalling $566.50 for hospital, doctor and ambulance expenses, special equipment for victims for $500 and monthly allowance granted to the amount of $1000

The year 1955 saw some $150., 000 collected in Alberta and turned into the central office By December 31st, 1955, $127., 000 of that had been used in payment of Hospital, doctor and ambulance bills, giving assistance in monthly payments, purchasing of wheel chairs, iron lung equipment and in scholarships to Doctors and nurses. $51,000 remained in the fund, of which $12,000 a month was obligated.

When the canvasser calls, remember he is out to help those less fortunate than ourselves They are doing a service for their own expense and on their own time What will be your reaction?

Should it not be possible to contact you, your donation may be left with any Legionnaire in St Paul

A SAINT-PAUL

REPORT FROM ST. PAUL LIBRARY

Number of adult readers 1555 102. Number of juvenile readers 1235 Average number of books taken out weekly adults 30, juveniles 24.

There has been constant donated by different groups to open the library more often. The above figures do not seem to indicate opening more than once a week.

The library is open every Monday night from 7.30 to 9.30 p.m. Everyone is welcomed. There are some 4,000 books to choose from. New books of general interest are received quite regularly — based upon popular demand.

The Auxiliary to the Junior Chamber of Commerce sponsors the Library and is planned and willing to serve the reading public in order to bring this service up to St. Paul. If library membership increased and more reading interest was shown, they would be only too pleased to meet the demand.

The Librarian wishes to thank Mrs Rowland and Mrs Shankland who have helped greatly this year as well as our members who are on the Library voluntary staff. Mrs. Bas Sedard, Mrs. Ben Rogers, Mrs. Stella Tremblay, Miss Trudy Saunders'

Thank you also to Mrs. Jodhy Genereux who has made a substantial donation of French books to the library

OBITUARY

Mrs. Pauline Andrushenko

On February 11th., Mrs. Pauline Andrushenko of St. Paul passed away in St.—ton at the age of 68 years.

She is survived by her loving husband, Mr Peter Andrushenko of St. Paul, 7 sons and 4 daughters Alex of St. Paul, Peter of White Horse, Joe of St. Paul, Frank and Leo of Vancouver, Leopold of Kitimat, B.C. Mrs. Pauline Andreyev of Edmonton, Mrs. Clara Thomasser of Ovisaya, Mrs. Katie Schoen and Mrs Mary Gill of St. Paul, Mrs. Barbara Smith of Vancouver, Mrs Ida Scheper of Terrace, B.C. also 1 brother, Alex Schaak of Saskatchewan.

Funeral services were held on Wednesday, February 15, at 10:00 a.m. at the R.C Cathedral. Rev Fr Tardif officiated and interment took place in the church cemetery.

Park Dale Funeral Home of St. Paul was in charge of funeral arrangements

TWO KILLED, FOUR HURT IN ACCIDENT

PRESTON, Feb. 10 — Two persons were killed outright and four others seriously injured in a car truck — 5 miles east of Preston on highway 94, last Friday

The accident occured at an intersection of highways where the car driven by a resident of Preston, skidded on the slippery roads and rammed the oncoming truck.

Both drivers of the vehicles were instantly killed while a passenger in the truck and three in the car suffered serious injuries requiring hospitalization Two are reported in fair condition while the others are still listed in the critical stage

Obviously the above is fiction . . . but it may not be. Hundreds of newspaper reports of similar cases in true life The above is given to fully protected against such an eventuality. Is your car or truck fully insured and do you carry the proper property and public liability protection?

If not our advice is that you see one of our representatives immediately for full coverage

Let us, as Thane Insurance Agencies, St. Paul, or phone 194 for an appointment, immediately.

Hornets Take Big Edge On Maroons In "B" Playoffs

Hrycie Big Gun Clearwater Stars

The 12-5 beating Hornets handed Cormor Maroons in their first game of a home and home series total points at last night's game, Hrycie, Clearwater forward, whose name was also on the score sheet twice, was the leading scorer in the game with a total of four points. Clearwater was also the leader in the Provincial Intermediate "B" Playoffs.

Story of the game, picked by a panel of sports writers was Hrycie and Lyall Evans, two and L. H. Evans, were without a doubt the stars, who scored a hat trick, and contributed to four goals for seven points; and Art Clearwater to his two goals, which came in the form, and helped Clearwater to win with his team, chipped in with his goals, chipped in with his goals, chipped in with his goals

IN MEMORIAM

In Memory of Mrs. Elsie Kinnear
Passed away Feb. 23rd, 1955

Thoughts this Season are observed toward wearing apparel that's the dream of every fashion conscious heart for sure. We mention it now so we've time to get it here before we take advertised the part worn or on. The perfect fit, the perfect color, the perfect look, concerted to look it and be willing to encourage yourself a budget. There are certain qualities that combine to make a good fur. Hides are matched, the texture of the fur is uniform and luxurious in appearance, guard hairs are long and thick to protect the dainty underfur.

Lower quality furs can be sophisticated by a manufacturer to appear of superior fur, by a dull or lifeless coloring. With these pasture furs the best results are often split or brittle and the leather is stiff with a "tell-tale" sound.

Why not try on a fur coat, don't be over-awhelmed by its' soft luxurious feel, you can avoid being taken in by a salesman, who has there is evidence to support his claims of quality. If you're tall and slender, a bulky long fur is best, short women usually are flattered most by short lengths. If the fur is comfortable the weight should hang from the shoulders, not the underarms. Wide lapels, shoulders and underarm areas should lay flat, stress points and skins may tear or seams rip open.

Check edges of cuff, pockets, hem and lay of neck for flat and full fur These are areas of hard wear. In furs which are not full, many facings are made with skins folded over instead of extra skins inserted at the fold. It is desirable to have facings that are in width.

There's one piece that might easily be overlooked in examining a fur which is an important guide to quality — look at the leather side of the fur It should be uniform in appearance with no scars or spots. Linings should be of durable, smooth fabric that allows free air circulation and can carry the weight of the skins.

Pay special attention to the type of armaholes used and observe how the yoke has been attached

Un every fur sold in Canada, regulations require that the sale price and the correct name of the fur or the name of the animal from which the pelts were taken must be stated on the ticket

HYPNOSIS STARTS MISSING-GIRL SEARCH

Hypnosis trance induced by Dr. Harold Mason of Galt, Ont., has provincial police searching a stretch of swamp land where a hypnotized man said the body of missing Mabel Crumbach would be found. The hypnotized subject identified as Mr. X. was in a "clairvoyant state," according to Dr Mason, when he said the girl had been killed and her body buried in the swamp. She has been missing from her Toronto home since 1950 Dr Mason, shown with one of his office decorations, uses hypnotism chiefly in treatment of patients. Police could find no trace of the girl's body at the spot described by "Mr. X."

Sawers And Saucepans Clatter To A Tic la Ladies' Fixture

Lisonpe

What's father . . . a flying saucer or a comet pan is still a mystery for science to determine? Bowling at an unusual hour between the two was inconclusive as the ingredients scratched to a standstill at 6 p.m.

Decided down at plant English this is a report of a hockey game between the Ladies' Curling Rink in the arena last Thursday Proceeds ranged, to the sum of $126. Who turned out for it should be St Paul Hornet Hockey Club. A large crowd turned in give at the fancy-flat antics of the girls. The action down most of the time but managed to cram the blue lines now and then for a score

The game ended up with one goal in the first period, scored by Lou Doucette in the back of turn at 19 10. The statements stalled for two in the second, fired by J. Delisle on a pass. Yvette Roy and Lorraine Lagasse stood out for other one Louise Roy and Marlene Poulin look teamed up for the last in the period to add the tied up the Achia These girls are pretty stubborn.

In the third period, Lorraine Lagasse mixed one up with C. Lecuyer, Yvette Chartier and Lorraine Doucette more back for the Hornets and Marlene Levac shot her team one up at 14:00.

The score pants were cooling off, but the heat was applied at 18:30 when goaler, Mrs. Bolduc, was pushed off and Claire Delisle having ragged only to the chains of which notice has been given and or which have been brought to their knowledge.

DATED, at the Town of St. Paul, in the Province of Alberta, this 9th day of February, A.D., 1956.

CORRESPONDENCE

Elk Point, Alta.
Feb. 15, 1956.

Dear Salesperson at the St Paul Motor quality

The topic on everyone's lips this winter has been there's plowing and more atmosphere and I like this topic best, it's a real pain for most.

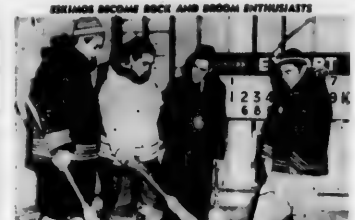
The municipality has had smooth to do to keep the main roads open, at such a time it sends that my bowl in this. Why not a caterpillar and snowblade and on 4 trucks 25 miles to the Elk Point district, as pass possible, to open same month?

The rudest was knee and the blade was great but it was unable to clear the snow to within a foot of the ground, even where there were no snow drift. Why spend good ratepayers' money running this obsolete army machine? Isn't there research engineer and willful spending of taxpayers money?

After the snowplow went through, the orchard was run stuck on the level in snow left on the road.

Why not send a salary snowplow, replace the one in the Elk Point district, and do a better job for less expense? Who is the boss and the one to blame? Who is the one to say if the machine is doing satisfactory work and if not, send it back to St. Paul? Our Councillor Mr Paul Lovett can no? He passes the roads he represents every week. Maybe he's not such a transgression, but will certain is being a new fashion to the rock and broom game

ESKIMOS BECOME ROCK AND BROOM ENTHUSIASTS



—Central Press Canadian

Canada's first known Eskimo curlers have formed a rink at Churchill, Man., under the coaching of ace Flight Sergeant Bill Gordon, R.C.A.F. Station, Winnipeg, of the RCAF. With but a few months' curling experience, the Eskimos have taken quickly to the roaring game and show amazing agility on the ice. This rink is to participate in the Manitoba provincial bonspiel at Winnipeg in February. It is expected to be a start to the rink with, as from the left, Charlie Gordon, Willie Adams and Tommy Adams. They may not win a championship, but will certain is being a new fashion to the rock and broom game

Fashions

The costume most cited for resort honors now and for spring at home later is the print dress with its matching lined coat. Typical of this phase of fashion is this attractive costume The dress is of polka dotted silk crepe and has a Peter Pan collar and four flaps d. curved pockets. The above two below the fitted midriff. Over it is worn a print cloth cotton coat, collarless and on the dress and lined in the dress print.

Long Time Resident Of Elk Point District, Bevd Nelson Passes On

On February 6th, Mr. David Nelson passed away in the hospital at the age of 81 years.

He was born in Ireland, the son of Mrs M M Nelson. He received his early education in the Church of Ireland. He was confirmed in the Church of Ireland. He was confirmed in the United Church, Elk Point, on Friday, February 10th, at 2 p.m. with Rev. Allen officiating. He was and the committal was at the East Cemetery, Elk Point.

Mrs M M Nelson had resided for him was that the Cashier should rest in the hereditary of the church and Jewish open at 1:00 p.m. to 2 p.m. daily, but through some unforseen circumstance this did not happen. He expresses sincere regret to many and friends of Dave, as she said, would have wished to see him before he was laid to rest.

Mr David Nelson was very well known indeed in the community of Elk Point. He was in the employ of the Hayward's Lumber Co Ltd. at Elk Point for 36 years, retiring at the age of 76 years. Before that, in 1919, he came West to Medicine Hat took farming and stockraising. In 1924 he commenced work at Hayward's in Manitou, and later Vermilion. He then was branch of the same firm in Islay. Whilst in Islay, he became interested in municipal affairs, and was elected one of the school district for three years. He became the village for two years He came to Elk Point in 1929 and his previous experience in municipal life led him in a more active part in that of Elk Point he was elected the first Mayor, an office which he held for five years. He served five years on the Chamber of Commerce as President, and was President of the curling club for

Mr. David Nelson was born at Portrush, Belgium on February 15, 1875. In 1911 he was married to Annie Sara and a son and one was born. Alphose at Lloydminster, Manitoba

In March 1913 they moved to Lloydminster where Mr Mayett was employed until fall when he took up a homestead and settled there by the day

Later they adopted a baby girl whose parents had died, and then added to the family by two more daughters Rose (Mrs. Dionne) and Madeleine (Mrs. Lacombe).

During their life, they have shared happiness and have lasted courage a time at the loss of God Mr Mayett is still very active despite his 79 years. A man who has always lived a good christian life, he is a grand person in every respect.

May they enjoy many more years together

Mrs. Mabel Nelson
and Family.

CARD OF THANKS

We wish to extend our heartfelt thanks and appreciation to our kind neighbors and friends for the many acts of kindness and messages of sympathy during our recent sad bereavement in the loss of our beloved husband and father. We wish to express special thanks to Doctors and Staff of the Elk Point Hospital.

Mrs. Mabel Nelson
and Family.

Therien News

On February 15th Mr and Mrs Albert Meyers celebrated their 45th Wedding Anniversary with a tea party in the quiet home of their daughter, Mrs. Therien.

The table was decorated by a beautiful wedding cake, decorated for the occasion.

Mr Meyers married Marie Genevieve Labelle at Tourond, Province of Luxembourg on Belgium in 1911. Both he and Mrs Meyers were born at Feuk Dutch.

They came to Canada, Armand, was born at Portrush, Belgium on February 15, 1904 In 1911 they arrived at Athar Sask and settled a school and was born. Alphose at Lloydminster, Manitoba

In March 1913 they moved to Lloydminster where Mr Mayett was employed until fall when he took up a homestead and settled there by the day

Later they adopted a baby girl whose parents had died, and then added to the family by two more daughters Rose (Mrs. Dionne) and Madeleine (Mrs. Lacombe).

During their life, they have shared happiness and have lasted courage a time at the loss of God Mr Mayett is still very active despite his 79 years. A man who has always lived a good christian life, he is a grand person in every respect.

The Traffic Safety Lane

By J. W. McKAY
Inspector Superv. Traffic Board, Edmonton

In May of 1956, our Alberta Provincial Council, Edmonton Ladies Highway Safety Association, will be meeting in Edmonton to attend to their annual business and to discuss a number of current problems. It is hoped that a large number of delegates will be present. Each community has been invited to send a representative. The aim of each group is to promote safety.

The purpose of the meeting is to:

1 To promote safety.

2 The provision of a safety code for the province.

3 The provision of a safety code for the province. It must be a code that will be acceptable to the drivers of automobiles.

These are some of the problems which have been discussed at previous meetings. Some of these problems are: [illegible] a safety code for the province. [illegible] a safety code for the province. [illegible] a safety code for the province.

Many Floral Tributes Received On The Passing Of O. Loughlin

MAXIMES DE L'EPARGNE

L'épargne est une vertu.
Il vaut mieux vivre que bien pauvre à son ennemi.
L'avenir n'appartient pas le travail et l'épargne.
La misère attend ceux qui gaspillent leur temps et leur argent.
Pour s'enrichir il n'est pas nécessaire d'être riche d'argent mais bien de vouloir.
Aucune somme n'est trop petite pour être épargnée.
Le meilleur jour pour commencer à épargner c'est aujourd'hui.

L'EPARGNE ENRICHIT
LA CAISSE POPULAIRE CATHOLIQUE DE ST. PAUL

YOUR FAMILY is surely your most prized possession. What is their future if something happens to you? Let us plan a life insurance program for you and your family.

LOCAL RED CROSS APPEAL

An appeal has been made through us [illegible] to the question of re-organizing Red Cross Work in St. Paul. Mrs. Blanche Brosseau has been appointed to call a meeting of local interests interested in Red Cross Welfare work.

We shamefully acknowledge that Red Cross enterprises in St. Paul have never been to a par [illegible] Town like ours. Provincial dues not even recognized as in lists of regular societies, simply because we never have anything to report except when it is a case of seeking aid.

It is an acknowledged fact that plasma from Red Cross Blood banks [illegible] popularity in the St. Paul Hospital, yet we have never [illegible] been established or held donor clinics to supplement the Red Cross Pool when it [illegible] a vital and essential serial need, especially in the case of emergency.

Red Cross [illegible] built by the people of the province for those children whose parents cannot afford prolonged treatment, provide the latest in medical, surgical and nursing care and it is, of course, a free service by Red Cross to all children of the Province requiring assistance. Your child could be the next inmate.

A meeting will be called on St. Paul on Friday, February 24th. Perhaps this year we can manage to organize on a constructive basis to help those in need. Our turn may come some day. March is Red Cross Month. Let's observe it well by doing our share to promote it.

WORDS IN PRINT

Come [illegible] for a moment the power of mass advertising [illegible] and [illegible] demonstrate [illegible] its ramifications are prodigious, its influence on contemporary civilization incalculable. Only in sleep do we find relief if a short time from the import it makes on both our eyes and our ears. It is a social giant, perhaps the most [illegible] concomitant of the [illegible] industrial expansion of the first half of this 20th century.

Such are the reflections prompted by a special survey [illegible] by the Dominion Bureau of Statistics. It revealed that in 1954 Canadians spent almost $400 million on advertising in the various media—an increase of 200 per cent in the space of ten years. Of the total, over 65 per cent went to newspapers, periodicals and other publications. Radio and television took 9 per cent and 2 per cent respectively, the remainder being shared between movie, billboard and outdoor display advertising.

It has, of course, long been axiomatic that in a competitive society functioning normally even top quality merchandise will not find a sufficient market by mere excellence alone.

Promotion of an intensive sales campaign through the medium of the modern advertising agency is an indispensable condition for the success of any new product coming on the market.

Even established "name" commodities must be kept constantly before the public in face of the rapid development of new and improved processes and the evolving of better production techniques.

These self-evident truths were given emphasis at least twice during the past year. A common result of the newspaper strike in Britain last April and the more recent one in Montreal was that sales of a wide range of merchandise fell sharply.

This is striking confirmation indeed of the power of the press. It perhaps helps to explain why in Canada the faith of advertisers in newspapers and magazines as a sales medium has so far been only slightly diminished by the rise of that glittering rival, television. —Industry

SHORTER AND LIVELIER

The new rules of the House of Commons are working out remarkably well, according to a man with many years in the Press Gallery at Ottawa. Putting a 10-day limit on the throne speech debate, he says, has not only resulted in shorter speeches but livelier ones, with more talking and less reading.

To an old Ottawa hand, any change probably would seem an improvement, says The Financial Post, but don't leap to the conclusion that the pethags and the timewasters have been completely checked off. You can still hear lots of this. "And now I would like to tell you something of the wonderful part of the country which I have the honour to represent" — and so on and so on.

But small mercies are much better than none at all and we do seem to be moving a little bit in the right direction.

BCN HUNTS SUBS WITH 'COPTERS

Extensive tests are being carried out off Canada's east coast to determine the superiority of the helicopter as an addition to the anti-submarine armament of the Royal Canadian Navy. Here a helicopter of HMS Magnificent, Britain's newest aircraft carrier, hovers over the underwater detection equipment which it may soon carry. Known as "dipping sonar," the equipment consists of a submersible. The helicopter of RN fame is engaged in developing anti-submarine tactics with ships and other aircraft of the RCN.

Hornets Take Edge On Canroy In Intermediate B Playdowns

(Continued from page 1)

St. Paul Hornets nabbed a quick lead, scoring their first goal at 2.55 by Bryden after Bethel was ruled off for tripping. Both teams then traded goals to make it 2 to another from Hryvnia and defenseman Pete Nevens.

By the time the half way mark of the period had rolled along, the game was tied at 2 apiece, McKee pounding the first Maroon goal past Clearwater on a play from Pentyrew and McGill Four minutes later Trusler fired a hard one on an assist from Hryvnia and Pentyrew.

And that was as close as the Maroons came to toppling the game down. A double penalty—goaler Brown called for holding and roughing—ran off his feet off at 13:15 and Kucey fingered for elbowing—put them two goals while short Pundich scored from Bryden and McKee scored on the other George did it again in about 60 seconds on passes from Dobie and Pudnich. Before the period ended Hryers signaled for the lights tripped by Debid And so it was a 6-3 lead in the first period for St. Paul.

Second Period

The Maroons tried to balance their books by opening the second frame with a flurry but Brown and Richardson it was all the thing they did and the deficit was further offset by three more St. Paul counters. Hryvnia, Richard and Pundich each scoring one.

Third Period

On they way in the third with a lot of up Canroys again bulged the net for an early goal at 1.45. Had it notified by Roberts, Richard and Evan Wilson Bolstered even out for the Hornets at 12:30 for high sticking the same usual happened two goals were lined up by St Paul with one man short Dion and Richard in probably what was one of the best plays of the game passed up through their defense on a perfect combination move which set Dion in front of the net for a short score. About a minute later Hryvnia carved the puck into the corner, rebounded it back to Debid in the goal mouth for another surprising goal Inspite of a series of two penalties by Roberts, and Nevens for interference, the southerners were able to garner only one more on the stick of star Pentyne, abetted by Richardson and Melean Final score 12-3

SUMMARY

First period 1. St Paul, Hryvnie (Debid) 2.55. 2. St. Paul, Debid (Hryvnie, Nevens) 3:16 3 Canroy, McKee (Pentyne, McLean) 6:10. 4 Canroy, Pendhar (Canroy)ng, Pentyne) 10:00; 5. St. Paul, Pundich (Hryvnie) 10:30. 6 St Paul, Valliere, 17:07. 7. St Paul, Valliere (Debid, Pundich) 17:50. 8 St. Paul, Hryvnie (Debid) 19:35 Penalties Nevens 1st., 2:55, Brown, held-ing, 13:15; Kucey, tripping, 13:42 Score St Paul 8-.

Second Period 9 Canroy, Lamb (Richardson) 1:00; 10 St. Paul, Hryvnie (Debid, Pundich) 12:45. 11 St. Paul, Richard (Dion, Roberts) 13:01; 12. St. Paul, Debid (Hryvnie) 19:35 Penalties Holmes, holding, 1:50; Canroy and Richardson, H.S. 10 Sec. Each, 11:40; Lamb H.S. 13:51; Clearwater, trip, 19:00 Score: St. Paul 8-3.

Third period: 13. Canroy, Richardson (Kucey) 1:45; 14. St. Paul, Roberts (Richard, Dion) 12:30; 15 St Paul, Dion (Richard) 13:00; 16. St. Paul, Debid (Hryvnie) 13:02; 17 Canroy, Pentyne (Richardson, McLean) 16:30. Penalties Holmes, trip, 3:11, Roberts, H.S. 13:30; Hearts, int., 14:30; Nevens, int., 15:44; Nelson, int. 18:30; Medill, trip, 19:20. Final Score: St. Paul 12-3.

Men's Bonspiel At Heinsburg

The Men's Open Bonspiel took place at Heinsburg on the week-end of February 17, 18, on the sheets of ice with 16 rinks participating. The weather was very cold, dipping down to 60 below on Saturday morning, but that didn't dampen anyone's spirit and everyone showed up for the 4:30 p.m. draw.

Saturday evening saw all but four curlers at the annual Banquet at which everyone had a plentiful feed of turkey. There were some very close games with at least eight having to play an extra end.

The winners were as follows

Grand Challenge

1st. Prize—Pete Yewchuk, Elk Point, trophies donated by P Buck.

2nd. Prize—Ragstadt, Dewberry, Steak Knives and Forks (Purchased)

3rd. Prize—Pat John, Heinsburg, Alarm Clocks. (T Eaton)

4th Prize—Knudsen, Dewberry, Carving Sets (Purchased)

2nd Event, Handicap

1st. Prize—L. Kapach, Heinsburg, Smoke Stands donated by Kapach's Store

2nd. Prize—Wm Demnik, Dewberry, Card Tables donated by R Gregor Store.

3rd Prize—Paul John, Heinsburg, Thermos Jugs donated by Imperial Lumber.

4th Prize—Frank Player, Heinsburg, Lamps (Purchased)

3rd. Event, Professional

1st Prize—Tom Jarvit, Dewberry, Travel Alarm (Purchased)

2nd Prize—Vince Lisac, Heinsburg, Steak Knives. (Purchased)

4th. Prize—N Myrkitiw, Heinsburg, Wallets (Purchased).

The prizes purchased were bought with monies given by dilligent curlers.

The Curling Club wishes to thank all donors of cash, prizes and work for their unstinted effort.

OBITUARY

Mr. Medley Kryzanowski

On February 9th., Mr Medley Kryzanowski of Glendon passed away at the age of 86 years.

He is survived by his loving wife, Mrs Arsinoia Kryzanowski of Glendon, 4 sons and 2 daughters Peter and Wasia of Glendon, John of Williams Lake, B.C., George of Calgary, Mrs. Annie Andrishuk and Mrs. Kasie Wesolosky both of Glendon; 24 grandchildren, John Kryzanowski, Glendon.

Questions Truth Of "Stories"

St Paul Journal,
St. Paul, Alta.
Dear Editor:

The people of Lindbergh would like to know who started the stories (which are not true of course) about the [illegible] and that occurred at the school the other day.

Whoever it is probably would do well to mend their own mind.

It looks as if someone were trying to give our principal and some of the families of the district a black eye. If the story [illegible] were [illegible] it [illegible] glimmer, very faintly we shall hear some loud squawks of protest from those responsible.

Yours truly,
A Ratepayer

Report From Parliament Hill

By J. M. DECHENE

Liberal Member of Parliament for Constituency of Athabasca

This is J. M. Dechene, Member for Athabasca, calling Radio Bureau Holler Give me broadcasting station CJCA at Edmonton, please.

I am pleased to have once more the opportunity to address my audience over Radio Station CJCA. It was the first broadcasting station to operate in Edmonton and district, and remains my favourite station of many old friends.

May I say back from church with you, until I see you, for the present I sit down and talk things over while mother is preparing the dinner.

Perhaps that Press and Radio have already brought to you the proceedings of Parliament for the 1st couple of weeks. However some important and most interesting debates have taken place over the week-end and on Monday the Address was adopted a few days ago after participating in the debate on External Affairs, which for two days received the attention of the members of the House of Commons. Some fine contributions were made and valid ideas were that were put forward by many members with the present leader, Mr. Lester Pearson and Secretary of State, Mr. Dulles. By the time this reaches you, you will all have heard that Mr. Eden visited Canada for a few days and was invited to address a joint meeting of both Houses of Parliament. The visit of externa affairs took place at a time when the Prime Minister of Great Britain, Sir Anthony Eden, accompanied by Mrs. Eden, recommended by Mr. Pearson, was conferring in Washington with President Eisenhower and Secretary of State

Navy Band To Present Concert

Ship Ahoy! Sailors, Cadets, and all patriotic citizens of St. Paul and District. You are urged to attend a Navy Band Concert to be held in the School Auditorium, starting at 2:00 p.m. on Sunday afternoon, February 29.

Entertaining you on musical waves will be the 30-piece HMCS Monners, Navy Band, presenting a program of light classical music, community sing, dancing and novelty music of their own arrangement.

The Blue Quills band will feature for band attendees and Mr. Knapp will address the audience.

The show is being sponsored by the civilian executive advisory committee to the St. Paul Royal Canadian Sea Cadet Corps, the Arrowhead. All proceeds on behalf of the cadets.

SECOND GAME OF HOME AND HOME SERIES IN INTERMEDIATE "B" PROVINCIAL PLAYDOWNS — VEGREVILLE AT ST. PAUL, TUESDAY, MARCH 6th

St. Paul JOURNAL

Volume 31. No 9 THE JOURNAL, ST. PAUL, ALBERTA THURSDAY, MARCH 1st, 1950

Overtime Victory Keeps Hornets In League Play

Dehid Scores Three; Pundick Gets Winner

Hornets got a new lease on life in the Eastern Alberta Hockey League playoffs last night at Vegreville when an overtime goal scored by George Pundick gave them their first game of the final series, after scoring two straight to the Rangers. Dehid and Hrycuk were credited with assists on the big goal which came at 7:30 in the overtime frame to make the count 5-4.

After Clarence [illegible] had secured the seventh and final shutout here [illegible] the winning goal at 13:35 in the third period. Reg Merlak pulled a beauty out of a goal scramble and tied the game at 13:13 with over a minute left to go in the game.

Centerman Marshall Dehid was the big gun, scoring a hat trick and banging himself two assists in the game. He started it along with Clearwater who again turned in one of his sterling performances to keep the Rangers in check. Had the Hornets lost this one there'd have been no need. They meet the Rangers again next Tuesday, March 6th at St. Paul.

Hornets with their backs against the wall, played one of their better games, combining well in all departments. Although the Vegreville Club started away, the first goals in the first period, play was in their some most of the time Rangers banged on two against St. Paul's one. Second period was about half it all the way, scoring three of their five goals in the period and in the third except for Merlak's opportunity.

Of everyone of the six Vegreville players it is of them to say that either Merlak or Letourneau featured in the scoring or assisting department. Those illegal professional imports are paying off . . . they play generally the entire game for the Rangers.

Shortage of Judges

Conference on soccer football Dion to re-shuffle his lines dropping back on the defense. Paul brought Rochinchuk up on the left forward, being with Richard and Hrycuk. The shuffle seemed to have worked wonders — Dion, while holding down the fort was able to take advantage of several good breaks and with Dehid made beautiful plays. They combined to score two of the smartest combination goals of the game.

SUMMARY

First period: 1 Veg., Letourneau (Merlak) 13:00; 2 Veg., Letourneau (Horton) 13:33; 3. St. Paul, Pundick (Hrycuk) 19:32. Penalties: Vallieres, Richard, Dion, Letourneau, Uhryn. Score Veg 2-1.

Second period: 4 Veg., Letourneau (Merlak, Hamblin) at 01:43; 5. St. Paul, Dehid (Dion) 5:39; 6. St. Paul, Hrycuk (Dehid) 10:30. 7. St. Paul, Dehid (Pundick, Hrycuk) 11:30. 8. Veg., Merlak (Letourneau) 14:30; 9. St. P., Dehid (Dion) 14:40 No penalties Score St. Paul 5-4

Overtime period. 13. St. Paul, Pundick (Dehid, Hrycuk) 7:30. Final score: St. Paul 7-6.

Hornets Lose Toss-Games At St. Paul

Hornets opened the first period with a goal scored by Dehid which kept them in the Vegreville defense zone for nearly 10 minutes. At 10:30 Clearwater started his home with an interference penalty, served by Clearman Richard. Twelve seconds later, Vallieres put Manuel caught shooting and given the nod, starting Hornets two men. Richard in the penalty box was replace a two minute sentence.

Sea Cadets Launched By HMCS Nonsuch Navy Band In Concert

Royal Canadian Sea Cadet Corps, "Arrowhead" recently commissioned in St Paul accepted sailors in its first public appearance, last night in a modern voyage under escort of HMCS Nonsuch's Navy Band in auditorium. Sunday to present a concert on

Filling a daring determination, the Blue Quills Cadet Band held its own with several march selections and a combination of orchestral renditions. All the vocals was young, talented White singing well received cowboy ballads.

It was remarked during the

[illegible] that blue Quills has the only sea cadet band in Canada. This is a distinction of being the only all-Indian band in the country.

Under the direction and baton of Petty Officer W A Halliwell, the 25-piece band harmonized into popular march medleys, with a flair of the navy and other popular numbers. Among some of the tunes played were Col Bogey on Parade, Oklahoma, Lady of Spain, Stout Hearted Men, and a special composition by P/O Halliwell entitled "HMCS Nonsuch March."

Interspersed between the musical numbers, horns and comedy was thrown in by Jerry Josey, a funny soloy, who likes to imitate famous persons. Synchronizing his actions to music and songs of Johnny Ray and others he went through a realistic performance of each one's style.

Recruiting Continued

that the size of cadets was not war, but citizenship. The boys are voluntarily enlisted to learn the basic principles of naval military life, to be ready for a conflict if one should materialize, disciplined, and to be given [illegible] instructions which builds character and self confidence from the fundamentals of life for the future.

Mayor Jules Van Brabant, a member of the Sea Cadet civilian Committee welcomed the sailors at the School Auditorium After the concert all were treated to a lunch at Blue Quills School.

Program was concluded with a "Sunset Serenade" composed of several tunes, ending "Navy ory" — lowering of the flag at sunset, bringing to end a naval day.

Voting Results S.D. 45 Change

Votes Tied, Steane Declared Elected

Mike Sheppert of Cork, leading and elected by two votes to the Board of School Trustees in Sub-District No. 2, S.D. 45, according to unofficial count last week, was tied by R.D. Sloan at the count-down.

Both Sheppert and Sloane received 171 votes. Under two amendments John Cameron got 96 and R. B. Pattison 94.

It is necessary to Section 143 (3) of the school Act, which declares that in the case of two candidates obtaining the same number of votes, the person whose application was handed in first will be duly elected. Returning officer, Mr. Meunier announced R D Sloane elected to the board on the basis of papers filed, January 12th. Sheppert had made application on the 13th.

TO ALL THE ELECTORS OF THE TOWN OF ST. PAUL

On Monday, March 6th, you will be required to exercise your democratic privilege by voting for the candidate of your choice to represent You, in the administration of your civic affairs on the Town Council for the next three years. Vote for whom you choose, but remember IT IS YOUR DUTY TO VOTE.

Respectfully yours,
Jean A. Bigras.

COMING EVENTS

St. Theresa Hospital Auxiliary meeting, March 8th., 2:30 p.m. at the hospital. All members requested to attend.

Chanteuse Wins Farmers' Spiel

The market was good for Henry Chanteuse and his boys who won themselves the big loaf of the season, taking the first event of the Annual Bonspiel Bonspiel held over the week end at the St. Paul Curling Rink.

Receiving the Conroy Trophy, presented by Mr. Bill Conroy, each member of the rink received a 25-lb can of grease donated by Joe O'Driscoll on behalf of S.A. Oils

Bon Ami Related Products shipped the entry. Henry played third, Peter second, and Angus Steane the lead roles.

Second grade was awarded to G. Hovaldmeng rink, piloted by F. J. Ladouceur, Joe Pietrowski, third, G. Hovaldmeng second, Orval Savadgen lead. Thirty-four rinks of semi-farmers were thrown in by Jules Van Brabant and Ed Meunier.

Third place winners Tex Rowsome, skipped by Ralph Hollingshead Brother Vic was third, Adam second and Johnny threw lead recks. The men were highlights donated by St. Paul Sales and Service.

SECOND EVENT

The cream of the crop in the second flight of the spiel was skimmed by Raymond Lafebvre who hired Laurence Bastien Jr. to ship his farmers. Raymond himself played third, Paul Beaudrie second and Emile Lefebvre took the initiative Prizes, carrying Courtesy of Lambert Bros. St. Paul I.H.C. Dealers.

Second grade in second place of this event, and Joe Gerard skipped the w rink to ship Yve LaBoka, one at the controls, Joe third, Raymond Lefebvre second and Ed Pacquette lead. Their effort they were interested by Don Guthrie of Imperial who awarded 3 gallons of Motor oil.

Hanging on for a spot in the final prize money, last third, Raymond Lefebvre skipped his rock's under the direction of Alex Hamel, Phillips, Raymond third, Armand Desaliniers second and Julien Fetay at the lead. People's Store gave bale for the winners.

Winners of the biggest end of the spiel, the Laurens Bastien entry made it with Tony Paly at the helm. Along with Laurent Desaliniers and Tim Lambert. They were rewarded by Finnh Gundy and S. Cooper with flashlights.

Chas. Gauvreau, Jr. was in charge of the spiel and running the draws.

Red Cross Ready For March Drive

Mrs. H. Brosseau Elected President

Committee Organized To Campaign For Funds; Will Start Annual Collection Soon

The St Paul Branch of the Red Cross reserved a blood transfusion with a large number of new types present at a re-organization meeting last Friday at the Town Hall.

The meeting was well attended and enthusiastic. Plans have not been made to work in this field which is vitally important to the welfare of the district and to you individually, including the citizens of St. Paul.

Elections were conducted with closer for President going to Mrs Hector Brosseau, Vice President, Dr Wm. Turbitt, Secretary-Treasurer, Mrs Jean Bigras. Directors Mrs. Fred Beauland, Mrs. E. J. Sheahan, Mrs S. B. Cooper, Louis Letourneau, Bill Conroy, Mrs. Roland Desrosiers.

The Fund Raising Campaign Committee, which has to get the drive under way, has been elected, was immediately appointed and discussions on ways and means of raising money was presented. Before forming other committees, last to a later date.

Purpose of this responsible post are Wm Conroy, Louis Letourneau, Mrs. Louis Blais to be Mrs Norman Slater

Other committees to be organized at the discretion of the executive are the Blood Donor Clinic, Junior Red Cross Work, Women's Work, Health and Welfare, Safety and Membership.

Dr. Roland Desrosiers complained that the Red Cross organization is doing vital work and has supplied, on many occasions, large amounts of blood to the hospital for use of patients.

It is sincerely hoped that the people of St. Paul will recognize these services of the Red Cross and repay the favors granted by giving generously during the forthcoming drive St. Paul has always been below par. Let's meet the $1200 objective set this year for our campaign.

LOCAL NEWS

Mr John Pratt of Chrysler Corporation of Canada, held a three-day conference with the dealers of this district on Tuesday, Wednesday and Thursday. Getacquainted with parts of the new line was stressed.

Messrs. Bernard Bedard, S. B. Cooper, J. D. Buckley, Albert Tremblay, Paul Baizy and Ted Gervenus motored to Bawlf last Saturday to attend funeral services of Mrs Ovid Hanson who died recently at Pence River Mr and Mrs Hanson were the former part owners of Central Supplies of St. Paul.

Jaycees Urge Citizens To Vote

The local St. Paul Junior Chamber of Commerce is going all out for the coming elections on Monday March 6th, in an effort to stimulate the general ratepayers into exercising their voting franchise.

For ratepayers who can't get the car started or who don't have the time to walk down or who can't make it down to the polling office for some reason, the Chamber has established a Central phone number This number is 366 All one has to do is phone 366, give their address, and a Get-Out-And-Vote Chamber of Commerce car will pick them up and drive them to the depot and drive them back home. All it takes is a little phone call.

Preparations and time have been devoted to this service and it is hoped that many ratepayers will take advantage of it. Let's be appreciative of the fact that we don't have to brave guns at our backs when we vote Exercise the Freedom of Vote Phone 366 on Monday, March 6th, between the hours of 9:00 a.m. to 5:15 p.m

Cold Lake Open Com. Fishing

A ministerial notice recently issued declares the waters of Cold Lake open to commercial fishing, commencing on March 1st, 1950.

The order comes after representations from fishermen in Cold Lake to have the Lake open for fishing earlier for the past years to permit a systematic program of fishing. And while fish, seriously depleted

Part of the ministerial order reads as follows

"(a) Fishing shall not be carried on except under authority of a Fisherman's License which shall authorize the holder thereof to use not more than one hundred (100) yards of gill-net with the mesh size of 5½ inch minimum measure.

(b) Fishing is subject to a catch limitation of 200,000 lbs of whitefish and 8,000 pounds of take trout and the licensee shall cease fishing when either of these catch limitations are reached."

Ledoux-Instruction d'une ville est une grosse entreprise. Comme toutes autres entreprise, l'argent dépensé est urgent gagné.

L'électricité est douteur en quantité de chaque candidate et ne peut exhiber qu'il n'y aurait absolument pour l'ameliorer à l'assistu tout en se rappelant qu'en municipal doit aussi avoir un bon jugement.

Et vous me favorisez de votre vote je m'efforcerai de vous représenter comme vous le désirez et je jure vous les offrez pour que notre collaboration dans notre ville vers de plus grandes destinées.

Votre candidate au conseil,
JOHN W. HULL

John W. Hull Your Candidate For Town Councillor

On Monday March 6th, every person who is or who has reached the age of 21, will be voting for the candidate of his choice. A keen councillor chambers great responsibility, with his representation for efforts involved It is the duty of each of the six councillors to discern carefully the nature of every problem, and to find a satisfactory answer to the town as a whole, while at the same time to keep the taxpayer in mind.

Last year, the amount of $136,-341.86 was spent, out of a total revenue of $154,216.31. Town government is big business. As in every business, a dollar saved is a dollar earned Consider carefully the qualifications of each candidate Remember that there is no substitute for honesty and integrity, while sound judgment and business aptitude are a must.

Should you favor me with your confidence by casting your vote in my favor, I shall strive to the utmost of my ability to represent your desires and wishes, in order that by working together in harmony, we will make a better and bigger Town of St. Paul.

Your Candidate for Council
JOSEPH W. HULL

VOTEZ POUR HULL

Lundi le 6 mars prochain, tout citoyen âgée d'appui dix-huit ans aura droit de vote. Ce sera pour le candidate de son choix

Un conseiller assume de lourdes responsabilités pour l'administration de notre municipalité. Chacun de six conseillers a le devoir d'étudier soigneusement les données de chaque problème qui se pose et de y apporter une solution qui soit profitable pour la population en général tout en prenant soin de ne pas gaspiller les argents des contribuables

L'an dernier la somme de $136,141.86 fut dépensée alors que les recettes se sont totalisées à $154,216.31

L'administration d'une ville est une grosse entreprise. Comme toutes autres entreprises, l'argent dépensé est urgent gagné.

L'électricité est douteur en quantité de chaque candidate et ne peut exhiber qu'il n'y aurait absolument pour l'améliorer à l'assistu tout en se rappelant qu'en municipal doit aussi avoir un bon jugement.

Et vous me favorisez de votre vote je m'efforcerai de vous représenter comme vous le désirez et je jure vous les offrez pour que notre collaboration dans notre ville vers de plus grandes destinées.

Reierson Says School Grants 75% In St. Paul School District And Municipality Gets 40% of Rural M.D. Budget

Bridge Approved At Lac Pare To Serve East And Heinsburg

Following is an excerpt from the Hon. Roy Reierson's address to the Alberta legislature in reply to the speech from the throne. There will be more next week on rural electrification.

Mr Speaker:

In rising to take part in this debate I would first like to add my congratulations to the mover and seconder of the Reply, to those already extended I also congratulate all who have taken part in the debate It has been most interesting and constructive.

To the new members who spoke for the first time I especially extend our tribute must be paid.

This is my first opportunity, Mr Speaker, to sincerely thank the members from both sides of the house who so kindly extended congratulations and best wishes to me on my elevation to the front benches. It is my fondest hope that I will merit the confidence placed in me. At the last I may be privileged to make some contribution to the overall progress of Alberta, the time and you will always find me ready and willing to meet opportunities and accept obligations.

I am fully aware of the special parliamentary function that I Minister of the Crown must accept full responsibility for the actions of every member of the staff in his Department. This, Sir, I am prepared to do, confident that I may be granted the courtesy to guide them well.

Congratulations

I need not spend the time of the house in extolling the virtues of the Constituency of St. Paul This has been taken care of by previous members in their most conduct terms.

What we like is having happy spirit of zeal resulting in low average documentation made up by the resourcefulness of my people and to wonder working properties of equalization and by both school and municipal.

Quotations: Alberta Municipal must very nearly 75% of costs within the 75% Grants and Municipal Revenue Grants and Public Work Grants cover 40% of Rural Municipal Budget. Grants for these two purposes alone are equivalent to 100 mills in the St Paul Municipal District The added help from the Constituency Fund is being asserted Premier Highway up to very good standards will do much towards solving our every rural road problem. Low population, long distances, and scattered population has been the problem in this field difficult The help given has been extremely and to bring the constituency

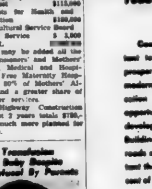
Some of the following figures may be of interest to this house, Mr Speaker They cover provincial direct assistance The kind where the money is actually handled by the local authorities

Grants to St. Paul Constituency

1955 School Grant for operational purposes, over $575,000
33 Municipal Grants for Road Construction, over $160,000
1955 Gas Tax Rebate of 2c per gallon to Municipality, over $ 30,000
1955 Special Grants for Main District Highway Construction $115,000
1956 Grants for Health and Hospitalization $100,000
1956 Agricultural Service Board and Allied Services $ 1,800
TOTAL $ 782,800

To this may be added all the cost of Pensioners' and Mothers' Allowance, Medical and Hospitalization. Free Maternity Hospitalization. 80% of Mothers' Allowance and a greater share of many other services.

Main Highway Construction in the past 2 years totals $750,000 with much more planned for the future.



Orders Taxwhacken For Pal Bonjohn Reduced By Parents

Magisterial District of Hamilton ordered that a 24-hour old baby boy given blood transfusion at the expense of the parents. members of the Johnson's Wrestling Club and Mrs. Agnes Atwell said he is "very much" under the authority of the Children's Protection Act. Service is complete to transfer care of a child in the Children's Aid Society any other there is evidence of neglect on the part of the parents.

Alberta's Going Places . . .

on good Roads!

Today Alberta has More Than 2,000 miles of Paved Highways . . .

Good roads are vitally important to Alberta's progress and prosperity. They are the arteries of modern commerce and communication . . . and open up vast opportunities for expansion and development of natural resources. Building and improving Alberta's roads and highways is so important that last year almost 30 per cent of the total provincial budget was allocated for this purpose.

$5,000 MILES OF ROADS

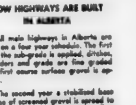
A network of 55,000 miles of highways and roads, more than three times the earth's diameter, is controlled by the Department of Highways. Over 2,100 miles of the system are hard-surfaced highways — compared with 231 miles in 1946, just 10 years ago.

Alberta also has more than 30,000 miles of gravelled roads; 26,600 miles of graded roads which are still to be gravelled, and nearly 39,300 miles of district and local earth roads.

7 HIGHWAYS BRANCHES

The work of the Alberta Department of Highways is conducted by 7 branches:

1. The Location Branch selects the location of new highways and roads.
2. The Surveys Branch surveys the completed location of highways and all roads in improvement Districts, and administers all government-owned land in the province.
3. The Construction Branch makes all highway locations, purchases gravel and does all work such as cross-surfacing and leveling.
4. The Bridge Branch builds all highway bridges and is presently conducting an expanded program to provide for modern traffic requirements. Bridge design is carried out by the branch, but construction is distributed among private contractors.
5. The Accounting Branch assembles each of each type of highway, bridge and ferry.
6. The Maintenance Branch maintains all main highways, awards grants to municipal districts and improvement districts for road work and supervises all work done under these grants.
7. The Motor Vehicles Branch, which licenses the Highway Traffic Board, issues all vehicle licenses, conducts driver tests and passenger car safety tests and controls truck and bus traffic.



NOW HIGHWAYS ARE BUILT IN ALBERTA

All main highways in Alberta are built on a four year schedule. The first year the sub-grade is applied. Grades, foundations and ditches are fine graded and first course surface gravel is applied.

The second year a stabilized base course of screened gravel is spread to a depth of five or more inches. Two more layers of crushed gravel come next, the second consisting of asphalt bound crushed rock, bringing the total depth of the base course to nine inches or more.

The third year a coat of asphalt is first applied and then a hot plant mix of asphalt and sand, about four inches thick is rolled into place.

The final year of the schedule the surface seal coat of asphalt and sand mixed is applied, lines are painted and the highway is ready for traffic.

Expert engineering skill and knowledge goes into the construction and maintenance of Alberta's vast highway system. Safety and convenience are built into every mile of road, and the standard of highway maintenance is among the highest in Canada.

ALBERTA
PUBLIC INFORMATION SERVICE

Largest Budget In History Brought Down By Hon. Hinman

By REX MASON

EDMONTON — Alberta's 21st consecutive Surplus Budget was handed down in the legislature on Thursday and an unprecedented Tax Reduction announced.

Highlight: Treasurer E. W. Hinman's prosperity dividend was the largest in Alberta's history — ending for record expenditures of $242,421,563 in the coming fiscal year Based on Alberta's population of 1,089,000 that's about $227 for every man, woman and child in the province.

The budget speech, delivered by Mr. Hinman as a special night sitting (20 Tuesday), had the earmarks of an election budget, even though last year was election year.

The best feature, so far as the average citizen is concerned, was the promise that the unearned increment tax will be abolished The tax, which nets the province about $1,000,000 annually has been levied on the increase of real property when it changes hands

To compensate for the loss in revenue, the government proposes a slight increase in some Life fees, which haven't changed since 1914 So far as the individual dealing with the land titles office is concerned, the increase in fees will be small But the elimination of revenue will be spread out over the many more people

Opposition ranks in the legislature are hailing the abolition of the tax as a major victory They have been urging it for several years In the lower real estate agents and laymen with occasion to sell property

As in past years, highways, education and public health— as well as municipal roads— will take the biggest bite out of the public purse.

Public health services will get the province $28,954,000 and will include what the budget terms ample provision" for the province's entry into the proposed federal-provincial hospital and diagnostic service Ottawa would pay up half of the cost

Mr Hinman giving his first budget address since his appointment as provincial treasurer in the cabinet shuffle last summer, called for an estimated surplus of $[illegible] for the year

However, the province will have to dip into its accumulated surpluses to the tune of $33,-080,573 to make ends meet during the year The reason is that $42,000,000 has been set aside for statutory payments.

These payments will include placing $25,000,000 into the municipal roads [illegible]

Premier Manning's Social Credit government had won decisive [illegible] motion power in the election last summer And it was accomplished without a [illegible] man uttering a word During debate on the Throne Speech Liberal Harold E. Tanner of Edmonton criticized a section expressing lack of confidence in the government for its policies on education Mr Tanner, an Edmonton high school principal, charged the government with allowing educational standards and teacher qualifications to slip.

After Mr Tanner had spoken, Hugh John MacDonald, Calgary Liberal, seconded the motion and made a few more charges

As soon as Mr MacDonald was finished, Social Credit members called for a vote Hon A. O Aalborg, minister of education had been taking notes but did not rise to debate the issue

A standing vote was taken, and the non-confidence was defeated 56 to 21 One opposition member, Bryce C Stringam, independent from Bow Valley-Empress riding, supported the government.

"CATS" HAUL RADAR SITE SUPPLIES OVER ARCTIC MUSKEG

Heavily progressing northward along the west shore of Amund Bay, this tractor trailer is one of a group hauling 14,000 kgs of material for Canada's northern radar sites. The long haul, the most ambitious ever undertaken in the sub-Arctic, will result in over 2-mile segment being finished in the 3,000-mile radar chain stretching from Labrador to the Pacific coast through all Alberta. The giant caterpillar tractors move along at three or four miles an hour over trench areas known as muskeg and rivers whose ice must be tested before crossing.

treasury during the coming fiscal year, which starts April 1st.

An all-time record $86,888,370 highway program is forecast, with $35,987,150 going to construction of main roads and bridges $8,225,000 for grants to improvement and municipal districts, grants to municipalities and contingency grants. The total cost of highway work will be an increase of $2,274,295 over last year

Education department spending of $30,157,200 will be an increase of $3,052,215 over the previous year. Most of the increase is due to larger operational and construction grants, which will amount to $32,940,100. The government will spend another $7,150,000 on tax reduction subsidy grants, which were started last year in an effort to keep school taxes throughout the province at 25 mills or less.

set loans to finance their capital works $6,500,000 to Alberta Government Telephones, $12,000,000 for school construction [illegible] $4,000,000 for rural electrification [illegible] $1,000,000 for homestead loans [illegible]

Payments such as these are investments which the government expects to be repaid, but the budget speech says they are listed as expenditures.

The total estimated expenditures of $242 421,563 represent an increase of $19,456,315 over last year's estimated $222,965,-248.

The budget speech traditionally is delivered on a Friday night so the opposition can study it over the weekend and be prepared to launch the budget debate the following Monday / Premier Manning, Liberal opposition leader, was expected to start the [illegible] Monday of next week

St. Lina Club Meet At Sutton Home

The monthly meeting of the St. Lina Club was held at the home of Mr. W. H. Sutton.

At our previous meeting it was decided to invite the Mallaig Club for some "pointers" on conducting our future meetings. Members present from the Mallaig Club were: Club leader Bridget Corbierre, Secretary Albert Saurette and Joseph Corbierre. Because of Emile Auguette's absence, Joseph Corbierre gave us an interesting talk on "Tips for Preparing Meetings."

It was decided between the two clubs that we have a Club rally on March 3rd. We will vote it farms near St. Paul.

Club members from the St. Lina group furnished lunch for the visitors and an enjoyable evening was spent by all.

I would like to take this opportunity to sincerely thank the Mailing Club for coming to our meeting.

Hornets Lose Second Game At Camrose But Win Series On Goals

Travelling under duress at the Camrose Memorial Gardens of the Alberta Amateur Hockey Association, of Commissioner Mel Purvis, Commissioner from Edmonton Hornets lost the second of a home and home series, 8-6 at Camrose, Saturday. However, they retain the lead in the playoffs by virtue of three 12-8 win in the first game played Sunday which gave them a three point edge

They continue on the Alberta Playoff trail against Barons and Drakes in Edmonton Thursday and return game will be played at St. Paul, Sunday, March 4th.

St Paul was sandwiched into an emotionpacked position Saturday Eastern Alberta Hockey League officials, after postponing the playoffs one week, rescheduled play for last Wednesday at Vegreville (20 Paul lost 8-5) and at St. Paul yesterday (Sunday).

St Paul offered Camrose a half a dozen alternate dates, but none would suit the small city, because they were tied up in playoffs in the Battle River League and could not agree on a definite date At the last moment, when it became evident that they would not have the game to play in their league Saturday, having used up all our alternative dates for themselves, Mr Brown, who is the president of the playoffs, and resides in Camrose with orders to be there or forfeit the series (We suggest St. Paul elect executives in the league to the same to pay off at the right time)

With a game scheduled with Vegreville Rangers, things were critical but Fish's arrangements were made to the disappointment of local fans, to again remember Hornets. Due to the playoffs Rangers [illegible] here Tuesday, instead of St Paul at Vegreville Wednesday. It's Vegreville and Saturday, back at St Paul for Saturday and so on until the [illegible]

St. Paul led the Maroons 3-1 at the end of the first period. Ted then 4-4 at the seconds, but lost ground in the third allowing four goals and [illegible] themselves The boys seemed content to relax behind their 7-4 lead which was never at any time seriously threatened

Summary

First period 1 Camrose Fontaine (Hennerling) 2:31, 2 St. Paul, Nevea 5:24, 3 St. Paul, Hryvn (Dahld) 12:31 4 Camrose Roberts, (Mcdonald) 13:51 5 St. Paul, Dahld, trip, 6 Camrose Lanak (Emmerling) 14:51 7 St Paul, Roberts (Richard) 12:50, 8 St. Paul, Dahld (Hryvn) 15:15 Penalties Costas, trip, 2 St. Dahld, trip, 4 Score 4-4

Third period 9 Camrose, McKee (Fontyne) 7:36; 10 Camrose, Bailey 9 27, 11 Camrose, Fontyne, (McKee) 12:30; 12 Camrose, Richardson (Lanak) 16 29 13 Camrose Vallieri, boarding, 2:21 Final Score, Camrose 8-4

St. Paul — Art Clearwater, Guerreau, Lalbourne, Vallieri, Neves, Robichaud, Dahld, Hryciw, Pundack, Richard, Dion, Roberts, Kindell, Sylvester

Camrose — Goal O Brien, Costian, McGill Preacher, Kreo, Richardson, Fontyne, McLean, McKee, Lanak, Calhoupe, Bailey, Emmering, Christensen.

How Medical Insurance Plan Gives True Expense Coverage

A new insurance plan designed to aid people in meeting heavy medical costs is now available in the new Hartford Major Medical Expense Policy just announced by Greg O'Neill, well-known local insurance man.

Featuring many innovations and outstanding protection, Mr. O'Neill described the policy, developed by the Hartford Accident and Indemnity Company, as "true medical expense" coverage, and not just "surgical-hospitalization insurance."

In fact," he added, "the new policy doesn't even require a doctor's statement in order to qualify for benefits, which is a unique feature The Major Medical was goes beyond ordinary hospitalization benefits offering maximum protection when the medical cost of a serious illness or accident deals a crushing blow to the finances of a person or family."

Prolonged disabilities frequently mean virtual bankruptcy for people who lack provision to meet unexpected expenses, Mr O'Neill said, adding that "unforseen medical bills were blotted out by an U.S. Bankruptcy Judge for an increase of 25 per cent in personal bankruptcies in his area during one year"

The new Hartford Major Medical insurance may be written to cover individuals or families and is available in Basic Policy limits of $5,000, $7,500 or $10,000. The maximum benefit selected applies to each accident and each medical [illegible]

Mr. O'Neill, stressing the importance of the new plan, said that "unforseen medical bills were blotted out by an U.S. Bankruptcy Judge for an increase of 25 per cent in personal bankruptcies in his area during one year"

The new Hartford Major Medical insurance may be written to cover individuals or families and is available in Basic Policy limits of $5,000, $7,500 or $10,000. The maximum benefit selected applies to each accident and each medical [illegible]

RED CROSS CAMPAIGN

Slogan for the 1956 Red Cross campaign for funds in Alberta is "If Even What You Would Do If You Were There." This is a reasonable slogan in as few words as possible, the work of Red Cross which simply does the work which all humanitarian-minded citizens would do if they had the opportunity.

It is only logical that because all those who wish to help others cannot be on hand to do the work themselves that an organization should take over and do the job. It is also logical that an organization should coordinate the help offered and utilize it in the best means possible.

All programs of Red Cross are designed to assist suffering humanity in the best possible way and Red Cross with its provincial, national and international affiliations stands ready to expedite help across the world.

In our own province, with 42 years' service and experience making it unremarkable contribution towards the well-being of its citizens, the Red Cross continues its efforts to prevent disease, improve health and mitigate suffering.

The enormous amount of good done by the Alberta Red Cross Crippled Children's hospital since 1932 and the Blood Transfusion Service since 1947 cannot be questioned. And, during these 42 years' service, let us not forget the many other programs such as the Junior Red Cross, Prisoners of War parcels, Women's Work Committee, Swimming and Water Safety and Outdoor Relief which have done more than their share in serving the province.

Once each year, in March, the Red Cross asks for funds to carry on its work. We cannot do less than support the Red Cross as generously as we are financed able

CALL TO THE POLLS

We'd like to back the St. Paul Junior Chamber of Commerce on their CHET-OUT-ARE-VOTE campaign in which they are trying to stimulate interest in the polls on Monday, March 5th, for the election of two Town Councillors

There are four men in the race and it is important that they are chosen on a representative vote which expresses the desire of all citizens and not only a few. Who you vote for will mean a lot on selection of Town policies and administration of our affairs.

Hopeful electors are notorious for their lack of interest but strangely enough, just let one candidate get out of line and everybody wants to lynch him. Now is the time to shuffle the cards and give others in the race you firmly believe is better qualified for the important job.

We are not going to tell you who to vote for . . . we just want to remind you and tell you to vote for the men of your choice.

The election again is Monday, March 5th, at the Town Hall between the hours of ten o'clock in the forenoon and seven p.m. in the evening. For the convenience of those whose occupations or otherwise forces them to be out of town on that day, an advance poll will be set up in the Town Hall, between ten o'clock in the morning to 12 noon, on Saturday, March 3rd. Vote with an X, for two men.

FARM POLICY

In the legislative halls and throughout the country, agricultural marketing policies are being debated, disagreements and criticisms are being freely expressed. That is all for the good. We undoubtedly have problems and from the ideas of many, sound solutions should be reached. In current discussions, however, opponents of the Canadian Wheat Board are missing the opportunity to discredit it in the eyes of the public. So far as Western farmers are concerned they have served for years to establish a Wheat Board. Every other organization embraces it today and fully believes that under any other known marketing system our problems would have been infinitely worse. Producers' grants have generally been aimed at government policy and not Wheat Board operations.

Most organizations, including the Alberta Wheat Pool, have advocated that the government formulate trade arrangements that would facilitate the Board's export program, strengthen its domestic price, assist the producer in holding grain until the Board can accept delivery and provide encouragement to switch cereal acreage to other crops until the competition is eased. Wheat Pool members across the West are solidly behind the Canadian Wheat Board and resent attempts by others to undermine its principles

Ferguson Flats Resident Passes On

Mr Charley Martin

On February 18th, Mr Charley Martin passed away at the age of 62 years

He was born in Nebraska and came to Canada at an early age with his parents. Mr Martin farmed in the Ferguson Flats district

He is survived by his loving wife Rose Martin and four daughters Betty, Barbara, Teresa and Edna, all at home. Four sisters and three brothers Mrs. Mary Cunsmann, Yellowknife; Mrs Margaret Ketchum, Kelowna; Mrs. Esther Lumly of Fort Moody, B.C.; Mrs Edna Dartford of Spring Park, Fred Martin, Sorrie Park B.C. Martin, Vernon B.C. Joseph Martin, Kamloops, B.C.

Funeral service was held in Ferguson Flats Hall on Friday, 2:00 p.m. Rev Day officiated and interment was made in the Ferguson Flats cemetery

Pats Dair Funeral Home of St Paul was in charge of funeral arrangements.

NEW BRUNSWICK POWER PROJECT SHOWS FAST PROGRESS

Eight and one-half months after the turning of the first sod, the dam of the New Brunswick Electric Power commission's 132 000 h.p. Beechwood hydro project begins to take shape. From the east bank of the St. John river, 100 miles above Fredericton, can be seen five of the west side rollercam; a half dozen 60-ft. liners. This $30,000,000 project is one of a series that will power the province's growing industry.

WMS Auxiliaries Of St. Paul Presbyterial Meet At Holden

The annual meeting of the WMS Auxiliaries of the St. Paul United Presbyterial was held in the United Church at Holden on February 8.

Fifty or more ladies representing Wainwright, Vilna, Vermilion, Irma, Viking, Ryley, Vegreville, Lloydminster and Holden were present.

Morning coffee and doughnuts awaited the delegates when they arrived. Presbyterial president, Mrs Hamilton of Wainwright, then took the chair and conducted the meeting in a most pleasant and orderly way.

The morning devotionals were taken by Mrs Ryley of Irma who spoke from the text "Return unto thine own house and show how great things God hath done unto thee."

Presbyterial was then declared constituted. The address of welcome was given by Mrs Gerbatsch of Holden and the reply by Mrs Letourneau of Ryley. Minutes were read by the secretary Mrs Nicholson of Vegreville. Following Roll Call the Literature Table was inspected.

A fine dinner served by the Holden W.A. then enjoyed. The nominating committee was busy during the dinner hour and greetings were received from Presbytery W.A. brought by Mrs Lee of Vermilion.

The afternoon worship service found us in the 23rd Psalm was then given by Mrs. McLean and Mrs. French of Vermilion. Dr Villet of Alberta College led in prayer.

Officers reports were then read by Mrs. L. Hamilton of Wainwright and Mrs Hendricks of Vegreville

All allocations had been met with 5 Allocations overcontributed. It was agreed to accept a 3½% raise on the allocations. When voting on CBA projects it was agreed to send money to the Children's Home at Needles.

Rev McPherson of Wainwright, chairman of the Presbytery, then addressed the gathering and said that the WMS was a source of joy and pride to the Christian Church. He said the church must deepen its sense of Missionary.

Departmental reports followed. Space does not permit much detail. All reports were very encouraging. A few of the highlights were as follows: Vegreville Auxiliary has adopted a Korean child, Billy Im of Pusan, etc was engaged to Korea from St Paul Presbytery in 1949. There are 107 UNIT members in our Presbyterial at present. The Christian Citizenship Report pleaded with the members to use their influence to keep alcoholic beverages away from such Christian activities as Christmas and weddings.

Miss Ila Mercer—WMS worker from Vilna was ordained the service of In Memoriam for those members of our Presbyterial who have passed on to higher service during 1955 and Mrs Taylor of Holden sang "Touch Me To Pray."

Our guest speaker and branch president, Mrs. Villet of Edmonton then gave a splendid address. She told how the changing patterns in life of today held a challenge for the church and stressed the need of a closer tie between WMS and W.A. Also the increasing importance of children's work and the opportunity of contacting parents through the children. She told how the Layman's Forward Movement of 60 years ago brought new life and strength to the Christian church and how this had been accomplished by prayer and study groups within the various churches and finished challenged one and all to go forward with prayer and dedication to again bring about a similar revival during the National Evangelical Mission of the United Church this coming spring. Inviting and witnessing so that people will know we have been with Jesus.

Following the offering and prayer Mrs Campbell of Holden gave a fine talk on the film Martin Luther.

The president then spoke briefly and expressed her joy in the past years work

The nominating committee then made its report. The following officers for 1956 were installed by Mr McPherson

"Presbytery President, Mrs. Hamilton, Wainwright.

1st Vice, Mrs. Hay, Ryley
2nd. Vice, Mrs. Campbell, Holden.
3rd Vice, Mrs Ziegler, Vegreville
Recording Secretary, Mrs Hendrick, Vegreville
Corresponding Sec. Mrs McPherson, Wainwright
Treasurer, Mrs Burgar, Vegreville
Christian Stewardship, Mrs Burt, Vermilion
Literature Head, (Lloydminster to fill)
Mission Cattle, Mrs Foran, Holden
CGIT, Mrs Zimmerman, Irma
Baby Bands, Mrs Rostock Vermilion
Explorers, Mrs A. H Sweet, Islay
Associated Members, Mrs Cross Ryley
Supply Sec., Mrs. Mitchell, Wainwright
Community Friendship, Mrs Knapp, Cold Lake
Literature, Mrs Sonley, Marwayne
Christian Citizenship, Mrs. B Campbell, Vegreville
Missionary Monthly and World Fields, Miss M Shone, Islay
Candidates Sec. Mrs David Vermilion
Press, Mrs Nicholson, Vegreville

Delegates were appointed to conference branch and an invitation was issued by Vegreville for the next annual meeting to be held there The invitation for the next Fall Rally was given by Wainwright The meeting then closed with a hymn and benediction.

A lovely supper was served to the ladies at the church basement and a vote of thanks was given to Holden for the hospitality and christian fellowship enjoyed.

The Prayer Of Saint Francis

LORD make me an instrument of Thy peace, where there is hatred, let me sow love where there is doubt, faith where there is despair, hope, where there is darkness, light, and where there is sadness joy

O DIVINE MASTER, grant that I may not so much seek to be consoled, as to console, to be understood, as to understand, to be loved as to love, for it is in giving that we are pardoned, and it is in dying that we are born to eternal life.

SUCCESSORS TO DAFOE, BOWDEN

Although Canada's famed figure-skating duo of Norris Bowden and Frances Dafoe has retired, this lucky couple appears ready and able to follow the winning tradition established by the Bowden-Dafoe combination. The latter were edged out by a slim margin in 1948 world pairs champio ps recently by Austria's Ingrid Wolfisc ame who was the 1955 super crown. But despite their popu r Wagner and Robert Paul of Toronto, above, placed fifth in wo crowds, giving impressive warning that may be gold medalists in the next Olympics.

The Traffic Safety Lane

By J. W. McKAY
Superior Highway Traffic Board, Edmonton

Last week I commenced an series of articles on "The Traffic Accident Problem In Your Community". I pointed out that a Safety Program must take root at the community level. No two districts have the same problems

I wish to continue with the heading

1. WHO needs to attack in your community?

Let's not shut our eyes and say there is no problem in our community. Every community has traffic problems—any community has reached the stage of perfection Alberta has shown a steady increase in the volume of vehicles and drivers Along with this, there is the accident increase and its monumum rise in keeping abreast with the volume increase Therefore, your community problem increases too.

How to reduce the traffic accident rate—how to achieve a safer community is a responsibility shared by two groups

1 Public Officials—the municipal officers having jurisdiction relating to highways, traffic control, law enforcement and education

2. The People—Who are the highway users as drivers, passengers or pedestrians and who have a tremendous moral, economic and civic stake in safety on the streets and highways.

While traffic subjects requiring attention will vary from community to community, there is one absolute, inflexible rule an official highway safety program is helping to widen public understanding and active public support. Equally, a program of public information is relatively impotent without this co-operation of public officials. Unless this co-operation can be achieved in a real manner in such way, time and effort will be wasted on traffic safety problems of your community

The necessity for official public co-operation places an limitation on the source of inspiration for a community program. The idea may originate with public officials, with some civic support, or it may stem from organizations and individual citizens who seek civic support. It may be the mayor, town secretary, the police who have the initiative to call together an interested group. Who takes the lead is unimportant. The important thing is that someone takes the lead.

The essential background for such a drive is a determination that death, injury and property damage from traffic accidents can and must be reduced.

OBITUARY

Mr. Henry Jacobsen

The funeral for Mr Jacobsen was held in the Elk Point United Church on March 1st., at 2:00 p.m. He passed away on February 26th., at the age of 73 years.

Mr Harry Day officiated and interment was made in the church cemetery.

Mr Jacobsen came to the Elk Point District in 1909 where he took up homestead and later moved to town.

He worked with the Elk Point Gas Company for eight years and in 1933 he donated to Trafalgar Minnesota. He was a member of Elk Point and Mrs Chale of Laverne Minnesota, his four brothers Mr George Jacobsen of Elk Point, Mr Christian of Ottawa, Ontario, Mr Mallen Kempf of Minnesota, Mr Ulrich Kempf of Duluth Minnesota, and his sisters Mrs Jessen and nephews, and two great-grand children.

Funeral arrangements were taken care of by Park Dale Funeral Home

Notice To Creditors And Claimants

In the matter of the Estate of George Dewey, late of the district of Bellevue, in the province of Alberta, farmer, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the said deceased George Dewey, who died on or about the 21st day of January A.D 1956, are required to file with WILLIAM G. FULLER, Barrister, St. Paul, Alberta, Solicitor for the Administratrix, by the 3rd day of April, A.D. 1956, a full statement duly verified of their claim and of any security (if any) held by them and that after that date the Administratrix will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

DATED, at the Town of St. Paul, in the Province of Alberta, this 9th day of February, A.D. 1956.

WILLIAM G. FULLER,
Barrister,
Solicitor for the Administratrix.

Promenader's Preview

Welcome to the ranks, you new Promenaders with your brand new diplomas By now your dancing at whom found in grab and which direction to go is no good as the old gang (then accountant's of '35 class) may day! You'll improve the size of our dance 100% and the gaiety and good fellowship equally so much.

Seriously, we've heard favorable notes that you've been an exceptionally good class, and have learned your lessons quickly as well. For proof we need only to note the number of dances and calls you have memorized, many more than we were able to get done in the allotted time. So at the ten' few dances, be informed of the old fogies if they don't know a Susy Q from Jesse Pukka, or three-Indian chain from a "right-and-left-through".

Now you're ready to GO, GO, GO! Take in every dance in the country Get a map to go along from all the calls so you're driving home, and don't threaten to give it all up just because the lively tunes running through your brain won't let you sleep all the rest of the night Just accept it, and remember that Square Dance Fever may be unnerving, but it isn't fatal

At first you'll wail "The more I go, the less I know " But all of a sudden you'll find some glorious night that you're really on to it Surely there was never a set that could go along as smoothly as this one is doing! You hear all the calls, you are keeping in step — you're IN!

Of course, you're bound to decide, the next time that you're going into the city, that you are ready to dazzle the Edmonton town with some Elk Point style and grace Well, girls, take a tip from your previous Not only must you take along your slippers, crinoline (?) Jewellery and Button, but also it would be well to pack your GOWN as well! My partner, who had been a bit hesitant about trying the wings with a city crowd anyway, talks of the whole thing yet because he thought I might look a little strange without it so we went to the "Hoch Beer Shoot" instead.

Local News

Dr and Mrs. K.C. Miller motored to Edmonton last week Mrs. K.C. Miller was among guests present at the dinner party honoring Miss Mable Patrick at the Corona Hotel Thursday evening. Miss Patrick is retiring as head of the Department of Physical Economics at the U of A.

Mr and Mrs. Angie Bertling and Loretta loaned into Edmonton last weekend to attend a northstay party in honor of Rose Small All of the family were present Lloyd.

Miss Jackson, R.N who has been on the Elk Point Hospital Staff for a couple of years, has resigned from the position with the University Hospital where she will take up her duties on March 5.

Dr Anne Wingerlurch writes that the had a visit with her son Jack and his family at Prince Rupert — has completed an Anesthesia Course in Victoria and is presently enjoying a holiday with her mother and sister at Nanaimo The Dr. Mother Melvyn who has been employed by the Beaver Lumber Co. has a job as a bookkeeper in Edmonton City and left recently for that point.

Mr. and Mrs. Edgar Edwards were in town on Sunday visiting with Mrs. Edwards and friends.

Mrs. F. G Miller returned last week from a visit to Edmonton where she was the guest of Mr and Mrs. C. A. Johnson.

Master Allen Holthe reports Mr. Freddie Smith of Edmonton City surprised the Holthe and Oscar Johnson families by landing his plane nearby in Mosquito Bottom on last week end. He visited relatives and friends before returning to the north.

Don Lubich with two friends, John Paulin of Ottawa and Tom Smith of Toronto, were students at the Cold Lake Air Base, was in Elk Point for a long weekend with his parents, Mr and Mrs. John Lubich.

Mr and Mrs. Martin Aarbo and Donna Holiday motored to Edmonton on Saturday, February 25, where they were visited by Merrie on Friday While there they took in the Varsity Varieties before returning home on Sunday Bonnie Holliday, who was a guest of the University returned from Elk Point, accompanied them home

Red Cross To Reduce Services

"Red Cross services to Alberta communities will be drastically cut if the Campaign objective is not reached by March 15th." This was the warning of Lt. Col. D. H. Tennant, Edmonton, Calgary, Director of the Alberta Division of Red Cross issued at a meeting of Red Cross officials at Red Cross Chairmen in Edmonton in Edmonton.

This should be a warning to each of us to do our part. Needs and varied are the services of Red Cross, but one of the most important to us all is the blood transfusion service offered. Consider for a moment the chance of this one service had to be cut down. Remember, you never know when it might be needed in need of this life saving substance.

If we consider this fact and remember that 1 out of every 4 hospital cases this past year, as well as the average of the five volume when have received aid, then I'm sure you'll give as much as you can when the canvasser calls next.

Yours by giving.

Recent Births In Elk Point Hospital

A recent birth in the Elk Point Hospital was that of a little girl to Mr. and Mrs. Norman Burnett of Cadotte.

Health Through Chiropractic

By Dr. K. W. Tenove

Many people claim that back-warping is a psychological problem, but the excellent results obtained on them under chiropractic leads to demonstrate that the cause is functional Many a child and adult through the routine of puddings, spaghetti, turbinoff and shimmie — all rather crude and drool in the light of the following explanation:

Connecting the cord from the bladder is a slender nerve which is controlled by the nervous system — consciously and unconsciously If the functioning of the nerves controlling this muscle is interfered with there can be a complete relaxation of the muscle, necessitating the wearing of a special receptacle, since there is a continuous flow of urine.

Or there may be less of unconscious control. During the day the person can control the frequency of urination consciously During sleep, when the unconscious, or autonomous factor is at work, the muscle, due to lack of proper nerve control cannot hold back the urine.

It is obvious that the fault is with the nerves controlling the muscle The chiropractic approach to this disorder is to find what is interfering with the spinal flow of nerve energy and remove that interference Thus permits Nature to strengthen the muscle and restore proper control

This procedure is in harmony with the law of cause and effect. If the cause is removed the effect will soon disappear. If the cause is not removed the amount of treating the effect will prove to be only fooling herself.

If any member of your family is suffering from this disorder your Chiropractor should be consulted without delay.

Recent High And Low Temperatures

The weekly highs and lows in Elk Point and district were as follows, with statistics by courtesy of Mr C Sherrick.

Feb. 20, 6 and -15. Feb. 21, 3 and -10; Feb. 22, 3 and -11; Feb. 23, 11 and -36; Feb. 24, 3 and -21; Feb. 25, 3 and -22; Feb. 26, 2 and -29; Feb. 27, 3 and -35.

MENDOTA NEWS

Please let it be known, that the reporter is not responsible for all the omissions of late in our column. Let me also add, that it is discouraging to me, after trying to write what I think might be of interest to other readers, and then see the results of the St. Paul Journal in print, wherein about the only it is printed.

In the event of the Mona Open inaugural, the 3rd., prize in the 2nd., event went to Paul Bosh and Paul Jobe who had already reaped in the 1st event.

The 3rd prize in the 3rd event in Two Ways — Commonly and unconsciously If the functioning of the nerves controlling this muscle is interfered with there can be a complete relaxation of the muscle, necessitating the wearing of a special receptacle, since there is a continuous flow of urine.

Or there may be less of unconscious control. During the day the person can control the frequency of urination consciously During sleep, when the unconscious, or autonomous factor is at work, the muscle, due to lack of proper nerve control cannot hold back the urine.

It is obvious that the fault is with the nerves controlling the muscle The chiropractic approach to this disorder is to find what is interfering with the spinal flow of nerve energy and remove that interference Thus permits Nature to strengthen the muscle and restore proper control

A THOUGHT

Small children often trouble their parents with many questions. A fourteen pen, o watch, a thermometer even, are all subject of inquiry.

It doesn't satisfy anyone to be told "That thing has any purpose. It's not for anything." We ask for reasons We need, for practical purposes, to know what the things we come across are for

But there is one most important question that a lot of us fail to ask either our parents or ourselves, and failure to know the answer often lends us to many unhappy

, mean the question "What am I, and what am I for" " and to this question only the Christian has the answer Have you a Bible by your side, have you look up Micah 6, verse 8, and also John 14, verse 14, and then sit and think a while, as I did.

• • •

ANOTHER THOUGHT

Whatever the work you do for your Living, it must be a form of service of some kind, for no one will pay you for your work if he does not want it done

Is it your livelihood o it God's service" It is both really, but which do you think of first" Nothing would bring the promise of God nearer than that all Christian people should enter on their profession in the spirit of those who regard it as their chief sphere of serving God

• • •

AND YET ANOTHER THOUGHT

It may not sound too bad to be three quarters perfect, but I'm warned, it is a downhill gradient of one in four

THE ROSEBUD
Where Hospitality Blooms
Elk Point

Lent is here again. To all Christians it is a time of penitence, fasting and meatless days. We have to do penance in some way or another but I am quite sure that the homemaker is the one that suffers most because of Lent. It is she who must plan all those meatless meal and it can be a problem.

London Delights Connoisseur

The main course casserole is filled with wonderful foods right from the cans you keep on hand all the time Prepare it in the morning, then refrigerate until ready to pop into the oven for your meal You'll remember this dish and want to serve it long after Lent is over

2 cans Canadian crab meat, drained
1 can (13¾ oz.) peas
1 can (cream) of mushroom soup
1 can (13¾-oz.) herbed corn
2 cups cooked macaroni, spaghetti, noodles, or rice
Grated cheese or crushed potato chips

Place ingredients in layers in a 2 quart greased casserole Sprinkle top with cheese or potato chips. If desired Cover Bake in moderate oven, 350 degrees F for 30 to 45 minutes. Makes 6 servings

Six Students At Guest Weekend

On February 24 to 26 Guest Weekend at the University of Alberta, six students from the Elk Point High School were special guests

Chaperoned by Mrs McDonell the six students, Georgina Miller, Robert Holliday, Maryann Rucker, Anne Evtushevsky Wayne Wright and Donald Bodnyk report an enjoyable weekend, and learned a great deal about the University

Square Dance Executive Host

A recent meeting of the executive of the St. Paul Square Dancers was held at the home of Eugene and Adrienne Desmarais. Most members of the zone were present, including our zone caller, Roland Amiotte, who was welcomed to replace Steve Tymchuk. After the business, the lucky lad lunch was served by the hostess.

The last dance, until after Lenten Season, was held Friday evening of February 24th. Square dancers from near and far came up over to an squeeze in dance to Alex Schoolmaster's call. Thanks to the ladies who donated and served lunch.

Alex and Milly Schoolmaster extend their most sincere thanks to the Square Dance Club, for the lovely gift received on the event of sympathy, on behalf of their father who passed away recently.

Hospital Notes

Patients recently confined to the St. Theresa Hospital were:

From St. Paul — Juliani Baranowski, Yvonne Desmithlaire, Jerry J. Dubrul, Roger Dumont, Denis Fraser, Mrs. Robert Gilgeon, James Howe, Mrs. Margaret McCormick, Rosary O'Neil, Dr. R. J. Gaudet, Mrs. Wilfred Hebert, Mrs. Joseph Tremblay, Mrs. Hilo Vanhuyse.

From Lindbergh — Mrs. Jean Dechaine.

From Ladend: Jane Ladrance, Lucie Ladrance, Antoine Tremblay.

Also: Mr and Mrs. Edwin Cunningham, Ashmont, Mr. and Mrs. Jean Paul Lacy, Mr. Jean Fidus, Bonnyville; Eric Large, Elsie Smith; Jack Hunt, Blue Quills; Denise Parenteau, St. Vincent, Mrs. John Pembre, Lake Saleesh; Mrs. Gerald Ouellette, St. Lina; Roman Pesklak, St. Brieux, Mrs. Bernard Olson, Onlanya.

CUBS AT ELK POINT

Flying the flashy white colors of the Knights of Columbus the St. Paul Hockey Cubs returned home to Elk Point last Sunday.

The weather was ideal for playing the open air rink and the boys made the best of it defeating by a score of 8-1 St. Paul received two penalties, Elk Point 11.

Referee was some dispute over the eligibility of Bert Ballard, Sunday, as the only non-status player for his age, also given extra stature by hanging pads appearance. He was ejected off the ice in the last period.

The players report that they would not play his return game on Saturday and missed a hearty welcome, but cocoa and hamburgers provided by Mrs. Kelso.

George Cyr and Marcel Pilon-neux drove the boys down.

HORNETS WIN IN OVERTIME PERIOD

(Continued from page 1)

for back talking to referee Hackett, all of whom served in penalties.

Despite of a power drive, by the whole team, and especially Hornets Captain Cote Lamoureux, who teamed together with Ron Church, Rangers were unable to overcome the shortage. Shots records it at 12-36, Makowichuk and Maurice getting four shots each.

Dubiel and Hayes were quick to retaliate to the last up at 14-12 and Hackett showed his team-mates the way to the Cherry rink and finishing at 19-15.

Howard Pritchard, ex-pure for the Hornets who skipped for Grand Centre in the Zone Tournament, each teamed on unassisted goal.

Third period, Puntdot started in with St. Paul's second and last goal. Assist went to Marshall Dubiel.

Stars of the game, picked by radio commentators were Lamoureux, Hackett, Puntdot, Art Lamoureux, St. Paul not assisted and Ron Lamoureux, unassisted goal.

Actually Clearwater worked harder than Lamoureux and although he was on the losing side, the lanky forward came in for 12 breakaways — a record in any game.

Summary

First period 1 Vegreville, Makowichuk (Hackett) 12.36. 2 St. Paul, Dubiel (Hayes) 14.12, 3 Vegreville, Hackett (Church & Hamlish) 19.15. Penalties: Clearwater, 2m. 10:26, Richard Lamoureux, 2m. 17:00, Wilson, oth. 11:56, Valliere, oth. 16:56 Score Vegreville 2-1.

Second period 4, Vegreville, Diamond (Hackett) 1.47. Lamoureux, 17:41 Penalties: Hackett, H.S. 3:56, Puntdot and Dancocks, clashing 10:16, Vegreville, 10:16; Ukrya, int., 14:14, E. Church, hold, 15:06, Robertbook, 15:13; Lou Church, slip, 19:47. Score Vegreville 5-1.

Third period 6, St. Paul, Puntdot (Dubiel) 3.20. 7 Vegreville, Makowichuk (L.) 16.24 Penalties: Roberts, hook, 12:00, Vegreville, slash, 16:30 Final score Vegreville 5-3.

Lineups

ST. PAUL — Clearwater, Valliere, LaBlanche, Genereux, Hervet, Robichaud, Dion, Roberts, Richard, Dubiel, Hrycyk, Pundich, Zaharichuk.

VEGREVILLE — Lemich, Hackett, Hamlish, E. Church, O. Makowichuk, Maliteuk, Vegere, Diamond, Merkel, Church, Genereux, Dancocks, Ukryn, Dowhaniuk, Church.

Referee: Bob Hanby and Scotty Munro, Edmonton.

No Objections To Annexation

Hornets Force Playoffs Into Five-Game Series

Dubiel Stars With 2 Roberts Gets 3 Points

It's all tied up at two games apiece and the Eastern Alberta semi-finals "S" series between St. Paul and the Vegreville Rangers is going the limit with fifth game of the three out of five series scheduled for Vegreville range next Saturday.

St. Paul forced the finals in the climax by out-gunning Ranger 5-3 on St. Paul ice in the fourth game of the fixture in Vegreville won the first two games in Hornets' favour around and evened it up with two straight victories which upset the plans of the powerful Rangers themselves, who seemed to take it all in short order.

Shootout Dubiel, counting the first of his two and the hero in style, meeting two goals, shorting the game with a dazzling display of stick handling that dazzled the crowd and stymied the Vegreville defenses and offense.

The second line distinguished itself by being shut out in the men score a goal ..... Richard, Roberts and Dion accounting for the three.

Three seemed little doubt from the manner in which the Hornets took command of the game the first period, that a win was imminent. Dubiel, Hrycyk and Pundich clicked, Dubiel himself stickhandled himself in front of the net and smartly scored the first goal of the game on a rapid clip Vegreville broke through on a three scramble, the puck wipping into Cleaverville.

(Continued on Page 10)

Elk Herd Moved To North For Re-stocking

Fish & Game Ass'n Sponsors Movement

Twenty-seven, lithe, lively and poised Elks bounded out to new freedom in the northern regions of Cold Lake, released by the Alberta Game Commission and sponsored by the St. Paul, Cold more and Cold Lake Fish and Game Associations.

The animals went through St. Paul on Saturday last and were seen, en route to a lake Dion, Sask. Eleven Elk, it was made up of three old bulls, four youngsters and 20 females. Thirty-three were originally corraled at Elk Island Park for delivery, but a few were unreleased to be caught in the round but were left behind.

From St. Paul, George Cyr accompanied the truck driver, and Dr. L. W. Tidmore and George Mann followed by car to witness the release. Between the Saturday stores and driving roads prevented any delivery being any further than Ardmore and the animals had to be unloaded for the night and taken where they were again unloaded next morning, Tuesday.

The Elk were freighted to Marie Lake, North East of Cold Lake and turned loose in the bush wilderness, which is their natural habitat and allows them ample room to thrive and increase civilization.

The Elk are protected by special decree and it is illegal to have them at any time. Therefore to be open season on them. Recently a Cheshire Farmer was fined $100 for molesting one of the herd previously released in the Wave Lake area. Wantonly cut were shocked in and around there, most of which have been sighted from time to time and reported interesting to note that

Invade Cold Lake To String Nets

Catch Not Meeting Large Expectation

Opening of Commercial fishing for trout and whitefish in the waters of Cold Lake, March 1st., scattered 20 fishermen over the ice surface where nets were set in earnest. About 15 from the Saskatchewan side came in for the occasion.

Alberta fishermen are allowed one net per license while Saskatchewan permits three per man.

Fishing during the first few days was not as high as expected and the catches were generally turning out much smaller than anticipated.

Three game Wardens and fish inspectors are kept busy patrolling the lake to check on the fishermen. Game Warden Johnson, Mrs. Marie Robinson, Mrs. Annette Gagne, Mrs. Maurice Jean.

Third Miss Bertha Fegan, Miss G. Fehr, Mrs. Hedda Lafreniere, Mrs. Cecile Bevelgon.

Fourth Mrs. R. Wolstenholme, Mrs. Helen Beyrer, Mrs. Cecil Richer, Mrs. Antoine Dubuc.

SECOND EVENT

First Mrs. Anne Genereux, Mrs. G. Kennedy, Mrs. ELaine Harabe, Mrs. Gabriel Charron.

Second Mrs. Angeline Beyrer, Mrs. Laurent Brunt, Mrs. Fiset Robinson, Mrs. Leopold Joly.

Third Mrs. Tillie Lavoie, Mrs. Lavalee, Mrs. Anne Van Brabant, Mrs. Henri Van Brabant.

Fourth Mrs. K.J. Payne, Mrs. Ruth Fontaine, Mrs. Paul Fontaine, Mrs. Hector Jean.

The other trophy table left in the cold were Mrs. Alma O'Driscoll, Mrs. Jean Beyrer, Mrs. Gerard Bussier, Mrs. Leopold Dauphinais, Mrs. Leopold Dauvit, Mrs. Emmett McGuire, Mrs. Kirkpatrick, Mrs. Rose Cormier.

Celebrities was made and prizes contributed by Mrs. Ida Gadbois, Eastern Alberta Livestock Co-op, Tony Salamunovich, Mrs. Mike Fliewich, St. Paul Hardware, T. Jones and Mrs. A.

Home Sales And Raffle At Co-op Store

Ukrainian Catholic Women's League will hold a Home Sales and Raffle in the St. Paul Co-op Store on Saturday, March 17th, from 2 p.m. to 6 p.m. Many of these delectable dishes will be there.

Too Risks Of Farmerettes Compete In Local Annual Bonspiel, Wed.

Ten rinks of farmerettes pulled out of the snow drifts for the congeniality of the curling rink where their annual bonspiel curled off last Wednesday. Topping the main event was a rink skipped by Kay Guthrie and in the second section Anne Genereux piloted the home girls to victory.

Again as in past years, the farmerettes picked town girls to lead a hand with the skipping chores.

FIRST EVENT

Winners in the final event and rink personnels were as follows with names in order of positions, skip first and so on.

First Place. Kay Guthrie, Mrs. Anne Bielyk, Mrs. Hazel Traynor, Mrs. Charles Tessier.

Second Miss Lucille Desmarais, Mrs. Marie Robinson, Mrs. Annette Gagne, Mrs. Maurice Jean.

Third Miss Bertha Fegan, Miss G. Fehr, Mrs. Hedda Lafreniere, Mrs. Cecile Bevelgon.

Fourth Mrs. R. Wolstenholme, Mrs. Helen Beyrer, Mrs. Cecil Richer, Mrs. Antoine Dubuc.

SECOND EVENT

First Mrs. Anne Genereux, Mrs. G. Kennedy, Mrs. ELaine Harabe, Mrs. Gabriel Charron.

Second Mrs. Angeline Beyrer, Mrs. Laurent Brunt, Mrs. Fiset Robinson, Mrs. Leopold Joly.

Third Mrs. Tillie Lavoie, Mrs. Lavalee, Mrs. Anne Van Brabant, Mrs. Henri Van Brabant.

Fourth Mrs. K.J. Payne, Mrs. Ruth Fontaine, Mrs. Paul Fontaine, Mrs. Hector Jean.

The other trophy table left in the cold were Mrs. Alma O'Driscoll, Mrs. Jean Beyrer, Mrs. Gerard Bussier, Mrs. Leopold Dauphinais, Mrs. Leopold Dauvit, Mrs. Emmett McGuire, Mrs. Kirkpatrick, Mrs. Rose Cormier.

Celebrities was made and prizes contributed by Mrs. Ida Gadbois, Eastern Alberta Livestock Co-op, Tony Salamunovich, Mrs. Mike Fliewich, St. Paul Hardware, T. Jones and Mrs. A.

OBITUARY

Mr. Felix Gill

On March 5th., Mr. Felix Gill of St. Paul passed away at the age of 57 years.

He is survived by his loving wife, Mrs. Odule Gill, of St. Paul, one son and one daughter, Paul and Theresa of St. Paul, one brother Joseph Gill of Denie of St. Paul, also 3 brothers and 3 sisters.

Funeral services will be held on Friday, March 9th., at 10:00 a.m. at the R.C. Cathedral. Rev. Fr. Turdel will officiate and Interment will be made in the Parish cemetery.

Pall Dale Funeral Home, St. Paul, are in charge of arrangements.

Hellinger of Elnor Beauty Parlor

Miss Lucille Desmarais was in charge of organizing the bonspiel. She is very grateful for the co-operation received from the farmerettes, the local girls and Mr. Ken Wolstenholme for making the draw. It was indeed a pleasure to entertain the ladies from the country.

Miss Lucille Desmarais Weds In Church Ceremony

Miss Lucille Desmarais was in charge of organizing the bonspiel. She is very grateful for the co-operation received from the farmerettes, the local girls and Mr. Ken Wolstenholme for making the draw. It was indeed a pleasure to entertain the ladies from the country.

Boychuk Wins Councillor Seat With 179 Lead; Bagan Elected

Candidates Beauregard and Hull Defeated, Six Hundred and Fifty-five Turn Out Vote

Peter Boychuk, Post Route Operator, in his second attempt for a seat on the St. Paul Council, was elected by land in the counting of Ballots Monday evening and increased it to a big majority of 179 over his closest opponent, John Bagan, who was returned by a narrow margin of three more than J. A. Beauregard, a loser, along with the fourth candidate, Mr. W. Hull.

The Boychuk victory was cheered to his home, John Regan 595, J. A. Beauregard 592, John Hull 586. Plunged into Limelighting hailed for their respective candidates, Mr. Boychuk, Mr. Bagan, Mr. Beauregard and Mr. Hull.

Both candidates are slated for a term of three years. Regan is returned to the council having served the previous term; J. A. Beauregard had been a member of the council for eight years, as was John Hull's first attempt at civic duties, and the duties of the Mayor.

The vote was out at heavy at last year, only 655 votes were cast as against 1955's 1,000 votes, which was the largest vote ever cast in the history of the town.

The potential vote in St. Paul, including all businesses operated by persons enfranchised totals 1044. However, it is estimated that about 200 of this number will be away at the time of the election, etc., and the difficulty of obtaining proxies.

On the basis of the vote and the actual registration about 62 per cent of the voters turned out at the Town Hall Poll My Returning Officer, Secretary Manager, assisted by clerks. Simon Mury and Miss Vincent Judge.

Something new was added to the polling station a new booth and two compartments, adorned by a fancy curtain of purple and yellow flowers, green forms on a white background—very pretty indeed.

The Town will resume business in the best fiscal year with the council complement of Mayor, John Van Brabant; Councillors: Chesley Lemay, Tony Joly, George Perry, Simon Rudnyk, John Bagan and Peter Boychuk.

Mr. Romulus Leland and Lorent Thibaud were the first two to cast their vote.

Candidates For Councillors Express Thanks

From John Hull

I wish to express my sincere thanks to the electors of St. Paul who worked for me during the recent election and all those who voted and the city expressed their confidence in me.

I will do my best to administer the affairs of the Town of St. Paul, conscientously and to an efficient manner, and will ask my utmost to justify the confidence placed in me.

I also wish to congratulate my colleague, Mr. John Bagan who was elected at will, and the two defeated candidates for a democratic election well conducted.

PETER BOYCHUK

South Side Ratepayers Speak In Favor of Proposal Amalgamation Will Be Retroactive To The First Of January, 1956

JOHN W. HULL

Annexation of south and east of St. Paul to annex portions of the Municipality laying south and east of the Town of St. Paul was viewed against application by the town ratepayers presented the morning meeting in the Parish Hall on March 1st. Over 100 persons attended the meeting called on behalf of the Board of Public Utility Commissioners.

Mr. Lloyd E. Greene, Town solicitor, acting for the council, made formal application for annexation, outlining the property involved and the reasons for wanting to take in the lands described.

The areas affected by the Petition are dependent upon the Town for Public Services such as Street Construction and maintenance, Sewer, Water, Police Protection and Health and Sanitation services.

A delineation of the areas of vacant lands within the Town is not to be annexed, with the tentative Town Planning Authority, additional land will be required for future expansion and development regarding residential, commercial and industrial use.

3 Many of the parcels affected are built upon, and Civic Administration and existing services and Building regulations do not apply. Such Public Institutions have been considered, such as Eastern Limits of Town, and future development would be well continue there in consultation and future surveys to that duration will follow the patterns of our existing streets, avenues and lanes, and thus for future planning simplified.

It is proposed that annexation will take in the territory south and east of the present boundaries to the limits of our radio labor; on the east, south of the present beach to the new radio corner and include the Ski Hill Ski-Tournaments. To the west the original limits extend to the Ashmont Road and the corner. Lands north of the Railway track are not included.

Detailed description of annexed lands follows:

All of the North-East Quarter of Section Four (4) Township Fifty-Eight (58) Range Nine (9) West of 4th Meridian, and that part of North-West Quarter of Section Four (4) Township (58) Range (9) West of 4th Meridian lying to the north of the Railway track within the existing boundaries of the Town of St. Paul.

All that portion of South-East Quarter of Section Nine (9) Township Fifty-Eight (58) Range Nine (9) West of 4th Meridian lying to the south of the Railway track within the existing boundaries of the Town of St. Paul.

All that portion of South-East Quarter of Section Nine (9) Township Fifty-Eight (58) Range Nine (9) West of 4th Meridian lying to the south of the Railway track within the existing boundaries of the Town of St. Paul.

All that portion of North-East Quarter of Section Four (4

JUDICIAL SALE OF FARM PROPERTY

PURSUANT to the order for Sale and Instructions of the Honourable Mr Justice Boyd Milvain, sealed tenders will be received for the purchase of the South-East quarter of Section 26, Township 58, Range 11 west of the 4th Meridian, Alberta, containing 150 acres more or less, the land herein described obtaining 150 acres more or less and reserving unto Her Majesty all mines and minerals.

The said land is situated 1½ miles from the Village of Ashmont, one mile and a half down School Road from Highway No. 41 road. There are 5 small buildings via shed, garage, chicken house, barn and granary on the property There are approximately 60 acres under cultivation, the balance being brush land 6 acres, 5 acres slough and 20 acres waste land.

TENDERS must be enclosed in sealed envelope addressed to Francis G. Chesire c/o Hrynuck & Co. "Tabs" and addressed to Mitchel Dainow, Clerk of the Supreme Court of Alberta, Edmonton Alberta, and must be in the hands of the said Clerk not later than 10 o'clock A.M. March A.D., 1950.

Terms Of Sale

Each tender must be accompanied by a deposit of 10% of the amount of the tender, and the balance of the purchase price to be paid (unless the time is otherwise extended by the Court) within 30 days after acceptance of the tender without interest.

The deposit of 10% shall be forfeited by the successful purchaser if he fails to carry out the purchase after acceptance of his tender.

Cheques of unsuccessful tenderers shall be returned to them immediately after rejection thereof.

The highest or any tender not necessarily accepted.

Possession will be given, and taxes, insurance premiums and usual adjustments will be made as of the date of payment of the full purchase price.

Interested purchasers may inspect the premises upon appointment with Messrs Cruikshank, Cruikshank, Smith & Quinn, Barristers and Solicitors, 10th floor Tegal Building, Edmonton, or may obtain information from their agents and solicitors.

In all other respects the terms and conditions of the sale shall be the standing conditions of sale of the Supreme Court of Alberta so far as the same are applicable.

Dated at Edmonton, Alberta, this 2nd day of February, A.D. 1950.

Michel Dubuc,
Clerk of the Court-JDE
Approved as to form:
J. Boyd McBride
Justice of Supreme Court -JDE

Notice To Creditors and Claimants

In the matter of the estate of Ernest Bebil, Late of the district of St. Paul, in the province of Alberta, farmer, deceased.

NOTICE IS HEREBY given that all persons having claims upon the estate of the above named Ernest Bebil, who died on or about the 22nd, day of December, A.D., 1950, are required to file with WILLIAM G. FULLER, Barrister, St. Paul, Alberta, Solicitor for the Executor, on or before the 30th, day of A.D. 1956, a full statement duly verified of their claim and of any securities held by them and after that time the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

DATED at the Town of St. Paul, in the Province of Alberta this 2nd, day of March, A.D., 1956.

WILLIAM G. FULLER,
Solicitor for the Executor -23

WANTED — Team of well matched Mare, Around 1500 to 1600 lbs. State price when applying to at Apply Ralph Lemoine, Lindbergh -tf

TENDERS

for
Addition to Elementary Schools
at
Lafond & (Lalbie) St. Edouard
and
Addition to High School
at
Bisset, Alberta

St. Paul School Division No. 65

Tenders will be received at the office of the undersigned until 5:00 p.m., March 15th, 1950, for the General, Heating, Plumbing and Electrical contracts for the above buildings.

Plans and specifications are available in General, Heating, Plumbing and Electrical contractors ONLY, at Architects' office and at the St. Paul School Division office, upon deposit of $50.00 per set This deposit will be refunded upon return of plans and specifications in good condition within one week of the closing of tender.

Plans and specifications for sub contractors' reference only shall be placed as follows: two sets in Edmonton Builders' Exchange and two sets with the Secretary of the School Board.

A bid bond or certified cheque in the amount of $2,500 must accompany each General Contractor's tender for Addition to Lafond School and a similar amount for the Addition to (LaBrie) St. Edouard School; a bid bond or certified cheque in the amount of $4,000.00 shall accompany each General Contractor's tender for Addition to Bisset High School.

A certified cheque (NO Bid BOND) in the amount specified hereunder shall accompany other tenders

(a) Addition to Lafond School:
Heating tender $800.00
Plumbing tender $250.00
Electrical tender $175.00

(b) Addition to (LaBrie) St. Edouard School:
Heating tender $300.00
Plumbing tender $350.00
Electrical tender $175.00

(c) Addition to Mallaig School:
Heating tender $800.00
Plumbing tender $600.00
Electrical tender $300.00

In the event that a selected contractor fails to enter into contract on the basis of his tender and as outlined in specifications his bid bond or cheque shall be forfeited.

A 50% Performance Bond drawn in compliance with the specifications shall be required from the successful contractor.

The lowest or any tender will not necessarily be accepted.

50,000 Bottles Of Plasma Collected By Red Cross In '55

For the second successive year, more than 50,000 bottles of blood were collected in Alberta and Dr D I Buchanan, Blood Transfusion Service medical director, in his report of 1955 attributes to the Alberta Division, C.R.C.S., held March 15 and 16 in the Banff School of Fine Arts.

Although the 1955 total was 51,336 bottles, it was a drop of one per cent from 1954's total of 54,330 bottles. According to Dr Buchanan, the trend is true of the service across Canada, and he attributed part of the fault to the fact there was no appeal made for an special project such as for gamma globulin or other blood fractions.

Permanent city clinics at Calgary and Edmonton collected 30,174 bottles and the field mobiles collected 20,862. He urged that city donors be encouraged to attend the clinics.

During the year 33,686 bottles of blood were given 16,471 patients at an average of nearly two bottles per patient.

Of the remaining blood collected, 324 packs of liquid plasma were shipped to the Connaught Laboratories for fractionation.

Rh and other blood group investigations totalled 35,000 examples processed, and this has become a major part of the work offered freely to the medical profession and through them, to the public.

Dr Buchanan reported that if the present rate of using blood continues, the 250,000th bottle in Alberta will be administered about the end of 1956. By the end of December, 1954, 121,-579 patients had received 214,-247 bottles of blood since the program started in the province in July, 1947.

The medical director included in his report his grateful thanks to those who have made this humanitarian service possible to the many volunteer donors.

FERTILIZER USE IN 1955

Commercial fertilizer consumption in Western Canada has increased from the matter of a few tons per year in the early thirties to over 75,000 tons in 1954 leaving the present consumption field may have shown that except in areas where low and moderate increase a limiting factor, a 40-pound application of available Phosphate (11-48 per-cent to wheat on fallow land can on average increase a yield of about 5 bushels per acre, while a 60-pound application of the same fertilizer has resulted in an average increase in yield of about 7 bushels per acre. It is well to keep in mind, however, that many factors other than yield are concerned with the use of fertilizer.

Advantages of Fertilizer Use. The results available point limit in many cases to more than one factor. A young grain plant's early in the season when the soil is cool and moist is often not available. The dry spring plant growth early in Spring not only provides a crop to conserve effectively against wind and water erosion, but it is early and cover thus reducing the danger of erosion further on, a fertilized grain crop usually matures more uniformly and ripens several days earlier than one that is not fertilized. In years of early Fall frosts this may mean real money in improved grades of grain. The effect of fertilizers on the production of a larger amount of crop residue—stems and stubble—to be returned to the soil is also an important factor in maintaining soil fertility

Fertilizers in 1956. The Spring many western farmers may hesitate to buy fertilizer to produce increased yields of grain which may prove difficult to market. Today, however, the production of high-quality grass crops is more important than ever. The proper use of fertilizers will not only improve quality, but lower cost per unit of production. Yes, fertilizer will still "pay off" in 1956.

Teenage Safe Driving Readeo Sponsored By Safety Council

The recently announced "Teen Age Safe Driving Readeo," sponsored by The Junior Chamber of Commerce of Canada and its 262 affiliated chapters, gained added support today with the announcement that Imperial Oil Limited will sponsor the project at the provincial level across the country.

It is expected that 30,000 young Canadians will participate in the "Driving Readeo" which is aimed at testing and rewarding best-safe driving practices and driving considerations are designed to improve driving habits and attitudes.

Local competition will take places for some 250 communities during late April and May. Imperial Oil will bring the top teen-age driver from each local area to a one-day regional final to compete for permanent trophies and cash awards offered by the company.

From these provincial eliminations 12 finalists will fly to Ottawa for the national championship competition on July 7-8, 1956. The national final is sponsored by the All Canadian Insurance Federation.

Provincial eliminations will take place as follows:

Fredericton, Vancouver, May 26th, Alberta, Red Deer, June 2nd; Saskatchewan, Regina, June 9th; Manitoba and N.W. Ontario, Brandon, June 9th; Northern Ontario, Sudbury, Eastern Ontario, Ottawa, May 12th, Quebec Province, Montreal, June 9th; Atlantic Provinces, Amherst, N.S., June 2nd.

Free entry in local competitions is open to any licensed driver holding an operating permit who has not had a traffic violation in the previous six months and who has not reached his or her twentieth birthday on July 1th, 1956.

Ashmont News

Paul Lawton and Val Lacombe of Ashmont have just returned from a month's vacation. They motored to Jasper, Mexico, via Yellowstone Park and Salt Lake City. After a brief stay at El Paso, Texas, they returned by way of Los Angeles and Reno and on to Vancouver. Here they spent some time visiting friends and relatives. Continuing their homeward journey they travelled through Banff, Spokane and Warley. They report a good trip and fine weather, a welcome from the snow drifts and freezing temperatures at Ashmont.

ALBERTA AFFAIRS

WHAT YOU SHOULD KNOW ABOUT

WELFARE

The following is a summary of what may be regarded as pension plans for certain categories of Alberta citizens.

Old Age Assistance—Under an Agreement with the Government of Canada the Province has, since 1st January, 1952, been paying assistance up to $40.00 a month under a means test to persons in the 65-69 age group who have resided in Canada for 20 years or its equivalent.

Fifty per cent of the assistance paid may be recovered from the Federal Government.

Blind Persons' Allowances—Pensions to the blind had for several years been paid under the former Old Age Pension Act. On 1st January, 1952, a special Blind Persons' Allowances Act came into effect and, under an Agreement with the Government of Canada, the Province continued to pay an allowance up to $40.00 a month under a means test to blind persons who had attained the age of 21 years and had resided in Canada for 10 years of the immediately preceding the date of application.

Seventy-five per cent of the allowance may be recovered from the Federal Government.

Widows' Pensions—Since 1st April, 1952, the Province, at its entire expense, has been paying a pension up to $40.00 a month under a means test to widows of the 60-64 age group who had resided in the Province for the greater portion of the three years prior to the date of application and had resided in Canada for a period of 15 years or its equivalent prior to the date the age of 60 years was attained.

Disabled Persons' Pensions—Since 1st June, 1955, the Province, at its entire expense, has been paying a pension up to $40.00 a month under a means test to disabled persons who have attained the age of 21 years and who have resided in Alberta for the 10 years immediately preceding the date of application. Half of the loss allowance may be recovered from the Federal Government.

Supplementary Allowances—An allowance up to $15.00 a month is payable under a means test to Alberta residents in receipt of Old Age Security, Old Age Assistance and Blind Persons' Allowances.

Blinded Persons' Allowances—Under this Act, the Province pays up to $40.00 a month under a means test to certain permanently disabled persons who have attained the age of 18 years and who have resided in Alberta for the 10 years immediately preceding the date of application. Half of the loss allowance may be recovered from the Federal Government.

MOTHERS' ALLOWANCES

These allowances have been paid in Alberta since 1919 on any needy widow with dependent children according to the schedules in effect which vary from $50.00 a month to $143.00 a month. A special allowance up to $10.00 a month may, in addition, be paid in cases where the need is apparent.

The municipality in which the widow has acquired residence assumes 20 per cent of the cost of the regular allowance, the Province paying the balance in addition to the special allowance. This allowance is payable until the child reaches the age of 16 years or of 18 years if attending school and making satisfactory progress.

HOSPITALIZATION FOR PENSIONERS

Hospitalization and Treatment Services—The Province, at its own expense, provides certain hospitalization and treatment services to Alberta residents who are in receipt of Old Age Assistance, Mothers' Allowances, Widows' Pension or Supplementary Allowance. This is also available to recipients of Old Age Security [illegible] a pension unit.

The Province pays the entire cost of the administration of the foregoing services.

Old Age Security—To persons who have attained the age of 70 years and have resided in Canada for a period of 20 years or its equivalent the Federal Government pays a pension of $40.00 a month without a means test.

MAXIMES DE L'EPARGNE

L'épargne est une vertu
Il n'est jamais trop tôt pour penser à son avenir.
L'avenir se prépare par le travail et l'épargne.
La misère attend ceux qui gaspillent leur temps et leur argent
Pour épargner il n'est pas nécessaire d'être riche d'argent mais riche de volonté

WATCH YOUR WATER SYSTEM

Our long winter with its extremes in temperature makes us turn an apprehensive eye towards the operation of our water works system. With reports coming in from contemporary adjacent towns and even of cities encountering unusual difficulties, we have been trusting how we will eventually fare through this long cold unreasonable winter . . . hoping that we don't encounter any worse breaks than we have experienced so far.

The worst use was experienced on December 23rd., and centred on the north side of Lake Saint Paul. There workmen who started around the clock to fix it. During the cut off certain connections unfortunately froze, but were soon restored.

On February 14th., just east of Beaudry's, a main line stopped, shutting off the water supply to hundreds and hundreds of gallons of water before the trouble could be located and the line attempts. All this happened in 20 below readings and then some on the 20th., a break of small consequence did not affect many consumers, although the "Down Works Farnsworth's home and flooded Strathcona's garage. This final attempt was successful and the incident passed by barely noticed.

Environment Survey revealed the fact that the frost line is down to 7 feet 9 inches deep. Water temperatures tested at four different sections of the town gave average readings of 32 degrees Fahrenheit. Samples, above freezing, were warming that services are vulnerable. Up to date 197 private and business connections have frozen, of this number only 13 remain unthawed at time of writing. To prevent interruptions of service facilities 5,000 feet of main sewers have been steamed and hot water flushed through the system.

The consultant's report points out that contents greatly reduced in 32 inches of ice which has formed on the surface, accounting for a natural loss of 1,000,000 gallons of useful water. At the lake, ice thickness is recorded at 48 inches.

The above facts are not published to alarm any of the St Paul consumers, but are given for the sake of information as to our citizens know how the situation stands.

Actually the worst of the season and threatening stage has arrived. Usually the frost is out of the system and quickly disappears by July. This year we are going to live with the threat a few months longer and preventive precautions are necessary.

Consumers should not become alarmed and run water wisely. That will deplete the reservoir and pose serious problems. Use water normally, except for those consumers who know they are in vulnerable locations. The town now owns its own thawing machine and can restore service efficiently and in quick time As mentioned above only 13 are frozen of 197

It is estimated that 20% of the sewers are on a deep frost line. If such consumer could dump a tank of hot water in his system at ten o'clock every even ng, the heat would be fed to general sewer thereby enough to keep temperatures up.

Just remember . . . . don't use water in excess, use it wisely, practise a few precautionary measures and we stand a good chance to maintain regular service until the summer comes, if ever.

HOCKEY BROADCASTS

CHFA, the French Radio Station, Edmonton, Alberta, has been bringing to hockey fans of St. Paul, play by play descriptions of the semi-finals in the Eastern Alberta League and broadcast the Provincial series, the Hornets have recently featured an.

Normally a broadcast such as this would commercially cost about $600.00 per game, a prohibitive sum for sponsors to look up in a town of more like St. Paul.

On an experimental basis CHFA has undertaken to release these broadcasts which are heard by at least a third of our population. Fears it would keep fans away from the arena are unfounded, in fact the contrary it has created interest in sports and auticmeed new fans to see the games.

The French station makes no charge for its time on the air The only finances required is that of the telephone lines, amounting to about $30.00 per release and expenses of announcers, roughly $15.00 for three. Mr Leo Remillard, Manager of The station who does the announcing, Mr. Gerald Lachance, chief announcer who does the summary and commercials and Mr. Charles Fraden engineer and technician.

We are certain the fans of St. Paul will go along with us in expressing our gratitude at the interest they have shown and the effort it takes to promote and to broadcast the games.

There is possibility of promoting a sponsor for broadcast of next year's series. To help the Station with this idea, listeners who have heard the programs and enjoyed them are requested to write to CHFA expressing their views.

In the meantime we would like to thank all the business men of St. Paul who have paid for the expenses of promoting the broadcast this year. That kind of publicity can go a long way.

Burns And Dutton Take Provincial Series With One Point Advantage

The Provincial Intermediate "B" Hockey Playoff trail came to a dead end for the St. Paul Hornets, blanked by Burns and Dutton of Edmonton who won a home and home total point series by a narrow margin of one big point.

In Edmonton at Varsity rink on Thursday, St. Paul dropped the first game by a score of 3-4 and although they made a come back on home Sunday, winning 7-5, were just short of offsetting the three point deficit confronting them. Two were gained, but it wasn't enough.

St. Paul fans were all set to write off the Edmonton Connection going by the time the third period rolled up Sunday afternoon. Hornets had a 6-2 lead and after the first had a three advantage Dutton needed three goals at this stage to tie the series up in points, a feat accomplished and repeated with the winning goal it was scored asks at the minute mark by McMillan who barely scrapped it in on the tip of his stick during a goal scramble in which Clearwater was dragged out of the net.

Hornets made a desperate bid to get back in the running, broke through on several occasions without finishing up. A double penalty by Dutton necessitated the dirges and at the last minute mark of the conflict Clearwater was rushed for a forward, and still in spite of half a dozen close shaves Burns Cleared the path to maintain Jazz hardcome-by advantage

St. Paul had gone by the first hurdle against the Camrose and Mannix sidelined by a three point margin Had they won thus routed, they could possibly have been matched against their arch foe, Vegreville Rangers, favorites to take out Daysland in that section.

* * *

SUNDAY GAME

The snow banks were high, after the Friday and Saturday storm, but over 550 loyal fans turned out to cheer the Hornets They had plenty to scream about during the first period when both goals were scored by the locals. The pace was set by Roberts at five minutes when he clipped the first on an assist from Terry LaBossiere. Terry came again by scoring the man himself and Dahld made the red light blink for the next.

On a free off on a question in the second period, Marshall Dutton had drove one away, smash

Scout racing was a feature of the winter carnival of Peterlaughsberry, Ont., held on Feb 28. The craft, a sled powered by an airplane motor in the rear, rushes speeds of 120 mph on ice and snow and they gave sportsters a thrill as they bounced and turned on the race course. Though Kitchener and Flying Mandy are passing it a score, it is no sport for girls They could ski her behind and, though, and that's exciting

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Board, Edmonton

In the matter of the traffic accident problem and a Safety Campaign, we found that it stems from a community level.

How should the problem be met and by what methods at the discussion in this column through community problems differ one from the other, there is no absolute rule to be followed no matter who or what or where you may be

1 Mine became the accident was last week's topic This week

2 WHAT MUSCLE THE DOING

(a) Get the facts, to the first step

Without accurate knowledge of the local traffic hazards a program of safety will be ammem. By accurate knowledge, I mean the opinion of qualified technicians based on a actual study of conditions Because traffic is a medium with which we are familiar, we often fancy ourselves as experts. You may thank your community has more one-way streets Your neighbor may feel that your pensions is a lack of enforcement How do you know or summing accurate what you have the or was wrong

In any successful attack, we must KNOW

(b) Determine local Priorities Each component survey of your community will disclose the strength or weakness of your safety program. In some fields you may be doing a good job in comparison with other communities Areas in other fields you still fall short

Your first attack must be on the weakest spots. Sometimes the most needed improvement may dictate stress in more than one and have the least likelihood of showing results quickly in such a case, common sense may dictate stress in more than one front. Prompt results, while not most important, do stimulate public support and help build a strong foundation for the more complicated tasks.

(c) Tell the People.

When you know the exact nature of your local traffic needs, and when you have agreed on solutions, then tell the people. Then announcement should emanate from public officials. No matter how bad conditions may be, let the public know the facts, but do this only after you are satisfied that you have facts to present

Government To Consider Cost Of Snow Removal Operations

REDCLIFFE — Without committing itself to any immediate action, the government and Reeve Sutherland have successfully recommended a liberal measure of assistance to the municipalities in the province from whose vote results.

To do the job required the original Liberal motion, a Social Credit amendment and a Liberal reamendment. The house passed the amendment, the motion as amended, and the apparently satisfied everyone in the assembly.

But all it requires the government to do is to consider the cost of snow removal as a factor to be considered when it determines grants to municipalities for highway construction. The government will also consider the advisability of paying the entire cost of removing snow from provincial highways.

Cabinet members objected to the wording of the original motion read it introduced by R. J. Gibbons, Liberal member of Redcliffe. R. H. J. Watson, Vermilion, asked the government to give favourable consideration to a proposal that will save municipalities a lot of money.

Other members said they couldn't accept the motion with the word "favourable" because they did the opposition would accuse the government of rewriting the legislature in the event the idea was later reported.

The customary form for a private member's motion is to ask the government to "consider" something. If such a motion is passed the government is committed only to consider the proposal.

Premier Manning also pointed out the original motion failed to mention anything about a plan going into effect this year.

The premier summed up the government's attitude by saying provision of money for snow removal would set a precedent. Snow-clogged roads are only one problem facing municipalities, he said, and part-way aid they found going on the spring may create a bigger problem.

Hon. C. C. Ludwig, Hubman, Cardston, provincial treasurer, capped it by saying the government is willing to consider any reasonable request, but can see no reason not to consider a program of aid this year, so long as municipalities continue to press the government to consider it.

Then he told the house that while representatives will confer with government recently, vote of 33 to 21 after Hon. Dr. W. W. Cross, Hand Hills, minister of health, said Alberta has no ambulance service for 12 years living, free or can provide one future.

It was learned last week that the government plans to have a committee of the legislature look into the province's liquor laws and recommend changes. Premier Manning has prepared a motion calling for the establishment of a committee, but at the time of writing it had not yet been introduced. It is expected the committee will hold public hearings.

Health Through Chiropractic

By Dr. K. W. Tenove

Do You've Had An Accident?

One out of every 14 people suffer some accidental injury every year, resulting at least one day disability. Many are permanently disabled.

Such is the conclusion reached by the National Safety Council. Thus a no wild guess! It is based on the actual number of accidents reported and occurred over a long number of years scientifically on-half of the accidents occur at home.

It's too bad unfortunate enough to have an accident don't neglect the injury. Treat yourself at once. Correct your spine. When your car is involved in an accident it is taken to a garage and check over the entire machine, and correct any misalignments. You make sure that it is sound mechanically before you drive it again.

Maybe you take the car to a mechanic just because you are not very sure whether the car is running properly or not. You no doubt feel well enough acquainted with yourself to know definitely when you are in good running order. Yet the result very easily be where you make a mistake.

Many pills and jars are experienced daily at home, at work or play. Anything that bumps or walking on a slippery sidewalk, but these little accidents are passed off as of no importance. Yet one of these many mishaps — a sudden twist or fall — may jar a vertebra at the spine out of its proper position, and cause pressure on one of the nerves which radiates from the spinal column. If any it is squeezed by the misaligned organ or muscle depending on it for nerve energy will be robbed of some of its native power and sickness will result. The type of sickness and its severity will depend on the nerve affected, and the extent to which it is squeezed by the misaligned vertebra.

Your Chiropractor is a specialist in checking your spine for these misalignments. If you have an accident consult him immediately before the slight damage is done. Prompt attention is essential to a quick recovery.

Cowdrige News

The card party that was to be held last Saturday at Cowdrige Hall was postponed due to cold weather.

There was a hospital meeting held at Cowdrige Hall to elect a new director to replace Mr. P. M. Gamblin. Miss Brandt was elected by acclamation.

There was a bingo held at the Roman Catholic Church at Cowdrige on Saturday, February 25 and it turned out very successful.

Now that roads are open once again Cowdrige school children will be back to school after a week's holiday. Hope they don't have any more for a while now.

Miss Ruth Christenson was home for a few days visiting her home from the city where she is employed at the University Hospital.

TOY GIVING

Dodge Regal V-8, 4 Door Sedan

Family safety wears a look of glamour and go!

'56 DODGE

Check the safety features listed at the right. All are standard equipment on any Dodge model you choose. Some are brand-new, of course, but Dodge has provided most of them for years. That's because safety is nothing new with Dodge. Year after year, Dodge has consistently pioneered and developed more and better safety features than any other low-price car.

This year, too, Dodge gives you the power you need for safer passing. Four high-torque 6 and V-8 engines provide up to 200 horsepower, park plenty of reserve for safer passing, safer acceleration.

There's new driving ease, too. New push button controls for PowerFlite automatic transmission let you select your driving range at the touch of a button. Safety-positioned at the left of the driver, these controls are simple and mechanically operated.

See your Dodge-De Soto dealer soon. Drive a Dodge . . . Canada's "safety-first" car!

These, and many more safety features are standard on any Dodge model

DOOMED TO LINGERING OBLIVION

A lifetime of oblivion is the future predicted for 10-year old Michael Ustas of Hamilton, Ont., as he sits on the fence overlooking the wall for six months, his brain injured in an automobile accident which took his mother's life. Assuming he has a normal life span, but will never regain consciousness. Burns Photo Service Hamilton Spectator Staff.

WEDDING

Hosk-Stroud

The marriage of Miss Gertrude Joy Hosk and Donald E. Stroud was solemnized at 11:00 Saturday, February 25 in the Holy Trinity Church at Indianapolis, Indiana.

Miss Hosk, graduate nurse of the Royal Alexandra hospital at Edmonton, Alberta, is a member of the Indianapolis, General Hospital Staff. She is the daughter of Mr. and Mrs. H. J Hosk of Elk Point.

Mr. Stroud is a junior student in Indiana University School of Dentistry. He is the son of Mr and Mrs. S. Stroud of Indianapolis.

The bride was exquisitely attired in an ivory white velvet sheath dress, trimmed in ivory satin with bows at the neck and an ivory crisa-cross satin cap trimmed with seed pearls and a nylon finger tip veil. She carried a bouquet of a variety of flowers.

Miss Sarah Stroud, sister of the groom were a rose velvet dress with rose accessories. She carried a rose and pink bouquet.

Miss Ann Brady wore a gold velvet dress with gold accessories.

Mrs Mildred Brown wore a green velvet dress with green accessories. The bridesmaids' dresses were princess styled.

Mr. Kenneth Stroud, brother of the groom was best man. Mr Bob Brown and Mr Karl Ginn, Jr. also attended the groom.

The mother of the bride, Mrs. Hosk, wore grey with blue and white accessories. Her corsage was gold roses and carnations.

Mrs Stroud were brown with pink accessories Her corsage was gold roses and carnations.

Two-hundred and fifty friends attended the ceremony at the church. The reception was held in the University Student Union Buildings. There were one hundred and twenty-five guests present. The bride presented her mother with her bouquet as a token to take home to Canada.

The couple left to a short honeymoon in Chicago. The bride wore a brown suit dress with brown accessories topped with a gold corsage pin.

The young couple will reside in Indianapolis.

Recent High And Low Temperatures

Recent highs and lows in the Elk Point district are quite discouraging The highs are becoming low and the lows becoming lower, and the temperatures for this week, with statistics by courtesy of Mr I. C. Merrick are

February 28, 2 and -32, Feb. 24, 2 and -30, Feb. 27, 5 and -35, Feb. 28, 10 and -31, Feb. 29, 21 and -30, March 1, 21 and -5, March 1, 21 and 4, 2 and 0, March 4, 30 and 7, March 5, 9 and -4.

Ladies' Bonspiel In Full Swing

Elk Point curling ladies' bonspiel rinks are now playing in the knock-out event, with fifteen rinks participating. The fifteen rinks are skipped by Mrs. Bodnarchuk, Mrs. Fred Trudger, Mrs. Yewchuk, Mrs McDonnell, Mrs. W Seldon, Mrs. Barwick, Mrs. Dyrda, Mrs. Mitchell, Mrs. Kovach, Mrs. Stepa, Mrs. Prunik, Mrs. Beattie, Dr. Wegenitzk and Mrs. Keller .

More news after the games are played

COUNCIL MEETING

A councillors meeting will be held this coming Monday, March 12. All councillors are reminded to attend

When you are doing the washing and your husband is out of work, you will find no occupation for the washboard. Just put it around your waist and it will keep you afloat for the average week.

The following is a beautiful prayer composed by Robert Louis Stevenson which began as one of the walls in the manse. It was given to us by a dear friend in Britain one Christmas, and we brought it to Elk Point with some of our dearest possessions I, personally, read it nearly every day for it has thoughts in it which help me during my day, and perhaps it will help and guide any who pause a while to read this paragraph.

A Prayer At Morning

The day returns and brings us the petty round of irritating concerns and duties Help us to play the man Help us to perform them with laughter and kind faces Let cheerfulness abound with industry Give us to go blithely on our business all this day Bring us to our resting beds, weary and content and undishonored And grant us in the end the gift of sleep.

The Sacrame of Christianity in any generation depends upon the friends of Christ Dementia are many When the crowds turned their backs on Jesus, He turned to His disciples, His friends, and asked them, "Will ye also go away?" And so, what about us today?

We call Him Teacher, the most excellent teacher of all time Do we try to follow His teachings in words and deed and spirit?

We call Him Master, one to whom we subordinate all desire and obedience Do we hesitate and say "Master" and betrays Him But another asked Master, what shall I do to inherit eternal life?" but he turned his back up Jesus when told the cost of eternal life is Christ our Master in truth?

We call Him King Another said the same thing in his day Pilate wrote on the cross "Jesus of Nazareth King of the Jews" But the same Pilate condemned Jesus to crucifixion We call Him King, but do we really let him rule our lives"

Hornets Defeat Vegreville Rangers Force Semi-Finals Into Fifth Game

(Continued from page 1)

— —

ter who made a nice shot-taken snich, but to the amusement of the crowd, fumbled and it flopped loosely in the goal mouth Malinski staring by at just the opportune time, dipped it in the net with the tip of his stick to tie up the game . . . at the 1 minute mark.

St Paul superiority plugged through in another 10 seconds when Rachard blinded the light on assists from teammates Don and Roberts Press then on it was the Hornets game, won on sheer determination and effective switchchecking

The second period was a blank for the Rangers, except in the penalty department where they received two sentences St Paul counted two goals and went into the third heading four the Cherub two were able to score at 10:32 on an assist from Doucette and ten later receive the dying Ranger lunges.

Hornets experienced their toughest spell in the first period and 6:00 when Heyrys was penalized for tripping. Roberts followed on a galloping penalty to short the home two ones and seconds after Meyrie's return, Dion, on a push-around scramble rather than take a chance on a score dragged the puck under and effectively killed the play with a resultant penalty again shorting the safe two. The boys fought off the power successfully to the cheers of over 600 fans present at the game.

Reg Merlot, professional star centre for the Rangers was absent from the line up due to illness and was certainly a handicap in weakening the offensive punch of Vegreville and giving Hornets a better chance to muffle their other set. Otto Lemoyer, ex-Hornet, incidentally, was so effectively covered he couldn't score or assist Clarence Rachard was on him like a dunson and gets credit for an outstanding back-checking game Jerry Dwyer was also running from the Ranger lineup.

First period: 1 St. Paul, Dalzid, 09:49; 2 Vegreville, Malinski (Malkowitsch E.) 1:00; 3 St. Paul, Rachard (Dion, Roberts) 1:40; 4 St. Paul, Dalzid (Heyrie, Tuesday) 17:20. Penalties: Heyrie, trip, 6:05, Roberts, delaying game, holding push against Dion, 7:05, Malkowitsch, holding under him, 9:15, Chorwaiuk, Ind., 10:00. Shots on: St. Paul 5-1-1.

Second period: 5 St. Paul, Roberts (Heyrie) 2:30; 6 St. Paul, Dion (Roberts) 10:12. Penalties: E. Malkowitsch, elbow, 6:00, Dancuka, closing hand on puck, 16:47 Shots: St Paul 5-1.

Third period: 7 Vegreville, Chorzuk (Dancuka) 16:23. Penalties: Dion, hooking, 2:30, Malkowitsch and Vogers, roughing, 8:05. Final Score St. Paul 5, Rangers 3.

A tight labor situation is in prospect for the province early months to come if is still doubtful whether Canada will have enough people to do all the things it will want to do in 1958, writes

This forecast appears, at first sight, to make a sharp contrast with the recent increase in unemployment which took place in January The seasonal jump in jobless from mid-December to late January was fully up to average for the year. But figures show a full utilizations of the labor force this year

Scholarship Fund Association For School Division

J. W. Dechene Named Chairman

A meeting was held in the [illegible] Paul School Division offices for the purpose of organizing an Association democratically in the setting up and administering a Scholarship Fund within the St Paul School Division Inspectorate. The Association will be constituted of one room, namely:

(a) The Board of Directors which will decide on all matters of policies;

(b) A management Committee which will generally manage and implement the policies decided by the Board of Directors.

The following members were inducted in the capacity of the Board of Directors:

Chairman Mr J W Dechene (Chairman of St Paul School Division No 45)

Vice Chairman Mr Jules Van Brabant (Chairman of the St Paul School District No 2228)

Secretary. Mr Robert Brule, (Barrister St Paul, Alberta)

Directors: Dr. J Melnychuk (Chairman Glen Avon Protestant School Division No. 1) Mr O E. Lafleur (President, St Paul Principal's Association) Mr B. Racette (Superintendent of Schools).

The organization Committee consists of the following:

Chairman, Mr. J. Dechene; R. J Racette, John Bixby, Principal of Ashmont School, Mrs. F McDonnell, Vice-Principal of Elk Point School; O. E. Lafleur Vice-Principal of Mallaig School; B. Lefebvre, Principal of St Paul School, L. Modin, Principal of Lindbergh School, Bernard-de-Clairvaux, Vice-Principal of St. Paul School, Albert Alfred-de-la Croix, Principal of Leland School.

During the meeting Mr Racette outlined the urgent need of some method of encouraging High School students in the St Paul Inspectorate to continue with their studies. A sub-committee composed of Mr. Racette, Mr Van Brabant and Rudy Brule was elected to draft a proposed constitution, for the organization. It is hoped that the required details of this organization would be ready for the next meeting.

Vegreville Rangers Take Fifth And Decisive Game In Eastern Alberta Hockey League Semi-Finals 8-5

St. Paul Took Lead In First Half Of Game, But Extra Reserves Beat Them in Third

Vegreville Rangers made it into the Eastern Alberta Hockey League finals, winning the fifth and decisive game of a seven out of five series against Hornets by a score of 8-5 at Vegreville Saturday evening before a crowd of about 700, half of which numbered St. Paul and District fans who followed, supported and felt proud of their team despite of the disappointing loss.

It was no cinch for the Rangers who trailed behind most of the game, but were able to reverse the tables in the last period falling back on reserves which carried the extra edge needed to beat St. Paul. Rangers were all but beaten in the first two sentences against the Hornets' two-line attack. The pace held in the last and the locals were subdued by sheer weight of extra men.

St. Paul took the first period honors going to the dressing room with a 3-2 advantage They kept the lead, holding two in the second, and held it until the half way mark when Rangers got tied it up at that way, 5-5 split into the last stanza. Rangers moved all three goals in the third to win 8-5.

A penalty shot accounted for the St. Paul goal of the game. At 2:43 a St. Paul rush carried the puck into the Vegreville end and looked like a sure shot was foiled when Hornets' Marlen Press, defenceman, made a spin and scooped the puck out of play. Referee Hanby ruled on a penalty shot for St. Paul and Marshall Dalzid was selected. He skated in from the blue line, pulled Lamick out and backhanded into the left side of the net. The goal saved Hamlich from serving two minutes.

A penalty by Richard at 6:06 paved the way for the Rangers first marker, scored by Letourneau, Church and Uheyn. On the 18 mark, Letourneau was nailed for tripping and minus the Ranger power attack went out, Dancuka, Letourneau and Malinski, taking opportunity of the man advantage Coach George Hughes of the Rangers used Gus Letourneau in reserve for power play strategy and threw him in with Merlak everytime St. Paul was on the short end. With edge in power play he was able to juggle his line-up at will and from the advantage his way.

Coach Don praised to Richard for the second Hornet goal and Dalzid with Heyrie bulged the net for the third, ending the scoring for the Hornets.

Jules Gauvreau was set up by George Pominski on a beautiful play. He has a sister and a younger brother Jack, who is at present in the Royal Canadian Mounted Police stationed in the northern [illegible] and Dancuka went ahead with the lead for the Rangers at 14.30, performing on assists from Malinski and Merlak. Heyrie tied up the game at 16.17 by sneaking eve from behind the net into the cage as the disorganized Ranger goalie came out. Press coming and couldn't gear his momentum. Five all at the end of the second.

Although the Hornets bunged loudly in the Rangers' camp at the outset of the third, they weren't able to score and Letourneau scored the next and the final goal was credited to Dancuka, but it was Letourneau's speed down the ice by Heyrie in an attempt to clear it.

John Bassy and Hitt, University of Alberta Golden Bear players, had a great influence in the outcome of the meet. Bassy tied up the game at 5-5 and was responsible for quickening a game of indecent length and [illegible]

FLYING OFFICER PAULA WIGGERINCK

RCAF Headquarters at Ottawa have recently released information announcing the promotion of Flying Officer Paula Wiggerinck to the rank of personnel administrative officer at RCAF's No. 1 Supply Depot in Canada. Miss Wiggerinck is the daughter of Mr. and Mrs. Peter Wiggerinck of St. Paul, and we are pleased to add our congratulations to the many we are certain she is receiving and publish the short history of her activities.

Flying Officer Paula Wiggerinck Promoted To Administrative Post

Former Resident Of Elk Point And School Teacher In St. Paul District Charge Depot

By F/O TERY. COLLINS

OTTAWA — A former school teacher with a yen to travel and a "green" thumb is rapidly spiking her Air Force career with a lavish sprinkling of her two favorite pastimes.

Flying Officer Paula Wiggerinck, who calls the little town of Elk Point, Alberta, home, is now holding down the job of Supply Depot personnel administrative officer at the RCAF's No. 1 Supply Depot at Edmonton, north of Toronto, Ontario.

Dubbed by her fellow officers as "the girl with the green thumb" F/O Wiggerinck in her spare time has taken on the job of keeping the flower boxes around the officers' mess company at their base.

"She has a knack for that sort of thing and it certainly makes the place more like home," one of her fellow officers declared.

F/O Wiggerinck is the oldest of a family of nine children. She has a sister and a younger brother Jack, who is at present in the Royal Canadian Mounted Police stationed in the northern [illegible]

Her travels started in 1947 when she left Elk Point to attend the Provincial Normal School at Edmonton. She graduated in 1948 and taught school at Mallaig, Alberta, for two years.

Then she left Alberta to teach in the Peace River country at Grimshaw, Alberta, for a year. Next she moved to Vancouver where she taught school for three years.

With a quick grin F/O Wiggerinck recalled her first experience as a schoolteacher in the Central Creek country school house near Ashmont. She was teaching grades one to ten — all in the same room.

(Please turn to page 6)

Jaycees Win With Fraud Tactics

(Written Without Prejudice)

The Jaycees pulled a "Vegreville" on the firemen by enlisting illegitimate players (we are sure haven't paid dues and never belonged to the organization) as members that kept a rally of five lines pumping steadily and firemen's nine two, derived malety out of its small membership of 22.

Garth Roberts, refereeing, was picking on the firemen to get even for the penalties he's been serving. His property butter never catch on fire.

With nasty on odd hone wrenching slapshot and plenty of buffing and puffing, the game had to go up and down the crease with the crowds went sliding and screaming in all directions, mostly out of control. The final score added up to 10-7 for the Jaycees, but that's questionable . . . the score keeper was playing hard for the Jaycees.

In the final period, the Firemen put on the pressure with an eight man attack, but the biased referee wouldn't allow the goals. Only for some new rule of

Scoring for Jaycees: Alex Van Brabant, 3 Firemen Metzl, the Cudeye Kid, 3, Bill Saskup 3, R. Joly, Cecil Yurwichuk and Don Brodeur (score keeper must have made a mistake on this one) each tallied once.

Firemen's squirts were turned on by V. Joly, Ike 3, Tim Lapierre 1, Paddy 1, Fred Petry 2, Vic LaBeaucane made one but he snapped it in against his own team.

LINEUPS

Jaycees: George Parent, goal, Bob Brule, A. Van Brabant, Clem. Gauvreau, Paul Letourneau, Ted Pomeda, Fernand Belsil, Dick Gentry, Bill Shabaga, F. Ayotte, R. Joly, L. Lambert, G. Yourwichuk and various other dark horses.

Firemen: Max Dansereau, goal, Vic LaBeaucane, Jules Van Brabant, V. Joly, Tim Lapierre, Ray Pallaschuk, Vic Pedrotty, Fred Dennis, Fred Petry, Phil Germain.

Proceeds of $75.70 were taken in and turned over to the Hornet Hockey Club.

Plan Meetings To Introduce VLA Legislation

At St. Paul, Mallaig And Bonnyville

Meetings are being organized in the district of St. Paul to acquaint the public with the provisions of the Veterans Land Act legislations, particularly Part 2 and Part 3 thereof.

The meetings will be arranged by Veterans Welfare Officer Paul Hamel, and will be addressed by Mr. Hamel and by Mr. Ed Lafleur, Chairman of the Provincial Committee. Mr. Lafleur is also Vice-Principal of Mallaig School.

The meetings will be devoted to farm planning and farm management and the law is expected to be of assistance to farmers who find a necessity of re-organizing their enterprise to cope with the reduced farm income

These meetings will be held in the Legion Halls, in St Paul, Monday, March 10th; Mallaig, March 31st, and Bonnyville, March 31st.

There will be officials from the Veterans Land Act, The Department of Veteran's Affairs, the Provincial Department of Agriculture and the Municipal Field Supervisors.

The subjects discussed will be of interest to everyone and the public is cordially invited.

Beaver Lumber Second Robbery

RCMP Apprehend Two St. Paul Boys; Receive Year's Suspended Sentence

Two youths were apprehended by RCMP Tuesday afternoon and found guilty of breaking, entering and robbing the Beaver Lumber Co. Limited premises at about 2:00 a.m. the same day.

The two St. Paul aged youths, both regular church and were 16 and 17 entered the lumber yard by way of the large main door into the warehouse. They forced and smash the latch and continued on to the office entering by breaking a window of the door leading to the front end and removing the catch through the opening

The jagged ends of the broken glass cut one of the youth's hand and he left fingerprint to identify him and force a confession.

Failing to find money in the

Theriau, Mallaig Meet In BVHL Finals in St. Paul

Finalists in the Beaver Valley Hockey League have made arrangements to play their semi-final series at one of these series at the St. Paul Arena, Friday, March 14, starting at 9:30 p.m.

The final game of the finals was won by Mallaig 5-1. The second fixture should be a fast, interesting hockey game, and only to northern residents but to St. Paul sport fans. You are cordially invited to support them because whose fans have also been a great support in our own league and numbered a good attendance at all regular Eastern Alberta Hockey League games

Jones Brings Back Cup From Vilna

A St. Paul rink, skipped by Davy Jones, Don Guthrie third, P G. LaBeaucane second, and Ray Lund, invaded Vilna last Sunday and retrieved the Canadian Bank of Commerce Cup.

They brought it home by virtue of a 13-8 win over John Shopik.

TENDERS

Addition to Elementary Schools at Lodstad & (Ledoux) St. Edouard and Addition to High School at Mallaig, Alberta for St. Paul School Division No. 65 St. Paul, Alberta.

Tenders will be received at the office of the undersigned until 5:00 p.m., M.S.T., Wednesday, March 28th, 1956, for the General, Heating, Plumbing and Electrical contracts on the above buildings.

Plans and specifications are available to General, Heating, Plumbing and Electrical contractors ONLY, at Architects' office and at the St. Paul School Division office, upon deposit of $50.00 per set. This deposit will be refunded upon return of plans and specifications in good condition within one week of the closing of tender.

Separate specifications for sub contractory reference shall be placed as follows: two sets in Edmonton Builders' Exchange and two sets with the Secretary of the School Board.

A Bid Bond or certified cheque in the amount of $2,500 shall accompany each General Contractor's tender for Addition to Lodstad School and a similar amount for the Addition to Mallaig School and Addition to (Ledoux) St. Edouard School; a Bid Bond or certified cheque in the amount of $4,000.00 shall accompany each General Contractor's tender for Addition to Mallaig High School.

A certified cheque (NO BID BOND) in the amount specified hereunder shall accompany other tenders.

(a) Addition to Lodstad School.

Plumbing tender	$300.00
Heating tender	$300.00
Electrical tender	$175.00

(b) Addition to (Ledoux) St. Edouard School:

Plumbing tender	$600.00
Heating tender	$600.00
Electrical tender	$175.00

(c) Addition to Mallaig School:

Plumbing tender	$600.00
Heating tender	$600.00
Electrical tender	$600.00

In the event that a successful contractor fails to enter into contract on the basis of his tender and as outlined in specifications, his bid bond or cheque shall be forfeited.

A 50% Performance Bond shown in compliance with the specifications shall be required from the successful contractor.

The lowest or any tender will not necessarily be accepted.

DIAMOND, DUPUIS & DUPUIS Registered Architects 920 Revillon Building 10740-Jasper Avenue Edmonton, Alberta. -26

Heavy Toll In Fire Fatalities

Fires took 46 lives in Alberta last year, increasing by 10 above, according to A. E. Bridges, Provincial Fire Commissioner.

Of the child fatalities, seven were due to the youngsters playing left alone in a dwelling, trailer or car and were consequently unattended. One child died from severe burns, after playing with matches as the clothing took fire

The Alberta Safety Council has been unremitting in their every month toll in warning of fire hazards and the need of using every protective means to prevent fires.

From this time on starting out badly as some five deaths have occurred already, two of these being children.

Officials of the Fire Commissioner's office say from 70 to 75 per cent of fire deaths occur at night.

A review of last year's death toll in Alberta shows that in addition to the children, eight women and twenty-one men lost their lives in fires.

Cause of the blazes in nine instances was due to gasoline lighted fires, while in five cases the cause was an explosion. Coal oil was used to start the fire.

The misuse of gasoline or coal oil to light fires took five lives comprising of two children, two men and one woman.

In 1954 there were 35 lives lost in fires including eight children The worst year was 1953, when the death toll was 94, inclusive of 23 children In 1952 there were 36 deaths of which 9 were children The total in 1951 was 78 deaths including nine children An unofficial computation shows that in the last 11 years, 660 persons have died from fires in this province.

The Safety Council suggests these things to do in case of fire Don't fling doors open if you think there is a fire First close them and if they are hot get out another way or block the doors with furniture or mattresses to keep out smoke and flames

Remember the air is usually better near the floor if a room is filled with smoke

Hold your breath and cover your face if you have to make a dash through smoke or fire

Let me help you "fashion" your figure

with Spirella gentle-control brassieres — created for you and you alone — by individually cut and made to suit your personal requirements

ST. PAUL ALBERTA

The Traffic Safety Lane

By J. W. McKAY

Supervisor Highway Traffic Board, Edmonton

As we climb back into the fatal accidents of previous years, we find no money of them that do not seem to have any reason for them.

We all have read or heard about accidents on level railroad crossings, running into parked vehicles, failing to make a turn with the road and so, accidents without apparent cause whose presence from here been our above unbearable anger on, and vehicle property damage.

What seems to be the cause? What is it that will mean a driver of a motor vehicle is run the side of a train at a level railway crossing, in daylight when the train is already across the road? What is it that will cause a driver to run the rear end of another which is parked on the roadway with lights and flares? What is it that will cause a driver failure in seeing the other car, then there, then, and its lights indicated 4 half of cars.

Mr and Mrs Orval Thompson and family and Lauren Valley left again, the end of February, for the Yukon where they will be employed in the restaurant business.

We are glad to hear that Mr. Jewel Gamble is home from hospital and hope his recovery is speedy

Mrs Joe Vallee, Mrs Guy Vallee and Mrs Hilda Gould spent a few days in Bonnyville last week.

Maurice Vallee has joined the RCAF and is now in the east receiving his training

Mr and Mrs. E. Eigner and family motored to Calgary the middle of February to visit Mrs Eigner relatives. From Calgary accompanied them from Edmonton. No snow there, they report. What any we report then half of ours

Mr and Mrs Orval Thompson and family and Lauren Valley left again, the end of February, for the Yukon where they will be employed in the restaurant business.

We are glad to hear that Mr. Jewel Gamble is home from hospital and hope his recovery is speedy

Mrs Joe Vallee, Mrs Guy Vallee and Mrs Hilda Gould spent a few days in Bonnyville last week.

Maurice Vallee has joined the RCAF and is now in the east receiving his training

Thought A driver as above can be preoccupied with thoughts of business persons and home life, or perhaps attending

Fatigue is a poison which dulls the mind and impairs vision — slows reactions

These are just a few You can name many more But there is always a reason for motorists accidents and motorists does cause some of our worst accidents

When taking a trip, whether a short one or a long one we should always be prepared to meet an emergency at all times emergencies are scarce just ahead In order to meet them and stay on the side to be safe have to be alert — ready for quick thinking — ready for quick action

Ashmont News

Mr and Mrs H Dryda and daughter Gwen, of Owlseye and Mr and Mrs H Lavigne of Ashmont motored to Edmonton on March 7th to attend the annual banquet and dance of the MacDonald Hotel employees of which Mr. Dryda is manager.

Entertainment of a high order was supplied by Lois Rowntree and a group of local talented artists Mr Lavoie is the lucky owner of the door prize, a package of Mission Pastry confection

On BIG jobs — small jobs — all jobs — move it for less with

MERCURY TRUCKS

Advanced design short-stroke power — yours in every Mercury truck throughout 10 great series — is fuel-saving, long-life, money-saving power. Nine mighty engines teamed with a complete choice of transmissions offer the right power team for your job.

Mercury's new Safeguard Design protects the driver in the safest, most comfortable cab on the road. Now, bigger payload capacities — models up to 65,000 lbs. G.V.W. — give extra profit-making potential.

A wider choice of power options, new 12-volt ignition and dozens of new heavy-duty features all add up to more truck value per dollar.

Now Both V-8 and 6

Expanded Mercury Truck line offers both V-8 and 6 short-stroke power, standard in light and medium duty models and Master Rated Units. Now 132 Hp. Cost Cutter 6 is the most modern, efficient truck 6 ever built. New 167 Hp Power King V-8 delivers more usable, work-ing power than any comparable V-8. Both are advanced design short-stroke engines with high 8-to-1 compression.

(special tax discounts)

A 7% discount will be allowed on 1956 TAX PREPAYMENTS. Ratepayers are urged to take advantage of this substantial discount.

Remittance in part, or equal to the 1955 levy will be accepted until MARCH 31st., 1956. Payment may be made in person or by mail.

Why not pay your taxes right now and take advantage of the discounts. Money saved is money earned. Think of taxes in terms of progress . . . remit promptly, fulfill your obligations towards your town, and the saving will be returned by better public service and improvements. Your town deserves first consideration.

LAURENT RICHARD
Secretary-Treasurer
Town of St. Paul

Hon. Ray Reierson Replies Speech From The Throne

Published below is the third part of an address by the Hon. Raymond Reierson, Minister of Municipal Affairs and M.L.A. for St. Paul, in reply to the speech from the Throne.

The new form of financing would not abolish the system as it now exists except where Part II bonds are required to be used for financing of delinquents amounts under both the Revolving Fund and the Guarantee Act. Our plan it is intended that accounts under 1½% Revolving Fund should have the option to go on a $5.00 per month, should they wish to do so. This in fact, Mr. Speaker, leaves the option of existing machinery for Rural Electrification available to our farmers at the latter's option. I have outlined.

The first point that may be raised is that farmers do not receive their income on a monthly basis and normally prefer annual instalments. Statistics prove that they do not receive the income on an annual basis either. Over the past 12 months the 24 months from August '53 to August '55 are as follows:

1955	
September	$34,650,000
October	$46,950,000
November	$36,310,000
December	$41,706,000
1954	
January	$35,000,000
February	$30,132,000
March	$38,234,000
April	$71,150,000
May	$34,695,000
June	32,947,000
July	$30,415,000
August	$17,940,000
September	$30,396,000
October	$41,650,000
November	$40,661,000
December	$34,055,000
1955	
January	$37,352,000
February	$30,312,000
March	$170,847,000
April	$39,642,000
May	$32,350,000
June	$36,779,000
July	$37,408,000
August	$40,018,000

December '55 dropped to a new low of slightly more than half of the preceding year. During the present depressed state of agriculture I feel that meeting small amounts as they come due each month will go a long way towards lessening the burden of meeting larger capital payments annually. Many of our annual farmers have monthly income and meeting monthly commitments. Others have a regular revenue, as easily budgeted monthly as any other basis.

I would like to feel, Mr. Speaker, that under these proposals no farmer will be denied power because of excessive costs to facilities, and that nobody become will unable him to modernize his farm because of the payments with the light bill each month.

No change is anticipated in the present quarterly system of billing for those now under it unless extended terms are requested. The slight additional cost of monthly billing and collection will not be appreciable. Many thods of handling this can be considered. One possibility would be a flat rate for 2 months in the quarter, with no adjusted bill covered by a self meter reading card to be sent in.

Many systems are in use to-day to distribute power in rural areas. All are either designed to recover the cost over a certain period, or lend urban users on a complete basis at these very attractive conditions.

I do not propose to embark on a lengthy explanation of Public versus Private Ownership of facilities at this time, since I will concede that a better system of use in every circumstance or design, the arbitrary concern of electrifying rural areas is being displayed

by farmers, I am sorry, are prepared to pay the cost of not connecting part or all of rates to urban users, providing it can be made available to them on an economically sound basis. The new plan assures that Co-operatively they can do it and at the same time retain full control over the operation and audit of their own affairs.

Under the proposed plan, discounts available to Power Companies for purchasing material on a large scale would be passed on the Co-operative Association concern and are not assisted and invested at a modest profit to take care of replacement and

[illegible] Servicing of rural accounts are charged for at time and mileage on a rural basis, in conjunction with regular urban and industrial work by qualified Power Company personnel — again subject to the scrutiny of the Commission. I might interject here Mr Speaker, that nowhere in my travels in the U.S. were servicing costs as low as here in Alberta and, finally, rates of 3c per K W H at the farmers meter have been carefully calculated on a cost of production basis.

Rural Electrification today is utilizing only 6% of generated output of our plants, but requires 10% of production capacity because of the variable or peak nature of the load. Even with the tremendous increase in constant industrial load in this Province the plants deliver only 50% of their capacity over a year's time $571.00 of plant and [illegible] are required to cover each farmer requiring power.

You have my assurance, Mr. Speaker, that this proposal is not only receiving this review at rest but the general machinery and [illegible] of the cost at these very attractive conditions.

The [illegible] of the [illegible] and distribution facilities as well as the [illegible] of the [illegible] transmission network is now received to [illegible] companies or Electrical Associations [illegible] are not to the scale of [illegible] ask the [illegible] [illegible] [illegible]

HOCKEY REVIEW

It's all over for this year The worry, the anxiety before every game [illegible] and after we did, or we could be with the same [illegible] and so on. The arguing coaching will be should carry on as sport fans discuss the strategy used . . . was it good . . . could it have been improved . . . and what are we going to do for next year

We were all disappointed, naturally, to see the Hornets go down in the fifth and decisive game of the semi-finals which knocked them out for this year, but we all felt a glow of pride at the way they staged, and the fight Vegreville had to put on, in order to carry on in the finals

We extend that to Vegreville again for the second year pulled their way into the league playoffs, carrying on a strategy that is [illegible] the regulations and according to Hoyle

The Rangers supplied to a great extent on the player of Bing Merius, one-time professional with the Flyers, Otto Lecourneau, [illegible] professional, Kelsey and Kirk from the University of Alberta Golden Bears to pull them through the last half of the schedule and keep them in the playoffs Those four are what have been generally referred to as regional professional imports. They were added to the line pushed the registration date and greatly off balanced the league.

Regulations agreed upon by representatives of the six teams in the league at a pre-season meeting had set the final date for registration of players on or before January 15th.

When that time rolled up, Vegreville was in a losing slump, and it seemed evident they would be knocked out of the playoffs if they continued to slide. They made application to the League officials who reside at Wainright and were granted an extension to February 1st. This allowed them to juggle their line-up and retain the services of the above mentioned illegal imports.

St. Paul protested the ruling, but was informed that a vote had been taken and the decision subsequently arrived at. We clenched further and found out the vote had been taken and forced the Secretary of the League to admit the decision had been made by himself and the President, because they felt it was in the best interest of the league.

We persisted further pointing out that no democratic organization can operate in such a manner and that no one had the right to change the ruling without full consent of all parties involved. Our arguments were just simply ignored. Also as Vegreville [illegible] permitted to play off as well as [illegible] we claimed up to second place and beat out the [illegible] semi-finals.

We're not bringing out these facts to cry on anybody's shoulder — merely as information. We feel that inspite of the playoff Vegreville entry, we could have won the series and were a good match for their power house.

Pat Burns [illegible] receive the breaks and consideration it should be paid. Perhaps we are classed as just a small burg to be pushed around. In the Centennial year, we offered the Marine and 4 dances dates to come here and the same for the [illegible] game. They played a convenient Sunday afternoon, [illegible] when it was our turn to go there on a date [illegible] or pro-rated, and finally after much haggling we were assured by the playoff committee that unofficially we would get a fair break, to play on a specific date, no buts, or forfeit the series. We had to promise a schedule league game here Saturday, cancel broadcasting arrangements, but those were all insignificant details according to the officials. We played and came out of it on top, against the best advice [illegible] local opponent executives from St. Paul.

The Burns and Dalton series was a repetition of the above procedure The Edmonton team protested and informed us they were coming to St. Paul on the fourth, and we said fine, but they turned around and gave us two dates, on both of which we had previous commitments, but by able to force us there at their own choosing and to our disadvantage, because we had played three games straight two of three strenuous road games. We lost the series by one point. That could have made the difference.

Next year the executive intends to get in there with a better team and a watchful eye on the administration.

In the meantime it is quite in order to thank all the business men of St. Paul who have supported the team with their generous financial contributions. The fans have been more than loyal, filling the arena with record crowds this year inspite of the cold and the abnormal roads. The remarkable quality of St. Paul fans was noted when the team went on the road. There was always an exceptional following at all out-of-town games and they were complimented by their cheers and moral support which permeated Vermilion or Vegreville. At the last game in Vegreville, Saturday, it was estimated there were more St. Paul and Two Hills fans in the Ranger Arena than local sports.

Again we wish to express our thanks to the comp- (Continued on page 7)

WE THE HOMEMAKERS
By MRS. ELSIE KUNAR
District Home Economist

Health insurance is a major topic of conversation in Canada. Health insurance which every Canadian should give her whose family is carried in a good supply of vegetables

Pep up the appetites in your family through popping up your vegetables with herbs. Carrots for example can be served with variety in both form and flavor Serve whole, halved, or quartered, slivered, sliced, diced or chopped carrots sprinkled with fresh parsley or chives or potato with a bit of mint, basil, summer savory or thyme

One herb mixture that is very good for vegetables is an equal mixture of summer savory, marjoram and basil. Try this on glazed carrots . . . split the carrots in half lengthwise and parboil for a few minutes. Now place them in a buttered shallow casserole or pan sprinkled with a suggestion of the herb mixture and a dash of herb mixture over the carrots Dot with butter and sprinkle with a tablespoon of sugar. Pour half a cup of water around the carrots and bake until tender and glazed.

Try a bay leaf with beets or string beans A dash of nutmeg on carrots or leafy greens To give cabbage some zip add some celery, or caraway seeds, a sprig of mint or a pinch of sage or after dreaming add a little curry powder, chili sauce, or grated cheese You see, there is no end to the variety of ways you can serve vegetables.

Bill Introduced To Abolish Transferable Voting System

By Ken Moses

EDMONTON — After dating quite well under it for 30 years, Alberta voters has decided to [illegible] the "transferable ballot of proportional representation system of voting in provincial elections."

A bill introduced by the government in the legislature last week would put Alberta electorate back to the "straight X" Ballot - the same system used in federal elections. At this point, there is little doubt about the bill being passed.

The 100-page bill, introduced by Hon. Fred C. Hannan, makes no drastic changes in the present system of marking ballots in the only major departure from the old act. Other changes are relatively minor administrative amendments.

Naturally the first question to arise was, why the sudden decision to scrap a system which has been used in the province since the UFA government introduced it in 1926?

So far there have been two distinctly different answers — one from the government and the other from opposition spokesmen in the legislature.

The government claims the transferable ballot system is too complicated the voters can't understand it, and the result is a large percentage of spoiled and rejected ballots.

The opposition says the real reason is that after what happened in the election last June, the government is afraid of the inverted system under which a majority elected cluster of [illegible] Electoral Social Credit representatives in the 61-seat house dropped from 51 to 37.

There is room for argument on both sides. The transferable ballot used in single-member ridings and the proportional representation system used in Edmonton and Calgary are both [illegible] complicated. The government claims that [illegible] there were more spoiled ballots in Edmonton alone than in the entire province in the 1952 federal election.

After the bill was introduced, Premier Manning argued that no one group or majority any particular voting system is in favor of any individual party in the [illegible] of power. He said the government believes there are "serious reasons" for a change.

Backing up the opposition claim, the analysis of election returns last June shows Social Credit would have done slightly better if the straight "X" ballot had been used. The Liberal party would have elected two more members, instead of 39 as they did, and the CCF parties would have elected one more each.

J. Harper Prowse, Liberal leader, described the proposed change as "a last-ditch attempt to save a tottering administration — an admission of an expected defeat."

Many students of politics believe that the transferable system is the most fair and democratic in existence, because it allows the voter to exercise second choices. When more than two parties are contesting a seat, it lessens the possibility of an administration with a small majority. Under a straight "X" system a candidate can win with a majority of less than 50 per cent if the rest of the votes are split between two others.

Alberta was the first Canadian province to adopt the transferable ballot and will be the last one to drop it. Manitoba adopted it in 1921 and threw it out last year. British Columbia used it only once, in 1950 and reported ballots.

ARMY SERGEANT IS COMPOSER AT HEART

A search writes a new role for Band-Sergeant Wilson

Thomas McIntyre, seen above, is reverting both praise both in Canada and the U.S. where it has been copyrighted Retired "Fort Osborne," the march, the 30-year-old composer's first one, is named after the station hospital the Royal Canadian Horse Artillery in Winnipeg, where Matthew is posted. It recently was recorded by the Canadian Army band and has been played over Canadian Broadcasting Corporation. When not engaged as a trumpeter in the military band, the composer is busy composing orchestral music for musical shows.

Mr. Colbourne is chairman of a provincial cabinet committee which has been studying the Election Act since last summer. The committee conducted a survey into the matter and collected [illegible] on reported ballots which will be gone into in the house later.

The ballot will be discussed again until it comes up for second reading, and it's possible that this could develop into a hot debate.

On the other hand, some observers believe premier Manning's [illegible] is not one on which he is afraid of the new system.

* * *

The legislature adjourned for two days last week while Premier Manning and Provincial Treasurer L. W. Hannan attended federal-provincial financial talks in Ottawa. Sessions resumed again Monday, with members continuing their detailed study of estimates for the coming fiscal year.

P. Wiegerinck Promoted To New Post

(Continued from page 1)

"I just couldn't picture myself as a schoolteacher," she said. "The first day I rang the bell, [illegible] and all I could think of was [illegible] the children must have thought I was crazy."

She admitted, however, that teaching was "fun" but that at times "some of my dear pupils made life very interesting."

Apart from her new job as an administrative officer at the Supply Depot P. O. Wiegerinck is responsible for the welfare of some 300 airwomen stationed at the base. She finds her heretofore training as a schoolteacher a help in understanding some of the problems of the airwomen.

For two years during the Second World War P. O. Wiegerinck was a supervising librarian at the St. Paul School Division — a job that involved considerable travelling. She recalled that prairie roads were certainly not the best for year-around driving. "I had my own car and I can truthfully say I did more snow shovelling than I ever did before — or since, for that matter," she said. But that's a waste. I really learned to drive during those years."

Her family pets and quite capable of looking after herself while her husband P. O. Wiegerinck said she was caught in a snowstorm one night during which time the motor [illegible] so [illegible] she was forced to [illegible] on a car and that's exactly what she did.

"I simply propped the book up on the front fender and followed the instructions," she explained. "They stayed on too."

She might have been an excellent driver on prairie roads but P. O. Wiegerinck received a rude shock when she applied for an Ontario driver's permit shortly after her arrival in the Toronto area.

She failed the test for being over cautious, according to [illegible] officers.

Incidentally, Mrs. A. Wiegerinck is a medical practitioner [illegible] with the Elk Point Clinic. She graduated as a doctor in Saskatchewan, but didn't practice for many years. "She was too busy raising a family," P/O Wiegerinck said.

During the summer holidays P/O Wiegerinck improved her education by taking additional courses at the University of Alberta and finally, shortly after the war, she accepted a teaching position on the Edmonton Public School staff. She taught at the Lamont and North Edmonton Public Schools.

In 1951, she decided she would like to travel and see more of Canada. She sold her car and joined the RCAF as an aircraftman in the flying control branch.

After a brief stay at the Manning Depot at St. Johns, Quebec, she was transferred to RCAF Station "Trenton at [illegible]" Ontario and later to a flying control course at Grand Bend in Ontario.

"It was a very interesting and enjoyable course," P/O Wiegerinck said. She used for second place honors in a course of 38 airwomen.

Then she was transferred to Vancouver and shortly after to the RCAF's base at Comox on Vancouver Island where she spent her working hours controlling aircraft in and out of the airport. With her head eyes twinkling she said she received her first major promotion to the rank of Corporal at Comox.

In the late summer of 1953 she was recommended for a commission in the Air Force and transferred to the officers school at London, Ont. A few months later she was transferred to the supply depot, now at Downsview, as a Flying Officer.

Her ability to grow flowers, play badminton, ski and curl immediately made the black haired woman a popular officer at the supply depot.

Her current horticultural project is an attempt to make the up hall of a green pineapple grow in a saucer of water in the women's quarters. Latest reports indicate the plant is thriving although there is some doubt as to its ability to bloom.

Evelyn Soldan Takes Spiel

The annual Elk Point High School Bonspiel was held in the Elk Point Curling Rink during the week ending March 8th.

Eight rinks, skipped by Evelyn Soldan, James Krucik, Dean Fenton, Glen Mikush, Lloyd Wright, Alex Petschnig, Donald and Bob Hall were entered in the two-event spiel.

Winner of the first event was Evelyn Soldan, who defeated Donald Ramsay in the final game, by a score of 11-6.

Others on Evelyn's rink were: third, Ann Anderson; second, Jimmy Rawsthorne and lead Ruby Prowse.

Thomas Mehigh, by defeating Nels Hall in the final game, was victorious in the second event. Thomas's rink consisted of Lloyd, Georgina Miller, Donna Anderson second and Joan Milholland playing lead.

A Thought For The Week

When we are alone at times, or perhaps lying in bed recovering from sickness, it is then that we find ourselves thinking "Oh what!" nonsense might ask. Well that all depends upon the subject of our thoughts and as I, personally, grow older I find myself more and more inclined and I try to express them as well as I can.

Now, I'm only twenty-four day, approached by a young farmer who was spiritually troubled, and as I listened I was reminded of something which I thought would be helpful to this is something which I said "You may have heard of the white cliffs of Dover in the south-east of England." You have? Good! Well, there was a lady who lived close by the white chalk cliffs for many years and one night she dreamed that she was climbing up the face of the cliffs by means of iron hobbs which were firmly embedded into the chalk rock. On and on she climbed with her tremendous strength until she got near the top. Then at the crucial time her strength almost left her, and in despair she felt unable to climb any more. She did not look below, but she did look up, and suddenly a great hand was stretched forward her and closed upon the hand then lifted her over in safety.

This was assurance she needed for life had been hard on her and she had attempted too much in her own strength. "Then I looked, and there was a hand stretched out to me me," says Ezekiel in his second chapter (I think it is Moffit's translation)

Bonanno said: Religion delivers us from Fear but not from the things we are afraid of If we think that over, it is something worth remembering, for God saves His people not from trouble but in trouble, and His greatest strength to us is when He sustains us in the hour of severe trial.

I know by very certainty that God gives power to all waiting and willing souls to enable to meet difficult circumstances for He surely builds up and renews We cannot do everything we set out to do in our own strength, that is one very obvious conclusion, and we sooner or later have to admit it."

At the end of our little talk together, I felt the young farmer got the idea for he had needed a fresh slant to his thoughts, and prayer and action, we agreed, with the power of the Lord behind and before, would do the rest.

There are not platitudes, but what really happened one day last week, here, in Elk Point.

Rev. Hollywood Adam

THE OLD HOME TOWN By STANLEY

Local News

Mrs. Clarence Morrish returned to Elk Point last week after an extended visit to her brother's home in Dawson Creek.

Mrs. Carl Holmes motored from Edmonton to St. Paul with her son, Clarence, last week. She had been visiting with the latter and his family in Edmonton for some time. The rest of the journey to her own home in Lindbergh Lake was made by Sunbeam Bus, School Bus and tough.

Elizabeth Sjodean and David Dide were home for the week-end. The former remained back with news with Eddie and Bernyce Soldan on Sunday.

Marvin Valentine returned to Elk Point from Edmonton, during, and is joining the staff of the Tweedie Branch of the Co-operative.

Peter Shishkosky, Joan Bengtson, Shirley Quinn and Dan Dide all received their respective honors last weekend.

Mr. and Mrs. Fred Mutch returned to Redwater, Alberta, Sunday. Mrs. Mutch and Beverly stayed for the week.

Louise McCallum wrote from the Prince Rachael Hotel at Wallaby, Manitoba that she is enjoying her holiday immensely on the water in company with Whitney at an inn.

Elmer Richard at Mark Iron this three weeks holiday in Vilna where he visited with his mother, Mrs. Hewish

Dr. Wiegerinck At Red Cross Convention

A meeting of the Elk Point Red Cross Board was held Monday, March 13. Canvassers in the current drive for funds report that results so far are very encouraging in most districts, but more volunteers for blood donating will be necessary before a clinic can be held here.

Dr. P. Wiegerinck will be good to represent the division at the Red Cross Council at Banff this week.

Evangeline Soroka Will Represent Alberta At Germany Seminar

Evangeline Soroka, nete R. and Clara Wirsig, grad school, were chosen last week to represent the University of Alberta at the World University Service seminar this summer in Germany this summer.

The summer seminar, organized chiefly by Canadian WUS will have as its theme "Universities and Freedom." Asian and African students, as well as 25 Canadian and five United States students, will attend.

Miss Soroka is taking an honors course in experimental psychology. She is well-known for leadership in student activities, this year is co-director of Varsity Varieties.

She was the winner of an Alberta Bond Association scholarship in grade 12, and last summer won a WUS scholarship to the Conchiching Conference, sponsored by the Canadian Institute on Public Affairs and the Canadian Broadcasting Corporation.

Having received his B.S. in history last year, Wirsig is now subject, specializing in international relations, and is undertaking a master's degree in that [illegible] affairs. President of the Political Science Club this year, he served on arts and science representative on Students Council last year, and has been active on the staff of The Gateway.

Both Miss Soroka and Wirsig were named last week as active [illegible] award winners. Miss Soroka won a gold "A" pin for [illegible] activities, while Wirsig won a silver "A" ring for [illegible] work in athletics. Last year he received a gold "A" pin for his Gateway work.

Before attending the seminar, Miss Soroka and Wirsig will take part in a month tour. Five such tours will be organized with 8 [illegible] Canadian or U.S. students in each. Their tours will be of Germany, Yugoslavia, Greece, Rumania, and Spain and Portugal respectively.

Miss Soroka and Wirsig will end June 13 from Montreal to Le Havre, France. From there they will travel to Paris, where the first days of their visit will be spent seeing UNESCO and NATO headquarters. They will return to Canada September 13.

Selection committee for Alberta consisted of Dr. W. H. James, Dr. C. F. Bentley, Dr. M. R. Collier, John Brewin, Fred Parkinson, and Ralph Marshall. Parkinson and Marshall have attended previous seminars.

To Print Elk Point Directory

The monthly Elk Point Chamber of Commerce meeting was held on March 10, 1958 at which time the members present decided to drop the annual short course for this year due to poor conditions but are planning to have one or two field days in the summer. Also at the meeting a motion was made and passed that the Elk Point Chamber of Commerce sponsor and print a telephone directory for the phone users in Elk Point.

At this time, I want to thank the members who turned up at the meeting. Attendance is getting better.

Eagles, Hornets Clinch Game With 10 All Score

Hornets split up, rumouring the Two Mills line to be torn down, the veterans on each side battling up with juvenile to meet the battle at the St. Paul Arena Tuesday night with a deadlock score of 10 all.

The Hornets had to do it the hard way, climbing up from behind a deficit of 9-4 going into the third period, scoring six goals to stay in the running. Fjeldstrom potched up a hat trick in the last stanza.

Except for Dubiel lining up a penalty for playing with a broken stick and Pundick, a two minute confinement for trying to knee Roberts, the play was nice and clean. No penalties for St. Paul.

SUMMARY

First period: 1. St. Paul, Richard (Dion) 2:12; 2 Two Hills, Zaharchuk (Dion) 2:32; 3. St. Paul, Duhamel (H. Beland) 8:13; 4. Two Hills, Zbrozsky (Hrycir) 8:50; 5. Two Hills, Zaharchuk (Dubiel) 10:35. 6. Two Hills, Dubiel, 11:00. 7. St. Paul, Richard (Fjeldstrom) 16:00. No penalties. Score: Two Hills 4-3.

Second period. 8. Two Hills, Zaharchuk (Pundick, Tymchuk) 09:35; 9 Two Hills, Hrycier (Hrycir) 0:20; 10. St. Paul, Roberts (Richard, LaBoucane) 14:00; 11 Two Hills, Dubiel (Pundick) 17:30; Two Hills, Hrycier (Zaharchuk) 18:28. Penalties Dubiel, playing with broken stick Score Two Hills 8-5.

Third period: 13 Two Hills, Mulka (Pundick, Liebel) 7:15; 14. St. Paul, Dion (Roberts, Richard) 2:15; 15 St. Paul, H. Beland (Dion) 4:25; 16. St. Paul, Fjeldstrom (Richard) 5:00; 17. St. Paul, Fjeldstrom (Dion) 8:10; 18. Two Hills, Pundick, 9:40; 19. St. Paul, Fjeldstrom (Roberts) 12:30; 20. St. Paul, Roberts (Fjeldstrom) 13:00 Penalties Pundick, knee, 16:45. Final score: 10 all.

St. Paul JOURNAL

Volume 31. No 12 — THE JOURNAL, ST. PAUL, ALBERTA — THURSDAY, MARCH 22nd., 1956

Joe O'Driscoll President Of Toastmasters'

Succeeds Past Pres. Dr. J. A. Melenchuk

Mr Joseph O'Driscoll took the gavel as their administrator of the St Paul Toastmasters' Club after wielding a four-way election at the Monday evening dinner meeting in the Lavoie Cafe

Mr O'Driscoll, who has been secretary - treasurer of the public speaking group the past six months, is well qualified and versed with the affairs of the organization, to handle most efficiently the next term. Officers of Toastmasters are removed every six months.

Dr J Melenchuk an enthusiastic promoter of the Club since its inception relinquished the post of President after having his term, the club received its international charter and recognition by Toastmasters throughout Canada and the United States

Mr Sylvain Lefebvre was elected Educational Director in charge of organizing program schedules. Armand Gauvreau, Administrative Vice-President, responsible for membership; Bob Rajah, Sergeant - at-arms, whose duties comprise reception, and Cyril Cariquel, Secretary-Treasurer, official recorder and financier

The Toastmasters' Club was organized in St. Paul a little over a year ago and has enjoyed an enthusiastic membership of young and old businessmen, professionals, tradesmen and farmers who, under the guidance of trained leaders, improved their public speaking abilities.

First President of the Club was Mr Stan Powers, second, Dr J. A. Melenchuk. Immediate executive members were, besides Dr. Menchuk, Marcel Chevrette, L. H. Drouin, Peter Vasilkunas

Dinner meetings are held weekly in the Lavoie Cafe Banquet Room Membership is restricted to 20 members, but guests are permitted to attend the functions and name additions pending openings for regular membership

If you like intellectual stimulation and development, wish to improve your speaking ability for better social and business opportunities . . . the club for you to join is the "Toastmasters." Enquiries are welcomed.

Garbage Fire Quickly Snuffed

Bright and early Monday morning, in balmy spring weather, the Fire Department was called to put out its first fire of the season

The cause for alarm was found behind Lambert Bros., where an oily garage garbage pile had caught on fire and was spreading to the wall of the building against which it was piled.

Apart from a blackened section, no damage was done, and it only took the stream from the nozzle of No. 3 hose, a small one, to subdue the budding spring blaze.

Paul Lapierre Heads Ballet And Musical Concert In Edmonton

Paul Lapierre, well known St. Paul musician and artist, now attending Alberta College is leading a ballet presentation at the College to be staged on this coming Friday, March 23.

Paul, who will dance the leading role of Cavalier, in an "Edmonton Journal" story in which his picture appeared with a group of ballet dancers, is credited for originating the choreography for "Swan Pastorale," a fashion show and musical concert.

Fashion Show Introduces Styles For 1956

Mrs. Emile Lavoie, President of the Ladies' Auxiliary to the Canadian Legion, sponsors of a recent Spring Fashion Show, oversees preliminaries of the organization by presenting corsage to Mrs. Ken Gaisbek of Darling Ladies' Wear" whose establishment along with Bob's Shoe Store and St. Paul Jewellers featured in the show. On the right, Miss Lorraine Levasseur is caught in a professional modelling stance, typical of twenty-three other models who featured in fifty-six showings.

Only $906.43 Raised In Current Red Cross Drive . . . Have You Given?

BY CHAIRMAN CAMPAIGN COMMITTEE

An appeal has been launched to enable the Red Cross to carry on its work of mercy for the coming year Certainly there are many demands on your pocket for this drive and that drive for money But first and foremost in our minds should be the unsparing efforts of the Red Cross to give help when needed, here at home, elsewhere in Canada, or in some remote country

The quota for St Paul this year is $800. This amounts to about 32c for each man, woman and child. Just stop and think of how many ways this money helps you. It makes available to you the Life saving benefits of blood transfusions, material aid when disaster of flood or fire strikes, a beautiful cost-free hospital for crippled children in Calgary, hospital services for veterans, water safety and swimming instruction for children

Only $906.43 has been raised of an $800.00 objective set for the Town of St. Paul Most of this has been through household subscriptions Business men will be canvassed earnestly this week. You don't have to wait to be solicited Come out and do it voluntarily save time and effort for the Canvassers.

Mrs. Rose Tennes Girl Guide Captain

Word has been received from the Dominion Headquarters of the Girl Guide Association that Mrs. Rose M Tannas has successfully passed her examination for the Captain's Warrant

She is now entitled to wear the Captain's Badge of the Girl Guides. This badge will be presented to her in the future.

Belzil Takes Top Prizes Calgary Spring Sale Show

Reserve Grand And Junior Champions

Fernand Belzil came very near to taking all the major prizes for Herefords at the Calgary Bull Show and Sale which is presently being held in Calgary.

News from Calgary has it that Show and Reserve Grand and Reserve Junior Championships as well as placing second in the three classes for Groups of two, three and five bulls.

In winning the Reserve at Calgary, Mr. Belzil has won the recognition of being one of the top breeders in Western Canada Placing second in the Group classes is an equally important win as it is indicative of uniformity in the herd which is a factor which potential buyers place a great deal of importance on.

Results of the sale were not available at press time, however it is expected that prices paid for the Blue Hill Herefords may well top the sale.

Musical Production By Mrs. Decosse Friday, April 13th

Musicale, featuring numbers from the musical, Prince and other well known musical works, along with French Canadian interpretations will be staged in the Parish Hall on Friday, April 13th. The show, sponsored by the Ladies' Auxiliary to St Theresa Hospital, is under the Direction of Mrs. Roland Decosse. —12

K.C. Regular Meeting

Toastmistress CLUB

A toastmistress club is being organized by the local Association. Anyone wishing to join please forward your name to Mrs. Claire Stitch.

First meeting will be held at the Lavoie Cafe on April 10th., 1956, at 8:00

You do not necessarily have to be a Jayette to join this organization. Membership is open to all girls and ladies.

Fashion Show Heralds Spring

Legion Sponsored; Styles By Darling's

Twenty-Three Local Models Parade And Display Exquisite Fashions For Spring

Confident that the weather is breaking into Spring and the Ladies will want to come out in new finery for the Easter Parade, The St Paul Legion Fashion Show last Wednesday featuring 1956 styles from the Darling Ladies' Wear, Don's Shoe Shop and Jewelry from Central Jewellers

A large number of Ladies (and there were a few men too) turned out to the Legion Hall to see twenty-three models display the latest in clothing all the beautiful and fashionable ideas women will be wearing this year.

The program covered a complete range of fashions from the smallest toddler, to prim little misses, boys, school girls and a beautiful array of models emphasizing a full selection of Ensilles.

Moderator for the evening was Mrs. Helen Dansereau, past president of the Ladies' Auxiliary, who commented on and described the clothes combinations, while Mrs. Paul Letourneau and Lee Lambert accompanied with music music.

The show opened with music Miss Gail Drouin taking the introductory bows and concluded with a complete bridal party, receiving resounding applause Miss Gerry Courchesne wore the spring bride ensemble of a skirt of chantilly lace with scalloped pleats, nylon tulle veil held in place by a pretty jullette cap Her skirt was enhanced by a basket with lily point sleeves. White high heel satin pumps complimented her attire and she carried a bouquet of red roses. Flower girl was pretty Louise Drosse and page accompanying her, Dennis Leroux The bride's mother for the occasion was Mrs Jack Drosse and bridesmaid Mrs Terry Colbourne and Dorrie Beetlestone.

Showings included a variety of coats, dresses, suits, sports wear, skirts, gloves, handbags, hats, cottons, shantungs, linens, tweeds, silks, wools and fine worsteds in all types of seasonal sensation one-piece dresses, costumes, outfits, slacks and blouses Styles featured the new silhouette lines, sheath gowns, princess and bouffa torso dresses, with full skirts, push up sleeves, low belts, etc

All clothing and accessories were supplied by Darling Ladies' Wear, the shoes from Don's Shoe Shop and Jewelry from Central Jewellers.

Mrs Lorraine Levasseur was popular approval of the enthusiastic crowd with a professional display of modelling A Parisian Bumber called for her to appear in a sleek black fitted suit, black accessories and strolling along an exotic allure she typified to perfection a Paris Cafe Society bell languishing along in a trail of smoke from an air-resting long pearl cigarette holder she topped with coquettish

At intermission, Mrs Kay Guthrie, owner-manager of Darling Ladies' Wear was presented with a corsage of carnations from Mrs. Ernie Lavoie, president of the Ladies Auxiliary to the Legion, organizers hosting the show, for the evening.

Miss Cecile Langlois supplied the entertainment with renditions of both French and English songs

Hostess for the evening was Mrs O Belland, and behind the scenes, Mrs. P Meunier and Terry Peters helped and attended the models with changes

Taking part in the show as models were the following Misses Gail Linde and Dianne Drouin, Simone, Michelle and Louise Decosse, Carol Letourneau, Alice Belland, Joane Milne, Bill Turcuia, Jeanne Brault, Diane Lassenden, Mona Leroux, Lorraine Levasseur, Miss Thomchuk, Bertha Prigent, Gerry Courchesne, Mrs Dorrie Beethausse, Mrs Terry Colbourne, Julie Wolosky, Helen Keller, Mrs J M Drouin, Dens Wolstenhoime

The sale will be subject to the following terms and conditions:

The Department reserves the right to withdraw any of the lands from the sale or to include any other lands therein.

Lands sold shall be subject to reservation for existing surveyed roads, or roads hereafter surveyed, provided application for such roadway is made by the Provincial authorities prior to the issue of Patent. The rights of lands sold are subject to adjustment in accordance with the revised plans of survey.

Purchasers of timbered lands must take out a permit subject to the usual dues and fees before cutting any timber except for [illegible]

Rental of [illegible] must be remitted from the lands sold until a permit has been obtained from the proper authorities and payment made of all dues, fees and rentals.

Th sales will only convey the surface rights of the land and will be subject to the usual reservations in favour of the Crown.

The sale shall convey to the purchaser only the improvements upon the land which are the property of the Crown at the date of sale. All such improvements are forfeited and shall remain on the land and be the property of the Crown and shall not be removed or destroyed until final payment of the land has been made.

If any improvements are stated in this notice to be the property of anyone other than the Crown the corresponding paragraph shall not apply. The improvements may be sold at the sale but no representations are made and no warranty of any kind is given as to ownership or otherwise.

TERMS OF PAYMENT

On areas in areas of less than 80 acres: Payment in full of the purchase price shall be paid at the time of the sale or one-fifth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in four equal consecutive annual instalments, with interest at the rate of 5½ per cent per annum; which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid. Any instalment not paid when due will be subject to interest at the rate of 6% per cent per annum.

On areas of 80 acres or less: Payment in full of the purchase price shall be paid at the time of the sale or one-fourth of the purchase price shall be paid at the time of the sale and the balance of such purchase price shall be paid in three equal consecutive annual instalments, with interest at the rate of 5½ per cent per annum, which interest shall be paid with each instalment on the balance thereof from time to time remaining unpaid. Any instalment not paid when due will be subject to interest at the rate of 6% per cent per annum.

Upon a parcel of land being sold, the purchaser shall immediately pay the Clerk of Sale the full amount of the purchase price or pay for the amount of the first instalment, and in addition make payment in full for the improvements which are listed hereto, or over the period will at once be put up again.

Payments sufficient to cover the purchase price, interest, calculated on the upon price, must be made in cash, or by certified cheque or money order payable to the Minister of Lands and Mines, at par at the place of sale, or by guaranteed non-negotiable transfer vouchers, certified non-negotiable transfer vouchers or certified cheques. If the successful bid for a parcel of land exceeds the upset price the difference between the upset price and the amount bid must be paid in cash or guaranteed funds.

Further particulars covering the terms and conditions of the sale may be obtained by communicating with the Director of Lands, Department of Lands and Forests, Edmonton.

Prospective bidders should satisfy themselves as to the quality, etc., pertaining to the land.

By Order,
V. A. WOOD
Director of Lands,

Department of Lands and Forests,
EDMONTON, Alberta.

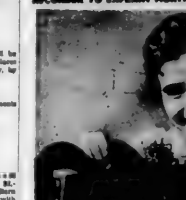
ACCORDING TO EXPLAIN NORTHERN LIGHTS



The instrument, developed in Canada, will be taken to the Arctic circle to record the northern lights and Professor Hess hopes to explain the [illegible] phenomenon.

Common Press Canadian

The northern lights or aurora borealis are caused when the earth is struck by Mary Buchanan, and the professor here data to explain the [illegible] phenomenon.

Stand With Fellow Citizens Bulwark Of Christian Democracy

HAMILTON, Ont. (CCC) — "Our hearts unite in solemn thankfulness to Divine Providence for the fact that we are privileged to live here . . . in a free and united Canada. Canada, where individual freedom under the safeguarding of man's essential human dignity is a cherished and challenged reality," Senator William Wall of Winnipeg declared here

The 66-year old educationist, who is the first Canadian senator of Ukrainian descent, was speaking at St. Vladimir's Ukrainian Hall where hundreds of former Ukrainians and friends had gathered to mark the 38th anniversary of the Ukrainian declaration of national sovereignty and the first anniversary of the Ukraine's political unification.

"But for the Divine Providence that brought the Ukrainians to Canada, but for the neighborly welcome we were given by our Canadian compatriots, we might well have been there . . . behind the iron Curtain, and in that veritable Communist dungeon where the supremacy of the State (as laid down and expounded by a common law) reigns supreme, and where the rights of man and groups of men have been denied and desecrated. But for the Western World's courageous labors and determination will to remain free, many more millions of freedom-loving democratic citizens might even now have been engulfed by the insatiable imperialism of militant communism

"As we think today of the many millions of less fortunate Ukrainians presently under Soviet domination, we are grateful that we may, in freedom and friendly cooperation, labor with other Canadian citizens to safeguard Canada's national and political integrity Drinking deeply from the moral and spiritual sources of our national inheritance of strength, we pledge ourselves to give willingly of our labors, our wisdom, our goodwill, our understanding, of love for by our fellow men . . . so that all roads are not paved, drivers have put in a days work already atmospheric conditions are not always the best.

If our headlights are adjusted correctly, it would take all of the distance you can see clearly ahead to bring your vehicle to a safe stop under normal road conditions.

Therefore, to use the full and reasonable to reduce speed to 40 m.p.h. at night.

There are certain laws in the Act which govern the position of headlights for day-lights. Headlights have a maximum and minimum height. A lamp that is too high can be projected ahead of the vehicle. The upper-most distribution of light of the upper beam must have intensity to reveal persons and vehicles at a distance of at least 250 feet. The lower most distribution must reveal persons and vehicles at a distance of at least 100 feet. The light of lower beam must be so arranged that it will not strike the eyes of an approaching driver to a level no lower plane. There is the fact which is involved in a good number of our night accidents. "Overdriving your headlights — or going too fast for the distance you can clearly see ahead Suppose we were to consider a legal speed limit of 60 m.p.h. At 60 m.p.h we are going 88 feet per second. There are two factors of stopping after [illegible]

1. The reaction of the driver
2. The stopping ability of the vehicle, determined by brake conditions, road conditions and tires.

The [illegible] of a driver under normal conditions is 3/4 of a second If he is tired, it will be longer At 60 m.p.h the moment your eye will travel 66 feet while you are getting your foot on to the brake pedal The average stopping ability of a car, under normal conditions is 30', thus gives us a total of 96' But everything is not normal at all times on the night The road is not perfectly level and straight Often and rough

Owlseys News

The Owlseys FUA held its regular meeting in the Hall on March 14th

Among matters discussed were a request to the St. Paul School Division asking that a complete financial statement be sent to all ratepayers, covering the year's operations, and the fee of the members to have Mr. R D Sloan attend the next meeting of the Glucose Municipal and School affairs

Upon a parcel of land being sold, the purchaser shall immediately pay the Clerk of Sale the full amount of the purchase price or pay for the amount of the first instalment, and in addition make payment in full for the improvements which are listed hereto, or over the period will at once be put up again.

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Board, Edmonton

I have had a question asked many times, "Why not speed limits for a 4ht driving." As you know the speed limits for day driving of a passenger car is 60 m.p.h and night is 50 m.p.h Why only 50 m.p.h at night"

There are certain laws in the Act which govern the position of headlights for day-lights. Headlights have a maximum and minimum height. A lamp that is too high can be projected ahead of the vehicle. The upper-most distribution of light of the upper beam must have intensity to reveal persons and vehicles at a distance of at least 250 feet. The lower most distribution must reveal persons and vehicles at a distance of at least 100 feet. The light of lower beam must be so arranged that it will not strike the eyes of an approaching driver to a level no lower plane. There is the fact which is involved in a good number of our night accidents. "Overdriving your headlights — or going too fast for the distance you can clearly see ahead Suppose we were to consider a legal speed limit of 60 m.p.h. At 60 m.p.h we are going 88 feet per second. There are two factors of stopping after [illegible]

1. The reaction of the driver
2. The stopping ability of the vehicle, determined by brake conditions, road conditions and tires.

The [illegible] of a driver under normal conditions is 3/4 of a second If he is tired, it will be longer At 60 m.p.h the moment your eye will travel 66 feet while you are getting your foot on to the brake pedal The average stopping ability of a car, under normal conditions is 30', thus gives us a total of 96' But everything is not normal at all times on the night The road is not perfectly level and straight Often and rough

Fulfil your obligations towards your town, and the fever will be returned by better public services and improvements. Your town deserves first consideration.

LAURENT RICHARD
Secretary-Treasurer
Town of St. Paul

Large Increase In Jan. Red Cross

An increase of more than 20,000 members in the Junior Red Cross during the past year was announced by Dr. M. E. Row of Edmonton, chairman, in his annual report to Alberta Division, Canadian Red Cross Society presented to the 41st annual meeting held March 15 and 16 at the Banff School of Fine Arts.

During the school year 1955-56, a total of 79,945 students in 2,673 Branches carried on the Junior program of good health, service to others and international understanding. Of these Public, 11,307 were High School students of 601 classrooms.

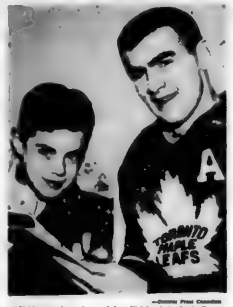
Alberta's Juniors showed their greatest interest in the Alberta Red Cross Crippled Children's hospital, and Dr Row, by contributing $14,636 to further the continuing the supply of towels and other equipment through the collection of coupons. They also sent fruit and canned vegetables and many other gifts to the hospital.

In its International Understanding program, Alberta Juniors sent shipments of toys, quilts, health kits and baby layettes to Korea, Greece, Hungary and Lebanon at a value of $1,888.33, as well as over $3,000 in funds. Another case of baby layettes was sent to welfare workers on the Northwest Territories.

Alberta students sent 94 correspondence albums to various countries through the International exchange and received 82 in exchange while 126 assorted pieces of student art were sent out to National Headquarters for eventual distribution among other countries. Tape records of songs and conversations on school and community life were prepared also.

Dr Row summarized particularly the International Study Centre at Kingston, Ont. last August which was attended by six Alberta Juniors.

ALL-STAR "DEFENCEMAN" IS A 3rd



"Flabbergasted" is the word for officials of the Little Toronto Hockey league, who chose a nine-year-old puchster for an all-star berth, then discovered that the youngster was a girl. Abigail Hoffman, left, known as "Abi," played four 12 games with a Toronto boys' team. The Maharaw Terpsichorean Troupe, without arousing the suspicions of her 12 teammates, coach, manager or league officials. Her true sex was discovered when officials were checking he's certification. Abi, who learned to play hockey from her two older brothers, had the full approval of her father. Confirmed, but almost unbelievable, is will allow her to finish the season with her team and parents. — Staff photo by Wayne Lind centre Ted Sloan chirps with his song.

—Canadian Press Cutline

1956 License Plates Are Made In Alberta At Fort Saskatchewan

For the first time, Alberta license plates are made within the province. The government of Alberta wisely decided that by making its license plates at the Fort Saskatchewan penitentiary, it would accomplish two things—it would help keep unemployment down and it would provide a useful skill for the inmates, and keep them usefully occupied. Warden McLean informed me that it has already proven to be excellent for the men who make the plates in improving their attitude toward life and providing exercise as well. The sheets of steel are run through a cutting machine, which reduces the sheets to strips of the right width. These strips are run through a stamping machine which shapes the numbers and the slots at the top and bottom of the plates for fastening purposes. Then the plates are stamped in a large hydraulic press and marked to indicate the plate's year. The finishing touches are applied in the painting department where the plates are painted with letters and numbers in white enamel. These plates are then baked in the white enamel ovens and then painted in the background colour. Finally, they are inspected for quality and accepted. The red paint is then rubbed onto the raised letters, numbers and leaf design

POST OFFICE FOR 1957

Since we made the announcement that the Canadian Government, Department of Public Works had purchased the A. T. Desrosiers lots, next to the Donald Hotel for the purpose of enlarging and improving the present Post Office Building which has outgrown its facilities, Mr. J. M. Deschene, M.P. for the Constituency of St. Boniface, has been trying to have construction commence during the year 1956.

On several occasions, Mr. Desbene wrote this newspaper informing us of what he was doing and how he was trying to accomplish this feat.

At one time he had nearly received the assurance construction would start as desired, but since then informed us that although plans and specifications will be drafted this year, construction will not commence until 1957.

A letter, addressed to Mr. Desbene from the Acting Executive Assistant of public works, under expresses the official statement of the government.

* * *

February 14th., 1956.

Mr. J. M. Desbene, M.P.,
House of Commons,
Ottawa, Ontario.

Dear Mr Desbene:

Reference is made to your letter of February 7, 1956, in regard to improved Post Office accommodation at St. Paul, Alberta.

The Department is aware of this need, and it intends preparing plans and specifications for an addition to the building this year. Construction will proceed in 1957, providing funds are voted by Parliament

Yours Sincerely,
Robert Fuchs,
Acting Executive Assistant

* * *

We are not exactly surprised nor too disappointed at the postponement. It would have been quite out of the ordinary to have expected the government to move in any faster and the time proposed before the work starts is quite normal. The important factor is the fact that the Dominion Government is conversant with the issue, has purchased the property and expressed its support of the project. The rest will take time and it will come . . . we hope.

When the new Post Office is built, it is quite probable that St. Paul will become a bigger postal distributing point. There is much room for improvement in our local and district postal deliveries, all of which will be adequately handled when the proposed new federal building is finally erected.

THE TRACTOR KILLER

One of the worst killers in Alberta last year was the mechanized tractor, according to a summary compiled by the Alberta Safety Council, issued on dependable statistics.

During 1955, no less than 22 persons in this province lost their lives in tractor accidents. Of these, 15 were drivers, two were passengers and two bystanders.

Of the driver accidents, three men lost their lives when the machine side-tipped while being operated in a field while six other fatalities were due to back-flips, probably the most frequent type of tractor accident. There were five deaths due to the tractor overturning on a highway. Three drivers were killed in falling from a tractor. While in one instance, there was a fatality when a load ran into a tractor.

Death of one passenger, an 11-year old girl, occurred when the tractor side-tipped in a field, while the other, a 6-year-old boy, fell from the tractor and was run over.

The two bystanders killed were one and a half and three year old children who were run over by tractors driven by their fathers.

There are some tips on how to operate a tractor safely and live:

In approaching corners, be careful to operate the tractor at a safe rate of speed. See that the brakes on the tractor are properly adjusted. If there is unbalance in the brakes, permitting one to operate before the other, the tractor may topple over on its side.

Speeding over rough ground in fields is almost a sure way to a serious accident and possibly death. The same applies to short-cuts over steep banks and ditches.

Jack-rabbit" turns when the tractor is pulling a heavy load can result in the machine overturning backward and pinning the operator beneath it.

Overturning is the chief hazard of tractor operating. To avoid this, spread wheels as far apart as possible for the job in hand. Stay off soft road shoulders and edges of ditches. Avoid side hills where the slope could cause tipping if the low wheel drops into a depression or the high wheel goes over a bump. Stop by closing the throttle before using the brakes.

GOODRIDGE NEWS

We are sorry to hear of the deaths of two of our old timers of the Lavkin District, Mr and Mrs. Chilo. Our greatest sympathy goes out to their relatives.

Mrs. Butcher of Mallaig is visiting with her daughter, Mrs. Christenson at Goodridge

The roads are open again for the school buses and the children have gone back to school once more Let's hope that they won't have to miss any more days.

We feel sorry for some of our ratepayers between Goodridge and Mallaig as they have to travel 3 times their distance to ... Mallaig The cause being ... of half a mile of road which hasn't opened out about 1 mile south of Goodridge

THE WORLD OF WHEAT

W. G. SALANDER,
Director,
Research Department,
Should views expressed in this column

Stability in World Wheat Yield

Anxiety occurs as we are of the variability in wheat yield in any one country such as our own, or even parts on the North American Continent, it is very easy to overlook the fact that, year in and year out, the average world yield per acre hardly varies at all. In other words, there is no such thing as a bad world wheat crop, because a small yield in one country or part of the world is always compensated by a large yield in another country or in another region. As a consequence the total volume of wheat raised depends almost entirely upon the total acreage seeded

Thus, while in the case of Western Canada, wheat yields on some farms may vary between zero and from practically nothing to any 33 bushels per acre on those where there has been an annual variation in grains yields ranging from 6 to 36 bushels per acre, a Stanford University study of world wheat yields between 1885 and 1938, showed that the maximum range was 15 bushels between the lowest average of 13.4 bushels per acre in 1916 and the highest average, up to that time, of 14.9 bushels per acre in 1906 Again when World yields are grouped in periods of two or three years, the variation is even less significant

But there is another consideration, of course, and that is the geographic distribution of the world wheat crop when may be, and often is, significant from the standpoint of world wheat stability and trade

The Canadian north is one of the most sparsely settled areas of the world, with 23,000 people living in a million and a half square miles

Fashions

Securing anarchy is the sheath with its own jacket, an ensemble that is jaunty, crisp and lived spring fashion hits. Grey and white checked wool is used for the jacket worn with a sheath of gray wool trimmed with the checked fabric. The trim is used for two bands on the dress bodice and for the short sleeves. Plenty of interesting detail marks the straight and narrow translucent jacket. It buttons in front and has a belt that starts at the sides of the front and criss-crosses in back with two buttons on the hips.

More than a third of Canada is in the Northwest Territories and Yukon Territory

F.B.A. Opposes Change In Voting System

EDMONTON, Alberta — The executive of the Farmers' Union of Alberta, meeting in Edmonton early this week, expressed criticism of the provincial government's apparent determination to abandon preferential balloting and revert to the old X system of voting.

Union leaders, gathered in session to discuss F.U.A. policy and administration, termed the government's proposed amendments to the Elections Act both ill-timed and unwarranted. If a change is considered, and no hint of such a desire on the part of even a single local had reached the ears of headquarters, the executive body felt that the move should have been submitted to policy scrutiny for some time rather than being introduced in the current legislative sittings like a leaf from out of the blue."

The present system of marking ballots is far more democratic than the outmoded X-system the Union executive maintains. Where more than two candidates are on the ballot, the X-system could often result in one such candidate being elected with far less than a majority of the total votes cast. Such a negative outcome would bring with it the result of thwarting the voters rather than given them true expression

Farm Union officials feel that pre-set ballots can be cut to a minimum by having poll officials properly inform electors on how to mark ballots under the preferential system

Card Of Thanks

I wish to express my sincere thanks to Dr. Amos Wagenblast, Miss L. McCutcheon and her staff for their words of encouragement and kindness to me while under their care, also to my daughter Gloria for her long distance phone call, which I deeply appreciated.

May I extend my heartfelt thanks to my friends and relatives for the lovely cards and letters of comfort and sympathy.

It is with pleasure that I thank the Brodie Bros. for their generosity during my illness in hospital and convalescence now that I am at home with my dear husband.

Mrs. W. Christensen.

ADEQUATE WIRING!
for modern living

Old fashioned wiring will not handle all the electric equipment and appliances that are needed in modern living. Such wiring restricts the flow of electricity, robbing your appliances of the efficiency you expect from them. Over a period of time, the loss of efficiency can be expensive, too. Appliances wear out faster, waste electricity. Ask your electrician about "dad fad" wiring, and plan for a better future.

CANADIAN UTILITIES, LIMITED
HEAD OFFICE — EDMONTON, ALBERTA

Industrial Engineering Limited Expanding Foundry Capacity

After only six months of their new plant in North Burnaby, Industrial Engineering Limited are adding 30,000 square feet of production area, 60,000 square feet for foundry operation, and 20,000 square feet for finishing and shipping facilities.

The $300,000 expansion will provide urgently required space for existing departments and a complete integrated operation from raw material to packaged fittings.

I.E.L.'s foundry, presently located on East Hastings Street, will be installed at the new plant. To obtain peak efficiency I is planned that the layout and equipment will be the most up-to-date on the North American continent. Special warehouses and first aid facilities and design of lighting and ventilation will ensure the best working conditions.

The foundry will be equipped with gas-fired furnaces, capable of giving carefully controlled heat for critical operating temperatures and even greater production economy when B.C.'s natural gas is available in quantity.

This expansion will also give much-needed office room to production processing departments, particularly chain sales, tool room, parts storage, shipping and inspection. Space will also be provided for the installation of additional production machinery when required.

Vancouver architects Murray A. Morrow have been retained for this development and ...tion is to be handled by Smith, Lyon & Wilson, General Contractors, of Vancouver.

Completion date is scheduled for 30th June this year.

CARD OF THANKS

I wish to express my deepest thanks to all my kind friends and neighbors and relatives for the kindness shown during the recent bereavement at the loss of a dear husband and father.

Mrs. Felix Gill
and Family.

Block trophy she has won as a baby stylist is shown by Jane Tarrant of Toronto. It's a gold Venus, given by her in New York where she is competing against 39 leading hairdressers from the U.S. Last year she won the grand prize at the same competition.

Most Modern Homes Equipped With Inadequate Amp. Wiring

Franklin Russel, managing editor of the magazine Electrical Contractor of Canada, has made a penetrating study of electrical wiring in Canadian homes and has published his findings. He concludes unequivocally that the wiring in eight out of ten new homes is "a menace," while in the bulk of older homes it is a tragedy.

"The reasons behind wiring inadequacy (in modern homes)," he says, "are complex. They are reluctant to recognize the tremendous increase in domestic electricity use over the last ten years. Therefore builders tend to put their electrical installations to what they considered to be a good minimum" — that is, 60 amperes service. There are, he says, "many reasons" for calling them, are perpetuating the wiring problem in Canada," decrying widespread recommendations by authorities in the electrical industry for 100 ampere service.

In an article in the Toronto Telegram, Mr. Russell points out that it is possible to operate large electrical appliances in a home on 60 amperes service, but only if their use is staggered. The service will not allow, for example, the efficient operation of a dryer of 4,000 watts or larger, the full capacity operation of a 5-ton dryer and any electrical range together, the operation of a small air conditioner, electric range and a circulating hot water heater, nor the operation of an electric range with a small number of appliances, such as breakers, heaters and percolators.

Not only in the 60 ampere service unofficial, it can also be dangerous. "Houses being built today with all the best intentions in the world are being given a fire trap," Mr Russell says. "At the rate we are gobbling up electric power, those 60 ampere residences will be the homes of tomorrow's slums."

The electrical fire hazard is even greater in old homes, most of which, according to Mr Russell, are inadequately wired. In addition, many of them are suffering from the efforts of amateur electricians, whose efforts usually increase the danger. Compounding the hazard is what he calls the "watt-power" race, in which small appliances have doubled their appetite for power in the last decade, and which is carried on with complete disregard for the ability of the average home to handle it.

This is a serious situation, and it clearly calls for action. Probably the most effective step which could be taken for greater electrical safety would be to make higher standards obligatory. Inspections are not enough for they suffer under a double disadvantage: first it is entirely legal to sell a house whose wiring is inadequate in terms of modern demands; and second, it is physically impossible to check constantly the use or abuse of electrical systems in all the homes in the country.

Since the stakes in this situation may well be life and death, it is imperative that ways and means to rectify it be sought with the greatest urgency.

BIG HIGHWAY PROGRAM COMING

Alberta will have another big highway improvement program this year, according to well founded reports. The actual amount will not be known until the budget for the 1956-57 fiscal year is presented in the legislature.

The Speech from the Throne, read at the opening of the House on Feb. 8, contained this significant allusion to highways:

"An extensive program of highway and bridge construction combined with assistance to municipalities in providing all-weather roads will be maintained for your approval."

In the fiscal year, the estimates provided for a total expenditure of $60,674,440 for highways capital account and $18,367,653 on income account.

In all likelihood the highway appropriations for 1956 will be as large and possibly larger than in 1955.

Last year, the vote for main highways construction was $39,-000,000, a drop of $1,302,110 from the previous year. Also this total for last year included $6,000,-000 for Alberta's share of Trans-Canada highway construction, of which half would be reimbursed by the federal government on the basis of the 50-50 federal provincial agreement.

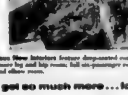
For bridge construction, there was $3,000,000 last year and it is unlikely that the vote will be substantially less this year.

Laurentian 4-door Sport Sedan

HERE THEY ARE

BETTER BY FAR!

PATHFINDER · PATHFINDER DELUXE · LAURENTIAN



Luxurious New Interiors feature deep-seated comfort in both front and rear seats; more leg and hip room; full six-passenger roominess in the width, length and shoulder room.

Come and see them!

This is low-cost luxury as you've never seen it before. Those brilliant new '56 Pontiacs present a magnificent new approach to exterior styling . . . from the massive new contoured bumpers through Pontiac's distinctively long and low silhouette, to the cruiser-like rear deck. And you'll see the most sweeping selection of colors and combinations in the industry today!

Come and drive them!

There's a fabulous new "feeling" of might to these hot-spirited beauties—a fluid feeling of controlled power and safe, certain performance that's yours only with the '56 Pontiac. Because Pontiac's stepped-up power is mightier by far than any other car in its class. Yes, from behind the wheel, as to the eye, Pontiac for 1956 stands supreme at its glamour—and unequalled in its "go"!

Come and buy them!

Compare these low-cost Pontiac's feature for feature, with any other car on the road today. You'll find that dollar for dollar, they offer unbeatable value. From the true economy of the Pathfinders to the distinctive Pathfinders Deluxe and the luxurious beauty and power of the Laurentians, Pontiac gives you the most for your money . . . stands head-and-shoulders in value above all competition!

A GENERAL MOTORS VALUE

You get so much more . . . for so much less!

Health Through Chiropractic

By Dr. K. W. Tenove
Red Deer

It has been cynically observed that life is dictated into two halves. The first half is spent struggling to make a living, and save a little for the future. The second half is spent trying to regain the health that was undermined by the struggles of earlier years.

There is just enough truth in the statement to create a sense of hopelessness in the minds of many who are not enjoying good health. If you are one of those then take from courage Chiropractic offers you a new lease of life free from the destructive influences of poor health.

Sooner or later nervous energy is cash up with most of us. It is not given to many people to go through life without an illness of some kind. When the illness persists or becomes chronic the pains and discomforts are then forgotten. Such cases present no problem. The real problems are the people who are permanently half sick. They may suffer from recurring headaches, nervousness, sleeplessness, stomach disturbances, or a hundred and one different ailments. Whatever it is to them strange and their friends, that the article is especially directed.

Chiropractic has the answer to all such problems. It has discovered that all functions of the body are directed and controlled by the nervous system. When the nervous system is functioning properly the body is healthy. But we all have our share of accidents, falls, slips and sudden jolts. Any one of these mishaps can put a vertebrae in the spine out of position so that it exerts pressure on one of the nerve trunks radiating from the spinal column. The glands, organs and muscles depend on these nerves for their supply of essential nerve impulses slow down and sickness starts. Any disease can result from this condition depending on the nerves affected.

If yours is a problem then you should consult your Chiropractor immediately. You will be amazed to find how easy and inexpensive it is to regain life's most cherished possession — good health.

Wed in Lovely Winter Ceremony

(Contributed)

Of all the lovely country for which Alberta is famed, the North Park Valley can stand comparison with any for gracious living in a happy community, it is hard to find any district to compare with Mayerott, where the ranches snuggle up to the Livingstone Range in undulating foothills.

On the 20 the gold people of the North Park came out of their hills to join together in honoring an old and distinguished family Beatrice Marota, daughter of Mr. and Mrs Peter Marota-Sasaka, became the bride of Leroy John, only son of Mr and Mrs. Green Foot of Beaulieu.

Miss Lynda - Staunton was a Crossmen Pass candidate for Banff Winter Carnival Queen in 1955. She made her formal debute to society at the Highland Ball at the Palliser Hotel in 1953.

As the wedding got under-way at St Chad's Anglican Church at Lundbreck, Rev. Eve Scott officiating the ceremony. Mrs Green presented in the first recorded wedding in St Chad's for 25 years.

This was the third generation Lynch-Staunton wedding to take place within sight of the Beehive since grandfather Richard came to the area in 1883. In 1901 he married Isabel Wilson at Livingstone. They were present at Marcia's wedding and reception.

The bride was given in marriage by her father and for her wedding wore a princess styled gown of lime-green nylon. It was appliqued with sprays of small velvet petals and gold and silver sequins on the bodice. A tulle stole folded about her shoulders was held in place by her mother's heirloom diamond pin and from a close-fitting headdress misted her veil of Limerick lace that had been worn by her great-grandmother in England in 1867.

Elsie says in writing home about this veil, In 1885 her grandmother had worn it for her wedding in Burma and the bride's mother had worn it at her wedding in Calgary in 1920.

The bride carried a cascade bouquet of red roses and white feathered carnations.

Miss Betty Lynch - Staunton was her sister's maid of honor and Miss Maxine Field and Miss Lois Evenshen were bridesmaids in similar gowns of white-length ballerina length and velvet. They wore bouquets of white feathered carnations with red roses.

Mr Peter West of Calgary was best man and ushers were Mr Ron and Mr Bervyn Fanny of Lundbreck.

Following the wedding, a reception was held at Turtle Mountain Playground and a dance was held in the evening.

Mr and Mrs Field will make their home at Edson.

JACKNIFE ARTIST SENDS CARVINGS TO FIVE CONTINENTS

Jim Patterson has been whittling with a jack-knife all his life but didn't realize he had a talent until he was "laid up" with a broken ankle. Some of these carvings have been sent to friends in five continents.

Beware Of Spring "Cyp Artists"

Thousands of earnest but gullible Canadians will be lulled out of their gardening dollars this spring by unscrupulous "nurserymen" and schrub salesmen with a article in the March issue of Canadian Homes and Gardens.

"How Gardeners Get Gypped" by Robert Fulford exposes the tactics used by phony door-to-door and mail-order salesmen to trap unsuspecting Canadians into buying worthless evergreens, shrubs, bulbs, trees and seed. Gardeners get gypped chiefly through their own trusting ignorance and only they themselves can stop these gyp artists—by learning how to spot them, Fulford says.

The article chronicles the operations of some of these swindlers. In a variation of a theme Canadians are operated in last summer—men posing as Dutch bulb growers sold high-priced "Dutch bulbs" but the unfortunate purchasers found it wasn't even Dutch soil in which the bulbs were planted—it only decomposed as a dust.

Mail-order nurseries can be just as bad, the author warns. Disappointed gardeners from coast to coast have kicked themselves as an added dollars when they planted their hopes for a beautiful garden—all a waste of time, money and effort.

The customers aren't the only victims in the gardening racket, Fulford says. Reputable firms, used and built business for two fairs legitimate operate door-to-door and through mail-order their salesmen at discomfort by the shady operator.

O MARCH

O March! Why come in winter's cold?
To fling us with your ways, your blusters!

You raise our hopes in coming heights,
With sun-filled days and starry nights.

Then chill us with your chilling, biting winds!
For then we endure winter's gales!

You think we haven't suffered for our sins?

March, why not be a friend to spring?

Forsake the North-wind's lashing stings—

Settle down and try to get along!

Before you know it you'll be gone

Then you'll see where you did wrong—

When April brings the rushing water's song!

Brief Sets Row Light To Provincial-Municipal Relations

By KEN MASON

EDMONTON — More light was shed in the legislature last week on the government's proposed new financial deal for Alberta municipalities.

It was made clear that municipal governments will be given new sources of raising revenue, and that the present "set plans" to tax the funds of the present unwieldy system of making grants to municipalities.

A statement on the new deal was issued in the house by Provincial Treasurer E.W Hinman, who was careful to point out present policy, but was only out that it did not represent a plan for launching forthcoming discussions between provincial and municipal officials.

Some observers saw it also as laying the groundwork for the day when the province will no longer rake in billions of dollars from the sale of oil and gas leases, the big revenue source which has made generous municipal grants possible, and when it disappears where does the money come from?

Mr. Hinman's statement did not answer the question, but much of it was devoted to an analysis of the forms of taxation which could be considered in the proposed revamping of revenue sources.

As a result, many observers are wondering whether new taxes will result from the government's proposed "comprehensive survey" of provincial - municipal financial relations.

The brief devoted considerable attention to income tax, sales tax and gas tax. It discussed the proposal for each tax without expressing any definite view.

The statement suggested a new plan for sharing provincial revenues. It would be an "acceptable step," it said to agree that the province should continue to handle revenue from natural resources and use them to the best advantage of all citizens.

Then it posed the question: "Can we agree that all other sources of revenue a provincial-municipal revenues and must be apportioned without strings between province and municipalities."

These sources — municipal revenues, which apparently would be turned over to the municipalities are federal subsidies and payments, profits from trading activities such as liquor sales, fines, licenses and certain charges, and province - wide taxes which may be levied on behalf of the provinces and the the municipalities."

The brief said the first three revenue sources can be protected with accuracy and divided in the same ratio, and costs shared by each government.

"Wherever funds are new-level pool these must come from taxes."

Mr. Hinman's statement was fairly non-committal in fact, it was a masterpiece of fence-sitting couched in extremely cautious language.

But, combined with other recent statements by the treasurer and other cabinet officials, it reasonably clear portion of the governments plan may be formed.

Most of the provincial

Therien Couple Passes in Week

Two old pioneers of the Therien district, Mr and Mrs Wolfranch Chaja passed away almost together, last week dying within two days.

Mr Chaja, 86 years old passed away on March the 13th, while his wife Veronica, 83 years old, stricken with grief followed him on the 17th.

The couple is survived by one daughter, Mrs Sophie Kostkowska of Therien.

Funeral services were held on Saturday, March 17th, at 10:00 a.m. at the R.C. Cathedral, St. Paul. Rev Fr Trenti officiated and interment was made in the church cemetery.

Rev Fr G Trenti of St. Paul and Rev Fr. Keehan officiated. Park Dale Funeral Home of St. Paul was in charge of funeral arrangements.

OBITUARY

Mr. Wilfred Chartier

On March 15th, Mr Wilfred Chartier passed away at the age of 72 years.

He is survived by his wife, Mrs Annie Chartier, 4 sons and 5 daughters Omer of Ashmont, Gerald of Calgary, Henry, Louis, Raymond and Bert of St. Paul; Mrs Mary Philips of Bonnie, Mrs Myrtle Williams and Mrs. Lorraine Pelletier of St. Paul, Mrs Lillian Hrushka of Vermilion, Mrs Bertha Blanchette of Prince Rupert B.C.

Funeral services were held on Saturday, March 17th, at 10:00 a.m. at the R.C. Cathedral, St. Paul. Rev Fr Trenti officiated and interment was made in the church cemetery.

Park Dale Funeral Home of St. Paul was in charge of funeral arrangements.

CARD OF THANKS

We wish to express our sincere thanks to all our kind friends and neighbours for the expressions of sympathy, floral and spiritual tributes, which we deeply appreciated during the sad bereavement following the death of a beloved father and husband.

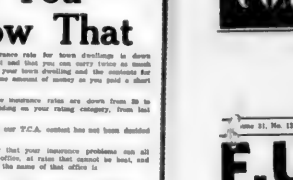
Garden-Graphs

by SEAN HALLIDAY



A month's growing time can be gained for your garden by the use of a cold frame. All the hardy vegetables such as lettuce, radish, onions, carrots, etc. can be sown as early as desired in a cold frame. The more tender vegetables, however, such as tomatoes, cucumbers, should not be sown until after the danger of freezing weather is past.

When seeds are to be planted directly into the soil in a cold frame, the soil should be of a light, friable nature which will hold and become soggy and heavy when wet.

As shown in the accompanying garden-graph, where a top layer of especially prepared soil in the cold frame. This soil should be composed of two parts of good top soil and one part of leaf dust, manure, and the mixture finely sifted.

To ensure good drainage in the cold frame, first remove some eight inches of soil at the bottom of the frame, then break up the bottom soil. Next fill in with a layer of coarse, dry material, peastraw, shavings or any coarse material, as mentioned in the graph. On top of this place a four-inch layer of good garden soil, which should bring the soil level of the cold frame back to the height of the original soil surface. On top of this place several inches of the seed and moist-loamed above.

To give the newly planted soil time to warm up before seeds are planted, keep the frame tightly covered with sash for several days.

Bear Preliminary Evidence In Alleged Forgery

Accused Remanded To District Court

An Elk Point farmer was arraigned in Court Wednesday, before Police Magistrate Chas. Desrosiers, Jr., on a charge of forging a cheque. After hearing the evidence, Magistrate Desrosiers remanded the accused to the May sittings of the District court before a judge.

The cheque in question was one allegedly stolen from Associated Livestock Dealers of St. Paul, name of payee forged and endorsed by the accused. It was cashed by Don's Shoe Shop, in March 1953.

Witnesses heard on the stand where Const. Berthiaume, Jansen, Sgt Haines, Mrs. Alvina Bilsland and Chief Examiner, documentary examiner from the RCMP Crime Detection Laboratory in Regina where comparisons were made with the forged documents and writing specimens obtained from the accused. The case was remanded on $1,000 bail. Acting on behalf of the prosecution was W. G. Fulton while Bob Brede represented the defence.

Ladies' Alter Society St. Patrick's Tag Day

The St Patrick's Tag Day held by the Ladies of the Alter Society on Saturday, March 17 turned out a huge success for which the Ladies wish to thank each and everyone who helped make it so.

Volunteers for the sale were Mrs Pat O'Neill, convener Mrs Maurice Mailloux, Mrs. Walter Lambert, Mrs Jean Langlois, secretary, Mrs Jerry Milne, Mrs Louis Lamoureux, Miss Rita Cote and Miss Elaine Southiller

WIVE PRESERVES

"To have them in your cupboard, be careful how they are hung after each jar. Only pretty good tomatoes, I'll say. Should have a big one a layer or what."

Fish Limit Taken At Cold Lake

Two weeks at all it took for over one hundred fishermen to get the limit allowed when the season opened at Cold Lake on March 1st.

The 5000-pound limit was soon reached, and when pouring out the remaining 1,000 pounds of whitefish, was unnecessary.

Limit was set at 200,000 for whitefish and 5,000 for trout, whichever came first.

ANY MORE SPORTS LEFT?

As we mentioned previously, the Hockey season is over. For players have put away their sticks for another year, the fans are digging in for the usual spring sports and others are busily knocking out fielding spots for the season.

But for the Hockey executive, the Secretary-Treasurer and the Financial Committee, there are still some problems to be solved . . . and you've guessed them — all financial ones.

Although the Club has had a good season and the strong support of business men and fans this year, it takes a lot of money to put the material to represent St. Paul on the Eastern Alberta Hockey League level. The club is in the hole.

To these business men and individuals who have given such donations, gratitude is expressed. They are listed below.

TWENTY YEARS OF SERVICE TO ST. PAUL

We believe it is more than fitting to recognize and congratulate the St Paul Junior Chamber of Commerce on their twentieth anniversary, they are celebrating on Easter Monday.

The St. Paul Junior Chamber of Commerce, composed entirely of young men, deserves credit and praise for their contribution to the community development promoted with a zest, youth alone can endow.

Celebrations will take place on Easter Monday, the second of April. An article elsewhere in this newspaper covers briefly some of their activities and the principles of Jaycees.

The Junior Chamber of Commerce is an organization specifically designed to meet young men's needs. No community can be said to be "over-organized" or even "adequately-organized" when the provision is made for the individual training of its young men and for the stimulation of their abilities.

Most other organizations deal with people of all ages and have no special provision for training individuals. The Jaycees represent the young-men segment of the community who need individual training in civic consciousness and business administration. The Junior Chamber of Commerce is a "Training Ground for Future Leaders."

Trained young men have a right to undertake leadership responsibilities without being forced to wait until they're past go, long residence and matters unknown have brought them "to the top" in general organization and community affairs. (This reservation caused the formation of the first Junior Chamber)

Young men of the community are not achieving their full opportunity, and the community is not achieving its maximum civic progress from young men unless there is an organization By-For and About young men—The Junior Chamber of Commerce.

"Energy and enthusiasm" are Jaycee assets.

COMMUNISM A DOMESTIC PROBLEM?

Official organ of Labor Progressive party, The Canadian Tribune, reported recently that the LPP National Executive had received a cabled invitation from the Central Committee of the Communist Party of the Soviet Union to send a guest to the 20th Congress of the Communist Party of the Soviet Union in Moscow, February 14th, and that "The Rock (or national LPP leader" has been designated to attend.

Tim Buck's statement to Observer calls to mind statement of External Affairs Minister Pearson, made over CBC last November commenting on his conversation with Soviet Communist party boss Khrushchev. "When I argued," said Mr Pearson, "that a Communist party in any country was a source of fear as a Russian base, his immediate and natural reaction was that this was a party's domestic affair; that if we didn't deal effectively with what we considered to be a menace — as they would certainly do in Russia — then that was our affair."

Mr Khrushchev's peremptory comments to Tim Buck makes clear that the general secretary of Soviet Communist party, when he told Mr Pearson that communism was "purely a domestic matter," was lying.

Junior Chamber Of Commerce Celebrates Twentieth Anniversary

(continued from page 1)

bury of Jack Stanson, to help raise funds.

Leadership training, one of the main interests of Jaycee work, was never neglected and the members, through the monthly speaking training received in meetings and by discussions, achieved through organizations of community projects, gained experience.

Going down the list of old Jaycees, the reader will encounter many names of initial members who today are successful business men in their own rights and public leaders.

After the war re-organization preoccupied the members. In two years, the unit was strong enough to launch itself into the circuit and grow out with re-organizations of sports which led to the building of the arena.

During the years the Jaycees' sense of responsibility grew with a reputation for getting things done, and to accept demands for its services in community work became a recognized fact.

Lagging projects were turned over to Jaycees for new direction. Two years ago when the Red Cross was having difficulty to organize in St Paul, Provincial Headquarters seeked the aid of Jaycees. Career fund and the Blood Institute were likewise given valuable assistance. The golf course is a more recent occasion of a floundering project thrown to the failure, saved from cancellation after Jaycees continued the good work of a committee which disbanded because some of its members were forced to leave town due to private affairs.

JAYCEES ORGANIZED

In 1951, Jaycee activities were **[illegible]** by the swimming and timely aid of the wives of members who formed an auxiliary to the organization — the Jayettes under the presidency of Mrs. Jimmy Trotter

Their participation eased the burden of feminine duties imposed on Jaycees and added a member of each unit to the executive. When the Business Girls of St Paul disbanded, the duties of operating the public library was taken over by the Jayettes, a service renders of still enjoyed.

Second anniversary in 1952 was Mrs. Rose Rogan who held the position as president. Mrs Irene Demers followed and the present president is Mrs. Lionel Trotter.

OUR TERRITORY

Glancing through some of the early minutes and records we find on the executive listings such names as Jos Therien, Joe Wenggenmeyer, George LaBine, Lionel Landreville, Louis Cyliez, Ted Theroux Johnny Wilson, Joe O'Driscoll George Bebee, Phil Demers, Bernard Schmitt, Werner Beitzel, Jim Fraser, Phil Marineau, and many others whose long-ago was well sanctioned in organizing a young man's club.

The Junior Chamber of Commerce, which has grown into one of the largest fraternal organizations and is recognized today by the National Junior Chamber of Commerce as one of the strongest in Canada

ANNIVERSARY CELEBRATION

Jaycee Maurice Agiel the next and has been dedicated to the celebration of the Jaycees' 20th anniversary. The functions which will include recognition of past presidents entertainment, are ready to be held in the Legion Hall starting at 7:00 p.m.

Special invitations have been mailed and all those receiving them are urged to get in touch with Mr. Ted Pataluk who is handling the admission cards. There is strict limitation on the attendance and many early consideration to permit planning of accomodation will be greatly appreciated.

Letters to the Editor

The French saying that "the more things change, the more they are the same" can be applied to the natural gas situation in the Peace River area in the province and many of the men

We can recall Jean Veltjens, the Belgian Marine Engineer Mooretender agonizing nearly his head having stolen a loaf of bread to feed his starving family. Only last week there was a man against an accident in which seven were hurt but for a minor theft no doubt compared to what our gas company is illegally taking from the gas assets of St Paul owed the natural gas.

For those who know the property and constitution of gas, the identity of fire a la Ukase is understandable that the right to take the gas from the land of the Canadian people are to blame for allow such poverty in a rich countries It is the widespread grabbing by all of us, emphasizes that is the cause of creeping hard times.

General Motors boasts of a $3.00 per hour payroll on all of its thousands of employees and then a 150 day strike to get a ten cent's raise from them.

Ottawa gives to private corporations for combining by raise prices but prices are still going up. As one who has been taking from else I get rid of what your gas company is taking each month from to cover the contract price would seem land in jail but our provincial Government has the overcharge carry on now for months

Along with Bir Anthony Eden I read the report of the last Beveridge Congress. In the Economics section it is stated that gas heat only costs one eighth of coal heat In St Paul natural gas costs nearly the same as of wood so we are not only

charged the same but seem to have higher rates than most right along but right times too much as proven by so local economists. The report also explodes other lies carefully built up to defend "our way of life." — Ilma Timmerman

FUA Meeting

(continued from page 1)

ficer, simply asking the question if we really want parity, we should stimulate the matter now and Mr Platt.

The Union President was pleased to note that the Wheat Board had been able to secure new markets for over 50 000,000 bushels of grain It certainly relieved the situation and it is wonderful some of these outlets will be of a permanent nature although it is apparent wider markets are in certain countries the main reason for the export sales.

He said that the Government has had such lucks had not been so successful and could not be considered of much help to the Canadian farmer

Mr Fritz Wuth of Rose Lake, district director of FUA district 4, played further stress on the necessity to bolster up the economy. He said that too many farmers are getting to be indebted and are reluctant to join an organized group

There is a bright cloud in the Union for members to add their voice of protest against the unfair treatment farmers are getting. The Farmers Union Service has forthen up All directive stems from the membership to the executive and to be really effective must be backed up by the majority of farmers in Alberta It is only with one hundred percent registration that weight can be placed on our demands at Ottawa and on the provincial level

Report From Parliament Hill

By J. M. DECHENE

Again through the courtesy of Radio Station CFRN, I have the pleasure to address the radio audience of Edmonton and district, and I know that you will permit me to add, particularly of the rural constituency of Athabasca I can think of no more welcome invitation than that of meeting the friends back home in an agreeable discussion of the matters of more or less importance which have come to the attention of Parliament since I had the honour to speak with you a short time ago.

Aid To Farmers

In our last conversation together, we agreed upon the need of special assistance to the farmers of the country on account of the enormous wheat accumulation and finding satisfactory means to educate our farmers to carry on in the meantime. After many days of debate, which at times became somewhat acrimonious, the bills providing for the financing these of our farmers who need help and also the bill providing for the payment of the carry-over of the wheat crop of 1955 under these normal amount of the previous years) were finally adopted with some minor amendments.

From this bill, the wheat growers of western Canada will benefit to the extent of some 25 millions of dollars which will be paid, as stated, by the people of Canada, rather than by the farmers themselves. This amount will therefore be paid to the wheat producers from time to time, as provided by the bill having the approval of the Governments and the Wheat Board were severely criticized for their failure to dispose of this large surplus of wheat. I have contended that they had lost many of their best markets, and so forth. Of course, any well-informed farmer listening to me knows at once that it is impossible to sell any farm commodity to countries or individuals who happen to have a surplus of the same products This would be evident to everyone.

Budget of "Give-Away"

The budget itself, I hope, that I, for one, drew the attention of our farmers to the danger of embarking in a proposed policy of "give-away." It was suggested that a large amount of the money could be given away to nations in the form of loans, but from what are those nations' Britain has been receiving for about the normal quantity she usually imports, having in mind that she has also her attention in the British Isles in becoming rather generous herself, and further the question from other countries which have been receiving from them, through an exchange process. However, the real danger of the situation lies in the fact that the United States of America was again threatened to be flooded with our surplus at a fire sale price—as they did back in 1929 And what would become of our markets? While the Americans may afford the luxury of such a course of action, we certainly cannot do so. I am sure further on the question "which are those countries" you know that the countries most in need do not use much wheat or flour for food purposes, the reason for this would be obvious to all of you. Even if those countries wished and could afford to purchase from us, they have absolutely no facilities to make payment of that kind! You sometimes wonder at the suggestions that will be made by "experts" exposed to the public. Recently, a professor, representing a nation of such well-educated and prosperous people as our country has, (Why, it was only a few years ago the House of Commons of the Mother of Trade and Commerce was obliged to confess that a satisfactory agreement had been entered into with Russia, which will result in the sale of some 45 to the end of March) of how to that country, he was bitterly criticized for entering into agreement with the Soviet Republics because of course, it was against many of the principles we will have to purchase some goods from them to return the favour.

The delegation from the Soviets, who are well informed by the numerous agents which exist in the country, under our system of free enterprise, were aware that they would be therefore compelled to enter into commodities in the Canadian market with other countries of the world such, for instance, as Japan and Germany, where the same goods were produced and manufactured at a much lower price than even the Soviets, with their cheap labour, are able to do In any case, I believe we made a good deal.

Pipeline Agreement

As I dictate these lines, which will be of interest to some people, the House is engaged in the consideration of some of the Estimates and other resolutions which have been on the order paper ever since the beginning of the present session The next resolution of great importance and which will undoubtedly result in another quite long and intense debate is that of the pipeline agreement with the large companies organized in Alberta to export their vast surpluses of gas to central and eastern Canada. And of course the agreement entered into between the governments of Canada and of the province of Ontario for the joint construction of that part of the pipeline extending through the wilds of northern Ontario, that is, from the eastern boundary of Manitoba to Kapuskasing, in Ontario. The reason for this agreement, as you know, is that the eastern end of the pipeline in that part of Canada cannot be conducted profitably, for some considerable time, because of the lack of customers. The same set-up exists as the Canadian transcontinental Railway, which for many miles across a country where there is practically no business potential, still, it is a needy operation.

Here there will be a clash of ideas, if I may express myself thus, between those who believe that the pipe-line should be constructed entirely by the people of Canada and operated by them — as opposed to those who believe that that vast undertaking should be carried on in the same manner as other great Canadian achievements, namely, by private enterprise As, for instance, the Canadian Pacific Railway and other great undertakings which had to preserve some backing from the Government but

Bills Introduced To Strengthen Motorist Laws

EDMONTON — New and stronger laws governing motorists and sportsmen were proposed to bills introduced by the government in the legislature last week.

Highways Minister Gordon Taylor, Drumheller, outlined changes in the Vehicles and Highway Traffic Act which would require drivers involved in accidents to show proof of financial responsibility or have their cars confiscated.

Lands and Forest Minister Norman A. Willmore, Edson, introduced amendments to the Game Act requiring hunters to obtain permission before shooting on any private land—posted or unposted.

If the legislature passes the new vehicle traffic bill, it will go into effect next fall. It will see the introduction of "financial responsibility cards," issued either by insurance companies or by the government.

What it boils down to is this: If you're involved in an accident and are covered by insurance, you produce the card to prove it. If you are not insured and carry no card, your car is impounded.

For purposes of the new law, financial responsibility will mean public liability insurance of at least $5,000 for one person and $10,000 for two or more persons killed or injured in one accident, and property damage insurance for at least $1,000.

Anyone not wishing to deal with an insurance company will be able to post a bond with protection by depositing cash or

LETTER TELLS OF MURDERS, ARSON

A weird confession of murder and arson is contained in this purported letter found in a mailbox in Montreal, but it is not known where the letter was mailed or by whom it was written. The letter, which is addressed to the mayor, was found in the letter box of a private residence in 1939. The writer, who calls himself a "wicked sinner," says he was a member of a "group or set" operating in Ontario, that committed several murders and burned down a house after robbing it. Although two of the murders mentioned are unsolved, police think the letter may have been written by a crackpot. Nevertheless, they are investigating the strange letter.

Safety Sam Says...

Taming Lions is no trick...

compared to speeding when it's slick!

We'll bet even a lion-tamer wouldn't consider speeding over slippery roads. Because if he did, his chances of living long enough to do any more lion-taming would be no good. Just like your chances of doing any more of whatever you like to do wouldn't be so good. It's a thought to remember, what with Winter all around us.

Friday if the assembly can't be prorogued this week, there will have to be a short adjournment followed by a brief sitting in April.

Safety starts with safe tires

GOODYEAR

Safety Bills Approved

Safety bonds totalling $11,000 with the provincial registrar of companies.

The bill is patterned after similar legislation in Manitoba and British Columbia.

Its main purpose, it is a compromise between two types of proposals which have been under consideration for several years by CCF and Liberal members in the legislature.

The CCF has asked for a provincial government-operated compulsory car insurance at cost, while the Liberals have asked for laws requiring every driver to provide himself with insurance. Under the new program there would be compulsory, while the system introduced by Mr. Taylor would be voluntary.

The Taylor bill contained curtailed the details of the plan while the house was discussing the general CCF motion on car insurance.

From all indications, the game laws amendments are more or less forced on Mr. Willmore, and privately he is not too happy about it.

Originally, the government had not intended to introduce it this year but then so at the insistence of the Social Credit caucus the house last year passed a resolution asking for legislation to make it illegal for anyone to hunt on private property without first getting permission.

In addition, there was pressure from various farm groups which have presented briefs to the cabinet in recent months.

Mr. Willmore's main concern is with enforcing the proposed new law. Enforcement likely will depend almost entirely on farmers reporting violations.

There also is the question of whether the new regulations re-fringe on federal laws covering trespassing. Some officials say landowners already are protected under the Criminal Code, and the province is not supposed to legislate in federal fields.

Another section of the bill would permit farmers to post signs reading "Hunting Allowed." In such cases, permission would not be needed. This is to satisfy farmers who don't want to be bothered with hunters asking permission.

There is another provision dealing with the posting of "No Shooting" signs. Any farmers who posts would have to keep everyone off his land, including friends and relatives. The only ones allowed to shoot would be members of his family who live with him.

The fish and game amendments, if approved, open the house at the time of writing, and there is nothing to the government was expected to hear arguments from the Fish and Game Association.

• • •

The new Election Act, which would return the "X" system of marking ballots to provincial elections, has become the biggest item of the session.

As of last Friday, Opposition had debated it for nine hours and much longer on second reading and committee of the whole respectively. Government supporters had remained relatively silent.

The opposition is claiming the proposed voting is change the voting system for purely political reasons—using the "X" system to split up the opposition into confusing two or more parties.

• • •

Members of the house are working long hours in an effort to finish the session before Good

The Traffic Safety Lane

By J. W. McKAY
Superintendent Traffic & Safety Division

The Automobile Driver

The automobile of today is a wonderful piece of equipment. From the first day of its invention, experts have worked hard and spent a lot of money designing and re-designing in order that this machine may give its owner the utmost in comfort, safety and economy. To-day, manufacturers go to no end to develope and produce a better automobile in each year comes and goes. Sales competitions, of course, is the main reason for this race in designing but here, the buyer is kept in mind also and he is the one that benefits.

Highway building is another project that demands a lot of engineering and designing. Modern highways are the best in highways. The automobile of today demands the best in highway building. So we have the automobile manufacturer and the highway builder busy day in & day out, year in and year out designing and building to meet the demands of the driver.

But what about the driver? How much time is spent on him to educate and train in order that he may keep up with the times? You can answer this question I am sure we all agree that very little time is spent to produce drivers who are fitted with the car and highways. The result of this neglect is that we have drivers today who are incapable of handling the automobile of today. There is no much power, too much speed in this but the fault of the manufacturer?

No! Never provided man with an inborn physician to heal his bruises and wounds his broken bone. This intelligent force also selects the particular elements from the food he eats uses them to build his body and diagnoses of the waste materials and possible. It is a marvellous system of glands secretes the glands and organs of the body, similar to the direction of the brain through the nervous system.

The nervous system holds the key to successful team plays. It picks up the S.O.S. messages from parts of the body that may be in trouble, transmits them to the brain, and the brain sends back over the same nervous system the right orders to the [illegible] organs and glands to keep the body healthy. That is why it is so important at all times that the nerve channels be kept clear, and it is for this reason that Chiropractors point the team to play his important part in the general teamwork. He is specially trained to locate nerve interference in the spine, and to make adjustments as are necessary to release the nerve.

Helping others to be well and happy brings happiness to all engaged in such a worthy task. That is why Chiropractors enjoy their work so much. That is why their patients get much satisfaction out of telling others how they too can get well the Chiropractic way.

Health Through Chiropractic

By Dr. K. W. Tenove
Tenovetch

Maybe you think you paid a pretty high price for the suit you are wearing. Before you get, this attempt about it suppose you check up and see how many people had a hand in making it.

It all started when some sheep farmer, maybe in Alberta, maybe in Australia, reared some sheep and sheared them. From them on thousands of people in many parts of the world had a hand in it. Miners and lumbermen, mill hands and bankers, oil drillers and salesmen, paper-makers and plasterers, carpenters and cutters all teamed up so you could park the suit off a rack in your local store. That's modern teamwork, and it's all very wonderful.

But the re's an older teamwork that is even more wonderful. It's as old as man himself. It operates within man.

Nature provided man with an inborn physician to heal his bruises and wounds his broken bone. This intelligent force also selects the particular elements from the food he eats uses them to build his body and diagnoses of the waste materials and possible. It is a marvellous system of glands secretes the glands and organs of the body, similar to the direction of the brain through the nervous system.

The nervous system holds the key to successful team plays. It picks up the S.O.S. messages from parts of the body that may be in trouble, transmits them to the brain, and the brain sends back over the same nervous system the right orders to the [illegible] organs and glands to keep the body healthy. FAREWELL PARTY FOR MRS. BOCHON

The Ukrainian Greek Orthodox Ladies and Friends held a party for Mrs. Mary Bochon, March 11, after her abolishment of three months in hospital and home due to illness.

A very enjoyable evening was spent by all the ladies. A lovely lunch with refreshments was served The ladies presented Mrs. Bochon with a lovely table cloth.

Due to bad roads all the ladies were not present, Mrs. Bochon expresses her sincere thanks and appreciation to all those in attendance.

UNITED CHURCH SUNDAY SERVICES

Pastor Services, Sunday, April 1st.

Sunday School 9:45 a.m. to 10.30 a.m. Morning Service, 11:00 a.m.

Please notice change of time for the Church Service, as there will be no Evening Service.

W. A. Adams

A very warm invitation is extended to all members, adherents and friends to join in the above Service on Easter Sunday morning, which is to commemorate the wonderful Resurrection of our Lord Jesus Christ nearly 2000 years ago, and which is as wonderful to all christians today as it was to those of that generation.

As the angel said to the women who went to the tomb to anoint the body of Christ with their sweet spices very early in the morning on the first day of the week — "Ye seek Jesus of Nazareth which was crucified: he is risen . . ." it is the same angel's message we hear today and it is the one which sounds sweet to all those who take comfort from all that He died for and rose again that we, too, might live in eternity at the last.

She may hold a vital secret of your future health
Here you are eye-witnessing a method of research that has the world's most medical history.
Here is a "breast cancer" it is the method by which the famous Soli-gation vaccine is produced. But this same technique now holds exciting promise of bringing immunity from a host of other cancers.
Mammaries, pneumonia, anthrax, measles, chicken pox, and others are but a few of the diseases which medical science is fighting on a world-wide front with this amazing new weapon.
Like polio, all of these ills can be caused by some kind of virus. Some viruses can now be isolated and grown in tissue cultures, after being "killed", they may then be made into safe vaccines. In the laboratory technician shown here they have it but finish the job in a vaccine that will someday control it, disease is no longer a powerful threat to you and your loved ones.
This project, conducted by the Research Institute of the Hospital for Sick Children in Toronto, is supported by funds contributed by the nation's 4½ insurance companies. It is one of many medical projects supported wholly or in part in this way.
The life insurance companies in Canada are proud to be playing their part in furthering the great progress of medical science. It is our hope that these projects will result in a healthier life for all.
THE LIFE INSURANCE COMPANIES IN CANADA

Fashions

Leisure coats have undergone many changes resulting with some fashion lines and styles. This one is busy in front and back-interest. Collar to bra with pockets attached into the side seams. Sleeves are in the three quarter length with a flare. Dress and hat in a perky shade. Dress in pink, blue or yellow with contrasting stripes for the rest coat for evening.

Re-Unite After 47 yrs. Apart

Forty-seven years of separation came to an end for a Tinsmiths woman and her brother when they were re-united in the home of another brother in Tunnelle.

Mrs. Tony Dalusa, the former Maria Purificati, is busy these days talking over family news, showing family photographs and telling little stories she heard from her parents about her brother, John, a resident of St. Lina, Alberta.

The brother and sister plan to spend the time now to Easter becoming acquainted with one another again. John Purificati left his home in Italy in 1909 and went to Alberta where he became a farmer.

Mrs. Dalusa did not leave Italy until 1927. She came to Tinsmiths. Both the brother and sister have married and reared families but there was no visiting done between them. Another brother, Dennis, who also resided in Tinsmiths, managed to visit John in Alberta in 1941 but Mrs. Dalusa could not make the trip.

They were brought together in Dennis's home in Tinsmiths, the first time they had seen each other since June 1911 that is prior to Canada.

Language difficulties were no barrier to conversation for the trio as necessity or so after their meeting John, the only Italian in his home district in Alberta, had not spoken Italian for 47 years Mrs. Dalusa had not learned to speak English since she came to Canada. Members of the families were called upon to translate for them.

While a great deal of their time has been spent recalling days in Italy before the family was split up, the brother and sister say they have no regrets about coming to Canada. They and they are even more happy now they have met one another again.

When the re-union ends the brother and sister said they will organize each other that another 47 years will not go by before they see each other again.

Dairymen Satisfied With Extension Of 2 Years On Butter Floor Price

A. E. Sweeny, past president of the Alberta Dairymen's Association was asked to comment on the Ottawa announcement on Butter Prices.

The announcement by St. Hon. J. G. Gardiner that floor prices for butter will be extended for a further period of two years will be received with general satisfaction by dairymen everywhere in Alberta.

It means that cream shippers are assured of a reasonable price for butterfat and manufacturers are guaranteed an outlet for butter.

It means that producers may plan their production program without fear of a price collapse during the next two years and it also means a stabilized dairy industry for the years ahead.

Actually, it means stability for dairying at a time when marketing problems are confronting other branches of agriculture.

Optimism Needed

In view of the fairly heavy surplus of butter in Canada it would seem that some courage and optimism were needed to assume the responsibility of maintaining the support program. Mr. Gardiner must be convinced that conservation production plans will be in balance and the surplus problem will be resolved within that period.

Mr. Sweeny concluded by saying with a reasonable time assurance that the butter surplus is not the price of butterfat, producers can go ahead and produce the better quality butter, it is the producing an cream in the line of cheaper butter substitutes. Margarine has be-

"Dollars and Sense"

How can YOU benefit from having a Current Account?

You'll find it much easier to keep an accurate record of your current expenses when you have a Current Account.

When you pay all bills by cheque on your Current Account, you receive back, at the end of each month, all your cancelled cheques as well as a bank statement showing every withdrawal and every deposit you have made. The cancelled cheques serve as receipts—and are accepted in court as evidence of payment of the amounts shown. Therefore, you have no need to file away their receipts and take less room to store. With them and your bank statements, you'll find it the easiest to get an exact picture of how you spend your money.

So it's a good move to use a Current Account for paying all current bills—and keep your Savings Account for actual savings.

En visite chez les guides ici

Mercredi le 14 mars, les Guides Canadiennes de St-Paul avaient le grand honneur de recevoir une Commissaire de la Province de Québec. Commissaire Suzanne Reid avait été déléguée par Commissaire Rhodesie Nauli qui est la première à la Province.

Des souvenirs sont, après une courte visite à Sam Escobares Mgr Lessard était Commissaire Reid commence son travail avec les membres et les chefaines. Le lendemain a m. elle travailla avec chefaine Agathe Joly pour la Ronde Ste-Marie Gavotti, dans l'après-midi, ce fut avec chefaine Thérèse Martel, pour la Compagnie Ste-Jeanne d'Arc ire Le soir l'équipe spéciale de grandes gardes remontra à son tour commissaire Reid il fut question de services dépassant la B.A. questionnaire et des projet de flare partirpe guidisme ici même dans notres à un camp du formation le Camp Marcoux.

Vendredi après-midi et dans la soirée ce fut le rassemblement avec la Compagnie Française Commissaire Reid monta aux guides le rassemblement projet à la Compagnie "La Formation du fer à cheval". Les guides se sentent à l'aise avec la Commissaire, elles causent amicalement avec elle et lui posent toutes sortes de questions concernant leur notre petite différence plus attrayant et plus intense. Ils recommencent un dodo un chant à Commissaire Reid

Samedi avant-midi, ce fut au tour de chefaine Carmel Desjardins et la Compagnie et de la Ronde Anglaise Catholiques de recevoir la Commissaire Provinces chaude bal Reid. Ensuite elle donna beaucoup sur l'organisation de cette première Cie et Ronde Catholique Anglaise de l'Province se rejouit grandement de cette première affiliation d'Unies Catholiques Anglaise

A 2hrs. la Ronde Ste-Marie Gavotti a aussi la joie de recevoir Commissaire Reid Celle-ci assiste à une partie de la réunion. Ici la personne de rapport de ce que les petites Jeunettes de St-Paul sont capables de faire Les Jeunettes furent heureuses d'apprendre un nouveau chant Pin-Tu." que la commissaire voulut bien leur montrer Samedi soir, il y eut rencontre des chefaines et assistantes de deux Cies avec Suzanne Reid Dimanche matin, commissaire Reid se rendait à Bonnyville et nous revint mardi Le Père Hudon de Bonnyville suggéra aux chefaines une rencontre des guides des deux paroisses Ce projette donne pour un prochain, un camp de recrutement d'une journée entre St-Paul et Bonnyville.

Mardi, à 6 hrs., Mm Rondbrevet Mgr Philippe Lemire, les anciens, chefaines et assistantes, guides et jeunettes, Franchise et Anglaise se sont réunis au local des guides pour souhaiter l'arrivée à Commissaire Suzanne Reid et prendre une photo souvenir Le soir les membres et les chefaines font un petit bilan du travail fait à l'occasion du passage de commissaire Reid partni nous. Puis, on procède à la promesse de chefaine de Carmel Despins, sous la haute présidence de Son Excellence Mgr Lemire Y assistait L'assistaient discrètement à l'abbé J. M Martineau, l'assistant de la Cie et de la Ronde Anglaise M l'abbé R Poulin, la Commissaire Suzanne Reid, les chefaines Thérèse Martel et Agathe Joly, les assistantes Bertha Pigon et Charlotte Plante Ce même soir, la Comité Provincial a son tour reçoit la commissaire Ou discrets plaisirs portants apparaître ce rapportant au support moral et financier du Comité Provincial Nous remercions de notre comité qui réalise de plus en plus son idéal de C P A cette réunion la décision fut prise que le C P prendrait sous sa charge les Scouts et les Louveteaux Catholiques des deux paroisses Commissaire Reid adressa un petit à félicita le C.P de son bon esprit et de son dévouement.

Mercredi matin M. rebé B. Poulin, membre des guides et

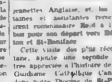
IT'S A PIGGY-BANK BUDGET

In spite of the fact that Canada is experiencing the most impressive boom in history, there was very little excitement as the three dove from the federal budget message, delivered by Finance Minister Harris, minister of Finance Putting a coin in a piggy-bank, Mr Harris indicates the budget was devised on a "saving for a rainy-day" basis.

Less stress falls on encouragement of the far north; than in Ottawa, Toronto or Winnipeg. In Port Smith, NWT, the average annual snowfall is three feet and inches; in Ottawa it is six feet ten inches

permettes Anglaise, et les chefaines et assistantes remerciement remémorant Ronde à Indien Mme Bertha Pigon, assistante de St-Boniface

Cette visite des plus réconfortante, ajoute une agréable page aux souvenirs de l'histoire de notre Guidisme Catholique Canadien dans notre Diocèse de St-Paul



TO THE HOMEMAKER
By MISS ELSIE KUMAR
District Home Economist
St. Paul

For spring days, we're certain we'll want some sort of knit that the slim silhouette is being heavily emphasized particularly in coats and suits. The fuller cottons will see a dismal eclipse shortly cotton and the light weight synthetics. Spring 1956 features the "overlooking" sunshine from the high fibspun sunshine to the lowered line in the easy everyblouse and tube.

Fabrics this year are more wonderful than ever Along with a host of new synthetics cottons are holding their own in the fashion field New weaves and finishes have been introduced to make cottons appear as coarse and heavy as homespun, or as fine and soft as silk This year Italian cottons are being imported and their silk like look and soft sheen will make their appeal to the feminine eye

"All the rage" this spring and summer will be the mix n match outfits — loose fitting jackets lined with material to match a blouse they've called coordinates Solid colors in suits or dresses appear in combination with matching stripes or some print in blending color Color conscious wardrobe planners have soft color harmony shades and not What are colors for spring Colors are bold-red, orange and yellow Browns are still popular as are the brilliant blues and greens

Accessories are designed to complement the slender look in shoes and handbags have taken on the "long tapered look." As with the colors for spring, jewelry too will be bold oversized pins and weighty bracelets Last but not least, hats will have wide brims, be more bulky in texture Does this appeal to you for new Easter bonnet?

Good News for Dairy Producers

St. Hon. J. G Gardiner, Federal Minister of Agriculture has announced a continuation of the Floor Price Policy for Butter and has extended the support price until April 1956.

Vilna Creamery joins with Dairy producers in saying THANK YOU MR GARDINER This is good news It means reasonably good returns for cream and a stabilized market for butter for a period of two years.

We have the capacity for additional cream shipments and we welcome new patrons at Vilna Creamery

ST. PAUL INSURANCE AGENCIES

Therien Has Receives Award

Mr. D. A. Pinquet of his Smoky Grain Company Limited at Therien, Alberta has been awarded a Ten Year Elevator Master Mariner Certificate. This award is granted by Grain Insurance and Guarantee Company in cooperation with Canadian Pacific Railway and other companies, and in recognition of grain elevator premises and to serve them, the elevator must have a perfect record of ten consecutive years.

Inspection of all plants insured by Grain Insurance and Guarantee Co. are carried out by Affiliated Inspection Bureau Limited. This organization for the past twenty years has specialized in the inspection of grain elevators, flour and feeds mills and other properties, and its service is acknowledged to be very thorough and exacting. Winning the award is therefore recognized as a high distinction earned by the grain trade generally.

CONTINUED HYPNOSIS FOR CHILDBIRTH

Exponent of hypnosis for childbirth, Dr. C. T. Tuk of Ottawa, explains his technique to two of his patients, Mrs. Ray Bourdon, centre right, and Mrs. Anne Berrington, both antenatalistic about the hypnosis method. Between Dr. Tuk and Mrs. Bourdon is Mrs. Bourdon's husband, a hypnotic patient at the birth of their two children. All of the three children, born to mothers while under hypnosis, is a boy. Dr. Tuk, one survived.

Report From Parliament Hill

(Continued from Page 3)

were operated for profit by incorporated companies. In this case, it is understood that out of the income of the operations of the whole pipeline, a percentage will be used to repay the guarantee of the moneys advanced by the governments of Canada and Alberta. A certain accounting method will surely take place. To an Alberta audience, it is unnecessary to point out that this company, which applied for a charter some five years ago, together with the permission to build the road purchase from me as its General Manager, Mr. N. E. Tanner, for many years Minister of Natural Resources in the Special Credit government of Alberta.

Many of the people who are listening to me just now on the vicinity of Edmonton and the north country are greatly interested in the speedy construction of this great enterprise because vast quantities of gas are available in that region. Therefore, our farmers and—not—because men, and everyone, will benefit from the sale of what is now being used to a rather limited extent in our cities, towns and villages of the province, but the great agricultural areas of which is being wasted because of the lack of the quantity markets available, both south of the border and in Eastern Canada. We must be patient in reconciling ourselves that understandings of such magnitude are never easily or rapidly achieved. It takes time! But you will be rewarded for your years, I have been an advocate of the development of our bountiful rich natural resources in Alberta.

And if I may be allowed to refer to a personal attitude, may I say to you that so far back as the year 1952, while in the provincial Legislature, I presented a motion in that connection. Our black gold had not just been discovered but I had a hunch that it was there, and my motion was to the effect that the Provincial Government, in collaboration with the Federal Government, should offer special inducement to companies or individuals to institute the research facilities and the expensive work of drilling the holes, or wells, at great cost — I daresay, but wish it were later to prove an event of this grandeur crop right under the soil of Alberta. I thank God for having lent me life to see this development, that I foresaw so long ago.

Unless the present discussion on other resolutions not so important as the one just described should last longer than anticipated, the Honorable Minister of Finance hopes to present his budget to Parliament before the Easter adjournment. But we will have to move a little faster than we did lately. In any event, this will be the basis of another importance. We shall again be called upon to vote vast sums of money, which we can only secure from the taxpayers of the country. Would to God that an era of security and peace be guaranteed in a world still very sick and very much in debt from the last two terrible conflicts. What could we not do for the welfare of the people—as, for instance, a more generous floor under the prices of agricultural products, partly by livestock, such as hogs and cattle—great sums devoted to help the provinces, especially in the form of grants to universities in the field of higher education, the Sciences, mostly Engineering which is becoming so important in our highly technical and industrial society.

May I again say the word HOPE in expressing the thought that spring has now finally come to our country which suffered such a severe winter. We will soon forget that when the wild flowers come more begin to bloom over the Prairies!

Series Of Electrical Fires Brings Fear To Therien Farmers

(Continued)

At two o'clock Tuesday morning, March 20, the Therien Saturday night entertainment began to a thunderous clap of thunder, as fire struck at different residences in the district. The first one to be struck was Mr Turbo Gagnon. The night was over the point and attracted help The fire was located at the corner of the barn close to the front end.

People rushed to the barn but were soon astonished not to touch the building after a few received a severe shock in trying to open the barn door.

The word to the town was immediately sent to the hall. They had been electrocuted by a transformer which was carrying 13,200 volts into the building.

The wires by the four barn melted and fell to the ground. The smoking wires caused by these wires which could be heard from a long distance. The live wire then made contact with the guy wire and the current ran to the transformer Whole it was burning, the voltage developed and the fire started in the house.

Again the people stood by helpless and unable to enter the building. Power to the town was electrified. The only way to stop the fire was to close the main switch on the farmer's line in town.

The fire department operator tried to ring St. Paul in order to get the Utilities The power could not be reached. The failure for the call to get through is still unknown.

The fire burned each of Mr Gagnon's buildings in succession. At the same time, another fire

GOODRIDGE NEWS

Quite a few of the Goodridge and Lavkin citizens hoofed the down Thursday night to get to the Annual meeting of the Mother and St Lina Rural Electrification.

The Goodridge PUA members also made a good turnout at St. Lina to hear PUA President, Mr Arnold Platt Although they had to travel town the distance to get there Mr Platt gave a fine address Mr Fritz Wehr, the district director and Mr Frederick Sheffe, the sub-district director were also present

The school has again unable to make its ball ready as the roads are drifted in again How about the plow coming to work and opening the roads so that his children can go back to school

EASTER PARADE OF Super Values

Mr. Prospective car buyer; you are cordially invited to drop in and see the all new 1956 Meteor Rideau Town Sedan. Drive it and prove it to yourself, then get an immediate appraisal on your trade-in and deal quickly (white roads are still passable).

For after hour demonstrations put your coat on and phone 631 or 536 for a salesman.

Should road conditions get on the tough side we have a 1952 Ford half-ton, one owner, low mileage, for only $899.00 that you could use instead of your new Meteor.

Drop in and let's talk it over.

Train Derails At Stockyards Switch On Sat.

Lock May Have Been Tampered

The daily Metaline-St Paul freight train consisting of 25 cars and a caboose, pulled by engine 2-8-2 No. 3 was derailed at the stockyards switch at 1:30 p.m. Saturday afternoon.

The accident happened at the stockyard junction switch where apparently the lock and bolts had been tampered with by children or neglect of switchman had not secured it in place tightly.

The engine passed over without mishap, but the cars behind the tender and train turned off the track. None of the cars involved upset, merely slid off where damage was not considered too extensive.

Crane came down from Edmonton Saturday afternoon to pull the cars back on the track and men had the damage fixed in hours.

The train included 3 box cars, passenger and baggage with Engineer in cab was Les Desbrow; fireman A. G. Ostland, conductor J. Morgan, baggage man Dave Barton and trainman L. V. Campbell. Bus and taxi service to the reaches. No injuries were sustained, due mostly to the fact the train was slowed down at the Town approaches.

Guide Officers At Calgary Convention

Local Company Third Arts, Crafts

Mrs. R. Tremeer and Mrs. Anne Fuller (Lindbergh) Local Girl Guides and Brownies of St. Paul have received from a visit to Calgary where they attended the Provincial Convention of the Girl Guides Association.

The Convention was held in the Palliser Hotel and was attended by over 600 Guiders under the chairmanship of Mrs. Rankine R. Nesbitt, Chief Commissioner for Canada.

Reports on the various departments indicated that the Girl Guide movement is growing in the Province of Alberta. A large number of new Pack and Company have been formed and many more are awaiting organization as soon as trained leaders are available.

The convention continued for 3 days and was climaxed with a banquet on Saturday evening at which Hon. J. J. Bowlen, Can. Spry Chief Scout for Canada and Mayor Don McKay attended.

During the banquet presentations were made of badges, cups and honours awarded to those who had rendered distinguished services to the Girl Guide movement.

In the province wide competition in Arts and Craft, the 1st St. Paul Guide Co., received 3rd prize and many compliments on the high standard of its exhibits.

REMERCIEMENTS

Les Dames de Guides Ainsi désirent remercier les jeunes filles qui ont tant travaillé pour faire d'une banquet charmante le 31 mars.

Les Dames de Guides Ainsi

COMING EVENTS

The ladies of the Altar Society will hold a Bake Sale in the St. Paul Co-op on Saturday, April 21st. at 2:30 p.m.

Former St. Paul Elevator Man Is Distinguished

Mr. P Foley of the United Grain Growers Grain Company Limited, at Girouxville, Alta., has gained the distinct honour of being numbered amongst those who have won the Twenty-Year Service Master Merit Certificate. This is the highest award given by Affiliated Inspection Bureau Limited and is granted in recognition of outstanding proficiency in the maintenance of grain elevator premises. The award is only granted if an agent has a perfect record for a period of twenty consecutive years.

Affiliated Inspection Bureau Limited has for the past twenty years majored in the inspection of grain elevators, flour and feed mill properties, etc. Its inspection service is acknowledged by all as being extremely thorough and rigid. Winning the award is therefore, recognized as an outstanding achievement by the grain trade and fire prevention authorities throughout Western Canada.

IN MEMORY OF ST. PAUL HORNETS

As the Hockey season is starting to fade away, the above is published in memory of the 1955-56 St. Paul Hornets who recently tied third a glorious season. They didn't go all the way, but made the semi-finals and came very close to going into the finals of the Eastern Alberta Hockey League. In provincial playdowns, they also made a good showing and with a few more breaks could have gone all the way. At rear left, is playing coach Paul Dion who contained the second line; Hector Gbrydw, left wing; Terry LaBonte, left defense; Gerth Roberts, right wing; George Vallieres, right defense; George Paul Dion, right wing; Ron Reeves, left defense; John Guerreiro, right defense; Paul Dion, centre; Maurice Bisaillon, left wing; Art Charbonneau, consolidated goalie; Eddie Bisharoffeah, left defense; Chuck Kendall, spare centre and forward.

Blue Hill Herefords Win 2 Trophies 7 Ribbons and 1 Banner At Calgary

Take 2 Prizes At Edmonton Sale and Show; Average $941.00 On Sale Of Six Bulls

The Blue Hill Hereford Ranch, owned and operated by Fernand Bedard made a name for itself in the Calgary Spring Show and Sale by winning two trophies, 7 ribbons and one banner

The Trophies received were that of Reserve Grand Champion of the show, owned solely by the Grand Champion was 18th Royal Bonnie DJ Lassie exhibited by the prospective baby and came close to winning for its owner, a four year old Bedard, sponsored by the Calgary Co-operative.

At Edmonton a 6th ribbon was won and fifth with a fourth heifer which sold second highest in sale.

Parading the bulls were Fernand Bedard and George, who received considerable publicity for their ranch as this district by newspaper and several TV broadcasts and radio.

Blue Hill Royal Domino DJ was the first in his class of 3-year owners, born in March and April, reserve senior champion and the reserve Grand Champion. He won

St. Paul's 1st Girl Guide Company recently received high marks and third prize in Arts and Craft competition recorded at the provincial convention in Calgary. Members of the team pictured above, front row, left to right: Maureen Hamm, Joyce Gilbert, Diana Pelletier, Phyllis Bedard, Carol Bedard, Diana Wagner. Back row, Sharon Fuller, Sandra Gilbert, Theresa Cloutier, Rose Marie Bedard, Maureen Lake, Lynn Fuller, Sandra Gilbert. Missing from the picture are Velma Power, Daisy Hervet, Dana - Kelvin, Joyce Lay.

Twenty Years Of Public Service To Community

Homersham Guest Speaker for Occasion

Junior Chamber of Commerce Particularly Interested in Youth Leadership Training

Honoured at the Annual Banquet of Jaycettes and St. Paul citizens joined in Easter Monday celebrations to commemorate the twentieth anniversary of the local organization. Guest speaker Mr. Doug Homersham, an active Jaycee of Edmonton presented the main talk congratulating the St. Paul boys for the fine example they have set at community leadership

The Ladies Night was dressed up in soft shades of pastel colours, completely transformed by designer Bernard Bichard. The upper half of the walls were covered with decorative panels of glowing pale blue, cotton embroidered with floral, brown and green motifs. Each panel was outlined in black crepe paper and centred with a white silhouette. From the ceiling a galaxy of varie colored streamers trailed a bright array of balloons dramatically emphasized the soft tones.

Golden drapes circled the stage from which official functions presiding over the affair. Jaycees in the community were hosted by Mr. Ted Brooks, President of the local club.

He introduced past presidents in attendance including Maurice Mattieux, Robert Drouin, Paul Drolet, Mahe Pantylyk, Roland Bouvert, Stan Powers and Lorrain Drouin.

HISTORY OF JAYCEES

Robert Simard, an original charter member gave a brief history of the organization since its inception in 1936 when it was formed by a group of young men with the basic idea and principle of devoting itself to the betterment of the community — a dedication well fulfilled if one is to judge the numerous community enterprises undertaken and completed satisfactorily.

Some of these included a hockey rink, arena, golf course, swimming sports, helping welfare organizations and training young men to think and act for themselves and on behalf of their fellow men

The guest speaker, Mr Doug Homersham, past president of the Edmonton Jaycees, past provincial chairman, and production manager of CJCA is a man who has spent many years working for the youth of Alberta

Mr. Homersham is well known by St. Paul Jaycees for his active interest in the organization. He was visited on many occasions during official visits of the latter in later years. He was always ready with advice and encouragement. His fine example for the welfare of St. Paul Jaycees.

As such, Mr Homersham was well qualified as a guest speaker for the occasion and his inspiring and complimentary remarks of congratulations were well in keeping with the spirit of the celebrations.

ORIGIN OF JAYCEES

Mr. Homersham traced the origin of Jaycees to 1915 when a group of young men started in St. Louis Mo., and spread to Canada, expanding from Winnipeg to number over 23,000 in the International fraternity which has spread out all over the world.

He said that former Chamber of Commerce members are interested in one special particular, that of training young men to be eloquently, truthful and faithfully bent on responsibility and that is the reason why St. Paul Jaycees have taken over leadership in a great number of community projects, eloquently, truthfully and faithfully.

He continued that so long as there are still young men left in the country, young men willing to express their will, and so long as there desire to carry on plans, Junior Chamber of Commerce activities in the world will continue to lead green en-

[illegible] which will [illegible] difference [illegible] men into more peaceful co-operation with each other.

Mrs Margaret Dezome provided the entertainment at intermissions in her fine soprano voice she sang "Come Back to Sorrento," and "April in Portugal." She was accompanied by Mrs Paul Letourneau. Music was supplied by Keith Daniel of Vermilion.

Members of the St. Paul Branch of the Canadian Legion catered to the Jaycees and did a fine job. They were rewarded the compliment accorded them on the occasion of their 25th anniversary a few months ago.

Baseball Meeting On April 15th

HOCKEY is over and it is time to start organizing for baseball.

Officials of the Eastern Alberta Baseball League in St. Paul are calling for a meeting of all clubs interested in the league as well as baseball enthusiasts who wish to help promote baseball in the district.

Meeting will be held on Sunday, April 15th., 2:30 p.m. at the Town Hall.

Last year, members of the League included Vermilion, St. Paul, St. Paul and District, [illegible]

Twentieth Anniversary Dinner

DRIVE OVER LAKE KILL BRUSH WOLF

Gordon Brosto of Beaverlan, Sask., has a 7 year lease to drive for a wild ride across a frozen lake. Specially built car is used and his brother Norman drives and follows in the second car. The animal after it tired, is roped in by pursuers.

Red Cross Tops Objective In March Campaign

Over $2000 Given For Welfare Work

For the first time in many years, the Red Cross Campaign in St. Paul has reached its objective The $2000.00 goal set by provincial headquarters was reached at the end of the month A few canvassers have not reported as yet and it is believed the final amount will be slightly above the amount set.

The Red Cross Branch in St. Paul is re-organized this spring and it appears the new blood injected in it stimulated donors to a record as has been the town and the canvassers.

Heading the organization is Mrs Hector Brosseau as president, Mrs. John Dagon Secretary-Treasurer and Dr W Turbuis Vice-President

In charge of the fund raising campaign were Wm Cooney, Mrs. Jean Mahaffy, Mrs. H Slaver and Mr Leon Letourneau.

Full Ban Placed On Highways

Full ban has been imposed on Highways 28, 36 and 41 for heavy truck traffic One-ton, three-quarter ton and half-tons will be permitted to haul their load of [illegible] but not more [illegible] per cwt.

There is no ban on Municipal highways as yet, but farmers will not be allowed on the main highways, even for short trips in town.

It is estimated that about 500 truck drivers on the Edmonton to Cold Lake line will be idle as a consequence of the ban.

Playoffs End in Blackeye

The Eastern Alberta Hockey League playoffs between Vegreville Rangers and the Lloydminster Chevrolets came to an end unglamorously with not too much to say for the sport or sportsmanship that inter-town sports are supposed to foster.

Vegreville retained the cup for the second year in a row on a default — kind of a flat way and not to distinguished manner as it has to be declared champs. It takes the kick out of it. The hapless owner of the Trans Cup, standing by to present the trophy unable to hand it out to anybody during the [illegible] unceremoniously dumped it on on of the pools and walked out quite put out about the whole thing. Could be the man.

The family squabble which were scheduled to run three out of five, but somewhere down the line the idea got-noted that perhaps because of the rivalry nothing the we and possibilities of not being able to complete the series on that base, a two out of three fixture should be declared.

Eventually this was to be contested but is bound to favor the town and put the other at a disadvantage and consequently Lloydminster objected, quite within their rights, and refused to be pushed into the deal. Wainwright league officials are allegedly responsible for the thing although the [illegible]

The whole thing similar to previous disagreements in the league, boils down to the fact that rules and regulat ons are being tampered with. There was no reason to suggest a change in cutting the number of games down in the schedule. Too much stalling in the first place was the main cause for the delay and even considering this, the time out of five series could have been finished [illegible] in the St. Paul Arena was perfect and we gather the same condition existed elsewhere.

The hunt is on at playoff time and participants are expected to forget for the best portion at the posts with all kinds of suggestions and proposals but the one word should not be there, but that of the league officials. We've noticed that every time a decision was [illegible] the loser of the game, the whole thing is blown sky-high and there was a big stink. For that we don't necessarily blame the parties involved, but the administration, which should keep a tight grip on the reins.

We're hoping that next year there is an improvement, that we all forget petty differences and play harder for the sport of it

Time To Grade Snow & Ice

We think it quite in order at this time to drop our opinions [illegible] to the town concerning the matter of paying a little more attention to clearing snow and ice off the north side of most streets.

We noticed that they pushed snow off the north side sidewalks onto the streets for better drainage but on the other side where the need is greater, nothing has been done yet

At the rate it's melting now business men in the main will be wearing rubbers long before summer

A Breed Well Known

In cattle circles, when the name Blue Hill Hereford Ranch is spoken in the future, ranchers will know just where it is and who the owners are — the Bettal brothers, Parnand and George from St. Paul and Onoway

The reputation comes from an enviable record the Blue Hill Herefords have hung up at the Calgary Spring Sale and Show and [illegible] Edmonton.

Winning Grand Reserve Champion at the Calgary show, one of the most competitive in Alberta, against 600 other entries is no small feat. It requires a lot of intense planning and meticulous work over many years. The results of this effort by the Bettal [illegible] in the past four years, being on the purchased rising [illegible] for only 12 years — a short period in terms of breeding high class stock

Most of the prize winning animals (see front page article) purchased at the sales are direct descendants of a $4,500 bull the Bettals invested in five years ago, purchase the assistance of their neighbors. Parnand's only regret at that time was that his father, the late Robert Bettal, who was in Onoway was not here to realize his ambition and the success of a business venture he planned and hoped to see develop just that way.

It is a credit to this district to recognize two fine MEN, Blue Hill Ranch and its owners, who, besides having brought distinction to themselves are also drawing attention to St Paul as a fine purebred Cattle raising district.

Our sincere congratulations

A Little More Consideration

The weather has been terrible, the snow is piled up high [illegible] pushing road allowances in a few instances by traffic. We all know it's tough going

That is why at a time like this consideration for others should be practised. If you have to drive a car in the secondary avenues and streets of St Paul, sometimes it is impossible to get off the centre of the road to get in rots when drive has into collision with parked vehicles

When you park your car, please look around and don't station it parallel and opposite to another and block traffic. Drive a few feet ahead and even more, then you should be able to get by.

It's not always convenient, but a little consideration for your neighbor will all help us to live through this trying spring in [illegible]

Views and Opinions Welcome

Our readers will note that we have changed the format of this Editorial page to make it more attractive and give it the appearance of a real editorial page

Letters to the Editor are made in quantity. We are perhaps to blame for not making our editorials 'popular' enough to draw the wrath of readers However, we always welcome views and opinions from readers on any matter and invite you to comment whenever there is a point to make It all adds up to interesting reading as well as providing stimulation to accomplish reforms or otherwise a task needed.

THE SPRING BUILDING BOOM WILL BE ON IN A FEW WEEKS

SON VALLEY

Letters to the Editor

Ottawa, March 26, 1956

The Editor,
St. Paul Journal,
St. Paul, Alta.

Dear Sir:

A few days ago, a former operating in the central part of the province wrote to the Department of Agriculture relative to the cost of hog rearing in the country, but particularly of course in Alberta. He operates in that branch of agriculture on a fairly large scale.

I thought that your readers might be interested in some of the views expressed to this farmer by the hog specialists of the Department here I am therefore enclosing herewith a copy of the comments made by the said official

In drawing your attention particularly to statement No 1, may I say that a policy such as the one referred to therein — as explained in the United States — has resulted in tremendous surpluses of all kinds and which are [illegible] and have been a burden to the American taxpayers.

Yours very truly,
J. M. DECHENE
Publicity Officer

* * *

1. The support price is intended to prevent undue price depression in times of surplus production but is not intended to guarantee cost of production at all times. If it actually did guarantee cost of production, it seems likely that the volume of production would become unmanageable and unsaleable.

2. Since the present support price of $22.00, basis Grade A hogs at Toronto, came into effect hog prices have ranged far above that level but have not fallen below it Hence the farmers have received a much higher average price than the support level

3. The volume of production has increased In fact, in 1955 marketings were higher than in any peace-time year. It was only through the export of pork products that the equivalent of 800,000 hogs that it was possible to maintain the floor price without Annual Government purchase of product

4. Surveys and forecasts based on them indicate that the volume of production in 1956 will be equal to or greater than 1955. This does not suggest that farmers are generally are expecting to increase their hog production

5. On a great majority of western farms hog production is a means of converting grain into cash more readily and at higher values than would be possible by the direct sale of grain. People who buy grain and engage in feeding enterprises on a [illegible] old basis are bound to take risks which are not associated with ordinary farm production. The government should not be expected to provide guarantees against losses commercial risks being [illegible] in operations of this kind.

6. In Eastern Canada farmers buy more feeder cattle and feeding than they do in the West but they also produce substantial quantities of their feed, particularly in the form of skim milk for hogs and [illegible] cattle. They [illegible] to [illegible] them by-products. The production is an integral part of the farm program and is even more firmly established on that basis than it is in Western Canada

Disappointed On Tim Buck Comments

St. Paul, Alberta,
April 1st., 1956

Dear Editor

I am rather disappointed at your statements on communism in your editorial of last week

First you quote that Tim Buck was invited Then "you" say he got a personal invitation to go and are trying to make us believe that you do not know that you need a passport visa to go abroad from Canada? This means that you have the unmitigated cheek to call Tim Buck was allowed to go to the Russian Congress a proof that the Canadian Government fears no alleged Russian plots

As radio, mail, and visas in and out of Canada are in Government hands Khrushchev is right in saying that the handling of Canadian Communists is an internal matter of the Canadian Government

The Canadian government apparently is not quite sure about what visitors can connect whilst over there as many hundreds of visas are granted and the number is increasing You should go to Edmonton to interview him and learn of what he has seen in Russia.

One Third Use Margarine

Prior to 1940 virtually everything spread on bread in Canada was butter. Today, says The Financial Post, one third of the spread is margarine Average per capita consumption of butter in Canada is down to approximately 20 pounds a year. Average per capita consumption of margarine is up to over seven pounds per year.

Like the mythical ostrich which refused to face facts we are piling up butter in storage at the taxpayer's expense and selling it to the Czechs and Poles for about half the price Canadian citizens are permitted to buy it.

No wonder Government butter stores are going up and not down. No wonder Canadians, even Canadian butter producers, are using more margarine.

What's on the Air

Danger of war in Middle East is real important thing for Canadians, is to make sure that meddling of Government of Canada concerning arms shipments to Egypt doesn't add to tensions in the area. Canada must remain above a political power struggle.

Right point to remember is that Soviet Union for the first time since its wartime attempt in 1940 to expand into Iran and put pressure on Turkey has succeeded in some points of extending its sphere of influence in the Middle East Previously therefore that local war in Middle East would touch off world wide conflagration cannot quite to be discounted

Danger of local war has been intensified by Russian concentrated large numbers of General Glubb Dismissal reflects growing anti-British sentiment in army clique in Jordan with pro-Nasser influences. Glubb's dismissal has been preceded by United Kingdom Jordanian negotiations, failure of which would be a crippling against Israel in relation to border raids perpetrated by that country over period of many months Series of terrorist raids in Jordan is heightened by the fact that inhabitants of the Arab population is exploited human

Conflict of interests between Israel and United Kingdom therefore, rests on the fact that while former's defence needs are focused on threat real or imagined, from Israel latter's need is to maintain Middle East unity against ever-present threat of Russian aggression. Cloaked as "threatened Israel" are facing United Kingdom therefore is whether to continue subsidizing Jordon army as bulwark against Russian penetration at time when Jordan's military league favors retaliatory attack on against Israel or is with-

Over an area of 100,000 square miles this Saskatchewan [illegible] government nurse and the plane picks up the patient from a remote or [illegible] strip by pontoons for delivery to hospitals for medical attention. Recently the distress call came from isolated cases however miles day or night, regardless of weather.

Farmers' Union Of Alberta Farm Emergency Policy & Plan Of Action

While on a recent tour of the district, Mr. A. W. Fleet, President of the Alberta Farmers' Union, made much reference to the farm emergency policy and plan of action, adopted going into two years ago in detail. For those who are interested in the exact [illegible] of this document, we have secured copies, published herewith. Study it over [illegible] at the annual convention.

EMERGENCY POLICY

1 Domestic price of wheat used for human consumption to be set at not less than $2.50 per bushel basis, and other grains used for human consumption at comparable prices, such receipts to be pooled and paid on 1,000 bus. for each producer

2 Floor price at no less than cost of production on all grain sold on the export market.

3. Parity price on all farm products sold on the domestic market.

4 The [illegible] to meet cost of all storage by the Wheat Board.

5. Federal Government to establish a feed bank by buying wheat equivalent to an average year's crop, said wheat to be held in approved storage at the expense of the Federal Government.

6. Cash advances on farm-stored grain, after inspection as to quantities, grade and condition of storage facilities.

7. An interim payment of not less than 10c per bushel on 1954-55 wheat crop.

8. No municipal tax penalties until farmer has had time for opportunity of delivering at least 4-5 basket quota.

9. Protection of the farmer from seizure and eviction during [illegible]

10 Increased trade with all countries by barter, acceptance of foreign currency, on credit, and by gifts to distressed areas in the Commonwealth countries.

11. Accelerated depreciation for income Tax purposes on approved farm storage built in 1952 and subsequent years.

12. Cultivated land taken out of grain production to grass be included in the specified acreage in the permit book.

13. The Government floor price for hogs be equalized at all markets throughout Canada.

* * *

METHOD OF ATTACK

1. Moved that meetings be organized throughout our district to get support from all interested groups for our Emergency Program

2 That we circulate a petition covering our paramount demands for signatures of all citizens.

3 That we set up a committee representing the several organizations to support our emergency program And that we obtain the advice of Mr J. E. Brownlee on getting the best constitutional advice we can so that our emergency program may be properly presented to the Canadian Government

4. Resolved that our Publicity Director or committee follow the press closely and give the facts of [illegible] in instances where the editors of these papers have presented the wrong slant on farm affairs; such rebuttals to be approved by the Presidents.

5 Whereas the majority of the public are not properly informed on the crisis in farming. There fore we recommend that our President or an authorized speaker or both arrange a program of speaking before Chambers of Commerce, Labor groups, Service Clubs, Women's organizations etc., with a view to gaining support for our Emergency Farm Program and influencing the press in favor of our farm policy Further that if a speaker is employed that either organizations be asked to co-operate in the financing.

6. That an Intensified Drive for membership be conducted along with these activities.

Ashmont News

Mr. D. M. Boone who is a travelling minister from the Watch Tower Bible & Tract Society in Toronto and is graduate of the Watch Tower Bible school of Gilead in New York, USA, is visiting the local congregation of Jehovah's witnesses in Ashmont this week He will discuss his text by delivering a public address on the subject of "Attaining Victory in a Christian Warfare" This Bible discourse will be given on Sunday, April 8th., in the Ashmont theatre at 3:00 p.m. All people of good-will are welcome No collection taken.

Mrs. And Mrs. Albert Tarbuck Given Farewell At Grimshaw

GRIMSHAW—A farewell party in honor of Mr and Mrs. Albert Tarbuck was held in the Elk's Hall on Friday night with over 150 friends attending. The Tarbucks will leave Grimshaw at the end of the month for Edmonton, where Mr. Tarbuck has been transferred as manager to the Beverly Branch of the bank. Their youngest son, Aubrey, will accompany them to Edmonton while Joan and Richard will stay with friends in Grimshaw for the balance of the school term.

Perry McKay, speaking on behalf of the Chamber of Commerce, expressed his regret on the loss of a valuable member. Mr. Tarbuck is vice-president of the Grimshaw Chamber and has been very active in this group.

Reverend K. C. McLeod thanked the Tarbucks for all the effort they have put into community projects during their 6 years stay in Grimshaw and said that they would be greatly missed by the town.

Herb Dalby then presented the Tarbucks with a sum of money, a gift from the townspeople, for them to buy something for their new home.

Mrs. Tarbuck thanked the group for their kindness and said that it would likely be a long time before they would see so many friends gathered together again. She invited everyone to visit them and Gerry when they are at Edmonton.

Mr. Tarbuck expressed his thanks to all and said that he would like to remain in Grimshaw but that he had to choose in the matter.

The gathering then sang "For They Are Jolly Good Fellows" and "Auld Lang Syne" and then ended a very enjoyable evening.

Before being transferred to Edmonton and after leaving Grimshaw and the Elk's club, Mr. Tarbuck was assistant manager of the St. Paul Branch of the Canadian Bank of Commerce for eight years.

Local Bride In Lovely U.S. Ceremony

St Margaret's Roman Catholic Church in Cutbank Montana was the setting for a double ring ceremony on February 4th, when Julianne, daughter of the late Mr. and Mrs. J. N. Trudel of St. Paul became the bride of George, son of Mr. and Mrs. Peter Majoulah of Malta Montana.

Rev. Father Parfour officiated. The bride was given in marriage by Mr Jim O. Day. For her wedding the chose a lace suit with winter white accessories. She wore a corsage of red roses and carried a white missal.

Mrs Rose Pendergrass of Cutbank attended the bride, wearing a turquoise suit with harmonizing accessories.

Bussel Mathews of Malta was best man.

During the ceremony Mr and Mrs. Ed Crepeau of Cutbank sang "Panis Angelicus". "On this Day Oh Beautiful Mother" and "Our Father".

Following the ceremony a reception was held at the apartment of Miss Marie Crepeau.

Mr. Jimmy O. Day proposed a toast to the bride.

Out of town guests were Mr. Bernard Majoulah, Malta, Mr. and Mrs Pat Manahan, Malta, Miss Dee McKay, Great Falls, Mr Edward Smith Great Falls.

For travelling on a wedding trip to Great Falls the bride donned a teal blue dress with red accessories.

The newlyweds will make their home in Miles City, Montana.

Catholic Girl Guides Receive Commissioner Reid Recently

On March 14th the catholic [illegible] Guides had the pleasure of receiving Commissioner Natasha Reid of the Federation of Catholic [illegible]

Upon her arrival after a brief visit with the Bishop, Commissioner Reid visited working with the Chaplains and the captains. The visit concluded with a meeting with captain Agatha Jobs for the St. Margaret's guides in the afternoon with Captain Theresa Martel for the St. Louis of Angers Company. In the evening the special patrol of the cubs for Canons met the Commissioner, discussing services beyond the daily good deed and plans for a trip camp in June at Camp Maricosa.

On Friday commissioner Reid attended the French Campers Luncheon and visited with the Grimshaw and the Girl Guides. Mrs. Tarbuck was assistant manager of the St. Paul Branch of the Canadian Bank of Commerce for eight years.

—Lorraine Dell

GOVERNOR-GENERAL'S PENNANT FLIES ON DOG SLED

—Courtesy Prince Canadian

The governor-general's pennant flies on a dog sled as Governor-General Mr. Vincent Massey and his commander-in-chief, Major General Howard Kennedy, arrive at Fort Resolution, Great Slave Lake, Northwest Territories, on the first leg of a journey to the north. At Cambridge Bay they will be joined by the Duke of Edinburgh who will tour the North Pole.

On Saturday was given to Captain Jacques and her company of the Prince Catholic guard. After many excited notes for the commissioner they was much discussion on the organization of the English Catholic Girl Guides and work.

The Federation is very pleased with the very affiliation of the Girl Catholic.

Then also Commissioner Reid also held a meeting with Captain Judy and the Maria-Goretti guides. They had a new song concert Pacific on Sunday the commissioner visited Bishop's residence back Tuesday with a [illegible] from Bonnyville that she'll be a reunion of the companions of the two neighboring troops in Tuesday. Her Excellency Bishop Lissoret, the chaplain, Captains, and their assistants, guides and brownies of the French and English gathered to wish goodbye to their commissioner and take a souvenir photo.

In the evening the ceremony of the promises of Miss Carmel Despres were held making her a full-fledged captain. This was presided over by His Grace Bishop Lissier and also present were Chaplain of the Dionne, Rev. Father Martinette, Chaplain of the English Pack, Rev. Father Pasian, Commissioner Reid, Captains Theresa Martel and Agathe Joly and their assistants Miss Pregon and Charlotte Plante.

The same evening, the committee in aid of the Girl Guides had the anticipated pleasure of meeting Commissioner Reid. The president, Mrs. Pretzner had a [illegible] monthly meeting on which it was decided this committee in aid would also accept to help the Catholic Scouts and Cubs of both languages. Commissioner Reid congratulated the committee on its good work and spirit.

Wednesday morning chaplains, captains, guides and brownies accompanied Commissioner Reid to the bus when she left for Edmonton and St. Boniface.

This very important visit leaves a mark in the history of Canadian Catholic Guides in our district.

Health Through Chiropractic

By Dr. E. W. TENOVE

The Canoe Comes First

If I am called to your house and find you in trouble because water is dropping on your furniture, beams and carpets, because the roller needs fruits and vegetables, what shall I do to help you. Shall I get a bucket to catch the water? Shall I install pumps in your basement to remove the situation there? Shall I equip each of your rooms with soup to stop up the water? Would it not be of more value if, without preliminaries, I fixed the leak in the roof, the CAUSE of your trouble?

Illness is like a house with a leaking roof, presenting many effects and symptoms. It is possible to label these symptoms, examine them, weigh them, study explains, guides and instructs as encouraged Commissioner Reid to the bus when she left for Edmonton and St. Boniface.

This very important visit leaves a mark in the history of Canadian Catholic Guides in our district.

In many cases of sickness the cause is a misalignment vertebra in the spine interfering with the flow of life-giving energy over the nerves. Chiropractic is the science of locating such misalignments and adjusting them. With all vertebrae in their proper places the nerves are freed to carry their essential impulses from the brain to all parts of the body, and the patient's entity returns to good health or restored health.

TO THE HOMEMAKER

District Home Economist St. Paul

"In this bright little package, How soft it sits! You're a dinner worth of something Known only to god."

The Package of Seeds by E. A. Guest

Seed Catalogues are arriving and many homemakers are ordering seeds. Do you know which varieties grow best in this zone of Alberta? It may be wise to check with the Horticultural Guide.

If you have a freezer of a locker at will certainly pay you to check the newest list of "Vegetable Varieties Suitable for Freezing" Each year the Horticultural Station at Brooks freezes new and different varieties of vegetables. In February a bulletin reflects the best varieties in comparing to find the great differences there are in varieties. Differences in color, texture, flavor and form.

Write to the office if you wish to obtain these bulletins.

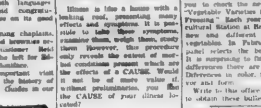
IN MEMORIUM

In loving memory of our dear sister, Alice Rose Tabbernor who passed away April 1, 1954.

No one knows the heartaches, Only those who have lost can tell, Of the grief that we bear in silence

For the one we loved so well.

Ever remembered by her sister and brother-in-law Doris & Jim McConachie Mayer, B.C.



SCIENCE IN YOUR LIFE

Victim of Progress?

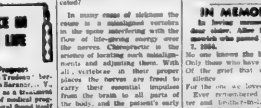
The world-famous Trudeau' borders mountaineers in Saranac, N.Y. an closed its doors as a [illegible] station, the victim of medical progress. When the hospital found itself pervading with only 60 patients, instead of the normal complement of 300 the decision to abandon the treatment program in favor of research.

It was the U.S.'s oldest TB sanitarium and a model for many others throughout the world. Founded in 1885 by Edward Trudeau, himself a tuberculosis patient, the institution was created for those who could not afford private treatment.

When Trudeau was established, a diagnosis of TB was equivalent to a death warrant. The malady was well known as long ago as 460 B.C. when Hippocrates commented on the [illegible] sick. In the 17th century John Bunyan wrote, "the captain of all men of death . . . was the consumption." It has affected [illegible] and our literature, taking the lives of Chopin and Paganini, Chekhov, Keats and Stelson.

Most TB experts credit the discovery of Trudeau and the example at other sanatoriums as the main factor in reducing the death rate from tuberculosis by 90 per cent since World War II. Although TB began its upward [illegible] after 1800, it is only within the past 10 years that new drugs like the streptomycin chemicals, aminohydrazid, have put the killer on the run. This latest drug looks like a powerful magician, streptomycin and isoniazid, so that they can be given in a single injection.

Tuberculosis is not entirely beaten yet, but Dr. J. Burns Amberson of Columbia University, dean of U. S. tuberculosis experts, recently declared, "altogether, prospects look good for what may be described as the conquest of tuberculosis in the [illegible] of [illegible] drug [illegible]



Let's Eat

BY

IDA BAILEY ALLEN

The chief stand by the tomatoes which looking down at us with [illegible] a can of sweet potatoes, a few mushrooms and four slices of bacon.

"Not very glamorous looking ingredients," said Jane, looking suspiciously at the contents of the refrigerator, "but because I'm working with everyday ingredients doesn't mean that the meal we turn out has to be ordinary. Here is the way I want to work. Here is the plan.

Wash thinly Sweeter Vegetable Oil Corn Flakes Crumbs, Salt and pepper.

Beat egg with boiling water to remove excess fat. Grate.

Place on an oiled broiler together with one can sliced drained sweet potatoes and two mushroom caps sliced in half.

Brush with boiling butter and sweet potatoes with melted margarine or oil. Dust the apples with sugar, the sweet potatoes with salt.

Slice grill four inches from the heat until all foods are brown on one side; turn to brown the other.

Brush the turned apples and sweet potatoes with melted margarine or oil, dust respectively with sugar and salt.

Brush a few fruit or sauces of sweet potatoes with melted margarine or oil, dust with salt and pepper.

Place on the broiler [illegible] and broil [illegible] brown.

Serve the sweet potatoes and mushrooms on a hot oven, with [illegible] and [illegible] [illegible] [illegible]

WATCH THAT GRASS!

Those areas in timothy and grass meadows that were winter killed or thinned out badly should be reseeded this spring. Now is the time to do it. Timothy and grass seeds are cheap this year. Now is the time to fertilize your meadows. Fertilizer will increase the yield of hay and grass from 50 to 100 per cent. Fertilizer will also increase the protein content of your hay. Protein is the most valuable part of your feed. Protein makes milk, meat and eggs. Protein makes strong bones and muscles. Protein makes rich blood. Protein makes your cows, horses, pigs and poultry healthy. Protein makes your children healthy. Protein makes you healthy. Protein is the most valuable part of your food

WATCH THAT GRAIN!

Many samples of grain reaching elevators and terminals during the last few months have been of poor quality. In your homestead bins it is possible that much moisture and other damage has occurred.

At this season of heavy stress, frost and warm days, it is necessary to watch your grain closely to prevent heating or other damage. Grain should be removed at once when a moisture content of 14% or more is found. Trouble usually starts when moisture reaches 15%.

Grain heating can be detected by the smell of mustiness and mould. Grain that has been exposed to the effects of drying and moving many times sometimes has a dull appearance and is hard for the buyer to grade. Grain that is damaged by heating or exposure to the weather is difficult to clean and is often of poor milling or feeding value.

Mr. and Mrs. Walter Chapelsky motored from Edmonton to Elk Point last week to spend the Easter weekend with Louis's parents, Mr and Mrs Joe Krywiak.

Kenny Kruck accompanied them to Edmonton for the rest of the holidays.

Miss Ann McDavell, who is employed with the Canadian Chemical Plant in Edmonton as a Lab Technician, was home over the Easter weekend visiting her parents, Mr and Mrs. McDonell.

Capacity Crowd Attends 4th Annual School Amateur Night

The Elk Point High School auditorium was filled to capacity on Wednesday evening, March 28th., for the fourth Annual Amateur Night, sponsored by the Elk Point High School Student's Union.

The thirty-two numbers presented, divided into three classes gave the audience a difficult task judging the three best performers from each.

Class one consisted of solos, both vocal and instrumental. Class two, duets and larger groups; class three, comedies or canes.

Prizes, based entirely upon audience reaction were awarded as follows:

Class 1
First — Maryann Jandruck, song, "Open Up Your Heart and Let The Sun Shine In."
Second — Doris Hiller, song, "It's Almost Tomorrow"
Third — Peggy Peters, song, "I'd Rather Die Young."

Class 2
First — Loretta and Harvey Aarts, vocal duet, "Rock and Roll Waltz."
Second — Arnistice Amateurs, Instrumental Quartet, "Medley"
Third — "Four Feet" vocal quartet, "Sixteen T." "My Bonnie Lassie."

Class 3
First — Arlene and Marian Tomkow, Agnes Lumley and Joan Woytowich, "A Ukranian Dance."

10 DAYS between PROFIT and LOSS
Ten days ago the grain stood straight and promising in the fields. Then the temperature dropped . . . and the crop bowed to its greatest enemy - frost.
Ten days—your earlier harvest bonus from fertilizer—would have made the difference between profit and loss from frost-killed grain. Elephant Brand high analysis fertilizers, rich in nitrogen and phosphorous plant food and "tailor-made" for the Canadian Prairies, bring grain crops to maturity faster . . . a harvest up to ten days earlier.

Statistic Report Of Hospital

Elk Point Hospital statistics for the month of February were as follows:

Number of meals served 2,510; Cost per meal 1ic
Percentage of Occupancy: For beds 104 per cent, Bassinets 45 per cent.

Cost per patient day for month of February $7.58

More than 48,000,000 trees have been planted on unused cropped crown lands in six Canadian provinces since 1951 under reforestation agreements.

Garden - Graphs
by DEAN HALLIDAY

When gardening spade is first out each year many problems arise. Should potatoes, corn and peas be put in or not? Should we plant in rows or not? Should we plant in a block? Questions like these are often left out of planning plan since they do not have enough in return for the time and energy necessary to grow them.

This, however, is the best type of beets, for they are one of the vegetables which give a heavy yield in return for the space they occupy.

One can get an early start with beets for the seeds are semi-hardy and can be planted just as soon as it is possible to prepare the soil. Light frosts will not injure either the seeds or the young plants.

A beet need not really a cluster of seeds as shown in the accompanying Garden-Graph. The seeds therefore should be sown thinly. Here we see into April and still snowbanks 3 to 6 ft high and very little prospects of it disappearing for a while.

School closed on March 29th for a week of Easter holidays.

Among those visiting in the district from outside points for the holidays were Mr and Mrs. John Lees and son of Edmonton at the C. Witwicky home. The Miller girls from Edmonton at the J. Miller home and Mr. and Mrs. P. M. Cassidy from Buck Creek at the Cassidy and Sendiford homes.

Mrs. Carl Wawirky accompanied Mr. and Mrs. Ernie back to the city for a few days. Mr. and Mrs. George Thompson returned to their home here for the winter at Peace River

Mrs. Brad Cambbin left last week for a visit to Missour. Some people have had the misfortune of loosing cattle in the water holes this winter.

Your Ability To Drive

There are five important factors that tend to make driving a challenge job instead of a cinch.

(1) Power and limitations of the car.
(2) Physical features of the road.
(3) Behaviour of other high-way users.
(4) Changing weather & light conditions.
(5) The make-up of the driver. The driver himself is one of the most complicating of the factors which keep driving from being a cinch. No matter how physically qualified he may be or how much know-ledge he possesses, it is the manner in how he applies them which counts.

In this issue I want to deal with the physical qualifications.

Physical

Too many drivers fail to realize the effect their general health has on their driving; too many drivers fail to realize what their physical requirements should be. There are drivers who have defective driving vision and are unaware of such. Some of the fatal accidents caused by drivers who have a defective part or their physical make up and find they been aware of it they could have compensated for it and avoided the accident, thereby saving a life.

Three small parts of the eye can break or cause loose and thereby affecting the operation of the whole car. So it is with the driver He can give a more satisfactory performance when all of his physical parts are working perfectly.

Under the heading of "Physical Disabilities" we have sub headings such as:

(1) Disabilities that permit correction.
(2) Disabilities that do not permit correction.
(3) Disabilities that temporary disqualify.

Disabilities That Permit Correction.

(a) Defects of the retina organs EYESIGHT, visual acuity.

Disabilities That Do Not Permit Correction.

Where the automobile gust depends on the driver; when the driver does not hear sounds, greatly on what he learns through his visual sense of hearing. He cannot distems Sight of danger, for instance, is a factor which sets off reaction Many reactions which the driver of a motor car on the sight-signal he gets. Therefore, if his action are to be true his signals must be true and these can only be when his vision is true.

The eye is a delicate organism with many parts. Like the driver or the car, these parts must all work perfectly and in harmony if the eye is to give its maximum performance.

The most obvious function of the eye is to give a clear picture of what is before it. Only by be able to see in detail is visual acuity. (To be continued)

SCIENCE IN YOUR LIFE
Medical Mentors
All too few persons recognize the hazards encountered by members of the medical profession in their calling—carrying the answer to alleviate disease and pain to his bedside—often a considered suspect, to the ailments he so successfully treats.
Being in fact the first line of defense in Medical history records instance after instance where able intellects which like physician has become victims of the virus, bacteria, vapors, gases, ailments and their cause.
Many a fine physician of those medical martyrs was found to have succumbed to poisoning from improperly treated yellow fever. He proved his point by selecting himself for the victim by a mosquito known to have fed on a yellow fever victim. Some days later, Lazear was dead.
Lazear's colleague, James Carroll, buttressed his dead friend's theory when he also allowed himself to be bitten by an infected mosquito. Carroll contracted yellow fever, but survived.
Medical heroism continues today with "volunteers" testing new drugs and vaccines for Dr. Salk's polio vaccine. Dr. Salk's self-test, he said, has helped him to take precautions before he attempted any wide-scale tests.
Medical men are not the only ones who have given their lives in the medical cause of the Elk Mentors. —30—

OU VA L'ARGENT?
Il faut que notre peuple comprenne la nécessité de s'organiser sur le terrain économique, donc que la Caisse est réellement pour nous, notre propre chose, notre bien le plus cher.
Il faut que la Caisse garde notre épargne dans la paroisse pour faire fructifier, pour activer et rendre productif le travail local.
L'argent est produit dans notre paroisse! Qu'il y demeure, et qu'il y travaille!
Une paroisse n'est pas riche seulement de l'argent qu'elle produit, mais de celui qu'elle garde et emploie sur place. Il vaut donc la protéger.

SEEDTIME and HARVEST
By P. J. Gramberg
Director
Line Elevators Farm Service
Winnipeg Manitoba

AVOID RISES — TREAT YOUR SEED

Of the modern farm practices that can help to reduce grain production costs, none is more important than seed treatment. Three important benefits result from seed treatment. These are: (1) The elimination of seed-borne diseases particularly the surface-borne spores of cereals. (2) The prevention of seed rot and seedling blight. (3) The suppression of weeds by better and more even stands.

Approved Treatments Chemicals containing mercury (Agrox C, Ceresan M, Leytosan, Panogen, and others) are more widely used and more generally effective in this line. Organo-mercurial compounds (mercury) and an insecticide (Lindane or Aldrex) are recommended where wireworms as well as smut are to be controlled.

Treat Properly. Improper or careless application can ruin the effectiveness of any seed disinfectant. Thorough and uniform mixing of chemical and seed is essential for best results. Time of treatment is also important. Seed of oats and barley, for instance, should be treated at least one week in advance of seeding; wheat and flax at least *24 hours before sowing.* Most seed-treatment chemicals are poisonous. Guard against inhaling dust and fumes. Wear a mask. Follow carefully the directions and precautions of the manufacturer. As soon as treated with mercury is poisonous, heavy penalties are attached to the delivery of treated grain at a metered elevator. Seed treatment is not only a social farm practice, but a profitable investment as well. Avoid rises—plant only good, clean, treated seed in 1956.

F.U.A. Opposes Game Act Amendments

EDMONTON, April 4 — Further amendments to the Alberta Game Act as the bill was originally introduced in the legislature, drew fire from the Farmers' Union of Alberta.

President A. W. Platt feels that the original proposal introduced by the government was good and generally satisfactory to everyone including a number of fish and game league branches. By approving the changes made the government satisfied no one. The clause dealing with permit of wounded game can, in effect nullify the privilege it proves the previous clause providing the latter to obtain permission to hunt. No one would object to a hunter being permitted to take a dead trail in pursuit of big game, but to permit it to a hunter in pursuit of a wounded duck for instance is ridiculous.

Another clause preventing that a holder of a grazing lease has not even the right to post moth land against hunting under any circumstances cannot possibly be justified. The control of breeding areas and the absolute necessity to protect pastures from fire at certain times make it imperative that the lease-holder have the power to control trespassing.

The last part of the whole business is that probably all the difficulties could have been overcome if the government had taken the time to hold hearings of interested parties.

The Farmers Union of Alberta will not rest content until the matter is properly settled, concluded Mr. Platt. The Union will be meeting shortly with the Western Stock Growers' Association to jointly plan further action.

13th Session Of Alberta Legislature Is Prorogued By Hon. J. Bowlen

By SAM HANNA

EDMONTON—The second session of the 13th Alberta Legislature was officially prorogued last week by Hon. J. J. Bowlen, lieutenant-governor, who gave assent to 76 bills.

The traditional 30-row of pipe was thrown by members of the Press Gallery past MLA's home from a session which was one of the toughest in years from the standpoint of long, terrifying hours. It opened Feb. 5 and lasted 56 days, along with a record 14 night sittings.

Among the highlights of the session were the new Elections Act which abolishes the proportional voting system and replaces it with the "X" system, and a new Claims Act which imposes higher restrictions on hunting over private land.

On top of that, the House approved a record $242,000,000 budget for the coming fiscal year and repealed last fall's—the second increment tax which has raised the province around $1,300,000 annually.

Bills were just ended also touched what may be a major revamp of the provincial labor laws. An industrial committee was appointed to investigate the Labour Act and recommend amendments at the next regular session.

It was one of the most significant committees to be appointed in the memory of municipal governments in Alberta. The government took the first step toward a full-scale review of provincial-municipal financial arrangements, aimed at finding new sources of revenue for municipalities and ending their sub-economic status.

Don't be surprised if the financial review results in new taxes being imposed. From outward appearances, the government is laying the groundwork for the day when revenue from oil and gas won't be so big. Provincial Treasurer E. W. Hinman has intimated that revenue possibly may be considered as possible sources.

Meetings between government and municipal officials were held last week and will continue during the coming year. The province has also agreed to its hands of the unwieldy municipal grant program last year.

The new Elections Act was by far the most contentious piece of legislation. Members debated it for more than 16 hours, and despite a determined effort by the opposition to have the proportional voting system retained the government didn't yield on any major point.

The government argued that the proportional system is too complicated for the average voter to comprehend and results in too many spoiled ballots.

Financial issues aroused the government of casting political controversy by introducing a voting system which favors the party in power by splitting the opposition vote between two or more other parties. They claimed the government is afraid of the proportional system after the many spoiled ballots, which new Social Credit strength drop from 61 to 27.

Members of the opposition noted two major questions which they claim weren't satisfactorily answered.

1. Has there been any public demand for the "X" voting system or widespread dissatisfaction with the proportional system?
2. Why the sudden decision to drop the proportional system after it has been used in Alberta since 1926?

The amendments to the Game Act proved a real thorn in the government's side.

In the first place, Lands and Forests Minister Hon. Norman Willmore wasn't too happy about introducing it because some features of it were considered unenforceable but he was more or less forced into it by pressure from farm groups and the Social Credit caucus.

Then when it was introduced, Fish and Game Associations throughout the province launched a lightning campaign and persuaded the government to yield on a few points.

When the bill was finally presented in amended form it still left many members dissatisfied, and sparked lively debate which split through party lines. Some members on both sides of the house criticized the government for not providing protection for moose.

As the legislature stands hunters can shoot without the owner's consent on unoccupied land which is not posted. The original bill would have required a permission for hunting on any private land which is fenced or cultivated. Now, permission is not needed unless the owner lives on the land or adjacent to it.

Under the new bill, any land posted with "No Shooting" signs becomes a game sanctuary. Moose land is practically all non-cleared or timber lease cannot be posted and is open for hunting. This drew criticism from some southern members, who said beachcombers need protection in summer, too!

The session also saw introduction of new laws regarding automobile insurance. After Oct. 1, any motorist involved in an accident must show proof of financial responsibility or have his car impounded.

The new laws don't impose compulsory car insurance, but they should have the effect of encouraging more drivers to provide themselves with public liability and property damage coverage.

From an observer's standpoint it was interested to watch Social Credit's reaction to the larger opposition, which grew from 16 to 26 members in the June election.

The government and its supporters paid more attention to criticism and suggestions from the opposition side and made a few more concessions than they have in recent years.

Premier Manning's government weathered only one non-confidence motion, which was moved by Liberal Harold E. Tanner, Edmonton high school teacher. It involved a motion of non-confidence during debate on the reply to the Speech from the Throne.

In it, he censured the government for its policies on education, highways, municipal affairs and agriculture but was allowed to do so. The government call for supporters' behalf the motion easily.

Another important piece of legislation will permit local plebiscites on the question of whether Two-thirds of the voters must consent before a local council can prohibit or restrict the drinking water supplies.

GOODRIDGE NEWS

Easter visitors at their home's at Goodridge were Donald Griffeth from Prince George B.C., and Betty Kaplin of Edmonton.

Miss Marjorie Phipps of Edmonton was also a weekend visitor at the home of Mr. and Mrs. Walter Moffat.

Robert Novak had the misfortune on April 1st, of getting torn up by a neighbor's dog which he was trying to chase home. He was rushed to Glenton Hospital and had 16 stitches put in his leg but was able to return home on Saturday.

Mr John Senghaas was also taken to hospital last Thursday with pneumonia, we wish him a speedy recovery.

Mr and Mrs. P. Gamblin were recent visitors from Bush Creek to Goodridge, for only a short time. We hope next time they will be a little longer

Beautiful - coloured flowering plants grow in profusion on the tundra of northern Canada.

Gardens and small farms in Mackenzie River area of the Northwest Territories borrow under the long hours of summer light.

Northern Canada is potentially one of the greatest mining areas of the world Miners in Yellowknife work some of the richest gold ore in Canada, and the NWT may become one of the richest oil fields in the world

NICKEL CAPITAL CONSIDERS MERGER

Courtesy Press Committee
Sudbury Chamber of Commerce

Growing pains for Sudbury, Ont., have led to the proposed amalgamation of the seven with its immediate neighbors to make it Ontario's sixth largest city. Prime amalgamation plans call for the annexation of the Townships of Copper Cliff, Frood, and the Local Improvement Districts of Garson and Falconbridge. Included in its borders some of the richest nickel mines in the world and the wealthiest suburb in Canada—Lively, Ontario. The town itself is bulging at the seams with what ... is believed to be the highest birth rate in the world as shown by the ... held by Anita Eskenazi and Glenna Sanders. The new city would have a population of 60,000.

GROW IT
-THE YEAR IT PAYS-
Horts Barley licensed for production in Canada.
Horts barley and a sister variety is today in Northern Europe and in Scandinavia the most widely grown barley variety. It is also making headway in Great Britain Overseas it is used for malting, pearling and feed.
In Canada the experimental farms and the universities have in co-operative trials during the past seven years tested a number of promising new barley sorts by side with the Canadian barleys Based on these tests, Horts barley was a few days ago licensed for production in Canada.
Horts barley is exceptionally good for combining. It drops its beards before it is ripe It does not shell and its head curls into the handle on a walking stick This helps to hold a swath together It generally weighs 52 pounds to the bushel.
Fagelvik Farms happens to be the only grower in Alberta and here offers for sale, Tab Innisfail, Alberta, at the following prices for two-bushel sacks:
Horts barley seed No. 1, germination 91% — $8.00
Horts barley seed No. 2, germination 90% — $7.50
Horts barley seed No. 3, germination 79% — $6.00
All seed is cleaned to a purity standard for certified No. 1. Furnace with each. Limited supply. First come, first served.

The Big Stall At Vegreville

(By Hal Pawson, Edm. Journal)

Last week was definitely the week of the Big Stall, and it all wasn't confined to basketball. It comes to light that bashing had its own stall, in the finals of the Eastern Alberta League at Vegreville.

Bashing Bashes, who used to call the clubs for the Vanity Bowling Alley, were in the finals and rose to champs from the Thursday night league. Their opponents from the Vegreville Bangers tied one of a five game, but not end of the league title.

It's a complicated business, but the Vegreville version is that scurry about the national as disappearing rendered in the League-maker and Vegreville management agreeing that the BASIL league should be reduced to a best-of-three point although a best-of-five never had happened.

They were late going into the league finals as both clubs were involved on other playoffs. So off the Bangers went to Lloydminster and plugged up the Jets' ice intake, 8-5.

Well, Bird Rangers held 200 or so friends for the second game in two days, but they got word Lloyd wouldn't appear unless it was a best of five series. The word went back to Lloyd that if Jets had better appear at the rink or was paid out and things could be bothered over.

So the Jets showed up and the teams dressed, but Lloydminster refused to start the game unless it was a best of five series and all arguments failed to move them. There was no game, and the Bangers had to refund their ticket money. It is supposed to have cost Vegreville more than $600.

More will be heard about this one within the week.

ED NOTE Hope the "more" will include both sides of the story.

St. Paul School Division Election Contested Against R. D. Sloane By Sheppert On Voter Eligibility

Official Count Tied Contestants With 171; Second Consecutive Disagreement Arises

The February 10th election for trustee in Division I of the St. Paul School District No. 45 is being contested on eligibility of several votes cast, it is alleged to be being outside the area designated for that Division

Sloane Chosen M.D. Reeve For Second Year

Armand Lamothe Deputy-Reeve

At the first meeting of the Municipal District of St. Paul No. 26, after dissolution for annual election, Mr. R. D. (Dusty) Sloane was named Reeve for the second year Councillor was also re-appointed to the Armand Lamothe who retained the office of Deputy-Reeve

The council sitting in the M.D. at present includes: Reeve Sloane, Councillors Ernest Bilodeau, Lorenzo of Lindbergh; Mrs. L. Carl Lavoway, Ardmore; Mrs. L. Rene Lavoway, Lodond; Leo Ellis, Div. 4, Armand Lamothe, St. Paul; Div. 5, D. Dusty Sloane (Reeve) Bonnyville; Div. 1, Lester Simon, Bonnyville; Div. 7, Art Poirier, Ashmont.

The meeting was mostly devoted to reviewing the past year's activities and appoint various committees to administer the governing and work committees of the Municipality.

Preliminary work was done on the budget for the coming year, to be tabled in the near future

SERVICE BOARD

Appointments were made to the Service Board of Mr. Henry Letourneau, chairman and L. Simon from Bonnyville, Letourneau, Mr. W H Sutton and Mr. C. D Peirce, along with Mr. Marcel Chevrier, District Agriculturist who administers serves on instructions from the Provincial Government.

As field supervisor for the MD, Mr. Stan Powers, serves the board in an advisory capacity

The Service Board devotes its time and energy to the improvement of farm conditions. Among its duties are the supervision of weed control, pest control, TB cattle inspections and bangs disease control.

On the first ballot count each of the said two declared were by Mr. Sheppert of Cork on a two vote majority over his closest opponent, Mr. R. D. Sloane of Bonnyville, who had polled 170 against 172.

John Conner of St. Brides and R. B Pattons of Ashmont were the other two unsuccessful candidates.

The official count rejected a Sheppert vote and a ed one for Sloane, tying the same On the issue that Sloane had his application for nomination filed first, he was declared elected in accordance to the School Act by Returning Officer L. P Mercier

The election is being contested by a ratepayer on behalf of Mr. Sheppert. Hearing has been set for the May office of the District court which will probably be held on the first of the month.

Last year a similar situation developed when Charles Williams of St Lina contested the election and Wilfred Derbasan, Mallaig The Judge declared the election void and a second one was held with Derbasan winning on a small majority

Ladies Organize Toastmistress Club For St. Paul

St Paul Ladies, following the example set by the men, have gone in for the art of professional public speaking by organizing a Toastmistress Club of their own At the inauguration meeting held Tuesday, Mrs. W. D. (Bill) Godwin was elected first president of the new unit.

Position of Vice-President went to Mrs. Rose Bourque, Secretary-Treasurer, Mrs. Alice Bilodeau, Sergeant-at-Arms, Mrs. Blanche Bourque and Mrs. Ken Fleming, Membership, Mrs. Emma Dion, Publicity, Mrs. Lorraine Thorne, Mrs. Lena Bilodeau, Mrs. Martha Bellerose.

Dr. J. Mikulasik, past president of the Toastmasters' Club was present to assist the girls with their organization and give organization suggestions. Twenty people by members were in attendance.

Meetings will be held regularly every second Thursday, the first scheduled for April 29, 8:30 p.m., at the Lavoie Cafe Restaurant.

The Toastmistress Club was to operated on much the same lines as the Toastmasters, having in mind however, no public speaking contests, but to be a training ground for members for conducting business and to give confidence as a result.

COMING EVENTS

Post No. 31 Under Canadian Legion will hold a meeting Wednesday, April 28th, 8:00 p.m. in the Sacred Heart Rooms of the Donald Hotel. All members of Guides & Brownies of the 1st. St. Paul Company and Pack are invited to attend.

The Local Red Cross Society are having a general meeting Monday, April 19th, 8:00 p.m., at the Town Hall. There will be a report heard from the St. Paul delegates at the Banff convention of last month. Everyone interested is urged.

Jaycettes, Ladies' Auxiliary to the Junior Chamber of Commerce, elected Mrs. Lionel Therien to new second term as president of the organization, at the annual meeting held in the Donald Cafe Coffee Shop on Tuesday evening.

Position of first Vice-President was turned over to Mrs. Ted Gouvreau, Second Vice-President, Miss Wendy Bernard.

Other members of the governing executive are Mrs. Felix O'Neil, Mrs. Ted Gouvreau, Mrs. Albert Tremblay, Mrs. George Joly, Mrs. Bob Colbourne.

In charge of entertainment Mrs. Ted Gouvreau and Mrs. Lionel Therien; membership Mrs. Felix O'Neil and Mrs. Nick Gerry.

Mrs. Therien of the Jaycettes is to supervise the work of the Jaycees, support their projects working in co-operation with the boys, or undertaking activities on their own, with a view to promoting the welfare of the community.

The Jaycettes, as past years have done various work for the Red Cross, Cancer, operated th.; booths at sports days and handled the canvassing at the event.

One of their main projects is supervision of the Teen Library which is under their jurisdiction.

The financial statement handed down by past Secretary-Treasurer, Mrs. Gerry Skinn, detailed the handing of gross receipts amounting to $1,662.46 against an expenditure of $1,335.13 for a net profit of $327.33. Most of the revenues earned by the Jaycettes are turned over to the Junior Chamber of Commerce and used entirely for the community.

Veteran's Land Act Help To Construct Homes

Instruction School Called For April 17

Come spring people think about building homes and a number of veterans in this area have already submitted their application for a loan under Part II of the Veteran's Land Act.

Buildings will be held regularly every second Thursday, the first scheduled for April 29, 8:30 p.m., at the Lavoie Cafe Restaurant.

The Toastmistress Club was to operated on much for much the same lines as the Toastmasters, having in mind however, no public speaking contests, but to be a training ground for members for conducting business and to give confidence as a result.

PRINCIPALS OF EASTER WEDDING

Principals of a beautiful Easter wedding, shown here are Mrs. John Gauvreau, The bride is the former Jeannette Lindsten, daughter of Mr. and Mrs. Lindsten of Lindbergh and groom, John, son of Mr. and Mrs. Charles P. Gauvreau all of St. Paul. They spent their honeymoon in Montreal.

Easter Monday Wedding Unites Popular Couple At R.C. Cathedral

St. Paul's Roman Catholic Cathedral, appropriately adorned with colorful Easter lilies and other decorations was the scene of a popular wedding on April 5, when Miss Jeanette Lindsten, daughter of Mr and Mrs. George Lindsten, exchanged nuptial vows in a double ring ceremony with John Gauvreau, son of Mr and Mrs. C P. Gauvreau all of St. Paul.

Reverend Father George Tardiff was the officiating clergyman.

Escorted to the altar by her father, the bride chose a wide length gown in swiss embroidered nylon tulle, pointed waistline, flattering boat neckline, trim fluted tulle, also introduced in skirt seams, long sleeves, lily points and lattice undershirt. She wore a beautiful string of pearls — gift of the groom and a corsage of orchids.

Bridesmaids for the occasion were Miss M Halsall and Lorette Gauvreau, dressed in pink nylon chiffon, scrolled bodice, cap sleeves, full skirts over crinoline and taffeta underskirt. They carried nosegays of pink and white carnations.

The bride's mother joined the wedding party in a floor length with beige accessories and the bridegroom's mother wore a blue dress with matching accessories.

Best man, "supporting" the groom were Terry Lindsten and Art Chevrier. Ushers at the Church Charlie Gauvreau and Fred Petry.

While Reverend Sister Saints Cecile accompanied at the organ, Miss Bobs Richard and Dianne Lussenden, sister of the bride, sang appropriate songs

After the wedding ceremonies, a reception was held at the Knights of Columbus hall where over 100 guests were on hand to congratulate the bridegroom. Mrs. A. J. Sheehy and Mrs. Alice Rowland were hos! Rev. Fr. Tardiff, proposed a toast to the couple bef-ore they left for their honeymoon to Montana

For travelling the bride chose a beige suit and coat to match, along with a corsage of mauve orchids

On their return the couple will take up residence in St. Paul where the groom is employed by B Paul Utilities

Improvements To Legion Hall

Install Water and Sewer, Rest Rooms

Dance Hall Floor Cut Down By 12 Feet; Generous and Foundry Awarded Contract

Members of the St. Paul Branch of the Canadian Legion in meeting Saturday evening approved plans for renovation of club rooms and hall, including the installation of water mains and sewers The sum of $6873 00 was voted for contracts awarded to Emerson Building Supplies and the St Paul Foundry

The building contract for interior renovations to the basement was let Emerson in the Foundry, bidding $5980.00, while $893.00 last water connections.

The much needed improvements which have been debated and discussed for quite some time in Legion committees, are planned to take in almost the entire present and future and to those the increased requirements of public demand on the hall which has become one of the most used recreational and social centres in town.

Extra space for $93 installation of rest rooms for both ladies and men, was acquired by cutting down the floor of the dancing hall 12 feet at the north end in this area on the east end, were built two washrooms, one for ladies with blue, space for powder room, the center has been reserved for the kitchen and adequate provisions for taps and basin, a corridor will separate the section with the western portion where the present rest rooms and other facilities will be installed.

The present cloak rooms and utility rooms at the ground floor level, between the secretary's office and provide reserve space if extra room for the large part of the club rooms should be required.

Convenient access to both rest rooms from the dance hall will be through doors on the east and west side, while from the inside of the club rooms access will be open only to the men.

Extra provisions have been made for a rest room in the Ladies' Club rooms upstairs, where water and sewer will be piped to to the kitchen sinks

MOTHER'S DAY

MS ALLOWANCE FOR MOTHERS, CHILDREN UNDER SCAF LAW

Mrs Veina Endevelt, wife of Mr. Endevelt, has received an allowance for herself and her children under the new Land Lease Act, according to an act have been transferred to the Home Service Agency Headquarters at Calgary Before her marriage Mrs Lorette was farewelled by the St Paul Agency and friends.

Mrs. Chisholm, accompanied by the Bank of Commerce has left on a private holiday to Hawaii, Mexico and other southern points of interest. They will take off for Yellowknife where he will open an accountancy office for the Lands and Forests Department.

Jimmy Watt, former resident who left St Paul in 1941 returned for a few days visit accompanied by his wife They visited here mother, Mrs Dave Jones. Jimmy is employed with Traders' Finance at Edmonton

A few changes have been announced on the staff of the Royal Bank Lorette, Lorette, where to take up bank agency for Grant West Distributors scheduled to open in St Paul soon. Dave Carrier from Richard's Painting and Decorating will take his place.

Mr Horace Campeau leaves the Co-op to go in administrative position with the Foundry.

LOCAL NEWS

Nearly 9,000 Attend Hockey Games This Year

$43257 Gate Receipts Collected For Season

Figures on attendance at Hockey games in St. Paul, released by Bill Jamieson, manager for the Junior Chamber of Commerce last year, show an attendance of 8781 customers.

Breakdown it shows that 5702 adults, 1642 students, 1337 children and 111 season tickets passed through the turnstiles of the arena. No figures are available for last year for comparison, but the 1966 season is expected to be one of the highest. It was the second in an organized league.

The St Paul Hockey club, allotted 60 percent of the gate, received $25,811.21, up to St. Paul, 25% equal to $1,080.61. Junior Chamber of Commerce, 15% of the total receipts or $4326.42 The Town's share was passed over to the Hockey Club to help meet the high expense of operating the town in the league. Complete financial statement from the club has not been finalized yet but tentative estimates show that it took about $5,000 for the league.

Average attendance at games, including exhibition games, is 2 programs and 3 semi-finals was 600.

Firemen's Ball Set For Wed., May 2nd

The annual Firemen's Ball has been scheduled for Wednesday, May 2nd All firemen are asked to please take note and remember the date. Details of the celebration will be published in the near future.

RED CROSS OVER TOP

It is significant to note that this year the observers of the St. Paul Branch of the Red Cross was met and exceeded by a small margin.

In comparison with past years this can be considered an outstanding achievement. It is the first time in at least seven years of record the aim can be made.

Every year at Red Cross time — the month of March — a meeting was held to organize a half-hearted campaign which did not bring results. Volunteers were many and less conscripted into a chore without attractions, made a feeble attempt at collecting a few cents and let it go at that.

There was no glory for St. Paul on the provincial record, especially as the town considered that we received ten times more in blood plasma and welfare assistance than one subscription or another—help to families affected by fire, etc.—than we had contributed.

The medical professions, vitally interested in Red Cross donations, on behalf of their patients, took more interest and applied themselves to actual promotion on a greater scale than in the past three years. no doubt that the attitude borrowed attention on the existing need and intensified the campaign. It is only through our doctors that the public can be made to realize the importance of the work the Red Cross does for humanity. We hope in the years that they will continue to take a leading part in the promotion.

Credit is due extended to the president, Mrs. Hector Bronsseu, Secretary Mrs. John Bright and other members of the Executive. Vice President Dr Wm. Turbitis of the St. Paul Clinic, as public relations director, had the irony of the Red Cross on a local basis, and his efforts in other directions were well appreciated by the organizations.

Red Cross work should not be confined to the month of March and the annual campaign only it should continue on an organized basis throughout the year and possess Junior Red Cross Work, swimming instructions and water safety is essential in this district where hundreds of lakes draw young and old for relaxation in the summer and hazards that could mean life with it.

Committees for each of these branches on Red Cross work with a view all traffic, but a quick show of it in two or three weeks without interruption from snow drifts, mud and rain, might bring the situation back to near normal. It's a lot to expect, but unless it happens, we're going to deplore the weather much longer this spring

SYMPATHY FOR FARMERS

At this time of the year we always long for sunny weather and the flow of plows where it is not necessary to wallow in a purgatory of mud from one to two months every year Province this season took all the worse and our contingent more prolonged unless mother nature does a real fast job of melting the tote and mountains of snow she has deposited on us without mercy the past winter.

The "we" above is meant to include the people of the north—the real quite miserable about there muddy streets and properties, who have to solve their own internal drainage problems with pick and shovel. Last Sunday, other municipalities enjoyed or spring fever, every other neighbour was out trembling little crusade to prevent flooding of his home.

But who are we to complain in town? We can get to the store and make our daily purchases of groceries without too much trouble, can stay at our every place, send our children to school with little inconvenience Our heart cries for the farmers of our rural areas who have spent their winter shovelling themselves out and sometimes in when enough to endure blizzards after they smoshed off to town.

Behind his rosies, heavily curtailed during the winter months, the farmer is confined to main highways from points where only those children close by can get to. Many parents have solved the problem at extra expense by boarding their children in town homes, while others slug it out privately to bring their children in on the early morning frost and return late at night.

You never know how bad it really is until you take a look at it. The accumulations some of the complaints heard in this office are attempts of sympathy for those snowbound and decided, for a change, it is as bad, and worse than described.

Roads widened and cleared, passable, hardened by huge walls of snow, are now depressing into narrow lanes of mud, and where the dressings flows and runs are getting deeper with a thick coating of the frost comes out from the ground. Where ditches once roads had been carved through the fields the snow accumulated, and the fall has made them impassable.

Trees, wooden with a snow all traffic, but a quick show of it in two or three weeks without interruption from snow drifts, mud and rain, might bring the situation back to near normal. It's a lot to expect, but unless it happens, we're going to deplore the weather much longer this spring

A WORD OF THANKS

As acknowledgement is an order to the town patrol and employees for taking up of our word I apparently they read it. Jumped off some of the ice on the south side of the street. We'll be able to take our rubbers off by June, we hope.

ADVISE TO BABYSITTERS

Baby sitting has grown into big business for teen-agers ambitious enough to go after the extra dollars then are available

They are vested with a great responsibility when on duty ar responsible for the safety of the children assigned to their care and the property of the owners for whom they work. To aid in this responsibility, we offer the following suggestions:

1. Be sure you are familiar with the rules in which you are working.

2. Be sure you know the quickest route to evacuate the children from the house in case of emergency.

3. Ask your employer how to control the heating appliances in case this should be necessary.

4. If a fire should occur, wrap the children in blankets—if not take them as they are—then remove them from the house.

5. Call the fire department—the Fire Chief requests that you call the Fire Department as soon as possible by Telephoning from a neighbour's house—do not delay.

6. Always be sure to ask your employers where they may be reached in case of an emergency and contact them if necessary.

7. Stay with your employer's children might happen in your absence—the only time you should leave them is if an emergency arose and it was necessary for you to call the Fire Department. In that case, the children would be left in the house.

IN CASE OF FIRE TELEPHONE FIRE DEPARTMENT No. 225.

LLOYDMINSTER EXPLAIN REASON FOR DEFAULT OF EAML FINAL

Considerable interest in this district has been focused on the Lloydminster Alberta Rangers League playoffs. Many have been wondering why the Lloyd Chamberlain entered the final if that reason will be interested in the following letter which explanation given by the Lloyd Hunter Newspaper. It is their side of the story.

Editor,
St. Paul Journal

Dear Sir:

On behalf of the Lloydminster Chevies Hockey Club we would like to take this opportunity to explain that reason for the unfortunate incidents at Vegreville on Wed. March 28, causing the "withdrawal" by the Lloyd hockey club.

At the annual meeting of the Eastern Alberta Hockey League, held last fall in Vermilion, it was decided the vote was taken to accept or reject the Lloydminster application into the League, Lloyd's representatives were given the following reasons against their acceptance:

1 Lloydminster never had taken their playoff obligations in E.A.H.L. seriously, and have left the league at playoff time to enter the A.A.H.A. Intermediate playoffs instead. If allowed back in the league, Lloyd would have to meet their playoff obligations one hundred per cent. This was agreed to by Lloyd's representatives.

2 Certain members of the Executive of the Lloyd club had not met with the approval of the E.A.H.L. officials and hence, and that if Lloyd was to be admitted, these gentlemen would not be allowed to be connected with the club. This was also agreed to.

At the voting Lloyd's representatives were asked to leave the room, and their application for re-admission was refused Two reasons, both on the same issue side, were given for the refusal.

1. Lloyd was too far for certain home to travel to.

2. A present five team league set up with only one team dropping out of the playoffs, was a better system financially than a six team league with two teams dropping out.

On the representatives return to Lloyd, a letter of protest was written to Dr. Bradley of Wainwright, president of the E.A.H.L. stating that we could not accept the fact that the five team reason for non-acceptance, and would our case be considered. Dr. Bradley brought this to a telephone or telegram vote, we are not sure which, but Lloyd's entry was accepted, on one condition. That $100.00 be paid to the Vegreville Ranger hockey club, owing to them from some past playoff game of some past season, we are not sure why We agreed to do this and we were glad when all held broke loose.

Wainwright and Vegreville were contracted to play games, which are supposed to be 3 20 minute periods, but at Vegreville a fine of $25 for any club appearing later than 15 minutes after starting time was imposed, and those appearing late in Lloyd were over fined, by the Lloydminster Newsboys to say, it can be appreciated the effect of this had on the attendance at any of the games played over there. Why was the furthest distance to travel, were in Lloydminster? Lloyd's were the evening of a game with other clubs couldn't be here before nine or later"

When the regular schedule between Vegreville and Viking ended up in a tie for fourth place, Viking was awarded the decision of the best goals for and goals average, it was decided to have a two game total goal series to decide the fourth berth finishing first were to play the winner Between the weather eleventh, Edmonton referees refusing to travel during the cold, and possibly other factors, it took said two clubs approximately two days to play these games. This for some unknown reason, the league or possibly the clubs themselves, did not see fit to start the other semi-final between Vegreville and St. Paul, who ended in a tie for second place, but was awarded to Vegreville due to a better goal average, until the four games played was over.

Once Wainwright defeated Viking, it is common knowledge of the poor drawing card they were, and the poor gate that was realized in their series with Lloyd.

However, both Vegreville and St Paul entered into the playoffs for "B" playoffs and for this reason it took them 21 days to complete a best of five series, while Lloydminster, who were supposed not to let anything else interfere with league commitments, were left to wait.

Finally, Vegreville defeated St. Paul in the semi-final, but also were having great success in their bout for "B" laurels, and decided that the series must be stopped. Finally, they apparently were successful with nothing to do on Saturday, March 17. Apparently Vegreville were to have played Lloydminster for the semi final on March 14 and 15 or thereabouts, therefore Lloyd had to sit around all week until Saturday to play the first game of the finals on Friday, March 16. At approximately 2:00 p.m., a phone call was received from Ted Chipperfield, manager of the Vegreville club, to say that the Lethbridge series was not to be played until the end of the week-

What's on the Air

THE MAGAZINE TAX

(Editorial from Financial Post)

As a member of the Maclean-Hunter publishing house The Financial Post admits that it has an interested party in the discussion of the tax on the special rate of non-Canadian periodicals as proposed in the recent budget.

We are interested in things Canadian and in the survival and welfare of every agency that enables Canadians freely to exchange ideas and information across our vast expanse of human But we are at the same time speak soberly and honestly about the Harris proposal We feel it has been widely misunderstood and misrepresented.

The proposed tax in no way affects the flow of American and other periodicals into Canada. There is no attack on freedom of the press no censorship, no embargo on fact, entertainment or opinion.

The tax would affect only those American periodicals which have established so-called "Canadian" editions or that were planning to follow Time and Reader's Digest in doing so.

The proposal is to put a 30 per cent tax on the advertising revenues earned in these publications.

The basic reasons for the Harris plan were these:

1 To help moderate the growth of American control of Canadian periodicals which would use this special device of a "Canadian" edition.

2. To do a little to balance up the competitive position as between Canadian magazines and those American publishers who publish "Canadian" editions of American magazines.

The chief reason why the new penalty position of the American publisher makes available to him his Canadian edition all the material that has appeared in the parent edition, minus only the ads and comment that would have paid for. This the subscribers edition can be produced at a small cost. The Canadian publication, however, had adding a number of pages of material with a Canadian flavor

Canadian magazines have the choice only of complete editorial duplication. They spend sums ranging to more than $400 000 a year in the case of a single magazine on salaries for editors and staff writers free lance artists, photographers and so on.

Their Costs Are Negligible

Their comparable items for editorial purchases may say the latest free material outlined the cost of publication of the Canadian edition will be negligible. Very largely, the Canadian edition is for a free ride on material that has been bought for the U S edition.

For example, the only editorial cost of Reader's Digest Canadian edition which the end some of the advertising is the cost of the extra pages necessary to carry the competitive material in the magazine. The total editorial cost for the two pages of Canadian material is the matchstalks of four or five letters, plus the extra Canada plus minor item for artists in other areas. Canada has to develop its own material before a week to work for Time

Lloydminster Explain Reason For Defaulting EAML Final At Veg.

(Continued from page 2)

and could Lloyd come to Vegreville that night. At that late hour it was impossible to know if all the players were available and besides we wanted the ben-

off of the first home game, since we had planned on first place.

On Saturday March 17, after all the advertising bills had been sent out, the radio station notified, and programs printed, due to the warm weather, the ice at the Arena was found to be very wet in spots, and unadvisable for play Vegreville was notified, but they were assured by those of not wanting to play.

The weather continued warm on Monday, Tuesday and Wednesday, but due to packing with sawdust Tuesday night, the ice seemed in pretty fair shape. Then Mr Umpherson was contacted with the intent of playing the first game in Lloyd, Thursday night. We were informed that Vegreville were to be going to Lethbridge for the finals on Thursday and Saturday. However, we had to get final confirmation of that later in the day and would phone back if they could not be going. Mr. Umpherson seemed somewhat dissatisfied at the fact that we did not play last Saturday night, and did not want to play on Wednesday, as he was not in playing conditions. We did not hear from Vegreville on Wednesday night, and assumed that they had gone to Lethbridge However, it was later learned that Vegreville went nowhere as Reader's Digest Calgary and Lethbridge instead came to Vegreville for Saturday and Sunday The ice was in perfect condition again, that Vegreville were stating and were more interested in their provincial playoffs and not the league.

Vegreville defeated Lethbridge on Saturday, March 24 and Sunday, March 24 in Vegreville. On March 25 the weather turned warm and again it was attempted to start the series. On Monday, March 26, in conversation with Mr Umpherson, he was asked if Vegreville could be in Lloyd on Tuesday night, Mr Umpherson declined, his reason being that there are got chopped up pretty bad during the Lethbridge series, and it would be better to let the series started in Lloyd on Wednesday night, and return to Vegreville Thursday, giving them one extra day in tip up the ice surface Mr Umpherson also wondered about the possibility of playing a return game in the Edmonton Gardens. We could not agree to this, as we felt this would be a financial flop, and we were interested in making a few dollars, through the benefits of at least two home games.

The league minutes stated that all semi-finals and final series are to be on a three out of five basis, due to the uncertainty of the weather, there was the possibility of the series not going that far, but the series was to start out on a three out of five basis. We went to work advertising the first game of the Lloydminster-Vegreville series to be played in Lloyd on Wednesday, with the second game in Vegreville on Thursday and the third for Lloyd on Saturday.

On Tuesday morning, Mr. Umpherson again phoned, stating that Vegreville would be able to play tonight and could we go ahead Again, because of the circumstances of the weather we agreed, the first game in Lloyd, on Tuesday, the second one in Vegreville on Wednesday, third Lloyd Thursday, and the fourth in Vegreville Saturday, with the fifth, if necessary to be decided. So again we went went to work changing dates, phoning radio stations, etc At noon Edmonton Oilers stations were announcing the series as a best of three, on checking with them they do not know, and Saskatoon and North Battleford stations were also under the impression that it was a best of three.

During the game on Tuesday night, Art Davids, president of the Chevies, checked with Mr Umpherson, and was definitely decided on a three of five series. This was repeatedly announced over the P.A. system and with the small attendance due to the fact that the roads were getting and the storm that was blowing, that also was responsible for the game starting 30 minutes late, the final score on Thursday was looked forward to as a very important final bout. Vegreville, as is known, won the first game.

On Wednesday morning a phone call was received from Mr Al Lack of Vermilion, who had been over the presidency of the league, due to the resignation of Dr Bradley, due to pressure of business. Mr Lack stated that we had decided, as president of the league, to make this a two out of three series, due to the weather conditions and possible postponements to say. Lloyd did not agree to this, as we felt that a decision at all there the series on Thursday was looked forward to as a very important final bout. Vegreville, as is known, won the first game.

On Wednesday morning a phone call was received from Mr Al Lack of Vermilion, who had been over the presidency of the league, due to the resignation of Dr Bradley, due to pressure of business. Mr Lack stated that we had decided, as president of the league, to make this a two out of three series, due to the weather conditions and possible postponements to say. Lloyd did not agree to this, as we felt that a decision at all there the series must be played on a set date and then all of a sudden Lloyd one game down in a short period of time, we are faced with a ruling like that. When Mr Lack was advised of this, he stated that, "The only solution is to take two straight." There was no other duly decision.

Mr Dauville then tried to contact Mr. Umphries, to tell him that we did not agree with a two out of three series, and would not come up on that basis Mr. Umphries was not available at the time, but we were assured by the manager of the Vegreville Rangers that it would be a three out of five series. On that basis Lloyd went to Vegreville.

On arrival, we contacted the manager of the club, and were again assured of the three out of five series. At that point Mr. Umphries came on the scene and out that the president of the league had made a ruling of two out of three series and Vegreville would abide by that decision's ruling. (I wonder what Mr. Umphries reaction would have been if the decision had been vice-versa.) It was finally decided to play the game that night, and again we were told it would be a three out of five series. When it was pointed out to Mr. Lack that it had been agreed to before the series started that it was to be a three out of five series, and that Mr. Lack, by the president of Vegreville, Mr. Umphries, and Mr. Davids, who is running this league, myself of Vegreville President My decision stands," he was told. We were wondering, too, who was running the league, and decided that we had been insulted enough. Secretary-Treasurer Jim Stewart called the players and fans together, and it was decided not to play.

In closing we wish to point out that we are not sore at any one solve for what we did, but are sorry for the fact that it had to happen. We are sorry, but definitely did feel that we had to stand up for our rights, as little as we may have had during the season.

Hoping that this will lead to explain the matter, whether you are for us or against us, I am

Yours Sincerely,
Al Wilson,
Secretary-Treasurer
Lloyd Chevie Hockey Club

Deadline For Purchase Of 1956 License Plates Postponed To May

A one month extension on 1955 motor vehicle licenses and automobile registration plates was announced yesterday by Norman E. Clark, registrar of the Motor Vehicle Branch.

The normal expiry date is March 31, but with the seasonal rush on licensing, and the long record preparations the date has been set back to April 30 The extension gives motorists more than one and one-quarter million square miles of Canada's vast territory an added protection against destruction by fire

Large Reduction Of Traffic Deaths In Early Months Of 1956

Alberta's traffic fatalities during the first two months to this year were nearly 50 percent less than during the similar period of 1955, according to a statistical summary compiled by the Alberta Safety Council.

The two-month total for the province was 18, made up of nine last month and the same number in January For the same period of last year the aggregate was 35 deaths

Total natural prosecutors in the Northwest Territories and the Yukon Territory in 1956 was more than 35 million dollars

Of the total of 1,675 for February, Edmonton led with 280, while there were 261 at rural points, according to RCMP reports. Calgary came up with a total of 202, while Medicine Hat had 42 Lethbridge 40, Jasper Place 14, and 37 were reported as other towns.

It's pure delight to take the wheel of a new De Soto and put its power to work. Lush's as swift and smooth and silent as a jet in flight.

Yes, here is performance unmatched in DeSoto's field, an engine capable of lightning response to any demand. Yet, with its advanced design, the 255-horsepower Firedrive V-8 is a modern marvel of economy, too.

But wait . . . even with all this superb power, a De Soto is as easy and effortless to handle.

You select your driving range with the flick of a finger on De Soto's push-button PowerFlite controls.

You stop at fender-light touch on De Soto's new centre-plane brakes . . . a revolutionary new design that not only affords superior braking, but also longer lining life with fewer adjustments.

Possess De Soto full-time power steering is available, too, to take hour of the effort out of turning.

And all this engineering system wheeze trouble-free operation ensures lasting satisfaction.

Former Owner Of Chestermere Land Shocked Government's Price

EDMONTON — Now that the session of the legislature has ended, the matter of pointed attention to Alberta has returned to the royal commission investigating charges leveled against the government during the election campaign last June.

The five - man commission, headed by lawyer James C. Macduffy, of Calgary, has proceeded to the new famous jail property transactions in the Calgary area, and unless something unforseen develops public hearings should end this month.

Evidence so far has differed very little from what was brought out last year during meetings of the legislature public accounts committee. The government bought 960 acres at Chestermere Lake east of Calgary for $137,275 shortly after Sam Diamond took an option to buy it $1,500.

Last week, the commission here evidence from Lazarus Sirois and, former attorney-general defended in the June election, Harry J Wilson, deputy attorney general, and Arthur Arnold, deputy minister of public works.

Briefly the evidence was that the government agreed to purchase the farmland for $146 an acre because it said all the requirements for the proposed new jail Mr Maynard and Mr Arnold said dealings were made through the Calgary law firm of Milvard and Wealliams and they did not know the identity of the owner Both denied they were acquainted with Sam Diamond.

The only statement which raised headlines was from J. R. O'Connor, former port owner of the Chestermere Lake farms, who said Diamond the option to buy it. He said he felt the price of $91,200 Diamond agreed to pay was a "stiff price," and under questioning admitted he was "shocked" to learn the government paid $96,875 more.

This week, the commission sits to begin investigating the purchase of 2,500 acres at Bay Hill, west of Calgary. For the record, the government abandoned the Chestermere land after residents of the area complained about the proposed new jail, and bought the Bay Hill land on an alternative site. The owner of Bay Hill, George E. Stephen, took the Chestermere land as part payment.

According to the evidence, the government purchased the Chestermere land at less than Diamond originally wanted for it. Mr Maynard and the original asking price was $160 an acre, but it was reduced to $146 through negotiations.

The former attorney-general told the commission that if Milvard and Wealliams and they did not know the identity of the owner Both denied they were acquainted with Sam Diamond.

Supervisor Highway Traffic Board, Edmonton

Stockholder That Permit Convention

EYESIGHT:

This week I wish to continue with eyesight and the topic is: Field of Vision.

As mentioned before, the eye is marvelous in its function. Without the eye, man is lost, but faithful it is to serve those that are blind. They miss the beauties of nature, and also the dangers of nature. Yet it is marvelous in one such people compensate for their loss. Of course they should limit their activities to such things as being a car, but, nevertheless, there are many people who have eyes in their heads but whose vision is such that they should not drive either.

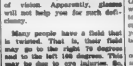
In the cities we have numerous intersection collisions; one car coming from an avenue rushes into one on the street. In most of these accidents, one of the drivers state that they never saw the other one coming. This statement is very often true.

If you wish to see in detail you look directly at the object, but at the same time you can see objects in less detail over a wider field. In other words, you can see out of the corner of your eye. Your best field of vision is for moving objects or colors. The center of vision is for detail or interactions. You are able to discern objects on your extreme right or left while watching the road ahead.

A good field of vision should reach to an angle of 90 degrees, that is, to your extreme right and extreme left. A field that is less than 140 degrees is inadequate and the only compensation is to look directly in these directions rather than depend on your field of vision. Apparently, glances will not help you for such deficiency.

Many people have a field that is twisted. That is, their field may go to the right 70 degrees but to the left 100 degrees. This may be due to eye injuries. So, 30 degrees of your left field are not aware of it, is it any wonder that they didn't see the other car coming at an intersection?

Your field of vision would be a new thing to know.



It is a good idea to keep in mind the importance of your eyesight and the necessity for corrections to maintain such sight development.

GOODRIDGE NEWS

Robert Hereth had the misfortune of getting bit by bear pig. We all wish him a speedy recovery.

What happened to the snow plow? It only came to Goodridge Store Due to this there are over half the Goodridge school children unable to get to school. 16 of these children live south of Goodridge and some of these would have to walk over 3 miles to get to the bus. With the poor crops the farmers got the last 5 years they haven't enough to board their children in town

Sid Black saw his first cross on the 3rd. of April. He always says that he can get on the land 30 days after the first cross crow. If this weather keeps up he'll be looking for the land

Ray St Arnault is home for a visit with his folks, Mr and Mrs. St Arnault

Mike Slavyk has gone to Edmonton on a business trip.

Andy and Johnny Yaworbis had-delivered at Mr and Mrs Estelle's home Fort Saskatchewan Peter Yaworbis motored up to Elk Lindbergh for them on Saturday.

Tom Holliday is home for a month visiting his mother, Mrs A. Holliday Tom worked in Edmonton for the winter with Alberta Government Telephones.

Where Gov Gen Viscount Massey stopped over at Reykjavik in Iceland to find that the people of the Icelandic North West he was surprised to find that they were still speaking the language that was the first Canadian he had met since both his grandparents left Iceland.

SKUNKS CATCH GOVERNOR-GENERAL

Large Attendance At Easter Sunday School Special Service

Sunday School 11:00 a.m., Choir Practice 12:00 noon, Evening Worship 7:30 p.m.

In the absence of Mr. Adam, the Evening Service will be conducted by Mrs. Wallwood Adam, and the usual warm welcome is extended to all members, adherents and friends.

The Easter Services were well attended and much spiritual benefit and uplift in heart was experienced by many present.

The Sunday scholars came in large numbers for they had not forgotten that their time was allotted to an hour earlier; indeed the "clock" under the capable leadership of Miss May Mah, were 100 per cent present, thus winning the attendance banner for that Sunday.

The Junior Choir, trained by Miss Jessie Miller sang "Low in the Grave He Lay Waiting For the Coming Day," and a film of the Crucifixion, Resurrection, and Ascension of Jesus was shown to the assembled Sunday School and teachers. Dr. F. C. Miller, who is the Superintendent, explained each phase as it passed. A fitting ending was the singing of the old favorite "The Old Rugged Cross" and as a lovely service for the young people, from the "cradle by" to the teen-ages, was concluded.

At 11 a.m. the Church was full to capacity almost, and benches and chairs were also filled after that, leaving quite a few who were, unfortunately, standing for the whole service.

The Choir sang two Anthems in praise under the able leadership of Mrs. L. Stewart, and he was also noticeable and commented upon hour well the congregation sang, for indeed, the occasion of Eastertide and its deeper personal meaning warranted such hearty praises and thanksgiving from us all.

Recent Births in Elk Point Hospital

Board Of Public Utility Notice Of Annexation For Town of St. Paul

TOWN OF ST PAUL
Monday, The FIRS Day of March, 1950

Before: The Board of Public Utility Commissioners for the Province of Alberta.

IN THE MATTER OF an application by the Town of St Paul for an order amending the Town certain territory

Upon the application of the Town of St Paul for an order amending certain the Town certain territory described as follows:

Road zone boundary commencing at a bearing on the application held at the Town of St Paul on the 1st day of March, 1950, on behalf of the Town of St Paul and counsel appointed and heard thereof

It is ordered that the Town boundary zone amended to include certain territory described as follows:

Firstly: All that portion of legal subdivision 2 of section 8, township 56, range 9, west of the fourth Meridian in the Province of Alberta, which lies south of the right of way of the Canadian National Railway, as shown on Railway Plan 3766 C.L. and

Secondly: All that portion of the west half of legal subdivision 7 of the said section 8, which lies south of Dominion Lands Survey Subdivision 8 of the said section 8 and which lies south of the said railway right of way, as shown on railway plans 3766 C.L. and 4946 K.O.

Thirdly: All those portions of the north-east quarter of section 4 and of the East half of the north-west quarter of section 4 of the said township and range, not covered by the orders of Upper Thirteen Lots, as shown on a plan of survey of the said township, dated the 10th day of December, 1907.

Fifthly: All those portions of legal subdivision 12, of the said section 4, said township and range, subdivided under plans 6751 H.F and 1873 H.W

Sixthly: All of the land described in

Commencing at the south-east corner of legal subdivision 16, of section 6 of the said township and range, thence easterly across the intervening road allowance and along the north boundary of legal subdivision 12 and 11 of section 5, said township and range to its intersection of the westerly limit of lot 10, block 7 of plan of subdivision registered in the Land Titles Office, Edmonton, as No. 7022 A.E., thence northerly along the westerly limit of the said lot 10 to the southerly limit of lane in said block 7, thence easterly in a straight line along the south boundary of lane in blocks 7 and 8 to the north-east corner of lot 1, block 8, of said plan 7832 A.E., thence south along the easterly limit of lot 1 to the south-east corner of said lot 1, thence westerly along the south boundary of lots 1 to 5 inclusive of said block 8 to the north-east corner of lot 1, block 9, of said plan 7832 A.E., thence south along the easterly limit of said lot 1 to the southerly limit of lane in said block 9, thence westerly along the southerly limit of lane in block 9 and 10 to the north-east corner of lot 1, block 10, of said plan 7832 A.E., thence south along the easterly limit of said lot 1 to the southerly limit of lane in block 10 produced across Second Avenue W., thence easterly along the southerly limit of lane in block 17 of the Industrial Addition across Second Avenue W to the north-east corner of lot 20 on said block 17, thence south along the easterly limit of said lot 20 to the south boundary of legal subdivision 10 in said section 5, thence easterly along the said south boundary of legal subdivision 10 in section 5, thence continuing across the intervening road allowance and along the south boundary of legal subdivision 12 of section 4, said township and range, to its intersection with the west limit of the road as shown on road plan 6179 K.T. thence southerly along the said west limit to its intersection with the south boundary of the north-west quarter of the said section 4, thence westerly along the said south boundary and across the intervening road allowance and along the south boundary of legal subdivision 16 of the said section 6, said township and range, to the point of commencement

Government Tax On Foreign Publications Helps Canadians

(Continued from page 5)

Should Reader's Digest or Time reserved with the statement that nearly all these "Canadian editions editorial material" that virtually nothing, let's look. If the bookselling matter another way. Lump together all these revenues from all these editions existing most of the countries of the western world and have a perfect of these and all other that these. The editorial space of the Canadian editions per year is a small handful of grams in a basket of wheat.

In brief, the gimmick of the so-called "Canadian edition" from the American publishers is very spotted kind of gold mine and purchaser quite. It gives him a drive for acquiring large Canadian advertising revenues for

Can Canada Survive?

Competitively, the pulp Canadian magazines in a position of great difficulty. They are in precisely the same position as a fine cabinet-maker, say, or other product who is up against competitors who get 10 per cent of their raw materials delivered free from the U.S. parent company.

For other lines of business, regulations against the dumping of goods on foreign markets have long existed and are recognized as a thoroughly normal and necessary part of international commercial relations. The so-called "Canadian edition" gimmick is the same — dumping at the parent firm. . . . Location of the different processes is the publishing industry, existing anti-dumping legislation is neither applicable nor appropriate.

At the present time about four-fifths of the magazines read in Canada are not Canadian and, to use the words of Mr Harris in his budget speech "the proportion has been creeping ominously upward." In 1941, when the "Canadian edition" business was in its infancy, 65 5 per cent of all periodicals bought in Canada were American. Today 85 per cent of the periodicals bought here are American.

Canada is the only country of size in the world a very little read under foreign periodicals than they do national periodicals and national consumers.

What is puzzling is that under such circumstances as these, many Canadians actually resent their own freedom. But the Canadian people have expressed a very normal and legitimate desire when it was shared by most Canadians that

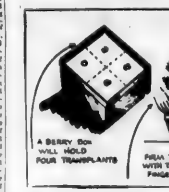
Garden - Graphs
by BRIAN HALLIDAY



When seedlings are growing rapidly and it is cold too early to plant them outdoors for fear of a late frost, do not hesitate to transplant them a second or even a third time indoors. These successive transplantings, will help the development of the young roots.

When the first transplanting was from one flat to another then the second should be into berry boxes or individual pots

Four seedling plants can be spaced in a berry box, as shown in the accompanying Garden Graph. This will give one plant to every square foot of ground. Later these plants may be thinned by the blocking system, without pulling the roots of the plant and between the plants a seed or 10 days before setting them outdoors.

The blocking system means that you leave the strongest plant to develop some fifteen inches apart, and pull out the rest. The plants should be watered thoroughly before the blocking procedure to prevent wilting.

When planting the seedlings into small pots do not neglect to place some drainage material in the bottom of each pot. If pots are used instead of berry boxes do not put the seedlings any closer after each plant is set. Then water well and keep them within the rim of the pot. Each seedling should be placed as shown in the Garden-Graph. The tip for fast transplanting is to dry and gently pull out the soil in a block and then set it in the hole, as has been formed already.

A MODERN FARM WORKSHOP

Most farmers are relatively good mechanics. Given the proper tools they are capable of keeping their machinery and other farm equipment ready for work at all times. Today, the only way of sustaining net farm income is by reducing production costs. And that is where the well-equipped farm workshop can play an important part.

Probably the most important of any workshop is a good selection of screwdrivers. Open-end box-end wrenches are handy for various jobs, but a good set of socket wrenches is an important necessity. The power tool market offers a wide variety of wrenches, drills, and other important hand tools to suit every purse.

Cutting now to the power tools and sanders. The introduction of electrical power has made it possible to equip a farm workshop with tools that make machinery repair easier and cheaper than ever before. Now a farmer is not for supposing not only the conventional power equipment machines, but in making new improved attachments. With a portable electric welder and other power-driven tools available, it is possible to do most of the maintenance and repair jobs right on the farm. Such jobs as sharpening mowing machine sections, repairing broken implements and pumps.

Farmers generally need to know more customers of the value and use of electricity, but when it can do it makes a difference in the way it will help the worksh... as well equipped farm workshop is a ... time, labor and money.

OU VA L'ARGENT?

Il faut que notre peuple comprenne la nécessité de s'organiser par la vente coopérative. C'est ce que la Caisse populaire pour commencer aux épargne dans tous les travailleurs.

Il faut que la Caisse garde cette épargne dans la paroisse pour faire fructifier, pour activer et rendre productif le travail local.

L'argent est produit dans notre paroisse! Qu'il y demeure, et qu'il y travaille!

Une paroisse n'est pas riche seulement de l'argent qu'elle produit, mais de celui qu'elle garde et emploie sur place.

Travaillons pour sa prospérité.

Health Through Chiropractic
By Dr. K. W. TENOVE

Co-operating with nature

Man has been studying the human body for thousands of years. He has taken it apart pc es by piece, weighed it, measured it, recorded changes in it during sickness and various treatments. It needs almost it

Despite all this effort of all the information so far accumulated were not into the mind of man, and he was very prov... ded with the finest laboratory equipment, he could not manufacture one single tissue cell.

Yet Nature, in 20½ days, manufactures 60 billion tissue cells, groups them into organs, glands, nerves, viscera, eyes, bones, etc., and at the right time, dispatches a new baby into the world with all its parts functioning properly.

Nature also provides all the energy necessary for maintaining health. It is the nervous system. Extending from the brain to the nervous system supplies life-giving energy to all tissues, organs and tissue cell in the body.

Chiropractic goes hand in hand with Nature. It removes itself exclusively with the operation of the nervous system. So long as all the nerves are free of all interference the entire body must be healthy. Sickness starts when the flow of nerve impulses to some part of the body is restricted, or cut off entirely. Chiropractic seeks out the cause of this interference with the flow of nerve impulses, corrects it, and lets Nature restore health to the affected area.

Nature, which built the body in the first place, knows best how to do it. All Chiropractic's task is to make sure that Nature's own healing agent, the nervous system, is free to do its work properly. That is why Chiropractic is equally effective in any type of illness. It co-operates with Nature

Board Of Public Utility Notice Of Association For Town of St. Paul

TOWN OF ST PAUL
Monday, The Fifth Day of March, 1966

Before: The Board of Public Utility Commissioners for the Province of Alberta.

IN THE MATTER OF The Town and Village Act;

AND IN THE MATTER OF an application by the Town of St. Paul for an order amending the Town certain territory

Upon the application of the Town of St Paul for an order including within the town certain territory adjacent thereto,

And upon hearing representations made at a hearing on the application held at the Town of St Paul on the 1st day of March, 1966, on behalf of the Town of St Paul and various interested land owners

It is ordered that the following described land, namely

Firstly: All that portion of legal subdivision 3 of section 2, township 56, range 9, west of the fourth meridian, in the Province of Alberta, which lies north of the right of way of the Canadian National Railway, as shown on Railway Plan 256 C.L.;

Secondly: All that portion of the west half of legal subdivision 3 of the said section 2, which lies south of Casaraman Lake as shown on a plan of survey of the said township signed at Ottawa on the 25th day of October, 1918

Thirdly: All those portions of legal subdivisions 9 and the east half of legal subdivision 2 of the said section 2, which lie north of the right of way of the Canadian National Railway, as shown on railway plans 3766 C.L. and 4048 E.O.;

Fourthly: All those portions of the north-east quarter of section 4 and of the east half of the north-west quarter of section 4 in the said township and range, not covered by the waters of Upper Therese Lake, as shown on a plan of survey of the said township signed at Ottawa on the 10th day of December, 1907;

Fifthly: all those portions of legal subdivision 16, of the said section 6, said township and range, subdivided under plans 4751 H.Y and 1073 H.W

SAVING AND EXCEPTING ALL AND SINGULAR that certain parcel of land described as follows:

Commencing at the south-east corner of legal subdivision 16, of section 6 of the said township and range, thence easterly across the intervening road allowance and along the north boundary of legal subdivisions 12 and 11 of section 5, said township and range to its intersection at the westerly limit of lot 10, block 7 of plan of subdivision registered in the Land Titles Office, Edmonton, as No. 7622 A.E., thence northerly along the westerly limit of the said lot 10 to the southerly limit of lane in said block 7, thence easterly in a straight line along the south boundary of lane in blocks 7 and 8 to the south-east corner of lot 1, block 8, of said plan 7622 A.E., thence northerly along the easterly limit of lot 1 to the south-west corner of lot 1, block 5, of said plan 7622 A.E., thence easterly along the southerly limit of lots 1 to 5 inclusive in said block 5 to the south-east corner of lot 5 in said block, thence northerly along the easterly limit of said lot 5 to the southerly limit of lane in block 17 produced across Second Avenue West to the north-east corner of lot 20 in said block 17, thence south along the easterly limit of said lot 20 to the south boundary of legal subdivision 16 in said section 5, thence easterly along the said south boundary of legal subdivision 16, section 5 limited across the intervening road allowance and along the south boundary of legal subdivision 16, section 4 limited to its intersection with the south boundary of the north-east quarter of the said section 4; thence westerly along the said south boundary and across the intervening road allowance and along the south boundary of the north half of section 5 in the said township and range, and across the intervening road allowance to the south-east corner of legal subdivision 9 of section 5 in the said township and ,

thence northerly along the east boundary of said legal subdivision 9 to the point of commencement

be and the same is hereby authorized to said including in the Town of St. Paul.

This order shall be deemed to take effect as and from the 10th day of December, 1953

Government Tax On Foreign Publications Helps Canadians

(Continued from page 5)

Should Reader's Digest or Time quarrel with the statement that nearly all these "Canadian" editorial material costs them virtually nothing, let's look at the bookkeeping matter another way. Lump together all these revenues from all their editions covering most of the people in the western world . . . and lump together all their editorial costs for them. The editorial costs of the Canadian edition are just like a small handful of grains in a bushel of wheat.

In brief, the gimmick of the so-called "Canadian edition" gives the American publisher a very special kind of gold and platinum mine. It gives him a device for acquiring large Canadian advertising revenues for minuscule editorial expense.

Can Canada Survive?

Compellingly, this gute Canadian management in a position of great editorial They are in precisely the same position as a Canadian manufacturer of some other product who is up against competitors who get 25 per cent of their raw materials absolutely free from the U.S. parent company.

For other lines of business, publishers against the dumping of goods on foreign markets have long existed and are recognized by international agreements as necessary part of international trade. [illegible] "Canadian" [illegible] to the same extent as in the parent firm. But because of the different processes in the publishing industry, a similar anti-dumping legislation is neither applicable nor appropriate.

At the present time about four-fifths of the magazines read in Canada are not Canadian and, to use the words of Mr. Harris in his budget speech "the proportion has been creeping ominously upward." In 1961, when the "Canadian edition" business was in its infancy, 68.5 per cent of all periodicals bought in Canada were American. Today 80 per cent of the periodicals bought here are American.

Canada is the only country of size in the world where you can read many foreign publications that do not periodicals published in their own country.

Canada's people don't [illegible] to [illegible] their own free choice. The Government has engineered a very normal and legitimate concern which is well shared by most Canadians that

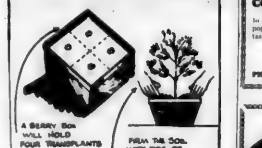
Garden - Graphs

by DEAN HALLIDAY



When seedlings are growing rapidly and it is still too early to plant them outdoors for fear of a late frost, do not hesitate to transplant them a second or even a third time indoors. These successive transplantings, will help the development of the young roots.

When the first transplanting was from one flat to another then the second should be into berry boxes or individual pots.

Poor seedling plants can be spaced in a berry box, as shown in the accompanying Garden-Graph. This will give each plant a three inch square for growth Later these plants can be replanted by the blocking system, which means replanting in rows and between the plants a cool or 10 days before setting them outdoors.

The blocking system means digging rows and compost and planting the seedlings in blocks instead of rows. Space them every six inches each way. The plants benefit from mutual shading following the blocking procedure to prevent wilting.

When planting the seedlings into small pots do not neglect to place some drainage material in the bottom of each pot. If pots are used instead of berry boxes or individual pots then each pot must be spaced apart after each plant is set. Then they will completely fill within the rim of the pot but not over the rim. In plant's stem is shown in the Garden-Graph. The last few transplantings is to try and pretty pull out the plant. If it starts to lift out, it has been firmed enough.

Encouragez Nos Commanditaires
NO KILOCYCLES 680 WATTS

By Ernie Glen Cormack
St. Paul

This is an ideal time to run through a safety check for your home. Every year countless accidents happen in the home and most of these could have been prevented had a few simple precautions been taken.

Stairways

1. Are stairs and halls free from tripping hazards?
2. Are small rugs kept away from head and feet of stairs?
3. Is stairway provided with a strong, securely fastened hand rail?

Kitchen

1. Are matches kept where children cannot get them?
2. Are knives and other like instruments kept out of reach of children?
3. Are grease, water, or tea or food wiped up immediately, if spilled?

Bathroom

1. Do you keep poisons clearly marked?
2. Do you keep all medicines out of reach of children?
3. Is the electric light switch out of reach from the bathtub?

Bedrooms

1. Is there a night light in the bedroom?
2. Is there a light located within reach from the bed?
3. Is there a bar across bunk beds to prevent falls?

If you find you can answer yes to all the above questions your home should be safe.

A MODERN FARM WORKSHOP

Most farmers are relatively good mechanics. Given the proper tools they are capable of keeping their machinery and other farm equipment ready for work at all times. Today, the only way of sustaining set farm income is by reducing production costs. And a farm with a well equipped farm workshop can play an important part.

Probably the first requirement of any workshop is a good selection of screwdrivers. Open-end and box-end wrenches are handy for certain work, but a good set of socket wrenches is an important necessity. The general market offers a wide variety of wrenches, drills, and other important hand tools to suit every purse.

Coming now to the power tools and welders. The introduction of electrical power has made it possible to equip a farm work-shop with tools that make machinery repair easier and cheaper. Electric welders (that will also cut steel), electric grinders, drill presses, etc. An electric welder opens a whole new approach to farm machinery repair. It enables a farmer to use his carpentry not only in remodelling or repairing farm machinery, but in making new implements and attachments. With a electric welder and other power-driven tools available, it is possible to do such jobs more quickly and repair jobs right on the farm. Such repair work can often be done at the expense of a new machine, or at least at the expense of a costly overhaul job in town. Another very important piece of equipment in a farm workshop is an air compressor. It has many uses: cleaning machinery, operating grease guns, inflating tires and tyres, etc.

Farmers generally need to become more conscious of the value and use of every [illegible] and in turn to reduce production costs. In no place is [illegible] more useful than in the workshop. [illegible] Your extra work hours, labour and money.

OU VA L'ARGENT?

Il faut que notre peuple comprenne la nécessité de s'organiser sur la grande échelle, dans tous les domaines et administre pour commencer nos épargnes chez tous les travailleurs.

Il faut que la Caisse garde notre épargne dans la province pour faire fructifier, pour activer et rendre productif le travail local.

L'argent est produit dans notre province! Qu'il y demeure, et qu'il y travaille!

Des personnes n'ont pas riches seulement de l'argent qu'elle produit, mais de celui qu'elle garde à employer sur place.

Travaillons tous en principe.

LA CAISSE POPULAIRE CATHOLIQUE DE ST. PAUL

INFANT IS CENTRE OF CUSTODY BATTLE

Susan is as unmarried mother, a 17-year-old unemployed girl from Vienna, Ontario. Frederick Horst Sternehl has been adopted by a couple in England who obtained the child after negotiations with the mother in Toronto. Now the mother Judy Sternehl wishes to have her son returned to her, claiming she signed papers which she was told "filled in" at the time she signed them and that she was under financial pressure at the time and could not properly attend to the child. The grandparents, Mr. and Mrs. Karl Sternehl, also wish to take the child to their Toronto home.

Health Through Chiropractic

By Dr. E. W. TENOVE

Co-operation with nature

Man has been studying the human body for thousands of years. He has taken it apart so as to gather information. He measured it, recorded changes in it during illness and sometimes thought he knew about it

Despite all this effort, of all the information so far accumulated were put [illegible] together and were [illegible] about with the latest laboratory equipment he could not make [illegible] one single tissue cell.

Yet Nature in 280 days, manufactures one billion tissue cells, arranges them into organs, glands, nerves, veins, bones, etc., and at the right time, dispatches a new baby into the world with all its parts functioning properly.

Nature also provides all the substances necessary for maintaining health. It is the nervous system, Fitting from the brain the nervous system rapidly or like, giving it to all the organs, glands and tissue cells in the body.

Chiropractic goes hand in hand with Nature. It removes itself exclusively with the operation of the nervous system. So long as all the nerves are free of all interference the entire body cannot be healthy. Sickness starts when the flow of nerve impulses to some part of the body is restricted, or cut off entirely. Chiropractic seeks out the cause of this interference with the flow of nerve impulses, corrects it, and lets Nature restore health to the affected area.

Nature, when built the body in the first place knows best how to cure its ills. Chiropractic's task is to make sure that Nature's own healing agents, the nervous system, is free to do its work properly. That is why Chiropractic [illegible] in all types of illness. It is co-operation with Nature.

Wife Presents

Let's [illegible] and [illegible] how he feels [illegible] and presented by writing a letter to the local newspaper to tell of his decision.

SEED TREATMENT PAYS

The treatment of smut and other seed borne diseases has come a long way since the days when the use of formaldehyde was standard practice and there are available today a number of reliable organic mercury chemicals for the treatment of seed which give very satisfactory protection at relatively small cost per bushel. In addition, there is now protection in the form of dual purpose treatments against seedling blight, rust rot and wireworm damage. Plan to use one of these seed treatments this spring.

Fête pour enfants de chanteurs et chanteuses de ND

Vendredi dernier, soit le 6 avril, veille que des groupes de carcoles se dirigeaient vers la paroissiale Quelques-uns ver-vaient en auto, d'autres en tracteurs et enfin nos braves gars du village s'amenèrent à pieds. Mais que se passait-il donc à la salle paroissiale? C'était une "réunion publique" pour les enfants-de-chœur et les petits chanteurs de Notre-Dame Cathédrale remettaient chez eux monsieur leur directeur et leurs compagnons de plaisirs. Ensuite, nous nous rendîmes au restaurant Lapointe où nous fûmes tous servis de bonnes choses. Après les avoir bien mangé, nous nous rendîmes au cinéma pour une petite séance fort plaisante. Tous nous prîmes des chemins, nous nous dirigeâmes chez nous, heureux d'avoir passé une journée en compagnie de leurs amis.

Que se passe-t-il à l'intérieur de la salle? En attendant que le groupe soit au complet et seul, on crie On peut même courir sur la salle à dîner pour nous permettre de prendre nos places. A Dieu, sera l'hôte, nous remercie monsieur l'abbé Pelletier, les pères commencent. Ces revent les invitent à manger. "Ils" Les numéros 1 ont les numéros 2? On crie, on mord, on veut gagner. Après les balles, c'est le clocher qui donne les propulseurs. On voudrait bien le posséder, mais . . . il faut aussi se sauver afin de faire place à d'autres groupes. Tous, les petits, prennent de "petits" chemins . . . quel enthousiasme! Quel exercice vocal! Les plaisanteries ne manquent pas! Finalement le moment que pour l pense de plus que leurs adversaires. Bons jeu!

Pour des petits gars, la fête ne serait pas complète sans une lutte de quelque sorte. Voici que l'on s'organise en deux équipes et chaque quartier est chargé de bouclier et de 4 balles . . . de coton." (Mieux, en passant, une bonne manière qui nous est rendue possible et peu si coûteuse.) Au signal donné le guerre commence. Les balles rebiffent en toutes directions. Les cœurs des parisonnent du champ de bataille. Au dernier coup de sifflet, chacun et l'on recommande l'époque gagnante. Finalement, on mange une bonne "poutine" rôti de supresses que les mères remarchent pour prendre leurs petits. Enfin voici quelque chose de

It's not often that hockey fans see Gordie Howe of the Detroit Red Wings about to hit Bill Ezinicki of the Bruins on the ice, but the Stanley Cup series many an upset, without fists of those heroes. Montreal Canadiens entered the

the heavy Bruins and won the first two games in brilliant fashion. Goalkeeper Plante at the time wasn't able to stop all of the threats made, but he stopped enough to end up on the right side of the score board.

SEEDTIME and HARVEST

By Dr. F. J. Greenway, O.B.E., M.A., Ph.D.
Mrs. Ernestine Fern Gordon, Manager, Manitoba.

Sponsored by the following companies: Alberta Pacific Grain Co. Ltd., Canada Packers Ltd., Canada Starch Co. Ltd., Dominion Stores Ltd., Ogilvie Flour Mills Co. Ltd., Robin Hood Flour Mills Ltd., Swift Canadian Co., Ltd., Western Canada Flour Mills Co. Ltd., Weston Bakeries Limited, and Quaker Oats.

OUR MAJOR BARLEY VARIETIES

In the hope that it may assist barley growers to choose for the 1950 crop the variety best suited to their needs, we summarize briefly the characteristics of barley that were most commonly grown in Manitoba, Saskatchewan and Alberta in 1949 and previous years.

Manitoba. Although over 15 different varieties of barley were grown in Manitoba in 1949, four varieties—Montcalm, Plush, O.A.C. 21 and Vantage—accounted for 90.1% of the total provincial barley acreage. Last year Montcalm, with 42.9% of the acreage. The percentage of the total acreage of her varieties occupied in 1948 was Montcalm, 12.8; Plush, 21.1; O.A.C. 21, 9.1; Vantage, 6.1; Husky, 14.4, and Peatlla, 2%.

Saskatchewan. Six varieties accounted for no less than 84% of the land area devoted to barley in Saskatchewan in 1949. In order of importance they were: Montcalm, 28.2%; Hunchen, 19.9%; Vantage, 13.2%; Compana, 9.6%; Trebi, 5.1%; and Plush, 4.6%. Other prominent varieties in the province last year were Plush (12.2%), O.A.C. 21 (3.8%), and Husky (2.7%).

Alberta. The six leading barley varieties in Alberta in 1949, and the percentages of the total provincial barley acreage which occupied was Montcalm, 30.2; Compana, 20.2; Trebi, 19.1; Montcalm, 9.6; Vantage, 9.1 and O.A.C. 21, 3.8%. Together they accounted for 92% of the total barley acreage. Two other varieties of importance in Alberta in 1949 were Trebi (2.2%) and Hannchen (1.5%).

In choosing a barley variety for 1950, seven points should all of a variety that is well adapted to the area where it is to be grown. 2) grow a variety that will mature at about the same time as most of the other barley varieties, and 3) use only pure, high-germinating seed that treated seed of the variety desired. In no grain crop is the variety grown more important than in barley. . .

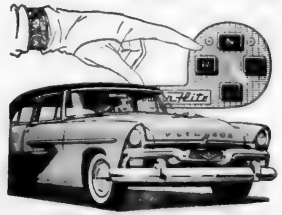
More and more people choose
PLYMOUTH
the lowest priced car with push-button driving



Here's plenty of reason why it's the most popular Plymouth ever!

For sheer driving pleasure, nothing can match a Plymouth that is equipped with push-button PowerFlite—the only fully automatic, push-button transmission combining smooth, flexible mechanical construction and responsive, full-time operation. Yet push-button driving is just one of the many features that many people are buying Plymouths today.

Take styling, for instance. Plymouth engineers gave Sedans to major style gifts. Plymouth's long, low, swept-aimed beauty proves it's the only all-new car in its field.

Take your choice of dependable 6 or Hy-Flow V-8 with up to 260 horsepower in the Plymouth Fury.

Those are such built-in safety and comfort extras as Safe-Guard door locks, Safety-Rim wheels, tube-cylinder front brakes, Oilite shock absorbers as well as Plymouth's Push-button Ventilation.

Step in at your dealer's today—try the new Plymouth—drive it yourself. There's no better time because there's no better car!

Starling Found At St. Bride; Rare Bird For This District

Reports that crows have migrated north for the summer and reports that some of them hit back for southern climates (we don't know how true that is, but it sounds plausible considering the snow and climate) have been coming in regularly

But when a Starling is brought in to our office, that is news. These small insect eating birds are considered fairly rare in this district

Paul Tremblay, 8 miles west of St. Paul at St. Brides brought in one of the species. The Starling is a field bird with pointed wings and short tail The male is brilliantly colored with green dark tinted plumage of purple hues and metallic lustres. The female is not so colorful and fits the description of the bird Paul brought in.

The Starling is a flock bird and is seldom found away from a bevy He originates from Europe and Asia where he is quite common and was introduced to America in the 1890's and acclimatized in the neighborhood of New York, having spread moderately to the eastern states. Its presence here is consequently rora direct unusual.

Musicale Friday At Parish Hall

"Musicale" Receives Big Ovation

Lloydminster Is Fined $200 Defaulting Game

Bonnyville Apply For League Entry

Sex-member representation of the Eastern Alberta Hockey League — St Paul, Wainwright Viking Vermilion Vegreville and Lloydminster — met at Vegreville Sunday in a post-season meeting to discuss the operation of the league and to settle the question of the Lloydminster walk-out in the second game of the finals.

Vegreville, the other party in the disagreement which occurred at home and left three holding the empty bag of what was a well-used, $2000 chainsaw of $200, claimed an unlimited gate receipt share and the expense of bring their team.

After hearing evidence from both sides, the meeting discussed the issue on a motion from Vermilion to assess the $200.00 fine After a vote, three in favour — Wainwright, Vermilion — one against — St Paul — (Lloyd and Vegreville did not vote) the motion was carried

The Lloydminster representatives were directed to see the fine within 10 days or the Vegreville Club, warned that in default they would be suspended, also he barred from the league and then further if the request of the business would be made by Art Peters, Secretary-Treasurer of the Canadian Amateur Hockey Association who in turn would recommend to those to compete in organized hockey in Alberta and Saskatchewan.

* * * *

Election of officers was conducted and Mr. Al Locke, acting-president after the resignation of Dr. Bradley of Wainwright during the final stages of the season, was elected official president; Mr James Humphries of Wainwright, efficient secretary the past three years retained the position; and Romeo Bedard of St. Paul was appointed Vice-President.

Two deputies or directors are appointed from each of the teams represented

It was the feeling of the meeting that re-opposition between officials of the league and the clubs lacked, with consequent disagreement, partly to blame for the difficulties which arose in the playoffs.

To further better relationships between the Clubs, it was decided to hold at least three meetings each year, one in the fall before the season opens, one in mid-year or sometime before the finals, and at the end of the year to review and discuss operations

A constitution will be drawn up, circulated to all members to study for approval at the fall meeting next year

Bonnyville was present at the meeting with an application to be permitted to join the league. No decision was made on the question and it was agreed to leave the composition of the league to the next meeting in September, 1956 which is scheduled to be held in St. Paul.

Mrs. Margaret Decosse, recipient of a life aviation from a large audience for directing the Ladies' Auxiliary to the Hospital "Musicale" concert, is equally recognized and complimented by the performers who participated in the memorable production. Appreciation is shown, above, by a young admirer, little Miss Gail Dresin, who, on behalf of the Chorus, makes presentation of a lovely bouquet of roses.

President Reports On Red Cross Convention At Local Meeting

St. Paul And Grande Centre Chosen For Mobile Blood Bank Clinics

(Report by Mrs. Rose Bagan Secretary, St. Paul Red Cross)

At a General Meeting held April 16th., at the Donald Banquet Rooms, Mrs. Blanche Brosseau, president of the local branch and delegate to the Alberta Red Cross Convention held at the Banff School of Fine Arts in March, presented a thorough and stimulating report on the highlights of the convention

It was pointed out to those present that Mrs. Brosseau took full advantage of the opportunities presenting themselves at the Convention to learn every new aspect in Red Cross work on an international scale.

Her experience then gained will be of invaluable benefit to the St. Paul Branch, as indeed has already been manifested in the "act that for the first time in the history of this area we have exceeded our quota in the March campaign.

The financial statement was also presented at the meeting, showing a balance of $471.98 donated by individuals, organizations and business executives in the recent campaign for funds. The St. Paul quota was $800.00. Mrs. Brosseau was a recent recipient, on behalf of the reorganized Red Cross Branch in St Paul, of a new charter which means we are now recognized by headquarters as an active unit It was interesting to note that heretofore this district was rn a ordered "underprivileged," which remark was directed at us at the Convention by one of the speakers with apologies to our delegate

This conclusion must nevehave been reached on the basis

(Continued on page 10)

Reiverson Visits Constituents

Hotourable Ray Reierson, Minister of Industries and Labor and member of the Legislature for St. Paul Constituency spent the weekend touring parts of the constituency and St. Paul.

In an interview with the "Journal" Mr Reierson said that he plans a longer tour in the near future and will take a few weeks to attend to affairs dealing with this area and hear suggestions from the people.

Mr. Reierson will be leaving next week for Toronto to attend a labor convention where the Trade and Labor Congress of Canada and the Canadian Congress of Labor will complete negotiations to amalgamate into a new union — the Canadian Labor Congress.

As Labor Minister for the Province, Mr. Reierson is vitally interested in unionism, both on the national and provincial field.

ANNUAL JAYCEE MEETING APRIL 24

At a meeting Tuesday of the Junior Chamber of Commerce, a nominating committee was appointed to line up a slate of suggested officers for the coming year.

The meeting will be held in the K.C. Hall, starting at 8:00 p.m. and all members are urged to be present.

Ashmont Road On Verge Of A Wash-out

On Highway 28, north of the Cork Hall perennial water run-offs are causing serious concern to road engineers who are watching anxiously as tons of water pour steadily over the road, cutting deeper and deeper into the surface. "Will it hold out, is the big question!"

On 26, south of the Two Hills creek, the slough is rising to and above the level of the road Course, gravel is being poured on to raise it and allow traffic through. It can't stand much more inundation!

There are also several low spots where water is following its natural course over the road and is imposing extra busy to repair the ravages of nature.

At Armand Lamothe's the slough rose above the level of the road Wednesday afternoon and spilled over in a deluge 200 yards wide The paving has been undermined deeply in the road, receding during the night, but was still flowing steadily this morning

Run-Off Water Threatens Road To Elk Point Bridge

Melting snows from the highlands converged on the approaches of the Elk Point Bridge north of the river and mounted to a torrential proportions Tuesday, mining the road bed on the southern side for three-quarters of a mile, washing out deep gullies in sections which threatened to undermine completely during the early part of the week.

Concern was then evidenced on Tuesday, when at about 4 p.m., when it was realized that the water would soon have already flowed through the culverts, culverts enough to take care of the situation, and the water would soon be flowing along the western ditch, between the road and the railway.

Repair crews explained that a fresh water spring, across the ditch, running year round had built up the bed in the culverts and blocked them completely, preventing run-off into the ditch.

The path of the flood was reached Monday afternoon at a point where the water is level of the road and its force tumbled huge boulders about its path, with tons of silt, deposited in the ditches and spread out on the banks of the river.

By Tuesday the force of the water had lessened, but strong crews of a breather and a chance to steam out the culverts where a dam was also built by swing the flowing waters back on their course

In some places the water gouged its way into the fields and in one particular spot a circle of about 50 feet diameter, narrowly stretches out at mute testimony to the destructive powers of the unleashed waters

Crews from the department of Public Works in St Paul and Vermilion were the busy on Elk Point emergency crews worked unceasingly to repair the damage before the road could disintegrate to stop traffic on this important artery of highway 41.

It is hard to estimate the damage, but it will require, at least $12,000 to rebuild the road.

'Mrs. R. Decosse Directs 36-Voice Mixed Chorus

Mike Pawlyk Popular Soloist; Local Talent Produces Good Show

Variety was the keynote of a musical concert directed by Mrs. Roland (Margaret) Decosse and produced by the Ladies' Auxiliary to St. Theresa Hospital at the Parish Hall last Friday The spirited 'Musicale' enthusiastic presentation of light and classical music which captivated the ear of a large attentive audience proves that local talent, well rehearsed, can still be a delight, and appreciated as a community such as St. Paul.

The program, organized by the directress, Mrs. Decosse, who also took a prominent part as soloist and received thunderous applause for her best interpretations, brought under local floodlights a chorus of thirty-six mixed voices supplying the backbone of the performance in a variety of numbers which included piano renditions, solos, quartet harmony, vocal duets, instrumental pieces, humorous sayings and choral numbers interpreted in English, Ukrainian, Spanish, German and Slovak.

The latter part of the selections came from the Student Prince and the ever popular melodies of Sigmund Romberg

Armand Lord, Master of Ceremonies, declared the first number of the program 'Twinkle, Twinkle, Little Star' by the little ones of the hospital, completely filled the auditorium. Mrs. Lord, the Ladies Auxiliary to the Hospital, was responsible for the special children's ward

Well received and highly applauded throughout the evening, Mr. Mike Pawlyk, Ukrainian popular singer, was masterful singing from a Ukrainian folk song, 'Under the deep silent banks with rosemary' and 'Where I brought my heart' an estimate of beauty in a native Ukrainian folk song; and "What A Beautiful Morning" from the stage show of Oklahoma.

Mike performed equally well in a well-chosen Mrs Decosse, combining the duet with the chorus the romantic favor of Will You Remember, Sweetheart' and 'Waltzing You'

Mrs Decosse every proud of an inclusive background in her first vocal solo when a Ukrainian national melody entitled Shchedryk' A Real Ukrainian lolled the song tells the story of an orphan, treated by some as a waif, treated by some as the birds and the wonder of nature as he wanders through the countryside

Mezart's "Ave Ulm Sapere" and "Miserere" Overture of Flotow" brought out the beauty of tone and the quality of range in Mrs. Decosse's high soprano voice, showing each soloist to musical expression reflecting appreciative admiration of the audience.

Miss Louise Lambert, solo performer, sang 'Chanson de Florian' by Benjamin Godard and 'Be Thou With Me' from Bach.

The popular Jaycee Quartet much in demand for entertainment at Banquets and Social functions, was called upon to harm-onize in 'I Pass Your Window' For Me and My Gal' Glendenning' from the Golden Prairie, and 'Bless The House' Mr R Tracheon is the director and accompanist for the Quartet composed of Messrs Joe Stoltz, first tenor, Leo Lambert, second tenor, Paul Letourneau baritone and Ted Parada, bass

Prominent in the Musicale, Mr and Mrs Tracheon with their daughter Cornelia, performed on cornet, piano, voice and the little girl sang 'Tea For Two' and 'Gertrude' The duet was

(Continued on page 10)

Floods Hit Town For First Time In Its History

Water Spills Over North and South

Wednesday's record high rainfall and accumulation of snow in the watersheds of the CNR track and ditches which have never been built for or anticipated such an occurrence, started a flood in St Vermilion that overwhelmed the town and the whole surrounded district, under the direct lead behind George Mackenzie, Mayor and a number of business men in a number of houses during the week

The flow stemmed by railroads and ditches which had

LOCAL MUSICAL TALENT

We are pleased this week to recognize the efforts of a troupe of musicians who performed in what was popularly mentioned one of the best productions in the history of St. Paul.

As a newspaper we often have the privilege of observing these endeavors from a good vantage point, and in this case we can vouch it took a tremendous amount of time and energy on the part of the organization sponsoring it, the director and the performers of the Musicale.

It is a frantic race against time to carry on, rehearsal and the endless chores that forseem, the last few days are crowded with last minute details and anxiety, which can only be compensated for by the attendance of a large appreciative crowd, such as was witnessed the other night.

It goes to show and prove that there is definitely a place in our midst for the music and the enjoyment of it. When it comes from a local level it is doubly appreciated and we would like to congratulate the enterprising troupe of actors for their effort in the hope that they will continue with musical culture in St. Paul.

It has been suggested that the organization of a museum were at this time quite appropriate. This would not only include persons who have achieved national staging or acting ability but anyone who is interested in musical appreciation and is seeking knowledge of it.

There is more to life than mundane occupations of earning a living We should learn to participate in and appreciate the finer arts such as music. Such a rich should be humbly endeavor in our midst.

ALL QUIET WITH HOCKEY

Apprehension that the Eastern Alberta Hockey League meeting would open up in a blast of withering fire between Vegreville and Lloydminster fell short and discussions were conducted very sensibly in a satisfactory and promising conclusion.

Both sides of the story on the Lloydminster walkout of Vegreville before the second game of the finals were heard. It was hard to prove who was right or wrong on many of the allegations made, but the glaring fact remained that Lloydminster had committed a serious offense by walking out of a scheduled game and on majority opinion of the meeting found $250.00 for its unsportsman-like behaviour

It has been explained to this newspaper that St. Paul cost its vote against the $250 penalty, but was in favor of the $100 normal assessment for such an infraction.

The meeting as a whole agreed to steps recognized that a lack of co-operation between the clubs and league officials had hampered administration on some respect-ant matters and further that the resignation of the president shortly before the finals had left a detrimental void to smooth operation.

Mr Al Lorbo, acting-president was called upon to make the unanimous decision — ruling the two out of three change—and he stuck to it! something he deserves credit for He had also warned Lloydminster to play the game, under protest if necessary and questions the ruling in the normal manner after the game

St. Paul was certainly in favor of having Lloydminster participate and seeing Vegreville receive reasonable compensation for the loss of gate, yet because the lack of co-operation between executives and clubs is indirectly responsible for the unfortunate situation which arose, felt that Lloydminster, to a certain extent, were the victims of circumstances.

However, as Mr Lorbo stated, the league cannot tolerate such actions if it is to continue to function and to prevent such occurrences had to deal severely in this case.

The suggestions to have more than one more meeting during the year is a good one which should lead to better understanding by fostering amicable relations.

We wish to congratulate Mr Al Lorbo for the efficient way he conducted the Sunday meeting at Vegreville, and feel certain that the interest he has shown in the League and his ability as a legislator will see it function on a smooth basis next year.

CARELESS DRIVING

Spring is here the crocus and violets are coming out, but the way some drivers are tearing around, the possibilities are that they will be pushing them from under rather than gazing upon and enjoying their beauty from the surface

The warm weather has brought out an influx of more than winter storage in automobiles and these drivers, bursting with super-energy are displaying a reckless abandon carelessly and at excessive speeds threatening the life of small children who are also coming out of hibernation to enjoy the sunshine

It has been reported to us that a rash of speeding has broken out in town and the few open roads which are being congested with vehicles at this time of the year.

There have been consistent complaints from parents on secondary streets and streets that motorists have been treating too little attention to the speed limits, and RCMP who have been chasing speeders the past few days are issuing warning that serious steps are going to be taken to curtail the dangerous outbreak

The speed limit in Town is 25 miles per hour a fact all motorists should be conversant with if they have a driver's license Citizens aware of cars who have knowledge or infractions against the law are asked to report license numbers to the RCMP or to the Traffic Highway Inspector

The onus of responsibility on attendants attending drivers rests with the motorists, because he is naturally handling a vehicle which is potentially dangerous to pedestrians. However, parents are also warned that it is a good idea to try and keep their children off the roads as much as possible. We know this is sometimes quite impossible, because children have a natural tendency to stray away, yet more persons are actually careless in permitting their children to play away from home where at least they can keep an eye on them from time to time.

This warning is as much in protection for the driver as the children. It's a pleasant to contemplate an accident of this nature and the subsequent results of it. One may suffer for a long time in physical and moral pain.thereat.

To encourage the production of durum wheat in designated countries of California, Minnesota, Montana, North Dakota and South Dakota, farmers may plans three acres of durum for each acre of the farm wheat allotment not planted to other wheats.

STARLING TROUBLES

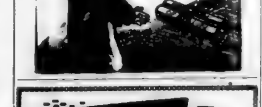
Last week we reported the finding of a Starling near St. Brieux. We looked up the definition of this bird in the encyclopedia, not professing to be naturalists, and read that this species was uncommon in Western Canada.

No sooner had the paper gone to press than we got rushed on our ears with many insinuations that we didn't know what we were talking about. It appears, enquiry-pods notwithstanding, that Starlings have been enjoying eastern Alberta haunts for quite some time and that our story and find was not too newsworthy. Live and learn they tell us.

GRAIN POSITION

The grain movement from the prairies is picking up momentum and although on March 31 it was still 56.5 million bushels behind last year total shipments for this season are gaining rapidly One week earlier the 1957-58 shipments were 60 million bushels during the week and at March 24 were 108.1 million compared to 183.9 million at the same date in 1956. During the week ending March 24 Manitoba marketed 1,920,000 bushels of all grains, Saskatchewan 6.1 million bushels and Alberta 3.2 million.

It is estimated that Manitoba farmers have delivered 44 per cent of the deliverable grain, Saskatchewan 31 per cent and South Dakota, farmers may plans three acres of durum for each acre of the farm wheat allotment not planted to other wheats.



Views and opinions from our readers, regardless of political, religious and racial affiliations are always welcome. Letters must be of their individual opinions and this newspaper does not necessarily endorse or disagree. Views are printed in the public interest.

A CHALLENGE TO THE CANADIAN GOVERNMENT AND FREE ENTERPRISE

Hamilton, Alberta
11th April 1958

Editor
St. Paul Journal.
St. Paul, Alta

Dear Sir:

I believe that the enclosed article is timely, newsworthy, and in line with the desires of the majority of the People of Canada. Therefore I would consider it not only a service to mankind but a service to the People of Canada and there fore I dare if you will print this article in your paper.

Yours Sincerely,
F. E. Belliveau

* * *

We are living in stirring times, times of rapid change of great challenge. Scientific progress has made it possible for mankind to destroy themselves or to make possible the enjoyment of the highest standard of living the world has ever known.

The cold war is a challenge to death. The scientific brains, the productive capacity of the leading countries of the World, were invariably directed towards the invention and production of weapons with which to destroy man and his industrial potential. There is no doubt in anyone's mind to-day that the leading countries of the world succeeded on well, that the scientists themselves were appalled at what they had created They issued an appeal and a warning Make peace or destruction is certain. The "Brink of War" Speech by Foster Dulles, United States Secretary of State served to show us, how close we have come to that destruction

Progress resistance to being destroyed, created the largest "Peace Piece Movement" the World has ever witnessed Thanks to their efforts World War was averted several times.

Although Peaceful Co-existence has been advocated before, it was the Bangdung conference of Asian nations that drew up the five principles of co-existence 1 Non interference into the internal affairs of other countries 2. Trade at equals between nations 3. The right of self determination of all peoples. 4. The banning of Nuclear weapons and disarmament under strict international control. 5. The free exchange of ideas, culture, exchange visits of people.

These principles of co-existence have been endorsed by the government of people constituting over half of the people of the World, both socialist, and Capitalist, Private Enterprise In fact one has the sympathy of a majority of the people in the remaining countries of the World.

The principle of co-existence combined with the fear of what a world war would mean, led to the Geneva conference in Geneva, which resulted in a definite relaxation of world tensions, which have since spread throughout the World despite efforts from some unusual quarters of the World to revive the Cold war

For the first time since the Russian Revolution 41 years ago in Russia, their top leaders have taken time out to visit their neighbors in the Capitalist World.

In India, N. A. Bulganin and N. S. Khrushchev amend a short range to the long standing industrial Nations of Capitalism; A challenge and a promise. To compete on raising the standard of living of their own people ? To aid backward nations toward industrialization, the raising of the standard of living of these people The Promises Socialism would prove in peaceful competition to be so much more efficient than Capitalism, in accomplishing these noble aims; That the people of the World would choose Socialism

What a Glorious World Shaking Challenge! As the cold war brought out all that was destructive and Evil in man. Peaceful competition to realize the highest material, cultural, and spiritual well being of man, would bring out all that is good in man. Can any humanitarian, christian, or believer in the supreme destiny of mankind refuse such a challenge"

The draft of the Soviet Union's sixth 5 year plan, its scope and its breadth, is fairer that they certainly intend to do their level best to raise their standard of living at a terrific rate. Let us look at some of them.

Increase the production of consumer goods 65 per cent.

Will produce more steel, power, cement, and fuel than is now produced by Britain, France, and Western Germany together. Next to US in output.

Increase Agricultural production 70 per cent.

Electrify 6,100 kilometers of railway lines To heat 60 to 65 per cent of all rail freight by electric or diesel locomotives, compared to 143 now. To lay 68,000 kilometers of new rails on operating lines, and build 4,900 kilometers of new lines Railways to be supplied with

(Continued on page 5)

Flood Hits Town

(Continued from page 1)

Joe Sweppet got it quick. The water found a weak passage-way along the water line trench and erupted into the basement to fill up within fifteen minutes, accumulated his furnace and did damage to all belongings stored there.

Joe O'Driscoll sitting on higher land, was a scant inch above on safe ground and suffered only slight seepage in his basement.

On the opposite corner, Richard Daniel's small home built on a front of the hide which spread over part Cyril Gaigard's property and continued on to surround George Mason's.

Counties above the street, the culvert on the corner of Poplar Street, the water, spilling over the road in front and across Shuter's in one direction and towards Hall's and LaBossiere's in the other, filling up the basement of the Savoy Chanteler's.

Flushing out the Super Service Station the flood spread out across the main highway and Glen Avon school site and up to the arena.

It went south around the corner of Marshall Brechuitke and on past the municipal office to John Hunsanuk's where garage nearly buried under and the basement took in water Seriously affected in the southern regions of town were Leo Lemire whose low basement flooded entirely and the walls of a semi-dugout collapsed in huge portions

The water course split here to go on one direction by Emile Lemire's home into the lowlands and south-east swung through Gerry Steedman's property down to the flats and final drainage into the Paul Lake

First warning of danger came Monday afternoon when Shuter's flood flood backed up at the Super Service Station culvert and council shows for the Shuters' who got their initial taste of Water

The culvert, across the highway and main street was an old one into which a smaller section had been jammed, placing an obstruction which could not prevent the increase flow.

The impediment was torn out and a temporary ditch cut through the road surface This relieved the pressure and the waters receded out of danger to property In 15 minutes normal water had runs three feet

The pools of the flood and the pouring waters in the north ravine, Huntley's and Slater's ran for about three hours between 6 and 11 Wednesday night before receding The South side was hit by raising hills about three hours later and Thursday morning at 7 the waters were starting to attack their course and the water line lowered.

Across across the fields from the railroad trunk, there was a big lake of accumulated water in the distance, half a dozen streams rumbled loudly as they poured out more water, draining off it is as far as Canoe Flats. On the south side of the track, more water was cascading along the right of way to junction with the main stream, both adding their thundering might to the Upper Reaches of St Paul with its first flood in the memory of man.

Phil Geesson, Town Works Foreman, said to submerge the Lagoon was not in sight watching developments

Election Contest Not On Behalf Shopper

Your Apr. 12th, 1958 edition of the St. Paul Journal contained a statement of Mr. Bouvier at a Tender for Subdivision 1 of the 80 Park Service Division No. 1 would like to refute its certain statements appearing in the article.

Tenders for School Act of Alberta, Section 60 (1) (a) (b) (c) (d) (e) (f) (g) (h) (i) (j) (k) (l) (m) (n) (o) (p) (q) (r) (s) (t) (u) (v) (w) (x) (y) (z) (aa) (bb) (cc) (dd) (ee) (ff) (gg) (hh) (ii) Marvel Chowrette Attends Forum At Banff School Of Fine Arts

During the first part of this month an Electrical Farming Forum was held at the Banff School of Fine Arts in Banff. In attendance at the forum were all the District Agriculturists, their Assistants, a number of Agricultural Engineers and other Executive members of the Department of Agriculture.

The purpose of the forum was to discuss the application of electric service to farm operations and how the farmers could use this service to best advantage.

The secretary of the course was how can the power companies, the suppliers of equipment and District Agriculturists be of most service in the over 15,000 farmers who have had their farms electrified during the past few years.

The DA's raised questions which they had been asked by farmers — questions which indicate the problems the farmers have. These were discussed under the chairmanship of several guest speakers.

Speakers at the forum included Professor Lawson Hunter, Retired professor of Agricultural Engineering at the University of Manitoba, J. G. Macgregor, Chairman of the Alberta Power Commission, D. A. R. Kenley, Chief Electrical Inspector of Alberta, F. H. Bernander and R. S. Graham, Director and Assistant Director of Agricultural Extension Services for Alberta, A. S. Chernetski, Supervisor of the Livestock Branch, Provincial Department of Agriculture, and many representatives of the power companies and major electrical manufacturers of the province.

The meeting was sponsored by the electrical utilities of the province — Canadian Utilities, Northland Utilities Ltd and Calgary Power Ltd., with the cooperation of the Provincial Department of Agriculture and the Electrical Manufacturers.

Sessions during the forum illustrated included how regulations under the Rooming Fund Act for farm electrification, basic electrical theory, the Electrical Protection Act, the new Farm Electrical tractor memorizer, heat lamp and brooder application to livestock and poultry raising, sprinkler irrigation, motors and controls, remote control wiring, water pressure systems, underground cables, grain grinders and

St. Paul

The first day of spring has come and gone and the "housemaking" thoughts with me all tightly in thoughts of "Spring Cleaning." After you have recovered, dusted and washed everything in sight do some of your rooms still look drab and as though they need a face lifting? This may be the woodwork in the room.

Eileen Crowther, Home Economics Specialist with the Alberta Department of Agriculture, suggests that you give your woodwork a drink. The parched but air of a heated home draws the very life out of the wood. Miss Crowther suggests boiling pans of water in the room if you do not have humidifiers. This will not only supply the air with the moisture necessary for your woodwork but it will help to keep flying dust and lint down. A light waxing adds much to a varnish finish and gives the wood a rich glow.

Mr. Bill Smith brings out the grain of open grained woods—equal parts of raw linseed oil and turpentine rubbed well in to the wood with a soaked pad will keep it in excellent condition.

For painted woodwork, if it is in good condition wash with mild soapy suds. Rinse well, dry after washing. A light waxing is a good dressing to top off the cleaning.

Heinsburg Local News

Maybe we live on a hill and we don't have an awful time making Dust way here, but I'll bet we'll be the first town to have our back roads dry this year. The waters been rampaging down the last few years two weeks and is almost petered out. The Wilson creek is a raise of sand where it used to be. Mr Player has been digging trenches day and night to keep his basement from flooding by some old tank incidentally Mr Beck's house, has a cavity you could hide a horse in, but spring is here, so what the hell.

Meetings have been called regarding how to keep children from running any more school. Finally decided the town could do so many as possible and keep them for the duration. Mrs. Player, Mrs H. Burk and Mrs. Klinger were appointed delegates to the Red School Division Meeting. They were awarded life pay cheques per day and life per head child student to compensate for the bumps not being able to go to the front of the house here I go - three and the principal exceed a 1 p.m. curfew to avoid any loitering up town and possible accidents.

Mr E. Sharkey is bartending again while Hugo Wenzel is away serving lumber.

Mrs. Palmer Pyzam has packed up her belongings and left here to join her husband at Hay River. NWT. She took a plane from Edmonton.

Mrs Charlie Burns (nee Dawes Maxwell) was honored with a shower at the home of her parents. It was a real surprise to her get Decent out of bed.

Mr and Mrs. L. Wossack and girls are busily living in Cold Lake. Lyle is working on construction for Burns and Peeves.

Mr. Burk is staying and working at the Salt Plant while the boom are tied up. Lotsa Buck brings him home by pay Saturday nights.

Mrs. Frank Sexton and Annie left for an extended tour of Norway where they will visit relatives and old friends. They will be gone for four months.

The river went out with a roar Monday, 5.00 a.m. Woke up a lot of record people who were wondering if they wouldn't have to move out.

"Dollars and Sense"

If you send cash through the mails,

you run a real risk of losing it. For your own peace of mind, it's far wiser to send money orders. The small amount a money order costs, assures you that your money will be safe and sound. No one can receive the cash except the person to whom you send the money order. Next time you want to send money, whether $5 00 or $500.00, call in on us for a money order or bank draft. This takes only a few minutes to arrange. It's one of the many helpful banking services we provide.

PREPARATION OF ASSESSMENT ROLL 1956 Town Of St. Paul

NOTICE is hereby given that the assessment of the previous year has been adopted under the provisions of The Assessment Act, and that the assessment roll of the said municipality has been duly prepared, and that if any person thinks that any property has been wrongfully assessed, or assessed too high, or too low, or that the name or the name of any other person has been wrongfully entered upon or omitted from the roll, he may at any time prior to the 30th day of April, notify the secretary-treasurer in writing of the particulars and grounds of his complaint.

DATED at St. Paul this 16th day of April, 1956.

LAURENT RICHARD,
Secretary-Treasurer

Health Through Chiropractic

By Dr. S. W. TENOYE

LOST MOMENT

The effects of paralysis are known to all. When a limb becomes unresponsive to the command of the will, some power of motion is lost, that condition is what we know as paralysis.

The reason for such a condition is not so well known. Just why it is that the limb, apparently is sound and whole as it ever was, fails to respond, remains unsure.

Chiropractic finds the answer in an interruption of nerve communication. Somewhere there is an interference with the support of nerve energy to that limb, there is a break in the body's power line.

It may be that the nerves has been severed as the result of a violent accident. Or it may be that there is a spinal misalignment, causing a bone of the spine to press on that nerve in such a manner that the power of nature cannot pass that point. Chiropractic can mend a completely break but such cases are rare. But they are not a factor in the cure and cure of paralysis. By far the most common cause of paralysis is the spinal misalignment, and here Chiropractic has a brilliant record of successful nerve pressure relief and consequent improvement in health.

Chiropractors are specially trained to locate such misalignments and adjust them. The bone which is out of its proper position is moved by an impulse applied by the chiropractor's hands. The nerve is then free to carry its normal impulses to the affected limb and the paralysis gradually disappears.

If you are suffering from any type of paralysis see your Chiropractor without delay. The shorter the period of paralysis the easier it is to cure.

F.U.A. Meeting Held In The Owlseye Hall

The speakers addressed members attending FUA meeting held in Owlseye Hall on April 11

Mr. R. D Rinaw observed quest-ion put to him. He considered the future very dim in regard to purchase of large machinery unless larger government grants are forthcoming.

Mr. J.e Hartstone, representative of Canadian Co-operative Implement Ltd., spoke of the history of CCIL. The savings made by farmers who purchase their machinery from them and hoped that the new arrangement made with the FUA would be profitable to all concerned.

Looks-Acts-IS Different! MARSHALL-WELLS

NEW JELLenamel THIXOTROPIC ALKYD

no dripping-no splattering-no mess

Unlike liquid types of enamel, Marshall-Wells Thixotropic Alkyd JELLenamel has the consistency of rich, thick cream. Turns to a liquid satin when spread with brush or roller . . . splattering and dripping are virtually eliminated!

YOU'VE NEVER USED AN ENAMEL LIKE IT BEFORE!

- Won't settle in the can . . . needs no mixing. Leftovers stay fresh and usable for years.
- Won't sag or run. Brushes or rolls on far easier than ordinary enamel.
- Practically odorless — Use inside or out on woodwork, walls, cabinets, furniture, metal, masonry or wood. Unbeatable durability and washability.

MARK A MILLION STILL NOT HAPPY

White Merrimac, best known in Canadian racing circles as the owner of Busty Lawton, one of Canada's all-time great thoroughbreds, has made $1,000,000 on a car and he's still not happy.

He's not happy because he doesn't have a million dollars in cash. The deal involves a farm on which Busty is now stabled. Merrimac bought the land for $50,000 five years ago and set a price of $1,000,000 for it now, certain that no one would take up the offer. But someone, as yet undisclosed, did, and now he has to find a new home for his horses. The land is near Bolton airport, outside Toronto.

In 1954 the amount remitted to the federal government by the Canadian automobile industry in sales and excise taxes on new cars exceeded the industry's payroll for the year figure on new sales and excise taxes, $172 millions, payroll, $134 millions.

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Control, Edmonton

Judging Colors

In most traffic situations, especially on the larger cities, color is used to give information to the driver. There is the color RED which tells the driver of certain dangers. The traffic signal at intersections of which tells you that you are headed at the rear of the vehicle and you are not looking at the front. The larger trucks have red clearance Lights on the rear, under or front and red on the sides of large trailers. These lights have a purpose they tell you of certain dangers. When the brake is applied, a brighter red light flashes on the rear of the vehicle and tells you the vehicle is slowing down and maybe stopped. That is a warning to you who follow behind. Then there is the RED flashing light of an emergency vehicle police, ambulance fire. There is also the blinking light of the yellow light. Each light with its own color has a story to tell to those who watch, but especially the retired distinguish a blue flashing light from the Red.

In the larger towns and cities there are intersection traffic lights. Red for STOP. Amber for CAUTION. Green for GO. If your eyes cannot discern the Amber from Red or Red from the Green, what then may be the result?

Persons who are unable to discern colors are definitely handicapped. It is estimated that about one person in twenty has some difficulty in discerning certain colors. It is also estimated that defective color vision is about five times as frequent among men as among women.

There is a pattern adopted by most cities to aid those who are handicapped in color vision. Traffic lights are arranged in a uniform position Red at top, Amber in center, Green at bottom. The handicapped person may know that the light is Red because it is at the top, therefore, they stop. When the amber light flashes on, then they may go.

You may compensate for this deficiency by

1. Keeping a sharper lookout for signals at intersections.
2. Know the arrangements of the street.
3. Learn to interpret the shape of traffic signs as guides.
4. Pay closer attention to the actions of other drivers especially at intersections.

5. Avoid rear end collisions, as can by keeping more than the accustomed "safe stopping distance" away from the car in front.

In 1955 the turnover of families in Canada increased by 10 per cent, while the number of new homes built in the year totalled 137,000.

FARMERS CASH IN ON LAND PRICES

• Central Press Canadian

Many farmers who own land or sub-housing rights in Toronto and Hamilton are cashing in on large properties now at prices that seemed fantastic a few years ago. Gus Pitts, shown with sons Gus and Edward, sold a plot of land, bought for a few thousand dollars during the depression, for $120,000 and neighbors are being offered equally high prices. His land is near Fern Avenue in the between Dufferin and Toronto, and it is considered one of the most valuable industrial areas in Ontario.

Red Cross Will Hold Swim Courses Here

Announcement of instructor training courses in water safety and life saving has been made by Mrs. Ruth Bell, provincial director of the Red Cross water safety service.

Courses will be held in Edmonton, Calgary, Lethbridge, Medicine Hat, Red Deer, Drumheller, Camrose, Wetaskiwin, Vegreville, Vermilion, Grande Prairie, Peace River, Rossmyth and Wilna.

Mrs. Bell said that the courses are designed to train instructors for the water safety programs conducted by Red Cross branches throughout the province. She said that in addition to training instructors, the courses will help to promote water safety and lifesaving generally.

Mrs. Bell stated that the RCMP who use to be known as the Royal Canadian Mounted Police, have been responsible for enforcement of motor boat regulations since the Canada Shipping Act. In addition,

Mrs. R. Brosseau Directs 26-Voice Chorus in Successful Musicale

Continued from page 11

Carnival in Venice," solo, by Mr. Fairbow "Les Hirondelles" and "Seville."

Precocious little Pandolfo Gentile played several well executed piano solos and sang in a reliable passionate song with Louise Dawson.

Miss Yolande Meunier, an expressive and accomplished pianist was encored for several classical numbers she played by memory.

In a western Square Dance sequel, two circles of young boys and girls, in the 10-year age bracket, under the direction of Mrs. Jean Pandolfo, went through their lustrous routines with the aplomb of veterans.

Miss Yvonne Sveenda made an appearance to sing several Slovak numbers for added variety to the program.

Mrs. Paul Letourneau was at the piano to accompany the Chorus and the solo performances.

From The Student Prince, the Chorus selected "Serenade to Heidelberg" featuring Paul Letourneau as soloist. "Gondolier" blending together the tuneful voices of Miss Louise Lambert and Joe Bada. The "Drinking Song" of exuberance and youthful expression, typical of college days everywhere and the joy of living was to its resolution a toast to the performers for the success of the chorus.

Other numbers were "Golden Days," "Deep In My Heart," and to conclude the concert "I'll Walk With God."

Members of the Chorus as their respective seat-ons are responsible are Miss Louise Lambert, Adele Dubois; Mrs. Paul Dubois, Miss C. Despen, Miss L. Lavasseur, Miss Cecile Langlois, Miss Rita Chaney; Mrs. R. M. Hallinger, Miss Bertha Friesen, Mrs. Lorraine Leblanc, Miss M. Sullivan, Miss Yvonne Stenfel, Miss Gerry Longpre, Mrs. Lucille Fagnan, Alice, Mrs. Lorraine Joly, Mrs. Berta Tremblay, Miss Yolande Tremblay, Miss Claire Letour, Miss Louis Lafrance, Tenors Messrs. Joe Bada, Leo Lambert, Germain Joly, M. Lavoie, Laurent Richard, Alec Trimbuchuk, Rene Raymond Brosseau, Paul Dubois, Paul Pandolfo, Mike Pawlyk, Paul Letourneau, Ray Bouchard, P. E. Bouvrett, C. Oscar Claude Langlois.

CARD OF THANKS

The Ladies' Auxiliary to the Hospital wish to extend grateful thanks to Miss Fenton for her efforts in directing the Concert and to all members of the choir as well as other performers for the commendable work they have done on behalf of the children's ward at the hospital.

To all those who supported the concert, by attending or otherwise cooperated, we also express our appreciation.

—Ladies Auxiliary

• • •

We take great pleasure in thanking Mrs. F. B. Broome and all the participants of the "Musicale." We appreciate very much their time and talent to make this evening such a success.

Our dear sick children will benefit by many months of happy pleasure through these proceeds. A special thanks also to our devoted Ladies' Auxiliary.

In return our gratitude will call forever's blessings down upon those dear to you, and upon all the entertainers.

The Sisters.

St. Theresa Hospital.

President's Report Red Cross Convention

(Continued from page 1)

— of our contributions to the Red Cross cause as compared to the benefits we, as a community, have been receiving, particularly where blood and blood plasma were concerned.

Through Mrs. Brosseau's ambitions at the Convention, St. Paul and Grand Centre Airforce were selected as centres for the Mobile Blood Clinic to be held early in October.

This campaign, headed by committee chairmen Mrs. P. J. Lucerne and Mrs. S. B. Cooper, will launch its preliminary work later on in the summer and it is anticipated that about 300 will be required. As Dr Turbis is remarked at the meeting, the Red Cross will be "out for your blood."

A working Committee, headed by Mrs Fred Rowland is making preliminary preparations to set up an active sewing and knitting group for the Red Cross. This group is now active during the war years but has been more or less dormant since.

Of particular interest to the younger folks, is Mrs Brosseau's announcement that St Paul and District has been chosen outside the major cities for the swimming and water safety campaign. There will be two swimming instructors given by a charming young lady from Edmonton and the city's closest is Lake St. Vincent and possibly a few others. More details will be available later Mr. L. Jaroszewski is in charge of the campaign.

The Junior Red Cross is again during the July 1st Celebrations for Girls' Bread 11 Contest — for best all-round Handi Scheme in Fine Arts. St Paul is ordered one Athletic and the board that funds can be raised locally to send another Scheme to competition.

The city's prospective student delegates were in attendance at the General Meeting.

IN MEMORIUM

In loving memory of Jeanne Gallagher who passed away April 10th, 1956.

A loved one from us is gone
A voice we loved is stilled,
A place is vacant in our hearts
Which never can be filled

Ever remembered by his loving wife, children and grandchildren

Organize Fish & Game Ass'n Cold Lake Base

115 Members Enroll At Opening Meeting

Wildlife protection, control and sportsmanship was pledged by 115 Airmen of Cold Lake when they signed on as Fish and Game members at an organizational meeting held in the auditorium April 19

The session, attended by 600 of the Air Defence and Training Command base, includes Illnis Cold Lake, was opened with a word of welcome by Sq Commanding Officer Gerry Captain R. C. Mounteer who introduced the guest speakers, among them Mr. R. E. Wood, Regional Game Commissioner from the Alberta Department of Lands and Forests.

Mr Forslund in referring to the Fish and Game Association, said that the organization is a sound one, and good weight with the Alberta Government and has a compelling influence on game and hunting legislation.

A good example of it was seen at the recent session when delegates from the association made suggestive changes to hunting regulations and received consideration for such. Previously hunting hunters to shoot on lands where there was no owner resident and to shoot on "posted" lands.

Branch regards game and fish the property of the public and not of private enterprise and is dedicated towards a policy of preserving it so that each and everyone gets his fair share That is why limits and protective laws are imposed," he said.

"Game Wardens are not employed to capture, but to protect," continued Mr. Forslund, "and it is the public's duty to report every breach of get registered with regulations and to work with the laws of conservation and the duty of everyone who likes to help the people."

Mr R. D. Harries, Wild Life Management Officer gave an illustrated talk on wildlife in general.

(Continued on page 10)

Toastmasters' Table Topics

Shooting has become more and more popular and nowhere is it proven with old delinquent members coming back to the field, regulars shooting holidaily, bringing along the newcomers.

The new executive went in entirely with Jos O'Connor at the helm, supported by the honour and vice of the new secretary, Cyril Chenet whose novel method of recording minutes soon fails to eliminate good humour.

For next week, April 30 the following speakers have been lined up: Laurent St. Denis, L. H. Bourque, Lorne Letourneau, Paul Letourneau, Dr. Mazenchuk, Thanksgiving Day, Impromptu Table Topics, Paul Letourneau, Evaluators, Fred Rowland, Laurent Meunier, Albert Chevrette, Jack Desbarats; Timer, Blackie Gauthier, Alec Bady.

Meeting starts punctually at 8:30 p.m. Lavoie Cain, dining room.

LLOYDMINSTER REFUSES TO PAY FINE LEVIED

Lloydminster Chevies of the Eastern Alberta Hockey League, and $200.00 for walking out of a final game with Vegreville, refused to pay the penalty imposed by League officials. The levy was approved by majority of other teams in the circuit.

Just how this will affect Lloyd's standing in Monday is not yet known.

Supply Line On Gas Well No. 3 Causes Explosion

A resounding explosion which sounded like the crash of a jet, accompanied by gushing flames, shooting fifty-feet in the air, Thursday afternoon at about 2:30 p.m startled residents out for a stroll and enjoying the beautiful spring weather

The source of the trouble was the No. 3 Well of the Pan American Petroleum Co. which is located in Shrine Church's ranch at Elinor Island, Mr. Church's, where a supply pipe from the tanks to the well head broke off in the ground and broken connection with the casing.

A strong wind blowing towards the station and the heating jacket, where a fire dies the gas as it is being fed into the system, forced the gas engine onto the host and consequent blast.

Fred Patry, fortunately residing six meters in the vicinity of St Paul Beverage, heard the explosion and saw the rising flames, rushed and feared their origin. He rushed to the station to turning off the main valve was able to curtail the conflagration which had spread to the fence post enclosing the mass of equipment, and already some considerable damage to some fine delicate control panels and a regulator.

The fire department was called, but through confusion in identifying the well to locate, only a few firemen arrived at the scene. Help could have only been provided with fire extinguishers. However, the important thing was to turn off the main valve.

A similar occurrence was reported on this same well and No. 1 during the valve shooting of the well affected customers over 1000 miles. Either two wells in service were able to handle the load, as planned by the nine wounds.

The damaged equipment was replaced Saturday and the well restored to service

CLEANUP HELP BY FIRE BRIGADE

Next Wednesday afternoon, May 2, the St. Paul Fire Truck will stand by offering protection to any citizen who wishes to clean up dead grass around his property by burning it.

Appointments can be made by phoning the Fire Chief, Mr. Phil Germain.

While we're on the subject, why don't you reserve that date to clean up the winters accumulation of debris hanging around your place.

Appointed Census Commissioner

Mr. Fred Bellerose, assessor and an insurance salesman has been appointed Enumerator for Census Commissioner for the Constituency of Athabasca.

Confirmation of his appointment was made this week by Mr J. M. Decheine, M P for the constituency

The 11th. annual census will commence on June 1st and will be finished at the end of the month.

Your attention is directed to advertisements appearing on an inside page, asking for census enumerators to take course in Bed Deer.

WATER ON TRACK DISRUPTS SERVICE

Water rising above the grade, has somewhat forced cancellation of train schedules for several days, last week

There was no wash out, just lots of water it went down fairly fast and Monday trains were back in operation.

Vermilion River Rises To Dangerous Level And Floods Two Hills Area

The Vermilion River continued to rise and overflow its banks all during last week, spreading out into a huge lake at Two Hills where nine homes were flooded, 15 families evacuated as the flood waters reached their second floors.

The same stream is part of the flow which caused the inundation of the Lac La Biche district during the spring of 1954.

The Vermilion River is also causing extensive damage and inconvenience at Marwille where road communications have been disrupted and motor boats pressed into service to ferry both residents and equipment into town.

Leading south from Two Hills across the railroad tracks, the water reaches out to John Trimchuk's home, on the left side of the road, thundering, but not quite high enough to force him out.

Four homes on the right side, just before the bridge, were under eight to four feet of water and its inhabitants evacuated to the home of Mrs. Trimchuk, leaving their household furnishings behind. Evacuated homes are those of Mr. Steele and Paul Stewart.

The bridge across the road allowance above water On the left the home of Dave Fedorak, and the land which parallels the road of two parked cars rose out from the water, which nearly cover it.

To the right, Harry Mishyn was pumping up Sunday and moving to higher lands as his home became encircled by the waters which had been carrying around it for several days.

Further on past the bridge a low section of the road had just come from the deluge and effort a small island of machinery for the Vermilion Co. who is willing to attempt the three-foot deep crossing. Their equipment is at this point. Pete Turico to the right of the house, suffer the ravages of the water.

"It's a lot of water," said Bob Brake to the writer as we stood on the bridge and looked at the flood waters. "I've lived here for 30 years and never seen anything like it. Two years ago, for a small fee, you could have driven across the road, but the conditions gave them no choice than rob the new owner.

The road bed, elevated up by traffic in the past, which probably ceded the flood, gave a car tough going as it flanked behind the low wagon in the three-foot deep section, and appeared on the other side. It was found that very little water would get inside and in most cases the motor stayed dry enough to turn over without trouble. High trucks made the crossing easily.

Government was to subdivisionate to two villages and a number of farms in the area and to see that the people are safe, sheltering from the flood.

A boat ferry service was established to carry those persons who make Two Hills their business centre. One of these persons operated a ferry service across the road to permit them to reach their homes.

By Sunday, observers claimed the waters had dropped several inches and were expected to reach their peak by Monday morning. It is estimated it will take up to two weeks, if the trend continues, before the area can be cleared to normal traffic.

B. Skakun, P. Letourneau Elected Vice-Presidents

Bob Brake Sec., Pesenko Treas.; Tod Paradis Reviews Year's Work

Mr Louis Letourneau moved up a few rungs of the St. Paul Junior Chamber of Commerce and took over leadership of the organization when he was elected president at the annual meeting held in the Legion Hall on Tuesday evening Louis has been an active member for a number of years and during the past term gained valuable experience as second Vice-President.

Five directors were elected, namely Casey Kapersky, Joe Pawlyshyn, Felix Gervais, George Perret and Joe Skaltz.

First order of business on the agenda was a report final Bill Skakun on return from Lamont for the current year Jaycees took in $627.00 — the 15 percent of their share of the gate and had approximately $250.00 expense to operate the rink. $100 of this was given back as a donation to the hockey club Bonnyville, which is followed by Vegreville, Lloydminster, Lamont, Two Hills, Elk Point, Athabasca, Smoky Lake, Redwater, Fort Saskatchewan, Vermilion, Edmonton, Camrose, Mundare, Vegreville, Viking, Wainwright, Provost and Lloydminster.

Bill Skakun, chairman for the concession committee, reported on the profitable year and thanked all those who helped in any way.

Bob Brake, secretary-treasurer, tabled a financial statement showing a balance on hand of $9,325.50 Out of this amount $1,717.77 must be paid for the Jaycee float and $1,000 will be donated to the Bonnyville Hospital. Bob also reported a great deal of work was done by the Jaycees during the past year.

There is a bank balance of $300, as well as an overdraft for $700, placing the Jaycees in the red about $400.00 Severe deficits were suffered, especially in the promotion of bingos, but the coming term promises to be the one in which Jaycees may get square with the world.

PRESIDENT'S REPORT

Mr. Tod Paradis made a complete report reviewing the year's activities. He said the many and small projects which is said were successful, were financed by indirect methods. However, the Jaycees are now in a position to proceed and undertake any projects they desire.

Jaycee accomplishments outlined by Mr Paradis mentioned

(Continued on page 10)

Baseball Under Jurisdiction Of Businessmen

Will Participate In Organized League

The future of Baseball for the coming year was told assured Friday night when a large number of enthusiastic fans met at the Town Hall to give a support and elect an executive of business men to sponsor the game in St Paul

After it was emphatically expressed that a Club is desired in Town Bill Skakun, chairman for the evening, called for nominations of an executive which included Wm Bill Conroy, Dan Camire, Ramon Bedard, J. B. Bellerose, Charles Desjarlais, "Mr" Robert Bessie, Tony Joly, Laurent Richard, Bill Skakun.

In session after the meeting, the executive made its new personnel known with Bill Skakun re-named as manager and chairman, Ramon Bedard, secretary-treasurer, J. B. Bellerose, publicity director, Laurent Richard, assistant manager, Tony Joly, assistant secretary-treasurer.

Joe Bada was named head with Tony Joly as secretary. Managers already appointed by the boys started to get in shape at the school gym, Sunday.

It was unanimously agreed that the St. Paul club will enter competition in the Inter-Alberta League and take part in Cadet tournaments. A schedule of games will be arranged as soon as league meeting is

(Continued on page 10)

Valuable Player Award Release

Ray Bellerive, forward on the Wainwright Commercials, being awarded the most valuable player of the Veteran's Tyke Tournament held in Wainwright, March 30th to April 1st. Ray was one of the most valuable players in the Eastern Alberta Tournament and already signed up by St Paul They both received 10 points.

Included in the award for events Art Clearwater, St. Paul, for sportsmanship and performance in the two games played in the tournament. Art received 10 points. Other awards were Mahra, Lloyd 9; Mike Lamont, Vegreville 1.

Selection of the most valuable players was made by the coaches of each team. Ray, added to puck four men, outside finalist were the referee of the game. Point value four points were awarded for the first choice, three for a second and so on. One club was limited three players, while another only one However, the consensus did not affect the standings of the five Tyke

• • •

Most valuable player on the St Paul Hornets, to receive the award, could not be here owing to ot, but identity held back until official presentation of the cup could be made probably this Saturday as a banquet for the team, sponsored by the Local Chamber of Commerce

Golfers' Meeting Friday, April 27

A meeting of all golfers is called for Friday, April 27, 8:00 p.m. at the Town Hall

All shareholders and prospective members are urged to attend to organize the coming year and decide the future of golf in St. Paul.

There are four holes to complete of the nine, and lots of room and co-operation is necessary a this time.

Toastmistress First Meeting

Eighteen Ladies interested in organizing their speaking ability turned out at the first Toastmistress meeting held last Thursday.

Members were inducted into the art of public speaking with remarks, impromptu, table topics, and election of Table Topics, Mrs. Hodge Business Manager, Mrs. Hallinger, Secretary-Treasurer, conducted the proposal for future meetings and acted as National Manager

Meetings will be held every second Thursday at the Lovsun Cafe.

TOWN CENSUS COMPLETED

The 1956 census of the town of St Paul, recently completed by enumerator Andre Joly records a population of 3,000. The future includes lands to the south and east annexed last month by the Town.

The census population was 2,500 and the municipal district 10 days, including 24 families.

WINS RUG RAFFLED AT "MUSICALE"

Winner of a beautiful Chili Rug raffled by the Ladies' Auxiliary to the Theresa Hospital at the Musicale held last week was Mike Cormeau (Corry) Cormeau.

The rug was drawn by son of her pupils, Miss Michelle Desjarlais, Cormeau now the youngest Star!

NEW SIDEWALKS

Local improvement has taken care of the need for sidewalks in most districts where the majority of ratepayers desired the convenience done petitioned against, but now feel remorse and many of those would like to see sidewalks adorn the approaches to their residence, especially after realizing how convenient it is for the neighbors Proves the point that possibly the best policy for improvements should be finance on general benefit in the interest of all as the Town Council sees fit.

The sidewalks on main street have been built many, many years ago. They are showing signs of decadence and there is no one who will dare contradict that the time to consider building new ones has come.

They have sunken down on their base to become catch basins for water every time it rains gaping cracks threaten to trip pedestrians and are causing serious hazard to the older citizens whose eyesight is not as sharp at discerning those traps.

The Town Council has recognized the need and duress it. Because of financial reasons, the only possible way to bring about construction of new sidewalks is on a local improvement plan Ratification of the plan must necessarily be given by the property owners along main street and a 66 per cent petition in favor required to promote the improvement.

It has been estimated that it will cost between, up to and no more than $10.00 for each lot frontage tax to enable construction of new sidewalks, a standard five to 7 feet Curbs will go on the general benefit

We feel that all the business men along both sides of main street, for their personal interest and that of the shopping public should back up the proposal 100 per cent. As a matter of fact, we should urge and recommend immediate construction.

LICENSES FOR ANGLING

About the time of the year when the smelts break operations the water running into big lakes we feel the urge to mosh off by the quiet of a peaceful brook and angle for an early catch

Before the urge draws you out to the country, let us remind you that this year it is necessary to have a permit to fish or as the regulations put it "Angle"

Fishing licenses for non-residents of other provinces and for local residents in certain trout waters were prepared here-to-fore, but this is the first year permits are required for general angling in Alberta. Just what the purpose behind the new legislation implies, is not clear perhaps it is merely to provide a better check on the number of fishermen and the catch for statistical reasons. The revenue will be incidental. However the fact remains, you must get a permit.

This convenience, allowing fishing in designated areas (see regulations) will cost you $1.00 per person and will be valid from April 1st to March 31st following All fishermen, excepting children under sixteen years of age are required to be licensed

Angling means the taking of fish with hook and line held in hand, or with hook, line and rod, the latter held in hand, but does not include set lines or lines tied to a boat.

"One day" means from one hour before sunrise to two hours after sunset.

No angling permit is valid unless signed by the permittee.

Anglers must carry the permits and produce them at the request of an officer

Prohibitions: — It is unlawful —

1. To use more than one rod and line or one line, and more than three hooks on any line; such hooks shall be a sufficient distance apart to prevent a fish from being hooked on more than one at the same time

2. To trap or snare fry in streams frequented by game fish.

3. To liberate live minnows in waters other than those from which they were taken.

4. To introduce non-indigenous fish alive into any waters.

5. To use spears, snares, lights, luminous bait, firearms, dynamite or other explosive material in killing fish.

6. To use unbridled beaks or gragnels for taking fish.

7. To obstruct any stream frequented by fish by any kind of dam, trap, net or other contrivance.

8. To destroy the fry of any food fishes.

9. To wash any motor vehicle in waters frequented by fish

10 To deposit any meat, house, dead fish or parts of same, or other food for fish, in any water for the purpose of luring fish known as "advance baiting"

For further detailed information, ask for rules and regulations available at any sporting store selling fishing equipment

And lastly in warning, against the strong temptation to scoop fish out of running streams at this time, let nobody get himself caught Game wardens are on the prowl and take a dim view to this method of fishing which every year threatens our necessary destruction and mass slaughter of fish flowing into the larger lakes, where they should be permitted to arrive unmolested for fishing enjoyment later

President E. Locke Gives Reasons For Decision On Lloyd-Veg. Playoff

Vermilion, Alta
April 17, 1955

The Editor,
St. Paul Journal.

Dear Sir:

In reply to a circular letter dated April 7, 1955 received by me from Al Wilmer, sec.-treas of the Lloyd Cheese Hockey Club re the recent Lloydminster-Vegreville Memorial Cup finals wherein I understand has received quite a lot of publicity, at least between Saskatoon and Edmonton, I would like to ad mpd impartial comments

As Vice-President of the Eastern Alberta Hockey League for the past season I have had little knowledge of the operations of the League as the President Dr J E Bradley and the Sec.-Treas James Humphries live at Wainwright About March 20th I received a letter from Mr. Humphries stating that Dr Bradley had resigned his position owing to pressure of business and that he would look to me for further direction in connection with the supervision of the League I duly acknowledged his letter, reluctantly assuming my duties the following Sunday, March 25. To my knowledge the final playoff games between Vegreville and Lloydminster had not been set but during the above interlude the two teams in question must have come to some agreement as to playoff series dates for the first game was played at Lloyd on the Tuesday, March 29th somewhere in me. Vegreville won this game 6-3 and apparently an agreement arose at to the number of games in the series (Vegreville states that they had previously agreed to a 2 out of 3 series and Lloyd deny this so your guess is as good as mine However, I have a clipping out of the paper under a Lloydminster caption which states two out of three)

Consequently the next morning at 8:30 a.m. I received a phone call from Art Denville who I believe is President of the Lloyd Club advising me of the differences the two teams were having and asked me for a ruling.

I advised him that the rules called for 3 2 out of 3 series depending on weather and ice conditions. The day he phoned me the forecast was for 45 degrees above and the Easter weekend coming up, so I told him that at the moment I was in favor of a 2 out of 2 series but that I would get Vegreville's side of the story first and call him back. After talking to two of the Vegreville representatives, Dunphrey and Horton, I was still of the same opinion so I called Art Denville about noon and confirmed my decision. About 3 30 p.m. I had another phone call from Al Wilmer of the Lloyd Club who asked me if I would change my decision and I emphatically and NO!

Subsequently they went to Vegreville and after having their team dressed and on the ice, pulled the team off the ice and refused to play hockey unless the series was changed to 3 out of 5 thereby putting the pressure on the Vegreville executive to phone me to have my decision reversed.

I spoke to the representatives of both teams on the phone and they were speaking to Lloyd asked them why they had gone to Veg if the 3 out of 3 series was not satisfactory? They stated that they understood that the Presidents of the two Clubs contacted each other about 4 on p.m. and decided on a 3 out of 3 series. By this time I had decided that I was just a "goat" and although I had been asked by Lloyd for a ruling it really didn't matter what I said, they were going to do as they pleased, so I asked them who they thought was running the League, the Presidents of the Clubs or myself and consequently stuck to my decision as I neither and laziness of the season and cannot see where it would have imposed a hardship on the Lloyd Cheviots. It is quite possible that in a 3 out of 5 series Lloyd would only have received 60 per cent of a third game at Lloyd in any case.

I trust this explanation will enlighten the few readers who were inclined to criticize the decision of the writer

E. A. Locke, Pres.
Eastern Alberta
Hockey League.

Recently the way was cleared for the use of diflubenzuron to control tock fred. While in use for some time in the UK, stillnetrol has been banned in Canada until officials had satisfied themselves that none of the drug, which is a sex hormone, would show up in the meat of the animals to which it had been fed.

What's on the Air

Confusion Among Communists

Post-Mortem "purge" of Joseph Stalin has caused consternation in communist circles and confusion among communists and anti-communists alike in the world It would, however, be premature to suppose that communist faithful, accustomed to ideological somersaults will be unable to adapt themselves to new party line laid down by Moscow's new ruling clique

Evidence that even dedicated communists are experiencing difficulty in adjusting themselves to makes that Stalin was no saint-at saint, but rather monstrous tyrant, comes from US communist publication, The Daily Worker," which asks, Worst were the powers of Beria-Russia during the Stalin tyranny"

Answer of the press in Western democracies has been pointing out for months, is that Khrushchev, Bulganin, Malenkov, Mikoyan and the rest were partners-in-crime with late liberal dictator, their hands no less stained with the blood of thousands of innocent victims than those of Stalin himself

Decision of Khrushchev and his cronies to demolish cult of Stalin may be regarded as calculated risk, based on Kremlin experts conviction that deified communists image would not in course adjust themselves to new party line, while non-communists might be brought to believe that present Soviet regime was untainted by tyranny and persecution.

Danger that such belief, fostered by wishful thinking, may spread in free world, is very real and potent with danger Question all thoughtful people should ask themselves is whether communist leopard can change his spots.

—The Letter Review

More Spending And Lower Taxes

We have not to hear, writes Brent Hodgins in The Financial Post, of any minister rise in Parliament and remark by way of question Mr Speaker that my budget is lopsided unbalanced and deficitious but what can I do against a country anxious for money it likes it's revenue that is taxed, its taxpayers cursed for more options a still more taxation a lot paying public that already works two days a week for the state without knowing it and seems to be powerless to demands on Government to work still more

And to tell the truth this paragon of taxpayers is glib and, I don't really like the looks of things at all which are largely financing the boom on the cost of our goods by the Americans and, in fact largely by our own

That is not the customary language of Hansard. Yet under present conditions it could be the kind of advice we should not the kind of advice we should demanded in the non-taxpayers.

Canadians Buy Too Much From USA

One of the problems facing those charged with the responsibility of selling Canadian wheat is that Canadians buy too much from the United States and get enough from the overseas to allow the gold count to add Last year imports from the United States amounted for an even larger share of Canada's total than ever before

Canadian imports reached an all-time high of $4,711,700,000 in 1954 about 18 per cent over the previous year Imports from the United States rose 20 per cent in value to $3,452,174,000 accounting for 73.3 per cent of the total Canadian imports compared with 72.3 percent in 1954

Report From Parliament Hill

By J. M. DECHENE

Member of Parliament for Athabasca
Radio address delivered over CKCA on Sunday, April 6th

Ladies and Gentlemen of the Athabasca radio audience, including of course the citizens of the vast constituency of Athabasca, L. J. M. Dechene, have once again the privilege to address a few words from Parliament Hill. Although I have been in public life for more years than I would care to remember or mention, I cannot get rid of the thought that the radio talks which some of us have so little time to prepare are unworthy of the distinguished audience listening to the widest radio station establishment in Edmonton, our old friend CJCA.

When I was advised by the Program Manager of the Radio Bureau, here at Ottawa, that these broadcasts would have to be recorded not later than the 19th of March, it occurred to me that in this recording which was scheduled on Easter Sunday, I could not avoid discussing matters about which you would have heard many days previously. But I finally decided not to miss an opportunity to enjoy again the privilege to sit at your fireside and discuss public matters with you. I accepted the task of recording these thoughts

You have probably read or heard about the debates which took place very recently regarding the sale of wheat, the financing of the sale, and the great surplus of this cereal by the country as a whole. As one of the unions the Wheat Board has met lately in effecting the sale of many millions of bushels of this surplus to several countries, some them isolated the iron curtain. This situation will prove cheerful. I know, to those of us who listened to me from the farming areas of northern Alberta Last Monday when the Minister of Finance again moved for the House to resolve itself into a Committee of Supply, an amendment to this motion was offered by the only Conservative member from Saskatchewan, motion which was in fact moved by one of the CCF members from the same province, a measure providing rebate took place As I stated before, I have been in politics for a long time; from 1921 to 1935, as a member of the Alberta Legislature and, since 1935, as a member of the Parliament of Canada. Well, in all that time, I have discovered that as a man grows older and accumulates experience, he becomes more patient in listening to critics and this enables him not to be resentful of certain unfair and bitter criticism — which would not have been the case many years ago Yet in listening to some of the speeches made during the two days allotted for such debate, the conviction was inescapable that if we had more and indeed a great sport for economy members, to suggest the expenditure of a lot of money which they do not have the responsibility to vote or to assess. A year ago, in one debate on the budget, one member of a party sitting to the left of the Speaker declared that the budget should be reduced by over five hundred million dollars, Strange as it may appear, the same man, a few days later, in discussing some of the Estimates, proposed an expenditure of many amounting to nearly one billion dollars for new projects and for grants or aid to some activities which he claimed required it to carry on. Now and where are you going to reduce expenditures by 500 millions and then provide for funds for an additional one billion dollars — as a mystery to me and many others. A child in the seventh grade of our Alberta schools would immediately realize the impossibility, not to use a harsher word, of such a proposition. We heard much of this in the debate to which I have just referred. One of the amendments proposed to the House was to the effect that we should accept so-called parity prices for the sale of all agricultural products but the proposer did not explain logically what he considered was PARITY It is rather a strange occurrence that this debate and vote on this subject should be a political topic took place on the very day that the US Senate took a vote on the same question, repealing this so-called parity, which had applied in that country for many years—with the result of the accumulation of enormous surpluses of all their farm products, some of which cannot be kept in storage any longer. The losses which the taxpayers of the United States are now bound to sustain will be stupendous

Anyway, as a representative of a constituency largely agricultural, I also hope that it will be possible shortly to place a somewhat more generous floor under the price of livestock. The wheat situation is evidently being solved satisfactorily. The dairy industry enjoys the protection of a floor which dairymen agree is generous enough to allow their industry to carry on with reasonable profits. The my period, the livestock industry, however, has been in one generous support. This matter will undoubtedly be fully discussed when the Standing Committee on Agriculture and Colonization, which has just been set up, begins its sittings after the Easter holidays

At the beginning of my rambling remarks, I referred to the Budget — these talks had to be recorded on the 19th of March—while the Budget, the main event of any session of Parliament will be presented on the 26th. Impossible, therefore, to discuss its provisions and applications to the economy of our great country. I deplore this but I feel safe in stating that as our present Minister of Finance, the Honorable Walter Harris, we have one of the oldest, best informed and hard-working Finance ministers we ever had, not excepting those who had to perform such difficult service during and since the last Great War

Although the national income of Canada has reached the highest level ever, the taxation burden of the people of this country cannot be increased. Yet in spite of the buoyant revenue and a great increase in the national income, as well as definite prospects for the next fiscal years, the demands on the Government are such that I fear we can hardly expect any reduction in our taxes. For instance, the salary raise to the Civil Servants of Canada will require an expenditure of nearly one hundred million dollars. The new agreement with the provinces, which, however, is not satisfied with — evidently, they never will be! — also entails an extra expenditure by the Government of Canada of nearly two hundred million dollars Under the circumstances, although the Honorable Walter Harris will make, I am sure, a fine presentation of the budgetary provisions, we will have to look for another fiscal year for such a reduction — always provided that the international situation does not further deteriorate.

We recently had the visit of the president of Italy, Italy being another country which has become a member of the United Nations Organization, as well as a member of the North Atlantic Treaty Organization. And, a few days ago, I had the great privilege to hear General Gruenther, Supreme Allied Commander of the armed forces of NATO in Europe. He painted a glowing picture of the increasing power of the Atlantic Pact, which was actually born in Canada, when Right Hon. Louis Stephen St-Laurent was Minister of External Affairs. We do not overlook the fact that Western Europe has become the front line defence of North America and that Canada, to live in a world of peace and security — as God ending this that we wish for our friends, may I be excused to repeat the personal wish I have so often uttered in my Home at this same time of the year and which is the present leaders of the Soviet citizens The cost of these defence measures against the fearsome State is, in General Gruenther's human habitation may be hundreds of unmanned micro away Most of the equipment has been transported by air, but construction crews have some of the reconnoiters of the strip As one station Jim Harmon, Vancouver found an Arctic blizzard, where movies are shown twice a week.

Placer... ...ia Provinces

... Agriculture, Ottawa

... commercial fertilizer ... the province are the ... Ammonium Phosphate ... and 16-20-0. ... ammonium sulphate and ammonium chloride. According to F. G. Warder, Swift Current Experimental Farm, Canada Department of Agriculture, the placement of these fertilizers may be an important factor in obtaining the best results.

Grain crops need a good supply of phosphorus early in their growth cycle for greatest yield. As the phosphate moves only a very short distance from where it is placed it is important to apply it close to the seed. Most fertilizer attachments apply fertilizer through the same tube as the seed. This method of applying phosphates is very satisfactory. At least 100 pounds per acre may be applied in this manner without damage to germination of cereal crops.

Nitrogen fertilizers dissolve in the soil moisture and move to the soil as the moisture moves so that placement near the seed is not so important as for the phosphates. High rates of ammonium nitrate or ammonium sulphate may reduce germination if placed with the seed. However, as much as 40 pounds per acre may be safely applied with the seed of grain crops. Where a higher rate is needed, it is safer to apply it at the time of a first field operation or to broadcast either before or after seeding.

Anhydrous ammonia which should be applied at a depth of 4 to 5 inches in moist soil should not be applied within 3 or 4 days of seeding. It may be applied after the crop has emerged but there is then a possibility that some injury to the crop will result from the special application necessary for this type of fertilizer.

Flax germination may be reduced by fertilizer applied with the seed. Therefore not more than 30 pounds per acre of the above mentioned fertilizers should be applied with flax seed.

Fertilizers should not be mixed with the seed or applied with a seeder as conversion of the moisture will result in damage to the seeding mechanism.

Corn Allagold is the earliest variety of corn as it good for the district It is of high quality, has small ears and freezes well.

Tomatoes Early Alberta is an early, a heavy producer. But at present is hard to obtain. It is cross between Golden Bush and Bounty

Cucumbers Straight 8 Early Russian, National Pickling Straight 8 is excellent for slicing for table use. The other 2 are highly recommended for pickling.

As we near the end of April the garden season seems to be coming closer. Many may have ordered seeds already but possibly a number have not.

Choosing suitable varieties of vegetables for the district is of utmost importance in getting a good quality and a high yield. A brief synopsis of some of the best varieties for this district would include the following:

Carrots Canvers, Imperator, Chantenay Nantes. Nantes is a carrot with parallel sides and an abrupt tip, while the others are longer, more tapered vegetables. It is often called the carrot variety.

Beets Early Wonder, Detroit Dark Red The newest variety is Early Wonder, which has proved itself to be successful

Beans Tendergreen. Top crop are also excellent green beans Blue Lake is a fine quality of pole bean. Pencil Pod, Black Wax and Kinney Pod Wonder are good bush beans.

Peas Laxtonian Marvel and Tall Telephone Laxtonian is a very dependable variety which produces a good tray crop It freezes Laxtonian Marvel freezes well but is not as early Tall Telephone is a late tall, could be planted for a late crop in the district.

Fashions

Linen Sheath

By Vera Maxton

Irish linen in a soft tone of gray or nude or tan does up smartly into a striking sheath. A good number from many sources through summer The front is smartly defined with two rows of darts finished with white corners It has a small collar with white cuff and buttons in back for an unhampered front line.

Decrease Shown In Traffic Fatalities For Early Part Of Year

Traffic accidents took 16 lives in Alberta during March, all of which with the exception of two in Edmonton and two in Calgary were at rural points and were reported by the RCMP according to a summary issued by the Alberta Safety Council.

While fatalities during March were four more than in the same month of last year, the total death toll for the three months since January 1 is 94, a decrease of 10 from the comparable period of last year.

The aggregate number of persons injured in traffic accidents for the three months is 788, as against 881 a year ago.

While fatalities and persons injured have decreased in the first quarter of the year the cumulative total of accidents increased from 4,620 to 5,000.

For March alone, Edmonton was the only major city in Alberta which showed an increase in motor accidents, reporting 325 as against a total of 310 in the corresponding month last year.

Calgary on the other hand dropped from 394 to 309, Lethbridge from 51 to 34, and Medicine Hat from 39 to 32. While Jasper Place rose from 13 to 14, other towns reported 20 against 29 a year ago.

The summary reveals that the increase in Edmonton and Jasper Place is the only major rise

Guides Planning Summer Camp

The Guide Company of Elk Point is now planning for camp, their major project during the summer. Any volunteer camp supervisors would be greatly appreciated as camp lasts around ten days, which the Guides need help in every things under control.

Guide Cookie Day will be held on Thursday May 5

NOTICE

The United Church WA sale of home cooking held this Saturday April 30 at Trudeau's Drug Store. Doors open at 10 a.m. Treat for Sunday's dinner for every one.

Local News

Mrs. C. Fisher of Edmonton announced her grandson, Raymond to Elk Point on the bus Saturday night and has been the guest of Mrs. L. Von Arnum while she visits her sons Harold, Don and Paul and their families, in the country via car and rubber tired wagon.

Raymond plans to stay with his parents, Mr and Mrs. Harold Pinder until next Monday, April 25, when he moves to his Maple field in Rochester. North of Edmonton There Ray will have three other pools, Blueberry Ridge, Willow Ridge and Tawatinaw with his main pool being Rochester

Don Darling returned to Edmonton enroute to Uranium City on Monday Spring Park and Lloydburgh are well represented on that northern Saskatchewan town with Calvin Laughlin, Rufus Kepke, Lawrence Swanson and Robert Burns ever employed there

Mr and Mrs. Lester Smith of Duncan Vancouver Island arrived in Edmonton on Sunday where they were met by George Smith and Buster Merle Vallentine, with whom they motored to Elk Point on Monday evening Mr and Mrs. Smith will visit with their family and friends before returning to their home

We are pleased to hear that Mrs D Tyson is now convalescing at home and is home with our province.

Mrs Fred Abe ... is also having a lengthy siege in hospital at the present time.

Several of the school boys are still unable to complete their routes but a number of pupils from the country are staying in

Mrs G Swanson and Mrs Taylor were weekend visitors in the Spring Park district — going as far as Martin Arthur's corner in a car and transferring there to teams for the remainder of the journey

Transportation facilities are improving this week as that district that sligh and transfers aren't necessary before Bill Kellett, Garry Laughi n and Anne Keller are attending school for the remainder of several weeks due first time in several years

Mr and Mrs Harry Prusak and Mrs. Bill Wasnowich motored to Lloydminster Sunday and returned Monday night

Spring could be just around the corner in spite of the new fall of snow we had Tuesday night Harri Newman, Steve Maruyk, Dr Wasgewick and Harry Shandrowski are all driving shiny new cars

Miss Mills and Miss Olson returned to Elk Point last Saturday after visiting in Edmonton They will return to Edmonton this following week for the Graduation Exercises and Dance.

Failure Of Dam On Battle River Will Not Cause Power Shortage

The failure of the dam on the Battle River will not cause a shortage of electric power to Camrose, Phillips' community according to Mr. J C Dale, General Manager of the Area. The total capacity of the plant now under construction eleven miles south-west of Forestburg will not be reduced this year so the escape of some of the cooling water is not considered a major set-back to the power produced It is expected that the erection of a coffer dam will result in the saving of an ample supply of water to allow the plant to operate although not at full capacity.

First signs of a weakness in the dam were noticed on Saturday, April 21st Approximately a quarter escaped through adjacent to a by-pass pipe near the end of the spillway eventually carrying away half of that structure the following day The earthen part of the dam some 1,700 feet in length is still intact A coffer dam would block off a large part of the escaping water and plans repairs to be made

At the time of the failure, the dam was controlling a lake about ten miles long and averaging half a mile in width. Cost of repairs may run up to $250,000

It is fortunate that we plan beyond immediate requirements.

Notice To Creditors And Claimants

In the Estate of Henry Jocums, late of Elk Point, in the Province of Alberta, Retired, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named Henry Jacobson who died on the 25th day of February, A.D. 1956, are required to file with H. B. Hurlburt, Barrister, of Vegreville, Alberta, Solicitor for the Executor by the 31st day of May, A.D. 1956 a full statement duly verified of their claims and of any securities held by them and that after that date the Executor will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 3rd. day of April, A.D. 1956.

H.B.HURLBURT,
Solicitor for Alexander G. Rose, M.D., of Elk Point, Alberta, Executor of the Estate of Henry Jacobson, deceased.

Failure Of Dam On Battle River Will Not Cause Power Shortage

(continued from page 1)

and Mr Dale "Had this been a smaller installation, and the dam built to hold no more than is needed right now, the loss of cooling water might have meant a shortage of power next winter."

Construction work on the seven million dollar plant commenced late June and damage continuing, and the contract anticipates no change in plans for being in production this coming fall. The dam installation is in the charge of consulting engineers and the construction contractor

Stars Fred MacMurray and Charlton Heston

SCIENCE IN YOUR LIFE

Soloman's Dole to Animal Growth

An army, Napoleon declared, marches on its stomach." And, metaphorically, so does the beef on the baker and every one else. The method for increasing consumption of this diet marching on civilization's

... remains has been discovered in recent years, thanks chiefly to scientific research into the products that spur animal growth

One of the most recent advances in industrial weight and growth gains is known how the ... in animals. Discovered in the early 1940's when he doesn't fully understand the number of vitamin B12. Vigofac, a substance ... tracked down by researchers at Pfizer Agricultural Research and Development Center in Terre Haute, Indiana, produces gains greater than any feed supplement now available.

This unidentified growth factor has also a remarkable ability when ... with antibiotics and the tradition growth-promoting preparations. It enables the farmer to bring poultry and animals to market weight faster. Extra low cost is required, savings as far as are substantial.

Vigofac is said to a basal chicken feed ration or aids the bird to market a full week ahead of schedule when in combination with Terramycin, Vigofac increases weight gain even more

Hogs reach 146 pounds on a substantial basal ration such as corn ... given the same ration plus Terramycin, the feeder hits 161. And when the combination is fortified with Vigofac, the same hog's average ... seems to a robust 230 plus. Farmers report that the Terramycin-Vigofac combination cuts market time by 28 days. Four thousand pounds of Vigofac per ton of feed formula will often do the job.

So far the agricultural scientist has been unable to find out exactly how the Vigofac growth factor works. He knows that he succeeds by probing with the hope of uncovering evidence that may lead to even more startling discoveries.

But the farmer looks at it differently. He isn't really concerned whether research can identify the Vigo factor. He sees the results in his barnyard. That's enough for him.

50 ANNIVERSARY YEAR

TO MY COAST OF NEWFOUNDLAND

—Central Press Canadian

The outer vessel, the Nanik, sailing down the slipway at Aberdeen, Scotland, is destined to carry passengers and freight along the Newfoundland coast for the CNS. She is diesel-powered and is 150 feet in length.

FHA Agreement For Machinery

The Elk Point FUA met at the home of L. Babcock on April 13.

Correspondence from the CCUL regarding the arrangement between them and the FUA, was read and approved. Anyone interested in obtaining machinery through this movement, at reasonable savings, may contact local officials and they will forward the particulars to the CCUL head office.

A letter was also read from the Junior FUA about the new ... ing at home and a host with ... or prunch.

Mrs Fred Abe ... is also having a lengthy siege in hospital at the present time.

Several of the school boys are still unable to complete their routes but a number of pupils from the country are staying in

Mrs G Swanson and Mrs Taylor were weekend visitors in the Spring Park district — going as far as Martin Arthur's corner in a car and transferring there to teams for the remainder of the journey

Transportation facilities are improving this week as that district that sligh and transfers aren't necessary before Bill Kellett, Garry Laughi n and Anne Keller are attending school for the remainder of several weeks due first time in several years

Mr and Mrs Harry Prusak and Mrs. Bill Wasnowich motored to Lloydminster Sunday and returned Monday night

Spring could be just around the corner in spite of the new fall of snow we had Tuesday night Harri Newman, Steve Maruyk, Dr Wasgewick and Harry Shandrowski are all driving shiny new cars

Miss Mills and Miss Olson returned to Elk Point last Saturday after visiting in Edmonton They will return to Edmonton this following week for the Graduation Exercises and Dance.

Meet your bank manager...
He's easy to meet—and a good man to talk things over with. Not just because he knows a lot about banking, but because he can be counted on to apply that knowledge and experience to your particular need.
To him banking is more than dollars and cents, more than figures in a ledger. To him, banking is the opportunity to work with people—through bank services to help with your problems, your hopes and plans.
That is what he has been trained to do. That is what he likes to do. You'll find he's a good man to know.

World's Only Eskimo Minister is Anglican

—Central Press Canadian

The world's only ordained Eskimo minister is 75 year-old Rev Peter Umnick, seen here outside the log church on Baffin Island on the 70th parallel village of Pangnirtung, North West Territories. The Anglican minister presides over 350 church-going Eskimos in Canada's far north.

Lack Of Love And Obedience Cause Of Juvenile Delinquency

MONTREAL, Que (CCU) — "Every child needs love and discipline — two things which seem to be conspicuously absent from most modern homes, especially those in which both parents are employed to earn the money needed to pay for the car and TV set," Rev J A Brayley told members of the Canadian Progress Club here.

Father Brayley said these were the cold homes where a child does not feel loved or wanted, and so seeks in the companionship of neighborhood gangs the love and the sense of belonging he should be getting at home.

Chief causes of delinquency listed by Father Brayley included lack of parental training discipline and attention misplaced emphasis on material rather than spiritual security drug-like effect of movies and television

God's laws must be acknowledged. The principles God gave us 2,000 years ago aren't well needed They'll still work when they are practised, when they are taught in the home

Failure To Recognize Hazards Results In Human Fire Losses

Half of the 66 lives lost in fires throughout Alberta last year, occurred in rural areas, according to statistics recently released by Provincial Fire Commissioner A. E. Bridges.

In tabulating the grim figures of fire losses on farms, Mr Bridges stated that 204 fires which consumed $1,068,413 worth of property were a needless waste which could have been prevented had proper precautions been observed.

Failure to recognize common causes of fire and neglecting to remedy fire hazards are among the major factors that cause high property losses on farms," said Mr Bridges, and "A farmer must be his own fire inspector."

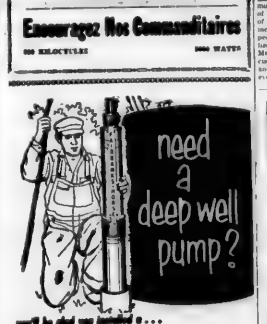
Loss of life could also be prevented on farm property resulted from a few easy rules such as maintaining adequate temperature at the source of origin within a short period of time, stated Mr Bridges. Provincial Fire Commissioner Once people in rural areas fully realize the speed of fire explained Mr Bridges, they can then exercise precautions to prevent fires and prepare escape plans in the event that fires do break out

The major causes of loss of life listed by Mr Bridges are gasoline handled in open or glass containers, kerosene or gasoline misused to quicken or light coal and wood fires careless and thoughtless persons leaving children at home alone and overheated stoves, pipes and chimneys in dwellings

Illustrating the need for a prepared plan in the event of fire Mr Bridges cited the case of a farm family in the area south-west of Edmonton, that was awakened at night by a fire which broke out in their home

Of the 7 members of a family of 6 occupants they became confused and could not find an exit

Pointing out that this tragedy is certainly preventable, Mr Bridges stated that if every farm family would develop an escape plan and practice it with every member taking part, the evil plan would mean survival for over twenty persons each year



you'll be glad you invested in...
FAIRBANKS-MORSE SUBMERSIBLE!
HERE'S WHY . . .
It's economical — in installation — uses only one length of pipe inside casing . . . in operation — because it uses smaller motor, needs less power to operate . . . in maintenance — no rods or chains to replace: no valves to repair; no lubrication trouble because both pump and motor are water cooled and water lubricated
The motor advantage — motor needs priming — 100% quiet cooper coil insull or cement with simple sleep cooler service pipes may be cut in below frost line tank and electric controls may be set over well or away from it.
Performance proved in thousands of installations.
Quality guaranteed by FAIRBANKS-MORSE

Let's Eat

BY
IDA BAILEY ALLEN

"Coffee parties are a favorite way to entertain," said Miss Felix Demarais as we settled down for a good old-fashioned visit.

"I suppose that one of the reasons I enjoy giving them is because they can be so pretty. You can work out a color scheme that can be carried throughout.

Flower Garden

"For example, right now our flower gardens are at their prettiest. Sweet peas, delphinium, larkspur, cornflowers snapdragons, forget-me-nots, lupins, poppies, are all pleasing. With that wonderful array, think of the floral arrangements which can be made! Every season suggests its own color scheme.

"I generally like a yellow and green coffee party.

"After I have decided on the colors, I take the baker samples."

"Sunshine" Is Inspired.

Decorative Cloths

"Of the decorative colors to be used. The baker tries them out enough for my rolls or bread with vegetable coloring to get the samples and bakes it.

"To the glowing yellow and green coffee party seem for 12 guests. Be flowers for the buffet table will be in yellow tones, several varieties, with soft greenery. My linen is yellow napkins green, the dishes and glasses are green. So following is what I've planned."

Flowerpot Cream Cheese Sandwiches

A stuffed olive in the center, cream cheese tinted pale yellow, bread tinted pale green. **Vienna Sausage Cloud Sandwiches**

Vienna sausage blended with mayonnaise.

Open-faced Chicken Salad Sandwiches

Buttered whole bread with minced chicken salad on green lettuce.

Lemon Tea Biscuits

Lemon tea biscuits with mixed hard-cooked egg and olive on green pepper

Iced Coffee Top

Iced Coffee Top with whipped cream or ice cream and serve from a punch bowl

"There's one specialty I always include—cocktail nuts you melt. I use the formula for fruit-cure yam balls or croquettes, but make them smaller size for parties."

Yam Balls

Yam Balls Combine 2½ c mash, hot, mashed cooked or canned yams, 2 tbsp melted butter or margarine, 2 tbsp. orange juice, 1 tsp fine-grated orange rind, 1 well beaten egg, ½ tsp. salt, ¼ tsp pepper and 2 tbsp. fine-chopped pecans Mix thoroughly and roll

For croquettes, shape into balls, using 1 generous tablespoonful each, for cocktail service shape into marble-sized balls, using 1 heaping teaspoonful each

Dust lightly with flour Brush with 1 egg white slightly beaten with 2 tbsp cold water Then roll in fine dry bread crumbs mixed with ½ tsp the quantity of fine-chopped pecans

Fry in deep vegetable fat hot enough to brown a 1" cube of bread in 60 seconds, 370 degrees F Drain on crumpled paper towels.

Hors d'Oeuvre Recipe Sample

Use hot small balls or pies and serve with a grapefruit bowl

Tomorrow's Dinner

Tossed Lettuce-Dandelion Salad
Ham Baked in Milk
Yam Orange Bowls
Hot Cross Buns Vinaigrette
Apple Pie
Coffee Tea Milk

The Chef's Yam Orange Bowls

In a buttered low baking dish, alternate layers of sliced cooked or canned yams and orange sections. Top each layer with 1 tbsp. brown sugar and 1 tbsp. melted butter Bake 30 min. at 325 degrees F.

OU VA L'ARGENT?

Il faut une certaine presque compétence la nécessité de s'organiser sur le certain économique, donc que la Caisse est nécessaire pour actuellement avec expérience chez tout les travailleurs.

Il faut que la Caisse garde cette épargne dans la paroisse pour faire travailler, pour acheter et vendre produit de travail ici-même.

L'argent est produit dans notre paroisse! Qu'il y demeure, et qu'il y travaille!

Une paroisse n'est pas riche seulement de l'argent qu'elle produit, mais de celui qu'elle garde et emploie sur place.

N'oubliez pas ce principe!

LA CAISSE POPULAIRE CATHOLIQUE DE ST. PAUL

The Traffic Safety Lane

By J. W. McKAY
Inspector Highway Traffic Board, Alberta

All concerned driving the open part of a driver only a major fault as his ability to handle and operate a motor vehicle.

This week I want to deal with another phase of driving vision and that is

Night Perception

This phase of a driver's vision is as important as any of them. You are driving down the highway and an unforeseen of any kind and you are suddenly relieved. Then all of a sudden an object appears on the highway ahead of you at quite some distance. The job your eyes have to do is let you know what that object is. Is it a man, a child, an animal, a post of wood in the dead eyesight should tell you by giving a clear three-dimensional picture

1 You should see clearly the entire of the figure. Besides determining whether it is a human being, an animal or a post.

2 You should be able to determine the size of the object, is it a man a child, a large animal or a small animal

3 You should be able to determine with a certain amount of accuracy how fast it from you. The latter part is where vision fails a lot of drivers, they cannot judge distance properly. This is called depth perception or distance judgement.
